Sexual Masochism—Serials
autoerotic asphyxiation; avoidant personality disorder; systematic desensitization; comorbid depression; sexual masochism; asphyxiophilia; hypoxiphilia, 5167
sexual masochist; depression; obsessive fantasies; pain; humiliation; sex; eroticism; seductiveness, 28791
Sexual Orientation [See Also Bisexuality, Heterosexuality, Homosexuality]—Serials
affect; mens relationships; sexual orientation; father; sons; heterosexuality, 19054
American Indians; Alaska Natives; sexual orientation; two-spirit individuals; homosexuality; sociodemographic characteristics; Native Americans; cultural participation; trauma; health; substance use, 31418
anorexia nervosa; gender identity disorder; homosexual orientation; environmental factors; sexual orientation; monozygotic twins; etiologic aspects; body dissatisfaction, 19266
anti-discrimination laws; coalition building; electoral organizing; civil rights law; sexual orientation; gay rights; g-y rights organizations; political coalitions, 28327
antidiscrimination statutes; federal law; social discrimination; sexual orientation discrimination; gays; lesbians; bisexuals; sexual orientation legislation, 28351
aromatase cytochrome P450; male sexual orientation; aromatase enzyme; genetic linkage; genetic expression, 24632
bestiality; zoophilia; crime; paraphilia; love; sexual contact; emotional involvement; zoosexual orientation, 28799
biosocial factors; sexual orientation; neurocognitive functioning; cognitive performance; gender role learning; judgment; verbal fluency; perceptual speed; object location memory; early development, 27515
Caucasian lesbians; career development; sexual identity; sexual orientation; sexual identity, 36270
concerns; HIV-positive people; scale development; psychometrics; factor analysis; heterosexual women; heterosexual men; sexual orientation; coping behavior; diagnosis, 9461
conversion therapy; sexual orientation; gays; lesbians; homosexuals; bisexuals; reorientation treatments; ethics, 5110
depressive symptoms; sexual attraction status; sex; psychosocial adjustment; self-esteem; urbanicity; school belonging; sexual minority adolescents, 25018
development & factor analysis & reliability & discriminant & convergent validity of Attitudes Regarding Bisexuality Scale, heterosexual & bisexual & lesbian & male homosexual 15-61 yr olds, 9359
discourse; section 28 repeal; equality conceptualizations; citizenship; heterosexuality; lesbian citizenship; gay citizenship, 27225
ethnic minority group; gender roles; sexual risk; HIV; Bulgaria; Hungary; social health problems; educational opportunities; discrimination; sexual partnerships; sexual risk behavior, 28173
gay community; heterosexual psychotherapists; lesbian clients, 29253
gay men; bathhouses; sexual activities; sexual relationships; homosexuals; sexual fantasy, 4261
gay men; intimate relationships; sexual encounters; sexual activity; sexual contact; sexual lives, 4277
gay men; lesbians; married heterosexuals; married siblings; civil union couples; non-civil union couples; same-sex couples; openness; sexual orientation; friendship network; division of labor, 25227
gay men; lesbians; married heterosexuals; married siblings; civil union couples; non-civil union couples; same-sex couples; openness; sexual orientation; friendship network; division of labor, 25216
gay men; lesbians; married heterosexuals; married siblings; civil union couples; non-civil union couples; same-sex couples; openness; sexual orientation; friendship network; division of labor, 25224

gay rights; school policy; educational change; sexual orientation; gender identity; gay; lesbian; bisexuals; transgender; Safe Schools Coalition, 36091
 homosexuality; sexual orientation; history; Diagnostic and Statistical Manual, 34566
 implicit measures; explicit measures; sexual orientation; sexual attitudes; ingroup preferences; gay; straight men; beliefs, 22261
 interviews; lesbian; gay; bisexual trainee teachers; sexual orientation; sexual attitudes; sexuality; gender; idealism, 36092
 lesbian; gay youth; safe spaces; homophobia; community-based organizations; sexual orientation; youth development, 10426
 lesbians; gays; bisexuals; youths; ethnic differences; racial differences; coming-out process; sexual identity; sexual identity development; Blacks; Latinos; Whites, 31433
 men reactions; women reactions; man-to-man sexual harassment; victim sexual orientation, 25787
 mid-adulthood; psychosocial issues; gay men; lesbians; self-destructive behaviors; heterosexism; normal adolescence; sexual orientation; Hispanics; African Americans, 28343
 multiple minority status; suicidal thoughts; depression; self-esteem; adolescents; racial and ethnic differences; same-sex-attracted youths; sex differences; mental health, 31208
 normative creativity; cognitive flexibility; nonheterosexuals; sexual identity; bisexual individuals; lesbians; gay individuals, 34553
 oppression; resiliency; post-apartheid; South Africa; male homosexuality; lesbianism; racial differences; ethnic differences; photovoice; self perception, 31426
 perceived sexual orientation; male voices; gay-sounding males; straight sounding males; voice perception; listener groups; phonetic variables, 7338
 prepubertal inhibition; sexual orientation-related differences; human startle response; gender differences; eyeblink startle response; heterosexuals; homosexuals; sensorimotor gating, 660
 public health; US Defense of Marriage Act; lesbian; bisexual women; suicidality; behavioral difficulties; psychiatric treatment; sexual orientation; female relationship status; same-sex marriages, 28350
 race; ethnicity; sexual orientation; sport psychology; exercise psychology; research, 27122
 religiosity; internalized homonegativity; identity development; conversion therapy; sexual orientation; homosexuality, 35426
 same-sex marriage; Christian community; homosexual orientation; lesbian; gay; bisexual; life experiences, 28368
 self-acceptance; self-discovery; sexual orientation; lesbian; gay; bisexual; adults; attachment perspective; parent-child attachment, 1148
 sex hormones; finger length; sexual orientation; spatial ability; status; physical prowess; reproductive success; second to fourth manual digits, 27691
 sex life; eroticism; sexual relationships; sexual attraction; homosexuality; sexual orientation, 4265
 sex; sexual orientation; facial affect identification; facial emotions; gender differences, 21342
 sexual behavior; anal-sadistic prototype; childhood; Christopher Marlowe; Edward II; rebel, 31436
 sexual experiences; sex life; gay men; masseurs; sex exploration, 4269
 sexual identity; sexual desire; alternative lifestyles; expressions of desire; sexuality; language; gender; transgender; lesbian; bisexual; gay, 16221
 sexual orientation; distress; psychotherapy, 20156
 sexual orientation; gay male lecturers; attributional ambiguity; lesbian lecturers; student prejudice, 4264
 sexual orientation; human behavior; adolescent development; mainstream psychology; couple relationships; sexual development; sexual expression, 985
 sexual orientation; international lesbian, gay and bisexual psychiatric movement; psychiatrists; Association of Gay and Lesbian Psychiatrists; World Psychiatric Association, 2662
 sexual orientation; lesbianism; gay; bisexuals; male homosexuality; bisexuality; transgendered; people of color; social discrimination; prejudice; research needs; issues of concern, 31427
 sexual orientation; religious orientation; homosexuality; gay clients; conversion therapy; ethical considerations, 35407
 sexual orientation; school psychologists; attitudes; knowledge level; school psychology; graduate training, 12050
 sexual orientation; sexual attraction; sexual behavior; self-labeling; self-identification; adolescents, 25017
 sexual relationships; married life; homosexuals; gay men; homosexuality, 4266
 sexuality; psychoanalysis; psychoanalytic theory; homosexuality; sexual object choice; sexual development; women; sexual responses; female body; gender identity; sex roles, 1140

sexuality; women; sexual object choice; sexual object expression; sexual orientation; sexual attractions; sexual identity; sexual experiences; culture; history; feminism; sexual desire, 1135
 workplace heterosexism; unsupportive social interactions; adjustment; lesbians; gays; bisexuals, 12319
Sexual Orientation [See Also Bisexuality, Heterosexuality, Homosexuality]—Chapters
 Biological perspectives on sexual orientation, 4281
 Diversity and sexual orientation: Including and valuing sexual minorities in the workplace, 2887
 Finding a sexual identity and community: Therapeutic implications and cultural assumptions in scientific models of coming out, 4299
 Seeing is believing: Research on women's sexual orientation and public policy, 4295
Sexual Partners—Serials
 adolescent dating violence; prevalence; violence prevention programs; research; theory; intervention, 34968
 AIDS prevention efforts; South Africa; townships; business district; commercial sex; sexual partnerships; public sites, 17268
 anal sex; sexual partners; risk behaviors; behavioral intervention, 16214
 casual partnerships; HIV infection; homosexual men; highly active antiretroviral therapy; sexually risky behaviors, 7594
 childhood sexual abuse; number of sexual partners; female US Navy recruits; abuse severity; coping style; sexual functioning; avoidance; strategies; self-destruction; dysfunctional sexual behavior, 1601
 condom acceptability; human males; urban population; sexual risk taking; college students; homosexuals, 25228
 condom use; casual partners; sex acts; unprotected intercourse; sexual encounters; sexual behavior, 11186
 contraceptive use; pregnancy; dual method use; condoms; age differences; intrapersonal factors; relationship characteristics, 25218
 erectile dysfunction; sexual partners; sexual life; Index of Sexual Life (ISL) Questionnaire; sexuality; sexual satisfaction; sexual drive, 26025
 gay men stories; sex preferences; anonymous sex; sexual stories, 4276
 HIV prevention; sexuality; sex partner; sex discussion; sex problems, 26539
 male sex workers; sexual risk behaviors; drug use; HIV risk, 11028
 marriage re-branding; civil partnership; same-sex partnership legislation; human rights activism; feminism, 28344
 multiple sexual partner behavior; adolescent girls; risk behavior; condom use; health behavior; sexually active, 34550
 neighborhood proportion; single-parent families; mother-adolescent relationships; sexual partners, 28265
 new sexual partner; sexually transmitted disease; risk factors; adolescent females, 29020
 physical competition; athletes; sexual partners; phenotypes; fighting ability; competitive sport; educational level; physique, 16211
 quality of sexual life; sexual satisfaction; sexual partner; erectile dysfunction; Index of Sexual Life Questionnaire; validity, 24293
 sexual functioning; middle aged women; partner-related factors; feelings; sexuality; model, 25211
 sexual partners; behavioral risks; sexual contacts; sexual risks; Black men; sexual behavior; HIV risks; AIDS risk; risk assessment, 17243
 sexual partners; health care professionals; heterosexual relationship; sexual risk taking; intimate partner violence; African American; HIV infection; self perception, 26092
 sexual partners; internet sites; Intentional unsafe sex; gay community; hiv epidemic; hiv-positive gay men; barebacking, 11183
 sexual risk behavior; alcohol use; consumption level; partner type; homosexual men; unprotected anal sex; partner type; HIV; AIDS, 34576
 upset; child's partner's infidelities; sexual infidelity; emotional infidelity; evolutionary psychology; sex-differentiated socialization; parents; long-term partner, 31322
Sexual Reassignment [See Sex Change]
Sexual Receptivity (Animal) [See Animal Sexual Receptivity]
Sexual Reproduction [See Also Fertility]—Serials
 anabolic-androgenic steroids; pubertal administration; reproductive behavior; aggressive behavior; male rats; rat model; testosterone; nadrolone; stanozolol; scent-marking; copulation; vocalizations, 719
 children's books; human reproduction; representation; sperm; heteronormativity; social reproduction, 7587
 chimpanzees; Mahale Mountains National Park; demographic data; female life history; female fecundity; female transfer; adolescent infertility; reproductive profiles, 12940
 conspecific sperm precedence; flour beetles; Tribolium; cryptic reproductive isolation; postmating sexual selection; speciation, 21458
 contextual influence; reproductive wellness; health; community-level influences, 11742
 diet salinity; vasopressin; reproduction modulators; desert-dwelling golden spiny mouse; water shortage; reproductive season, 27676
 domestic violence; female reproductive status; male initiated violence; evolutionary perspective, 28800
 energy balance; reproduction; ingestion; hypothalamic-pituitary-gonadal system; metabolic fuels; physiological mechanisms; metabolic sensory stimuli; hormones; neuropeptides; neural pathways, 24621
 evolutionary theory; mate choices; reproductive potential, 34601
 father absence; parental care; female reproductive development; evolutionary life history; parental separation; menarche; sexual behavior; family environment; parental investment; divorce; separation, 4272
 female chacha baboons; fecal cortisol levels; environmental factors; dominance; social rank; agonistic interactions; reproductive state; seasonal factors; fertility, 21801
 female reproductive status; male longtailed macaques; natural conditions, 24583
 female reproductive status; mate choice; hide beetle; dermestes maculatus; chemoreception; copulation behaviors, 27662
 female sexual behavior; pregnancy induction; brain mechanisms; reproductive function; pseudopregnancy; vaginocervical stimulation, 33980
 fertilization cost; multiple mating; benefits; female leaf beetles; natural selection; polyandry; repeated matings; sperm number; fecundity; hatch rate, 512
 gender equality; reproductive health care & self determination; abortion; contraception; sex education; HIV; AIDS; sexually transmitted disease; reproductive rights; women; male centeredness; research, 1151
 genes; genetic standards; biological programming; marriage; divorce; reproduction; offspring; extramarital affairs, 31351
 Indians; gender; procreation; schizophrenic patients; schizophrenia; schizoaffective disorder; fertility; fecundity; India; culture, 25612
 infanticide; reproduction control; cooperative breeders; communal breeders, 24587
 legal implications; adolescent health care decision-making; sex; reproduction; gender; tripartite relationship; children; parents; state; orientation; patient interests; laws; legal system; rights, 32624
 life cycle; sexual reproduction; animals; plants; gametes; zygote; offspring; zoology; botany; sexual selection; sexual conflict; reproductive traits; precyotic stage, 12931
 male white rhinoceros; androgens; environmental factors; reproductive behavior; seasonal trends; endocrine activity; fecal metabolites; androgen metabolites; testosterone concentrations, 15690
 Mans World; Charlotte Haldane; gender roles; female reproduction; caste system; male dominance; motherhood, 21935
 mating bias; offspring fitness; sexual selection; genetic quality; antagonistic genes; reproductive ability; Allonemobius socius, 27647
 mating patterns; female Mediterranean tarantulas; sexual cannibalism; costs; benefits; mating; courtship; mate choice; late-maturation; mating success; aggression, 511
 multiple mating; repeated copulations; male reproductive success; red flour beetles; Tribolium castaneum, 21473
 parental care; reproductive biology; birds; egg hatching, 27682
 parental perceptions; child behavior; conception; assisted reproduction methods; intracytoplasmic sperm injection; behavior problems; emotional stress; physical stress, 19070
 paternity analysis; hexapod; indirect sperm transfer; mating; sexual selection; mate choice; sexual reproduction, 27650
 pheromone perception; mammals; intraspecies interactions; animal reproduction; pheromone receptor gene super-families, 34061
 physiological dependence; copulation; parthenogenetic females; sexual reproduction, 24594
 population growth; carrying capacity; conflict; population growth model; multitrajectory model; reproductive behavior; population behavior, 13282
 primer effects; conspecific odors; house mice; reproductive activities; reproductive organs; neuroendocrinological changes; testosterone; estrogen; prolactin; spermatogenesis; mice, 34110
 rapid temporal change; infanticide; passerine bird; population density; body condition; reproductive strategy; barn swallows, 27665

- reproduction; women; feminist theory; identity; roles; female body; reproductive body; postmodern, 4258
 reproductive activity; reproductive cycle; follicular growth; breeding season; abdominal fat storage; caiman crocodilus fuscus; oviposition; vitellogenic follicles, 3511
 reproductive issues; infant psychology, 31379
 reproductive patterns; testosterone levels; pygmy lorises; gonadal activity; mating behavior; estrogen; social compatibility; estrus; mating season, 6701
 reproductive potential; gestation period; active female; litter; nurse sharks; pregnancy, 3268
 reproductive psychology; infant psychology, 31098
 reproductive success; hatching success; shiny cowbird; parasitized nests; parasite eggs; parasite chicks; egg punctures, 6722
 risky behavior; threespined stickleback; endocrine disrupting chemicals; reproductive traits; birth control pill; post-menopausal hormone replacement therapy, 21811
 schizophrenia; genetics; evolution; sexual selection; mate choice; fitness indicator, 31788
 sexual reproduction; bumblebees; workers; queen production; egg laying; kin selection theory; aggressive behavior; late-switching colonies, 509
 sexual reproduction; sex determination; caenorhabditis elegans; chromosomes; environmental effects, 6829
 social parasitism; male-producing reproductive workers; eusocial insect; extreme cooperation; worker caste; reproduction; eusocial Hymenoptera; male offspring; bumble bee; Bombus terrestris; colonies, 30798
 social work; reproductive rights; family relations; life politics; human agency, 11830
 spacing patterns; stray cats; male reproductive success; promiscuous mating system, 30805
 spatial ability; sex differences; mating-oriented male competition; mating; female survival safeguarding; nearby spatial cues; evolutionary models, 15181
 sperm investment; alternative mating tactics; male bluegill sunfish; parental tactics; sneaker tactics; satellite tactics; sperm investment patterns; sperm competition; fertilization success, 3526
 worker reproduction; sexual reproduction; mating behavior; myrmicine ants; attack behavior; worker policing behavior; oviposition; social structure; genetic structure, 502
- Sexual Reproduction [See Also Fertility]—Chapters**
 Circannual rhythms and photoperiodism, 665
 Healthy sexuality for all: The role of psychology, 20447
 The lives of hunter-gatherer children: Effects of parental behavior and parental reproductive strategy, 4250
 The optimal number of fathers: Evolution, demography, and history in the shaping of female mate preferences, 22264
- Sexual Risk Taking—Serials**
 adolescent sexual risk taking; self regulation; attraction to risk; adolescent development; risk proneness; sexual behaviors; choices; peer pressure, 1007
 AIDS prevention efforts: South Africa; townships; business district; commercial sex; sexual partnerships; public sites, 17268
 alcohol use; HIV seropositive gay & bisexual men; sexual risk taking, 32123
 anal intercourse; San Francisco; sexually transmitted disease; nonoxynol-9; HIV; Human Immunodeficiency Virus; MSM; n-9, 16217
 anal intercourse; sexual risk behaviors; trends; sexual history; college women, 16212
 anal sex; sexual partners; risk behaviors; behavioral intervention, 16214
 Asian gay men; sexually transmitted diseases; unprotected anal intercourse; HIV risk, 19869
 Asian men; Pacific Islander men; gay men; HIV risk; racism; homophobia; anti-immigrant discrimination; depressive symptoms; family; friendship networks, 20528
 attachment representations; depressive symptomatology; high-risk sexual behavior; multiple sexual partners; HIV-positive patients, 13889
 casual partnerships; HIV infection; homosexual men; highly active antiretroviral therapy; sexually risky behaviors, 7594
 Chinese college students; student attitudes; condom use; sex; vulnerability; HIV infection; sexually transmitted disease; sexual risk taking, 25230
 Chlamydia Trachomatis; prevalence; multiethnic groups; sexually active adolescent males; pediatric clinics; health maintenance, 29031
 college students; communication-skills training; relationship-specific education; condom use; sexual partners; couples; risk information, 32607
 condom acceptability; human males; urban population; sexual risk taking; college students; homosexuals, 25228
 condom use; casual partners; sex acts; unprotected intercourse; sexual encounters; sexual behaviour, 11186
 condom use; sexually transmitted disease; at risk populations; low income populations; African Americans; preventive behaviors; males; STD clinic, 34545
 drug use; unsafe sexual behavior; interpersonal victimization; alcohol consumption; risk cognitions; aggressive behavior; trauma, 31897
 ethnic minority group; gender roles; sexual risk; HIV; Bulgaria; Hungary; social health problems; educational opportunities; discrimination; sexual partnerships; sexual risk behavior, 28173
 family-related allocentrism; familism; allocentric attitudes; HIV risk behavior; perceived vulnerability; cultural differences, 1150
 female sex workers; HIV-1 infection; sexually transmitted infections; AIDS prevention; antibiotic treatment; sexual risk-taking; condoms; Kenya, 26495
 Five Factor Model of personality; risky sexual behavior; personality traits, 25402
 gay men; Asian men; Pacific Islander men; HIV risk; social discrimination, 20527
 gay men; HIV; high-risk sex; unrealistic optimism; motivation; cognition; gay males; homosexuals, 13891
 gender differences; condom-related behaviors; Mexican adolescents; attitudes; HIV infection; unprotected sex, 28119
 health promotion efforts; unprotected intercourse; sexual behaviors; HIV infection; condom use; substance abuse treatment; risk factors; sexually transmitted diseases, 19637
 health promotion; online HIV intervention; sexual risk; gays; men who have sex with men; chat-room based intervention; HIV prevention, 35704
 high risk sexual behavior; young men who have sex with men; homosexuals; personality variables; unprotected anal sex; decision making; sensation seeking; anxiety; depression; homophobia; substance use, 34542
 highly active antiretroviral therapy; unprotected sexual intercourse; sexual risk behavior; HIV transmission; viral load; HIV serostatus; unsafe sex, 29464
 HIV infection; sexual risk behavior; dyadic trust; sensation seeking; sexual imposition, 32121
 HIV prevalence; risk behaviors; high-risk sexual and injection networks; women injectors who have sex with women; social situations; social networks, 16677
 HIV prevention; heterosexual contacts; risk management; sexual contacts; communication; condom use; sexual risk management; heterosexual relationships, 11178
 HIV prevention; unprotected anal intercourse; sexual risk; communication skills; noninjection drug usage; social norms; individually; men who have sex with men, 16210
 HIV risk behavior; prison inmates; AIDS related attitudes; AIDS education programs, 11968
 HIV risk behaviors; American Indians; Alaska Natives; AIDS spread; surveillance systems monitoring; prevalence, 29041
 HIV risk behaviors; depression; sexually transmitted disease clinic, 26087
 HIV risk behaviors; HIV prevention education; offenders; community supervision; HIV infection; incarcerated populations; knowledge level, 35355
 HIV; HIV optimism; high risk sexual behavior; gay men, 4917
 HIV; HIV optimism; high risk sexual behavior; gay men, 4923
 HIV; HIV risk reduction intervention; outpatient psychiatric care; mental illness; substance use reduction intervention; standard care; sexual risk taking, 16876
 homeless youth; health risks; emotional distress; alcohol use; drug use; risky sex; victimization; risk reduction; prevention, 23468
 homosexual men; internet; HIV infection; personal advertisements; websites; unprotected sex; social learning theory; labeling theory, 26085
 human immunodeficiency virus; HIV; HIV prevention program; parenting programs; adolescent mothers; pregnant minors; Los Angeles County; Latina women; condoms use; intervention; Project CHARM, 23443
 illicit drug use; risky sexual behavior; African Americans; urban adolescents; Puerto Ricans; urban adolescents, 31201
 injecting drug users; condom usage; demographic characteristics; vulnerability perception; sex partners; self-efficacy; response efficacy; social norms; sexual behavior, 14329
 Internet sex networking; same sex partners; Chinese men; risk behaviors; prevalence, 10422
 juvenile detainees; sexual risk behaviors; AIDS risk behaviors; ethnicity; drug risk behaviors, 16220
 male sex workers; sexual risk behaviors; drug use; HIV risk, 11028
 marijuana use; prior incarceration; HIV/AIDS risk behaviors; risk behavior; HIV; AIDS, 32830
 men who have sex with men; HIV infection; risk perception; Vietnam, 20504
 men who have sex with men; sexual behaviors; HIV testing; sexually transmitted infections; Cambodia, 19086
 methadone maintenance programs; HIV risk; injection drug users; drug risk; sex risk, 20623
 misperceived risk; urban female adolescents; social factors; psychological factors; sexual risk behavior; risk perception accuracy; risk knowledge; partnership duration; unprotected sex; HIV; AIDS, 992
 nurses knowledge; nurses attitudes; sexual health clinics; post-sexual exposure; HIV infections; exposure prophylaxis, 29907
 personal narrative; brief interventions; behavioral-skills training; slide presentation; behavioral skills; self-efficacy; intentions; HIV/STD risk behavior; safer sex attitudes; college students, 14331
 prevention; sexually transmitted disease; transtheoretical model; sexual disease prevention; pregnancy; HIV; AIDS; unsafe sexual practices, 17232
 psychiatric disorder; substance use disorder; gender; risky sexual behavior; human immunodeficiency virus, 19252
 psychoactive drugs; screening methods; clinical factors; screening tool; public policy; marijuana, 19697
 psychosocial antecedents; injection risk reduction; AIDS risk reduction model; AIDS risk behavior; change behavior; multivariate analysis; opiate-addicted patients in treatment, 35376
 questionnaire order; HIV; STD; risk perceptions; self-reported sexual behavior; protection strategy ratings, 9466
 racial disparities; sexual risk behaviors; drug use; older gay men; bisexual men; heterosexual men; HIV; AIDS; older African-American men, 29050
 rap music videos; African American females; African American adolescents; health risk behaviors; sexually transmitted diseases; HIV prevention program, 14349
 rape; women; sexual health risk behaviors, 10887
 risk perception; HIV infection; sexual behavior; behavioral change; AIDS; risky sexual behavior; sociodemographic factors, 13378
 risky sexual behaviour; Big Five; personality traits; sexual promiscuity; relationship infidelity, 31601
 safe sex; gay men; sexual health; environmental influences; risky sexual behavior, 26542
 self-efficacy; HIV-related injection; sex risk behaviors; drug injectors; crack smokers, 23439
 sex risk; drug use; psychosocial intervention; HIV prevention; sexual risk behavior; effective intervention methods; study review; theory use, 11683
 sex; perceptions of attractiveness; sensation seeking; sexually transmitted diseases, 25229
 sexual behavior assessment; sexual risk behavior; self-report accuracy; computer assisted assessment; methodological issues, 286
 sexual behavior; decision-making; sexual risk taking; adolescent attitude; peer pressure; trust, 28137
 sexual behavior; risk factors; bisexuals; male homosexuality; sexual risk taking; Latino men, 25206
 sexual behavior; secondary school students; HIV; AIDS; AIDS prevention messages; sexual risk behaviors, 32576
 sexual behaviours; drug-using men; substance use; risky sex practices; HIV prevention; men who have sex with men, 25897
 sexual partners; behavioral risks; sexual contacts; sexual risks; Black men; sexual behavior; HIV risks; AIDS risk; risk assessment, 17243
 sexual partners; health care professionals; heterosexual relationship; sexual risk taking; intimate partner violence; African American; HIV infection; self perception, 26092
 sexual partners; internet sites; Intentional unsafe sex; gay community; hiv epidemic; hiv-positive gay men; barebacking, 11183
 sexual risk attitudes; youth intentions; family interaction; parent-teen prevention program; HIV; adolescent pregnancy; parental disapproval, 35687
 sexual risk behavior; alcohol use; consumption level; partner type; homosexual men; unprotected anal sex; partner type; HIV; AIDS, 34576
 sexual risk behavior; heterosexual methamphetamine users; HIV-negative, 26511
 sexual risk behavior; HIV infection; Nakhonsawan; Thailand, 4268
 sexual risk behavior; research methodology; item content; scaling; data analysis; frequency measures; count data; relative frequency measures; HIV risk behavior; score covariance, 285
 sexual risk behavior; unprotected anal intercourse; HIV related risk; increasing risk; new generation; older generation; HIV incidence; HIV serostatus; younger MSM; older MSM, 16209
 sexual risk behaviors; intravenous drug; behavioral risk factors; sexual partners; HIV transmission; trucking industry; STD; condom use; sexually transmitted diseases; truck drivers, 22863
 sexual risk behaviour; AIDS prevention programmes; television series; condom use, 11737
 sexual risk taking; gay men; Asian men; Caucasian men; individualism-collectivism; self-efficacy; social cognition, 20514

Volume 91 SUBJECT INDEX

Sexual Risk Taking—Serials

sexual risk taking; HIV; vulnerability prediction; Adolescent Risk-Taking Questionnaire; test reliability; test validity, 24177

sexual risk; reduction interventions; adolescents development; developmental appropriateness; sexual risk outcomes; rationale, 25050

sexually transmitted infections; sexual behavior; commercial sex workers; risk factors; sexual risk taking; prevalence, 17270

social meanings; gay men experience; unprotected anal intercourse; barebacking; safe sex; sexual risk taking, 34565

social oppression; psychological distress; sexual risk model; risky sexual behavior; Latino gay men; health disparities; HIV risk; homophobia; racism; poverty; discrimination; abuse, 31425

Social Sexual Awareness Scale; test development; test validation; high risk sexual behavior; sexual consent; intellectual functioning; adaptive functioning; mental retardation, 24165

sociocultural factors; behavioral factors; sexual health; sexual identity; HIV risk; HIV-seropositive; African American men; Latino men; men who have sex with men; abuse history; psychosocial issues, 31438

stigma; rural men; risky sexual behavior; HIV; rural areas; family members; health care professionals; gays, 34561

student attitudes; condom usage; sexual behavior; safer sexual practices; HIV; AIDS; celibacy; monogamy; free experimentation; health education, 26538

substance abuse; Human Immunodeficiency Virus; bisexual men; gay men; club drug use; unsafe sex, 28862

Sydney gay community; unprotected anal intercourse; gay men; sexual practice, 19089

unprotected sex; HIV epidemic; gay males; sexual risk; risk perception; HIV knowledge; condom knowledge; prevention services utilization; China, 20502

women sports involvement; sexual-risk-taking behavior; reproductive health-seeking behavior; sexual behavior; health behavior, 34344

young women; sexual risk behavior; intergenerational family relations, 22103

Sexual Risk Taking—Chapters

Alcohol myopia and condom use: Can alcohol intoxication be associated with more prudent behavior?, 16311

Child sexual abuse and alcohol use among women: Setting the stage for risky sexual behavior, 1640

Help-seeking and risk-taking behavior among Black street youth: Implications for HIV/AIDS prevention and social policy, 5516

The link between child sexual abuse and risky sexual behavior: The role of dissociative tendencies, information-processing effects, and consensual sex decision mechanisms, 1641

Sexual activity among teenagers in the United States, 22109

Sexual Sadism—Serials

erotic violence syndrome; right temporal lobe profusion deficit; psychopath; violent recidivism; sexual sadism; male rapists, 34985

sexual behavior; anal-sadistic prototype; childhood; Christopher Marlowe; Edward II; rebel, 31436

sexual sadism; sexual offenders; diagnosis, 34991

Sexual Satisfaction—Serials

erectile dysfunction; sexual partners; sexual life; Index of Sexual Life (ISL) Questionnaire; sexual satisfaction; sexual drive, 26025

gay bar; homosexual life; gay mutual sharing; leather scene; gay guys; gay dance parties, 4262

quality of sexual life; sexual satisfaction; sexual partner; erectile dysfunction; Index of Sexual Life Questionnaire; validity, 24293

sexual satisfaction; health outcomes; marital status; moderate to severe disability; progression of disability; older women, 4530

sexual satisfaction; physical affection; women sexuality; family of origin; partner initiation; partner communication; masturbatory practices; counselor education; counselor training, 25207

Sexuality—Serials

Acquired Immune Deficiency Syndrome campaigns; sexuality; sexual behavior; self-critique; social change; youth; cultural conceptions; morality; gender; Luo; rural Tanzania, 17221

adolescent romantic relations; sexuality; evolutionary perspectives; research; sex differences; behavior; competitiveness; mate selection; pair bonding, 10246

adolescent romantic relations; sexuality; evolutionary perspectives; research; sex differences; behavior; competitiveness; mate selection; pair bonding, 10270

adolescent sexuality; reproductive health; sexual intercourse; sexual initiation; pregnancy; contraception, 31224

adult sexuality; adult development; sexual development, 13388

adult-adolescent sexual relations; adolescent sexual experiences, 10258

African American; male sexualities; homogeneity; developmental change; sexual behaviors, 13382

American psychoanalysis; unconscious psychology; sexuality; psychoanalytic treatment; European counterparts, 22393

attachment dimensions; sexual motives; romantic love; college students, 25226

attitudes toward sexuality; adults with intellectual disability; adult carers; support staff; parents; age; sexual expression, 35119

biologic perspective; erotic development; infants; toddlers; prepubescent children; sexual activity; sexuality; sexual development; well-being; life satisfaction, 31267

children; adolescents; sexual beings; historical overview, 31204

communication; anorgasmia; couple counseling; sexual dysfunctions; heterosexual couples; sexuality; etiology; treatment, 29009

condom availability programs; Massachusetts; high schools; condom use; sexual behavior; adolescents sexual practices; community discussion, 16208

desire; psychoanalysis; gender; Freud; The Three Essays; theories; sexuality; knowledge; masculinity; femininity; anatomy; heterosexuality; social influences; gender relations; ideology; family; mind, 10632

drag queen; femininity; masculinity; heterosexuality; homosexuality; sexual desires; sexuality; personal identities; transgenderism, 34575

drag queens; same sex marriage; Christians; faith; gender identities; sexual identities; sexuality; lesbians; gays; bisexuals; transsexuals, 34571

emotional health; adolescent romance; adolescent health; sexuality; lesbians; gays; bisexuals; romantic attraction; relationships; adolescent development; gender differences, 1011

evolution; neurohormonal perspectives; human sexuality; scientific communication, 34560

evolutionary perspective; adolescent sexuality, 31419

Exotica; stripclub dancers; sexual scenario; schoolgirl uniform; psychic trauma; sexual murder; psychoanalytic process; sexuality; Egoan's film, 18823

family communication; sexuality; African American; mothers; daughters; sex education, 35700

female body; female psychology; psychoanalytic theory; sexuality; femininity; feminine body image; female genitalia; female self-concept; object relations; personal meaning; cultural meaning, 1139

female exotic dance; strippers; gender roles; deviant workers; financial gain; exploitation; subject-object tension; discursive relationship; own benefit exchange, 16219

female sexual response; sensuality; sexuality; development; women; therapists; empathic perception; female sexual experiences; femininity; female genitalia; sexual arousal; female gender; female self, 1136

female sexuality; Marie Bonaparte; psychoanalytic theory; fantasy; biology; Freud; psychoanalysis; history of psychology; personal history, 1310

females; age; class; domesticity; femininity; sexuality, 7563

females; clothing choices; sexual motivation; relationship status; hormone levels; estradiol; testosterone, 34603

film; media; misrepresentation; queer; rhetoric; transgender; Boys Don't Cry; gender identity; sexuality, 7593

gay male drag; drag performers; sex gender sexuality systems; femininity; sexuality; drag queens, 34572

gay men; homosexuality; social theory of sexuality; practice-based theory of sexuality; sexual stories, 4274

gender; sexuality; judgement; victim blame; rape myth acceptance; male rape; gay men, 1571

health professional views; sexual discussion with patients, 17488

health promotion; elderly; sexual life; quality of life; aging, 8670

hermeneutic phenomenology; sadomasochistic identities; sexual stories; sexual citizen; sexuality; marginalization; sexual subjectivities; dominance; submission; World Wide Web; site analysis, 28347

heterosexual; homosexual; body dissatisfaction; eating motivations; sexual orientation; eating behaviors; gender; sexuality; body image, 29512

HIV prevention; sexuality; sex partner; sex discussion; sex problems, 26539

homosexual development; childhood; adolescence; sexual identity; models; theories; developmental trajectories; heterosexuality; biology; psychosocial factors; gender differences; sexual orientation, 31253

homosexual experience; gay men; long term relationship; sexuality, 4270

homosexuality; sexuality; Hindu civilization; homosexuality attitudes; psychological literature; psychiatric literature, 2004

human sexuality; romantic relationships; consensuic relationships; phylogenic programming; ontogenic programming; courtship; mating; reciprocity; paraphilia, 10311

ideology; family arrangements; industrialization; family identity; sexuality, 34499

infant simulators; adolescent experience; teenage pregnancy prevention; infant caring; sexuality education programs, 24996

insecure attachment; sexual experiences; college students; sexual behaviors, 25214

Internet sexuality questionnaire; instrument dropout; respondent characteristics; males; females, 12471

Joan Riviere; masquerade; psychoanalytic thought; women; sexuality; psychoanalysis; Sigmund Freud, 31637

legal perspective; sexuality; lesbian; gay; social theories; organization; heteronormativity; workplace, 34569

life experiences; social life; eroticism; ancient Greeks; cultural representation; sexuality, 25217

lifestyle magazines; sexuality management; sexual relations; management discourse; social theory; postmodernization of sexuality, 28364

magic spells; desire; Petalangan people; agency; beauty; love spell; linguistic features; metalinguistic dimensions; language practice; sexuality; desire subject; desire object, 16213

male muse; psychic territory; sexualized death; phallic mourning; masculinity; The Man; racial imagery; heterosexual romance, 31033

masochism; sexuality; non sexual masochism; death drive; sexual drives, 19242

media-use pattern; data collection; sexual health; recruitment; sexuality; young adolescents, 21239

Muslim immigrant girls; communication; education; sexuality; mothers, 35697

Naked Lunch; novels; film adaptation; David Cronenberg; psychoanalysis; sexuality; writing; symbolization; body relation; unconscious mind, 18825

parent-adolescent sexuality communication; mothers; fathers; adolescent girls; adolescent boys; parent influence, 28269

Playboy.com; ethos; sexual identity; online groups; World Wide Web; rhetorical assuagement, 33366

pornography; sexual identities; porn; sexual socialization; sexuality; gender, 34548

psychoanalytic perspectives; women; psychoanalysts; theory of female development; female psychology; female sexuality; research, 7734

psychological research; psychosocial development; sexual minority adolescents; developmental research; sexual development; sexual orientation; contemporary research; sexual identity, 973

psychotherapy; near-death experiences; sexuality; British Journal of Psychotherapy, 29273

romantic love; sexual passionate love; spiritual companionate love; advertising attitudes; pleasure; arousal, 12347

rural communities; sexual violence; sexuality; young people; social work; social workers; Australia, 10255

schizophrenia; sexual relations; sexual arousal; sexual desire; sexual dysfunction; sexual functioning; sexual activities; neuroleptics; masturbation; psychosocial rehabilitation, 5281

senior woman; sexuality; viagra; aging; sexualized masculinity, 34554

sex; gender; identity; history; gender-related conditions; intersex syndromes; attitudes; patient needs; sexual behavior; sexual orientation; sexual profile, 31424

sexual culture; New York City; museum; sexuality, 7590

sexual functioning; middle aged women; partner-related factors; feelings; sexuality; model, 25211

sexual health; health education; moral imperative; public health paradigm; sexual behavior; sexual rights; moral imperative; health promotion, 26543

sexual identities; intimate relationships; social construction; sexuality; romantic love, 25301

sexual identity; sexual desire; alternative lifestyles; expressions of desire; sexuality; language; gender; transgender; lesbian; bisexual; gay, 16221

sexual independence; gender egalitarianism; sexual expectation; feminine sexuality; Goth; Gothic; gender; subculture, 34535

sexual mechanics; sexual hydraulics; erectile dysfunction; sex therapy; humanistic psychology; pharmacological interventions, 20109

sexual misconduct; clergy; spirituality; sexuality; omnipotence; narcissism; Christianity; Catholicism, 25782

Sexual Modes Questionnaire; cognitions; emotions; sexual response; sexual function; sexuality; reliability; validity; measurement, 12467

sexual orientation; life stressors; sexual minority suicidality; adolescent psychology; suicide attempts; males; bisexuals; gay youth, 1615

sexual relationships; Buffy the Vampire Slayer; human sexuality; vampires; sadomasochism; cult tv series, 7579

sexual satisfaction; sexual excitability; sexual experiences; sexual anxiety; curiosity; sensitivity to reward; sensitivity to punishment; media, 10565

sexual spectacle; racial identities; gender meaning; gender boundaries; sexuality; Puerto Rican wannabes; class, 22256

sexual teachings; power transactions; sexuality; misogyny; homophobia, 25129
 sexuality attitudes; trauma impact; pornography; homosexuality; traumatic events, 13379
 sexuality; death instincts; psychoanalytic theory; Freud, 28526
 sexuality; elderly; religion; attitudes, 34394
 sexuality; end of life; nursing education; nurses; sexual relationship; sexual intimacy, 14431
 sexuality; gender; sex; women's studies, 7576
 sexuality; human development; longevity; health improvement; late life; health professionals; mental health professionals, 34391
 sexuality; media; books; television; theatre; films; calendars; video, 7588
 sexuality; psychoanalysis; psychoanalytic theory; homosexuality; sexual object choice; sexual development; women; sexual responses; female body; gender identity; sex roles, 1140
 sexuality; psychoanalytic psychotherapists; clinical experience; attachment; pathological emotional conflict, 28348
 sexuality; sexual lives; public representations; lived experience, 25221
 sexuality; women; sexual object choice; sexual object expression; sexual orientation; sexual attractions; sexual identity; sexual experiences; culture; history; feminism; sexual desire, 11335
 sexuality; World War second; women soldiers; military service; autonomy, 34547
 sociosexual behaviors; genetic mechanisms; human sexuality; neural mechanism; sexual arousal; animal sexual behavior, 7591
 The Aesthetics of Orgasm: sexuality; stage play, 7581
 transgender people; transgender citizenship; equality; feminism; sexuality, 34558
 treatment; sexual issues; sexual development; gender identity; sexual orientation; relationship formation; sexually vulnerable youth; sexual abuse; sexual minority; sexuality; models; theories, 11387
 Vladimir Llych Lenin; sexuality; psychoanalysis; Freudian ideas; psychoanalytic theory; Marxism, 31625
 White drag; gender performance; race; class; sexuality; drag queens; femininity; drag performances, 34564

Sexuality—Chapters

"Before their Time": School age, sexuality, and school-aged mothers, 23927
 Gender and sexuality: Constancy and change, 16104
 Healthy sexuality for all: The role of psychology, 20447
 The sexual impact of menopause, 4908
 Unfamiliar sorts of people: Redefining sexuality, 17021
 What a light it shed: The life of Evelyn Hooker, 5760
 Women and sexually transmitted diseases: A biopsychosocial perspective, 16222
Sexually Transmitted Diseases [See Also Acquired Immune Deficiency Syndrome, Gonorrhea, Herpes Genitalis, Human Immunodeficiency Virus]—Serials
 abused women; pelvic inflammatory disease; risk factors; sexually transmitted diseases; sexual abuse; physical abuse; genitourinary symptomatology, 28543
 abused women; pelvic inflammatory disease; risk factors; sexually transmitted diseases; sexual abuse; physical abuse; genitourinary symptomatology, 28544
 abused women; pelvic inflammatory disease; risk factors; sexually transmitted diseases; sexual abuse; physical abuse; genitourinary symptomatology, 28538
 adolescent reproductive health; Human Immunodeficiency Virus awareness; rural high school students; sexually transmitted diseases; disease transmission knowledge, 35660
 African Americans; men; stigma; sexually transmitted infections; STIs; treatment; South, 35688
 alcohol consumption; sexually transmitted diseases; state level changes; trends; gonorrhea; syphilis; sexual risk taking, 1758
 anal intercourse; San Francisco; sexually transmitted disease; nonoxynol-9; HIV; Human Immunodeficiency Virus; MSM; n-9, 16217
 Asian gay men; sexually transmitted diseases; unprotected anal intercourse; HIV risk, 19869
 cervical cancer; human papillomavirus; biobehavioral factors; psychosocial research; psychosocial issues; primary prevention; public awareness; human papillomavirus infection, 11174
 Chinese college students; student attitudes; condom use; sex; vulnerability; HIV infection; sexually transmitted disease; sexual risk taking, 25230
 Chlamydia Trachomatis; prevalence; multiethnic groups; sexually active adolescent males; pediatric clinics; health maintenance, 29031
 chlamydia trachomatis infection; screening programs; asymptomatic men; infection signs; women; STD; sexually transmitted diseases; prevalence, 4866
 Chlamydia pneumoniae; HIV-associated dementia complex; polymerase chain reaction; PCR; cerebrospinal fluid; CSF; prevalence; antibodies, 16675

college students; family planning; contraceptive methods knowledge; sterilization; birth control pills; condom; birth spacing; sexually transmitted infections; STI; sexual behavior, 4242
 condom use; sexually transmitted disease; at risk populations; low income populations; African Americans; preventive behaviors; males; STD clinic, 34545
 epidemics; sexually transmitted disease; HIV; African Americans; adolescents; risk reduction, 14337
 female sex workers; HIV-1 infection; sexually transmitted infections; AIDS prevention; antibiotic treatment; sexual risk-taking; condoms; Kenya, 26495
 functional theory; sexually transmitted disease testing; college students; students attitude; students guilt; genital herpes; chlamydia; sexually active, 32584
 gonorrhea screening; chlamydia screening; sexually transmitted infection; sexually active women, 32579
 HIV infections; AIDS epidemic; AIDS prevention; sexually transmitted infections; high-risk populations; health care policy, 32603
 HIV infections; AIDS epidemic; sexually transmitted diseases; AIDS prevention; condom use, 32599
 HIV infections; AIDS; epidemiology; heterosexual transmission; condom use; at risk populations; sexually transmitted infections; health education, 32119
 HIV prevalence; perceived risk; knowledge level; sexually transmitted infections; symptoms; risk perception; sexually transmitted disease prevalence, 17245
 HIV prevalence; public health services; HIV infections; sexually transmitted infections, 32580
 HIV risk behaviors; depression; sexually transmitted disease clinic, 26087
 HIV testing; STD testing; prisons; in-prison service providers; prison procedures; health programs; provider knowledge; prevention programs, 11967
 HIV-infected patients; lack of homosexual exposure; heterosexuals; HIV; AIDS; sexually transmitted disease; STD; HIV transmission; Peru, 22866
 HIV; AIDS; sexually transmitted infections, 32124
 lesbian women; interpersonal relationships; social construct; HIV vulnerability; whites; sexually transmitted infection; community membership, 2330
 men who have sex with men; sexual behaviors; HIV testing; sexually transmitted infections; Cambodia, 19086
 new sexual partner; sexually transmitted disease; risk factors; adolescent females, 29020
 parent-child relations; family communication; sexual behavior; teen pregnancy; HIV; sexually transmitted diseases; AIDS; contraception; sexual risk taking; resistance; safe sex; social learning, 22083
 politics; gender; HIV prevention; AIDS awareness; innocence; HIV infection; visual representations; sexually transmitted infections, 35693
 prevention; sexually transmitted disease; transtheoretical model; sexual disease prevention; pregnancy; HIV; AIDS; unsafe sexual practices, 17232
 questionnaire order; HIV; STD; risk perceptions; self-reported sexual behavior; protection strategy ratings, 9466
 relationship violence; HIV prevention; African Americans; Hispanics; women; sexually transmitted diseases; male condoms; female condoms; vaginal spermicide, 26544
 relationship-based prevention program; HIV infection; sexually transmitted disease; heterosexual couples, 17222
 self-help intervention; condom use; young women; HIV risk; sexually transmitted disease, 8690
 sex; perceptions of attractiveness; sensation seeking; sexually transmitted diseases, 25229
 sexual health; reproductive health; traditional health providers; sexually transmitted diseases; pregnancy; formal health providers; informal health providers, 26584
 sexual partners; behavioral risks; sexual contacts; sexual risks; Black men; sexual behavior; HIV risks; AIDS risk; risk assessment, 17243
 sexual risk behavior; unprotected anal intercourse; HIV related risk; increasing risk; new generation; older generation; HIV incidence; HIV serostatus; younger MSM; older MSM, 16209
 sexual risk behaviors; intravenous drug; behavioral risk factors; sexual partners; HIV transmission; trucking industry; STD; condom use; sexually transmitted diseases; truck drivers, 22863
 sexually transmitted diseases; young adults attitudes, 22807
 sexually transmitted infections; international vacation; holiday travel; sexual encounters; travelers at risk; general practitioners; prevention; clinical signs, 35705
 sexually transmitted infections; sex trade workers; perceptions; health knowledge; health attitudes; health behavior, 35708
 sexually transmitted infections; sexual behaviour; commercial sex workers; risk factors; sexual risk taking; prevalence, 17270
 traditional healers; sexually transmitted diseases; disease management, 17107

urethral discharge; men; STD treatment; health care delivery; HIV prevention; social marketing; drug therapy, 17233
 vaginal discharge; sexually transmitted infections; diagnosis; treatment, 35202
Sexually Transmitted Diseases [See Also Acquired Immune Deficiency Syndrome, Gonorrhea, Herpes Genitalis, Human Immunodeficiency Virus]—Chapters
 Women and sexually transmitted diseases: A biopsychosocial perspective, 16222
Shamanism—Serials
 shamanism; expression of psychopathology; Bhutanese refugees, 19348
Shame—Serials
 battered women; shame; phenomenology; partner abuse, 1565
 borderline personality disorder; mental health nursing; shame; diagnosis; historical context; clinical context; social context, 25756
 Chinese managers; American managers; normative conflict; national origin; shame; revenge seeking, 9107
 crew resource management; shame emotions; coping responses; cockpit communications; competence; professionalism; check-ride anxiety; failure, 21024
 empathy; self-absorption paradox; self-rumination; self-rejection; mediators; shame; guilt; empathy, 31576
 female urination; anxiety; shame; guilt; depression; urinary sphincter control; dysuria; interstitial cystitis, 29011
 group therapist; group therapy literature; clinical utility; group process; shame; efficacy; self-esteem; leadership; emotions; narcissism; attention, 11440
 guilt; shame; disobedience; psychoanalysis; psychology; moral judgement, 26320
 humiliation; loss; life events; difficulties; depression; siblings; depressive episodes, 7825
 narcissistic injury; perfectionism; college students; institutional attachment; shame proneness; student adjustment, 26964
 parenting style; child emotionality; child development; shame; girls; adjustment problems, 1001
 psychic trauma; annihilation anxiety; deception; deceit; psychoanalytic theories, 26323
 self-awareness; shame-proneness; shame experience; guilt experience; gender differences; self-conscious emotions, 28448
 shame concepts; Chinese culture; native Chinese; organization of shame terms; embarrassment; morality, 31583
 shame-proneness; achievement behavior; failure effects; performance outcomes; practice effort; anxiety, 13493
 shame; guilt; immunological effects; self-blame; proinflammatory cytokine activity; cortisol; emotions, 15714
 shame; guilt; personality judgment; five factor model of personality, 19158
 shame; negative therapeutic reaction; countertransference feelings; interpersonal relationships; psychotherapy, 16920
 shame; psychiatric symptoms; mental disorders; diagnosis; mental health nursing; mental distress; nurse patient interaction, 26562
 shame; social rank; rumination; depression; submissive behavior; social comparison, 19170
 suppressor situations; mutual suppressors; guilt; shame; aggression; self-esteem; narcissism; antisocial behavior, 34698
Shame—Chapters
 Coaching to evaluate whether an emotion is healthy, 23161
 Lessons about anger and sadness from psychotherapy, 23163
 Parental beliefs about shame and moral socialization in Taiwan, Hong Kong, and the United States, 4417
 Transforming fear and shame in psychotherapy, 23157
Shape Perception [See Form and Shape Perception]
Shared Paranoid Disorder [See Folie à Deux]
Sharing (Social Behavior)—Serials
 car sharing motivation; environmental consequences; transportation problems; urban transportation; metropolitan areas; vehicle sharing; mobility behavior; Car Sharing Portland; commercial car-sharing, 14871
 computer software; executives; advice-sharing networks; work-related advice; advice relationships establishment; advice types; information exchange, 17826
 dream sharing; hunter-gatherer communities; self-system; kairos, 27592
 family physician sharing; family members; family-centered care; patient perspectives; qualitative analysis; pragmatic issues; family medicine, 32554
 group formation; participation; group process; sharing; social work, 20122
 positive event communication; capitalization; interpersonal consequences; positive event coping; partners; marital satisfaction; close relationships; positive emotions; daily events; social bonds, 31477

Sharing (Social Behavior)—Serials

relationship realignment; gift recipients; power of emotions; relationship quality; perceptions; positive and negative emotions, 10506
systematically selected leader; random leaders; information access; leadership selection; group decision quality; information sharing; group leader influence; group decision-making; directive leader, 13431

Sheltered Workshops—Serials

affirmative businesses; sheltered workshops; Voices, Opportunities and Choices Employment Club; VOCEC impact; employment outcome; well being outcome, 17463

Shelters—Serials

adolescent mothers; emotional autonomy; romantic partners; transitional living facility; support networks; attachment, 7439

adult cats; rescue shelters; communal housing; discrete-unit housing; unfamiliar conspecifics; familiar conspecifics; group instability; social grouping, 6725
domestic violence shelters; respite; transition; help-seeking behaviors; returning to abusive partners; mental health, 26655

environmental enrichment; kennelled dogs; animal housing, 27600

foster program; domestic violence; pets safety; child abuse; safehouses; animal abuse; shelter seeking, 33910

homeless individuals; shelter use, 25133

psychosocial effects; political problems; emergency housing; shelterization; homeless; psychosocial impact; resident behavior; methodology; researchers; theory; institutional studies, 1056

regional differences; demographic characteristics; runaway youth; adolescents; high risk characteristics; shelter users; national differences, 10953

spatial representation; shelter location; meerkats; *Suricata suricatta*, 30763

Shelters—Chapters

A model program for African American children in the foster care system, 4248

Shifts (Workday) [See Workday Shifts]

Shock—Serials

dorsal raphe nucleus; fear conditioning; inescapable tailshock; corticotropin-releasing hormone; behavioral consequences; uncontrollable stress, 21781

Ginkgo biloba; corticosterone stress responses; inescapable shock exposure; daily dosage level; active avoidance acquisition; rats, 7227

inescapable shock; rats; escape latency; bed nucleus; stria terminalis; long-duration responses; unpredictable stressors; anxiety-like state; behavioral consequences; fear; chemical lesion; freezing, 18687

social benefits; rule of rescue; avoidable death; identifiable individuals; shock horror response; lifesaving measures; utilitarianism; cost effectiveness analysis, 16294

Shock Therapy [See Also Electroconvulsive Shock Therapy, Insulin Shock Therapy]—Serials

self-injurious behavior inhibiting system; contingent electric shock; conditioned punisher; severe head banging; preschool child, 23178

wave frequency; clinical electric shock; pain sensation; startle response, 21731

Shoplifting—Serials

Shoplifter Theft Offender Program; classroom-based program; adult shoplifters; probation; esteem-building treatment; self-improvement, 26765

shoplifter; status; crime reporting; intervention; criminal behavior, 4753

Shopping—Serials

ambient scent; environmental psychology; retail environment; product quality; consumer emotion; consumer cognition; retail environment; spending behavior; approach behavior; avoidance behavior, 3014

buyer reactions; ethical beliefs; retail environment; shopping emotions; salesperson, 36359

case-based reasoning; intelligent systems; comparative shopping; web service; mobile commerce, 33388

consumer attitudes; online shopping; Internet user concerns; user perceptions, 14843

consumer behavior; buying behavior; technological innovation; internet; retailers; marketing; online shopping, 33339

consumer behavior; Internet; apparel shopping; model, 9199

consumer cognitive categories; environmental cues; consumer reactions; shopping intentions; price fairness; shop interior decoration; lighting; interior color, 3013

consumer patronage; retail environment; consumer lifestyle orientation; belief-attitude-behavior intention model, 36455

consumer preference; physical product inspection; product examination; product descriptions; touch; material products; geometric properties; material properties; packaged goods; shopping environment, 9191

consumer preferences; consumer behavior experiments; primary reinforcement; evolutionary theory; behavioral ecology; operant psychology; preference data, 3032

consumer reaction; retail buyers; buying behavior; products, 36451

consumers' hedonic shopping; entertainment; retailing; shopping motivation; cluster analysis; adult consumers; shopper segments; rating scales; test validity, 232

demographics; motivational factors; consumer Web use; Internet; Web surfing time; product search; online shopping, 20990

hedonic shopping value; consumer reactions; multidimensional cue; Korean students; price cues; clothing; durable goods, 9182

intellectual disabilities; multi-media instruction; grocery item location; reading; target item word, 17755

Internet cigarette purchasing; teen smokers; tobacco use habits, 7411

internet shopping behavior; consumer behavior; computer mediated environments; flow, 36456

internet shopping; consumer behavior, 27165

internet; price-value-loyalty chain; world wide web; WWW; value determination; consumer perception; price factors; nonprice factors; value contribution; online shopping; marketer challenges, 14830

Journal of Business Research; behavioral aspects; pricing aspects; consumer attitudes; consumer behavior, 14829

lean families; overweight families; food consumption; energy content; fat content; supermarket shoppers; food purchased, 14840

mail shoppers; mall owners; shopping value; consumer beliefs; emotions; mall attributes, 36457

neural correlates; shopping decisions; noninvasive brain imaging; supermarket visit; brain activations; height discrimination; silent vocalization; parietal cortex, 20986

online shoppers; online buying behavior; Internet users; information-seeking patterns; attitudinal variables, 20991

online shopping; Alice project; e-commerce; metaphors; ontologies, 9219

online shopping; consumer characteristics & attitudes; market mavenism; time pressure; Internet familiarity; perceived relative advantage & compatibility & complexity & risk; adoption behavior, 12340

patronage preferences; shopping preferences; World Wide Web; online business; U.S. Hispanic market, 33350

scale development; validation; Usability Questionnaire for Online Shops; factor structure; shop response time; shop size; services; product distinctiveness; trust; intention to buy; decision to buy, 6108

shopping behavior; Chile; US; consumer motives; selection criteria; shopping malls; shopping plazas; purchase patterns, 9193

uncertainty avoidance; online information; cross-cultural comparison; significant interaction; cross-cultural research; behavioral changes; decision context; online bidding; auctions; eBay, 4024

Shopping—Chapters

To buy or not to buy? Self-control and self-regulatory failure in purchase behavior, 13724

Shopping Centers—Serials

mall shoppers; mall owners; shopping value; consumer beliefs; emotions; mall attributes, 36457

product group-level price perceptions; overall store price image; price reduction; grocery store; shopping basket size; consumers; pricing strategy, 3016

shopping behavior; Chile; US; consumer motives; selection criteria; shopping malls; shopping plazas; purchase patterns, 9193

tourist use; resident use; shopping space, 12327

Short Term Memory [See Also Iconic Memory]—Serials

192 IgG-saporin; fimbria fornix lesions; sham control surgeries; delayed matching to position tasks; retention intervals; spatial short term memory; cholinergic septo-hippocampal pathways, 21719

abstract rules; applying experience; neural network model; rule-guided behavior; working memory; brain; simulation; neural system identification; rule-selective neurons; connection weight, 24116

acetylcholinesterase inhibitor; EEG; short-term memory performance; cholinergic neurotransmission; rivastigmine; donepezil; Alzheimer patients, 11631

acquisition; short-term retention; compound matching; hue value; peck number value; pigeons, 3474

ADAPT; transcoding numbers; verbal to arabic numerals; memory retrieval; developmental data; mild retardation, 18003

Adjusting-Paced Serial Addition Test; temporal threshold; response correctness index; information processing speed; working memory; problem difficulty; neuropsychological tests; presentation mode, 9452

administration method; reading span test; reading comprehension ability; predictive power; criterion validity; working memory, 24306

adult cognition; processing speed; working memory; episodic memory; cognitive change; aging; individual differences; age-related cognitive function changes, 7463

age differences; switch Costs; task switching; prosaccade; antisaccade tasks; working memory; stimulus-response mappings; task activation; task deactivation; task sets; age, 15936

age differences; working memory; hippocampus; frontal lobe; neural activity; brain activation, 7394

age-related cognitive slowing; spontaneous motor tempo; processing speed; internal timing mechanism; working memory, 30655

age-related deficits; working memory; aging; brain-derived neurotrophic factor; neurotrophin; nerve growth factor; neurodegenerative disorders; hippocampus; frontal cortex; reference memory; female rat, 3605

alcoholic women; psychomotor speed; short-term memory recovery; long term sobriety effects; postural stability; balance; function deficits; motor function; relapse, 29811

Alzheimer's disease; relational integration; executive function; relational complexity; prefrontal cortical dysfunction, 20070

amnesia; short-term memory; long-term memory; episodic long-term memory; semantic long-term memory; encephalopathy, 4975

androgenic metabolites; estrogenic metabolites; dehydroepiandrosterone; cognition; postmenopausal women; short term memory, 23247

aphasia; short term memory span performance; words; numbers; verbal span; nonverbal span; lexical ability; semantic processes; phonological processes, 26151

arithmetic knowledge; brain activation; multiplication problems; working memory, 18564

articulation rate; naming speed; verbal short term memory; phonological awareness; reading development, 13199

articulatory duration; phonological similarity & complexity; verbal working memory; phonological loop model; verbal serial recall; accuracy, 427

attention deficit hyperactivity disorder; methylphenidate; working memory; cognition; visuospatial, 14126

attention switching; mental counting; executive functions; working memory; frontal cortex; event related potentials, 7048

attention-based rehearsal; spatial working memory; fMRI, 27777

attention-deficit hyperactivity disorder; working memory; neuropsychology; borderline personality disorder; frontal lobe, 31661

attentional cueing; spatial working memory; memory task performance; chronic low dose; methylphenyltetrahydropyridine; monkeys, 30969

atypical antipsychotics; cognitive sparing effects; event related potentials; working memory; schizophrenic patients; auditory hallucinations; clozapine; olanzapine, 14173

auditory distraction; irrelevant sound; free recall; working memory capacity; individual differences; immediate recall, 30701

auditory event-related potentials; working memory retrieval; serial position effects, 12912

auditory short-term memory; pure tones; probe recognition paradigm; primacy; recency; suffix effects; serial position; nonverbal sounds, 33868

auditory verbal working memory; nonpsychotic relatives; schizophrenia patients; genetic risk; illness; prefrontal cortex, 19495

blind participants; sighted participants; working memory; memory task; letter recognition; recognition performance, 20081

Block Suppression Test; assessment; reliability; healthy subjects; brain damaged patients; validity; clinical neuropsychology; spatial working memory, 12502

brain activity; childhood developmental trends; white matter maturation; grey matter activity; frontal regions; parietal regions; working memory task; myelination; axon thickness, 10145

brain asymmetry; neonatal novelty exposure; dynamics of turn bias; individual differences; social recognition memory; rats, 9893

brief measure; verbal abilities; short-term verbal memory; memory impairments; memory measure; attention-deficit/hyperactivity disorder, 9427

castration; working memory tasks; scopolamine; mecamlamine; testicular hormones; androgen; testosterone; maze learning; cholinergic interaction, 9758

category-specific modulation; inferior temporal activity; working memory; encoding; memory maintenance; visual memory, 24395

cellular prion protein; physiological functions; antibody; memory retention; locomotor activity; behavioral parameters, 7166

central executive; working memory; inhibition; dual task management; frontal cortex; neuropsychology, 3596

cerebellum; attention; neuropsychological functions; focal cerebellar lesions; divided attention; working memory, 19982

- cholinergic modulation; visual attention; working memory; scopolamine; visual stimulus memory; medial prefrontal cortex; 192-IgG-saporin lesions; intraprefrontal infusions; basal forebrain, 15492
- cholinergic neurons; basal forebrain; neuronal lesions; spatial working memory; cerebellar Purkinje cells, 15595
- circadian fluctuation; human time perception; psychophysiological factors; working memory; body temperature; healthy males, 15185
- cognitive decline; aging; educational level; visual working memory; elderly adults; visual discrimination, 7466
- cognitive experimentation; working memory capacity; WM; graph theory; topology; cortical anatomy; neural representations; coactive chunks; cortex; cortical columns, 15504
- cognitive operations; simultaneous presentation; working memory; dual task practice, 30733
- cognitive performance; cheerful mood; Kava-kava; emotional reactivity; visual attention; short-term memory; recognition, 27946
- cognitive performance; motor performance; Parkinson's disease; associative learning; spatial working memory; visual working memory; L-dopa therapy, 20362
- cognitive processes; working memory; mathematical problem solving; at risk populations; serious math difficulties; age differences; elementary school students, 35113
- cognitive skills; inhibitory control; working memory; physiological functioning; temperament; language; preschool children, 10218
- competition; visual working memory; selective attention, 30575
- computer text type; recall; working memory capacity; traditional text; hypertext; reading time, 3392
- conceptual complexity; conceptualization; multiagent model; learnability; concept learning; working memory, 18340
- conditioned taste aversion; short-term memory; long-term memory; antimetabolite; rats; learning, 6688
- context; verbal short-term memory; contextual information; encoding; storage; stimulus grouping; color, 18397
- cortical regions; computational cognitive neuroscience; memory functions; early memory; hippocampus; prefrontal cortex; posterior cortex; working memory; memory development, 12870
- corticotriental; executive function; prefrontal cortex; reward; working memory, 9894
- counting; resource demand; working memory span; cognitive resources, 18316
- deaf children; phonological coding; reading; spelling; working memory; recall; orthographic awareness; reading level; age, 29203
- diating; working memory; preoccupied cognitions; impaired cognitive function, 24517
- discriminated avoidance learning; passive avoidance; glutamate; beta-hydroxamate; glutamate reuptake; chicks; inhibition of short-term memory formation, 18740
- dorsolateral prefrontal cortex; inferior parietal cortex; working memory capacity; schizophrenia; parametric fMRI study, 25642
- dot arrays interval; visual short-term memory; time window; array integration; temporal window; visual image integration; visual search; probe task; memory, 24501
- Down syndrome; story presentation rates; story recall performance; Down syndrome; working memory; syntax comprehension, 4796
- dual-process theories; mind; working memory capacity; individual differences; attention control; controlled processing; psychology implications; clinical psychology; new areas, 27575
- dual-task interference; encoding processes; retrieval processes; working memory; Alzheimers disease, 20015
- dyscalculia; reading disability; children; working memory; numerical processing, 32023
- dyslexia; central executive; phonological loop; impairments in working memory; adults, 1716
- dyslexic children; working memory functions; writing performance; parallel processes; adaptive processes; reading performance; memory deficit; perception, 1719
- ecstasy; chronic users; cognition; mood; serotonergic system; verbal learning; delayed recall; word recall; cognitive tests; working memory; attention; 3,4-methylene-dioxymethamphetamine, 25895
- egocentric working memory; limbic brain regions; direction cues; J maze; nonmatching-to-turn rule; formix lesions, 30837
- electrophysiological index; event related potentials; working memory load; humans; working memory-specific n-back tasks, 3793
- emotion perception; psychosocial rehabilitation; schizophrenia; psychosocial functioning; social cognition; functional outcome; working memory; affect recognition; work functioning/independent living, 4634
- event related potentials; executive attention; Madrid Card Sorting Test; task switching; working memory, 15061
- event-related potentials; pain; attentional resources; short-term memory, 12913
- executive control; brain systems; neuroimaging; working memory; attentional processes; attentional selection; behavior; language function; verbal goal representations; brain systems interaction, 15286
- executive system; visuo-spatial memory functioning; recall; short-term memory, 307
- extremely low-frequency electromagnetic fields; social recognition memory; male rats, 34095
- eye fixations; young adults; older adults; temporary ambiguities; sentence processing; age differences; working memory, 15962
- facial memory; slow wave amplitude; event-related potentials; facial expression; working memory; brain; mood-congruent memory bias; major depression, 34820
- filled retention interval; articulatory suppression; retroactive effects; short-term memory; irrelevant speech; serial recall, 30732
- fMRI; neural basis; response inhibition; task dependent; working memory; dorsolateral prefrontal cortex; Go/No-go tasks; memory load, 3794
- forgetting; processing-storage relationship; reading span performance; working memory, 27569
- frontoparietal areas; functional connectivity; short term memory; spectral coherence analysis; transfer function; electroencephalographic study, 30836
- frontotemporal dementia; early Alzheimer's disease; FTD; frontal cortex activation; frontal fMRI activation, 1870
- functional circuitry; working memory; prefrontal neurons; dopamine D2 receptor; cognitive processes, 12894
- functional magnetic resonance imaging; striatal contributions; neural circuitry; working memory, 34045
- gender differences; memory test performance; children; adolescents, 7360
- genetics; cognitive processes; distraction; event-related potential; slow wave; working-memory, 34278
- gestures; spatial working memory; speech production; spatial representations; lexical search, 33667
- graphic organizers; delay hypothesis; adjunct displays; testing; encoding; computational efficiency; student learning; working memory; memory traces, 23868
- haloperidol; alcohol; spatial working memory; rats; medial prefrontal cortex; dopaminergic modulation, 3887
- healthy control subjects; objective measurement; cognitive impairment; dependent variables; working memory task; multiple sclerosis; central executive; comparable level; healthy group, 18146
- hippocampal protein synthesis; cAMP-dependent protein kinase; mitogen-activated protein kinase; rats; short term memory; long term memory; inhibitory avoidance task, 34174
- histamine antagonist; clobenpropit; MK-801; spatial memory deficits; maze learning; rats; working memory; reference memory, 30980
- hyperlexic children; orthographic awareness; syntactic processing; working memory; phonemic awareness; academic achievement; oral language skill; word recognition; hyperlexia; orthographic processing, 28938
- iloperidone; clozapine; haloperidol; working memory; rats; delayed non-matching-to-position paradigm; scopolamine; schizophrenia, 3903
- impaired performance; prenatal cocaine exposure; visuospatial working memory; children, 24847
- impulsiveness; executive control; working memory; self-report measures; memory scanning, 31614
- incremental planning; sequence production; music performance; sequence events; encoding; retrieval; short-term memory; errors, 430
- individual differences; fraction skills; mathematical knowledge; conceptual knowledge; simple arithmetic; working memory; on task classroom behavior, 7384
- individual differences; reading comprehension; semantics; memory; sentences, 18928
- individual differences; visual attention tasks; working memory capacity; attention differences, 18314
- inferior prefrontal cortex; native French speakers; verbal working memory; semantic analysis; French nouns; event related potentials; physiological correlates, 3718
- information processing speed; chronic fatigue syndrome; working memory deficits; psychiatric comorbidity; cognitive impairment, 11143
- intellectual disability; phonology; visuospatial memory; visual complexity; memory span; visual processing, 4795
- interference; neuronal circuitries; inhibitory control mechanisms; working memory capacity; item recognition, 9866
- irrelevant sound effect; spatial location; auditory stimuli; serial memory tasks, 30578
- irrelevant speech effect; working memory; positron emission tomography; attentional modulation; phonological processing; human brain; regional cerebral blood flow; PET experiment, 3643
- item information; phonological similarity effect; serial recall; order memory; common phonemes; short term memory; consonants; vowel, 18393
- ketamine administration; brain responses; working memory; verbal memory; psychopharmacology, 24816
- Landau-Kleffner syndrome; aphasia; electrical brain discharges; temporal lobe; sleep; verbal short-term memory impairment; recall; glucose metabolism, 1739
- Landau-Kleffner syndrome; aphasia; phonological short-term memory; lexico-semantic short-term memory, 29146
- language comprehension; working memory; traumatic brain injury; adolescents performance, 29135
- learning deficits; dysfunctional synaptic plasticity; aggregated amyloid deposits; dentate gyrus; long-term potentiation; indomethacin; rats; Alzheimers disease; working memory, 21696
- learning; working memory; induced brain activity; intelligence; event-related desynchronization; EEG, 12914
- lexical processing; verbal short-term memory; verbal learning, 18390
- lexical-semantic retention; speech production; aphasia; phrasal planning; short-term memory; brain damage, 32172
- lobeline; nicotinic ligand; antagonist; radial-arm maze; working memory performance; learning; rats, 743
- local proactive interference; delayed matching to sample; reinforcement; discriminability; working memory, 18466
- locus of age effects; complex span tasks; working memory functions; processing speed; storage capacity; young adults; older adults, 926
- long-term memory; consolidated long-term memory; memory stages; mollusks; consolidation; retention, 9831
- marmoset monkey; computerized tasks; attention; working memory; Cambridge Neuropsychological Test Automated Battery; neuropsychological tests, 21436
- MDMA; brainstem auditory evoked potentials; spatial working memory; tryptophan depletion; serotonin neurotransmission; rhesus monkeys; Ecstasy, 789
- memory development; young children; memory strategies; verbal memory; recall; short term memory; memory capacity; metamemory; utilization deficiency, 24977
- memory function; prenatal alcohol exposure; visuospatial learning; verbal learning; long-term memory; short-term memory, 34186
- memory impairments; memory span; dual task condition; MDMA; ecstasy users; random letter generation; visuospatial processing; working memory; cannabis use, 25914
- memory load; sequential finger movements; ipsilateral activation; movement difficulty; novel sequences; complexity; EEG, 15439
- memory strategy; behavioral performance; mnemonic processes; brain activation; long-term memory; short-term memory, 3713
- mental representation of gesture; hand-waving; visuospatial working memory; verbal working memory, 27447
- methamphetamine; amphetamine; working memory; tolerance; extinction; rats, 3975
- methylphenidate; working memory; pigeons, 18819
- modafinil; chronic schizophrenia; cognitive deficits; cognition set shifting; attentional set shifting, 29394
- moderate hypoglycaemia; working memory; neuropsychological test battery; insulin dependent diabetes; cognitive battery; mental functions, 13862
- multidimensional rules; unidimensional rules; event-related potentials; declarative memory; rule instruction; categorization; physiological correlates, 30716
- multimodality; talker variability; noise; immediate serial recall; audiovisual speech; coding; working memory, 18401
- N-methyl-D-aspartate; metabotropic glutamate receptors; working memory; instrumental learning; motor behaviors; dopamine release; locomotion; stereotypy; rats, 27898
- need probability effects; short-term memory; delayed matching-to-sample; pigeons, 15379
- neural activity; sensory processing; human auditory cortex; visual short-term memory load; sensory processing; irrelevant sounds; task difficulty, 7082
- neural activity; sensory processing; human auditory cortex; visual short-term memory load; sensory processing; irrelevant sounds; task difficulty, 3804
- neural efficiency; event-related desynchronization; intelligence; working memory; short-term memory; central executive, 27737
- neural substrates; concurrent performance; dual working memory; neural network, 27573
- neurobiological basis; memory traces; short-term memory; memory, 21386
- neurological correlates; language; phonological short-term memory; left hemisphere; ischemic lesion, 5062
- NMDA glutamatergic systems; amygdala; piriform cortex; nicotinic effects; memory function, 3940

- NMDA receptor antagonist; ketamine; schizophrenia; working memory; event-related potentials, 1461
noninjection drug abuse; executive function; working memory; HIV infection, 4502
nonverbal working memory deficits; schizophrenia; schizophrenia-spectrum patients; supramodal executive processing deficit, 25632
ovarian hormones; cognition; progesterone supplementation; ovariectomy; hormone replacement therapy; spatial working memory; cognitive enhancing effects; aged female rats, 30961
P300 rebound; short oddball paradigms; attentional salience; habituation; working memory, 30903
pantomimes; gestures; working memory; cognitive models; praxis; cognitive processes; perception, 8210
Parkinson's disease; brain activity; cognitive resources; grammar; information processing speed; IPS; working memory; WM; patients, 16766
PET; working memory; visual attention; divided attention; switching attention; neural basis of behavior; cognition; prefrontal cortex; temporal cortex; cerebellum; visual stimuli, 15476
phonological log; task switching performance; articulatory suppression; cue conditions, 33824
phonological log; working memory; executive components; addition strategies; addition skills; counting; calculation; first grade children, 18934
phonological maintenance; semantic maintenance; phonological information; neural activity regions; word meanings; working memory, 27791
phonological representation; working memory; sentence reading; visual target, 27457
phonological similarity; free recall; serial recall; retention intervals; acoustic confusion effect; verbal short-term memory, 18378
phonological store; working memory; remembered lists; articulatory suppression, 18385
phonological word length; orthographic word length; memory; lists; rapid serial visual presentation; short-term memory; visual orthographic length; serial recall, 24488
physiological reactivity; social support; autonomic reactivity; cortisol reactivity; autonomic responses; children memory, 31174
pictorial short-term memory; pictorial components; conceptual components; pictured scenes; verbal titles; rapid sequencing; picture recognition; decoy pictures; fleeting memory, 21389
prediction; short term memory; long term memory; pain intensity; pain unpleasantness; root canal therapy, 23375
prefrontal cortex activity; working memory; familiarity; long-term memory; recognition; judgment; source monitoring, 30861
prefrontal cortex volume; age differences in working memory; perseverative behavior; cognitive performance; executive functions; neuroanatomical correlates; volume of white matter hyperintensities, 3646
prelimbic cortex; instrumental conditioning; brain lesions; rats; working memory, 6793
preserved spatial memory; brief intervals; age differences; older adults; young adults; location information; working memory task; spatial information, 25104
primary school children; short-term memory; prediction; school achievement; cognitive ability; immigrants, 20842
problem solving; external memory aids; working memory; cognitive processes, 30734
prospective memory; severe closed head injury; working memory; focal cue, 20051
psychometric properties; verbal working memory span; memory measures; reliability; validity, 9368
redintegration; lexicality; children; memory task; rhyme; phonology; complex task demands, 30743
relational complexity; perceptual comparisons; cognitive comparisons; response time; levels of abstraction; relational working memory, 24444
relational information; short term retention; amnesia; eye movements, 13993
response shifting; inhibition; heavy alcohol consumption; chronic alcohol abuse; cognitive deficits; working memory; interference; alcoholic participants; Korsakoff's syndrome, 19665
reverberatory circuit model; self-feedback loop model; short-term memory; central nervous system; memory formation; neural activity; computational model, 3647
salivary cortisol; short term memory; long term memory; emotional faces; stress hormone cortisol; episodic memory; emotional events; stimulation; spatial memory, 27561
schizophrenia; spatial working memory; attentional set-shifting; thought disturbance; social withdrawal; depressed behavior; antisocial behavior; symptomatic syndromes; psychomotor poverty syndrome, 25664
schizophrenia; working memory; central executive impairment; visuospatial deficits; memory subsystems impairment, 25648
script memory; closed-head injury; typical actions; atypical actions; memory tasks, 13881
search strategies; cognitive impairment; spatial working memory; reference memory; TgCRND8 mice; mouse model; Alzheimer's disease, 24616
seizure-resistant rats; seizure-prone rats; learning; reference memory; delayed alternation task; working memory; genetic background; amygdala kindling; original learning, 18646
selective attention; working memory; concept identification; adult age differences; sorting stimuli; abstract cues; interference control; age-related increase; perseverative errors, 18328
semantic fluency; verbal fluency; perseveration; categories; words; letter fluency; working memory; frontal lobe function; memory load, 9630
semantic memory; verbal working memory; event-related brain potential; homographs; comprehension errors; lexical access; lexical selection; lexical integration; language, 24516
sentence comprehension; specific language impairment; phonological working memory; linguistic processing speed, 35161
serial order memory; theories; short-term memory; serial recall performance, 24493
serial order processing deficits; schizophrenia; working memory; spatial ability, 34866
serial position curves; recall; recognition; short-term memory, 3397
short-term memory capacity; infants, 18898
short-term memory; functional magnetic resonance imaging; semantic retention; phonological retention; frontal lobe; parietal lobe, 595
short-term memory; literacy; English; Hungarian; Chinese, 18939
short-term memory; neural substrate; neural activity; active memory; neuron network; cortex; time delay, 15484
short-term memory; Williams syndrome; grammatical development; morphological patterns; mental lexicon; rules, 1726
short-term sentence recall; acoustic-sensory information; conceptual & phonological information; reading silently; reading aloud, 326
social perception; memory capacity; external memory; working memory; memory representations; individual differences; perceptual processes, 28436
spatial location; working memory; selective spatial attention; event-related potentials; orienting attention; perceptual stimuli; neural processes, 6579
spatial memory; sex differences; spatial working memory; route learning; object location memory, 12705
spatial proximity; spatial structure; serial-spatial memory; hierarchical organization; sequence reproduction; chunking, 30707
spatial short-term memory; object location; spatial relocation; spatio-temporal working memory, 439
spatial working memory ability; marker; risk-for-psychosis; cognitive deficit; schizophrenia; onset; ultra-high-risk individuals; negative symptoms, 7918
spatial working memory; dorsal hippocampal subregions; short delay; intermediate delay; neurotoxic lesions; rats; familiarity; novel environments; maze learning, 587
spatial working memory; eye movement; attention shift, 33862
spatial working memory; functional magnetic resonance; schizoaffective disorder; schizophrenia; middle-aged patients; older patients, 25646
spatial working memory; verbal working memory; central executive functioning, 24503
spatial working memory; visual search efficiency; memory load, 27466
spatial working memory; working memory performance; anticholinergic effects; treatment-resistant schizophrenia; neurocognitive effects; risperidone; haloperidol; spatial reference memory, 25656
speaking samples; writing samples; picture description; personal narrative; productivity; efficiency; coherence; mode of expression; task elicitation; cognitive distance; verbal working memory, 7337
speech production; semantic form representations; planning scope; noun phrase production; short-term memory; memory deficits, 19979
spike-driven synaptic dynamics; working memory states; neural networks; neural plasticity; neurons; synapses; spiking neurons; simulation, 18000
stimulus-response translation; manual modality; vocal modality; age-related slowing; working memory functioning, 30710
structured latent curve model; multiple repeated measures; mean matrix; mean response; factor analysis; working memory task; WM task measures, 30524
subdissociative dose; ketamine; working memory; planning; attention; perceptual processing; executive processes; psychopharmacology, 7203
subtraction; reaction times; errors; working memory; problem size; problem solving, 388
systemic lupus erythematosus; working memory impairments; processing speed deficits; multiple sclerosis, 11171
target detection; prefrontal cortex; functional magnetic resonance imaging; brain; response strategy; oddball-related activation; working memory, 9914
task span; task names; stimuli lists; task performance; memory span; executive control; memory storage; task switching; long-term memory; retrieval; working memory, 21337
temporary visuo-spatial storage; short-term visual memory; representational neglect; visuo-spatial transformations; representational unilateral neglect; visuo-spatial working memory, 29107
Test of Everyday Attention; visual selective attention; attentional switching; working memory; nondyslexic learning disability, 19787
theta oscillations; alpha oscillations; memory performance; evoked oscillations; event-related potential; oscillatory phase; P1-N1 complex, 21733
thought disorder; schizophrenia; working memory, 10789
time estimation; central executive functioning; Alzheimer's disease; short-term memory; working memory; attention, 13987
Towers of London; Towers of Hanoi; problem solving; measurement characteristics; executive functioning; short-term memory; shifting task; inhibition, 22027
traumatic brain injury; working memory; frontal lesions; magnetic resonance imaging; children, 20013
trial spacing; classical conditioning; memory priming; appetitive conditioning; conditioned stimulus; reinforced trials; nonreinforced trials; unconditioned stimulus; short-term memory; rats, 27636
Turkish version; Auditory Consonant Trigram Test; working memory; test reliability; test validity; schizophrenia; normative data, 15059
underestimation; time perception; repetitive transcranial magnetic stimulation; right dorsolateral prefrontal cortex; virtual lesion; working memory; rDLPFC; rTMS, 15528
unilateral lesion; substantia nigra pars compacta; working memory impairment; rats; Parkinson's disease; striatal dopamine; methylphenyltetrahydropyridine, 34136
verbal short-term memory; memory performance; vocabulary level; vocabulary acquisition; learning disability; development, 35107
verbal short-term memory; phonological processing; sublexical processing; artificial grammar; incidental learning, 30724
verbal short-term memory; phonological processing; Williams syndrome; neurodevelopmental disorder, 1860
verbal short-term memory; semantic dementia; digit span; word span; immediate serial recall, 20000
verbal short-term memory; speech timing; Down syndrome; Williams syndrome; serial recall; speeded articulation; output processes; rehearsal, 35124
verbal working memory deficits; methylendioxyamphetamine; cognitive functioning; reading span; computation span, 29400
verbal working memory; childhood closed head injury; injury severity groups; complex task performance; school children; cognitive tasks; injury age; time since injury; cognitive tasks; repeated words, 16815
verbal working memory; on-line syntactic processing; self-paced listening, 12577
verbal working memory; spatial working memory; attention deficit hyperactivity disorder; memory impairment; response time; executive function, 25950
visual memory; object memory; scene representation; natural scenes; long-term memory component; visual short-term memory; recency advantage; memory systems; target object; visual form, 21375
visual memory; spatial memory; short term memory; visuospatial short-term memory fractionation; interference; mnemonic resource allocation; task complexity; long term memory, 30722
visual memory; verbal memory; working memory; retention, 27554
visual perception; working memory; neuropsychological performance; borderline personality disorder, 19578
visual search; executive functions; executive processes; working memory, 33794
visual search; visuospatial working memory; spatial information; visual working memory, 27475
visual short-term memory; integrated representation; retrieval context, 33859
visual short-term memory; spatial configuration; orientation memory, 18375
visual short-term memory; visual search; visual marking; memory decay, 9714

visual working memory; computational neurodynamical perspective; neurons; prefrontal cortex; integrate-and-fire network; models; single-neuron & fMRI data; short term memory, 24668

visual working memory; image statistics; luminance alteration; symmetry; isodipole, 27572

visuospatial memory; working memory deficit; visual ability; spatial ability; spina bifida; children, 8275

visuospatial memory; working memory; mental rotation; intelligence; numeracy; early mathematical skills; preschool children, 18925

visuospatial short-term memory; gaze response; infant development, 31167

visuospatial short-term memory; suffix effect; serial recall task; memory, 27558

vocabulary; development of phonological awareness; short-term memory; working memory; young children, 13179

Wechsler Adult Intelligence Scale-III Processing Speed Index scores; traumatic brain injury; working memory; motor speed; perceptual processing, 8263

Wechsler Adult Intelligence Scale; index scores comparison; Type I error rates; Working Memory Index; Processing Speed Index, 33521

word learning; nonword repetition; immediate serial recall; adult development, 908

word length effect; language impairment; serial word recall; children; short term memory effects, 13846

working memory capacity; constant capacity; immediate serial recall task; mental units; chunks; word associations, 33847

working memory capacity; interference; verbal & spatial serial order, 24509

working memory capacity; reading comprehension; reading ability; vocabulary; verbal skills; component skills; time point; structure knowledge, 13167

working memory deficits; decision making impairments; substance dependence, 10968

working memory maps; intelligence; vocabulary; mental rotation; abstract reasoning, 3364

working memory performance; negative emotional content; negative information; working memory tasks; performance, 6622

working memory rehearsal; cerebral activation; multiple sclerosis; functional magnetic resonance imaging; fMRI, 4861

working memory skills; educational attainment; English; mathematics; science; national curriculum assessments; children; age differences, 14662

working memory span; proactive interference; age-related decline; Rasch psychometric model, 900

working memory span; reading ability; cognitive function; strategy training; memory training, 3401

working memory span; situation model processing; comprehension; memory processing; working memory capacity, 24511

working memory spans; time-based resource sharing; adults; attention; memory traces; memory retrieval; item recall maintenance; time allowance; cognitive load; intervening treatment, 12630

working memory; affective priming; divided attention; focused attention; memory load; consciousness, 27516

working memory; aging; self-ordered pointing test; age differences; processing speed; monitoring, 28066

working memory; Broca's area; parietal cortex; language processing; neuroimaging; functional magnetic resonance imaging, 555

working memory; central executive component; impairment; manipulation of information; schizophrenia, 25645

working memory; childhood development; cognitive development; age differences, 13177

working memory; conscious experience; consciousness; Global Workspace theory; cognitive architecture; Intelligent Distribution Agent model, 21361

working memory; Corsi block task; articulatory suppression; matrix tapping; impaired memory performance, 18408

working memory; counting knowledge; mathematical disability; arithmetic development; strategy choice; addition problems; learning disability, 25974

working memory; decision making; somatic markers; executive functions; verbal buffering, 33858

working memory; executive functioning; severe closed-head injury; self-ordered pointing, 4886

working memory; feature binding; schizophrenia, 19428

working memory; functional anatomy; frontal lobes; neuroanatomy; neural networks; cognitive functions; dorsolateral prefrontal cortex neurons; prefrontal subregions; visuospatial information, 18609

working memory; human information storage; modality specific effects; peripheral subsystems; central processing; inhibitory control; verbal memory; visuospatial memory, 6612

working memory; involuntary attention; auditory distraction; event-related brain potentials, 15324

working memory; math achievement; language achievement; literacy; National Curriculum Assessments; preschool students, 20836

working memory; mathematical reasoning; children, 18929

working memory; mental arithmetic; cognitive processes; learning strategies; phonological disruption; visuospatial interference; age differences; children, 18930

working memory; numerical information; mathematical disabilities and ability; cognitive impairment; children, 32026

working memory; oculomotor control; visuospatial working memory; limb movement; eye movement; attention shifts; spatial memory, 432

working memory; parietal activity; prefrontal activity; brain activity, 15558

working memory; perceptual speed mediation; age-associated changes; cognition; education; intellectual engagement, 10173

working memory; phonological ability; visuospatial ability; executive functioning; National Curriculum test scores; primary school students, 20838

working memory; phonological processing; developmental reading disabilities; cognitive processes; visuospatial processing, 28932

working memory; resource demand effects; retention interval; card counting span performance; time limits; cross age consistency, 7397

working memory; selective attention; switching; mental model; anaphor resolution; spatial distance effect; object switch effect; object switch costs; arithmetic, 380

working memory; sign language; speech; language modality, 27567

working memory; span tasks; age differences; forward span; backward span, 28074

working memory; spatial memory; visual memory; object memory; executive function, 18410

working memory; special educational needs; children; general learning difficulties; language problems; literacy problems; attentional problems; behavioral problems, 26996

working memory; test association; Letter-Number Sequencing; Wisconsin Card Sorting; Digit Span Forward; spatial working memory; information sorting; non-sorting tasks; schizophrenia patients, 19476

working memory; thought disorder; schizoaffective disorder; schizophrenia; language production; language fluency; language deficits, 4640

working memory; visual field; visual perception; visual attention; symbolic control; attentional control; symbols; color; competition; object recognition, 315

working memory; visual memory storage; prefrontal cortex; fusiform gyrus; short-term memory; event-related fMRI, 3798

working memory; visuospatial processing; food cravings; dieting, 26530

working memory; vocabulary; arithmetical reasoning; intellectual disabilities, 19795

working memory; writing processes; dual-task technique; memory slave systems; short-term storage; working memory processing; attention; executive function; resource allocation; parallel coordination, 15331

working memory; writing; language skills; spoken language comprehension; phonological memory, 18912

working memory; written sentence generation; grammatical encoding; memory load, 33860

working-memory system; central executive; phonological loop; maintenance processes; inhibition processes; information relevancy; verbal information; frontal lobe; brain damage; Alzheimer's dementia, 8218

Sibling Relations—Serials

adolescent friends; romantic partners; siblings; antisocial lifestyle; boys; delinquency, 4715

child development; adolescent development; sibling relationships, 24901

childrearing practices; toddlers; psychosocial development; cross cultural differences; sibling relations; cooperation; comprehension; individual choice; responsibility; US; Guatemala, 1003

children; personal representations; sibling conflict; sibling disputes; age; self-serving bias; transgressions; justification, 16043

divorce; sibling relationship; parents; resilience, 22212

family members; conflict resolution strategies; parent-child conflict; sibling relationships; family functioning; marital conflict; mothers; fathers; siblings; family relations, 10372

illness experience; intrafamilial communication; psychological integration; narrative; coping with illness; sibling relationship; experience of cancer; psycho-oncological work, 4931

marital satisfaction; parental divorce; sibling support; non-divorced families; sibling relations; divorced families, 31361

parental differential treatment; adult offspring; relationship quality; sibling relations; parent-child relations; perceptions, 4223

peer bullying experiences; bullying; sibling victimization; behavior problems; secondary school children, 25853

perceptions of sibling relationships; parental divorce experienced during childhood; gender; age; sibling dyad; custody arrangement; adult siblings, 10384

psychoanalytic perspective; psychoanalytic developmental processes; sibling relationship, 4496

schizophrenia; siblings; sibling bond; coping patterns; schizophrenia heredity, 28743

self-serving bias; children's reports; sibling conflicts; positive actions; negative actions; attribution; positive actions, 16031

sex differences; avian embryonic period; sibling competition; sexually dimorphic birds; ontogeny; parental favoritism; avian egg protection, 3498

sibling bond; sibling impact; development; pathology; conflict; brother, 5249

sibling conflict; parasitic wasps; animal social behaviors; spiteful behavior; negative relatedness, 33959

sibling coping responses; sibling with disability; sibling illness; family functioning; sibling relations, 18954

sibling dynamics; group psychotherapy; sibling relationships; family systems; group therapy; developmental differences; cultural differences; group process, 8445

sibling relationship; parental separation; adolescent children; adolescent adjustment; parental divorce; day-to-day life, 31364

sibling relationship; psychological adjustment; acute lymphoblastic leukemia; psychosocial intervention; empathy; illness concepts; cancer; acute myelocytic leukemia; non-Hodgkin's lymphoma, 26100

sibling relationships; psychoanalysis; parental deficit, 5252

sibling rivalry; Oedipal rivalry; anxiety; psychoanalysis, 4492

sibling violence; sibling abuse; integrated analytical model; parent-child relations; sibling relationship; social learning theory; feminist theory; conflict theory, 25817

siblings; unsafe sex practices; high school students; safe sex; role of older siblings; self-efficacy; attitudes towards sexual intercourse, 28346

teaching behavior; preschoolers; toddlers; siblings; mediational behaviors; play interaction, 995

Siblings [See Also Multiple Births, Sisters]—Serials

adolescent sibling disability; coping responses; adolescents' perceptions; self-identity; parental support; family stressor; emotional conflicts; family interaction; personal conflict; teenagers, 15914

adolescent sibling violence; college dating violence; parent-to-parent violence; parent-to-child violence, 31887

attention deficit hyperactivity disorder; familial risk; brain morphology; siblings, 13786

bipolar-panic disorder; comorbidity; bipolar disorder families; siblings, 28593

birth-order effect; social learning mechanisms; modeling; opportunity; telescoping; smoking onset; siblings, 10431

brothers; sisters; lesbians; gay men; bisexuals; social change; social issues; sexual orientation; demographic comparison; methodology, 34567

child incest victim; legal decisions; incestuous parent; molestation; sexual abuse; child protection; judicial decisionmaking; at risk siblings; legal presumption of endangerment; offender rebuttal, 27235

close relatives; kin selection; juvenile Atlantic salmon; kin-directed behaviors; resource competition; inclusive fitness; kin association; kin groups; winter refuge; aggregation cost, 3510

cognitive disabilities; independent living; transition process; parents; family; adult life; siblings, 25942

coping responses; chronic illness; daily life stressors; disabled sibling; stressful situations; everyday life, 18953

developmental disability; aging; family member support; sibling support; postparental care; sibling carers; sibling relationship; support network, 28899

divorce; sibling relationship; parents; resilience, 22212

electroencephalography abnormalities; age-matched siblings; autistic children; abnormal sleep patterns; epileptiform activity; autistic spectrum disorder, 22432

exposure to & appraisals of marital conflict; siblings; differences; psychological adjustment; behavioral conduct; experiences; depressed mood; externalizing problems, 1009

familial influences; schizophrenia; course; severity; US & Indian samples; affected sibling pairs; genetic influences, 28695

family functioning; psychological adjustment; healthy school-age sibling; self-perception; asthmatic child; diabetic child, 18957

family socialization; consumer behavior; siblings; parental influence; consumer innovativeness, 33344

family systems theory; mental health counseling; family dynamics; sibling incest, 1581

family time; psychosocial adjustment; adolescent siblings; parents; family work relationship; birth order, 28239

gay men; lesbians; married heterosexuals; married siblings; civil union couples; non-civil union couples; same-sex couples; openness; sexual orientation; friendship network; division of labor, 25216

gay men; lesbians; married heterosexuals; married siblings; civil union couples; non-civil union couples; same-sex couples; openness; sexual orientation; friendship network; division of labor, 25224

gay men; lesbians; married heterosexuals; married siblings; civil union couples; non-civil union couples; same-sex couples; openness; sexual orientation; friendship network; division of labor, 25227

hippocampal deformities; siblings; schizophrenia; genetic vulnerability; genetic markers, 7908

juvenile myoclonic epilepsy; seizures; siblings; myoclonic jerks; valproate, 29100

newborn rabbits; sibling presence; thermal benefits; littermates; thermal efficiency; body temperature, 487

older siblings; parental support; preschoolers counting; middle-income families; mathematical abilities; social support, 22024

ontogenetic isolation; sibling cannibalism; mites; sibling larvae; predation, 30807

personality profile; siblings; autistic children; intellectual level, 16540

prefrontal neurocognitive function; catechol O-methyltransferase genes; healthy individuals; sibling pairs; psychosis; schizophrenia risk, 31782

prepulse facilitation; prepulse inhibition; schizophrenia patients; siblings; sensorimotor gating, 19500

schizophrenia patients; patients siblings; affect perception deficits, 19459

schizophrenia patients; speech; communication disturbances; referential communication; nonschizophrenic siblings; reference failures, 32062

schizophrenia; siblings; sibling bond; coping patterns; schizophrenia heredity, 28743

season of birth; schizophrenia; siblings; risk factor, 10809

sibling coping responses; sibling with disability; sibling illness; family functioning; sibling relations, 18954

sibling death; childhood mourning; pathological grief; emotional development; fear; death anxiety; parental emotional support, 25008

sibling influences; adolescent delinquency; Australian longitudinal study; sibling pairs; sibling delinquency; delinquent behaviour; age differences, 1675

sibling problem behaviors; social skills; parental perceptions; family functioning; sibling functioning; sibling social skills; disabled child; families, 9064

sibling; caregiving; temperament, 25182

siblings; physical activity level; children; adolescents, 18307

SMILES Program; life enhancement skills; mental illness; mentally ill parent; mentally ill sibling; children's knowledge; coping; self-report, 28056

smooth pursuit eye movement; antisaccade deficits; schizophrenia; genes, 16431

social adjustment; emotional adjustment; siblings; autistic children; resilience; genetic liability; environmental factors, 22734

symptom dimensions; depression; familiarity; genes; siblings; factor analysis, 24634

visual functions; schizophrenia; magnocellular; parvocellular; vernier acuity tasks; contrast conditions; retinal receptive fields; cortical integration; vernier threshold; spatial alignment, 28719

visual span; siblings; schizophrenia; neurocognitive deficits; verbal tasks; intelligence; verbal memory; learning, 1508

Siblings [See Also Multiple Births, Sisters]—Books

Siblings: Sex and violence, 10376

Topics in autism: Siblings of children with autism: A guide for families (2nd ed.), 4782

Sick Leave [See Employee Leave Benefits]

Sickle Cell Disease—Serials

daily mood; stress; pain; health care use; work activity; sickle-cell anemia; African American adults; pain-mood cycle; pain-stress cycles; health care contacts; symptoms; negative mood; positive mood, 19858

nutritional intervention; sickle cell disease; appetite; parent perspectives; nutritional status; mealtime behaviors; eating problems, 26054

pain intensity; pain location; pain quality; vaso-occlusive pain; children; adolescents; sickle cell disease; hospitalization, 16606

substance dependence; pain management; sickle cell disease; analgesics use; addiction; substance abuse; patients, 10980

Sickle Cell Disease—Chapters

A study to assess patient satisfaction of transitioning from Medicaid to managed care by sickle cell patients in Hampton Roads, Virginia, 5470

Side Effects (Drug) [See Also Drug Addiction, Drug Dependence, Drug Sensitivity]—Serials

acetylcholinesterase inhibitors; AChE; cholinergic transmission; stimulation; symptomatic improvements; chronic treatment; treatment efficacy; hippocampal muscarinic receptor; mice; Alzheimer disease, 17205

acute psychosis; phenytoin; nonepileptic patient; antiepileptic drug treatment; trigeminal neuralgia, 11647

adjunctive medication; long-acting risperidone; schizophrenic symptoms; comorbid conditions; drug side effects, 17070

adolescent ecstasy users; MDMA; cognitive deficits; divided attention; brain function; hippocampal dysfunction; developmental impact; 3,4-Methylenedioxymethamphetamine; neurotoxic effects, 25884

adolescent schizophrenia; first-episode schizophrenia; effectiveness; safety; tolerability; adolescent-onset schizophrenia, 2240

adverse drug events; appropriate prescribing; compliance; pharmacoepidemiology; psychiatric medications, 5360

aggressive behavior; epilepsy; patients; levetiracetam; add-on therapy; drug therapy; side effects; irritability; aggression symptoms; psychotic symptoms; behavioral tolerability, 2288

akathisia; diagnosis; symptoms; diagnostic criteria; antipsychotic therapy; restlessness; drug side effects, 4518

Alzheimer's Disease; Donepezil; atetosis, 11678

amantadine; perceptual motor learning impairment; side effects; NMDA receptor function, 10049

amisulpride-induced mania; schizophrenia; female patient; drug side effects, 5320

amisulpride; weight gain; atypical antipsychotic drugs; drug side effects; drug therapy, 29352

analgesic effect; tetrahydrocannabinol; morphine; tetrahydrocannabinol morphine combination; pain, 7238

anticholinesterase toxicity; donepezil; antagonism; scopolamine; diisopropyl fluorophosphate; oral anticholinesterase; male rats; cholinesterase inhibitor effects; hypothermia; hypokinesia; diarrhea, 13019

anticonvulsant drug; bone disease; treatment; bone remodeling; osteopenia; osteoporosis, 20465

antidepressant adherence; depressive disorders; side effects; drug tolerability; patient education; patient-physician relationship; controlled-release antidepressants, 11534

antidepressant drugs; antidepressant experiences; meditators; subjective effects, 2147

antidepressant medication; adverse drug reactions; poor metabolizers; antidepressant side effects; fluoxetine; nortriptyline; CYP2D6 genotype; major depression; antidepressants, 14182

antidepressants; pharmacological mechanisms; side effects; serotonin; norepinephrine; dopamine neurotransmission, 5348

antidepressive medication; sexual dysfunction, 11536

antiepileptic drugs; reduced bone mineral density; management, 26477

antipsychotic agents; clozapine; olanzapine; adverse effects; insulin; lipids; triglycerides; C-peptide, 5313

antipsychotic clozapine; clozapine-induced hypersalivation; anticholinergic pirenzepine; side effect; schizophrenia patients, 23295

antipsychotic drugs; physiological processes; neuroleptic drugs; side effects; major depression; neuroleptic dysphoria, 14196

antipsychotic medications; side effects; concerns; psychiatric inpatients; mental health clinicians, 20335

antipsychotic treatment; side effects; antipsychotic drugs; gender differences; drug prescription, 35569

antipsychotics; clinical developments, 20339

antipsychotics; metabolic disturbances; metabolic disturbance management; psychiatry; psychiatric patients, 35517

anxiety; somatic symptoms; treatment-related adverse events; major depressive disorder, 26414

apathy syndrome; selective serotonin reuptake inhibitor; drug therapy; drug side effects; drug dosages, 26339

aripiprazole; drug discrimination; antipsychotic drug; dopamine receptor; 5-HT₂; rats, 21872

aripiprazole; psychosis; antipsychotic drug; dopamine receptor; side effects, 35565

aripiprazole; psychosis; antipsychotic drug; dopamine receptor; side effects, 32467

asterixis; toxic encephalopathy; gabapentin; oxcarbazepine; elderly patients, 11674

attention deficit hyperactivity disorder; drug side effects; methylphenidate; psychotropic drug use; drug-induced plasticity; behavioral effects; human brain development, 8510

atypical antipsychotic drugs; diabetes mellitus; hypertension; obesity; body weight; body mass index, 32476

atypical antipsychotic drugs; weight gain; pathophysiology of weight gain; management of weight gain; schizophrenia, 29308

atypical antipsychotics; acute pancreatitis, 26371

atypical psychotropic medications; adverse effects; side effects; African-Americans; primary care, 23210

behavioral effects; early developmental exposure; methylphenidate; cocaine; rats; drug effects, 7161

benzodiazepine prescription practices; substance abuse; severe mental illness; side effects; treatment compliance, 20302

bipolar disorder; lithium; putative treatments; atypical antipsychotics; mood stabilizers; adverse effects; anti-suicidal properties, 2166

bipolar disorder; mania; elderly patients; pharmacological treatment; maintenance treatment; lithium toxicity; anticonvulsants; antipsychotic agents; benzodiazepines; side effects, 29406

bipolar disorder; mood stabilizers; lithium; mania; valproate; lamotrigine; anticonvulsants; antipsychotics; antidepressants; methodology; side effects, 5283

bipolar disorder; obesity; pharmacotherapy; weight gain; mood disorders, 11509

bipolar schizoaffective disorder; hypomanic episodes; ziprasidone; drug therapy; drug side effects; erectile dysfunction, 17033

bone loss; anticonvulsant therapy; metabolic bone disease; low bone mineral density; hepatic cytochrome enzyme system, 20468

bone mass; antiepileptic drugs; osteoporosis; osteoporotic fractures; bone mineral density; fracture risk; osteopenia; treatment, 20466

botulinum toxin serotype A; botulinum toxin serotype B; efficacy; tolerability; myofascial pain syndrome; pain relief; adverse events, 8627

botulinum toxin; clozapine-induced hypersalivation; social withdrawal; drug side effects, 29344

buprenorphine; drug therapy; drug side effects; heroin addiction; pregnant addicts; drug rehabilitation; detoxification, 32762

bupropion; attention deficit hyperactivity disorder; drug therapy; irritability, fidgety; impulsiveness; aggressive behavior; side effects; abuse potential, 23255

bupropion; sexual dysfunction; fluoxetine; hypersexuality, 5272

cabergoline treatment; risperidone-induced hyperprolactinemia; atypical antipsychotic risperidone; endocrine side effects; sexual side effects; drug tolerance; drug dosage; patient compliance, 20300

cannabis medicinal extracts; neurogenic symptoms; multiple sclerosis; spinal cord injury; phantom limb pain; amputation; analgesia; drug therapy; treatment outcomes; side effects; cannabinoids; THC, 23410

carbamazepine; new-onset epileptic seizures; autism spectrum disorders, 35550

child suicide risk; antidepressants; Food and Drug Administration; drug effects; selective serotonin reuptake inhibitors, 14151

chronic migraine; naratriptan; preventive treatment; refractory to treatments; adverse events; headache frequency; drug tolerance; side effects, 23403

chronic schizophrenia; differential expression; neuroleptic medication; analysis techniques; greatest percentage; community settings; speech disturbance; comparison groups, 7887

chronic treatment; lithium chloride; motor behaviour; mice survival; Huntington's disease mutation; neuroprotective properties; anti-depressive properties; rotarod performance, 3994

citalopram; acute dystonia; selective serotonin reuptake inhibitors; depression; suicidal ideation; marijuana use; alcohol use; extrapyramidal symptoms; side-effects, 11532

clarithromycin; manic episodes; drug side effects; drug therapy; antiomania, 20480

clinical trials; tolerability; ziprasidone; schizophrenia treatment; for movement disorders; metabolic safety profile; weight gain; lipoprotein levels; pharmacokinetics; corrected QT interval, 11477

clonazepam; analgesic drugs; cancer-related neuropathic pain; pain control; opioid therapy; drug side-effects; drug dosages, 14267

clozapine treatment; side effects; dimenhydrinate abuse; schizophrenia patients; anticholinergic properties, 35564

- clozapine; efficacy; schizophrenia; side-effects; treatment resistant, 5290
- clozapine; lupus erythematosus; drug side effects; drug therapy; paranoid-hallucinatory schizophrenia, 20411
- clozapine; manic; topiramate leukopenia; mood stabilizers; mania, 20278
- clozapine; risperidone; olanzapine; quetiapine; diabetes mellitus; atypical antipsychotic drugs, 26434
- clozapine; sialorrhea; sublingual ipratropium spray; drooling, 11488
- cocaine misuse; adverse reactions; frequency; associated factors, 13737
- cognitive side effects; central nervous system; behavioral deficits; antiepileptic drug, 20479
- combined psychopharmacological treatment; psychiatric inpatients; pharmacotherapy; prevalence; risk factors; neuroleptics; depressive disorders; psychotic disorders; treatment resistance; safety, 32471
- complete dopamine receptor occupancy; extrapyramidal side effects; benperidol; paranoid schizophrenia, 11556
- coronary heart disease; psychotic disorder; treatment periods; plasma lipids; antipsychotic drugs; total cholesterol reduction; triglycerides; dyslipidemia; cardiovascular risk; side effects, 8546
- cortical inhibition; transcranial magnetic stimulation; antipsychotic medications, 9972
- CYP2D6 activity; extrapyramidal symptoms; antidepressants; elderly; side effects, 11489
- cytochrome; antipsychotic treatment; tardive dyskinesia; genetic polymorphism; schizophrenic patients; disease severity, 26389
- depression; mood stabilization; clinical management; bipolar disorder; lamotrigine; antidepressants; antipsychotics; side effects; mania, 26345
- depressive disorders; selective serotonin reuptake inhibitor; suicide risk, 26374
- depressive disorders; selective serotonin reuptake inhibitor; suicide risk, 26348
- depressive disorders; selective serotonin reuptake inhibitor; suicide risk; suicide attempts; non-SSRI antidepressants, 26375
- depressive disorders; selective serotonin reuptake inhibitor; suicide risk; suicide attempts; non-SSRI antidepressants, 26413
- distigmine bromide; acute psychotic disorder; blood-brain barrier; multiple sclerosis; drug therapy, 8624
- divalproex; valproate; patient compliance; treatment efficacy; relapse rate; drug side effects; bipolar disorder type I, 20338
- dopamine receptor antagonists; antipsychotic effect; antipsychotic medications; antagonists; extrapyramidal side effects; atypical antipsychotics, 2167
- drug dosages; olanzapine; neutropenia; drug side effects; drug therapy; bipolar disorder; major depression with psychotic features, 20319
- drug efficacy; drug tolerability; quetiapine; bipolar disorder; mood stabilizers, 5260
- drug induced depression; etiology; depressive symptoms & disorders; medical drugs; clinical practice, 24838
- drug interactions; neuroleptic malignant syndrome; cardiovascular disease; depression; drug side effects; geriatric depression, 35573
- drug side effects; drug therapy; atypical antipsychotics; children; adolescents, 26397
- drug therapy clients; olanzapine; risperidone; risk of diabetes onset; risk analysis; side effects, 20303
- drug therapy clients; olanzapine; risperidone; risk of diabetes onset; risk analysis; side effects, 20298
- drug therapy; citalopram; mania; obsessive compulsive disorder; depression; suicide attempt; catatonia; social phobia, 29369
- drug-drug interactions; immunosuppressants; transplanted tissues; side effects; autoimmune disorders; comorbidity; pharmacologic treatment; pharmacokinetics, 29436
- duloxetine; safety; efficacy; long-term treatment; major depressive disorder, 5331
- dysthymic disorder; side-effects; social functioning; citalopram; drug tolerance; treatment effectiveness; temperament, 26377
- early extrapyramidal side-effects; risk factors; tardive dyskinesia; neuroleptic-induced parkinsonism; akathisia; neuroleptics, 26424
- Ecstasy fatalities; deaths; epidemiology; pharmacology; toxic responses; MDMA dosage; methodology issues; psychoactive effects; ecstasy users, 25905
- ecstasy usage; cognitive changes; attention tests; memory; long-term cannabis users; impaired memory; story recall; recreational MDMA users, 25872
- ecstasy users; MDMA; human aggression; interpretative bias; cognitive bias; ambiguous information; depression scores; mood change; residual effects, 25871
- ecstasy; guinea pigs; MDMA; neurotoxicity; selective serotonin; neurologic effect; striatal dopamine; dopamine neurons; hyperthermic response; 3,4-methylenedioxymethamphetamine, 24845
- ecstasy; MDMA; long-term consequences; mental health; depression; subjective effects, 1669
- ecstasy; nantenine alkaloid; MDMA; physiological effects; hyperthermia; lethality; locomotor stimulation; selective antagonist; antagonist prazosin; core temperature; mice; behavioral effects, 24801
- ecstasy; pharmacological & subjective effects; pharmacokinetics; repeated dose administration; psychomotor performance; endocrine response; physiological effects; 3,4-Methylenedioxymethamphetamine, 24802
- electroconvulsive therapy; anaesthetic agents; etomidate induced seizure like activity; clinical case studies; anaesthesia side effects, 2256
- electroconvulsive therapy; antipsychotics; bipolar disorder; neuroleptic malignant-like syndrome; quetiapine; drug effects, 8485
- epilepsy; bone health; antiepileptic drugs; osteopenia; osteoporosis; bone metabolism, 20481
- epilepsy; levetiracetam; anti-convulsant; side effects; seizure; efficacy; monotherapy; drug, 17148
- esophageal dilation; hypomotility of esophagus; chronic schizophrenia; clozapine; clomipramine; aspiration pneumonia; side effects, 26394
- extrapyramidal side effects; anticholinergic agent; antipsychotics; disorder susceptibility; drug therapy; drug side effects; prophylaxis; cross cultural differences, 26355
- extrapyramidal side-effects; bipolar disorder; mania; risperidone; monotherapy, 14195
- extrapyramidal symptoms; atypical antipsychotics; clinical accounts; child patients; ziprasidone; quetiapine; drug side effects, 8543
- extrapyramidal syndrome; aripiprazole; antipsychotics; dopamine-system stabilizer; rabbit syndrome, 28729
- fatty acids; bipolar disorder; schizophrenia; vasodilation; methylnicotinate-induced; skin flush, 1488
- functional neuroimaging; neuropsychiatric symptoms; side effects; interferon; hepatitis C; fatigue; depression; at risk population; neural substrates, 29482
- guanfacine; auditory hallucinations; child, 5268
- guidelines; combining medication; drug combinations; side effect tables; side effects history; older patients; antipsychotic drugs; clozapine; carbamazepine; ziprasidone; tricyclic antidepressant, 14114
- H1 histamine receptors; weight gain; atypical antipsychotic drugs, 11493
- H1 histamine receptors; weight gain; atypical antipsychotic drugs, 11515
- haloperidol administration; QTc prolongation; schizophrenia; risperidone; tachycardia; haloperidol, 5322
- health behaviors; medication side effects; patient type; risk perception; intention to comply; prescriptions, 26520
- hepatotoxicity; citalopram; liver damage; depression; side effect, 26393
- HIV therapy; clinical benefits; antiretroviral drugs; antiretroviral therapy; side effects; drug toxicities; medication adherence, 17204
- hyperglycemia; olanzapine treatment; atypical antipsychotics; glucose; schizophrenic patients, 25271
- hyperprolactinemia; elevated prolactin levels; antipsychotics; clinical effects; risperidone; schizophrenia, 2168
- hypertensive urgency; clonidine; mirtazapine, 35577
- hyperthermia; serotonin syndrome; rats; diazepam; chlorimethiazole, 3951
- induced mania; milnacipran; paroxetine; prevalence; antidepressant agent; major depression, 35551
- iodoform poisoning; consciousness disturbances; delirium; elderly patients; surgical operations; psychiatric symptoms, 13574
- irritable bowel syndrome; suggestion; desire; expectation; placebo effects; placebo analgesia; psychological factors; patients, 8653
- ketamine; acute effects; memory functioning; cognitive functioning; psychotic symptoms; dissociative symptoms, 10026
- lamotrigine vs valproate; weight change; adolescents; children; epilepsy; obesity; antiepilepsy drugs, 5411
- levetiracetam; adult patients; learning disability; behavioral adverse effects; optimal antiepileptic drug treatment; drug tolerability; drug efficacy, 23220
- levodopa therapy; advanced idiopathic Parkinson's disease; response fluctuation; response fluctuation mechanisms, 2308
- liquid ecstasy; drug abuse; gamma-hydroxybutyrate; drug abuse; side effects, 28872
- lithium toxicity; side effects; renal insufficiency; bipolar disorder; hypercalcemia; food & water aversion, 11467
- lithium-associated cognitive impairment; negative cumulative cognitive effects; neuropsychological impairment, 11538
- long-term side effects; selective serotonin reuptake inhibitors; SSRIs; sexual dysfunction; weight gain, 11500
- long-term therapy; acute therapy; schizophrenia; risperidone; atypical antipsychotics; side effects, 11539
- magnesium pemoline; drug safety; hepatic treatment; possible risks; liver treatment, 8640
- major depression; chronic obstructive pulmonary disease; depressive symptoms; comorbidity; drug side effects, 34751
- major depression; nefazodone; abrupt discontinuation; discontinuation symptoms, 14189
- major depressive disorder; adverse reactions; serotonin reuptake inhibitors; antidepressants; efficacy; drug safety; escitalopram; duloxetine; paroxetine; fluoxetine, 20333
- major depressive disorder; fluoxetine; mania; drug therapy; drug side effects, 35556
- mania; depression; paroxetine; drug therapy, 2195
- mania; hypomania; olanzapine; causal relationship; bipolar manic attacks, 29306
- medication adherence; atypical antipsychotic medication; schizophrenia; side effects, 8553
- medication prescribing practices; inner-city; Hispanics; mental health clinic; psychotic disorders; medication compliance; outpatients; cultural factors; side effects, 20371
- medication prescription; potentially inappropriate medications; elderly people, 29438
- memory loss; selective serotonin reuptake inhibitors; fluoxetine; cognitive impairment; drug side effect, 35534
- metabolic bone diseases; anticonvulsant medication; divalproex sodium; osteopenia; sexual disorder, 26398
- methylenedioxymethamphetamine; MDMA; ecstasy; MDMA abuse; MDMA-induced neurotoxicity; animals; non-human primates; humans; developing fetus, 15772
- methylphenidate treatment; attention deficit hyperactivity disorder; long term effects; chronic stimulant medications; neural effects; behavioral effects; drug adverse effects, 8555
- methylphenidate treatment; periadolescent development; preadolescent development; adult behavioral reactivity; emotional stimuli; rats; drug side effects, 7153
- microstructure of ingestive behavior; clozapine; olanzapine; rats; hyperphagia; weight gain liability; animal models; haloperidol; antipsychotic drugs, 15753
- mitochondrial protein; body temperature; ecstasy; toxic effect; uncoupling protein-3; amphetamine-type stimulants; MDMA; drug side effects, 7232
- modafinil; antipsychotic medication-induced sedation, 17031
- modafinil; antipsychotic medication-induced sedation, 20317
- modafinil; antipsychotic medication-induced sedation, 20355
- monoamine oxidase inhibitors; drug interactions; drug side effects; prescriptions, 35527
- monoamine oxidase inhibitors; subarachnoid hemorrhage; atypical depression; headache; oral tranlycypromine, 35543
- mood effects; antiepileptic drugs, 20040
- morphine tolerance; proinflammatory analgesic tolerance; cytokine levels; chronic morphine administration; propentofylline; analgesic tolerance; withdrawal-induced hyperalgesia, 21901
- motor fluctuations; Parkinsons disease; side effects; drug tolerability; treatment efficacy; entacapone; catechol-O-methyltransferase; levodopa/dopa decarboxylase; drug dosages, 23390
- movement disorders; abnormal involuntary movement disorder; AIM; dopamine receptor blocking agents; antipsychotic drug-induced movement disorders, 14127
- movement disorders; neuroleptics; tardive dyskinesia; schizophrenia, 26364
- natural drugs; patient awareness; harmful side effects; family medicine; complementary medicine; adverse effects; patients attitude; medicine utilization; patients reporting, 29217
- nefazodone; antidepressant drugs; major depression; liver disease; acute liver failure, 26351
- negative symptoms; chronic schizophrenia patients; fluvoxamine; side effects; response analysis; etiology, 5344
- neuroleptic malignant syndrome; adverse reactions; depressive symptomatology; psychomotor retardation; antipsychotic drugs; paroxetine; olanzapine; drug interactions, 8518
- neuroleptic malignant syndrome; dementia with Lewy bodies; donepezil monotherapy; drug therapy; drug side effects, 20474
- neuroleptic malignant syndrome; developmental disabilities; antipsychotic medications; schizoaffective disorder; mild mental retardation; clozapine; heat stroke; drug side effects, 10722
- neuroleptic malignant syndrome; drug induced hyperthermia; mortality rate; clinical presentation; differential diagnosis; risk factors, 35516
- neuroleptic malignant syndrome; psychoactive medications; neuroleptic treatment; African American male; respiratory distress; hepatic metabolism; olanzapine; fluphenazine; drug interactions, 8550
- neuroleptic malignant syndrome; risperidone treatment; side effects, 35585

- neuroleptic malignant syndrome; traumatic brain injury; drug therapy; neuroleptic drugs; side effects, 2299
- neuroleptic malignant-like syndrome; Alzheimer's disease; donepezil; maprotiline; drug interactions; drug side effects, 14289
- neuroleptic-induced akathisia; olanzapine treatment; clozapine; side effects, 29407
- neuroleptic-induced catalepsy; nitric oxide donors; gender-related differences; albino mice; NO; dopaminergic transmission; isosorbide dinitrate; lisinidomine; S-nitroso-N-acetylpenicillamine, 21897
- neuropathic pain; opioid alkaloids; drug side effects; pain management; pain remedy; nerve injury pain, 14308
- neuropeptide y; leptin; antipsychotic medication; weight gain; estrogen; schizophrenia; gonadal steroid production; testosterone, 2161
- neuropsychiatric symptoms; hepatitis c; neuropsychiatric side effects; psychiatric treatment; major depression; ribavirin; interferon alpha; Beck Depression Inventory; antidepressant therapy, 5437
- new antiepileptic drugs; children; psychopharmacology; psychiatric disorders; drug safety; age specific tolerability; dosing regimens; pharmacokinetics; adverse effects; drug treatment, 35544
- nitric oxide; paroxetine; cardiovascular risk factors; paroxetine discontinuation; antidepressants; major depression comorbidity; side effects, 7220
- nomenclature; drug-induced movement disorders; tardive dyskinesia, 26127
- nonconvulsive status epilepticus; cephalosporins; antibiotics; drug side effects, 26504
- nurse-led services; antipsychotic treatment; drug side effects; weight gain, 29648
- obsessive-compulsive disorder; paroxetine; drug safety; drug efficacy; treatment effectiveness evaluation, 35541
- obsessive-compulsive symptoms; attention deficit; mild mental retardation; risperidone treatment; aggression; children; chronic tic disorder; adverse effects, 23238
- olanzapine; insulin resistance; glucose metabolism; schizophrenic patients; weight gain, 11484
- opioid addicts; buprenorphine; maintenance treatment; acceptance; efficacy; tolerability; drug use behavior, 29396
- opioids; adverse drug events rate; ADEs; adult surgical patients; postoperative pain; length of stay; LOS; hospital costs; mortality; opioid-related ADE, 5445
- oral naltrexone; opioid side effects; methadone; painful neuropathy; ultra-low dose, 17158
- oxcarbazepine; pregnancy; clinical experience; potential teratogenicity; antiepileptic drugs; fetal malformations; epilepsy, 23397
- paranoid schizophrenia; risperidone; blepharospasm; drug challenge, 14147
- parental concern; vaccination; pediatricians; family physicians; safety; drug reactions; pain; immunization; vaccine refusal, 17226
- Parkinson disease; dementia with Lewy bodies; cholinesterase inhibitors; drug therapy; drug tolerability; cognition; psychiatric symptoms; global function; treatment outcomes, 35615
- Parkinson's disease; entacapone; levodopa; quality of life; safety; tolerance; adverse events; patients, 2164
- Parkinson disease; antiparkinsonian treatments; treatment efficacy; treatment safety; drug therapy; dopaminergic medications; side effects, 20483
- Parkinson disease; sleep attacks; antiparkinsonian medications; daytime sleepiness; dopamine agonists; dopaminergic medications; antiparkinsonian agents; sleep disturbances; somnolence, 2241
- pathogenic contribution; therapeutic potential; adenosine receptor-mediated mechanisms; Parkinson disease; levodopa-induced motor complications, 8606
- pathologic gambling; chronic high dose; dopamine agonist therapy; Parkinson's disease; drug therapy; drug side effects, 8614
- pathophysiology; antipsychotic drug-induced movement disorders, 26346
- patient education; pharmacy literature; medication side-effects; complications; drug information; medication side-effects; readability, 35682
- perospirone; mania; hypomania; schizophrenia; drug side effects; drug therapy, 17094
- pervasive developmental disorders; stimulant trials; autistic disorder; drug tolerance; psychostimulants; Aspergers disorder; agitation; dysphoria; irritability, 23302
- pharmacogenetics; study methods; psychotropic drug response; antidepressant drugs; antipsychotic drugs; mood stabilizers; adverse effects, 26395
- pharmacologic characteristics; first generation antipsychotics; second generation antipsychotics; side effects; schizophrenia; drug therapy, 8548
- pharmacological research; data availability; ethical imperative; psychotropic medication; clinical trials; serotonin reuptake inhibitors, 29412
- pharmacology; non-benzodiazepine hypnotic drugs; zolpidem; zopiclone; zaleplon; drug tolerance; drug dependence, 31006
- phenylclidine; NMDA receptor antagonists; drug discrimination; side effects; rats, 3949
- pinodolol; depression; selective serotonin reuptake inhibitors; tolerability; adverse events, 23211
- Piper methysticum; kava; cognitive impairment; intoxication; eye saccades, 1648
- poisoning; older adults; drug reactions; ingestions; suicide; drug metabolism, 29448
- polypharmacy; elderly patients; hyperkalemia; adverse drug reactions; hospital admissions; chronic illness; renal function changes; primary care practitioner, 8562
- psychiatric disorders; partial seizures; mental retardation; antiepileptic drug; efficacy; levetiracetam; tolerability; refractory epilepsy; behavioral disturbance, 17146
- psychiatric history; cognitive adverse events; topiramate; depression; aggression; psychosis; memory problems; slow thinking; antiepileptic drugs; epilepsy; polytherapy; risk factors; side effects, 2301
- psychosis-inducing effects; cocaine sensitization; cocaine craving; cue reactivity; cocaine dependency, 31950
- psychosis; psychotic reaction; clarithromycin; psychiatric hospitalization; side effect; intravenous administration; antipsychotic drugs, 35525
- psychostimulant drugs; methylphenidate; drug side effects; neuropharmacology; neuropsychology; drug therapy; abuse potential; long term toxicity; attention deficit hyperactivity disorder, 23262
- psychotropic drugs; drug effects; subjective sensations; pharmacological treatment; bipolar disorder; Argentinian patient survey; neuroleptic drugs; subjective sensations; bipolar patients, 8547
- psychotropic medication; elderly; cognitive performance; aging; side effects; memory; depression; antidepressants; benzodiazepines, 2139
- pulmonary embolism; antipsychotic drugs; venous thromboembolism; olanzapine; psychosis; drug side effect, 35533
- quetiapine; breast milk; breast-feeding; infant exposure, 35546
- quetiapine; manic symptoms as side effect; psychotic illnesses; mood altering properties; medication; antidepressants, 32462
- quetiapine; risperidone; sexual functioning; schizophrenia; psychotic illness, 11514
- reboxetine; norepinephrine selective reuptake pump inhibitor; antidepressant drugs; drug marketing; pharmacology; drug safety; clinical use; adverse effects, 14177
- reduced bone mineral density; osteoporosis; schizophrenia; antipsychotic medication; hyperprolactinaemia-induced hypogonadism, 14166
- REM sleep behavior disorder; RBD; parkinsonism; antidepressant drug; mirtazapine, 5446
- rhabdomyolysis; bipolar disorder; quetiapine overdose, 26432
- riluzole augmentation therapy; treatment-resistant bipolar depression; lamotrigine; drug side effects, 29386
- risperidone therapy; psychotic symptoms; obsessive-compulsive side effects; treatment suggestions, 8502
- risperidone; haloperidol; delirium; drug efficacy; side effects; treatment; drug therapy, 29338
- risperidone; pharmacokinetics; schizophrenia; tolerability, 32432
- risperidone; priapism; penile erection; schizotypal personality disorder; medical literature search, 23265
- risperidone; priapism; penile erection; schizotypal personality disorder; medical literature search, 23243
- risperidone; steatohepatitis; excessive weight gain; paranoid psychosis, 5291
- risperidone; terminally ill; cancer patient; torsades de pointes syndrome; delirium, 35656
- schizophrenia patients; olanzapine; haloperidol; side effects; treatment-emergent adverse events; extrapyramidal signs; elderly, 20344
- schizophrenia; life quality; long-acting risperidone; adverse events; symptoms; patient monitoring, 17036
- schizophrenia; safety; adverse events; efficacy; injectable risperidone; extrapyramidal symptoms; adverse events; treatment, 5280
- sedation; drug side effects; psychotropic drugs; neuroleptic drugs; anxiolytic drugs; antidepressant drugs; antihistamine drugs, 20285
- sedation; primidone; drug therapy; epilepsy; epileptic seizures; antiepileptic drugs; phenobarbital; valproic acid; Alzheimer's disease; elderly patients; side effects, 2305
- selective cannabinoid CB1 receptor antagonist; SR 141716A; serotonin; dopamine; head-twitch response; scratching; rodents; least shrews; 5-HT; brain; biochemical changes; vomiting, 710
- selective serotonin re-uptake inhibitors; hyponatraemia; elderly; geriatric populations, 29403
- selective serotonin reuptake inhibitor; extrapyramidal symptoms; autistic children; side effects, 22740
- selective serotonin reuptake inhibitor; SSRI; mania; paroxetine; pre-adolescence, 20391
- selective serotonin reuptake inhibitors; affective blunting; healthy elderly; affective experience; paroxetine; sertraline, 24806
- selective serotonin reuptake inhibitors; antidepressants; dependence; addiction; suicide; homicide, 14169
- selective serotonin reuptake inhibitors; antidepressants; maternal use; pregnancy; gestational age; neonatal withdrawal; prenatal exposure; neurobehavioral effects; newborns, 35495
- selective serotonin reuptake inhibitors; hyperprolactinemia; antipsychotics; prolactin; dopamine receptor; fertility; breast cancer; bone density; galactorrhea, 26358
- selective serotonin reuptake inhibitors; sexual dysfunction; orgasm delay; psychiatric disorders; side effects; spontaneous remission, 26373
- serious respiratory infection; clozapine; infections; side effects, 1781
- serotonin reuptake inhibitors; neuropsychiatric side effects; bleeding; Hepatitis C-infected patients; aspirin; anti-inflammatory drugs; internal hemorrhage; cirrhosis; hepatic failure, 11573
- serotonin syndrome; drug side effects; linezolid; drug therapy; burns; polypharmacy; fluoxetine; monoamine oxidase inhibitors, 29494
- serum creatine kinase; risperidone; catatonic psychosis; adolescent, 11501
- serum sickness-like reaction; bupropion therapy; pediatric patient; attention deficit disorder with hyperactivity; immune hypersensitivity reaction; drug side effects, 29399
- serum triglyceride; antipsychotics; antipsychotic efficacy; weight gain; olanzapine; risperidone; drug therapy; drug side effects, 8505
- severe suicidal ideation; escitalopram; selective serotonin reuptake inhibitors; drug side effect; lexapro, 35513
- sexual dysfunction; retrograde ejaculation; risperidone; medication adherence; antipsychotics, 20352
- side effects; disease related symptoms; HIV; coping; highly active antiretroviral treatment; Leventhal's Self Regulation Model; quality of life, 26493
- side effects; over the counter medicine; European Commission recommendations; communicating risk; information leaflet; verbal risk descriptors; satisfaction judgments; interpretation; intention, 32533
- significant weight gain; antipsychotic medications; ziprasidone; psychosis, 35539
- skeletal fractures; epilepsy; antiepileptic drugs; seizures; ataxia; neurological deficits, 20476
- sleep deprivation; sustained-release bupropion; seizures; generalized tonic; smoking cessation; tonic-clonic seizure; female smoker, 5324
- sleep problems; major depression; selective serotonin reuptake inhibitors; antidepressants; comorbidity; insomnia, 35503
- sleep regulation; octreotide; side effects; sleep disturbance; REM sleep; nonREM sleep; sleep quality; EEG sigma power, 10066
- social anxiety disorder; adverse events; drug efficacy; anxiolytic pregabalin; drug safety, 20375
- social anxiety disorder; sexual function; fluvoxamine; drug efficacy; safety; drug tolerability; adverse effects, 20310
- spatial parameters; temporal parameters; gait disturbances; schizophrenic patients; locomotor patterns; neuroleptic treatment, 28735
- SSRI; drug side effects; nefazodone; dopamine levels; depression; Parkinson disease, 2142
- subjective akathisia; objective akathisia; mixed akathisia; chronic schizophrenic subjects; diagnostic characteristics; akathisia prevalence; antipsychotic treatment; parkinsonism; tardive dyskinesia, 11512
- subjective response; antipsychotics; schizophrenia; psychopathology; side effects; emotional distress; awareness, 26421
- tardive dyskinesia; atypical antipsychotics; dopamine-2 receptors; prevalence; incidence, 26385
- tardive dyskinesia; atypical antipsychotics; older adults; movement disorders, 26383
- tardive dystonia; differential diagnosis; treatment, 23297
- thalidomide; side effects; sensory neuropathy; multiple myeloma; sensory ganglionopathy; electrophysiology, 29477
- thyroid dysfunction; thyroid hormone supplementation; hormone treatment; bipolar disorder, 23289
- topiramate; polypharmacy; intractable epilepsy; cognitive effects; neuropsychological function, 17176
- tramadol efficacy; acetaminophen efficacy; pain management; osteoarthritis flare; elderly patients; drug efficacy; drug safety, 29490
- transient memory impairment; visual hallucinations; tolterodine use; anticholinergic medications; urinary incontinence, 8651
- treatment resistant schizophrenia; clozapine treatment; pseudophaeochromocytoma, 11544

treatment with antidepressants; sexual functioning; sexual dysfunction; side effect, 29309

treatment-resistant schizophrenia; childhood onset schizophrenia; clozapine; lithium carbonate; neuroleptia; agranulocytosis; white blood count; clozapine rechallenge; neurophil count, 2224

treatment-resistant schizophrenia; olanzapine; clozapine; treatment-intolerant schizophrenia; side effects, 11469

tricyclic antidepressants; QT interval prolongation; sudden cardiac death; torsade de pointes, 35580

undifferentiated schizophrenia; clozapine therapy; olanzapine; risperidone; quetiapine; valproate; gabapentin, 2145

venlafaxine withdrawal syndrome; drug side effects; drug therapy; antidepressant drugs, 20275

verapamil; alcohol withdrawal syndrome; heart rate; blood pressure; alcohol dependence; side effects; L-type calcium-2 channels, 11656

visual hallucinations; sertraline; drug therapy; memory loss; attention deficits; depressed mood; severe anxiety, 23267

vitamin B; plasma homocysteine levels; coronary artery disease; plasma concentration; levodopa; hyperhomocysteinemia; folate; levodopa therapy, 5455

weight gain; leptin levels; negative syndrome scale; schizophrenic patients; olanzapine treatment; leptin; nizatidine; quetiapine; weight gain, 14124

white matter hyperintensities; psychiatric disorders; lithium therapy; side effects, 5271

word-finding difficulties; epileptic patients; drug treatment emergent adverse event; topiramate; epilepsy; drug dose schedule; seizure frequency & pattern; electroencephalography, 8533

zinc sulfate; attention deficit hyperactivity disorder; ADHD; drug safety; tolerability, 11468

ziprasidone; bipolar mania; tolerability; efficacy, 35567

zolpidem; temazepam; rebound insomnia; chronic insomnia treatment; drug side-effect, 29037

zonisamide; depression; mania; epilepsy; side effects, 11357

zotepine; behavioural symptoms; psychological symptoms; dementia; drug safety; antipsychotic drug, 29370

Side Effects (Drug) [See Also Drug Addiction, Drug Dependence, Drug Sensitivity]—Chapters

Recognizing and reversing sexual side effects of medications, 5156

Side Effects (Treatment) [See Also Side Effects (Drug)]—Serials

acquired language impairment; French; English; functional left hemisphere; Rasmussen syndrome; bilingualism; written communication; oral communication; linguistics; adolescent, 8649

antiretroviral therapy; patient attitudes; clinician attitudes; medication; HIV; Human Immunodeficiency Virus; AIDS; acquired immunodeficiency virus; adherence; regimen; complexity, 17194

childhood stimulant treatment; dopamine system alterations; drug sensitivity; increased risk; substance abuse, 2191

coronary bypass surgery; side effects; cognitive change; cognitive function; treatment outcomes; neuropsychological decline; prediction; microembolisms, 5460

diabetes mellitus; polyneuropathy; insulin neuritis; hemoglobin; insulin; sensorimotor peripheral neuropathy, 17207

ECT treatment; electroconvulsive therapy; antiinflammatory drugs; psychiatric illnesses; ibuprofen; headache, 23313

electroconvulsive therapy; ECT-donepezil interaction; apnoea; bradyarrhythmic effect; recurrent major depressive disorder; severity; psychotic features; mild Alzheimer's disease, 29212

electroconvulsive therapy; ECT; views of consumers; perceived benefit; persistent memory loss; side effects, 26459

electroconvulsive therapy; patients; treatment; depression; side effects; nurses, 26451

electroconvulsive therapy; psychotic disorders; psychotic depression; catatonia; modified ECT; unmodified ECT; ethical issues; efficacy; legal issues; benefits; risks, 5368

epidural steroids; complex regional pain syndrome; CRPS; CRPS treatment; epidural corticosteroid; herpes zoster development, 5449

epilepsy; partial seizures; adverse effects; levitracetam monotherapy; diagnosis, 17143

excessive daytime somnolence; dyshymia; modafinil augmentation; phenelzine; lamotrigine, 35504

Gilles de la Tourette's syndrome; side effects; neurosurgery; temporal lobectomy; epilepsy; epileptic seizure control; tics; obsessive-compulsive behavior; attention deficit disorder; paranoia, 2286

insulin coma therapy; side effects; treatment outcomes; mathematician John Nash; motion pictures; psychosis; history, 5377

magnetic seizure therapy; transcranial magnetic stimulation; electroconvulsive therapy; seizure characteristics; electrophysiology; cognitive side effects; major depression, 1432

menstrual disturbances; bright-light therapy; seasonal affective disorder; bipolar disorder; therapy side effects, 26458

neuropsychological effects; executive function; verbal memory; clinical implications; normative comparisons; baseline performance; cognitive decrements; cognitive domains; cognitive effects, 5409

neurotransmitter changes; neuropsychiatric side effects; positive therapeutic effects; opioid receptor antagonists; neurobiological correlates; neuropsychiatric syndromes; interferon-alpha; treatment, 11554

neutropenia; intravenous immunoglobulin therapy; adult patients; neuroimmunologic disorders; drug doses; clinical aspects; white blood cells, 11663

nurse-led services; antipsychotic treatment; drug side effects; weight gain, 29648

nutritional rehabilitation; anorexia nervosa; refeeding syndrome; malnourishment; medical complications, 35848

patient compliance; tricyclic antidepressants; medication side effects; treatment decision; tolerability; prescribed medication, 20383

pediatric craniospinal irradiation; medulloblastoma; side effects; prediction of intellectual outcome; chemotherapy; age differences; human sex differences; parental education level, 2317

pituitary apoplexy; visual loss; major surgery; iatrogenic postoperative complications, 34749

psychotic symptoms; thalamic volumes; state related changes; antipsychotic drug treatment; psychotic exacerbation; magnetic resonance imaging left thalamus; right thalamus, 2227

schizoaffective disorder; psychomotor retardation; deep venous thrombosis; medical complications; treatment guidelines; catatonia, 5303

therapy; AED treatment; side effects; partial complex seizures; antiepileptic drugs; AEDs; Swedish adolescents; clinical diagnoses; epileptic seizure; primary generalised tonic-clonic seizures, 17192

transcranial magnetic stimulation; attentional processing; threatening facial expressions; depontiation; neural activity alteration; neuropathology relief; animal models, 26516

transcranial magnetic stimulation; attentional processing; threatening facial expressions; depontiation; neural activity alteration; neuropathology relief; animal models, 26492

Sight Vocabulary—Serials

constant time delay; interspersal of known items; teaching; sight words; mild mental retardation; learning disabilities, 12200

rapid automatized naming; lexical decision; letter-string reading measures; sight vocabulary; phonetic decoding; visual word recognition, 27525

Sign Language—Serials

American sign language; deaf users; interaction; computer-mediated video communication; language practices; Internet, 8340

American Sign Language; information ordering; speaker subjectivity; modality; discourse functions; verbs, 31076

body partitioning; real-space blends; American Sign Language; mental space; perceptual processes; speech articulation, 31062

British sign language; aphasia; cerebrovascular accident; sign anomia; gesture production; sign production; phonological errors; deaf; naming, 29147

British sign language; neuropsychological dissociations; negation; right hemisphere lesions; comprehension; facial perception, 8206

Broca's area activation; inferior frontal gyrus; spoken language; sign language; cytoarchitectonic mapping; PET analysis; language production; bilinguals; complex movements, 3652

coarticulation; fingerspelling; hand movement sequences; sign language interpreters; letters; proximal interphalangeal joints; fingers; wrist; thumb; computer recognition; visual discrimination, 15277

cognitive iconicity; conceptual spaces; meaning; gestures; signed languages; phonology; linguistics; morphology; grammatical classes; iconic representation, 31079

deaf adults; visual-spatial language; spoken language; sign language; attachment representations, 35339

deaf signers; Japanese; memory spans; word sequences; English; reading; remembering; orthography; logographs, 35340

deaf students; Spain; legal instruments; educational policies; educational rights; educational legislation; sign languages; bilingual education, 30076

grammatical development; American sign language; deaf adolescents; ASL; linguistics, 1897

hearing impaired; sign language; visual language processing; deaf; hearing disorders; cognition, 8349

iconicity; sign language discourse; linguistic features, 18873

language acquisition; physical measurements; hand movements; babbling; language rhythm; sign languages, 28079

literacy development; deaf students; bilingual teaching; bilingual learning; teaching strategies; learning strategies; American Sign Language; English as second language, 36212

metonymic mappings; metaphorical mappings; American Sign Language; cognitive reasoning; linguistics; cognition; prose, 31078

notation systems; sign language; reading; writing; behavioural perspective; Stokoe Notation; Sutton SignWriting, 34227

number representations; prelingually deaf participants; number parity; native signers; sign language, 20087

quality of life; prelingual deafness; sign language; wellbeing; ill-health symptoms; depression; insomnia; elderly, 8353

second language learning; sign language as second language; kindergarten students; bilingual achievement; language development, 2689

sentence comprehension; audio-visual; sign language; lateral dominance; perisylvian cortex, 27718

sign language lexicography; word definitions; meaning explanations; frame roles; structured background information; sign lexicographers; ASL corpus; ASL dictionary; meaning descriptions; frame-setting, 15857

sign language; language dictionaries; language standardization; spoken language; written language, 7325

signed languages; cognitive linguistics; cognitive dimensions; spoken languages; iconicity; metaphor; metonymy; gestures, 31080

simultaneous communication; speech production; speech perception; deaf; hearing impaired; speech development, 29207

space rotation; perspective shift; verb morphology; body shifts; mental spatial rotation; American Sign Language; referencing strategy, 31070

spatial modulations; Nicaraguan Sign Language; age cohorts, 11316

verbal language development; educational systems; communicational style; hearing loss level; mimic language, 36222

working memory; sign language; speech; language modality, 27567

Sign Language—Chapters

Assessing children's proficiency in natural signed languages, 21984

The development of American Sign Language and Manual-Coded English systems, 23078

Interpreters and interpreter education, 21983

Modality and the structure of language: Sign languages versus signed systems, 21985

The neural systems underlying sign language, 23062

Origins of sign languages, 21981

Sign language structures, 21982

Signal Detection (Perception)—Serials

associative recognition; modeling; high-threshold signal detection; mixture distribution, 9666

attention deficit hyperactivity disorder; temporal mechanism; children; rapid visual presentation; serial signal detection; attentional blink; attention gate; closing speed; attention impairment, 19757

attention; auditory detection task; listening strategy; sound; tone detection, 30643

attentional blink; spatial processing; target detection; visual search; rapid visual presentation; localization bias; target position; switching costs; spatial cues, 21286

attentional blink; task difficulty; perceptual processing demands; signal detection, 24381

auditory attentional capture; auditory discrimination; single distractor sounds; auditory search, 9608

auditory-visual motion signals; virtual movement; moving target; visual performance, 33659

background color; spot stimuli detection; visual field location; reaction time, 30611

change probability knowledge; change detection performance; visual system; visual stimuli, 30591

control; danger signal enhancement; perceptual system; perceptual sensitivity; search task; response bias; aversive consequences avoidance; negative consequence; action regulation, 24380

driving behavior; lighting green; amber; driver stopping; traffic signals; signal programmes, 30283

explicit counting; temporal discrimination; marker-type conditions; strategy limits; standard durations; auditory signals; visual signals; duration discrimination; memory variance; memory process, 15182

global-motion stimuli; local interactions; order motion signals; motion perception; signal dots; contrast polarity, 30597

hemispheric asymmetries; silence gaps; gap detection; noise type; acoustic properties; brown noise; white noise; monaural stimulation, 6543

human lateral premotor cortex; evoked potentials; visuomotor control; physiological correlates; epilepsy patients; paired visual stimuli; signal perception; motor execution, 16796

inhibitory control; rats; stop-signal task; reaction time; lesions; medial striatum; d-amphetamine; response inhibition, 7176

natural codes; natural behavior; natural meaning; intention recognition; verbal communication; verbal communication; signalling function; intentions, 4061

orientation; discrimination; visual noise; global stimuli; local stimuli; discrimination threshold; orientation signal; spatial frequency, 21278

payoff matrix; linear transformations; multiplication; addition; long run gains vs losses; category discriminability; base rate; decision criterion learning; perceptual categorization, 378

perceptual learning; signal detection theory; external noise; visual patterns; signal strength, 21372

preparatory attention training; older adults; aging; preparatory deficits; visual detection task, 21397

recognition memory; theories; signal detection; recognition decisions; dual process theory; parameter estimates, 18404

repetition blindness; rapid serial visual presentation; perception; memory; words; target detection, 33723

safety signals; avoidance learning; classical conditioning; inhibition; summation tests; retardation tests; licking suppression, 24561

signal delay; forward masker; central auditory system; neural adaptation model; temporal window (integration) model; N1m amplitude; auditory sensation; temporal integration, 15259

signal detectability; type 2 tasks; detection tasks; correct decisions, 18321

signal detection analysis; audio redundancy effects; video redundancy effects; television news video; media memory; recognition memory; news stories, 33853

signal detection theory; interaural time difference; dual impulse stimuli; onset dominance; auditory localization; echo suppression; spatial cues; binaural system, 9617

signal detection theory; remember know paradigm; sensitivity estimates; confidence judgments; remember rates, 15325

signal detection theory; semantic priming; word recognition, 3369

signal probability; quality control; detection accuracy; pharmacy prescriptions, 8912

signal-detection; sex differences; emotional face recognition; emotional states, 21404

stimulus detection; visual stimulus; auditory detection; human perception; psychophysics; irrelevant light; multi-sensory integration, 3851

sum-knowledge theory; remembering; knowing; remember-know paradigm; recognition memory; signal detection model; receiver operating characteristic curves; item recognition, 27566

variance reaction time model; neural network; mirror effect; recognition data; receiver-operating-characteristic curves, 21393

visuomotor coupling; conscious change detection; control; self-deception, 30676

Signal Detection (Perception)—Chapters
The temporal resolution of neural codes: Does response latency have a unique role?, 3811

Signal Intensity [See Stimulus Intensity]

Significance (Statistical) [See Statistical Significance]

Significant Others—Serials
adolescent development; interpersonal contexts; developmental impact; relationships with significant others; families; peers; romantic partners; networks; interrelations; research designs, 10129

impression management; romantic partners; dating partners; impression formation; human sex differences, 10549

partner death; grief; fear; reactions; coping behavior, 22349

posttraumatic growth; breast cancer patients; cognitive processes; emotional processes; marital satisfaction; patient attitudes; partner attitudes, 26101

pragmatic accuracy; social perception; social group members; familiarity; social relationships; romantic partners, 13450

prostate cancer; information seeking behaviour; partners informational needs, 23461

score reliability; stroke patients; significant others: Reintegration to Normal Living Index; RNL; rehabilitation; cognitive status, 15098

significant other representations; structure; psychological state theories; perceptions; if-then relations, 1204

suicide survivors; suicide; significant other; denial; psychodynamics; denial of responsibility, 34983

teacher attitudes; parent attitudes; significant other attitudes; mainstreaming; children with difficulties, 33189

Sikhism—Serials
Sikh community; distinctive features; historical processes; cultural attributes; self image; adaptation; identity, 16119

Sikh patients; kirpan; religious faith; Sikhism; mental health management; cultural sensitivity; safety, 35775

Sikhs—Serials
Sikh community; distinctive features; historical processes; cultural attributes; self image; adaptation; identity, 16119

Silence—Serials
parental mental disorder; silence; communication; stigma; resilience; risk factors; mood disorder, 22449

reflection; teaching practice; silence; spoken words; non-verbal communication; learning, 21401

reflectivity; creativity; silence; meditation practice; educational discourse; reality work; ego preoccupation, 21402

speechlessness; social interactions; causal attributions; emotional features; social consequences; silence, 25294

transient mental illness; silence; madness; Friedrich Nietzsche, 7785

Silent Reading—Serials
intervention implementation; intervention evaluation; classroom strategies; student engagement; sustained silent reading; school-based recreational reading; teacher modeling; third-graders, 12126

reading comprehension; reading ability; silent reading; oral reading, 12151

short-term sentence recall; acoustic-sensory information; conceptual & phonological information; reading silently; reading aloud, 326

syllable information; silent reading; eye movements; phonological processes; sublexical information, 33774

word familiarity; word recognition; text comprehension; silent reading; vocabulary acquisition; eye movements, 12684

Similarity (Stimulus) [See Stimulus Similarity]

Simile [See Figurative Language]

Simple Schizophrenia [See Schizophrenia]

Simulation [See Also Computer Simulation, Flight Simulation, Heuristic Modeling, Markov Chains, Mathematical Modeling, Simulation Games, Stochastic Modeling]—Serials
adolescent pregnancy; sexual activity; newborn infant; infant simulator; teen parenting; prevention programs, 16024

agent-based simulation; higher education; promotion systems; systems robustness; junior faculty, 33040

alcohol problems; latent trait modeling; severity linking; abusive drinking; tolerance; withdrawal; alcoholism; conceptualization; assessment; symptom parameter, 25888

autism; children; video modeling; social interaction; reciprocal play, 19764

bayesian information criterion; akaike information criterion; structural equation models; confirmatory factor model; measurement invariance; cross validation; information fit indexes, 12544

brain injury rehabilitation; rehabilitation staff; training programme evaluation; disability simulation; brain injury simulation, 17522

conceptual system; semantic memory; exemplar models; feed-forward connectionist nets; situated simulation theory; architecture; representation; abstraction; stability; organization, 33448

contingencies; causes; complex systems; world community simulations; world history; main outcomes explanations; Global Change Game simulation, 13368

correlation information; Web users; web servers; web log; browsing behavior; sequential classifiers; model compression method; latest-substring rules; association rule mining, 3074

data-link modality; display redundancy; pilot performance; visual attention; visual display; air traffic control; pilots; general aviation simulator, 21025

dawn simulation; cortisol response; awakening; bright light exposure; mood, 27834

dialogue system assessment; speech recognition; speech understanding; simulation technique; dialogue recognition, 10091

distributed learning; classification accuracy; learning capabilities; neural systems; category proliferation; Fuzzy ARTMAP; winner-take-all architecture; FasArt; dARTMAP; neuro-fuzzy systems, 9275

drug testing; methadone maintenance treatment; substance abuse treatment; urine screening patterns; drug use simulation, 11901

emotional coherence; HOTCO computational model; self deception; beliefs; wishful thinking; intention; self division, 10612

environmental simulations; television; blood donor stress; stress; healthcare consumers; stressful-blood donation; clinic environment; blood pressure; pulse rate, 12367

estimation methods; structural equation modeling; relative performance; specification errors; chi-square test; score discreteness, 12535

evolution needs; health care decision modeling; healthcare decisions; quality-of-life; resource allocation; state-of-the-art; decision analysis, 6234

group modeling; television item selection; television viewing behavior, 34233

human resource management; management development; strategic management; simulation exercises; organizational learning; mentor; decision making; junior managers, 27067

industrial psychology; training; simulation, 12246

infant categorization; simple connectionist networks; developmental connectionist models, 24985

infant simulators; adolescent experience; teenage pregnancy prevention; infant caring; sexuality education programs, 24996

interaction effects; measurement error; electronic mail; emotion; technology adoption; Monte Carlo simulation, 9232

introductory psychology students; authoritarians; futuristic simulation; unemployment; famine; disease, 13284

latent growth curve modeling; individual differences; cardiovascular recovery; stress; systolic blood pressure; statistical methods, 15131

literary work; mental image; reading process; multi-modal imagery; simulation process; somato-viscero-motor system; breathing process, 30757

maximum likelihood estimation; ignorable missing data; general nonlinear structural equation; metropolis-hastings algorithm; maximum likelihood estimates; structural equation modeling, 53

memory; simulated environment; able-bodied children; physically disabled children; virtual building; directions; asymmetry; physical disabilities, 32118

modelling intuition in retail site assessment; cognitive mapping; decision making; retail location; analogue method; qualitative knowledge; visualization; sense making, 12330

modelling method; groupware applications; socio-technical systems; CSCW; participatory design; SeeMe; Computer Supported Cooperative Work, 36469

modular or hierarchical reinforcement learning; modular reward; multiple model-based reinforcement learning architecture; MOSAIC non-linear control task; inter-module credit assignment, 9248

motion reversal detection; rotation simulations; pixel motions, 30619

object permanence; infant cognition; agent-based model; robotics; simulation, 15980

online access; genuine deafness; feigned deafness; hypnosis, 32493

past participle; Italian verbs; artificial neural network; school age children; simulations, 28067

perceptual simulation; property verification; imagery; word association, 33828

rapid-discovery social science; situation modeling; social theory; agent architectures; computational techniques; social science goals; epistemological focus, 10468

residual phenotypic correlation; variance components linkage analysis; quantitative trait locus; simulation, 27698

reverse-pb motion; neurons; cortex; macaque monkey; stimulation; movement perception; illusions, 15551

robust reasoning; agent-based modeling; nonlinear systems, 30549

self-efficacy; star idols; luminaries modeling; adolescent perception; idol worship; social learning effect; gender differences; self concept, 18951

semantic representations; symbolic representations; arithmetic processing; simulated acquired dyscalculia; insights; brain-damaged patients, 20059

sensorimotor simulations; conceptual representations; prior activation; perceptual symbols theory, 21249

simulated work environment; lifting task; work environment; L5/S1 compression forces; work hardening, 8885

simulation; connectionism; folk psychology; mind-reading; simulation theory; theory-theory; connectionist architecture, 10083

social dilemmas; mathematical analysis; artificial intelligence; agent-based simulation; prisoner's dilemma; tragedy of the commons; mathematical modeling, 6147

social dominance orientation; leadership tactics; authoritarianism; global consequences; Global Change Game; simulation; globalization, 13291

strategic learning; primary math education; model construction; teaching strategy, 17681

tailored broadcast news; broadcast news sources; program content; user modeling; personalcast; broadcast news understanding system, 34235

task simulation; information services; decision-making, 27200

theoretical differences; developmental stages; uncorrelated stimuli; computational models; attention; correlation detection; infants, 24990

variance components modeling; quantitative trait loci; genetic linkage analysis; environmental covariates; covariate adjustment, 27708
vocabulary loss; simulation models, 35160
well-structured problem; ill-structured problem; problem solving; astronomy simulation; multimedia problem-solving environment, 5878

Simulation [See Also Computer Simulation, Flight Simulation, Heuristic Modeling, Markov Chains, Mathematical Modeling, Simulation Games, Stochastic Modeling]—Books

Computational developmental psychology, 888
Developing organizational simulations: A guide for practitioners and students, 2879

Simulation [See Also Computer Simulation, Flight Simulation, Heuristic Modeling, Markov Chains, Mathematical Modeling, Simulation Games, Stochastic Modeling]—Chapters

CyberChild: A simulation test-bed for consciousness studies, 17989

Groupworkers in the making: A simulation for teaching social groupwork, 5790

Simulation Games—Serials

interpreting results; right-wing authoritarianism; Global Change Game simulation; political psychologists' values; research effects; research viewpoint; political extremists; politicized psychology, 13369

social dilemmas; mathematical analysis; artificial intelligence; agent-based simulation; prisoner's dilemma; tragedy of the commons; mathematical modeling, 6147

trust and reciprocity decisions; trustors; trusted parties; differing perspectives; trusting actions; reciprocity responses; trust game; social and economic interactions; risk; benefit, 31495

Simulators [See Simulation]

Singing—Serials

arousal levels; salivary cortisol levels; prelinguistic infants; maternal singing, 878

expressive aprosody; amusia; right temporo-occipital seizures, 16736

false vocal fold; vestibular fold; ventricular fold; larynx; voice aerodynamics; voice acoustics; laminagraphy; phonation, 15846

frequency vibrato; singers; recording, 15245

hydration effect; vocal rest; vocal fatigue; amateur Karaoke singer; acoustic effects; voice amplification; vocal function; voice problems; voice quality; music video; Karaoke singing, 15721

instrumental evaluations; related singers; perceptual evaluations; voice; choral group; vocal coach; voice pathology; judgments; vocal health; phonatory; speech-language pathologists; perception, 15243

male song; greater white-lined bat; animal vocalization; mate attraction; territoriality, 24581

passerine birds; metabolic rate; sound production; energy cost; oxygen rate; singing, 6750

pitch matching accuracy; trained singers; untrained talented singers; untrained nontalented singers; sound production; phonation resonance; melodious voice; Sensorimotor control; auditory feedback, 15264

sight singing requirements; ratings based large group choral festivals; junior high school; senior high school, 33088

singing ability; brain; cognitive neuropsychology; music processing; singing performance; brain-damaged patients; language processing; memory, 35317

vocal warm-up; phonation threshold pressure; soprano singers; vocal rest; vocal fold oscillation; phonation fundamental frequency; larynx; singing; voice therapy; voice disorders; exercise, 15871

voice classification; perception; timbre; pitch; multidimensional scaling; female singing voices; dissimilar voices, 15247

Single Cell Organisms [See Microorganisms]

Single Fathers—Serials

family structure; adolescent delinquency; parental absence; parental gender; unmarried mothers; single parent family; single mother; single father, 22700

single fatherhood; father child relations; challenges; joys; social perception; child custody; quality of communication; experiences, 10393

Single Mothers—Serials

childcare arrangements; economic disadvantage; after-school programs; school-age children; single mothers; employment hours; childcare decisions; two-parent families, 16159

developmental delay; single mothers; child abuse; child neglect; life stressors, 19744

health promotion; single-parent families; social problem; single mothers; health promotion; abusive partner; intrusion; child health; aftermath of abuse, 23474

late pregnancy; postpartum period; high-risk primiparous single mothers; conscious representations; babies; self-concept; mothers; self representations; other representations; mother representations, 10622

lone mothers; nutrition; children feeding; food insecurity; diet; single mothers, 16173

racial differences; ethnic differences; female headship; generational patterns; temporal patterns; assimilation theory; Mexican-Americans; non-Hispanics, 28325
re-conceptualization; narrative identity; lone motherhood; identity construction; life stories, 31412

single motherhood; donor-insemination; fathers absence; separation; family creation; pre-maternal processes; decision-making; patient-therapist relationships, 28277

single mothers; unmarried mothers; stigma; Ireland; terminology; terms, 19058

single mothers; violent victimization; individual welfare; public entertainment; residential neighbourhood; life-style, 28807

social support; low-income mothers; single mothers; grief; isolation; loss; concerns; resilience, 25173

Single Parents [See Also Single Fathers, Single Mothers]—Serials

adolescent adoptees; adoptive parent; single parents; adjustment problems; double jeopardy hypothesis; buffering hypothesis; parental losses; behavior problems, 28268

child adjustment; single-parent families; child competence; self-esteem; parent separation; two-parent children; Australian children, 22090

family court; fatherhood; unmarried fathers; single parents; paternity; parenting, 3095

family life; homosexual lifestyle; lesbian family; single parent mothers; gay parents; children of gay parents, 25154

neighborhood proportion; single-parent families; mother-adolescent relationships; sexual partners, 28265

parental divorce; single-parent families; raising children; research perspectives; modernist tradition; postmodern views; androcentric bias; strengths-based perspective; effects of divorce, 10383

religious commitment; academic achievement; non-intact family; religiosity; single parent family; African Americans; Hispanics; high school students, 12150

Single Persons—Serials

adult attachment styles; relationship status; single; dating, 10489

Single Sex Education [See Same Sex Education]

Single Sex Environments [See Also Same Sex Education]—Serials

equal marriage; lesbians; same-sex marriage; lesbian couples; gay couples; human rights; marriage rights; federal legislation, 28366

nominal and interactive groups; productivity; persistence; stop rules; same-sex groups; gender differences; group performance; brainstorming, 31502

peer relationships; sex segregated peer interactions; early childhood development, 34322

sex differences; parental investment; same-sex peers; same-sex friendships, 31460

Sisters—Chapters

Seth, 14240

The story of Seth's egg, 14239

Sixteen Personality Factors Questionnaire—Serials

job skills training; job seekers; intrapersonal characteristics; interpersonal characteristics; personality factors; employment status; aptitude; academic achievement; work history, 30137

native English-speaking students; non-native English-speaking; word comprehension; vocabulary, 16PF, 18119

Sixteen Personality Factor Test; gifted children; personality profile; cross cultural differences, 23937

Size [See Also Body Size, Brain Size, Group Size, Litter Size, Size Discrimination]—Serials

accessory gland size; sexual maturity time; mating frequency; stalk-eyed fly; cytodiospi dalmanni; reproductive structures development; accessory gland growth, 3495

affective characterizations; drawing size; drawing color; children, 24936

birth size; postnatal growth; females; educational achievement; child undernutrition, 23767

category size effect; semantic categorization decision; masked priming effects; word frequency, 27990

concept abstraction; aging dog; successive discrimination; size concept; concept learning; size concept tasks, 30778

dorsal visual stream; object size; object shape; visual attributes; stream activation; retrieval, 18293

Ebbinghaus illusions; visual search; object size; preattentive vision, 30593

haptic location processing; haptic search; target location; target identity; target dimensions; sensory processing; perceptual dimensions; set size; relative orientation; reaction time data, 15188

hippocampal pyramidal neurons; schizophrenic patients; neuronal size, 7872

life expectancy; *Mastrus ridibundus*; host encounter rate; brood size; laboratory conditions; insect parasitoids; field conditions, 12746

object size; surface shape; shape constancy; stereoscopic information, 33709

reading achievement; school size; school location; rural schools, 30029

right eye; left eye; object size; visual field; handedness; visual perception, 33722

risk fallacies; arguments; public debates; naturalness; proof-seeking; pricing, 25351

shape-from-shadow; perspective; vision; size perception, 12588

size comparison; task repetition; strategy evaluation; geometric figures, 24991

social influence; ranging patterns; chimpanzees; tai national park; community size influence; community composition; home range size; adult male numbers, 3518

Size (Apparent) [See Apparent Size]

Size (Group) [See Group Size]

Size Discrimination [See Also Apparent Size]—Serials

absolute magnitude estimation; judgment; subjective size; intra-active touch; interactive touch; face, 3311

relative size concepts; discrimination learning; equus caballus; learning ability; problem solving; stimulus response, 6678

size contrast; physical size; perceived size; size assimilation; visual perception; natural scene, 12598

Size Discrimination [See Also Apparent Size]—Chapters

The contribution of retinotopic and multimodal coding of space to horizontal space misrepresentation in neglect and hemianopia, 23029

Skeletomuscular Disorders [See Musculoskeletal Disorders]

Skepticism—Serials

normative model; belief in task parameters; participant skepticism; confidence in forced-choice tasks, 30682

Skewed Distribution—Serials

analysis methods; skewed data distributions; psychiatric clinical studies; zero values, 27406

multivariate counting; Poisson processes, 15139

taxonomic; dimensionality; major depression; skewed distribution; involuntary defeat syndrome; test items; Beck Depression Inventory, 13610

Skill Learning [See Also Gross Motor Skill Learning]—Serials

access promotion; general curriculum; self-determination skills; skill teaching; disabled students; curriculum participation, 30088

apprehension; perceptual mode functioning; inferential mode functioning; skill learning; competencies; supplemental mental activity, 33823

augmented auditory feedback; psychomotor skill learning; precision shooting; knowledge-of-results; performance, 24410

basic skills; business competitiveness; policy initiatives; economic performance; skill level; basic skills training; information technology skills; occupational skills, 20910

cognitive slowing; target detection skill; pre-demented subjects; Alzheimers disease; cognitive processing; dementia, 22900

community-based instructional scheduling; intellectual disabilities; skill acquisition; students; generalization; skill maintenance; mental retardation, 14687

computer skill training; symbolic mental rehearsal; behavior modeling; declarative knowledge; cognitive skill; productivity; reciprocal peer training, 23961

consciousness; cognition; perception; memory; skill learning, 30756

contextual interference; handwriting skill acquisition; practiced writing, 28090

cultural education; young children; early education; England; creativity; personal effectiveness; Third Wave; skill; curriculum, 23803

division problems; young children; integrated understanding; concrete representations; perceptual grouping; verbal instruction; executive function; attentional focus; problem solving, 944

elementary school principals; vice-principals; information & communication technologies; technology in classrooms; assisting teachers; training principals, 8990

expertise development; animal models; ethology; comparative psychology; skill development, 12724

expertise; evolution of consciousness; skill acquisition; de-liberate practice, 316

graduate fellow programmes; agricultural science; Africa; individual skills development; career development; national agricultural research, 20796

information and communications technology; skills; trainee teachers; learning strategies, 17609

item learning; cognitive skill training; item difficulty; skill learning; recognition memory; problem solving; alphabet arithmetic, 18382

learning environment; postgraduate students; student so-journers; Transformer students; Strategist students; Con-server students; skill learning; knowledge enhancement; student growth; characteristics, 12023

life skills; assessment instrument; instrument development; working adults; life skills learning program; young workers; learning outcomes, 18071
 medical students; student perceptions; housestaffs; physical examination skills, 5780
 motivation; skill acquisition; practice; effort intensity; performance orientation; learning interaction; multilevel framework; goal orientation; ability level, 15335
 motor learning; motor adaptability; skill learning; knowledge transfer, 12625
 music education; child development; music psychology; early music learning; musical skills acquisition, 36048
 number skills; number books; number games; educational program effectiveness, 23837
 pedestrian safety; safety skills; skill teaching; safety awareness; awareness campaign, 24105
 perceptual skill-learning; conceptual skill-learning; dissociation; divided attention, 30744
 regional brain activation; performance patterns; complex motor skill; skill learning; knot tying, 6997
 retest practice; speed ability relationship; practice sessions; general intelligence; reaction time; elementary cognitive tasks; skill acquisition ability; memory; attention; psychometric intelligence, 15298
 self-monitoring; intervention; stroke count; swimming skill; coaching strategy; behavior change; skill development; college athletes, 14810
 skill learning; mirror reading; repetition; acquisition; neural process; performance; reaction time, 3398
 skill upgrading; informal training; skill acquisition strategy; Indian auto mechanic; developing countries, 30142
 SMILES Program; life enhancement skills; mental illness; mentally ill parent; mentally ill sibling; children's knowledge; coping; self-report, 28056
 sport psychology; indigenous performing artists; mental skills training program; goal setting; self-confidence development; team building; cultural awareness, 20977
 strategy shift affordance; strategy choice; young adults; older adults; skill acquisition; scanning-based processing; memory-based processing; age differences, 33879
 strategy; cognitive skill learning; memory-based performance; practice; item response; parallel strategy execution; retrieval; algorithm, 9676
 teaching exercise development; feedback skills; improvement evaluation; faculty development programs; program effectiveness; program development; objective structured teaching exercise, 12109
 variability decomposition; goal-oriented tasks; skill improvement; practice, 9628
 work domains; work related learning; police officers, 36547
Skill Learning [See Also Gross Motor Skill Learning]—Chapters
 Hardiness training for resiliency and leadership, 19225
 The nature and mechanisms of plasticity, 15635
 Plasticity in adult M1 cortex during motor skill learning, 15619
 Skill learning, 15636
 Ventures in dichotomy: Rigor and tolerance in the education of beginners, 2770
Skilled Industrial Workers—Serials
 clothing workers; clothing industry; global market pressures; working conditions, 12315
Skills [See Ability]
Skin (Anatomy)—Serials
 blushing; vasodilation; generalized social phobia; methyl nicotinate; vasodilatory response; blood flow, 1522
 cannabinoid agonists; cannabinoid receptor; capsaicin-induced responses; human skin; pain perception; hyperalgesia, 22841
 EEG activation; skin pain; muscle pain; nociceptive inputs; processing; capsaicin injection, 12909
 receptive fields; hairy skin; forearm; unmyelinated tactile afferents; human skin; cutaneous mechanoreceptive afferents, 15600
 sensory pain thresholds; women skin; fibromyalgia syndrome; ketamine responders; ketamine nonresponders; N-methyl-D-aspartic acid, 8138
 sunburn; at risk population; skin cancer; men; beliefs; behavior, 16708
 tactile information; perceptual size; thenar eminence; glabrous skin; hairy skin; tactile perception; active touch; perceived size of stimuli, 9571
 vomeronasal organ; odorants; signalling; main olfactory epithelium; pheromones; mice; chemosensory functions, 9936
Skin Cancer Screening [See Cancer Screening]
Skin Conduction [See Skin Resistance]
Skin Disorders [See Also Allergic Skin Disorders, Alopecia, Dermatitis, Herpes Simplex, Lupus]—Serials
 antioxin treatment; wound botulism; ophthalmoplegia; favorable outcome; rapid recovery; symptom onset, 16588
 boat crew members; skin irritation; public health professional; prevention; epidemiology; pellagra, 35924
 chronic skin disorders; measurement; reliability, 6329

hypnosis; psychogenic or neurotic excoriations; acne excoer; behavior; acne lesions; treatment; pregnant woman, 35612
 instant photography; diagnosis; dermatology; case management; referrals, 29013
 online consumer health education; dermatology; health information; patient care; health outcomes; consumer health information; health professionals; patients, 8755
 quality of life; plaque psoriasis; cyclosporin; intermittent therapy, 29491
 skin picking; sleep disturbances; anxiety; pathological excoriation; anxiety; stress, 10676
 systemic lupus erythematosus; antiphospholipid antibodies; osteoporosis; cerebrovascular disease; cognitive disorders; mood disturbances, 11134
Skin Resistance—Serials
 alexithymia; emotional load; mental load; psychophysiological reactivity; skin conductance reactions; heart rate acceleration; electrodermal activity, 19308
 autonomic nervous system patterning; emotion; affective space; blood pressure; skin conductance; electrocardiogram, 12948
 decision making; individual differences; risky decisions; skin conductance responses; somatic activities; choice behaviors; human behavior; risky choices, 9945
 interhemispheric differences; emotional responses; skin conductance responses; visual fields; emotional stimuli, 34035
 posttraumatic stress disorder; terrorism; optical tomography; neuroimaging; skin conductance response; prefrontal cortex, 7937
 preattentive bias; snake phobia; skin conductance responses; Stroop interference; masked words; stress conditions, 31836
 public speaking anxiety; heart rate; skin conductance, 30946
 stimulus compounds; human Pavlovian conditioning; skin conductance conditioning; elemental processing; configural processing; associative learning, 33867
 taboo words; emotional expressions; autonomic reactivity; English as a second language; Turkish-English bilinguals; psychophysiology; skin conductance, 3846
Skin Temperature—Serials
 operant escape; innate reflex responses; nociceptive stimulation; skin temperatures; heat; cold; thermal stimulation; rats; frequency; duration; latency, 21773
Skinner (Burrhus Frederic)—Serials
 B. F. Skinner; behavior analysis; human behavior; theoretical contributions; genetic determination; motivation; radical behaviorism, 12738
 B. F. Skinner; psychology, 33453
 B. F. Skinner; Science & Human Behavior; Behavior of Organisms; Darwin; natural selection; human behavior, 12733
 call for papers; special issue; behavior; neuroscience; B. F. Skinner, 12425
 death; Gustav Fechner; William James; Carl Rogers; B. F. Skinner, 24865
 human behavior; B. F. Skinner; science; history; psychology, 12427
 human behavior; mentalistic terms; mind-body dualism; B. F. Skinner; psychology; history, 12432
 human behavior; undergraduate courses; psychology course; B. F. Skinner, 12430
 introductory psychology; behavior analysis; human behavior; B. F. Skinner; history, 12429
 personality assessment; projective technique; projective testing; B. F. Skinner; verbal summator, 109
 radical behaviorism; social determinism; Bush; Clinton; Skinner, 34590
Skull—Serials
 bone thickness; anisotropy; inhomogeneity; electroencephalogram scalp potentials; event-related potentials, 27810
 post-traumatic bilateral facial palsy; basilar skull fracture; head injury, 29142
Sleep [See Also Napping, NREM Sleep, REM Sleep]—Serials
 actigraphy; sleep; sleep disorders; circadian rhythms; treatment outcome measure, 4835
 acute stress; heart rate; sleep, 17119
 age-related sleep change; gender effects; estrogen; subjective-objective sleep quality; older adults, 25110
 anorexia nervosa; weight restoration; objective sleep quality; subjective sleep quality, 22772
 antepartum bed rest; pregnant woman; family; coping strategies; quality of care, 29556
 antibody response; hepatitis A vaccination; hormones; sleep, 656
 arousal response; drosophila melanogaster; behavioral research; adaptive functions; circadian rhythms; methodology; sleep; anesthesia, 18527
 attention deficit hyperactivity disorder; sleep; homicidal men; antisocial personality disorder, 25478
 automatic analysis; sleep depth; sleep apnea; sleep EEG, 16605
 bedtime alcohol ingestion; cognitive procedural task; memory loss; ethanol consumption prior to sleep; pursuit rotor task; declarative task; sleep states, 3979
 bedtime medication regimen; daytime sleep; challenging behaviors; intellectual disabilities; trazodone; aggression; self-injury; physical restraint; comorbid psychiatric diagnoses, 20323
 behavioral intervention; autism; developmental delay; bedtime disturbances; sleep restriction; nighttime awakenings; sleep problems, 20194
 bipolar outpatients; actigraphy; sleep parameters; naturalistic setting, 25576
 brain derived neurotrophic factor; protein levels; rat hippocampus; sleep regulating factor; circadian regulating factors; light dark cycle; cerebellum; brainstem, 7137
 cannabis extracts; nocturnal sleep; early morning performance; memory; sleepiness; tetrahydrocannabinol, 24836
 carbergoline; drug treatment; Parkinson's disease; sleep; periodic leg movements during sleep; early morning motor performance, 1852
 childhood sleep; behavioral problems; twin sample; anxiety; conduct; hyperactivity, 25513
 chronic benzodiazepine users; sleep microstructure; insomnia; EEG power spectra, 3763
 chronic fatigue syndrome; monozygotic twins, 19839
 chronic major depression; psychotherapy; nefazodone; combination therapy; sleep outcome; Cognitive Behavioral Analysis System of Psychotherapy, 5121
 chronic sleep deprivation; total sleep deprivation; sleep restriction; neurobehavioral functions; sleep physiological functions; cognitive performance; cumulative wakefulness; neurobiological cost, 3839
 cobedding; twins; interaction; adjustment; post birth stress, 10396
 cognitive dysfunction; nervous system; neuropsychiatric symptoms; systemic lupus erythematosus; sleep; quality of life, 35216
 college students; worry content; sleep-length, 23764
 construct validation; actigraphic sleep measures; hospitalized patients; depression; sleep-wake cycle; experimental intervention, 14039
 continuous positive airway pressure compliance; obstructive sleep apnea; titration, 5418
 coping style; stress; sleep; graduate students, 34127
 cortisol awakening response; subjective sleep quality; night-time noise exposure; traffic noise, 3857
 cosleeping behavior; sleep behavior; prediction; prevalence; behavior problems; Italian school children, 16161
 cross cultural differences; Americans; Austrians; infancy; toddlerhood; co-sleeping practices; sleeping locations; social development; parenting attitudes; marital satisfaction, 22096
 daily sleep patterns; college students; gender differences; grade differences, 18673
 daytime sleepiness; morningness/eveningness dimension; young adults; medical school students; drug use; diseases; sleeping habits, 7697
 depressed patients; REM sleep; selective serotonin reuptake inhibitors; major depressive disorder; rapid eye movement sleep; double-blind treatment; sleepiness, 8513
 diet; cognitive performance; sleepiness; high carbohydrate diet; high fat diet, 15176
 dietary treatment; side effects; sleep problems; tryptophan; dietary hypnosis, 23414
 dim light melatonin onset; sleep; regular schedule; circadian phase, 3816
 dimensional complexity; human sleep EEG; spectral power; linear measures; self-similarity exponent; theta band; alpha band; sigma band; sleep stages, 21742
 dopamine agonists; Parkinson's disease; levodopa; sleep disorders; hypersomnia; sleep apnea; nap unawareness, 16798
 dream consciousness; neurobiology; sleep; brain; rapid eye movement; waking consciousness, 30925
 dream perception; subjective sleep quality; myasthenia gravis; central nervous system; sleep perception; dreaming, 26139
 dreams; Andaman Islanders; smells; rituals; Radcliffe-Brown; Andamanese hunters and gatherers; sleeping arrangements, 27587
 ecstasy; MDMA; motor activity; drug-naive rats; acute effects; paroxetine binding; sleep; single dose exposure; circadian patterns; cerebral glucose utilization; previously exposed rats, 24781
 electroencephalography abnormalities; age-matched siblings; autistic children; abnormal sleep patterns; epileptiform activity; autistic spectrum disorder, 22432
 Epworth sleepiness scale; Resistance to Sleepiness Scale; daytime sleep propensity; resistance; psychometric techniques; psychometric studies; Latent trait theory; subjective sleep; sleep disorder, 15055
 erratum; sleep; chronic fatigue; psychosomatic research, 22785

- ethnic differences; polysomnographically recorded sleep; laboratory environment; home setting; Blacks; Whites; hospitals, 3426
- exogenous melatonin; cognitive functioning; age-related cognitive decline; healthy elderly subjects; sleep latency, 27931
- feigned depression; feigned sleepiness; voice acoustical correlates; speech rate control, 24404
- first time mothers; last trimester; pregnancy; postpartum period; sleep patterns; depressive symptoms, 4610
- food deprivation; sleep restoration; sleep recovery; tryptophan; dietary proteins; rat; lactalbumin; neurotransmitters, 30931
- functional brain maturation; preterm infants; sleep behavior; EEG-sleep behavior; fullterm infants; physiological differences; neonates, 15573
- gender differences; excessive daytime sleepiness; Japanese workers; occupational settings; workplace accidents; impaired personal, 23999
- headache; sleep disturbance; sleep; chronic paroxysmal hemiparesis; primary headache disorder; psychological disorder, 16591
- health care utilization; insomnia; sleep complaints; insomnia; mental disorders; sleep behavior; prevalence, 26604
- health care utilization; negative thoughts; rumination; immune parameters; sadness; subjective sleep quality; age differences, 26634
- heart rate variability; sleep; posttraumatic stress disorder; noradrenergic function; sympathetic nervous system activity; traumatic injuries, 22587
- hormone concentrations; hormonal responses; hypoglycemia; counterregulation; sleep; glycemic threshold, 3821
- hypothalamus-pituitary-adrenal axis; HPA axis; cortisol; awakening; awakening time; female nurses; female college students; sleep-wake cycle; work shifts, 7091
- imagery rehearsal treatment; distressing dreams; psychological distress; sleep parameters; nightmare patients, 5195
- impaired daytime sleep; wakefulness; Parkinson disease; ergot dopamine agonists; nonergot dopamine agonists, 23405
- indeterminate sleep; nonlinear structure; full-term newborns; nonlinear EEG; premature newborns; brain dynamics; active sleep; quiet sleep; synaptic interconnections; newborn brain, 7046
- insomnia subtypes; behavioral & hypnotic treatments; progressive muscle relaxation; sleep onset; sleep restriction; flurazepam, 5142
- insomnia; postwithdrawal recovering alcoholics; sleep assessment protocol; subjective measures; objective measures; collateral measures, 31658
- interleukin-6; rat sleep; cytokines tumor necrosis factor; TNF; interleukin-1; IL; antibodies; non-rapid eye movements sleep; sleep regulation; sleep modulation; neuroimmune, 3912
- learning objectives; undergraduate medical education; medical school curricula; sleep; circadian rhythms, 5782
- Leeds sleep evaluation questionnaire; self-report; getting to sleep; quality of sleep; awakening from sleep; alertness; behavior following wakefulness; cross-cultural validation; reliability; insomnia, 9469
- lesion rats; post-deprivation recovery sleep; suprachiasmatic nucleus; homeostatic regulation; circadian rhythm; homeostatic regulation, 6947
- light exposure; sleep; circadian activity rhythms; Alzheimer's disease; nursing home patients, 4963
- long sleepers; short sleepers; psychological adjustment; lifestyle; sleep parameters; older adults, 12933
- medical training; fatigue; sleep loss; sleep; medical education; medical trainees, 5764
- melatonin; health status; sleep; idiopathic chronic sleep-onset insomnia, 5346
- memory consolidation; reconsolidation; dissociable stages; wake; sleep; memory processing; recall; motor tasks, 3301
- memory consolidation; sleep; perceptual learning; spoken language; generalization, 3296
- memory consolidation; sleep; sleep replay; birdsong; electrical activity; temporal frequency, 15491
- menopausal status; disturbed sleep; midlife women, 4890
- menstrual cycle; healthy young women; subjective sleep; ovulation, 18655

- vasoactive intestinal peptide; amygdaloid central; basal nuclei; sleep organization; pontogeniculooccipital waves; cats, 3977

vigilance; responsivity; autonomic arousal; avoidance; veterans; posttraumatic stress disorder; PTSD; sleep, 1524 wakefulness; sleep; learning; EEG power spectra; memory processing; behavioral responses; avoidance task; retention; rats, 15659

zolpidem; temazepam; rebound insomnia; chronic insomnia treatment; drug side-effect, 29037

Sleep [See Also Napping, NREM Sleep, REM Sleep]—Chapters

Authors' responses, 18630

Behavioral and physiological responsivity, sleep, and patterns of daily cortisol production in infants with and without colic, 1802

Dreaming and the brain: Toward a cognitive neuroscience of conscious states, 18629

IX: Consciousness as a state: Waking, deep sleep, coma, anesthesia, and dreaming, 3434

Open peer commentary, 18628

Postscript: Recent findings on the neurobiology of sleep and dreaming, 18631

Sleep Apnea—Serials

autobiographical memory; somatic change; cognitive change; sleep apnea; affective disorders; depression; sleep apnea patients, 28655

automatic analysis; sleep depth; sleep apnea; sleep EEG, 16605

autonomic control; obstructive sleep apnea syndrome; respiratory sinus arrhythmia; arterial blood pressure; systolic blood pressure; respiration; R-R interval, 4841

cervical spine fusion; sleep disorder; obstructive sleep apnea, 11155

cognitive dysfunction; obstructive sleep apnea; OSA; treatment; patients; sleepiness; partial reversibility; positive airway pressure; CPAP; treatment outcomes, 2291

continuous positive airway pressure compliance; obstructive sleep apnea; titration, 5418

continuous positive airway pressure; home-initiated auto-nCPAP; conventional nCPAP; severe obstructive sleep apnea syndrome; treatment efficacy; cost; time from diagnosis, 5451

Down syndrome; narcolepsy like symptoms; sleep apnea, 4793

neuropsychological effects; obstructive sleep apnea, 4839

neuropsychology; obstructive sleep apnea-hypopnea syndrome; cognitive deficit patterns, 35165

nightmares; insomnia; sleep-disordered breathing; fire evacuees; treatment seeking; posttraumatic sleep disturbance, 25721

nocturia; quality of life; elderly patients; obstructive sleep apnea syndrome; sleep onset insomnia; urologic condition; medical condition, 26038

obesity; apnea severity; obstructive sleep apnea; upper airway anatomy; pharyngeal airway physiology; ventilatory control; airway collapse; lung capacity; volume changes, 4856

obstructive sleep apnea syndrome; glaucoma; disease progression; vascular risk factors; nasal continuous positive airway pressure therapy; intraocular pressure, 5435

obstructive sleep apnea; carbon monoxide poisoning; neuropathology; brain; hypoxia; neuropsychology; treatment, 11150

obstructive sleep apnea; cerebral hypoxemia; death; critically ill patients; encephalopathy; arousal thresholds, 28996

obstructive sleep apnea; multiple-system atrophy; polysomnography; apnea-hypopnea index, 11151

obstructive sleep apnea; stroke patients; functional disability; length of hospitalization, 4947

obstructive sleep apnea; sympathetic nerve activity; vascular reactivity; systemic hypertension; animal models; etiologic association, 4855

polysomnographic variables; obstructive sleep; polysomnographic data; nocturia; obstructive sleep apnea-hypopnea syndrome; prediction; prevalence, 4860

psychological status; sleep apnea-hypopnea syndrome, 35193

psychological status; sleep apnea-hypopnea syndrome, 35219

respiratory disturbance; performance iq; academic achievement; disordered breathing; group comparisons; math achievement; immediate recall; sleep disordered breathing, 4862

sleep apnea; gastro-esophageal reflux; infants; sleep polysomnography; pH probe, 24731

sleep apnea; headache; prevalence; syndromes; comorbidity, 29005

sleep apnea; patient education program; program effectiveness; patient beliefs, 20523

sleep architecture; slow wave activity; sleep spindles; sleep disordered breathing; sleep fragmentation; esophageal pressure monitoring; respiratory events; EEG, 16622

sleep-disordered breathing; affective functioning; sleep quality; obstructive sleep apnea; subjective sleepiness; nocturnal hypoxemia; neuropsychological functioning; sleep disturbance, 13874

snoring; body position; sleep position; obstructive sleep apnea; snorers; sleep stage; REM sleep; NREM sleep, 4877

Sleep Deprivation—Serials

adrenocorticotrophic hormone; anterior cingulate cortex; glucocorticoid receptors; addiction; sleep loss; substance abuse; college student depression, 25603

apomorphine; sleep-deprived rats; genital reflexes; sexual arousal; penile erection; ejaculation, 7145

auditory event-related potentials; psychological changes; sleep deprivation; psychophysiological changes, 24736

cholinergic mechanisms; cocaine; genital reflexes; paradoxical sleep deprivation; male rats; penile erection, 18705

chronic sleep deprivation; total sleep deprivation; sleep restriction; neurobehavioral functions; sleep physiological functions; cognitive performance; cumulative wakefulness; neurobiological cost, 3839

circadian modulation; structured sequence learning; sleep deprivation; sleep satiation; REM sleep, 30912

cognitive performance; modafinil; sleep deprivation; volunteers; wakefulness; middle age, 18786

declarative memory impairments; metabolism; physical activities; sleep deprivation; military combat course; neuropsychological parameters; biochemical parameters, 26160

light therapy; serotonin transporter; functional polymorphism; serotonergic drug; sleep deprivation; drug treatments; bipolar depressed inpatients; polymerase chain reaction; antidepressant response, 2247

medical training; fatigue; sleep loss; sleep; medical education; medical trainees, 5764

migraine headache; sleep disturbances; sleep behaviors; children, 13871

neurobehavior; sleep deprivation; event-related functional magnetic resonance imaging; sustained wakefulness, 18663

neurobehavioral consequences; sleep restriction; fatigue; long distance driving, 3693

paradoxical sleep deprivation; M1 muscarinic receptors; [3H]pirenzepine binding; rat brain; sleep recovery; passive avoidance task; memory deficits; learning deficits, 12869

psychomotor vigilance tasks; short tests; test duration; performance; sleep loss; wakefulness; sleepiness, 30382

psychomotor vigilance; reaction times; circadian modulation; sleep deprivation; wake-dependent modulation, 18686

REM sleep deprivation; variable interval reinforcement schedule; response rate; lever pressing; rats, 3826

repeated sleep deprivation; major depression; amitriptyline; antidepressants; response patterns, 14198

repeated sleep deprivation; major depression; amitriptyline; antidepressants; response patterns, 14143

sleep deprivation; chronic pain; opioids; serotonin; pain, 18667

sleep deprivation; immobility; antidepressant effects; antidepressant treatment, 24758

sleep deprivation; serotonergic neurotransmission; hippocampus; sleep-wake behavior; rats, 21660

sleep deprivation; sustained-release bupropion; seizures; generalized tonic; smoking cessation; tonic-clonic seizure; female smoker, 5324

sleep deprivation; task-shift costs; extradiurnal shifts; intradiurnal shifts; cognitive tasks; stimulus-response mappings; judgment; reaction times, 33798

sleep deprivation; waking EEG; sex differences, 7041

steroid metabolism-related genes; rat; adrenal glands; REM sleep deprivation; adrenocortical steroid metabolism; P450 α ; steroid 5 α -reductase; steroidogenic acute regulatory protein; STAR, 15693

total sleep deprivation; late partial sleep deprivation; treatment; major depression; therapeutic sleep deprivation, 5378

Sleep Disorders [See Also Hypersomnia, Insomnia, Kleine Levin Syndrome, Narcolepsy, Sleepwalking]—Serials

actigraphy; sleep; sleep disorders; circadian rhythms; treatment outcome measure, 4835

age-related sleep change; gender effects; estrogen; subjective-objective sleep quality; older adults, 25110

behavioral sleep medicine; historical perspective; sleep disorders; treatment approaches; treatment developments, 5137

boredom proneness; sleep disorders; adult attention deficit, 11074

breathing-related sleep disorders; major depressive disorders; psychotic features; mood disturbances, 4529

cartoons; Dagwood; National Institute of Health; Sleep Research Plan; National Center on Sleep Disorders Research; sleep disorders; history; sleep mechanisms, 4867

cervical spine fusion; sleep disorder; obstructive sleep apnea, 11155

course; persistent sleep disturbances; temporary sleep problems; psychiatric symptoms; preadolescents; psychiatric; mental health problems; at risk populations, 1389

cyclic alternating pattern; microstructure; EEG sleep; depression; sleep disorders, 7824

dietary treatment; side effects; sleep problems; tryptophan; dietary hypnotic, 23414

dopamine agonists; Parkinson's disease; levodopa; sleep disorders; hypersomnia; sleep apnea; nap unawareness, 16798

Down syndrome; group instruction; parents; sleep problems; mothers, 32045

enhanced evening light; light therapy; Advanced Sleep Phase Syndrome; efficacy, 5447

Epworth sleepiness scale; Resistance to Sleepiness Scale; daytime sleep propensity; resistance; psychometric techniques; psychometric studies; Latent trait theory; subjective sleep; sleep disorder, 15055

erratum; sleep; chronic fatigue; psychosomatic research, 22785

fatal familial insomnia; family of Chinese descent; sleep disturbance; neurophysiological data; radiological data; neuropathological data, 22846

insomnia management; measurement; symposium; nosologic systems; sleep difficulties; cognitive function, 26044

International Classification of Sleep Disorders; Association of Sleep Disorders centers; differential diagnosis; clinical descriptions; clinical decision making, 4844

Kleine-Levin syndrome; cognitive-behavioral intervention; cognitive-behavioral management; sleep disorders; wakeful periods; maladaptive behavior, 5198

mental health; winter darkness; depression; sleeping problems, 28613

modafinil; major depression; wake-promoting agent; adjunctive treatment; fatigue; excessive sleepiness, 11480

myotonic dystrophy type 1; excessive daytime sleepiness; hypocretin system, 4873

neuropsychology; obstructive sleep apnea-hypopnea syndrome; cognitive deficit patterns, 35165

nightmare disorder; posttraumatic stress disorder; hypnopompic hallucinations; posttraumatic nightmares; isolated sleep paralysis; rapid eye movement; mental experiences; breathing problems, 26039

nightmares; insomnia; sleep-disordered breathing; fire evacuees; treatment seeking; posttraumatic sleep disturbance, 25721

nocturia; nocturnal polyuria; sleep quality; elderly people; quality of life; sleep deterioration; daytime sleepiness; energy loss, 26017

nocturnal melatonin secretion; disordered sleep; abstinent alcoholics; sleep-wake cycle, 8017

non-Hispanic Whites; American Indians; sleep-disordered breathing; Blacks; Hispanic; Asian-Pacific Islander; sleep-related symptoms; females; males, 4878

normal sleepers; sleep schedule adherence; self-report validity; wrist actigraphy; sleep disorders; psychiatric disorders, 30913

normal sleepers; sleep schedule adherence; self-report validity; wrist actigraphy; sleep disorders; psychiatric disorders, 30911

polysomnography; algorithms; actigraphic recordings; sleep studies, 3818

post-traumatic stress disorder; sleep disturbances; panic disorder, 10674

postmenopausal women; hormone replacement therapy; sleep-disordered breathing; estrogen monotherapy; estrogen plus progesterone; sleep; mood, 5439

posttraumatic stress disorder; nocturnal awakenings; nightmare sufferers; periodic leg movements; sleep pathophysiology; rapid eye movements, 4511

practice parameters; sleep-wake patterns; sleep disorders; actigraphy; circadian rhythms; movement, 3422

primary insomnia; sleep onset latency; total sleep time; distorted sleep perception, 16637

problematic sexual behavior; sleepsex; sexomnia; parasomnia; phenomenology, 26051

psychological status; sleep apnea-hypopnea syndrome, 35193

psychological status; sleep apnea-hypopnea syndrome, 35219

rapid eye movement; sleep behavior disorder; parasomnia; dementia with Lewy bodies; Parkinson disease; differential diagnosis; management strategies; pathophysiology; comorbidity, 35259

REM sleep behavior disorder; dementia; parkinsonism; synucleinopathy pathology; neurodegenerative disorder, 10695

REM sleep behavior disorder; RBD; parkinsonism; antidepressant drug; mirtazapine, 5446

REM sleep behavior; sleep behavior disorder; RBD; spinocerebellar ataxia type 3; Machado-Joseph disease; neurologic disorder; SCA-3, 5070

REM sleep disorder; striatal monoaminergic deficit; polysomnography, 11152

restless legs syndrome; periodic limb movement disorder; neurological disorder; sleep disturbances; older adults; diagnosis, 26144

silent brain ischemia; white matter lesions; older adults; insomnia; difficulty falling asleep; early morning awakening; brain MRI, 16608
skin picking; sleep disturbances; anxiety; pathological excitation; anxiety; stress, 10676
sleep architecture; slow wave activity; sleep spindles; sleep disordered breathing; sleep fragmentation; esophageal pressure monitoring; respiratory events; EEG, 16622
sleep assessment devices; polysomnography; sleep log; actigraphy; REMview; sleep disorders, 12443
sleep behavior disorder; correlates; rapid eye movement; RBD patients; central nervous system dysfunction; occipital frequency; neurodegenerative disorders; electroencephalogram activation; REM sleep, 16596
sleep complaints; posttraumatic stress disorder; sleep disturbance; major depression; emotional trauma, 26023
sleep conference proceedings; sleep knowledge; sleep promotion; sleep disorders research; sleep disordered breathing; restless legs syndrome; public health agenda; obesity, 26532
sleep disordered breathing; cognitive changes; racial differences; cognitive performance; older adults; apneic events, 26027
sleep disordered breathing; respiratory disturbance events; oximeter acquisition parameter, 4850
sleep disruption; Alzheimer's disease; apolipoprotein epsilon 4 allele; sleep-wake parameters; time, 16845
sleep disturbance; cancer patients; fatigue severity; depressed psychiatric patients; community-dwelling adults; clinical depression, 4836
sleep disturbance; children; epilepsy; sleep-disordered symptoms; obstructive sleep apnea; behavioral disturbances, 11230
sleep disturbance; methadone maintained patients; sleep quality; medical risk factors; psychological risk; depressive symptoms; demographics; nicotine dependence; anxiety symptoms; mental health, 20662
sleep disturbances; chronic disease; older adults; comorbidities; sleep problems; Sleep in American survey, 25456
sleep disturbances; chronic obstructive pulmonary disease patients; prevalence; elderly, 4840
sleep disturbances; kava extract; anxiety disorder; drug therapy, 14208
sleep maintenance problems; chronic insomnia; pediatric sleep; chronic sleep initiation; melatonin; children; adolescents, 23386
sleep problems; Angelman syndrome; prevalence, 28994
sleep problems; severe disabilities; paired choice assessment; mothers attention; stimuli, 32010
sleep problems; sleep quality; health services; neurodegenerative diseases; older adults; quality of life; health service utilization, 26057
sleep regulation; octreotide; side effects; sleep disturbance; REM sleep; non-REM sleep; sleep quality; EEG signal power, 10066
sleep; eating disorders; bulimia nervosa; microstructure; anorexia nervosa; sleep disturbances; arousal, 22769
sleep; psychological characteristics; alpha-EEG sleep anomaly; chronic pain patients, 19861
sleep; quantitative electroencephalography; neurodegenerative disorders; sleep problems, 26159
sociocultural characteristics; elderly individuals; sleep patterns; daytime sleep; nighttime sleep; sleep habits; sleep disorders, 25103
treatment efficacy; insomnia; patient report measures; polysomnography; nocturnal sleep, 26509
treatment strategies; sleep disturbance; major depression, 7822

sleep-wake cycle; cycle adjustment; small changes; scheduled changes; daylight saving time; weekend sleep, 9937
sleep-wake cycle; cycle expression; adolescence; social context influence; urban environments; non-urban environment; age differences, 10136
sleep/wake patterns; sleep laboratory; activity monitoring; monitoring device; nap analysis; WristCare, 3828
wake-sleep states; acoustic stimulation; cardiovascular regulation; wakefulness; NREM sleep; REM sleep; rats; acoustic stimuli; cardiac arrhythmias; risk factors, 3833
work overload; cortisol awakening responses; chronic worry, 18799
Sleep Wake Cycle—Chapters
The relevance of circadian rhythms for human welfare, 1363
Sleeplessness [See Insomnia]
Sleepwalking—Serials
genetic susceptibility; REM sleep behavior disorder; familial sleepwalking disorder; genetic linkage, 13868
nonbenzodiazepine hypnotic; zaleplon overdose; complex behavior; sleepwalking, 32457
sleepwalking violence; sleep disorder; legal dilemma; aggression; non-REM sleep; waking, 28989
topiramate; treatment of Comorbid Night Eating Syndrome; PTSD; posttraumatic stress disorder; night eating episodes; sleepwalking episodes, 29393
Slow Wave Sleep [See NREM Sleep]
Slums [See Poverty Areas]
Smell Perception [See Olfactory Perception]
Smiles—Serials
facial expressions; facial expressions reproducibility, 15278
implicit self-esteem; classical conditioning; computer game; self-relevant information; smiling faces, 25317
positivity; familiarity; smiling; neutral expressions; mood states, 22335
smiling; spontaneous facial expressions; facial configuration; movement patterns; facial movements; nonverbal communication; emotion expression; automatism; social environments, 9934
visual expression; auditory perception; prosody emotion; amusement; audio-visual perception; amused speech; acoustic signal; spontaneous/mechanical smile gesture; speech stimuli, 3337
Smiles—Chapters
Laughter and smiling: The intertwining of nature and culture, 6762

Smokeless Tobacco—Serials

Arab-American adolescents; tobacco use; predictors; tobacco smoking; cultural appropriateness; Project Toward No Tobacco; potential longitudinal study; measures, 13246

betel nut chewing; prevalence; parental behavior characteristics; adolescent students; socioeconomic factors; gender differences; intergenerational effect, 28135

chewing tobacco; spit tobacco; pharmacological interventions; behavioral interventions; bupropion; tobacco abstinence, 17430

cigarette smoking; epidemiology; risk factors; Chinese women, 13403

cigarette smoking; tobacco users; smokeless tobacco; high school students; parental education; tobacco products; cigar, 4317

residential treatment; smokeless tobacco use; tobacco use cessation; behavioral therapy; serum nicotine concentrations, 29781

smokeless tobacco use; adolescent behavior; tobacco cessation; organized sports; cessation behavior, 34579

smokeless tobacco; cigarette smoking; anger types; Native American adolescents; smoking cessation; dual use, 13237

snuff use; smoking; quitting smoking; males, 4316

snuff use; smoking; quitting smoking; males, 4320

spit tobacco; chewing tobacco; nicotine absorption; nicotine exposure; cotinine; biomarkers; tobacco juice swallowing, 13396

tobacco product use; smoking experience; cigarette smokers; smokeless tobacco; risky behaviors; California adolescents; cigars; bids; safety beliefs; tobacco promotion receptivity; nicotine tolerance, 10236

tobacco; free trade agreement; death; public health, 34405

Smoking (Tobacco) [See Tobacco Smoking]

Smoking Cessation—Serials

abstinence rates; recalcitrance; cessation cognitive-behavioral smoking cessation treatments; placebo medication; smokers; pharmacotherapy; nicotine gum; nicotine patch; coping skills training, 5687

acute myocardial infarction; public smoking ban; hospital admissions, 26117

acute myocardial infarction; public smoking ban; hospital admissions, 32133

acute myocardial infarction; public smoking ban; hospital admissions, 32135

acute myocardial infarction; public smoking ban; hospital admissions, 32136

addictions treatment; cigarette smoking; tobacco addiction; substance-addicted women; addictions treatment programs; health threat, 23618

adolescent perceptions; tobacco smoking; quitting strategies; smokers vs nonsmokers; cessation strategies; adolescent smokers; smoking status, 2518

adolescent smokers; nicotine patch; bupropion; treatment efficacy, 32787

adolescent smokers; stage of change measures; tobacco smoking, 24161

African American smokers; genetic susceptibility; smoking cessation; at risk populations; low socioeconomic status; genetic risk; lung cancer, 13405

alcohol problems; smoking cessation; nicotine replacement therapy; heavy smokers, 11916

antismoking efforts; teenagers; tobacco taxes; delayed smoking initiation; adult smoking rates; public health effects; long term policy strategy; adult cessation, 14324

anxiety sensitivity; smoking-related withdrawal symptoms; motivation to quit; nicotine withdrawal; panic; smoking cessation, 35897

balanced tobacco control policy; smoking cessation; tobacco taxes; delayed smoking initiation; smoking prevention; indoor smoking controls, antismoking advertising, 14345

behavioral medicine research; cessation interventions; cessation guidelines; synergistic effects; care organizations, 11747

blind spot; nicotine replacement therapy; smoking cessation, 26735

bupropion SR; health care system; smoking cessation treatment; screening; managed-care setting; field trial recruitment; behavioral cessation programs, 11917

bupropion SR; nicotine dependence; smoking cessation counseling; comorbid ADHD; tolerability; adolescents, 14055

bupropion SR; Zyban; nicotine dependent smokers; smoking cessation; veterans; applicability; side effects; prescribing, 26727

cancer; patient characteristics; smoking cessation program; quit motivation; program development; tobacco control programs, 26740

categorical response format staging algorithm; decisional balance; cigarette smoking; smoking cessation, 22266

cessation treatments; nicotine dependency; smoking cigarettes; social stimulation; dissonant smokers; smoking cessation; cognitive factors; positive attitude, 11950

cigarette smokers; smoking cessation; smoking reduction; smoker characteristics, 14482

cigarette smoking; smoking initiation; smoking trajectories; latent growth; critical intervention times; low frequency smokers; high frequency smokers; at risk identification; prevention, 29545

clinical practice guidelines; psychologist adherence; tobacco cessation; practitioner survey; intervention, 23102

cognition moderates; smoking cessation messages; smoking; cancer prevention behavior; persuasiveness, 14493

college students; occasional smokers; daily smokers; public health; behavior change; tobacco; health behavior, 13414

computer-generated advice letters; smoking cessation; treatment outcomes, 29771

concurrent validity; convergent validity; contemplation ladder; University of Rhode Island Change Assessment; smoking cessation, 33585

consumer demand; nicotine replacement therapy; prices; cigarettes, 5704

contingency management interventions; rewards; tobacco smoking; smoking cessation; drug addiction; substance use, 23615

contingent payment model; smoking cessation; nicotine withdrawal; monetary incentives, 5686

controlled deep breathing; smoking withdrawal symptoms; dependent smokers, 26733

daily process design; daily negative events; preceived stress; smoking; smoking urges; gender; nicotine dependence; naturalistic settings; adult smokers, 13412

daily smokers; stage of change; sociodemographic characteristics, 7595

delay discounting; smokers; education level; smoking cessation treatment; nonsmokers, 31932

depression; smoking; Transtheoretical Model of change; decisional balance; temptation; smoking cessation, 25601

depressive disorders; nicotine dependence; smoking; smoking cessation; comorbidity; smoking sustenance, 19669

depressive symptomatology; postmenopausal women; HRT; transdermal hormone replacement therapy; mood states; cigarette abstinence; nicotine withdrawal; short-term smoking abstinence; smoking cessation, 5099

depressive symptoms; inner city African American smokers; smoking cessation; nicotine replacement therapy; nicotine patch; smoking levels, 5675

developing countries; smoking decision process model; tobacco industry; youth smoking; Cypriot youth, 17444

dopamine transporter; smoking cessation; receptor polymorphism; bupropion; tobacco smoking; drug therapy; genetics, 2508

economic policies; tobacco use; Medicaid clients; pharmacotherapy; tobacco cessation; smoking behavior; cigarette tax increase, 2513

EEG power spectra; auditory P300; free smoking; enforced smoking abstinence, 12924

energy intake; physical activity; short-term smoking abstinence; postmenopausal women; weight gain, 32757

environmental risk factors; smoking cessation; genetic risk factors; nicotine withdrawal; failed cessation; male twins, 5707

female arrestees; smoking behavior; smoking cessation; prevalence, 32834

female prisoners; tobacco smoking; smoking cessation, 13692

glucose tablets; tobacco withdrawal symptoms; smoking cessation; abstinence; glucose; bupropion; withdrawal symptoms; nicotine replacement, 14485

group-based smoking cessation treatment; major depressive disorder; abstinence; post-cessation weight gain gain; women; prevalence; depressive symptoms; history of depression, 5691

hard-core smokers; psychosocial environment; quitting difficulty; dependent smokers; public education; tobacco control programs; resource allocation; treatment; policy measures, 5706

hospitalized smokers; predictors; quitting, 5689

hypnosis treatment; smoking cessation; clinical hypnosis, 14469

interceptive exposure-based smoking cessation program; cognitive-behavioral treatment; panic disorder, 20190

leptin; hunger; body weight; gender differences; tobacco smoking; smoking abstinence, 31447

lived experiences; adolescent girls; tobacco smoking; tobacco cessation program; physical relationship; emotional relationship, 35870

mania; Bupropion therapy discontinuation; smoking cessation, 19389

motivational interviewing; personalized feedback; brief intervention; smokers; schizophrenia; tobacco dependence; treatment seeking; motivational; psychoeducational counseling, 32803

naltrexone treatment; cigarette smoking rates; abstinent alcoholics; alcoholism treatment, 5700

nasal spray; nicotine treatment; smoking cessation; preferences; gum; inhaler; tablet; craving; reinforcement; withdrawal, 35888

national action plan; smoking cessation; pregnancy; pregnant smokers; health care system; policy making, 35884

nicotine blocking agent; Accu Drop; cigarette tapering; smoking cessation; counseling; nicotine fading, 32770

nicotine dependence; baseline smoking behavior; gender differences; combined nicotine therapy; smoking cessation; nicotine inhaler; nicotine patch; cessation outcomes, 5673

nicotine gum; cigarette craving; smoking cessation, 22675

nicotine patch therapy outcomes; heavy smokers; alcohol dependence history; high dose nicotine patch; dose conditions; nicotine abstinence; alcohol abstinence length; follow-up assessments, 13401

nicotine patch; abstinence; smoking cessation; performance, 5678

nicotine patch; nicotine nasal spray; smoking abstinence rates, 5679

nicotine patch; smoking cessation treatment; bupropion sustained-release; female smokers; smokers; relapse risk; history of depression, 5702

nicotine patches; genotype; nicotine replacement therapy; smokers; human sex differences, 26747

nicotine replacement therapy; behavioral treatment; smoking reduction; later cessation, 5674

nicotine replacement therapy; plasma cotinine; exhaled carbon monoxide; transcutaneous partial oxygen tension; thiocyanate levels; cardiovascular risk markers; cigarette smoking, 5685

nicotine replacement therapy; smoking cessation interventions; prolonged abstinence; effectiveness evaluation, 5698

nicotine replacement therapy; smoking cessation; treatment efficacy; sex differences, 32760

nicotine research; tobacco research; pregnant smokers; external rewards; behavioral change; nicotine replacement; fetal growth, 35880

nicotine use; tobacco smoking; body weight; hookah use; young smokers; smoking cessation; nicotine patches; treatment withdrawal, 31439

nicotine; tobacco; cigarette smoking; dependence; satiation, 3965

nonclinical panic attack; smoking cessation; regular smokers, 26751

office-based nurses; patient evaluation; tobacco cessation activities, 26719

optimistic bias; perceived control; cigarette smokers; health risks; smoking cessation, 22271

oral transmucosal nicotine; flavor preference; suppression; nicotine withdrawal symptoms; smoking abstinence, 5694

parental smoking; daily smoking; smoking cessation; smoking status; prediction; adolescents; risk, 16035

parental smoking; daily smoking; smoking cessation; smoking status; prediction; adolescents; risk, 16003

parental smoking; daily smoking; smoking cessation; smoking status; prediction; adolescents; risk, 16005

parental smoking; daily smoking; smoking cessation; smoking status; prediction; adolescents; risk, 16019

parental smoking; daily smoking; smoking cessation; smoking status; prediction; adolescents; risk, 16004

patient preferences; cigarette cessation; alcohol cessation, 26718

pharmacotherapy; pregnant woman; smoking cessation; reproductive toxicity; fetal development; nicotine, 35865

physician advice; smoking; drinking; smokers; health professional; binge drinkers prevalence; alcohol use; clinicians; public health professionals; US adults, 5481

pregnant women; smoking cessation intervention; medical care; obstetricians; gynecologists, 35866

pregnant women; smoking cessation program; pregnant smokers; telephone counseling; smoking cessation counseling; public education; television advertisements, 35879

proactive telephone counseling; teen smokers; smoking cessation; self-help materials, 29795

program development; process evaluation; smoking cessation; web based program; college smokers; behavior change; intervention approaches; formative evaluation, 32768

psychiatric hospital; staff attitudes; smoking attitudes; smoking habits, 32962

quality of advice; general practitioners; smoking cessation; nicotine replacement therapy, 5677

quit dates; smoking cessation treatment; treatment compliance; cessation outcome; disorder relapse; human gender differences, 29772

residential treatment; smokeless tobacco use; tobacco use cessation; behavioral therapy; serum nicotine concentrations, 29781

risk expert system interventions; smoking cessation; dietary change; sun protection; parents; multiple behavior changes, 35701

risks; types of smokers; tobacco; smoking; smoking cessation, 942
 self-efficacy; smoking; major depression; nicotine dependence; drug dependence; nicotine withdrawal; smoking cessation, 31446
 smoke free parks; smoking prevention; health effects; resolutions; laws, 17230
 smokeless tobacco use; adolescent behavior; tobacco cessation; organized sports; cessation behavior, 34579
 smokers' expectancies; nicotine replacement therapy; cigarettes; nicotine gum; nicotine patch; nicotine nasal spray; treatment outcome, 32784
 smoking attitudes; pregnant smokers; nonpregnant smokers; smoking abstinence, 22687
 smoking behavior; Indigenous secondary school students; smoking cessation; cultural factors; social factors; psychological factors, 28117
 smoking cessation advice; licensed nurses; nursing assistants; job classification; resident disinterest; institutional support; safety concerns; long-term care; intervention opportunity, 13413
 smoking cessation intervention; counseling; primary care physicians, 14473
 smoking cessation intervention; minimal contact intervention; cardiac inpatients, 35891
 smoking cessation interventions; ethnic minority groups, 14481
 smoking cessation interventions; ethnic minority groups; pregnant women; low income, 35869
 smoking cessation medications; health plans; smoker awareness; medical benefit information; benefit utilization, 35860
 smoking cessation outcomes; adolescents; smoking behavior; stage of change; smoking cessation intervention; Not on Tobacco; intention to change; self efficacy; beliefs about smoking, 32767
 smoking cessation program; impediment profiling; tobacco use cessation; health promotion, 17248
 smoking cessation programs; high school students; teen participation; quit attempts; teen smokers, 5705
 smoking cessation trial; fluoxetine; mood changes; cognitive-behavioral therapy; drug effectiveness, 29777
 smoking cessation trials; outcome variables; research methodology; reporting procedures; intervention description, 23612
 smoking cessation Web site; social support; cognitive behavioral coping skills, 5682
 smoking cessation; expectancies; stages of change; precontemplation; contemplation; smokers, 26736
 smoking cessation; ill health; disadvantaged groups; health promotion; general health; smoking behavior; lay epidemiology, 23616
 smoking cessation; intervention; outcome measures, 11951
 smoking cessation; maternal smoking; pregnancy; biomarker feedback; motivation; risk factors; smoking adverse effects, 35882
 smoking cessation; mood; depression history; treatment modality; treatment outcomes; cognitive-behavioral treatment; health education intervention, 32779
 smoking cessation; parents; partners; education; smoking behavior, 14486
 smoking cessation; partner support; group therapy; drug treatment; smoking abstinence, 35881
 smoking cessation; rural youth; mental health; adolescent smoking, 26721
 smoking cessation; schizophrenia; smoking reduction, 22537
 smoking cessation; smoking-cessation program; high school students; adolescent smokers, 12230
 smoking cessation; substance abuse treatment; substance abusers; psychiatric comorbidity; smoking behaviors, 32808
 smoking cessation; substance abusing adolescents; cessation motives; quitting methods, 29802
 smoking cessation; tobacco control; tobacco usage; tobacco industry; health care industry; smoke free policies, 26724
 smoking expectancies; readiness to quit; African American smokers; gender differences, 31454
 smoking intervention; smoking cessation; social support; postoperative complications; intervention programs; knee arthroplasty, 8871
 smoking interventions; community based intervention; adult smokers; school based education programmes; smoking policies; classroom participation, 14465
 smoking prevalence; pregnancy; fetal growth restriction; sudden infant death syndrome; smoking interventions; spontaneous abortions; behavioral disorders, 35868
 smoking reduction; nicotine replacement therapy; brief advice; no-treatment condition; quit attempt; reduction counseling; motivational advice; brief advice; smoking cessation; quitting smoking, 29775
 smoking risk; schools; smoking intervention; adolescent smoking prevention; cessation intervention; intervention engagement, 22668

smoking stage of change; smoke-free residential drug treatment program; women; length of stay; discharge type; perinatal substance abuse; smoking characteristics, 32780
 smoking withdrawal; smoking cessation; withdrawal; pharmacotherapy; nicotine patch; bupropion, 2519
 smoking-cessation intervention; nicotine replacement therapy; drug abstinence; postoperative support; tobacco use; counseling, 32800
 smoking-cessation treatment; relapse risk; stress; negative affect; smoking, 17442
 smoking-related disease; smoking prevention; smoking habits; smoking cessation, 29784
 smoking; nicotine dependence; resistant smokers; smoking cessation treatments, 25891
 snuff use; smoking; quitting smoking; males, 4316
 snuff use; smoking; quitting smoking; males, 4320
 social support; smoking cessation stage of change; decisional balance; process use; self efficacy adult smokers, 32810
 spontaneous quitters; smoking cessation; early pregnancy; postpartum period; pregnant women; prevalence; user characteristics; abstinence; relapse, 35890
 stages of change; processes of change; smokers; smoking cessation; prediction, 11938
 status of source; tobacco industry; social influence; anti-smoking message; health institute; neighborhood association; change in intention to quit; personal relevance; identity; message; smokers, 11715
 teachable moments; smoking cessation; events; physician office visits; abnormal test result notification; pregnancy; hospitalization; disease diagnosis; cuing events, 14484
 telephone counseling; smoking cessation rates; young adult smokers, 35886
 time; smoking friends; quitting attempts; teen smokers, 24915
 tobacco cessation programs; females; Bangladeshi immigrants; chewing paan; nicotine replacement therapy; brief advice; encouragement; adverse effects; withdrawal symptoms, 14468
 tobacco cessation; adolescent females; Appalachian communities; health risks, 22067
 tobacco control activities; Health plan Employer Data and Information Set; HEDIS; performance measures, 2522
 tobacco dependence; mesolimbic dopaminergic system; nicotine replacement therapy; bupropion; pharmacological treatment; smoking cessation; non-nicotine medication; antidepressant; cigarette smoking, 14478
 tobacco interventions; Aborigine people; smoking cessation; nicotine replacement therapy; evidence-based approach, 29793
 tobacco smoking; college students; cognitive dissonance; health-risk manipulation; nicotine addiction; intervention; quit smoking, 32802
 tobacco use patterns; teen smoking; tobacco related attitudes; adolescent patients; health promotion; primary care; pediatric care, 16017
 tobacco use; acculturation; Korean descent; epidemiology; cigarette use, 31445
 treatment conditions; health behavior change; transtheoretical model; treatment groups; smoking cessation; stage effects, 11931
 trends; smoking; pregnancy-states; smoking prevalence; resuming; quitting; postpartum relapse, 4306
 women smokers; smoking cessation; cervical cancer link; information; coherent explanation; perceived vulnerability; intention; motivation; behavior change, 29523
 worry; health effects; smoking behavior change; smoking cessation; self efficacy; disengagement; motivation, 2268

Volume 91 SUBJECT INDEX

Social Acceptance—Serials

peer group settings; peer rejection; salivary cortisol; cortisol levels; temperament; hypothalamic-pituitary-adrenal axis; preschoolers; age; gender, 7355

peer relations; sociometric status; diary; victimization; physical victimization; social victimization; exclusion; participation; elementary school students, 2820

physical height; career success relationship; theoretical model; leader emergence; preliminary test; performance; success; social esteem; literature meta-analysis; gender differences; personal income, 23974

rape myth acceptance; rape salience; self-esteem; women; expecting to meet, 19585

school program; social acceptance enhancement; early adolescents; physical disabilities; actual social acceptance; perceived social acceptance; role salience; peer interaction; academic support; peers, 12205

self-perception; social rejection; physical aggression; elementary-school children; social failure, 34331

self-esteem; spontaneous reactions; deliberate reactions; interpersonal contingencies, 25293

self-verification model of depression; interpersonal rejection; heterosexual dating relationships; couples; depressive symptoms; negative feedback-seeking; self-esteem, 25604

sexual attraction status; school belonging; alcohol use; marijuana use; rural high school students; same-sex attraction; GPA, 10259

sexual intercourse; poor resources; problem behavior; romantic appeal; self-concept; social acceptance, 13385

social acceptance; victim; survivor; recovery factor measurement; posttraumatic stress disorder; test validation, 33554

social avoidance; social approach; behavioral vulnerability; social behavior; interpersonal adversity; peer exclusion, 31218

social behaviors; children; peer acceptance; classroom norms; social context model; prosocial leadership; aggression; social withdrawal; gender; middle school students, 33158

social exclusion; physical pain; neural correlates; fMRI study; anterior cingulate cortex; right ventral prefrontal cortex, 562

social inclusion; hope; collective hope, 34408

Soviet immigrants; Israel; social capital; interpersonal trust; political variables; social exclusion; group exclusion; institutional trust; individual exclusion; political variables; social variables, 19000

successful women; male gender-typed job; bias; evaluative judgments; female competence; gender stereotypes; gender norms; reaction to women; career-affecting outcomes; social rejection, 23972

Social Acceptance—Chapters
Impact of ostracism on social judgments and decisions: Explicit and implicit responses, 4336
Interpersonal functioning requires self-regulation, 13444
Play, racial attitudes, and self-concept in Taiwan, 16046
The sociometer, self-esteem, and the regulation of interpersonal behavior, 13443

Social Adaptation [See Social Adjustment]

Social Adjustment—Serials
acute psychosis; social functioning; quality of life, 1460
attachment styles; personality; psychological adjustment; sociocultural adjustment; intercultural adjustment, 34466

bipolar disorder; social adjustment; self-esteem, 22482

child maltreatment; mother-child relationship quality; maladjustment; self-esteem; social competence; school-aged children; low income families, 25824

clinical correlates; childhood adjustment; adolescent adjustment; psychosocial adjustment; adult patients; bipolar disorder; premorbid; drug abuse; alcohol abuse; suicide attempts, 19314

cross-cultural adjustment; Taiwanese graduate students; acculturation; factors, 2824

cultural assimilation; cultural change; cellular automata model; spatial environment; geography, 10361

demographics characteristics; social adjustment; posttraumatic stress disorder; alcohol dependence; comorbidity; education level; employment; income level; premature therapy termination; risk, 7796

depressive symptoms; sexual attraction status; sex; psychosocial adjustment; self-esteem; urbanicity; school belonging; sexual minority adolescents, 25018

early childhood; quality of child care; school adjustment; school readiness, 2812

emotional disturbance; K-12 students; comorbid disorders; language deficits; public schools; academic characteristics; social adjustment, 10928

first-episode schizophrenia; symptomatology; social functioning; illness patterns, 34889

HIV-status; HIV/AIDS; injecting drug using parents; psychopathology; social functioning; depression; behavior problems, 19905

immigration; disorienting anxiety; adaptation; acculturation, 25139

in vitro fertilization; psychosocial adjustment; parenting stress; defensive responding; subsequent treatment; mothers; fathers, 2311

judgmental biases; anchor value; anchor source; insufficient adjustment; self-generated anchor; adjustment-based anchoring; social judgment; value anchoring; uncertain anchors; social judgment theory, 19137

length of residence; cultural adjustment; psychological distress; symptoms; international college students; Asians; Latin Americans; cultural adjustment, 2826

maladaptive beliefs; schema; personality adjustment; behavioral adjustment; personality disorders; female prison inmates, 4756

Matson Evaluation of Social Skills With Youngsters; social behaviors; social skills; socioeconomic status; gender; age, 13219

middle-aged widows; psychological adaptation; social adaptation; husbands death; coping; social support; mental health; physical illness, 34723

neurobehavior disinhibition; disorder predisposition; substance use disorder; parental neglect; social maladjustment, 28879

personhood; life-course; Hindu Indian womanhood; social roles; urban middle-class; self concept; urban middle-class Gujarati Hindu; life course change; family role; collective cultures, 31415

physiological indices; empathy; socioemotional adjustment; caregivers; children; maternal expressivity; skin conductance; heart rate; sex differences, 4140

prediction; social behavior; preschool children; personality dimensions; adaptive behavior; problem behavior; Big Five personality traits; age differences; social competence, 4148

psychosocial adjustment; employment outcome; physical impairments; marital status; working ability; traumatic brain injury, 35281

psychosocial adjustment; psychosocial adjustment; schizophrenia; Insight impairment, 25677

psychosocial adjustment; school-aged children; violence; physical proximity; emotional proximity; victims of violence, 10253

psychosocial adjustment; social support; peer social acceptance; refugees; acculturation; self-worth; adolescents, 25030

psychosocial functioning; patients; treatment resistant depression; interpersonal relations; recreational activities; sexual activity, 31752

reactive-proactive aggression; overt-relational aggression; childhood aggression; aggression measures; internal structure; social adjustment, 9374

residual symptoms; depressive symptoms; social functioning; social adjustment; major depression; remission, 25569

school-based interventions; social adjustment difficulties; traumatic brain injury; children; rehabilitation; social skills, 2836

social adjustment program; Southeast Asians; mental health; substance abuse prevention; multiple cultural groups; family; best practice models; cultural communities; service delivery systems, 5609

social adjustment; degree completion; academic adjustment; initial experiences; social activities; public university; college students; educational commitment, 17745

social adjustment; emotional adjustment; siblings; autistic children; resilience; genetic liability; environmental factors, 22734

social adjustment; sociodemographic factors; depressive symptoms; Estonia; prevalence, 13582

social emotional adjustment profiles; deviant behavior; juvenile offenders; internalizing problems; externalizing problems, 35053

social function; interpersonal relation; cognitive therapy; major depression; social adjustment; dyadic adjustment; depressive symptoms, 26292

social function; personality disturbance; psychiatric symptoms; clinical symptoms, 19576

social functioning; family attitudes; social relations; schizophrenia, 25630

dating practices; racial identity; psychotherapeutic needs; biracial women; racioethnic heritage; romantic relationship, 22160

dating relationships; adolescents; abuse prediction; childhood maltreatment; trauma; dating violence; empathy; self-efficacy; attitudes, 31910

dating violence; relationship power; parental violence; early experience; human sex differences; dating violence perpetration; relationship power dissatisfaction, 22630

dating violence; victimization; psychological well-being, 961

deliberative mindset; predictive validity; relationship closeness; implemental mindset; dating students; school to work transition; relationship status; ratings; perceived partner commitment, 1178

divorced parents; dating; repartnering; romantic partners; dating after divorce; child awareness, 25156

family process; negative effects; parental alcoholism; young adult dating relationships; trust; intimacy; commitment; satisfaction, 28864

female adolescents; dating relationships; relational dynamics; socialization processes; dating partner; health threats; risky health behavior, 10221

gender-stereotyped imagined dates; weight concerns; sixth-grade girls; dating experience; SCRIPTS, 25021

impression management; romantic partners; dating partners; impression formation; human sex differences, 10549

interpersonal conflict; adolescent dating relationships; aggressive behavior; romantic relationships; emotional processes; cognitive processes; peer influences, 34343

interpersonal conflict; adolescent dating relationships; aggressive behavior; romantic relationships; emotional processes; cognitive processes; peer influences, 34338

mind reading; dating couples; relationship satisfaction; individual differences; intimate relationships; relationship closeness; friends; strangers; sex differences, 7627

mixed-gender groups; dating; romantic relationships; early adolescence; same-gender friendships, 25005

older adults; new partner relationships; repartnering; remarriage; consensual unions; cohabitation; living apart together; social networks; kin bonds, 22204

online daters; relationships; online matchmaking; soul mate; online dating; illusory perceptions; compatibility, 31052

postdivorce re-partnering; divorce; mother-adolescent relationship; divergent realities; mothers; adolescents, 31360

psychoeducational group preventive intervention evaluation; risk and protective factors; dating violence; college students, 35472

psychosocial factors; adolescent boys; dating violence, 13698

relationship aggression; dating relationship; acquaintanceships; friendships; outcome expectancies, 25023

risky lifestyles; dating violence; violent victimization; risk factors adolescent dating relationships, 34330

self-verification model of depression; interpersonal rejection; heterosexual dating relationships; couples; depressive symptoms; negative feedback-seeking; self-esteem, 25604

sex work; legal protections; date violence; heroin usage; victimized sex workers; sex workers behavior; economic desperation, 34980

stalking; intrusive contact; adolescents; young adults; stalker; romantic relationship; relationship breakup; dating, 10915

verbal communication; communication differences; non-verbal communication; college students, 22291

violence; dating partners; assault rates; injury rates; prevalence; college students; worldwide population; country comparison, 31901

Social Demonstrations—Serials

anti-paedophile campaigns; community protests; information; vigilantism; UK; sexual offenders; psychoanalytic approach, 24132

nationalist rebellion; social support; individual decisions; community perceptions; prospect theory; intentional rebellious action; social contexts, 34519

prayer; politics; communal conflict; public events; women's prayer session; mass demonstrations; multifocal events; qualitative fieldwork; ethnographic model; on-site participant observation, 4364

social movement participation; normative motive; collective motive; reward motive; collective identification; predictive power; German Gay movement; social movement organization; panel study, 13421

social psychology; People Power II; nonviolent protesting; Philippines, 10307

Social Density—Serials

bite wounds; population density; Eurasian badgers; Meles meles; wounding patterns; wounding rates; animal sex differences, 21416

density dependent predation; vole stragglers; lemmings; predator responses; prey; cyclic dynamics, 6653

home range marking; local density; foot prints; foraging behaviour; food sources; ants, 30790

rapid temporal change; infanticide; passerine bird; population density; body condition; reproductive strategy; barn swallows, 27665

swift foxes; Vulpes velox; population density; mating system; group structure; survival, 30795

temporal fluctuations; prey densities; predator interference; foraging competition, 30802

vole stragglers; lemmings; predator-prey community; cyclic dynamics; predator responses; density dependent predation, 6657

Social Deprivation [See Also Social Isolation]—Serials

childhood development; economic disadvantage; crime; socio-economic deprivation; criminal convictions, 25923

clinical child psychiatry; social disadvantage; census data, 12551

disordered attachment; attachment disturbance; caretaking; social deprivation; institutions; indiscriminate behavior; aggressive behavior; institution, 5613

disordered attachment; attachment disturbance; caretaking; social deprivation; institutions; indiscriminate behavior; aggressive behavior; institution, 5629

genetic processes; environmental effects; cognitive resilience; twins; child vulnerability; socioeconomic deprivation; outgoing temperament; IQ; social support; stimulating activities; adjustment, 31112

intellectual disability; mental disability; aetiology; risk factors; social deprivation; malnutrition, 35132

social deprivation; deliberate self-harm; prevention; prevention programs; illicit substances; long-term sickness; suicidal behaviour, 13687

social deprivation; educational underachievement; educational achievement; government decision; central government; London schools, 12140

social disadvantage; neglectful parenting; antisocial child behavior; aggressive child behavior; neglectful parenting; punitive parenting; school-aged children; age differences; care neglect, 22631

Social Desirability—Serials

African Americans; racial identity development; socially desirable responding, 31522

Australian women; age-related social desirability, 4260

character; mate desirability; mate selection; physical attractiveness; gender differences; mate faithfulness; mate socioeconomic resources, 28389

childhood attachment experience; adulthood cognitive vulnerability; state dependence; social desirability hypotheses; mood; depression, 19211

conflict related behavior; social desirability; Conflict Dynamics Profile; interpersonal conflict; psychometrics; test reliability; test validity, 30366

Criminal Attribution Inventory; social desirability; faking; criminal attributions; crime; offender treatment, 27274

favorable self-presentation; psychological inventories; socially desirable responding; faking good, 14980

impression management; attention-deficit/hyperactivity disorder; families; symptoms; self-report measures; parenting practices; social desirability; child functioning; mothers self-report, 19749

interethnic friendships; implicit bias; explicit bias; social desirability; African Americans; Latinos; self report measures; prejudice attitudes, 25250

interventions; somatic symptoms; cognitive behavior therapy; social desirability bias; hypochondriacal beliefs; individual counseling; primary care, 29277

neuroticism scale; Eysenck Personality Inventory; response bias; neuroticism; social desirability; test forms, 15029

personality item validity; scale validity; personality item characteristics; ambiguity; syntactic complexity; social desirability; trait indicativity, 33513

respondent misreporting; drug use; self reports; social desirability theory; marijuana; cocaine; validity issues, 30375

revised life orientation test; filler items; social desirability; optimism; pessimism; bidimensionality; factor model, 18118

risk takers; romantic partners; nonromantic partners; men; women; gender differences; preferences; desirability, 28385

self-reported psychopathology; experimental faking; unidimensional; multidimensional, 1251

sexual harassment attitudes; e-mail messages; social desirability; gender differences, 34975

social desirability response; Social Interest Index; test validity; conscious impression management; self-presentation; unconscious self-deception, 18090

social desirability; body dissatisfaction; eating disorders prevention program; adolescent girls; response bias, 20524

social desirability; criterion-related validity; biodata measures, 3132

social desirability; implicit measures; explicit measures; explicit anxiety; implicit association test; impression management; response factors; anxiety measure, 86

social desirability; interrogative suggestibility; compliance; adolescent behaviors; personality; institutionalized adolescent males, 11972

social desirability; self report; cognitive processes; response times, 10535

views on racial issues; survey interviews; interviewer race; virtual interviewers; computer-assisted self-interviewing; African Americans; whites; stereotype activation, 9539

Social Development [See Psychosocial Development]

Social Dilemma—Serials

autocratic leadership; leadership style; autocratic style; group membership; social dilemma, 10510

computer mediated communication; trust evaluation; human computer interaction; social dilemma; games, 9213

Conflicting Standards Dilemma; coping styles; gender appropriate behavior; traditional standards; nontraditional standards; femininity; masculinity, 25204

critical race theory; CRT; educational researchers; educational settings; alternative methods; personal lives; white racism; academic performance; social justice, 23752

decision making; social dilemma; appropriateness logic; behavioral choice; social nature, 34644

environmental impact; cars; public transportation; social dilemma, 17955

moral dilemmas; community leaders; community sense; moral development; urban working-class communities, 31476

self-construct; cooperation; interdependent self; independent self; priming; social dilemmas, 31517

social dilemma; priming competence; cooperation, 25289

subgroup interests; reputations; organizational identification; cooperation; individual decisions; social dilemma; collective behavior, 30193

voting behavior; voter illusion; personal relevance; counterfactual reasoning; social dilemmas; egocentrism; political elections, 13360

Social Discrimination [See Also Age Discrimination, Disability Discrimination, Employment Discrimination, Race and Ethnic Discrimination, Sex Discrimination]—Serials

affirmative action attitudes; demographic differences; group differences; personal discrimination; intergroup conflict; human sex differences; racism; gender discrimination, 12258

anti-discrimination laws; coalition building; electoral organizing; civil rights law; sexual orientation; gay rights; gay rights organizations; political coalitions, 28327

antidiscrimination statutes; federal law; social discrimination; sexual orientation discrimination; gays; lesbians; bisexuals; sexual orientation legislation, 28351

Asian men; Pacific Islander men; gay men; HIV risk; racism; homophobia; anti-immigrant discrimination; depressive symptoms; family; friendship networks, 20528

discrimination; mental health; psychiatry; anti-discrimination actions, 26608

disparagement humor; prejudiced norm theory; social psychological process; tolerance of discrimination, 19097

Eastern European Communist Parties; Communist Party; recruitment process; event-history analysis; gender discrimination; communist authorities; parents political affiliation, 1130

ethnic identity; perceived discrimination; self-esteem; Mexican American adolescents; mental well-being; coping; prejudice; minority youth; middle school students, 13161

ethnic minority group; gender roles; sexual risk; HIV; Bulgaria; Hungary; social health problems; educational opportunities; discrimination; sexual partnerships; sexual risk behavior, 28173

feminist perspective; health ideology; social discrimination; public health services; caregivers; nursing research; inequities; non-Western populations, 23662

gay men; Asian men; Pacific Islander men; HIV risk; social discrimination, 20527

HIV positive people; work needs; work experiences; employment; social security benefits; social discrimination; informal supports; formal supports, 26094

intervention probability; prejudicial expressions; social discrimination; sexism; heterosexism; religious intolerance, 25304

life experiences; gender discrimination; discrimination pervasiveness; academic discrimination, 34418

oppression; resiliency; post-apartheid; South Africa; male homosexuality; lesbianism; racial differences; ethnic differences; photovoice; self perception, 31426

personal control; self-presentation; women's discrimination attributions; psychological costs; private reporting conditions; public reporting conditions; discrimination minimization; stigmatized, 28430

prejudice; discrimination; stressors; health outcomes; measurement of prejudice, 21294

racial discrimination; earnings disparities; gender comparisons; racial and ethnic differences; Hispanic owned firms; architecture; structural engineering; civil engineering, 12238

racial inequality; racism; anti discrimination policy; racial hegemony; racial hierarchy, 34469

reproduction of racialized systems; social control; racialization; racialization processes; racist moorings, 13300

reproductive cycle; part-time disabled lesbian; premenstrual syndrome; prozac; women hormonally related ailments ailments; protection strategy; social discrimination; PMS, 2208

sexual orientation; lesbianism; gay; bisexuals; male homosexuality; bisexuality; transgendered; people of color; social discrimination; prejudice; research needs; issues of concern, 31427

social inequality; self-reported health; Netherlands; infant mortality; poor health; chronic illness, 5395

social oppression; psychological distress; sexual risk model; risky sexual behavior; Latino gay men; health disparities; HIV risk; homophobia; racism; poverty; discrimination; abuse, 31425

socioeconomic status; minority group discrimination; racial discrimination measurement; social economic discrimination; fruit quality; store bought item; health; supermarket produce, 13320

Soviet immigrants; Israel; social capital; interpersonal trust; political variables; social exclusion; group exclusion; institutional trust; individual exclusion; political variables; social variables, 19000

stigma; conditional nature; stigmatization; discrimination; immigrants, 34423

stress; coping; confronting; abstract sexism; optimism; confronting discrimination, 25197

Social Discrimination [See Also Age Discrimination, Disability Discrimination, Employment Discrimination, Race and Ethnic Discrimination, Sex Discrimination]—Chapters

Do heterosexual women and men differ in their attitudes toward homosexuality? A conceptual and methodological analysis, 4294

The psychology of sexual prejudice, 4289

Social Drinking—Serials

alcohol consumption; efficacy evaluation; normative feedback intervention; heavy-drinking college students; perceived norms; drinking behavior; computerized information; typical drinking, 28866

alcohol consumption; nontreatment-seeking alcoholics; sedation; stimulation; social drinkers; drinking behavior, 25911

alcohol consumption; social atmosphere; educational intervention program; college students; bartenders; student pubs, 16229

alcohol cues; regional brain activity; nonalcoholic beverages; addictive substances; orbitofrontal cortex; alcoholic beverages; alcoholics; social drinkers; craving, 22686

alcohol effects; dissociation; implicit memory; explicit memory processes; semantic priming model; social drinkers; word recall tasks, 18788

alcohol-induced performance impairment; heavy drinkers; social drinkers; psychomotor performance, 19093

barroom violence; aggression; individual aggressive behavior; situational context; personality; bars; alcohol consumption; individual differences; violence predictors; bar environment, 7982

circadian rhythms; core body temperature; alcohol intoxication; alcohol consumption; social drinkers, 713

emotional well being; violence; social drinking; social integration; risky single occasion drinkers; adolescence, 28823

olanzapine; alcohol craving; DRD4 variable number of tandem repeats polymorphism; VNTR polymorphism; cue elicited craving; social drinking; social drinkers; priming; individual differences, 1156

Purpose in Life test; test reliability; social drinkers; alcohol treatment; test validity, 155

social behaviors; environmental characteristics; educational programs; alcohol consumption; initial examination; women's risk; aggression, 4305

social psychological theory; risk-seeking behavior; group decision-making; male social drinkers; placebo groups; alcohol intoxication, 25235

violent bars; bar patrons; personality characteristics; aggressive behavior; alcohol dependence; drinking behavior, 13714

Social Environments [See Also Academic Environment, Animal Environments, Communities, Home Environment, Poverty Areas, Rural Environments, Suburban Environments, Urban Environments, Working Conditions]—Serials

aggressive interactions; social environment; information; fishes; information, 33966

Alaska Natives; prison inmates; demographic model; correctional system; Native American; cultural conflict; anomie; social disorganization; criminal activity; rural upbringing; urban upbringing, 16514

alcohol-related aggression; off-campus drinking; bars; parties; college students; gender differences; year in school; residence; episodic heavy drinking, 2694

androgen levels; polygamous male fish; social interactions; partner availability; blood plasma levels; sex steroids; gonadosomatic index, 3532

attitudes; family; environmental correlates; delinquent behavior; incarcerated youths; violent offending; nonviolent offending; males; escalation of violence, 8047

complex communication; self; interdisciplinary communication; interdisciplinary theoretical perspective; contingent communications; social environment; self reference; cognitive autonomy, 22150

dementia special care units; nursing homes; rural environments; environmental assessment; physical environment; social environment; quality of life; functional ability, 26689

depression; risk factors; protective factors; alternative education students; social environment; significant risk; peer connections; family; bullying; home violence; poverty; emotional resilience, 19366

emotional disclosure; physical recovery; rehabilitation; psychosocial recovery; social environment; cognitive-emotional processing; psychosocial adjustment, 20175

environmental risk; social influence; adolescent substance use; risk cognitions, 31219

glucocorticoid hormones; circadian cycle; social encounter; atherosclerosis; rabbits; plasma cortisol; corticosterone responses; social stress; strain differences; social environment, 27844

health inequalities; social circumstances; lifestyles; socioeconomic behavior; future ill-health; cultural circumstances; familial circumstances; children attitudes, 11689

interactional analysis; impressions; behavioural factors; social environment; opposite-sex pairs; social world; extroversion, 4448

judgmental biases; social phobia; content-specific interpretation; social event, 7952

knowledge; health related social action; health; neighborhoods; disadvantaged areas; inequality; social agency, 1220

lying; multiple relationships; social context; deception; peers, 10488

marriage; health status; health choices; family; social context; mothers; British Asian mothers, 28253

mental model; social context; information processing; social environment; construction of mental clique; memory; learned sentiment structure; model-based retrieval, 16272

multisystemic therapy; social ecological theory; antisocial youth; oppositional defiant disorder; conduct disorder; attention-deficit hyperactivity disorder; family treatment; community treatment, 28830

Native American adolescents; smoking behavior; California; psychosocial risk factors; urban counties; rural counties, 10269

negative self-imagery; inferences; ambiguous social information; social phobia; anxious individuals, 7931

neighborhood spaces; nature; social activity; social contact; trees, 36489

Odysseus; home; exile; boundaries; otherness; traveller; discourse; refugees; voice; Odyssey; borders; antiquity; social boundaries; organizational boundaries; other boundaries, 806

parental care; juvenile hormone; social stimuli; burying beetle; *Nicrophorus*, 18519

personality; life stress; diathesis stress models of depression; personality modes; social context, 19414

polar diagram; comprehensive geriatric assessment; cognitive and behavior domain; physical and functional domain; socio-environmental domain, 27345

predictive power; prisoners dilemma game moves; reputation-based assessments; situational labels, 34589

product consumption; marketing; social indicators, 30266

prosocial & antisocial behavior, academic achievement, family & classroom social environment, peer interactions, 12176

research; levels of analysis; social & organizational dynamics, 6438

safe sex; gay men; sexual health; environmental influences; risky sexual behavior, 26542

sleep-wake cycle; cycle expression; adolescence; social context influence; urban environments; non-urban environment; age differences, 10136

smoke-free plicies; tobacco smoking; public places; hospitality industry; occasional smoker, 13397

social context; high school; health risk behavior; well being; health promotion; Gatehouse Project; student attitude, 3151

Volume 91 SUBJECT INDEX

Socioeconomic Status—Serials

socioeconomic differences; health status; obesity; depressive symptoms; educational attainment; health behaviors; financial strain; social relationships; health care access, 13286

socioeconomic factors; psychiatric services; health services; depression; willingness to discuss; primary care physician; support system; perceptions; older adults; affordability, 1416

socioeconomic gradient; body size; obesity; women; dietary restraint; hunger; psychological eating behaviour; disinhibition, 28946

socioeconomic inequalities; health; mortality; job security; financial security; morbidity; depression; self-rated health; cardiovascular risk factors, 11704

socioeconomic marginality; health services utilization; substance users; homeless; hard drug users; prediction, 20557

socioeconomic pattern; smoking; sedentary lifestyle; Norway; United States; adolescent health, 4132

socioeconomic status; career development; marital status; college women; white women; career status; motherhood, 25196

socioeconomic status; ethnic differences; gender differences; informal mathematical knowledge; addition; subtraction, 28073

socioeconomic status; health; adolescents; stress interpretations; physiological responses, 31102

socioeconomic status; menarche age; adolescents; Turkish female students; menarcheal features; urban area, 28163

socioeconomic status; minority group discrimination; racial discrimination measurement; social economic discrimination; fruit quality; store bought item; health; supermarket produce, 13320

socioeconomic status; parental education level; health behavior & outcomes; female physicians, 2332

socioeconomic status; physical health; psychosocial factors; children, 24905

socioeconomic status; public health impact; adolescent depression; physical health, 10238

socioeconomic status; reading achievement; educational finance; cultural dimension, 33148

socioeconomic status; special education; classification accuracy; mild learning problems; educational placement; identifying children; exceptional children; predictive validity; academic problems, 3234

socioeconomic status; stress; asthma; cytokine production; immune markers; cortisol values; adolescents, 8115

socioeconomic status; systolic blood pressure; school children; childhood factors; adulthood factors; diastolic blood pressure, 19933

subjective well-being; public policy implications; economic status; South Africa; household factors; housing; sanitation; transportation, 34444

systolic blood pressure; diastolic blood pressure; mental stress; socioeconomic position; reactivity; age; sex, 7121

teacher effectiveness; student background; socioeconomic status; estimation; Tennessee Value-Added Assessment System; teachers, 26874

teacher effectiveness; student background; socioeconomic status; estimation; Tennessee Value-Added Assessment System; teachers, 26873

violence; adulthood transition; victimization; education; socioeconomic attainment; adolescent development, 25035

wealth; status-seeking; catching-up; marginal utility; consumption, 36448

young children; mathematical problem solving; metacognitive abilities; socioeconomic status; language; formal schooling; sex differences, 934

youth; religion; gameboy generation; church attendance; secularization theory; Marxist notion; class conscience; religious involvement; lower class members; parents; religious perception, 28202

Socioeconomic Status [See Also Family Socioeconomic Level, Income Level, Lower Class, Social Class]—Chapters

Mediation in cognitive socialization: The influence of socioeconomic status, 1026

Socioenvironmental Theory [See Milieu Therapy]

Sociolinguistics—Serials

body partitioning; real-space blends; American Sign Language; mental space; perceptual processes; speech articulation, 31062

coffetail; commercialization; casual conversation; United States; social interaction, 7497

conversational sequence; interlocutors; irony; sociolinguistics; cognition; response, 7326

english-learners; joking; native speakers; humor; sociolinguistic perspective; intercultural discourse, 7319

evaluative metadiscursive comments; face-work; conversational discourse; conversational interaction; speakers; sociolinguistics, 4355

face metaphoric expressions; Face Theory; Akan cultural system; Akan communicative interaction; sociolinguistics; pragmatics; discourses; speech community, 27971

feminist scholars; female authors; sociolinguistics; linguistic anthropology; academic disciplines; gender correlation; publication; citation; gender differences, 7329

gender differences; young children; linguistic features; Danish children; male & female language; female speakers; group influence; standard speech; male speakers; earlier age, 10189

narrative structure; narrative theory; space orientation; time orientation; philosophy; cultural geography; social theory; linguistic anthropology, 18840

organizational communication; reflective practice; workplace language; workplace discourse; sociolinguistic analysis; action research process; theoretical knowledge; organizational learning, 33297

politeness strategies; speech; sociolinguistic; men's voice mail messages; women's voice mail messages; apology; softening criticism, 21961

pronoun alternation; domestic violence; code-switching; contextualization cues; interactional sociolinguistics; conversation analysis; institutional interaction; violence against women, 7333

sociolinguistic analysis; fundamental differences; colonial history; English worldwide; model, 10096

sociolinguistic foundations; ethnographies; African-centered pedagogies; African American speech community; African American language behaviors; learning effectiveness; culture specific behavior, 5854

Sociolinguistics—Chapters

How literature discussion shapes thinking: ZPDs for teaching/learning habits of the heart and mind, 2710

Language, Cognition, and Reality: Constructing Shared Meanings Through Communication, 865

Sociologists—Serials

American culture; social character; social crises; social issues; politics; sociologists; David Riesman; Darnell Bell; mass society; post-war America; capitalism, 22148

Sociology [See Also Sociobiology]—Serials

American Sociological Association; social psychology; Cooley-Mead Award, 4330

assimilation; ethnic group relations; sociology; Robert E. Park; canonical theory, 34588

citation analysis; discourse analysis; sociology; information science; integrated research; history, 28028

collective action; ethnicity; race; social construct; Hindu nationalism; ethnic studies; racial studies; sociology, 16127

commonplace incivility; social theory; everyday incivility, 22157

crime seriousness; sociological theory; normative philosophy; seriousness perceptions; criminal behavior, 4406

dementia; philosophical constructions; sociological constructions; phenomenology; ontology, 22923

ethnic studies; racial studies; interdisciplinary exchange; academic life; amateurism; professionalizing; managerial intrusion; social boundaries; teaching; education, 16129

family lives; multiple perspectives; interviews; social research; multiple realities, 16149

Freud; Weber; Islamic Iran; democracy; political transitions; political change; micro-psychological approach; psychoanalytic theory; macro-sociological approach, 1313

gendered rationality; sociological conceptions; philosophical conceptions; rationality; masculinity; organizational discourse, 36395

qualitative comparative analysis; research strategies; variable-oriented research designs; case-oriented research strategies, 12570

qualitative comparative analysis; research strategies; variable-oriented research designs; case-oriented research strategies, 12561

reflexive self; culture; social change; self-identity; sociology; contemporary social theorists, 16078

scholastic achievements; sociological factors; gender differences; teacher seniority; biological factors, 33127

social interaction patterns; social science collaboration network; sociology; disciplinary cohesion; structure of ideas, 34592

socio-cultural formations; sociology; cultural process; social order; social change; reflexivity, 16110

sociological analysis; psychological factors; earthquake survivors; social support; civil society; disaster sociology; education, 31308

sociology of deviance, 34944

sociology of deviance, 34961

sociology; biology; body; emotion; health, 22155

sociology; teaching; ethnic studies; racial studies; higher education; textbooks, 16137

university teaching; ethnic studies; racial studies; racial relations; ethnic relations; political problems; sociology; comparative study; knowledge, 16128

urban sociology; place; health risks; health beliefs; health behavior; health sociological theory; urban ecology; physical health; mental health; neighborhood residents, 24098

vandalism; sociological study; economic analysis; vending machine; psychological study; professionals; amateurs; monetary prize; public areas, 4750

Sociology [See Also Sociobiology]—Books

From late adolescence to young adulthood, 884

Sociology [See Also Sociobiology]—Chapters

Social relations in the modern world, 16330

Sociometric Tests—Serials

two-dimensional sociometric status determination; algorithm; SSR technique; childhood play behavior; stability; classification criteria, 33522

Sociometry [See Also Sociometric Tests]—Serials

adopted children; problem behavior; ego resiliency; ego control; sociometric status, 22218

boys; men; adult adaptation; middle childhood; sociometric status; antisocial behavior; work engagement; school engagement; arrests; peer nomination, 34998

sociometric membership group; computer-supported interaction; school setting; children, 26962

Sociopath [See Antisocial Personality Disorder]

Sociopathology [See Antisocial Behavior]

Sodium [See Also Sodium Ions]—Serials

afferent signals; cardiac baroreceptors; caudal brain stem; hindbrain systems; plasma volume deficits; water intake; hypovolemia; NaCl solution; rats, 6888

amiloride-insensitive sodium taste transduction; sodium salts; taste transduction pathway; appetitive behavior; licking; neural pathway; rats; sodium recognition; acute sodium depletion; anions, 12835

arylacetamide kappa-opioid receptor agonists; enantiomers; sodium channels blocking; (+)-(1R,2R)-U50,488; (-)-(1S,2S)-U50,488; antinociception; rats, 3916

cross-sensitization; amphetamine; salt appetite; sodium depletion; rats; psychomotor effects, 34141

furosemide; food avoidance; conditioned response; natriuretic drug; anorectic activity; sodium loss, 24824

nacl solutions; sex differences; female rats; sucrose solution; estrogen; behavioral taste responses, 18658

salt appetite; neurohormonal interactions; sodium deprivation; physiological function; energy homeostasis; sodium homeostasis, 24613

salt appetite; sodium deficiency; ICR-CD1 mice, 18793

salt intake; sodium depletion; serotonin receptor stimulation; rats, 7162

salt preference; congenic strains; spontaneously hypertensive rats; chromosomes; congenic lines, 18659

sodium channel genes; autism susceptibility locus; chromosome; familial autism; mutations, 13804

supraoptic nucleus; angiotensin II; septal area; water intake; sodium intake; arterial blood pressure; rats, 27936

vasoconstriction; cocaine; sodium salicylate; nitric oxide synthase; gene expression; brain; blood vessels; chicken eggs, 27924

voltage-gated sodium channels; hyperalgesia; chronic pain syndromes; neuronal hyperexcitability; sensory primary afferent neurons; neuropathic pain states, 24687

Sodium Ions—Serials

anti-allodynic effect; sodium ion channel blocker; neuropathic pain; inflammatory pain; analgesic activity; NW-1029; animal model; acute pain; rats; mice, 15818

Sodium Lactate [See Lactic Acid]

Sodium Pentobarbital [See Pentobarbital]

Solution Focused Therapy—Serials

solution-focused approach; premarital counseling; couples; marriage; couple resources; intervention strategies; Couple Resource Map, 32351

Solution Focused Therapy—Chapters

Solution-focused therapy: Elders enhancing exceptions, 16952

Solvent Abuse [See Inhalant Abuse]

Solvents [See Also Toluene]—Serials

ethyl alcohol; solvent; injection; experimentation; laboratory setting, 12558

Somatization—Serials

acquired sensitivity; physiological activity; chronic health problems; biased symptom perception; severe asthma; somatization, 19882

alexithymia; somatization; depression; borderline pathology; mental health, 28610

alexithymia; unexplained physical symptoms, 19320

anxiety; depression; somatization; Phan Vietnamese Psychiatric Scale; test validity; psychiatric distress; emotional distress; cultural understandings; ethnographic measure, 30460

behavioral disorder; emotional disorder; child maltreatment; somatization; somatoform disorders, 25805

depression; somatic symptoms; depressive disorders, 25597

depressive symptoms; somatic symptoms; posttraumatic stress disorder; injured patients; PTSD, 4905

dissociation; conversion; somatization; medically unexplained illness; model, 35173

epileptic seizures; psychogenic pseudoepileptic seizures; somatization; health; differential factors; hypochondriasis; somatic complaints; organic symptoms, 16807

- European American; Hispanic; Latinos; anxiety disorder; racial differences; somatic symptoms; distress, 22591
family of origin functioning; adult somatic complaints; family dysfunction; locus of control; depressed mood, 28575
fibromyalgia; heat stimulation; pain perception; mood; catastrophizing; somatic focus, 22812
functional somatic syndromes; psychological distress; job stress; personality; work demands; job control; somatization; alexithymia; nurses, 5793
gender differences; anxiety; depression; somatization; ecstasy; MDMA; polydrug usage; alcohol usage; tobacco usage, 31939
hypophosphatemia; panic disorder; somatic symptoms; panic attacks; serum phosphate levels; unipolar depression, 34922
intergenerational transmission; somatoform disorders; somatization; attention; mother child interaction, 19844
Iowa Gambling Task; ventro mesial frontal lesions; somatic markers; direct emotional consequences; indirect emotional consequences; Firefighter Task, 6596
negative affect; positive affect; medically unexplained symptoms; neuroticism; alexithymia; primary care, 19845
neuroticism; alexithymia; medically unexplained symptoms; negative affect; positive affect; somatization, 26032
neuroticism; alexithymia; somatization; personality traits; temporal stability; symptoms; anxiety; depression; positive affect; negative affect, 4851
noise stress; personal project stress; subjective health; somatic symptoms, 27195
noncoercive sexual contact; sexual abuse; social support; trauma-specific symptomatology; somatic complaints, 34958
parental adjustment; child adjustment; child syncope; somatic problems; school problems; parental distress; internalizing symptoms, 31688
parenting style; abdominal pain; somatization; irritable bowel syndrome (IBS); IBS patients; preclinical stress physiology; abuse research; family social climate; long-term health effects, 16612
physical symptoms; general practitioner beliefs; somatization; older patients; older primary care attenders, 19886
posttraumatic stress disorder; somatization; human females; veterans; primary health care; trauma; clinics, 28766
pseudoneurological symptoms; assessment; psychopathology; primary care; somatization; symptom severity; physical functioning; psychiatric comorbidity; cognitive-behavior therapy; anxiety; depression, 16360
psychological distress; conversion disorder; somatization; physical symptoms; mood disorder; central nervous system; neurologic malfunction, 35191
psychopathology; patient characteristics; medical costs; healthcare utilization; cognitive-behavioral treatment; somatization, 22815
psychosomatic phenomenon; female inpatient; symbolic connection; psychoanalysis, 14105
psychotherapist; therapeutic encounter; philosophy; somatic experiences; body empathy; body management, 32960
schizophrenia patients; somatization; prevalence; correlates; predictors; psychopathology, 10801
school transition; elementary school; secondary school; psychological adjustment; children stress experiences; somatic symptoms, 14625
secondary trauma; practice-based meanings; embodied responses; nursing; social work; faculty; students; physical sensations; physical perceptions; traumatic events; suffering, 8953
self-oriented perfectionism; somatic health; self-reported somatic complaints; medical treatment; anger; positive effect, 1273
somatic distress; cross-national variations; patient-doctor interaction; cultural differences, 22813
somatic fixation; somatization; healing; primary care; patients problem medicalization; doctor-patient relationship; physician, 5389
somatic symptoms; distress; Hispanics; children; adolescents; cross cultural comparison; anxiety research, 22400
somatic symptoms; preschool children; parental reports; epidemiology; pediatric help-seeking; chronic family health problems; stressful life events, 28995
somatization disorder; hypochondriasis; epidemiology, 22797
somatization disorder; young adult; health care; liaison psychiatrists; cognitive behavioral therapy; antidepressants; liaison psychiatry, 13594
somatization prevention; medical care; somatic symptoms; physical illness, 19863
somatization; army personnel; servicemen, 22819
subjective health complaints; sensitization; musculoskeletal pain; gastrointestinal complaints; pseudoneurology; physiological correlates; somatization; sustained cognitive activation; stress, 22804
substance dependence; mental health; somatization responses; ganja smokers; tobacco smokers; cannabis, 31911
symptom experience; midlife; human sex differences; vasomotor symptoms; psychological symptoms; somatic symptoms; endocrine changes; menopausal status; symptom genesis; psychological health, 22399
Somatization—Books
Trauma and health: Physical health consequences of exposure to extreme stress, 10842
Somatization—Chapters
Somatization and multiple idiopathic physical symptoms: Relationship to traumatic events and posttraumatic stress disorder, 10843
Somatoform disorders, 22859
Somatization Disorder—Serials
caudate nuclei volume; somatization disorder; women, 32085
cognitive anxiety; somatic anxiety; athletic performance; beach volleyball; self-confidence, 36433
cognitive-behavioral therapy; inpatient treatment; multiple somatoform symptoms; group therapy, 23122
dhat syndrome; culture-bound syndromes; classification systems; somatoform disorder; nosology, 35206
dissociative symptoms; conversion disorder; somatization disorder; dissociative disorders; differentiation, 19860
intergenerational transmission; somatoform disorders; somatization; attention; mother child interaction, 19844
multiple chemical sensitivities; somatization disorder; agoraphobia; depression; marital problems; anxiety disorders; metacognitions; cognitive therapy, 5205
somatization disorder; young adult; health care; liaison psychiatrists; cognitive behavioral therapy; antidepressants; liaison psychiatry, 13594
somatization disorders; primary care; group therapy; cognitive behavioral treatment, 22827
suicide risk; Somatization disorder; psychiatric outpatients; suicide attempts; comorbidity; personality disorders; major depressive disorders, 28990
Somatoform Disorders [See Also Body Dysmorphic Disorder, Conversion Disorder, Hypochondriasis, Somatization Disorder, Somatoform Pain Disorder]—Serials
anger; aggressiveness; major depressive disorder; anxiety disorders; somatoform disorders; unipolar depression; hostility, 22512
behavioral disorder; emotional disorder; child maltreatment; somatization; somatoform disorders, 25805
cognitive-behavioral therapy; inpatient treatment; multiple somatoform symptoms; group therapy, 23122
depression; evolution; anxiety disorder; somatoform disorder; chronic fatigue syndrome; somatization; appeasement display; submission; treatment; classification, 22414
doctors; physician attitudes; somatoform disorders; health care delivery; aversive attitudes, 36007
genetic factors; environmental factors; subjective well-being; self rating; perceived health; somatic illness; musculoskeletal pain; allergy; twins; sex differences, 7702
insecure attachment; somatoform disorder; health care utilization; illness behavior, 19287
job burnout; stress; employee health; non-standard work; Canadian workers; psychosomatic health problems, 36337
morning bright light treatment; sleep onset insomnia; exposure time; treatment duration; psychophysiological insomnia, 26455
organic disorders; psychosomatic illness; children; parents; fatigue; intermittent abdominal pain; academic achievement; hepatitis C; symptoms; parent-child interaction; parenting style, 1795
psychiatry; psychosomatic problems; female; scientists; clinicians; migration; refugee states; acculturation; liaison psychiatry; oncology; gynecology, 14550
psychogenic nonepileptic seizures; obesity; epilepsy; somatoform disorders, 13870
psychosomatic in newspaper articles; meaning; connotation; reciprocal interaction; psychosomatic disorders; psychiatry; education of media, 29449
psychosomatics; research; psychiatry; treatment; health care services; health service delivery, 29601
psychotherapy; medically unexplained symptoms; healthcare utilization costs; death anxiety; psychotherapeutic treatment; attachment theory; existential psychology, 23140
research; psychosomatic medicine; biopsychosocial medicine, 29465
revised Brief Patient Health Questionnaire; Brief PHQ-9; diagnosis; depression; panic disorder; somatoform disorder; primary healthcare settings, 18121
sexual assault history; somatic symptoms; health anxiety; human females; illness attitudes; women outpatients, 26066
somatic symptoms; medical diagnoses; prognosis; primary care patients; etiology, 4865
somatoform disorders; classification; conceptualization; treatment; new approaches, 22839
somatoform disorders; consultation-liaison psychiatry; DSM-V, 4874
somatoform disorders; functional impairment; comorbidity; anxiety disorders; depressive disorders; disorder prevalence, 31659
somatoform disorders; internal medical inpatients; psychiatric disorders; comorbidity, 22806
somatoform disorders; pharmacologic treatment; pharmacotherapy; hypochondriasis; body dysmorphic disorder, 23370
somatoform disorders; primary care; psychiatry services; psychiatric disorders; geriatric psychiatry, 26622
somatoform disorders; temporal lobectomy; epilepsy surgery, 26501
somatoform dissociation; childhood experiences; childhood trauma; psychological dissociation, 26049
tobacco use; quit rates; diabetic adolescents; perceived health; psychosomatic complaints; decision-making autonomy; self-esteem; friends' smoking exposure; personal correlates; social correlates, 26069
treatment effects; somatoform disorders; psychosomatic disorders; new scale; validity; reliability; Screening for Somatoform Symptoms-7, 3199
Somatoform Disorders [See Also Body Dysmorphic Disorder, Conversion Disorder, Hypochondriasis, Somatization Disorder, Somatoform Pain Disorder]—Chapters
Somatoform disorders, 22859
Somatoform Pain Disorder—Serials
eye movement desensitization and reprocessing; somatoform pain disorder; PTSD; comorbid depression; elderly patient; traffic accident, 20092
somatoform disorders; biofeedback therapy, 20421
Somatosensory Cortex—Serials
anterior cingulate cortex; pain responses; visual stimulation; noxious tactile; somatosensory cortex; empathy, 33693
central somatosensory processing; chronic pain patients; hysterical anesthesia; nondermatomal somatosensory deficits; supraspinal nuclei; sensory deficits, 16615
complex sensorimotor systems; anthropoid primates; early mammals; somatosensory areas; parietal cortex; evolution, 21609
cortical activations; auditorily paced finger tapping; somatosensory feedback; primary somatosensory cortex; primary sensorimotor cortex; cognitive process; neuromagnetic sources, 21738
cortical processing; allodynia; magnetoencephalography; cingulate cortex; primary somatosensory cortex; contralateral SI cortex; chronic pain; contralateral primary; magnetic fields, 15541
cutaneous flutter stimulation; neuron response; response dynamics; anesthetized monkeys & cats; discharge activity; stimulus frequency; skin displacement; cortical response; response pattern, 3808
developmental sensory deprivation; developmental motor deprivation; adult rat; somatosensory cortex; cortical development, 6882
electrophysiology; human somatosensory cortex; somatosensory evoked potential; contralateral median nerve; electrical stimulation; blood oxygen level dependent, 7029
ensemble neuronal activity; primary somatosensory cortex; tactile discrimination task; passive; active; whisker stimulation; tactile signal processing; layer specific functional differences, 27753
fast cortical reorganization; synapses; somatosensory system, 27764
finger stimulation; somatosensory evoked magnetic fields; extended cortical sources; electroencephalography; EEG; magnetoencephalography; MEG; Monte-Carlo-Markov-chain estimator; source reconstruction, 3254
gamma synchronization; somatosensory cortex; somatosensory evoked neuromagnetic fields; cortical sensory neurons; external stimulation; neuronal synchronization; stimulus processing, 3802
hand sensory cortex; interstimulus intervals; somatosensory evoked potentials; pathological changes; Kii amyotrophic lateral sclerosis parkinsonism dementia complex; Kii ALS PDC; wrist; median nerves, 5031
humans; primary somatosensory cortex; rostral-to-caudal somatotopic organization; area 3b; area 1; mirror-reversal, 6845
interhemispheric functional desynchronization; vibratory stimulation; somatosensory cortex; somatosensory evoked potentials, 6258
interstimulus interval; ISI; attentional modulation; cortical activities; human somatosensory areas; attentional enhancement; tactile stimulation, 3648
intracortical connections; receptor blockade; layers II/III; glutamate receptor antagonist; postnatal development; cortical activity; barrel cortex, 3620

Volume 91 SUBJECT INDEX

Somatosensory Cortex—Serials

long-term depression; cortical map plasticity; sensory deprivation; cortical synapses; whisker deprivation; rats; somatosensory cortex, 21528

mouse sensory cortex; pyramidal neurons-derived endocannabinoids; afferent inhibitory strength; neuronal synapses; retrograde signaling, 21706

neocortical enlargement; mammalian neocortex; cognitive abilities; cortical specializations; sensory specializations; sensory processing, 21556

neuromagnetic gamma-band activity; somatosensory processing; gamma oscillations; secondary somatosensory cortex; electronic stimulation, 21734

nicotinic acetylcholine receptors; sensory cortex; sensory information processing; systems level effects; cellular level effects; visual cortex; somatosensory cortex; auditory cortex, 15547

optical imaging; tactile funneling illusion; simultaneous presentation; somatosensory cortex; stimuli; squirrel monkey, 6645

pleasant touch; painful touch; orbitofrontal cortex, 21679

primary somatosensory cortex; neostriatal neurons; neostriatum; corticostriatal projections; forelimb; rats, 15514

second somatosensory cortex; left-hemisphere dominant activation; dorsal penile nerve stimulation; somatosensory evoked fields; cutaneous nerve activation; cortical network, 3676

sensorimotor cortex; epileptogenic perirhinal lesion; functional anatomy; resection; cortical motor representations; electrocorticographic spectral analysis; electrical cortical stimulation mapping, 26147

sensorimotor cortex; supplementary motor area; striatal activation; parietal operculum; blood oxygenation; blepharospasm; visual areas; fMRI, 15574

sensorimotor integration; musicians cramp; sensorimotor cortex; movement disorder; dystonia, 18645

sensory interaction; somatosensory cortex; neurons; rats; tactile stimulation; receptor antagonists, 34000

sensory maps; sensory cortex; caged animals; optical imaging; evoked neuronal response; somatosensory cortex; habit, 27776

single cortex; topographic displacements; body representation areas; limb amputation; truncated nerve; phantom limb sensations; arm amputees; deafferented somatosensory cortex; cortical reorganization, 12862

sleep; somatosensory evoked magnetic fields; painful electrical stimulation; Primary somatosensory cortex, 3805

somatosensory cell response; auditory cue; haptic memory; neurons; tactile stimuli; monkey, 34084

somatosensory cortex; ischemia; motor excitability; transcranial magnetic stimulation; electrical peripheral nerve stimulation; intracortical facilitation; intracortical inhibition, 16723

somatosensory evoked magnetic fields; primary somatosensory cortex; tryptophan; primary auditory cortex; serotonin modulation, 10007

spiny neurons; cortical layer; excitatory neurons; pyramidal cells; cortical signal processing; somatosensory cortex; monosynaptic excitation; rats, 21686

stochastic resonance; spinocortical somatosensory system; noise effects; evoked field potentials; tactile stimuli; local skin displacements; hindpaw; electrical processes; information capacity; Cats, 15660

tactile interference stimulation; primary somatosensory cortex; electrical stimulation; ear, 12916

tactile perception; cortical representation; bodily self; brain construction process; neural mechanisms; bodily sensation; brain centers; touch sensation; body posture; attribution, 15508

training-dependent reorganization; digit representations; string players; somatosensory evoked magnetic fields; somatosensory cortex, 27816

transcranial magnetic stimulation; TMS; sensorimotor cortex; medial frontal cortex; pain perception; painful input; midline occipital cortex; medial frontal cortex, 15520

transcranial magnetic stimulation; two-point discrimination; tactile threshold; sensorimotor cortex; tactile perception; median nerve; somatosensory evoked potentials, 12880

transliminality; consciousness; awareness; temporal-limbic structures; sensory association cortices; hyperconnectivity; temporal lobe lability; British students; Australian students, 7706

vibrotactile amplitude; passive stimulation; task-relevant stimulation; somatosensory cortex; motor behavior, 21652

visual areas; parietal cortex; callosal connections; retinotopic maps; somatosensory cortex; visual responses; callosal connection; intact hemisphere; cortex lesions; interhemispheric connections, 616

Somatosensory Cortex—Chapters
Representational cortex in musicians, 2019

Somatosensory Disorders—Serials
alcohol; analgesia; conditioned place preference; ethanol; fetal alcohol syndrome; hyperalgesia; neonate; nicotine; withdrawal, 13067

cannabinoid agonists; cannabinoid receptor; capsaicin-induced responses; human skin; pain perception; hyperalgesia, 22841

diabetic mice; thermal hyperalgesia; neuropathic pain; streptozotocin; antinociceptive activity, 486

electroacupuncture; indomethacin; antihyperalgesia; inflammatory rats; hind paw edema; subcutaneous injection; hyperalgesia; potential synergism, 34190

GABA; glycine; neurotransmitters; neurons; thermal hyperalgesia; chronic constriction injury model; neuropathic pain; rats, 6971

graphesthesia task performance; biological relatives; schizophrenia; somatosensory processing task, 28690

inhibitory effect; resiniferatoxin; neuropathic hyperalgesia; rat; Anandamide; receptor agonist; sensory neuropeptides; cannabinoids, 6902

integrin signaling; neuropathic pain; rat; hyperalgesia, 34144

neofam; morphine; antinociceptive synergy; animal models; allodynia; hyperalgesia; rats; pain perception, 27891

neuropathic pain; thermal hyperalgesia; spinal nerve transection; nitric oxide production; diaminofluorescein-FM; JTC-801; mice; nociceptin/orphanin FQ; pain transmission, 21630

pathophysiology; chronic pain; hyperalgesia; C-fibres; erythromalgia; allodynia, 22837

patient case history; differential diagnosis; paresthesiae; weakness; multiple sclerosis, 32108

remifenanthil; hyperalgesia; freeze lesion; mechanical stimulation; electrical stimulation; pharmacodynamics; pain thresholds, 15770

somatosensory function abnormalities; amyotrophic lateral sclerosis; parkinsonism-dementia complex; Kii peninsula; electrophysiological findings, 16822

stroke; pain; thalamic haemorrhage; hyperalgesia, 8231

temporomandibular disorders; hyperalgesia; noxious stimuli; experimental pain sensitivity, 22842

thermal hyperalgesia; neural excitability; dorsal root ganglion neurons; N-methyl-D-aspartate receptor; axons; somata, 21694

tumor necrosis; sensory neurons; inflammatory hyperalgesia; protein kinase; prostaglandin; adrenergic receptors; rats, 21656

vagal afferents; kainic acid; hyperalgesia; mice; vagotomy; pain behavior; nociceptive threshold, 15589

voltage-gated sodium channels; hyperalgesia; chronic pain syndromes; neuronal hyperexcitability; sensory primary afferent neurons; neuropathic pain states, 24687

Somatosensory Evoked Potentials—Serials
caudal pontine reticular formation; homonymous depression; paired-pulse facilitation; rat; tactile startle; trigeminal afferents, 21684

cortical motor neuron excitability; peripheral nerve injury; transcranial magnetic stimulation; TMS; evoked spinal cord potentials; unilateral brachial plexus injury, 16780

cortical relay time; CRT; latency reflex; central motor conduction; spinocerebellar ataxia type 6 patients; neurodegenerative disorder; dysarthria; electrophysiology; motor evoked potentials, 5022

cortico-motoneuron excitability; Parkinson's disease; levodopa; cortico-motoneuron abnormality; fatiguing exercise; repetitive isometric wrist extension; motor evoked potentials, 17058

cutaneous flutter stimulation; neuron response; response dynamics; anesthetized monkeys & cats; discharge activity; stimulus frequency; skin displacement; cortical response; response pattern, 3808

diffuse optical imaging; hemodynamic evoked response; sensorimotor cortex, 7047

EEG; thalamo-cortical sensory processing; sleeping human; slow wave sleep; brain reactivity; sensory stimuli; somatosensory evoked potentials, 15662

electrical fingertip stimulation; hand muscle contraction; reflex; exteroceptive inhibition; somatosensory evoked potentials; stimulus intensity, 15655

electrical oscillations; sensory neocortex; multivibrissa stimulation; cortical pyramidal cells; rats; submillisecond delays in interstimulus intervals; synchronized population spikes, 15477

electrophysiology; human somatosensory cortex; somatosensory evoked potential; contralateral median nerve; electrical stimulation; blood oxygen level dependent, 7029

finger stimulation; somatosensory evoked magnetic fields; extended cortical sources; electroencephalography; EEG; magnetoencephalography; MEG; Monte-Carlo-Markov-chain estimator; source reconstruction, 3254

finger-muscle twitches; sensory suppression; efferent signal; supplementary motor area, 18308

fMRI imaging representational maps; transcranial magnetic stimulation; thumb abduction; hand; foot elevation; motor-evoked potentials; cortical motor representation areas; muscles, 21628

Somatosensory Evoked Potentials—Serials

gamma synchronization; somatosensory cortex; somatosensory evoked neuromagnetic fields; cortical sensory neurons; external stimulation; neuronal synchronization; stimulus processing, 3802

go-nogo task; event-related potentials; somatosensory stimulation, 27819

habituation; simple repetitive motor task; movement-related cortical potentials, 27812

hand sensory cortex; interstimulus intervals; somatosensory evoked potentials; pathological changes; Kii amyotrophic lateral sclerosis parkinsonism dementia complex; Kii ALS PDC; wrist; median nerves, 5031

hemiplegic patients; intractable epilepsy; motor area; transcranial magnetic stimulation; abductor pollicis brevis; subdural electrodes; surgical treatment; cerebral lesions, 3212

interhemispheric functional desynchronization; vibratory stimulation; somatosensory cortex; somatosensory evoked potentials, 6258

interstimulus interval; ISI; attentional modulation; cortical activities; human somatosensory areas; attentional enhancement; tactile stimulation, 3648

interstimulus interval; selective attention task; differential modulation; somatosensory N140; temporal components; frontal components; event related potentials, 18642

intracortical inhibition; hand muscle activation; muscle specificity; temporal modulation, 21322

kynurenic acid; glucosamine-kynurenic acid; blood-brain barrier; behavior; rats; somatosensory-evoked cortical potentials; NMDA receptor inhibitor; field excitatory postsynaptic potentials, 12998

N140 component; attentional training; stroke; training effect; somatosensory event related potentials; patients; middle cerebral artery area; spatial attention, 22940

neuromagnetic gamma-band activity; somatosensory processing; gamma oscillations; secondary somatosensory cortex; electronic stimulation, 21734

recovery function; median nerve; high-frequency oscillation; myoclonus epilepsy; hyperventilation; somatosensory evoked potentials; Parkinson's disease, 8280

schizophrenia patients; somatosensory evoked potentials; tactile sensations; neuronal activity; brain regions, 7890

schizophrenia; schizotypal personality; sensory gating; somatosensory evoked potentials; anhedonia; somatosensory information processing; SEP P50 gating, 19420

second somatosensory cortex; left-hemisphere dominant activation; dorsal penile nerve stimulation; somatosensory evoked fields; cutaneous nerve activation; cortical network, 3676

selective spatial attention; steady state somatosensory evoked potential; hand flutter sensation, 24730

single cortex; topographic displacements; body representation areas; limb amputation; truncated nerve; phantom limb sensations; arm amputees; deafferented somatosensory cortex; cortical reorganization, 12862

skin sensitivity; laser-evoked potentials; LEP; somatosensory evoked potentials; SEP; peak-to-peak amplitude; spinothalamic tract; multiple sclerosis; MS; vertex potential; medical diagnosis, 16827

sleep; somatosensory evoked magnetic fields; painful electrical stimulation; Primary somatosensory cortex, 3805

somatosensory evoked magnetic fields; primary somatosensory cortex; tryptophan; primary auditory cortex; serotonin modulation, 10007

somatosensory evoked potentials; magnetic fields; tactile stimulation; active sleep; quiet sleep; newborns, 28080

somatosensory evoked potentials; painful electrical stimulation; left index finger; sleep effects; humans; pain relating fibers, 3806

somatosensory evoked potentials; SEP; active movement; median nerve; cortical component; mental movement; stimulated hand; frontal lobe; temporal lobe, 16781

somatosensory potentials; affective disorders; major depressive disorder, 16402

somatosensory processing; tonic muscle pain; proprioception loss; motor defensive strategies; stimulus perception; somatosensory evoked potentials; sensory gating, 7071

spinal muscular atrophy; visual & brainstem & somatosensory evoked potentials; age differences, 8114

standard values; somatosensory evoked potentials; tibial nerve; amplitude parameters; latency parameters, 7063

stochastic resonance; spinocortical somatosensory system; noise effects; evoked field potentials; tactile stimuli; local skin displacements; hindpaw; electrical processes; information capacity; Cats, 15660

tactile interference stimulation; primary somatosensory cortex; electrical stimulation; ear, 12916

training-dependent reorganization; digit representations; string players; somatosensory evoked magnetic fields; somatosensory cortex, 27816

transcranial direct current stimulation; sensorimotor cortex stimulation; somatosensory evoked potentials, 27818

transcranial magnetic stimulation; hereditary spastic paraparesis; chromosomes; spastin mutations; paraplegin mutations; motor evoked potentials; cortical excitability; family members, 8153

vibrotactile amplitude; passive stimulation; task-relevant stimulation; somatosensory cortex; motor behavior, 21652

Somatostatin—Serials

cluster headache; migraine; somatostatin withdrawal; healthy volunteers, 22826

dentate granule cells; temporal lobe epilepsy; somatostatin; parvalbumin; receptor inhibition; rats; model of epilepsy; GABAergic inhibition, 15527

racial differences; insulin; secretion; obese adults; enteroinular axis; octreotide suppression; glucagon; peptide; somatostatin, 28965

sleep regulation; octreotide; side effects; sleep disturbance; REM sleep; nonREM sleep; sleep quality; EEG sigma power, 10066

somatostatin receptors; epileptic hippocampus; normal hippocampus; gerbil; seizure-resistant gerbils; seizure-sensitive gerbils, 3658

Somatotropin—Serials

acute oral administration; reboxetine; cortisol; ACTH; growth hormone; prolactin, 7252

cognitive performance; hypopituitarism; long term replacement therapy; recombinant human growth hormone; growth hormone deficiency; memory, 29486

community rehabilitative support; growth-hormone deficiency dwarfism; multiple psychiatric disorders; law violating behavior; life threatening self-injury, 29699

corticotropin-releasing factor; somatotropin-release-inhibiting hormone; posttraumatic stress disorder; secondary psychotic symptoms; comorbidity; neurobiology; neuroendocrine patterns, 7944

growth hormone deficiency; growth-hormone deficient mouse strains; cognitive again; growth hormone signaling; open-field behavior; young vs old mice, 18690

growth hormone; growth hormone releasing hormone; clonidine; serotonergic stimulation response; anxiety disorder; depressive disorder; biological markers; blunt GH response; behavioral inhibition, 705

hexarelin; slow-wave sleep; cortisol; prolactin; leptin; tumor necrosis factor; ghrelin growth hormone; hormone stimulation, 27883

plasma growth hormone response; guanfacine; noradrenergic function assessment; attention deficit hyperactivity disorder; reading disabilities; adrenergic receptor, 2169

posttraumatic stress disorder; clonidine; growth hormone response; combat-related PTSD; depression; comorbidity; noradrenergic activity; receptors; combat exposure; sympathetic system, 8532

Somatotypes—Serials

body image; male body image; social psychological studies; methodological guidelines; assessment; Drive for Masculinity Scale; somatomorphic matrix, 9384

reliability assessment; somatomorphic matrix; muscularity, 21081

Somesthetic Perception [See Also Cutaneous Sense, Kinesthetic Perception, Pain Perception, Temperature Perception, Weight Perception]—Serials

body orientation; somatosensory system; perception; subjective visual vertical; somesthetic cues; body tilt; A-effect; Aubert, 6485

body-based senses; direction knowledge; large-scale environments; inertial cues; active movement; spatial knowledge acquisition, 21258

central neuropathic pain; spinal cord injury patients; tactile detection thresholds; quantitative sensory testing; sensory detection; sensory function; pain thresholds, 4996

dynamic touch; muscular effort; inertia tensor; physical mass; limb direction; weight perception; affordances; ecological laws, 33684

gesture performance; two route model; body representations; meaningful movements; meaningless movements; left-hemisphere lesions; body semantic tasks; body schema tasks, 20054

physics; psychology; muscle sense; muscle-based perception, 12578

sense of agency; perceptual identification; misidentification; physical action; cognitive processes; action awareness; schizophrenia, 33685

sensory cues; whole-body rotations; passive transport; egocentric spatial updating; spatial orientation; rotative robot; active movements; blindfolded, 12573

Somesthetic Stimulation [See Also Tactile Stimulation]—Serials

fos induction; amygdala; vestibular information; hypergravity stimulation; gravity environments; motion sickness; neural substance; bilateral lesions; rats, 3688

vestibular evoked myogenic potentials; unilateral acoustic neuroma; patients; clicks; short tone burst; acoustic neuroma diagnosis, 8347

vestibular symptoms; human vestibular cortex; parietal operculum; partial epilepsy; vestibular input; sylvian fissure; cortical areas; cortical sites, 11262

vestibulo-ocular reflex; hyperactive response; horizontal angular acceleration, 9598

Somnambulism [See Sleepwalking]

Songs [See Music]

Sons—Serials

affection; fathers; sons; relationship, 4227

child adoption; India; infertility; donor insemination secrecy; cultural complexities; son preference, 19049

disabled child; autism; mental retardation; parenting, 35072

Ernst L. Freud; architect; psychoanalysts; architecture, 30344

formal service utilization; informal care; formal care; caregiving career; sons; daughters; home care, 8801

son preference; intelligence; family influences; sex/gender discrimination, 10371

Sons—Chapters

Sons and fathers: A room of their own—Nanni Moretti's *The Son's Room* (2001), 825

Sorority Membership—Serials

alcohol expectancies; gender differences; undergraduate students; student organizations; fraternity members; sorority members; environmental interactions, 13409

alcohol use; fraternity members; sorority members; alcohol consumption; change over time, 22267

college students; alcohol consumption; limited Greek university systems; addictions counselors, 1157

disordered eating; body dissatisfaction; body mass index; ideal weight; depression; college women; sorority women, 22758

fraternities; sororities; Greek organizations; attitudes towards hazing; alcohol overdose; non-Greek students; causal & responsibility attributions; authoritarianism, 2813

fraternity or sorority involvement; alcohol abuse trajectories; drinking patterns; age differences; risk factors; social influences; sex differences; offspring of parents with alcoholism, 4726

gender attitudes; religious behaviors; sorority membership; fraternity membership; social desirability; stereotypical gender attitudes; sexual attitudes, 25202

inhibitory processes; social categories; mental representation; category membership; university students; social roles; social identities; inhibition; fraternities; sororities, 19120

leaders; leadership involvement; leadership style; sorority members; binge drinking; Greek organizations, 13750

life goals; relationship goals; college students; emotional goal; personal goal, 23903

structure; sentiment; emotional attachment; groups; network structure; sorority; social identity, 4372

Sorting (Cognition) [See Classification (Cognitive Process)]

Sound [See Auditory Stimulation]

Sound Localization [See Auditory Localization]

Sound Pressure Level [See Loudness]

Sound Waves [See Acoustics]

Source Monitoring—Serials

prefrontal cortex activity; working memory; familiarity; long-term memory; recognition; judgment; source monitoring, 30861

source attribution; semantic categories; trace strength; memory origins; quantitative cues; qualitative cues; diagnosticity, 30712

source memory; item memory; visual feedback; enactments; action phrases, 27545

test modality; source monitoring; event-related potentials; source memory, 422

Sourness [See Taste Perception]

South Asian Cultural Groups—Serials

nonepileptic seizures; antiepileptic drugs; Indian population; patients; prevalence; psychosomatic; short-term video electroencephalography; convulsions; screening, 1859

suicide attempts; perceived causes; South Asian women; partner violence; family relations; depression, 1587

South East Asian Cultural Groups [See Southeast Asian Cultural Groups]

Southeast Asian Cultural Groups [See Also Vietnamese Cultural Groups]—Serials

converged counseling themes; multicultural counseling; Taiwan clients; counseling relationship; brief counseling; eclectic counseling; common factors; counselor education; counseling training, 32279

Spaceflight—Serials

space activities; international space policy; science policy; technology policy; cooperation, 31300

Spanish Americans [See Hispanics]

Spasms [See Also Muscle Spasms]—Serials

sensory perception; spinal cord injury; pain perception; pain; spasticity; spasms, 29113

Spatial Ability [See Also Visuospatial Ability]—Serials

age differences; cognitive flexibility; spatial stimulus-response mapping; sorting rule; feedback; switch cues; performance errors, 34267

age differences; moving objects; spatial enumeration; multiple-object tracking; subitizing, 18301

anatomical effects; spatial navigation; recovery; cortical lesions; temporal lobe; neural maturation; age differences; rats; early cortical injuries, 584

attention; orientation; perceptual representations; mental representations; spatial attention; neural systems; directed attention, 18258

autism; superior spatial abilities; high functioning individuals; non-social cognitive operations, 13784

axes system; figure drawing; spatial constraint; pictorial space; figure size; task complexity; size regulation mechanisms; children; age, 24960

backpropagated neural network; neuropsychology; regression analysis; virtual reality; spatial ability; test validation; data analytic applicability; artificial neural network, 12507

categorical spatial judgments; comparative spatial judgments; Rhesus monkey; spatial cognition; midline; vertical dimension; high; low, 24543

cognitive abilities; mixed effects models; modeling age; retest processes; longitudinal studies; age-related effects; memory; spatial ability; speed, 25094

depth compression; walked indications; vision; errors; locomotor control; spatial representation; nonvisual walking, 30621

dynamic spatial ontology; time; spatiotemporal ontology; reality, 24436

early development; scaling ability; distance information; two-dimensional maps; referent spaces; mapping tasks, 31195

event-related potential; attentional inhibition; audition; neural mechanism; inhibition of return; IOR; attentional inhibition; orienting attention; spatial location; vision; hearing; touch, 12714

field-based spatial information; object-based spatial information; time; space-time, 24360

fingertip skin conformance; tactile spatial acuity; spatial acuity; aging, 18270

graphic development; geographic development; spatial development; children; developmental psychology; geography; education; Rodney Cocking, 10191

haptic location processing; haptic search; target location; target identity; target dimensions; sensory processing; perceptual dimensions; set size; relative orientation; reaction time data, 15188

hippocampus; logical reasoning; spatial environments; transitive spatial relations; familiar & unfamiliar environments, 24434

horizontal connections; collinear facilitation; population activity; tree shrew; visual cortex; optical imaging; electrophysiology, 21561

humans; sex differences; spatial ability; home ranges; ranging, 27495

individual differences; spatial learning; neural correlates; spatial information preference; spatial skills; mental rotation ability; survey encoding information; route learning; map learning, 27571

individual variation; working memory; idiopathic orientation cues; allothetic orientation cues; spatial learning abilities, 470

interstimulus interval; somatosensory point localization; spatial accuracy; response time, 30588

mental animation; mechanical system; dynamic processes; instructional treatments; spatial visualization; verbal description; mental models, 9653

mental rotation; perspective taking; spatial visualization; psychometrics; spatial orientation; orientation factors; mental abilities, 18284

mobile robot; path space; mobile robot path; unstructured environments; dynamic environments; heuristic path planning algorithm; casebase, 9257

Mozart effect; route learning; Mozart exposure; learning; paper-and-pencil tests; music benefit; naturalistic task; listening conditions; spatial reasoning ability, 21376

Mozart Effect; spatial task performance; primary school children, 2786

natural maps; wayfinding; natural map misalignment; individual differences; anticipation; spatial ability, 31196

piano keyboard training; spatial temporal intelligence; music instruction; cognitive test scores; gender differentiation; spatial tasks; kindergarten children, 36175

picture recall skills; sex differences; spatial abilities; recall abilities; college students; testosterone exposure; estrogen exposure; fetal development; women; men, 27445

relational structure; spatial reasoning; spatial representations, 27497

serial order processing deficits; schizophrenia; working memory; spatial ability, 34866

sex differences; verbal reasoning; spatial ability; cognitive ability; spatial processing, 33781

- sex hormones; finger length; sexual orientation; spatial ability; status; physical prowess; reproductive success; second to fourth manual digits, 27691
- spatial abilities; prenatal androgen abnormality; mental rotation; congenital adrenal hyperplasia, 1772
- spatial ability; sex differences; age differences; life span development; lateralization, 9586
- spatial ability; sex differences; mating-oriented male competition; mating; female survival safeguarding; nearby spatial cues; evolutionary models, 15181
- spatial attention; pervasive developmental disorders, 19753
- spatial knowledge; spatial problems; mental rotation; spatial ability; environmental pointing accuracy; navigation; testosterone; cognitive maps, 17937
- spatial learning; spatial behavior; different environments; hippocampus role; rats, 18459
- spatial memory; search behavior; rats, 33916
- spatial orientation task; indirect landmark; goal location, 15966
- spatial representations; spatial abilities; structural equation models; large-scale space; small-scale space; cognitive mapping; children; environmental cognition, 10202
- spatial test items; item analysis; item dimensionality; confirmatory factor analysis; visualization; Computerized Swedish Enlistment test battery, 33487
- spatial updating; nested environments; cognitive process, 18367
- spatial working memory ability; marker; risk-for-psychosis; cognitive deficit; schizophrenia; onset; ultra high-risk individuals; negative symptoms, 7918
- tactile perception; visual stimuli; tactile acuity; reaction times; spatial discrimination, 30631
- temporal variation; visual completion; spatial limits; occlusion; time course; occluded objects, 3316
- unilateral forced nostril breathing; dichotic listening; emotional tones; spatial abilities; verbal abilities; right ear advantage; left ear advantage, 24746
- verticality tasks; horizontal tasks; water level tasks; testing procedure; developmental effects; drawings; two dimensional graphic versions; three dimensional versions, 31128
- visualization assessment; visualization training; spatial skills; VIZ Website; response times; accuracy; spatial cognition, 33049
- visuospatial memory; working memory deficit; visual ability; spatial ability; spina bifida; children, 8275
- Williams syndrome; spatial language terms comprehension; neuropsychological profile; language abilities; visual abilities; spatial abilities; spoken language comprehension, 19878
- young deaf children; spatial task; temporal number task; number representation; mathematical learning; mathematical instruction, 29209
- zone of proximal development; ZPD; tessellations; Tessel-Mania! Deluxe; Vygotskian environment; K-8 classroom; transformation study; prediction exchange; defending reasons; rotation; reflection, 2755
- Spatial Ability [See Also Visuospatial Ability]—Chapters**
- Nonverbal neuropsychological assessment, 199
- Spatial Discrimination [See Spatial Perception]**
- Spatial Distortion—Serials**
- anisometry; space representation; neglect dyslexia; space perception; contralesional space; space distortion; brain damaged patients, 22994
- contrast polarity; Cafe Wall type illusions; angularity illusion; tilt cues, 30606
- motion sharpening; luminance contrast; distortions; gain control; compressive non-linearity, 6502
- sensory neglect; anisometry; visual search tasks; spatial relations; distortion, 32207
- spatial distortions; pointing movements; visual landmarks, 18279
- spatial distortions; processing latencies; onset repulsion; motion direction; Frohlich illusion; target velocities, 27459
- visual search; spatial distractor; temporal distractor; behavioral correlates; neuroanatomical correlates; parietal cortex; neuroanatomical correlates; neural substrates; selective attention, 3768
- Spatial Frequency—Serials**
- bimodal exploration; visual perception; haptic discrimination; visual discrimination; unfamiliar displays; shapes; bilateral symmetry, 30589
- binocular input; local stereopsis; spatial frequency; fractal images, 9583
- configural face encoding; spatial frequency information; face recognition; face inversion effect; face encoding; facial discrimination; configural vs featural modifications, 6487
- configuration effects; texture transparency; perceptual transparency; spatial frequency, 30605
- dyslexia; spatial frequency; phonological problems; visual attention; visual search, 35105
- edge detection; brightness perception; contrast thresholds; masking; illusory scalloping; spatial frequency, 30618
- event-related brain potentials; global precedence effect; interference effect; global features; local features; letters; occipitotemporal cortex; neural substrates; spatial frequency, 12597
- face recognition; spatial frequency similarity; classification; object recognition; spatial frequency overlap; stimulus variability, 33710
- hemispheric asymmetry; spatially filtered stimuli; visual stimuli; spatial-frequency content; semantic category, 34075
- hemispheric specialization; spatial frequency processing; natural scenes; precedence effect; visual field; scene presentation, 6967
- holographic account; figural goodness; perceptual stimuli; visual system; patterns; spatial frequency; theoretical-empirical difficulties; data fit; structural information theory; mathematical theory, 9603
- independence theory; interactive theory; spatial frequency; visual information acquisition; global precedence theory, 9719
- low-pass filtered images; audiovisual speech perception; spatial frequency spectrum; auditory intelligibility; spatial resolution, 33669
- luminance gratings; disparity gratings; shading; stereopsis; binocular disparity; spatial frequency; spatial cues; depth cues, 18302
- monocular viewing conditions; spatial frequency thresholds; contrast levels; peripheral visual field; binocular summation; binocular viewing; fovea; eccentric retinal location, 21288
- neural responses; fusiform gyrus; event-related functional magnetic resonance imaging; cerebral hemispheres; functional asymmetry; laterality; spatial frequency; visual images; temporo-occipital lobe, 18640
- orientation channels; striate cortex; distributed categorization process; visual cortex neurophysiology; spatial frequency, 24391
- orientation; discrimination; visual noise; global stimuli; local stimuli; discrimination threshold; orientation signal; spatial frequency, 21278
- spatial frequency sensitivities; facial expressions; emotional expressions; visual images; neural channels; neural responses; fusiform cortex; fusiform activity; amygdala responses, 15343
- spatiotemporal separability; human cortical response; speed mechanism; visual motion speed; neural activity, 12893
- vernier acuity; narrowband stimuli; broadband stimuli; contrast; exposure duration; spatial vision; vernier thresholds, 18274
- visual discrimination; spatial separation; spatial frequency; visual contrast; spatial orientation; visual field; visual stimuli, 3315
- Spatial Imagery—Serials**
- mental rotation; perspective taking; spatial visualization; psychometrics; spatial orientation; orientation factors; mental abilities, 18284
- naive optics; mirror reflections; planar mirrors; predictive knowledge; perceptual knowledge; expectations; perceived rotation; errors, 333
- relational representations; attended image priming; configural distortions; split images; ignored image priming; holistic representations; analytic representation; object recognition; visual attention, 15300
- spontaneous construction; spatial situation models; narrative comprehension; causal relevance; attribution, 30672
- sport; spatial imagery; spatial activity; mental rotation; sporting activities, 24051
- visual images; distance estimation; spatial tasks; mental displacement task; visual map memorization; haptic exploration; mental estimation, 8333
- Spatial Learning—Serials**
- absolute spatial proximity; landmark; goal; distance; rats, 24562
- acetylcholine; medial striatum; place reversal learning; bupivacaine; acetylcholine output; place discrimination; place acquisition; reversal learning, 15563
- aging; radial arm water maze; spatial learning; memory, 27632
- Apparel Spatial Visualization Test; Paper Folding Test; culture; training; spatial task performance; cross-cultural comparisons, 24746
- associative learning; hippocampal system; rhesus monkeys; fornix; spatial information, 21547
- basal forebrain cholinergic neurons; neuron size; spatial memory performance; spatial learning ability; age-related differences; gender; rats, 3725
- brain-derived neurotrophic factor; spatial memory; spatial learning; synaptic plasticity; long-term potentiation; rats; phosphatidylinositol 3-kinase; hippocampus, 13041
- cerebellum; action representation; internal representation; observational learning; spatial information processing; imitation; explorative strategies; spatial learning, 9873
- chronic prenatal ethanol exposure; hippocampal; GABA receptor; spatial learning; guinea pig; cognitive deficits, 21852
- cognitive mapping; spatial learning; traumatic brain injury; spatial orientation deficits, 13969
- cognitive tasks; food restriction; animal strain differences; behavioral phenotypes; spatial discrimination; nonspatial discrimination; learning, 9768
- corticosterone; moderate stress; memory storage; hormonal levels; spatial learning; information acquisition; information retention; rats, 21805
- cue-based associations; rotation of starting position; retention; water maze; spatial tasks; spatial memory, 30773
- early handling; early deprivation; conditioned stimulus; context; spatial learning; spatial memory; adult rats; affective learning; open-field behavior; acoustic startle; endocrine stress response, 457
- egocentric orientation; memory; route learning; survey learning; perspective, 9723
- electromagnetic fields; radial-arm maze; object recognition; rats; mobile phone; spatial memory; mobile communication microwaves; GSM 900-MHz; head-only exposure; spatial learning; performance, 3769
- emotional instability; spatial cognition; adenosine receptor; adenosine; anxiety; spatial memory; behavior; environment; knockout mice; spatial learning; exploratory behavior; emotional reactions, 3666
- environmental enrichment; spatial learning; gene expression; brain-derived neurotrophic factor; learning impairments; long-term cognitive deficit; molecular deficit; developmental lead exposure; rats, 3563
- erythropoietin; allocentric place learning; bilateral fimbria-fornix transection; sham control; rats; task acquisition; task impairment, 13042
- estradiol replacement; hippocampus; acetylcholine; place learning; spatial memory; ovariectomy; rats, 750
- estrous cycle; estrogen; corticosterone secretion; cognitive decline; aging; maze performance; apolipoprotein E knockout female mice; wild-type mice; reactivity of hypothalamic-pituitary-adrenal axis, 9927
- extinction; contextual renewal; spontaneous recovery; spatial preference; water maze; spatial cues; spatial learning; hippocampus; mice, 472
- flumazenil; ondansetron; tacrine; scopolamine-induced impairment; spatial learning; rats; spatial memory; retention, 9980
- gender differences; map reading; directions; navigation strategy; visual scanning, 6584
- genetic mapping; spatial learning; place navigation; fearful behavior; quantitative trait locus; mice, 15467
- hippocampal dentate gyrus synapses; morphological changes; spatial learning task; Morris water maze training; rats, 21579
- hippocampal formation; homing pigeons; lesions; room cues; local landmarks; global environmental space; unilateral lesions; spatial learning; lateralization, 18576
- hippocampal lesions; memory retrieval; reversal learning; food location; choice task, 9828
- hippocampal lesions; spatial learning and memory; zebra finch; retention; acquisition, 34076
- hippocampal map; hippocampal pyramidal cells; spatial learning deficits; spatial reference frames; spatial representation; spatial selectivity; external cues; hidden goal; adult rats; aged rats, 15378
- hippocampal-dependent spatial task; place cells; spatial information; navigation task; navigational performance; spatial learning; place cell activity; cognitive mapping, 18384
- hippocampus; spatial learning; spatial memory; rat; dorsal lesions, 34058
- hypothermia; hyperthermia; attentional learning deficits; spatial learning deficits; hypoxia-ischemic insult; neonatal rats, 30824
- idiothetic cues; hippocampus; retrosplenial cortex; lesions; learning; water maze, 7012
- individual differences; spatial learning; neural correlates; spatial information preference; spatial skills; mental rotation ability; survey encoding information; route learning; map learning, 27571
- individual variation; working memory; idiothetic orientation cues; allothetic orientation cues; spatial learning abilities, 470
- long-term potentiation; N-methyl-D-aspartate receptors; voltage-dependent calcium channels; spatial memory; spatial learning; rats, 18818
- maternal deprivation; social learning; spatial learning; adult rats; animal rearing, 473
- memory formation; cell-permeable phospholipase; neurons; long-term spatial memory; C gamma 1 binding cell-penetrating peptide, 24651
- memory formation; time-dependent long-term stage; temporal parameters; passive avoidance task; spatial learning task; retention; chicks, 21432

- mice; leukocyte common antigen-related protein; tyrosine phosphatase; spatial learning impairment; hyperactivity, 34109
- mice; spatial learning; locomotor activity; nicotine; housing; aggressiveness; anxiety, 9765
- N-Methyl-D-Aspartate receptor; tissue plasminogen activator; mice; dizocilpine; hippocampal lesions, 21503
- navigation task; physical environment; monkey; brain; behavioral analyses; virtual space; spatial cognition, 30775
- navigation strategies; local landmarks; distal landmarks; rats; spatial learning; swimming, 6684
- nucleus basalis magnocellularis; behavioural impairment; lesions; allocentric navigation; pretraining; nonspatial experience; spatial learning; water maze task; rats; hippocampal scopalamine, 9868
- polyamines; animal behavior; learning; transgenic mice; spermidine; spermine-acetyltransferase; hypoactivity; spatial learning impairment, 24818
- proprioceptive feedback; environmental characteristics; spatial learning; virtual environments; three dimensional virtual mazes; perimeters; global landmarks; architectural theory of space syntax, 27568
- protein kinase C; nucleus accumbens; motor & spatial learning; long term memory; spatial memory, 18703
- raloxifene; estradiol; hippocampal acetylcholine release; spatial learning; rats; estrogenic effects; cognitive performance; hippocampal cholinergic activity, 27888
- rat; context dependent fear conditioning; exploratory behavior; glycosaminoglycans; heparin derived oligosaccharide; neophobia; open field behavior; spatial learning, 10016
- recovery effects; extinction trials; navigation task; Morris swimming pool; spatial learning; training; rats, 480
- route learning; virtual environment; real environments; transfer of learning, 3387
- searching behavior; localized search; information encoding; food; spatial orientation; spatial learning; generalization, 12735
- selective memory impairment; age-related memory decline; spatial reference memory; behavioral paradigms; serotonergic systems; experimental context; receptor knock-out; Morris water maze, 6851
- sensory cues; whole-body rotations; passive transport; egocentric spatial updating; spatial orientation; rotative robot; active movements; blindfolded, 12573
- serial discriminations; contextual discriminations; stress; mice; information retrieval; flexible information; stable information, 21428
- short-term retention; spatial memory; ginkgo biloba; spatial learning, 18747
- spatial context learning; aging; contextual cuing; higher order sequence learning; implicit learning; spatiotemporal context learning, 9712
- spatial contextual cuing; individual locations; visual search; spatial learning, 30604
- spatial learning ability; spatial reference memory; neural systems; cue learning; animal learning; mice; aging; maze learning, 6686
- spatial learning deficits; chronic stress; novelty reactivity; neurobiology; cognitive alterations; behavioral reactivity; rats; psychosocial stress; individual differences; hippocampus, 7140
- spatial learning; complete physical map; partial maps; spatial knowledge; mental representations; mental maps; text; direction perception, 33843
- spatial learning; contextual learning; ketamine; rats; pilocarpine epilepsy model; acepromazine; cognitive impairments, 24829
- spatial learning; hippocampal neurons; spatial behavior; cognitive map; young animals; aged animals; aging; environmental cues, 15986
- spatial learning; involuntary movement; unreinforced pre-exposure; radial maze; hippocampus; fimbria-fornix; brain lesions; rats, 18624
- spatial learning; memory; birds; cognition, 33960
- Spontaneously Hypertensive rats; Wistar-Kyoto rats; Sprague-Dawley rats; rodent strains, 18661
- spatial learning; mice; spatial memory; neurotrophin low affinity receptor, 34079
- spatial learning; polysialylated neural cell adhesion molecule; hippocampal dentate gyrus; individual differences; neural circuits; neurobiological correlates; endocrine correlates; rats, 24706
- spatial learning; spatial behavior; different environments; hippocampus role; rats, 18459
- spatial learning; voluntary exercise; hippocampus; neurogenesis; wheel running; motor behavior; selectively-bred mice; maze learning, 617
- spatial learning; voluntary exercise; hippocampus; neurogenesis; wheel running; motor behavior; selectively-bred mice; maze learning, 18551
- spatial learning; sex differences; spatial working memory; route learning; object location memory, 12705
- spatial representations; vision; visual perception; spatial language; distance judgments; allocentric direction, 24357
- spatial thinking; high spatial low numerical scores; high numerical low spatial scores; standardized mathematics; United Kingdom; pupils' performance, 9013
- spatiotemporal organization; physical context; young children; physical environment; recall, 18921
- transitive behavior; hippocampus; pigeons; non-spatial learning; memory representations; transitive learning; vertebrate species; conditional discriminations; brain lesioned, 27793
- visualization assessment; visualization training; spatial skills; VIZ Website; response times; accuracy; spatial cognition, 33049
- working memory deficits; prenatal disruption of neurogenesis; cognitive consequences; methylazoxymethanol; pregnant rats; mitotic inhibitors, 34152

- angiotensin IV; water maze task acquisition; ryanodine channel function; calcium transport; spatial memory; hippocampus; rats, 570
- attention-based rehearsal; spatial working memory; fMRI, 27777
- Block Suppression Test; assessment; reliability; healthy subjects; brain damaged patients; validity; clinical neuropsychology; spatial working memory, 12502
- brain-derived neurotrophic factor; spatial memory; spatial learning; synaptic plasticity; long-term potentiation; rats; phosphatidylinositol 3-kinase; hippocampus, 13041
- chicks; sex differences; brain lateralization; spatial encoding and memory; hemispheric processing; landmark and geometric information, 34074
- cholinergic neurons; basal forebrain; neuronal lesions; spatial working memory; cerebellar Purkinje cells, 15595
- contextual serial discrimination; spatial memory; mice; gamma aminobutyric acid; benzodiazepine receptors; p-carboline-3-carboxylate, 21818
- cortical noradrenergic neurotransmission; neophobia; impaired spatial memory; aged rats; memory tasks, 27721
- corticostriatal; executive function; prelimbic cortex; reward; working memory, 9894
- cue-based associations; rotation of starting position; retention; water maze; spatial tasks; spatial memory, 30773
- developmental continuity; spatial recall; symmetry axes; systematic drift; exemplar distribution; experience-dependent effects, 7402
- dorsal hippocampal region; mice; memory acquisition; spatial memory processes; learning, 34019
- dual tasks; single tasks; invisible primes; target-directed control settings; spatial memory; automatic processing; non conscious priming; task interference, 30699
- early handling; early deprivation; conditioned stimulus; context; spatial learning; spatial memory; adult rats; affective learning; open-field behavior; acoustic startle; endocrine stress response, 457
- egocentric; allocentric reference frames; spatial navigation; gravity; self-motion; weightlessness; spatial memory; virtual reality; three dimensional maze, 21296
- electrolytic lesions; ventral subiculum; spatial memory alteration; amphetamine-induced locomotion; working memory; rats, 24704
- electromagnetic fields; radial-arm maze; object recognition; rats; mobile phone; spatial memory; mobile communication microwaves; GSM 900-MHz; head-only exposure; spatial learning; performance, 3769
- environmental destination strategies; spatial strategy; lesions; temporal lobe; hippocampal function; caudate nucleus; imaging; neuropsychological results, 27716
- female sex hormones; estrous cycle stage; behavioral outcome; experimental traumatic brain injury; motor performance; cognitive performance; spatial memory, 27805
- food foraging; rats; spatial memory; maze pathways; pathway novelty; pathway choice, 9757
- fornix transection; rats; radial-arm maze cue tasks; distal visual stimuli, 6908
- frames of reference; spatial memories; reference systems; language; cues, 9721
- gender differences; female advantage; spatial location memory; dynamic array; static array; object location memory; line drawings, 6614
- gestures; spatial working memory; speech production; spatial representations; lexical search, 33667
- haloperidol; alcohol; spatial working memory; rats; medial prefrontal cortex; dopaminergic modulation, 3887
- heterozygous staggerer mice; spatial memory; aging; age differences; strain differences, 24630
- hippocampal formation; parahippocampal activation; allocentric spatial memory; egocentric spatial memory; memory encoding; virtual reality; spatial mapping; viewpoint-independent memory, 27559
- hippocampal lesions; spatial learning and memory; zebra finch; retention; acquisition, 34076
- hippocampus; encoding; retrieval; acetylcholine; spatial learning; memory modulation; computational models; rats; scopalamine hydrobromide; physostigmine; maze learning, 772
- hippocampus; neural cell adhesion molecule; spatial memory consolidation; fear conditioning; rats; synaptic plasticity, 620
- hippocampus; spatial learning; spatial memory; rat; dorsal lesions, 34058
- histamine antagonist; clobenpropit; MK-801; spatial memory deficits; maze learning; rats; working memory; reference memory, 30980
- imaginal perspective switches; remembered environments; response selection conflict; sensorimotor interference; cognitive transformations; rotations; translations; object locations, 12574
- immunosuppressant tacrolimus; ischemia-induced brain damage; memory dysfunction; rats; learning, 18557
- long-term depression; long-term potentiation; spatial memory task; behavioral stress; memory retrieval; stress effect; hippocampus; elevated platform stress; foot shock stress, 7141
- long-term memory enhancement; aging; aged impaired memory; rats; spatial memory; BIBN-99; memory performance; spatial learning; reference memory, 3967
- long-term potentiation; N-methyl-D-aspartate receptors; voltage-dependent calcium channels; spatial memory; spatial learning; rats, 18818
- long-term retention; spatial mental model; younger adults; older adults; knowledge structures, 28072
- memory formation; cell-permeable phospholipase; neurons; long-term spatial memory; C gamma 1 binding cell-penetrating peptide, 24651
- methylene blue; brain oxidative metabolism; memory retention; rats; brain cytochrome c oxidation; spatial memory, 12981
- multilevel simulated environment; vertical asymmetry; spatial memory; direction judgments, 33884
- multiple spatial systems; egocentric spatial system; allocentric spatial system; spatial representations; episodic memory; context role; spatial neural systems; hippocampal system; episodic memory, 27556
- N-methyl-D-aspartate receptors; hippocampal memory processes; memory acquisition; spatial information; memory trace; place cells, 24695
- N-methyl-D-aspartate receptors; long-term memory; spatial memory; black-capped chickadees; hippocampal formation; birds; animal learning; food storing; hidden food caches; synaptic plasticity, 12884
- narratives; space; time; life; mind; detail distortion, 33835
- neural aromatization; spatial memory acquisition; songbird hippocampus; neuron size; cell density; estradiol; testosterone; dihydrotestosterone; male zebra finches, 21653
- nucleus basalis magnocellularis; behavioural impairment; lesions; allocentric navigation; pretraining; nonspatial experience; spatial learning; water maze task; rats; hippocampal scopalamine, 9868
- object locations; memory; object receipt; developmental amnesia; hippocampal damage; virtual reality; forced-choice recognition; spatial memory; familiarity; episodic recollection, 29135
- object-location memory impairment; thermal lesions; hippocampus lesions; medial temporal lobe; spatial memory, 23005
- ovarian hormones; cognition; aged female rats; long-term ovariectomy; short-term ovariectomy; spatial performance; spatial memory; spatial cognition, 7152
- preserved spatial memory; brief intervals; age differences; older adults; young adults; location information; working memory task; spatial information, 25104
- rats; orbitofrontal cortex; hippocampus-dependent spatial memory, 13089

Volume 91 SUBJECT INDEX

Spatial Memory—Serials

rhesus monkeys; visual memory; spatial memory; performance; visuospatial memory, 6689

schizophrenia; spatial working memory; attentional set-shifting; thought disturbance; social withdrawal; depressed behavior; antisocial behavior; symptomatic syndromes; psychomotor poverty syndrome, 25664

search strategies; cognitive impairment; spatial working memory; reference memory; TgCRND8 mice; mouse model; Alzheimer's disease, 24616

selective memory impairment; age-related memory decline; spatial reference memory; behavioral paradigms; serotonergic systems; experimental context; receptor knock-out; Morris water maze, 6851

semantic memory; spatial content; memory recall; episodic memory; temporal lobe; parahippocampal activation; age; functioning magnetic resonance imaging, 27553

sex differences; virtual Morris water task; virtual radial arm maze; mental rotation; spatial memory, 30700

short-term retention; spatial memory; ginkgo biloba; spatial learning, 18747

spatial learning ability; spatial reference memory; neural systems; cue learning; animal learning; mice; aging; maze learning, 6686

spatial memories; allocentric updating; egocentric updating; spatial reference directions; locomotion; memory, 9669

spatial memory deficit; hippocampal transcript profile; gene expression; cognitive deficit; age differences; C57BL/6NLA mice, 24642

spatial memory deficits; perinatal treatment; rats; phenylhydrazine; serine; neurodegeneration, 24777

spatial memory impairments; nitric oxide synthase; cerebral ischemia; hippocampus; apoptosis; arginine; microdialysis, 13039

spatial memory retention; estradiol replacement; female rats; hippocampal structure, 21905

spatial memory; beta-adrenoceptors blockade; DL-propanolol; hippocampal C1 region; rats; water maze, 7207

spatial memory; cognitive mechanisms; terminology definitions; special section introduction; history, 27555

spatial memory; hippocampus; neuronal activation; cingulate cortices; mice, 30772

spatial memory; lesioning; mice; mnemonic activity; ergot alkaloids; agroclavin; learning; retention; spatial habit, 9956

spatial memory; reference cues; body-centered reference cues; spatial coding; haptic locations, 18289

spatial memory; scopolamine-induced impairment; neurotransmitters; ameliorative effect; vasopressin receptor; eight arm radial maze; rats, 13040

spatial memory; search behavior; rats, 33916

spatial memory; sex differences; spatial working memory; route learning; object location memory, 12705

spatial memory; spatial perspective-taking; visuospatial ability, 30625

spatial memory; western blot analysis; prepulse inhibition; water maze task; antisense oligonucleotides; hippocampus; N-methyl-D-aspartate; NMDA; hippocampal knockdown; sensorimotor gating, 3450

spatial memory; young chicks; social contact; visual contact; out of sight behaviour, 15373

spatial proximity; spatial structure; serial-spatial memory; hierarchical organization; sequence reproduction; chunking, 30707

spatial reference frames; architecture; way-finding performance; spatial environments; spatial memory, 27176

spatial short-term memory; object location; spatial relocation; spatio-temporal working memory, 439

spatial working memory; dorsal hippocampal subregions; short delay; intermediate delay; neurotoxic lesions; rats; familiarity; novel environments; maze learning, 587

spatial working memory; functional magnetic resonance; schizoaffective disorder; schizophrenia; middle-aged patients; older patients, 25646

spatial working memory; verbal working memory; central executive functioning, 24503

spatial working memory; verbal working memory; prefrontal cortex; parietal cortex; domain dominance; fMRI, 3727

spatial working memory; visual search efficiency; memory load, 27466

spatial working memory; working memory performance; anticholinergic effects; treatment-resistant schizophrenia; neurocognitive effects; risperidone; haloperidol; spatial reference memory, 25656

tactile; phosytigmine; spatial working memory deficits; olfactory bulbectomized rats; acetylcholinesterase inhibiting compounds, 34156

thiamine deficiency; age; diencephalic damage; increased recovery period; spatial memory impairment; medial thalamic lesions; rats; animal model of Wernicke-Korsakoff Syndrome, 9876

to win-shift vs to win-stay learning; spatiotemporal distribution memory; Xanthomyza phrygia; patch replenishment; cognitive adaptation; nezar feeding birds, 3500

verbal working memory; spatial working memory; attention deficit hyperactivity disorder; memory impairment; response time; executive function, 25950

visual cues; olfactory cues; spatial cues; foraging behavior; pigs, 9783

visual images; distance estimation; spatial tasks; mental displacement task; visual map memorization; haptic exploration; mental estimation, 8333

visual memory; spatial memory; short term memory; visuospatial short-term memory fractionation; interference; mnemonic resource allocation; task complexity; long term memory, 30722

visuo-spatial memory; blindness; mental representation; strategies; visuo-spatial ability; visuo-spatial memory; mental imagery, 27523

water maze; visual acuity; scopolamine; muscarinic receptor blockade; receptor sensitivity; rats; mice, 31003

working memory; oculomotor control; visuospatial working memory; limb movement; eye movement; attention shifts; spatial memory, 432

working memory; spatial memory; visual memory; object memory; executive function, 18410

Spatial Memory [See Also Visuospatial Memory]—Chapters

The role of spatial working memory deficits in pathological search by neglect patients, 23030

Spatial Neglect [See Sensory Neglect]

Spatial Organization—Serials

direct distance; route distance; implied temporal distance; situation model components accessibility; narratives, 368

educational institutions; friendship formation; university campuses; student interaction; spatial layouts; group seduction; pedestrian flow; social interaction; visual manipulation, 12361

egocentric updating; spatial relations; linguistically encoded, 6471

emotion; boundary extension effect; anxiety; perspective; negative emotional pictures, 15340

ensemble codes; hippocampus; spatial elements; feed-forward stage; connected recurrent stage, 34043

entorhinal cortex lesions; rats; place navigation; proximal landmarks; distal landmarks, 34053

feedback projections; multisensory integration; spatial awareness; visual consciousness; primary visual cortex, 34009

field-based spatial information; object-based spatial information; time; space-time, 24360

free-viewing perceptual asymmetries; vertical stimuli; horizontal stimuli; perceptual biases; luminance judgments; attention, 21285

gender differences; female advantage; spatial location memory; dynamic array; static array; object location memory; line drawings, 6614

goldfish; place finding; information encoding; geometric properties; featural properties; spatial arrangement; landmarks, 27638

haptics; space; parallel; frame of reference; oblique effect; gender differences; bimanual parallelity task, 322

honeybee; single bars; bar arrangement; vertical displacement; horizontal displacement; cues, 21430

joined objects; amodal completion; 3D shape; visual organization; spatial position, 9580

marginal predation; methodologies; predator preferences; at-risk populations; measurement; differential risk; animal groups; terminology; spatial positions; ingroup outgroup; predator biases, 515

memory; space; time; balance; spatiotemporal organization; kappa effect; tau effect; constant durations; constant distances; variable distances; variable durations; mental image; stabilization, 21391

morphological substrate; information processing; organizational characteristics; afferent projections; dogs; brain; caudate nucleus; nucleus accumbens; putamen, 27736

nongeometric object information; visuospatial memory; cognitive development; age differences; spatial organization; categorization; spatial learning, 914

object recognition representation; spatial relation; planar rotation; animal recognition; nonanimal object recognition; hemispheric advantage; categorical spatial relation; coordinate spatial relation, 15285

object-based connectedness; image-based connectedness; object pairs image; monocular & binocular depth cues; concavities; matching, 6508

pedestrian; safety; crash risk; spatial analysis; accidents; college campus environmental design; spatial organization, 30285

preserved spatial memory; brief intervals; age differences; older adults; young adults; location information; working memory task; spatial information, 25104

response time; projective spatial terms; spatial relation; orientation; direction; origin; distance; spatial template, 33651

right-left prevalence; stimulus location; Simon effect, 6520

Spatial Orientation (Perception)—Serials

route directions; standard instructions; explicit instructions; information content; conciseness; spatial discourse, 12633

saccadic eye movements; sensorimotor transformation; superior colliculus; saccade amplitude; neuronal activity; spatially extended targets, 12876

search behavior after disorientation; location of hidden object; spatial representations; geometric cues; toddlers, 915

sensory neglect; anisometry; visual search tasks; spatial relations; distortion, 32207

simon effect; horizontal position; stimulus position; faster responses; simon task, 18303

spatial arrangement; visual stimulus; inverted self-motion perception; foreground motion; orthogonal background; inverted vection; visual field; eye convergence, 30614

spatial characteristics; acoustic signal; caudate nucleus; dogs; neuronal activity, 27738

spatial coordinates; trunk centered coordinates; head centered coordinates; left; right; leftward neglect; pseudoneglect; mirror reversed images; greyscale stimuli; perceptual asymmetries, 6518

spatial distance effect; anaphor resolution; mental model; text comprehension; situation model; semantic priming; selective attention; spatial organization; anaphor referent; reading comprehension, 367

spatial distribution; low-voltage-activated calcium currents; ganglion cells; tiger salamander; retinal dendrites, 6903

spatial information; temporally organized mental maps; spatially organized mental maps; distance discrimination, 27494

spatial information; unfamiliar environment; position; perspective; memory, 419

spatial learning; complete physical map; partial maps; spatial knowledge; mental representations; mental maps; text; direction perception, 33843

spatial organization skills; blind people; large outdoor places; environment visualization; spatial perception, 14028

spatial organization; mental representation; ordinal sequences; Spatial Numerical Association of Response Codes, 18322

spatial organization; three dimensional objects; visual search performance; visual object perception; processing; constituent parts, 33704

spatial position; eiders; kin recognition; ducklings; Somateria mollissima; parental manipulation of brood structure; female aggression; spatial distribution, 12759

spatial reference frames; architecture; way-finding performance; spatial environments; spatial memory, 27176

spatial representations; movement representations; hippocampal neurons; striatal neurons; allocentric tasks; egocentric tasks; cue manipulation; movement correlations; place correlated cell firing, 30888

spatial representations; vision; visual perception; spatial language; distance judgments; allocentric direction, 24357

spatial requirements; nonhandicapped adults; visual estimation; wheelchairs; walking; locomotion, 15205

spatial short-term memory; object location; spatial relocation; spatio-temporal working memory, 439

spatial syntax; cognitive maps; environment; sketch maps, 27178

spatiotemporal organization; physical context; young children; physical environment; recall, 18921

temporal integration; temporal relationships; backward associations; coding hypothesis; rats, 462

temporal sequences; self-organizing maps; map formation; sequence processing; temporally asymmetric learning, 30312

two-dimensional environmental schematic; target location; goal position; geometric cues; featural cues; information encoding; visual search; spatial organization; spatial orientation, 12599

visual space; idiosyncratic relationship; visually guided behavior; probability distribution; statistical relationship; physical distances; real distances; natural scenes, 15225

visual space; spatial perception; philosophy; phenomenology, 9582

Spatial Organization—Chapters

Growing up in a patrilocal society: Sex differences in the spatial relations of immature muriquis, 3559

Spatial Orientation (Perception)—Serials

3-D reaching; rotation invariant; hand orientation, 9627

age differences; imbalance; voluntary forward reaching; cautiousness, 30645

aging; Alzheimer's disease; phasic alerting; spatial orientation; precuing task, 19976

alignment effects; computer-simulated environment; virtual environments; cognitive load; orientation estimates, 33375

aquatic organisms; odour intermittency; chemotaxis; orientation behavior; crayfish, 6714

attentional blink; spatial processing; target detection; visual search; rapid visual presentation; localization bias; target position; switching costs; spatial cues, 21286

- attentional capture; oculomotor capture; visual search; covert visual orienting; overt visual orienting, 318
- attentional capture; perceptual sensitivity; spatial distribution; color singlet; target detectability, 33886
- attentional dynamics; visual perception; spatial disorientation; Alzheimer disease; perceptual capacities; neuropsychological capacities, 22959
- attentional strategy; self orientation; perception; body tilt; gender differences; morphological horizon, 30626
- auditory distractibility; location; stimulus duration; event related potential; behavioral performance, 3799
- axes system; figure drawing; spatial constraint; pictorial space; figure size; task complexity; size regulation mechanisms; children; age, 24960
- behavioral responses; shape discrimination; chemical cues; visual orientation; potential shelter; responsiveness changes, 21453
- bimanual coordination; perception-action coupling; visual information; egocentric constraints; directional constraints; muscular constraints, 6567
- blood oxygen level dependent activation; spatially differentiated patterns; face images; ventral extrastriate cortex; fusiform; inferior temporal gyri; lingual gyri; parahippocampal gyri, 6519
- body orientation; somatosensory system; perception; subjective visual vertical; somesthetic cues; body tilt; A-effect; Aubert, 6485
- body position; imagery tasks; visual mental imagery; repetitive transcranial magnetic stimulation; non-upright position; supine position; lateral position; body tilt; gravitational frame of reference, 3326
- body-based senses; direction knowledge; large-scale environments; inertial cues; active movement; spatial knowledge acquisition, 21258
- brain lesions; anterior thalamus; contralateral inferotemporal cortex; monkeys; learning; spatial perception; unilateral lesion; topographical memory, 27781
- cardinal direction; egocentric frames; navigators; reference-frame misalignment; exocentric frames; direction judgments; performance decrements; strategies; group differences; college students, 24362
- configuration effects; texture transparency; perceptual transparency; spatial frequency, 30605
- defensive behaviors; orienting behaviors; superior colliculus; brain stimulation; 5-HT; midbrain; frontal cortex application; rats, 560
- development of navigational abilities; homing pigeons; confinement; wind screened aviary; flight experience; navigational map learning; unscreened aviary; Columba livia; orientation performance, 12727
- ecology; language; spatial cognitive tasks; orientation systems; linguistic relativity hypothesis; cultural practice impact, 18932
- egocentric orientation; memory; route learning; survey learning; perspective, 9723
- egocentric updating; spatial relations; linguistically encoded, 6471
- elemental information; configural perception; discrimination task; pigeons; people present stimuli, 463
- extrapersonal space; spatial discrimination; visual perception; body shadows; visual scenes; hand; personal space, 15218
- face perception; overlapping faces; orientation; perceptual dominance; inferotemporal neurons; children vs adults; development; exposure duration, 7381
- feature cues; spatial attention; ventral pathway; prefrontal brain area; oculomotor circuit, 27440
- generalization; place learning; geometry knowledge; rats; spatial orientation, 21438
- geometric modules; non-geometric modules; spatial reorientation; neurobiological processes; neuroanatomy; visual system; birds; information encoding; left hemisphere; right hemisphere; cues, 18619
- global orientation; orientation modulated texture; spatial frequency; local grouping; visual processes, 9594
- global-local visual biases; perception of visual-spatial orientation; left hemisphere function; sex differences; right hemisphere function, 12807
- goldfish; place finding; information encoding; geometric properties; featural properties; spatial arrangement; landmarks, 27638
- hand movements; intraparietal sulcus; surface orientation; hand orientation; finger position; anterior & posterior intraparietal areas, 15579
- haptics; space; parallel; frame of reference; oblique effect; gender differences; bimanual parallelity task, 322
- head direction cell activity; navigation task; cognitive mapping strategy; spatial behavior; rats; thalamus, 30862
- hemispheric activation; spatial attention; line bisection error; pseudoneglect phenomenon, 18578
- hippocampal function; homing pigeons; lesions; room cues; local landmarks; global environmental space; unilateral lesions; spatial learning; lateralization, 18576
- hippocampal lesion; egocentric spatial memory; memory acquisition; domestic chicks; bilateral chemical lesion, 3689
- hippocampal lesions; priming; nonassociative priming; visual stimulus orientation; visual stimuli; memory activation; excitotoxic hippocampal lesions; rats, 18588
- hippocampal sclerosis; allocentric spatial location; egocentric spatial location; epilepsy; visuospatial memory; medial temporal lobe regions, 11259
- hippocampal volume; grey matter volume; innate navigational expertise; taxi drivers; human hippocampus; spatial representation; posterior hippocampus; brain, 18694
- hippocampal-dependent spatial task; place cells; spatial information; navigation task; navigational performance; spatial learning; place cell activity; cognitive mapping, 18384
- human brain; multimodal spatial representations; motor response; human parietal cortex; saccadic spatial orienting; manual spatial orienting; neuroimaging, 351
- human spatial navigation; cellular networks; hippocampus; medial temporal lobe; frontal lobe, 334
- humans; sex differences; spatial ability; home ranges; ranging, 27495
- idiothetic cues; hippocampus; retrosplenial cortex; lesions; learning; water maze, 7012
- image orientation perception; color photographic images; image resolution; semantic cues; psychophysical study, 12601
- imaginal perspective switches; remembered environments; response selection conflict; sensorimotor interference; cognitive transformations; rotations; translations; object locations, 12574
- interaction torques; external reference frame; trunk rotation; finger trajectories; turn and reach movements, 12622
- interactive dimensions; individual dimensions; spatial dimension; time dimension; characters; mental models construction; text memory; narrative, 30736
- kinesthetic estimation; supine positions; body orientations; vertical orientations; horizontal orientations; upright position; kinesthetic perception, 33690
- landmark task; unilateral neglect; spatial cognition; perceptual bias; response bias, 29183
- learning; combined feature search; specificity; homogeneous distractors; heterogeneous distractors; orientation, 6490
- line orientation matching; line movement; line perception; movement perception; errors, 336
- linear acceleration; optokinetic stimulation; neural processing; gravito-inertial cues; visual rotational cues; eye movements, 12781
- location; attention; three-dimensional space; visual event related potential; sensory signals; stereoscopic depth, 3782
- math concepts; reading comprehension; spatial orientation; visualization; visual field articulation; music sight reading ability; near transfer theory; audition; high school wind players, 33121
- memory; simulated environment; able-bodied children; physically disabled children; virtual building; directions; asymmetry; physical disabilities, 32118
- mental rotation; neuropsychological evidence; mental strategy; hemispheric lateralization; brain damage; stimulus type; egocentric vs allocentric transformation; object- vs viewer based transformation, 24714
- mental rotation; perspective taking; spatial visualization; psychometrics; spatial orientation; orientation factors; mental abilities, 18284
- minimal relative motion principle; structure from motion; perceptual phenomenon; mathematical model; vertical axis; oscillating tilted bar, 24328
- multilevel simulated environment; vertical asymmetry; spatial memory; direction judgments, 33884
- naive optics; mirror reflections; planar mirrors; predictive knowledge; perceptual knowledge; expectations; perceived rotation; errors, 333
- navigation; allothesis; idiothesis; humans; test battery, 9570
- navigational strategies; local landmarks; distal landmarks; rats; spatial learning; swimming, 6684
- oblique effect; infants; haptic perception; spatial orientations; vertical orientation; oblique orientation; orientation perception, 18915
- optical maps; spatial orientation; direction perception; visual cortex; cats, 21701
- orientation behaviors; resident relocation; redesigned environment; dementia care unit; relocated residents; psychological function, 29119
- orientation channels; striate cortex; distributed categorization process; visual cortex neurophysiology; spatial frequency, 24391
- orientation discrimination; localization; parietal damage; visual perception; dorsal processes; ventral processes; impairment, 32179
- orientation preference; visual sensitivity; disparity sensitivity; horizontal disparity; vertical disparity; retinal disparity; eye alignment; monkeys, 14996
- orientation; discrimination; visual noise; global stimuli; local stimuli; discrimination threshold; orientation signal; spatial frequency, 21278
- photo-elicited narratives; narratives; spatiotemporal shift; informants narratives; political disappointment, 18845
- posture; visual information; search; suprapostural task; stance; spatial attention, 6465
- prefrontal cortex; frontal lobe; parietal lobe; electroencephalography; waking EEG; morning; evening; spatial orientation; maze, 7040
- primate cerebellum; body motion; spatial orientation; self motion perception; postural control; cerebellar motion-sensitive neurons; vestibular end organs, 27789
- proprioceptive feedback; environmental characteristics; spatial learning; virtual environments; three dimensional virtual mazes; perimeters; global landmarks; architectural theory of space syntax, 27568
- proprioceptive straight-ahead pointing; subjective sagittal middle; active haptic exploration, 24407
- recovery effects; extinction trials; navigation task; Morris swimming pool; spatial learning; training; rats, 480
- repetition effects; visual recognition; letter presentation, 24504
- response time; projective spatial terms; spatial relation; orientation; direction; origin; distance; spatial template, 33651
- searching behavior; localized search; information encoding; food; spatial orientation; spatial learning; generalization, 12735
- sensory cues; whole-body rotations; passive transport; egocentric spatial updating; spatial orientation; rotative robot; active movements; blindfolded, 12573
- sensory neglect; anisometry; visual search tasks; spatial re-examination; distortion, 32207
- sex differences; behavioral responses; object localization; object recognition; mice; spatial novelty; object novelty, 6652
- spatial attention; eye movements; overt orienting; covert orienting; voluntary shifts, 9844
- spatial cognitive function impairment; verbal performance; spatial disorientation; spatial task performance; self-motion; visual flow, 6578
- spatial contextual cuing; individual locations; visual search; spatial learning, 30604
- spatial coupling; homologous limbs; non-homologous limbs; limb movements, 24409
- spatial information; temporally organized mental maps; spatially organized mental maps; distance discrimination, 27494
- spatial information; unfamiliar environment; position; perspective; memory, 419
- spatial knowledge; spatial problems; mental rotation; spatial ability; environmental pointing accuracy; navigation; testosterone; cognitive maps, 17937
- spatial memories; allocentric updating; egocentric updating; spatial reference directions; locomotion; memory, 9669
- spatial organization skills; blind people; large outdoor places; environment visualization; spatial perception, 14028
- spatial orientation task; indirect landmark; goal location, 15966
- spatial representation; hippocampus; neocortex; entorhinal cortex; neural activity; memory, 34021
- spatial representation; shelter location; meerkats; *Suricata suricatta*, 30763
- spatial short-term memory; object location; spatial relocation; spatio-temporal working memory, 439
- spontaneous construction; spatial situation models; narrative comprehension; causal relevance; attribution, 30672
- Sprague effect; tectal lesions; visual orientation; midbrain tumor; superior colliculus; spatial attention; subcortical modulation, 32196
- story; narrative theory; time; space; spatial-temporal orientations, 18854
- temporal order judgment; stimulus onset asynchrony; intersensory processes; auditory perception; visual perception; hemispheric redundancy; spatial expectancy; spatial orientation; spatial attention, 329
- two-dimensional environmental schematic; target location; goal position; geometric cues; featural cues; information encoding; visual search; spatial organization; spatial orientation, 12599
- V1 orientation selectivity; learning; adaptation; physiological change, 21511
- vector knowledge acquisition; sense of direction; cognition, 9670
- verticality tasks; horizontality tasks; water level tasks; testing procedure; developmental effects; drawings; two dimensional graphic versions; three dimensional versions, 31128
- virtual environment; directional knowledge; spatial knowledge, 21031

visual discrimination; spatial separation; spatial frequency; visual contrast; spatial orientation; visual field; visual stimuli, 3315
visual motion stimulation; body orientation; perceptual distortions; neck muscle vibration; visual field defects; neglect patients, 27449
visual scenes; image statistics; Bayesian & Manhattan world & null hypothesis models; viewer orientation; estimation; 3 dimensional scene structure, 17972
visual search; spatial marking; spatial orientation; visual displays; discrete motion, 3328
visual short-term memory; spatial configuration; orientation memory, 18375
visual systems; Roelofs effect; single reference frame; cognitive judgments; object location; frame offset; sensorimotor responses; Roelofs illusion, 27451
wandering; wayfinding; dementia; persistent walking; repetitive walking; spatial disorientation; eloping behavior, 35247
Spatial Orientation (Perception)—Chapters
Spatial anisometry and representational release in neglect, 23026
Visual peripersonal space in humans, 21301
Spatial Perception [See Also Depth Perception, Direction Perception, Distance Perception, Motion Perception, Size Discrimination, Spatial Distortion, Spatial Organization, Spatial Orientation (Perception)]—Serials
acetylcholine; cholinergic neurons; dorsomedial striatum; behavioral flexibility; discrimination learning; reversal learning; spatial discrimination; rats, 613
action; number representation; space representation; visuomotor adaptation; mental number bisection; unilateral neglect; visual goals, 26186
amblyopia; noise; spatial vision; neural losses; amblyopes, 23052
anisometry; space representation; neglect dyslexia; space perception; contralesional space; space distortion; brain damaged patients, 22994
anisomycin; spatial preference; spatial reversal preference; protein synthesis inhibition; Morris water maze, 34162
attention; visual neglect; contralesional visual stimuli; spatial deficits; spatiotemporal dynamics, 29128
attentional cuing; Simon effect; spatial attention; event-related potentials; response preparation, 18264
auditory streams; auditory scene analysis; preattentive evaluation; mismatch negativity; human audition; detection system; spatial processing; event related potentials; auditory streams, 15258
behavior selection; learning strategies; hawkmoth; place approach strategy; foraging; computational model; color vision; adaptive processes, 33905
binary textures; ternary textures; high-order spatial correlations; depth cues; image qualities; pixels, 33721
brightness; color; borders; spatial coding; motion; illusory spatial jitter; low-luminance-constrast boundary, 332
categorical spatial judgments; comparative spatial judgments; Rhesus monkey; spatial cognition; midline; vertical dimension; high; low, 24543
cognition research; spatial cognition; perceptions of locations; maps; verbal questionnaire; reliability, 6246
cognitive heading; perceptual heading; imagined locomotion; systematic errors; response mode, 24417
cognitive tasks; food restriction; animal strain differences; behavioral phenotypes; spatial discrimination; nonspatial discrimination; learning, 9768
color; location; top-down processes; visual selection, 18281
contrast polarity; spatial factors; stimulus configurations; collinear edge; boundary integration; spatial interactions, 6521
cortical networks; stimulus onset; functional magnetic resonance imaging; visual event-related potentials; spatial attention; attention shifts; visual search, 588
covert orienting; peripersonal space; extrapersonal space; responses; visual fields; spatial attention, 21280
cross-modal integration; auditory events; visual events, 18259
data mining; information fusion; geospatial images analysis; hierarchical system; target recognition; mapping; ARTMAP neural network; remote sensing; adaptive resonance theory; pattern recognition, 9276
developmental continuity; spatial recall; symmetry axes; systematic drift; exemplar distribution; experience-dependent effects, 7402
dogs; animal navigation; catching frisbees; animals optical behavior, 24602
egocentric; allocentric reference frames; spatial navigation; gravity; self-motion; weightlessness; spatial memory; virtual reality; three dimensional maze, 21296
event-related brain potentials; attentional selectivity; peripheral auditory; auditory spatial processing; conductors; pianists; music perception; negative displacement attention effect; musicians, 15666
exogenous spatial cues; space orientation; attention allocation; discrimination task; detection task, 18290

face identification; face recognition; spatio-temporal dynamics; information from eyes; information use, 21297
fimbria-fornix; hippocampus; amygdala lesions; spatial discrimination; proximal locations; conditioned cue preference; rats, 30841
fingertip skin conformance; tactile spatial acuity; spatial acuity; aging, 18270
functional neuroanatomy; selective attention; compensatory processing; autism; autistic spectrum disorders; brain; spatial attention, 8051
fungiform papillae; young adult females; tactile perception; spatial resolution acuity; lingual tactile acuity; taste perception; Asians; Caucasians, 6476
gender differences; articulatory interference; spatial interference; matrix navigation; landmark based instructions; Euclidean based instructions, 6592
haptic location processing; haptic search; target location; target identity; target dimensions; sensory processing; perceptual dimensions; set size; relative orientation; reaction time data, 15188
hemispatial neglect; centre perception; neglect patients; difference zone, 26156
hierarchical cognitive map; spatial navigation; computational model; distance perception, 9251
human motion estimation; motion tracking; biomechanical model; virtual markers; spatial reconstruction, 6491
human movement; perception; action, 33665
human movement; perception; ecological psychology; space; dynamical systems approach, 33763
human spatial navigation; cellular networks; hippocampus; medial temporal lobe; frontal lobe, 334
image schema; linguistic representations; visual discrimination task; schematic representations; language comprehension; spatial representation, 383
ipsilesional cues; line-bisection errors; unilateral neglect; predictive value, 8212
kinetic contours processing; brain; special cortical areas; brain activity; kinetic occipital area; shape perception; primate visual brain; orientation-selective cells; macaques, 3332
lateral effects; perceived spatial location; auditory hallucinations; patients head, 6538
left visual neglect patients; motor response; preserved obstacle avoidance; reaching; stroke patients, 22892
line bisection; cortical organization; cortical activation; laterality; rightward errors; athletes; Group Cortical Organization and Activation Theory; personality traits, 12819
modafinil; learning processes; serial reversal discrimination; spatial discrimination; training level; mice, 7151
Mozart effect; neural functioning; spatial-temporal reasoning, 33686
multidimensional space; hue; form; perceptual processes; decisional processes; multidimensional space; regression model, 6493
multimodal events; eye movements; spatial indexing; environmental interactions; adults; infants; auditory information; visual component; location tracking; specific locations; auditory stimulus, 13204
multiple spatial systems; egocentric spatial system; allocentric spatial system; spatial representations; episodic memory; context role; spatial neural systems; hippocampal system; episodic memory, 27556
navigation; allothesis; idiothesis; humans; test battery, 9570
neglect patients; spatial bias; personal personal spaces; extra-personal spaces; subjective straight-ahead, 20041
neural model; location arrays; perceptual groups; retinotopic maps; visual attention; visual selection; grouped spatial arrays, 12589
numerosity; infants; numerical development; number discrimination; visual sets; representation of surface area, 31131
object permanence; twenty four hour delay; disappearance; memory; spatial understanding; object identity; different locale; infants, 24966
object recognition representation; spatial relation; planar rotation; animal recognition; nonanimal object recognition; hemispheric advantage; categorical spatial relation; coordinate spatial relation, 15285
object-based attention; spatial focus; exogenous cues; endogenous cues; space-based attention; attentional focus; spread attention; focused attention, 444
optimal response; behavioral history; college students; spatial response pattern; rotary fixed ratio schedules, 15174
order of visual processing; prioritizing; visual selection; selection by time; selection by space; visual marking, 15223
prime-probe duration; positive location priming; negative location priming; spatial localization; display duration; presentation mode; attended-repetition; ignored-repetition, 12595
radial phantom motion; spatial dependencies; temporal frequency tuning; stimulus size; motion aftereffects, 30623
reality; imagination; spatial updating; imagined environments; automatic spatial updating, 18271

representational momentum; spatial hearing; auditory modality; visual object; motion perception, 33744
response conflict; spatial judgment; viewpoint alignment, 18298
response selection; cortical regions; brain activation; cognitive processes; neural networks, 7075
return inhibition; inhibitory control mechanisms; space; time; inhibitory processes; spatial representations; temporal representations; peripheral cue, 18287
return inhibition; spatial properties; time course; visual field; meta analysis, 18295
reverse correlation; neurophysiology; linear transducers; spiking neurons; receptive fields; visual neurons; spatial processing; color processing, 21675
right frontal lesion; left neglect; constructional allochiria; left; right; transposition; drawing, 29120
right hemisphere; strokes; discrimination task; stimulus-centered; left neglect; body-centered left neglect; spatial attentional systems; brain; attentional systems, 16806
right superior temporal cortex; right occipital cortex; spatial hearing; auditory spatial perception; repetitive transcranial magnetic stimulation, 24689
semantic relatedness judgements; spatial iconicity, 18369
sensory system; motor systems; visual space; mapping; position specification; neurons, 6501
sex; laterality effects; gender related differences; spatial requirements; cognitive functions; handedness, 34002
short-wavelength-sensitive cones; human retina; spatial perception; fetal retina; postnatal retina, 31103
Simon Effect; stimulus locations; response-discrimination; spatial axes; response activation; spatial perception; spatial choice-reaction; two-choice reaction; go no-go task, 15180
single letter coloring; spatial cuing; Stroop effect; semantic processing, 33663
single pulse transcranial magnetic stimulation; isochronic performance; sequential isochronic movements; spatio-temporal integration, 34073
space perception; spatial properties; mathematical concept; physiological/psychological concept; biological/ecological concept; ecological psychology, 33731
spatial ability; sex differences; age differences; life span development; lateralization, 9586
spatial boundaries; high commitment organizations; organizational boundaries; organizational life; social geography; spatial metaphor; culture management programme; control; physical environment, 36372
spatial discrimination learning; temporal lobe; fornix transection; macaque monkeys; spatial stimuli; spatial memory; animal learning; retrieval; food reward locations, 12815
spatial generalization; visual skills; V4 lesions; TEO lesions; monkeys; shape discrimination; color discrimination; visual fields, 6870
spatial hemineglect disorder; rehabilitation; optokinetic stimulation, 29763
spatial localization; saccadic eye movements; localization performance, 33732
spatial location; working memory; selective spatial attention; event-related potentials; orienting attention; perceptual stimuli; neural processes, 6579
spatial navigation; virtual rats; hippocampal formation; hippocampal theta oscillations; cortical regions; prefrontal cortex; virtual environment, 9239
spatial perception; perceived vanishing point; moving stimulus; stimulus control, 21279
spatial perception; schizophrenia; delusional disorder; visual perception, 31698
spatial representation; anticipatory increase; restraining hand; motor behavior; bimanual task; skilled motor; novel actions; central nervous system, 21323
spatial representation; shelter location; meerkats; Suricata suricatta, 30763
spatial representations; spatial abilities; structural equation models; large-scale space; small-scale space; cognitive mapping; children; environmental cognition, 10202
spatial Simon effects; nonspatial responses; short-term associations; spatial position, 21269
spatial stimulus-response compatibility; negative priming; response inhibition; spatial stimuli; reaction time, 21250
spatial stimulus; stimulus response; response correspondence; Simon effect; response locations; response codes, 18254
spatial-scale interaction; human stereoscopic vision; sustained stimuli; transient stimuli; temporal properties; stereopsis; stereogram perception, 27733
spatiotemporal activation; visual pathways; form discrimination; spatial location; ventral stream; dorsal stream; brain, 3698
spatiotemporal coding; binary neural network; dynamic neural filter; DNF; neuronal activity; noisy conditions; algorithm development; observed sequences; olfactory system, 6158

- stimulus dimensions; discrimination learning; minipigs; visual discrimination; spatial discrimination; visual reversal; spatial reversal; learning, 27625
- stimulus-response compatibility: Simon effect; attention-shift hypothesis; stimulated eye; response location; spatial stimulus codes, 9602
- tactile perception; visual stimuli; tactile acuity; reaction times; spatial discrimination, 30631
- task-related activity; verbal material; item-related activity; event-related potential; recognition paradigm; retrieval processes; encoding; episodic memory, 3764
- temporal grouping; auditory spatial serial memory; serial recall; white noise, 33872
- temporal information; spatial information; event completion time; time estimation; judging volume; judging time; performing mental calculations, 33696
- texture segregation; feature contrasts; visual features; visual stages, 12603
- theoretical constraint on perception and cognition and development; theoretical interpretation; spatial perception, 33682
- time-place learning; radial maze; spatial choice; location of food transition cues; rats, 27630
- unilateral spatial neglect; brain lesions; line bisection; attention, 8259
- vernier acuity; narrowband stimuli; broadband stimuli; contrast; exposure duration; spatial vision; vernier thresholds, 18274
- visual field; shift distance; attentional shifting; attentional orienting; visual spatial attention; reaction time; planning, 24678
- visual perception; segmentation; grouping process; occlusion; interpolation process; fragmentary input; perceptual processes; illusory contours; objects, 6507
- visual search; spatial distractor; temporal distractor; behavioral correlates; neuroanatomical correlates; parietal cortex; neuroanatomical correlates; neural substrates; selective attention, 3768
- working memory process; dopamine receptor agonist; agrolavin; visual recognition; delayed visual differentiation; delayed spatial selection tasks; cognitive processes; monkeys; long-term memory, 9829

student involvement; self-determination activities; individualized education program; program implementation; student participation; exceptional children, 30084

teachers attitudes; disabled students; disability level; inclusive policies; student attitudes; school district characteristics, 36208

transition services; service needs; students with disabilities; service availability; medical service; adult living; professional guidance; psychological guidance; continuing education, 12191

transition support system; individualized transition plans; career guidance; post school assistance; intellectual disabilities; special education high school students; Japan; US, 14694

visually impaired students; multiple disabilities; individuality; integration; adaptability; functionality; IIAF model; vision use; program development, 12201

Wechsler Intelligence Scale for Children; WISC-III; cognitive strengths; cognitive weaknesses; test-retest; subtests; special education; students, 24197

Special Education Teachers—Serials

learning disabilities; schools; intervention (RTI) model; research-based practices; specialized instruction; teachers; practices to "scale" funding, 33188

learning disabilities; special education; alternative routes to certification; special education teachers, 33042

literacy instruction; special education teachers; collaborative teaching, 33034

reinforcer assessment; figure coloring teaching; disabled children; social validation; preference assessment procedures; Down syndrome; special education teacher opinions; reinforcing stimuli, 36211

secondary classrooms; co-teaching; collaborative teaching; general educators; special educators; education standards; high stakes testing, 5855

special education teachers; chronic teacher shortages; quality teachers; teacher demand; teacher supply; current state policies; district programs; induction programs; statewide reform effort, 26979

special education teachers; educational services; special education quality; critical issues; disabled students; policymakers; teacher shortages; teacher supply; teacher demand, 26976

special education teachers; instructional activities; instructional designers; elementary students; faculty members; software design; group settings; special needs children; software development, 2832

special education teachers; teacher preparation; Individuals with Disabilities Education Act; No Child Left Behind; emotional or behavioral disorders; education reform; federal definition, 29954

special education teachers; teacher shortage; teacher education; teacher demand; teachers supply, 26992

special education; teacher retention; teacher attrition; teacher qualifications; education quality; special education students; teacher shortage, 26975

teacher preparation; special education teachers; teacher linguistic diversity; teacher cultural diversity; teacher retention; special education; teacher shortages; research; current demographics, 26999

teacher qualities; teacher retention; special education; induction programs; role design; working conditions; professional development, 36074

teachers attitudes; disabled students; disability level; inclusive policies; student attitudes; school district characteristics, 36208

teachers perceptions; Mountbatten Braille; visually impaired children; literacy instruction project, 14691

writing instruction; middle schools; special education teachers; general education teachers; teaching writing; teacher attitudes, 29955

Special Needs—Serials

activity schedules; autism; computers; PowerPoint®, 21030

adopted children; special needs; adoptive homes; demographic differences; positive adoption; family characteristics; children placement, 4243

affective consequences; mathematics instruction; students; special needs; guiding instruction; directing instruction; mildly mental retarded; specific learning disabilities, 30085

assistive listening devices; special needs; elderly people; hearing aids; acoustic environment; hearing loss, 8840

assistive technology; special education; literacy development; special needs; early intervention strategies; disabled students, 27001

audiological rehabilitation; rehabilitative audiology; hearing impairments; auditory functions; special needs rehabilitation, 8737

audiological services; special needs; older people; audiological rehabilitation; geriatric audiology, 8738

charter schools; special needs; special education; disabled students; Individuals with Disabilities Education Act, 14688

communication technology; human computer interaction; information; special need people, 14023

communicative spontaneity; high support needs; augmentative and alternative communication systems; classroom setting, 2835

communicative spontaneity; high support needs; augmentative and alternative communication systems; classroom setting; antecedents; effectiveness, 2834

cultural forms; support group; mental health needs; cultural ideologies; ethnography; symbols; language; narratives; practices; families; family run advocacy; special needs parents, 11592

demographic characteristics; abuse characteristics; sexual offenders; adolescent sexual offenders; special needs; sexual abuse offenders; demographics; abuse characteristics, 34956

educating; LTC staff; therapeutic environments; resource for evaluation and modification of dementia environments for living; REMODEL; LTC; dementia residents; caregivers, 12025

educational research; methodologies; educational psychology; qualitative case studies; special needs education, 33006

educational research; methodology; special needs education, 33186

epilepsy prevalence; epilepsy management; primary school children; mainstream education; special educational placement, 5073

European American; African American; young children; early intervention; special needs; family needs; rural areas; urban settings, 32696

family caregiving; employment effects; mothers; children with special needs; mothering; work hours, 34513

gifts; physicians; health care providers; special services; accommodations; money; ethics, 29912

inclusive schools; inclusive education; special needs, 29978

individualized instruction; preschool teachers; preschoolers; teacher planning time; disabled children; classroom activities; special needs, 5826

key services; treatment programs; special populations; substance abuse treatment facilities; service offerings, 32797

language acquisition; Downs syndrome; language skills; communication skills; special educational needs; naturalistic intervention, 25985

maternal stress; paternal stress; school-aged children; disabilities; specialized support programs; fathers; mothers; elementary school students; family harmony, 28906

out-of-school care; disabled children; children's participation; special needs; inclusion, 29692

parental concerns; needs; children; speech difficulties; language difficulties; special education, 14693

rehabilitation psychologists; leadership role; chronic health conditions; special health care needs; children, 2487

self esteem; apparel satisfaction; appropriate clothing; post-mastectomy women; product attributes; support groups; mastectomy survivors; special needs; shopping; apparel items, 9174

service delivery; educational psychology; development hierarchy; special needs co-ordinators; consultation development, 36237

spatial density; special needs; social interaction; preschool children; social competence; social goals; peer relations, 20874

special education teachers; instructional activities; instructional designers; elementary students; faculty members; software design; group settings; special needs children; software development, 2832

special educational needs; formative learning; child assessment; diagnosis; assessment strategies; disabled children; Piaget's theoretical basis, 36229

special educational needs; methodologies; learners, 33195

stress risk; pupil stress; children; standard assessment tasks; SAT, 6367

telemedicine; child special needs; health care; caregiver satisfaction; interdisciplinary team; evaluation, 9247

Special Needs—Books

Invisible children in the society and its schools (2nd ed.), 23934

Special Needs—Chapters

Educational programming for deaf children with multiple disabilities: Accommodating special needs, 23066

Hoping for the best: "Inclusion" and stigmatization in a middle school, 23936

Remediation through education: Sociocultural theory and children with special needs, 2851

Specialization (Academic) [See Academic Specialization]

Specialization (Professional) [See Professional Specialization]

Species Differences—Serials

activity pattern; echinoid rodent species; captive animals; Brazilian Caatinga; spiny rats; Proechimys yonenagae; Proechimys albigularis; Trichomys apereoides, 9929

antipredator behavior; species differences; habitat selection; sea turtles; animal development, 3522

auditory nerve similarities; avian nerve; mammalian cochlear nucleus; homologous genes; worms; primary innervation, 6981

behavior analysis; absolute pitch; sex; species; birds; rats; humans; frequency range; reinforcement, 24606

blood ethanol concentration profiles; Sprague-Dawley rats; mice; ethanol induced injury, 15768

dual process account; human reasoning; evolution; non human species; system dichotomy, 27521

feeding performance; heterochronic newts; paedomorphs; metamorphs; prey capture, 27646

male plumage coloration; male ornamental traits; female mate choice; cardueline finch; species differences; sexual selection theory, 15401

Melipona manducata; recruitment communication; three dimensional resource location; food source direction & distance & height; Melipona bicolor; stingless bees; habitat differences, 12757

motion stimuli; cortical regions; inter-species comparison; similarities; differences; motion sensitivity; monkeys; humans, 3692

neural processing; auditory cortex; cortical sensitivity; auditory cortical circuitry; functional pathways; hearing; synaptic properties, 15577

personality differences; personality judgments; dogs; humans; cross-species comparison; intraspecific consistency, 7679

photoperiod; sex differences; species differences; leukocyte number; leukocyte trafficking; congeneric hamsters, 523

red-eyed vireos; paternal care; testosterone; prolactin; parental care; vireos; Vireo solitarius; Vireo olivaceus, 6747

Sonoran topminnow; Poeciliopsis occidentalis; Poeciliopsis sonoriensis; mating behaviour; speciation, 18489

Species Recognition—Serials

grassland bird; species detection; terrestrial birds; bird observers; detection errors; recognition errors, 6432

human motion perception; visual experiences; motor processes; gait; stride speed; stride efficiency; species recognition, 33715

individual discrimination; snapping shrimp; same-sex conspecifics; familiar individuals; Alpheus heterochaelis, 33974

learned mate recognition; reproductive isolation; guppies; learned species discrimination; conspecifics, 30800

Spectral Sensitivity [See Color Perception]

Speech [See Oral Communication]

Speech and Hearing Measures—Serials

chronic schizophrenia; differential expression; neuroleptic medication; analysis techniques; greatest percentage; community settings; speech disturbance; comparison groups, 7887

paediatric Cochlear Implant; Children Implant Profile; speech discrimination; speech production, 8336

perceptual ratings; spectral measures; acoustic measures; vowel phonation; vocal impairment; articulatory impairment; hypokinetic dysarthria; Parkinson disease, 14994

Speech Anxiety—Serials

communication apprehension; honors students; speech classes; non-honors students; university students; oral communication; personality factors; social factors, 33157

facial expressions; social context; speech anxiety; neural expressions; anger expressions; joy expressions, 18424

performance anxiety; effective treatments; test-taking anxiety; professional career; cognitive therapy; technological therapy, 32244

public speaking anxiety; heart rate; skin conductance, 30946

speech anxiety; public speaking; social anxiety; public speech; nervousness; illusion of transparency; social perception, 4404

speech anxiety; speech anxiety thoughts inventory; scale development; psychometric data; cognitions, 14998

stuttering; emotions; heart rate; anticipatory anxiety; stressful speech situations; freezing response, 32061

Speech Characteristics [See Also Articulation (Speech), Pronunciation, Speech Pauses, Speech Pitch, Speech Rate, Speech Rhythm]—Serials

acoustic analysis; pathological voices: MPEG system; audio signal; mp3; sound quality; music compression; speech compression; bitrate; normal voices; high fidelity; dysphonic voices; voice parameter, 15836

affective reactivity; speech experience; emotional experience; schizophrenic patients; deficit syndrome, 25620

age differences; language production; complex sentences; short responses; verbs; sentence production, 18866

altered auditory feedback; ear devices; speech; stuttering, 35389

- anticipation stress; incidental memory; memory performance; levels of processing; LOP; speech characteristics; false recognition; psychophysiological responsiveness; anxiety; cognitive functioning, 931
- aphasia; dysphasia; auditory input; phonology; speech production; word repetition; naming; phoneme discrimination; lexical decision, 20077
- brain activity; dynamic pitch variance; sentence melody; sentence comprehension; sentence melody, 21639
- Brocas aphasia; verbs; mental lexicon; speech production, 29094
- chronic schizophrenia; differential expression; neuroleptic medication; analysis techniques; greatest percentage; community settings; speech disturbance; comparison groups, 7887
- disyllabic English words; lexical stress; trochaic stress; English phonology; word onset; stress patterns; onset patterns, 18865
- Egyptian Arabic; communicative goals; pragmatic functions; metalinguistic negation; MN; negative operator; linguistics; grammaticalization; interpretation, 852
- Eleanor Saffran; cognitive neuropsychology; speech comprehension; speech production; assessment; aggrammatism; language; verbal short term memory; sentence processing; semantics; syntax, 18548
- electrophysiological net response; spatial fusion; F-complex; speech elements; auditory object; spatial locations; brain activity; stimulus discrimination; brain potentials, 15658
- emotion; child's tone; voice; test construction; Diagnostic Analysis of Nonverbal Accuracy Child Paralogue, 24194
- emotional prosody; word valence; emotional information; sex differences; semantics; emotional comprehension; event related potentials; stroop effect; cognitive processes; speech perception, 6593
- emotional speech; corpus-based concatenative speech synthesis system; ATR CHATR; acoustic characteristics; speech synthesis system; speech corpus, 6134
- emotional speech; human-computer interaction; database development; emotional speech databases; speech; emotion; scope; naturalness; context; descriptors, 6128
- emotional states; speech; emotion description; emotion-related biological changes; speech communication; rich descriptive system; emotion conceptualization, 4031
- frequent frames; cue; word patterns; sentences; grammatical categories; child directed speech, 4051
- gender differences; young children; linguistic features; Danish children; male & female language; female speakers; group influence; standard speech; male speakers; earlier age, 10189
- identity matching; auditory modality; visual modality; speech perception; speech production; vocal tract; face movement; face identity; voice, 12614
- infants; long-term memory; sound patterns; words; voices; phonological patterns; indexical properties, 4104
- languages; pragmatic distinction; Spanish negation; tampon; no; canon, 858
- lexical richness; bilinguals; spontaneous speech, 4032
- lexical stress modeling; continuous speech recognition; acoustic realization; vowels; stressed variants; unstressed variants, 9621
- medial frontal cerebral infarction; right hemisphere lesions; affective aprosodia; emotional speech prosody, 26109
- mother child interaction; contextual variability; conversation; speech patterns; maternal speech, 10113
- motor cortex activation; action word production; words; representation; grammatical differences; conceptual differences; sensorimotor features; left primary motor cortex; word retrieval; nouns; verbs, 18648
- motor speech disorders; acoustic typology; speech subsystems; speech characteristics; acoustic profiles; dysarthria; apraxia; neurologic diseases; voice quality; intelligibility; prosody, 1332
- orthognathic surgery; speech; breathing; acoustic nasalalance; velopharyngeal function; nasal cross-sectional area; nasal patency; cleft palate; cleft lip; rhinomanometry; nose; maxilla; mandible, 5463
- perceptual ratings; spectral measures; acoustic measures; vowel phonation; word impairment; articulatory impairment; hypokinetic dysarthria; Parkinson disease, 14994
- phonetic inventories; phonological skills; two year olds; African American children; word shapes; emergent dialectal patterns, 15935
- phonological encoding; time course; speech production planning; event related potentials; metrical encoding; syllabification; stress pattern; syllables; psycholinguistics; internal monitoring, 7073
- prefrontal activation; intonation perception; emotion perception; Chinese language; prosodic stimuli; speech prosody; hemispheric differences; auditory discrimination, 3772
- propositional speech; retrieval; speech production; lexical access; naming; severely anomic; left occipito-temporal infarction, 8229
- prosodic difference; mothers' speech; toddlers; quiet & noisy environments; infant directed speech, 4111
- psychoanalytic communication; meaningful speech; curative speech; personal communication; analysis; transformation; self-discovery; analysis and hopes, 20252
- speaker-specific mapping; text-independent speaker recognition; parameter vectors; linguistic information; mapping approach; speaker-specific information; speech, 4052
- speaking style; stress perception; actual stress; Speech Under Simulated and Actual Stress; SUSAS; simulated stress; speech waveform; simulated database; utterances; listeners; actual stress, 15711
- speech duration; retention interval; acoustic environment; speaker identification; identification accuracy; confidence assessments, 21305
- speech intelligibility; fundamental frequency contour; sentence length material; listening environments, 13120
- speech patterns; early life; tritone paradox; tones; tone pitch classes; tone octave placement, 33743
- speech patterns; vocalization patterns; boys; ADHD; dyslexia; learning disabilities, 10646
- speech perception; speech production; correlation study; acoustic metrics; phonemic distinction; acoustic measures; acoustic cues, 15872
- speech production; semantic form representations; planning scope; noun phrase production; short-term memory; memory deficits, 19979
- speech production; sequencing; aging; selective effects; phonological errors; morphological speech errors; node structure theory; omission errors, 15967
- speech prosody; music lessons; sensitivity to emotions, 15342
- speech quality; speech coder; objective speech; disordered speech; voice disorders, 11124
- speech recognition; continuous speech; sorting procedure; phoneme generation; speech signal; code words; coding properties; speech properties, 9620
- speech recognition; speech segmentation; music segmentation; entropy; dynamism; HMM classification framework; hidden Markov model; artificial neural network; automatic transcription; broadcast news, 10087
- speech signal; emotional state; event-related brain potentials; ERPs; affective speech perception; breathiness; roughness; speaker, 3761
- speech; emotion; Speech and Emotion Workshop; International Speech Communication Association; ISCA; speech communication, 4035
- speech; sentence production; probable Alzheimer disease, 26118
- syllable magnitude; acoustic signals; articulatory signals; conversation; speech communication; jaw movement; time values; rhythmic organization; syllable timing; correction, 3341
- synchronous speech; phonetics; visual information; extensive practice, 21959
- telephone communication; synthesized speech; dysarthric speech; speech types; telephone communication; speech intelligibility, 26182
- trouble in communication; automatic dialogue systems; customer vocal expression; dialogue; speaker emotional state; vocal expression; human computer interaction; prosody, 6125
- vocal jitter; vocal microtremor; vocal cycle length perturbations; normophonic speakers; modulation level, 15875
- vocal pitch; vocal responses; prosody; mother-infant interaction; father-infant interaction; communication disorders; prelinguistic infants, 13197
- voice disorders; communication disorders; dysphonia; common causes; evaluation; diagnosis; anatomic pathology; hearing assessment; therapy; surgical intervention; team effort, 22781
- voice quality; communicating emotions; mood communication; attitude communication; tense voice; modal voice; synthesized speech quality, 3338
- vowel duration; cue; postvocalic stop voicing; apraxia of speech; aphasia, 29122
- word frequency; picture naming; homonym pictures; speech production, 28018
- word recognition; listening preferences; lexical processing; spoken word; speech affect, 31184
- Speech Development—Serials**
- absolute pitch development; speech; tone language; music, 34268
- cleft palate; speech production abilities; speech development; children; palatal surgery; consonant inventories; canonical babbling ratios; characteristics; early developing sounds, 5431
- communicative repair strategy; developmental disorders; prelinguistic behavior; voice-output communication aid, 35099
- early infant jaw orthopaedics; early speech production; unilateral cleft lip; unilateral cleft palate; infant orthopaedics, 26498
- infants; vocal motor coordination; gestures; speech; gesture-speech system, 31108
- inflexibility; emotion in speech; speech development, 18894
- Language development; literacy; longitudinal study; narrative; oral discourse; reading and writing skill; pre-school, 33120
- language impairment; disabled children; parent attitudes; speech development; language development, 32068
- linguistic production; lexical categories; French speaking children; cochlear implants; deafness, 8628
- modern behavior; origins; autonomous speech; FOXP2 gene; language development; human evolution, 15854
- pediatricians' opinions; otitis media; speech development; language development; hearing development, 26064
- phonological development; unilateral cleft lip & palate; toddlers; infant orthopedics; treatment; phonological skills; acquired consonants; nasal escape, 5434
- presurgery speech measures; early postsurgery performance; speech; language outcomes; cleft palate, 26485
- private speech; developmental stability; preschool classroom; naturalistic observations; goal-directed behavior; individual differences; 4-year-olds, 949
- school-aged children; private speech; task-related behavior; pictures; self-regulation; real drawings; make-believe drawings; algorithmic drawing; heuristic drawing; developmental changes, 4110
- speech development; mathematics learning disability; reading ability; speech skills; phonological awareness; phoneme awareness; rhyme awareness, 7390
- speech development; picture exchange communication systems; autism; augmentative communication; alternative communication; communication skills, 35078
- speech; young infants; verbal signals, 24988
- vowel perception; perceptual asymmetries; infant speech perception; speech development; language-universal perceptual bias, 10200
- Wolf-Hirschhorn syndrome; chromosome deletion; phenotypic expression; communicative development; speech; language, 16639

- auditory perception; phonetic perception; vowels; children; apraxic speech disorders; developmental apraxia of speech; auditory discrimination; speech processing, 1738
- disabled children; speech disorder; language disorder; childcare; Early Head Start, 23538
- dysgraphia; neurodegenerative disorders; cognitive impairment; apraxia of speech; writing errors; focal cerebral degeneration; aphasia; Alzheimer's disease; neuropsychological assessment, 11272
- expressive aprosody; amusia; right temporo-occipital seizures, 16736
- intensive voice treatment; Ataxic Dysarthria; woman; cerebellar dysfunction; speech intelligibility; communication; job related activity, 11127
- language; social competence; language impairment; social growth; speech/language impairment; emotional knowledge; language development, 16576
- manual diadochokinesis; stuttering; phonological disorders, 13850
- motor speech disorders; acoustic typology; speech subsystems; speech characteristics; acoustic profiles; dysarthria; apraxia; neurologic diseases; voice quality; intelligibility; prosody, 1332
- multiple sclerosis; MS; patient characteristics; speech problem severity; speech disorders; demographics; physical function; sensory symptoms, 16580
- music therapy; pre-verbal adults; nonverbal adults; learning disability; learning disabled; emotion; sounds; vocalization; parent-infant communication; instinctive strategies; interactive relationship, 28929
- normal developmental histories; adult onset intractable epilepsy; head trauma; atypical speech lateralization; cerebral infection, 13545
- parental concerns; needs; children; speech difficulties; language difficulties; special education, 14693
- perceptual analysis; instrumental analysis; laryngeal function; traumatic brain injury; childhood; phonatory disturbance; laryngeal impairment; pediatric larynx, 16351
- phonemic characteristics; apraxia of speech; aphasia; basal ganglia hemorrhage, 16808
- phonological disorder; sufficient-response-exemplar training; vocal imitation; object naming; conversational speech, 2532
- phonological disorders; screening tools; Cantonese Segmental Phonology Test; Cantonese speaking children; phonological abilities, 12492

Speech Disorders—Serials

pre-literacy skills; speech sound disorders; comorbid language impairment, 22416
primary speech disability; pediatric care; referred subtypes; language therapy; speech therapy, 26754
right hemispheric dysfunction; pure progressive aphasia; frontal lobe; multimodal neuroimaging; woman, 20067
sound production treatment; acquired apraxia of speech; stimulus generalization, 29822
speech difficulties; educational problems; educational attainment; elementary school children, 26013
speech disorder; language disorder; gene mutation; functional brain abnormalities, 8145
speech disorder; Schneiderian symptoms; first-rank symptoms; handedness; psychosis; symptom intensity, 22567
speech disorders; co-occurring disorders; non-speech disorders; language disorders; stuttering children; treatment services, 13848
speech-language pathologist; role knowledge; students; health care programs; medical students; interprofessional education, 12009
Speech Disorders [See Also Articulation Disorders, Dysphonia, Stuttering]—Chapters
Nonverbal assessment of academic achievement with special populations, 228
Speech Handicapped [See Speech Disorders]
Speech Measures [See Speech and Hearing Measures]
Speech Pauses—Serials
lognormal distribution; ataxic dysarthria; pause length; speech pauses; ataxic dysarthric speech; words; phonemes; stop consonants; speech analysis; spontaneous speech, 1741
pause length; conversational rate; aided conversation; stored utterances; social conversation; communicative competence; social effectiveness; voice output communication aid; VOCA, 7339
Speech Perception—Serials
acoustic characteristics; speech perceptions; vowel production; simultaneous communication, 21972
age differences; stress pattern; phonetic identification; metrical structure influence; speech perception; lexical stress; aging; word stress; language, 4028
age; speakers; Spanish accents; Taiwanese accents; intelligibility; accented speech; listeners, 6535
allophonic mode; speech perception; dyslexia; perceptual discrimination; speech sounds; categorical perception; phoneme; languages, 22750
audiovisual speech perception; brain activity; speech information; audiovisual integration; phoneme categorization task; McGurk effect, 6914
audiovisual speech perception; visually influenced response; lexical status; McGurk effect; visual signal; phonemes; auditory signal; lexical influences; response time; auditory speech, 21303
auditory cortex; fMRI; speech perception; voice recognition; cortical response; attention; verbal content; auditory sentences, 15594
auditory lexical decision task; orthographic representations; letter-by-letter reading; orthographic information; phonological similarity; auditory lexical access; auditory presentation, 1711
auditory lexical decision; categorical perception; frequency modulation direction discrimination; left auditory cortex; right auditory cortex; lateralization; word recognition, 6970
auditory perception; phonetic perception; vowels; children; apraxic speech disorders; developmental apraxia of speech; auditory discrimination; speech processing, 1738
auditory perception; visual perception; speech perception; aphasia, 32200
brain activity; dynamic pitch variance; sentence melody; sentence comprehension; sentence melody, 21639
categorical perception; discrimination task; speech sounds; stimuli discrimination; phoneme classification, 30636
child language; speech ambiguity; language acquisition; linguistic categories; inter-observer reliability; fuzzy logic, 10215
classical RASTA filtering; efficiency; channel normalisation; Markov models; vocabulary; continuous speech recognition; phase-corrected RASTA; acoustics, 4034
cognitive function; hearing aid use; speech recognition; noise processing; working memory capacity; verbal information-processing speed; hearing aids; hearing loss, 8343
color; luminance; visual speech perception; face display types; audiovisual speech perception; auditory noise, 12602
communication effectiveness; amyotrophic lateral sclerosis; speech intelligibility, 22906
cortical activity; vocalic segments; magnetoencephalography; cortical maps; spatial configuration; temporal characteristics; auditory-evoked field; speech sounds; vowels, 18636

cortical bases; speech perception; cortical stimulation; hemispheric anesthetization; intracarotid amobarbital, 21544
cross-modal matching; word recognition; temporal patterns; auditory displays; speech perception; visual displays; linguistics, 15254
depressed mothers; parent child communication; face perception; human sex differences; oral communication; speech perception, 13188
differences in speech understanding; users of estrogen replacement therapy; nonusers of estrogen replacement therapy, 29475
elderly; hearing impaired; sound localization; speech perception; noisy condition; hearing aids; hearing loss; binocular advantage, 8839
electrophysiological net response; spatial fusion; F-complex; speech elements; auditory object; spatial locations; brain activity; stimulus discrimination; brain potentials, 15658
emotional prosody; speech condition; laterality; emotional intonations; linguistic meaning; frontal activation; subcortical activation, 585
emotional prosody; word valence; emotional information; sex differences; semantics; emotional comprehension; event related potentials; stroop effect; cognitive processes; speech perception, 6593
emotional speech; automatic speech recognition; ASR; human-machine interaction; speech signal; emotional state; stress state, 6126
event related potentials; spoken language comprehension; sentence interpretation in discourse context; local and global meaning; word recognition; N400; ERP; consistency, 7083
event-related potentials; aging; age-related changes; sensory processing; lexical processing; sentence processing; age differences; speech comprehension; language comprehension; sentences; words, 7459
face recognition; voice recognition; preschoolers; specific language impairment; emotion cues; social interaction, 16575
facial movement; audiovisual speech perception; intersensory processes; mouth; spatial orientation; social influence, 33701
fluency enhancement; adult stutterers; stuttering reduction; silent mouthing; linguistic equivalence; external speech; visual speech perception; speech signal; speech gestures; speech codes, 19833
frequency plate compression; speech recognition; cochlear implants; electrode insertion depths; normal hearing listeners, 15240
functional imaging; auditory processing; speech perception; neurology, 9886
functional neuroanatomy; prelexical processing; speech perception; auditory perceptual systems, 21688
functional organization; speech perception; neuroanatomy; acoustic variability; processing streams; complementary types; speech processing; complementary input representation; neuroimaging evidence, 21687
fundamental frequency; prosodic attitudes; discrimination; temporal recurrent neural network; simulation; temporal sequence learning; primate frontostriatal system; speech perception, 9262
hearing aids; hearing loss; disabilities; speech recognition; sound localization; communicative disability; isolation; social activity; depression symptoms; cognitive impairment, 8332
hearing deterioration; patients; non growing vestibular schwannoma; audiometric parameters; pure-tone discrimination; speech perception, 11311
hearing loss; wide-dynamic-range compression; hearing impairment; audibility; linear amplification, 6259
hemispherectomy; speech & auditory processing; recovery; reorganization; auditory event related potentials; functional hemisphere; brain; cerebral lateralization; tones; syllables; seizures, 8629
human languages; speech perception; auditory system; word meanings; language learning; acoustic distinctions, 31153
identity matching; auditory modality; visual modality; speech perception; speech production; vocal tract; face movement; face identity; voice, 12614
imaging; functional MRI; evoked-response potential; speech perception; speech processing; psychophysics, 9618
instrumental evaluations; related singers; perceptual evaluations; voice; choral group; vocal coach; voice pathology; judgments; moral health; phonatory; speech-language pathologists; perception, 15243
intelligibility; profound dysarthria; cerebral palsy; cues; strategies, 1853
irrelevant speech effect; working memory; positron emission tomography; attentional modulation; phonological processing; human brain; regional cerebral blood flow; PET experiment, 3643

Speech Perception—Serials

language development; speech perception; phonetics; language acquisition; prediction, 31194
large vocabulary continuous speech recognition; Korean language; merged morpheme; recognition unit; language model; pronunciation-dependent entries; Korean morphology; between-word phonology rule, 4048
lexical competition; eye-tracking; non-native spoken-word recognition; Dutch listeners, 9622
lexical decision; coarticulatory cues; explicit speech segmentation; word stress; cross-modal fragment priming; auditory primes; speech fragment, 15257
lexical effects; language understanding; neural networks; language processing; lexical knowledge; phoneme perception; speech perception; coarticulation, 346
lexical effects; language understanding; neural networks; language processing; lexical knowledge; phoneme perception; speech perception; coarticulation, 345
lexical representations; sublexical representations; speech processing; spoken words; English; spoken word recognition; nonsense words; spoken word processing; language processing, 861
lexical stress modeling; continuous speech recognition; acoustic realization; vowels; stressed variants; unstressed variants, 9621
lexical tones discrimination; Cantonese lexical tones; low to high & rising to falling tones; categorical perception; linguistic experience; auditory sensitivity; sentence context, 6536
linguistic rhythm; perception; acquisition; infants; speech segmentation procedures; native language; language discrimination, 10198
low-pass filtered images; audiovisual speech perception; spatial frequency spectrum; auditory intelligibility; spatial resolution, 33669
McGurk effect; automaticity assessment; audiovisual speech integration; speeded classification task, 24376
motor excitability; speech perception; broca's area; visual perception; auditory perception; brain regions, 30885
musical pattern processing; prosodic speech information processing; prosodic perception; right hemisphere damage; stroke, 1865
neocortex; left planum temporale; right planum temporale; grey & white matter; secondary auditory cortex; cortical volume; cortical length; cortical thickness; speech processing, 9838
neural processing; event-related brain potentials; auditory speech; visual speech; audiovisual speech perception; vowels; phonetic congruence, 9916
neurobiology; phonological representations; mental lexicon; speech recognition; phonemic information; event-related brain potentials; mismatch negativity; language; vowel pairs, 24399
nonnative speakers; native speakers; English; conversation analysis; nonnative-native interviews, 13116
offline learning; autogenous speech; speech role; birdsong; speech learning; auditory responses; anterior forebrain pathway; song recognition; speech perception, 9864
perceived sexual orientation; male voices; gay-sounding males; straight sounding males; voice perception; listener groups; phonetic variables, 7338
perception changes; synthetic nasal consonants; vowel formant manipulations; auditory scene analysis; formant continuity; speech perception; synthetic vowel-nasal syllables; vowel formant frequencies, 3339
perceptual learning; event related potentials; auditory discrimination learning; vowel discrimination; practice; training; speech, 7068
phonation offset; tracheoesophageal speech; laryngeal speakers, 24622
phonemic processing; left frontal lesions; temporal-parietal lesions; cerebellar lesions; Parkinson's disease; phonemic identification; phonemic production, 8293
phonetic change detection; vowel difference; Finnish vs Hungarian language context; bilingualism; speech processing; event related potentials; deviance detection; mismatch negativity, 7084
phonological developmental dyslexia; phonetic categorical perception; neural substrates; adults; fMRI; functional magnetic resonance imaging, 8075
phonological features; vowel perception; auditory cortex, 12872
phonological training; morphological training; speech perception; grammatical judgments; deaf children; hard-of-hearing children; primary school students, 30072
pitch; lexical identification; spoken word recognition; ERPs, 27730
positive relationship; interaction; forensic significance; voice identification; accuracy; distributed learning; decision confidence; normal tone; whispered voices, 21307
pre-attentive auditory processing; lexicality; event-related potentials; auditory sensory memory; speech comprehension; language familiarity, 9657
presentation level; compression; sentence recognition; speech recognition; modulated noise; hearing; audiological factors, 32205

processing speed; aging adults; psychoacoustics; speech perception; cognitive processing; comprehension; age-related differences; auditory temporal processing; noise, 7474

prosody; lexical embedding; speech comprehension, 4054

psychoacoustic-masking model; speech-like stimuli perception; noise environments; speech-like stimuli discrimination, 9610

recognition performance robustness; speech recognition; speech detection; speech/non-speech detection; recognition systems; noisy environments; speech enhancement; wireless network; telephone network, 10090

reference resolution; collaborative task; eye movements; pragmatic effects; perspective; conversation; addressee interpretation; referential expression, 18862

sentence context; visual speech cues; auditory speech cues; cognitive variables; McGurk illusion; sensory inputs; audiovisual integration process, 33678

simultaneous communication; speech production; speech perception; deaf; hearing impaired; speech development, 29207

spanish-english bilinguals; phonological similarity; spoken word recognition; bilingual lexical activation; acoustic-phonetic information, 24402

speaker-specific mapping; text-independent speaker recognition; parameter vectors; linguistic information; mapping approach; speaker-specific information; speech, 4052

speaking style; stress perception; actual stress; Speech Under Simulated and Actual Stress; SUSAS; simulated stress; speech waveform; simulated database; utterances; listeners; actual stress, 15711

speech duration; retention interval; acoustic environment; speaker identification; identification accuracy; confidence assessments, 21305

speech intelligibility; fundamental frequency contour; sentence length material; listening environments, 13120

speech intelligibility; noise-induced hearing loss; aviators; communications systems; technology; speech clarity; aviator helmets, 33753

speech intelligibility; simultaneous communication; hearing impairment, 23053

speech perception; cerebral lateralization; asymmetric sampling in time; speech signals; temporal integration; hemispheric symmetry; auditory cortex, 9877

speech perception; developmental deficits; language improvement; literacy skills; auditory processing; interventions, 35163

speech perception; magnetic mismatch field; formant transitions; selective attention; perceptual discrimination; speech & nonspeech stimuli; consonant-vowel syllables, 15512

speech perception; older listeners; high-frequency hearing loss; noisy conditions; acoustic environments, 7475

speech perception; prosody; functional magnetic resonance imaging; superior temporal region; frontal operculum; syntax; auditory sentence comprehension, 347

speech perception; rise time; voiceless affricate/fricative contrast; duration cues; discrimination learning; rats, 3485

speech perception; sensitivity; perceptual systems, 9613

speech perception; speech gesture information; auditory speech signal; multisensory integration; brain activity; visual speech movement; place of articulation, 24657

speech perception; speech production; correlation study; acoustic metrics; phonemic distinction; acoustic measures; acoustic cues, 15872

speech perception; speech stimuli; at risk population; reading difficulty; phonology; auditory perception; voice onset time; phonemic awareness; categorical perception, 25971

speech processing; handedness; anatomical markers; planum temporale; hemispheric specialization; functional variability, 9848

speech quality; speech coder; objective speech; disordered speech; voice disorders, 11124

speech recognition software; recognition accuracy; participants' perceptions; advantages; disadvantages; text generation speeds; physical disabilities, 19900

speech recognition software; recognition accuracy; participants' perceptions; advantages; disadvantages; text generation speeds; physical disabilities, 19865

speech recognition; age differences; forward masking recovery; interrupted maskers; suprathereshold signal, 15246

speech recognition; continuous speech; sorting procedure; phoneme generation; speech signal; code words; coding properties; speech properties, 9620

speech recognition; phonological processing; language; event-related brain potentials; evoked potential, 6957

speech recognition; speech segmentation; music segmentation; entropy; dynamism; HMM classification framework; hidden Markov model; artificial neural network; automatic transcription; broadcast news, 10087

speech signal; emotional state; event-related brain potentials; ERPs; affective speech perception; breathiness; roughness; speaker, 3761

speech transmission index; speech intelligibility; running speech; artificial neural networks; speech transmission accuracy, 18005

spoken sentence production; horizontal information flow; picture word interference; temporal overlap; word activation; semantic information; phonological information, 18875

spoken word recognition; cortical organization; receptive language functions; Chinese; English; Spanish; neurophysiological activity; temporal & temporoparietal brain areas; hemispheric dominance, 18617

supervised learning; unsupervised learning; algorithm; phoneme; neural network; pattern recognition; speech recognition; multi-layer perceptrons; radial basis functions; Kohonen self-organizing maps, 14884

syllable magnitude; acoustic signals; articulatory signals; conversation; speech communication; jaw movement; time values; rhythmic organization; syllable timing; correction, 3341

synaptic density; adult dyslexics; speech stimuli; dynamic model; neurotransmitter metabolism; developmental dyslexia; perceptual boundaries; neuronal populations; auditory discrimination, 1703

telephone communication; synthesized speech; dysarthric speech; speech types; telephone communication; speech intelligibility, 26182

temporal information; dynamic spectral information; gated stop consonant; static spectral representation; misclassification rates; stop bursts; naturally produced stimuli, 9612

temporal lobe; speech comprehension; narrative speech; linguistics, 21564

temporal processing; temporal cues; prosodic cues; brain damage; cerebral dominance; prosody; speech perception; speech characteristics, 11219

time perception; perceived duration; visual events; suprathreshold exposure; unconscious experience; subthreshold exposure; perceptual fluency; awareness, 18268

tonotopic cortical representation; periodic complex sounds; harmonics; sound frequency; generators; center frequency; vowel recognition, 12613

training methods; oral cavity; awareness; adult speakers; verbal instructions, 33747

trouble in communication; automatic dialogue systems; customer vocal expression; dialogue; speaker emotional state; vocal expression; human computer interaction; prosody, 6125

ventral streams; dorsal streams; functional anatomy; language; speech perception; vision; anatomy of language framework, 21596

visual expression; auditory perception; prosody emotion; amusement; audio-visual perception; amused speech; acoustic signal; spontaneous/mechanical smile gesture; speech stimuli, 3337

vowel information; speech sounds; acoustic information; Mismatch Negativity brain response; pre-attentive categorization; complex tones, 33746

vowel perception; perceptual asymmetries; infant speech perception; speech development; language-universal perceptual bias, 10200

vowels; second language; Italian; foreign language learning, 15858

Speech Perception—Chapters

Benefits of speech manipulation for children with language disorders, 5716

Language disorders across modalities: The case of developmental dyslexia, 4792

The role of speech perception capacities in early language acquisition, 15991

Speech perception and spoken word recognition, 23058

Speech Pitch—Serials

articulation; acoustics; vocal tract shape; sinusoidal description; formants; speech; tongue; sinusoids; vowels, 4037

feigned depression; feigned sleepiness; voice acoustical correlates; speech rate control, 24404

lexical tones discrimination; Cantonese lexical tones; low to high & rising to falling tones; categorical perception; linguistic experience; auditory sensitivity; sentence context, 6536

LPC vocoder; phase-equalized pitch waveform; speech coder; linear predictive residual signal; pitchwise extraction; speech coding; vector quantization, 10089

pitch; lexical identification; spoken word recognition; ERPs, 27730

recognition performance robustness; speech recognition; speech detection; speech/non-speech detection; recognition systems; noisy environments; speech enhancement; wireless network; telephone network, 10090

rise fall contour intonation; semantics; pragmatics; multiple focus structure; sentences; contrastive topic hypothesis; rising pitch, 7340

speech patterns; early life; tritone paradox; tones; tone pitch classes; tone octave placement, 33743

speech; young infants; verbal signals, 24988

Speech Processing (Mechanical) [See Also Automated Speech Recognition, Compressed Speech, Filtered Speech, Synthetic Speech]—Serials

baby ears; recognition system; affective vocalizations; speech signal; simple acoustic measures; affective message; infant-directed speech; adult-directed speech, 4057

cleft palate; speech production abilities; speech development; children; palatal surgery; consonant inventories; canonical babbling ratios; characteristics; early developing sounds, 5431

disambiguation; non-text symbols; text-to-speech; TTS; Mandarin TTS systems; three layer classifier; oral expression; texts; decision tree; pattern table; natural language processing, 4063

driver speech; stress speech; stressed conditions; speech utterances; database modeling, 6131

emotional speech; corpus-based concatenative speech synthesis system; ATR CHATR; acoustic characteristics; speech synthesis system; speech corpus, 6134

LPC vocoder; phase-equalized pitch waveform; speech coder; linear predictive residual signal; pitchwise extraction; speech coding; vector quantization, 10089

neural response telemetry; cochlear implant; speech processor, 32550

orthognathic surgery; speech; breathing; acoustic nasalance; velopharyngeal function; nasal cross-sectional area; nasal patency; cleft palate; cleft lip; rhinomanometry; nose; maxilla; mandible, 5463

phonemic characteristics; apraxia of speech; aphasia; basal ganglia hemorrhage, 16808

phonological development; unilateral cleft lip & palate; toddlers; infant orthopedics; treatment; phonological skills; acquired consonants; nasal escape, 5434

prosody modeling; soft templates; prosody generation model; text-to-speech systems; linguistic theories; articulatory model; multiple languages; speech acts; speech style; accent categories, 4047

speech processing; sensorineural hearing impairment; speech mechanisms; background sound; cochlear regions, 11313

telephone dialer; motor impaired; non verbal persons; motor impairment; telephone; voice synthesizer; non verbal users, 19850

Speech Rate—Serials

feigned depression; feigned sleepiness; voice acoustical correlates; speech rate control, 24404

music melody; speech rate; audio news; personality; emotional response; news messages, 31578

orofacial muscle activity; speech rate; speech intensity; jaw movement distance, 9614

speech rate; syntactic complexity; speech comprehension; age differences, 12686

temporal modifications; temporal perception; temporal structure; Japanese words; vowel; objective evaluation; local-change detection; speaking-rate discrimination; listeners' abilities, 15865

verbal short-term memory; speech timing; Down syndrome; Williams syndrome; serial recall; speeded articulation; output processes; rehearsal, 35124

Speech Rhythm—Serials

linguistic rhythm; perception; acquisition; infants; speech segmentation procedures; native language; language discrimination, 10198

Speech Therapists—Serials

collaboration; teachers; speech language therapist; special education; children; language disorders, 14690

evidence-based practice; clinician/researcher relationship; schools; barriers reduction; clinical practice; research work; information transfer; speech-language pathologists, 14580

speech language pathology; professional speech; pseudosuttering; self-perceptions, 17491

speech therapists; Egypt; knowledge; experiences; attitudes; augmentative communication; alternative communication, 20754

speech therapists; language therapists; school interventions, 26990

speech-language pathologist; pathologist role in schools; language, 14640

speech-language pathologists; knowledge level; non-oral feeding; dysphagia; feeding tubes; aspiration risk, 17539

speech-language pathologists; school counselors; collaboration; developmental school counseling; service delivery models; communication disorders, 17766

speech-language pathologists; training; confidence; Spanish-English bilingual children; urban areas; rural areas; diversity, 20671

workforce projections; speech-language pathologists; health human resources; Ontario; supply; demand; speech-language pathology services, 11987

Speech Therapy—Serials

aphasia: cooperative group treatment; cooperative learning principles; small group interactions; individual accountability; positive interdependence; promotive interaction; communication skills, 26752

atypical articulation; learned behavior; unintelligible speech; deapicalization; velodorsal articulations; hypernasality; speech remediation, 26753

child attitudes; speech therapy; language therapy; school based services; communication difficulties; communication skills, 14696

clinical judgment; speech-language intervention; speech-language therapy; treatment approaches; therapy approach, 17474

clinical judgment; speech-language intervention; speech-language therapy; treatment approaches; therapy approach; experimenter & natural history & placebo & Hawthorne & Pygmalion effect, 17476

collaboration; speech-language pathologists; communication skills training; delivery challenges; school programs; inclusion; group treatment; classroom teachers; academic success; social success, 26985

communication disorders; therapy approaches; group treatment; adult aphasia, 26758

computer based treatment; aphasia treatment; computers; speech and language therapy, 35905

group treatment; psychosocial context; treatment approaches; alaryngeal speech rehabilitation; aphasia; functional communication; models; communicative disorders; multilingual; multicultural groups, 26757

language intervention; preschool children; emotional disorders; behavior disorders; language skills; at risk students, 11960

language intervention; preschool teachers; elementary teachers; preferences; opinions; naturalistic approach; therapeutic treatment approach; speech pathologists; language delay; severity, 23638

laryngectomy; group therapy; adjustment; coping; alaryngeal speech rehabilitation; well being; quality of life; speech-language pathologist; psychosocial aspects; group intervention themes, 26756

multicultural multilingual students; language based curriculum; thematic bilingual curriculum; functional communication; group therapy; children; speech-language pathologist; special education teacher, 26988

phonological disorder; sufficient-response-exemplar training; vocal imitation; object naming; conversational speech, 2532

primary speech disability; pediatric care; referred subtypes; language therapy; speech therapy, 26754

priority setting; quality of life; audiology; hard-of-hearing; mobility & hearing & speech rehabilitation; outcome measures & measurement; individual problems assessment; utility analysis, 6360

simplified regulated breathing; stuttering; school-aged children; treatment; dysarthria; articulatory disorder; residential facility; treatment effectiveness, 14501

sound production treatment; acquired apraxia of speech; stimulus generalization, 29822

speech language therapy; child mental health services; behavioral difficulties; mental health; communication skills; therapeutic intervention, 35903

speech-language pathologists; fragile X syndrome; young males; communication difficulties; early intervention practice, 14502

speech-language services; stuttering; telespeech programme; telemedicine; videoconferencing; delivery model, 14503

student composed narratives; adolescent literacy; speech and language intervention; communication disabilities; scaffolded story writing, 17769

stuttering children; treatment effectiveness; school age children; treatment efficacy assessment; phonological delay, 11961

therapy manual construction; language impaired children; mainstream primary school, 36223

vocal pitch; laryngeal muscle tension; speech therapy; Parkinson's Disease; PD patients; Pitch Limiting Voice Treatment; PLVT; Lee Silverman Voice Treatment; strained voicing, 5715

Speed [See Velocity]

Speed (Response) [See Reaction Time]

Spelling—Serials

augmentative & alternative communication; autism; computers; literacy; speech-generating devices; spelling; talking word native processing software, 4760

categorization; vowel length; German; poor spellers; phonological distinction; orthography, 4108

children's knowledge; uppercase letters; lowercase letters; children's spelling; phonological bases; nonphonological knowledge, 31193

complex graphemes; functional spelling units; acquired dysgraphia; brain damage; consonants; vowels; word recognition, 32188

deaf children; phonological coding; reading; spelling; working memory; recall; orthographic awareness; reading level; age, 29203

development of phonological awareness; alphabetic tuition; preschool children; reading; spelling, 13215

developmental-spelling research & theory; classroom practice; English spelling; teacher instruction; systematic instructional program; orthography; literacy achievement, 29991

dysgraphia; vowels; consonants; spelling; working memory; brain lesion, 32174

dysgraphia; written errors; brain damage; phonology; orthography, 32167

early reading skills; kindergarten; third grade; reading skill development; family literacy; oral language; emergent reading; intelligence; spelling, 26948

effect of practice; auditory discrimination; phonological skills; spelling skills; dyslexia; phonological awareness, 32027

event-related potentials; word spellings; altered letter; case-altered forms; brain, 34065

graphemic buffer disorder; dysphasic patient; spelling; spelling errors; letters, 20047

graphemic buffer; reading; spelling; words; pseudowords; dyslexia; dysgraphia; parietal lobe tumor; neurophysiology, 1743

instructional time; student learning rate; academic treatment decisions; second graders; spelling; spelling interventions; traditional drill and practice; interspersal training; high-p sequencing, 12114

larger sized sublexical relationships; small-sized phoneme-grapheme relationships; spelling; orthographic units; orthographic redundancy, 24883

orthographic consistency; spelling development; orthography; English spelling model; core skills; alphabetic writing systems; letter knowledge; language; phonological awareness; cross-linguistic study, 15852

orthographic knowledge; literacy acquisition; literacy instruction; spelling performance; French first graders, 13192

phonological awareness training; reading skills; spelling; training dose; kindergarten students, 5906

phonological processing; morphological skills; syntactic skill; naming speed; spelling performance, 24884

phonological processing; spelling; English as second language; auditory discrimination; semantics; adolescents, 5834

reading skills; children's dictionary use; spelling; phonological development; age differences; peers; word meaning; spelling skills, 15933

secondary language; word structure, 7336

self-correction; spelling words; learning disabilities; attention deficit-hyperactivity disorder; spelling instruction, 28891

severe global aphasia; reading; spelling; lexical blocking; anagrams, 32152

single-word writing treatment; group treatment; conversational writing; aphasia; aphasia; copy & recall treatment; spelling, 2531

spelling achievement; spelling ability; test structure; spelling achievement test; elementary school students; orthography; phonology; item response theory, 6371

spelling performance; age differences; phonological information; semantic information; primary semantic impairment; dementia of Alzheimer's type, 4982

spelling problems; spelling performance; behavioral problems; retention test; spelling disabilities; spelling instruction; consonant clusters; low intelligence; Dutch students, 11098

spelling; dialect; African American vernacular English; words; phonology; White speakers, 28025

spelling; dyslexic children; Treiman-Bourassa Early Spelling Test; reading problems; spelling problems, 216

spelling; generalization; aphasia; copy & recall treatment; words; pseudowords, 2533

synthetic phonics method; analytic phonics; vocabulary; letter knowledge; emergent reading; spelling; phonological skills; phonemic awareness; initial readers, 29994

teachers' expectations; spelling exercises; remedial teachers; Dutch poor spellers, 8984

thought translation device; slow cortical potentials; spelling accuracy; severely paralyzed patients; communication; brain-computer interface; feedback training; EEG classifications, 5006

word age of acquisition; spelling performance; surface dysgraphia; herpes simplex viral encephalitis; semantic anomia; alternative spellings; errors; word comprehension, 1744

word processors; spell checking; prototype spell checker; SP; interactive spell checker, 17938

writing disorders; dyslexic children; reading; spelling disorders; dysgraphia, 19827

Sperm—Serials

Aeolidiella glauca; marine slugs; mate choice; hermaphrodite; spermatophore; mating behaviour, 18488

animal courtship behavior; animal copulation; blackbirds; *Turdus merula*; sperm competition; sexual conflict, 27684

children's books; human reproduction; representation; sperm; heteronormativity; social reproduction, 7587

conspecific sperm precedence; flour beetles; *Tribolium*; cryptic reproductive isolation; postmating sexual selection; speciation, 21458

courtship behavior; Hawaiian cricket; male animals; spermless spermatophores; nuptial gifts; mating behavior, 27677

female promiscuity; sperm allocation; animal sexual behavior; sperm allocation; birds; animal mating behavior; egg fertilization, 6726

female receptivity; last-male sperm precedence; sperm competition; bruchid beetle; prior oviposition; copulations, 18481

male body size; female body size; female mate choice; female presence; sperm priming; sailfin mollies; sperm availability, 33949

male mate choice; male availability; egg production; polyandry; red-necked phalarope; sperm, 24600

multiple mating; female fitness reduction; bet hedging; sperm competition; female remating; costly males, 3519

neonatal oxytocin; handling; male reproductive potential; prairie voles; mammalian sexual behavior; sperm production, 24780

paternity analysis; hexapod; indirect sperm transfer; mating; sexual selection; mate choice; sexual reproduction, 27650

sperm investment; alternative mating tactics; male bluegill sunfish; parental tactics; sneaker tactics; satellite tactics; sperm investment patterns; sperm competition; fertilization success, 3526

sperm motility; male mice; social dominance; developmental change; reproductive organs; body size, 7099

sperm provision; sperm providers; ambivalence; narratives; donors; recipients; offspring; donor assisted conception, 32548

Sperm Donation [See Tissue Donation]

Spider Phobia [See Phobias]

Spina Bifida—Serials

neuropathological status; acquired brain dysfunction; congenital brain dysfunction; cerebral palsy; myelomeningocele; social problem solving; traumatic brain injury, 1880

online discussion group; fathers; children; spina bifida; group development, 19874

reading skills; writing skills; young adults; spina bifida; hydrocephalus; reading comprehension; writing fluency, 35103

visuospatial memory; working memory deficit; visual ability; spatial ability; spina bifida; children, 8275

Spinal Column—Serials

pressure aberrations; spinal canal; cervical spine; rear end impacts; soft tissue injuries, 1790

Spinal Cord [See Also Dorsal Horns, Dorsal Roots, Extrapyramidal Tracts, Lumbar Spinal Cord, Pyramidal Tracts, Spinothalamic Tracts]—Serials

age-related changes; dendritic changes; spine changes; corticocortically projecting neurons; macaque monkeys; superior temporal cortex; prefrontal area, 6878

aromatization; estradiol; testosterone; pain; reproduction; spinal cord; withdrawal behavior; dorsal horn, 18660

chronic intrathecal cannula; spinal administration; formalin injection; lumbar puncture; spinal cord; rats; biting; licking; flinching, 15364

cognitive-behavioral interventions; effectiveness; adolescents; preoperative and postoperative anxiety; coping; spinal fusion surgery; postoperative pain; age, 17005

gravitational overloading; spinal cord; gray matter; reactive changes; movement coordination; rats; nervous system; structural rearrangements, 9872

heme oxygenase; chronic inflammatory pain; neuropathic pain; pain development; spinal cord; mice; strain differences, 21626

locomotor recovery; spinal cord transection; nerve fibers; spontaneous recovery; spinal cord injury; spinal fibers; white matter; locomotion; adult rats, 9902

mechanical allodynia; rat spinal cord; hindpaw; spinal cord contusion; acetone; severe injury; cold allodynia; withdrawal threshold, 30889

melatonin metabolites; hormone; spinal nociceptive transmission; eserine; spinal cord windup activity; melatonin degradation blockade; rats, 13043

morphine; endomorphin-1; pronociceptive; orphanin FQ; neuropathic pain; rat models; opioid receptor-like 1; lumbar part; spinal cord, 24830

neuropathic pain behaviors; spinal glutamate uptake activity; chronic constriction nerve injury; rats; ipsilateral spinal cord dorsal horn, 21699

nociceptin/orphanin FQ; N/OFQ; nociception; antinociception; NOP-/- mice; NOP+/+ mice; bradykinin; substance P; spinal cord; adenosine triphosphate; ONO-54,918-07; J-113,397; N/OFQ(1-13)NH₂, 3914

Volume 91 SUBJECT INDEX

Spinal Cord—Serials

noncontingent shock; behavioral deficit; opioid antagonist; naltrexone; instrumental learning; spinal cord, 27902
 noradrenergic pathways; Fos protein; spinal cord; neurotrophic destruction; cannabinoid antinociception; tonic nociception; pain behavior; catecholamine neurotoxin; spinal norepinephrine, 12839
 spatiotemporal distribution; rhythmic motor patterns; embryonic rat spinal cord; medullary circuits; neuropharmacological control; neural development; ontogeny, 21673
 spinal cord stimulation; chronic complex pain; patient satisfaction; programmable internal pulse generator; dual electrodes, 17098
 spinal cord: instrumental learning; acquired flexion response; N-methyl-D-aspartate receptor; rats, 34033
 vestibular afferent projections; vestibular nuclei; sensory systems; cochlear nucleus; nucleus neurons; spinal cord; hindbrain; neuroanatomical development; target neurons, 6940
Spinal Cord Injuries [See Also Whiplash]—Serials
 automatic speech recognition software; speaking workload; task efficiency; speech production behaviors; spinal cord injury; syllables; dictation time; apnea frequency, 17424
 central neuropathic pain; spinal cord injury patients; tactile detection thresholds; quantitative sensory testing; sensory detection; sensory function; pain thresholds, 4996
 chronic neuropathic pain; spinal cord injury; quality of life, 1999
 development; reliability; validity; factor structure; Mooring Self-Efficacy Scale; spinal cord injury; daily activities, 158
 family needs; family members; spinal cord injury; rehabilitation; family education, 20615
 future time orientation; spinal cord injury; employment status, 9060
 grooming behavior; excitotoxic spinal cord injury; agmatine; interleukin-10; cyclosporin; spontaneous pain behavior, 13100
 head movement image; image processing; HMI-controlled computer mouse; spinal cord injury; disabled people; microprocessor technology; mouse cursor direction, 6144
 intervention studies; pharmacological interventions; randomized clinical trials; psychological intervention; published meta-analyses; spinal cord injuries; evaluative research; inclusion criteria, 20100
 locomotor recovery; spinal cord transection; nerve fibers; spontaneous recovery; spinal cord injury; spinal fibers; white matter; locomotion; adult rats, 9902
 mechanical allodynia; rat spinal cord; hindpaw; spinal cord contusion; acetone; severe injury; cold allodynia; withdrawal threshold, 30889
 motor unit firing; voluntary contractions; human thenar muscles; spinal cord injury, 21515
 pathophysiology; complex regional pain syndrome; diabetic peripheral neuropathic pain; spinal cord injury; alpha-1 and/or receptor, 26068
 physiological response; autonomic dysreflexia; painful stimuli; spinal cord injuries; blood pressure; performance boosting; athlete; sympathetic reflexes; abuse; headache, 6088
 prevalence; posttraumatic stress disorder; social support; risk factors; spinal cord injuries, 1866
 quality of life; spinal cord injury; family caregivers; rehabilitation, 29762
 sensory perception; spinal cord injury; pain perception; pain; spasticity; spasms, 29113
 sexual responsiveness; spinal cord injuries; human females; sexual dysfunction; anxiety-provoking stimulation; genitals, 26170
 social support; adjustment; spinal cord injury; past peer-mentoring experience; current live-in partner, 19887
 spinal cord injuries; health-related quality of life; rehabilitation goals; internet access; self-reported impact, 16604
 spinal cord injury pain; neuropathic pain; treatment; pharmacologic treatment, 29470
 spinal cord injury; cortical maps; inductive liability procedure; brain-stem; cerebral cortex; locomotor control centers; neural network maps; learning; task execution, 29138
 TBI patients; traumatic brain injury; spinal cord injury; sensitive measure; greater accuracy; increasing age; acute phases; lowest rate; acute rehabilitation, 15063
 well-being; clinical difficulties; disabled persons; tetraplegic spinal-cord-injured persons; TSCI; France; disability; community belonging; motor impairment, 4901
 wheelchair prescription practices; evaluation; standards; wheelchair user; spinal cord injury rehabilitation unit; occupational therapists; spinal cord injury; clinical intervention, 16754
Spinal Fluid [See Cerebrospinal Fluid]
Spinal Ganglia—Serials
 axotomized & intact dorsal root ganglion neurons; spinal nerve ligation; partial rhizotomy; hyperalgesia; allodynia; rats; electrophysiological changes, 15540

protein kinase; spinal cord microglial; dorsal root ganglion; neuropathic pain; spinal nerve ligation; p38 mitogen activated protein kinase; rats, 21608
Spinal Nerves—Serials
 axotomized & intact dorsal root ganglion neurons; spinal nerve ligation; partial rhizotomy; hyperalgesia; allodynia; rats; electrophysiological changes, 15540
 cortical motor neuron excitability; peripheral nerve injury; transcranial magnetic stimulation; TMS; evoked spinal cord potentials; unilateral brachial plexus injury, 16780
 disc herniation types; lumbar disc disease; daily living activities; interruption duration; clinical variables; treatment outcomes; radiological diagnosis; surgical recurrence; surgical timing; age, 35183
 experimental mononeuropathy; neuritis; strain-gauge algometer; noxious stimulus; paw withdrawal thresholds; flexion reflex; carrageenan neuritis; CCI; neuropathic behaviors; hyperalgesia, 15707
 neuropathic pain; rats; noradrenergic activity; brainstem; cerebellum; sciatic nerve; nitric oxide; MPMG; norepinephrine; pain threshold; agmatine; metabolite, 15787
 neuropathic pain; thermal hyperalgesia; spinal nerve transection; nitric oxide production; diamino fluorescein-FM; JTC-801; mice; nociceptin/orphanin FQ; pain transmission, 21630
 protein kinase; spinal cord microglial; dorsal root ganglion; neuropathic pain; spinal nerve ligation; p38 mitogen activated protein kinase; rats, 21608
 sciatic nerve blockade; tricyclic antidepressants; local anesthetic; sciatic nerve functions; bupivacaine; amitriptyline; rat sciatic notch, 15811
 sciatic nerve injury; social behavioural disruptions; chronic pain syndrome; sleep disruptions; rats; allodynia/hyperalgesia, 21644
 second somatosensory cortex; left-hemisphere dominant activation; dorsal penile nerve stimulation; somatosensory evoked fields; cutaneous nerve activation; cortical network, 3676
 somatosensory evoked potentials; SEP; active movement; median nerve; cortical component; mental movement; stimulated hand; frontal lobe; temporal lobe, 16781
 spinal cannabinoid receptors; chronic constriction sciatic nerve injury; neuropathic pain behavior; rats; peripheral nerve injury; hyperalgesia; cannabinoids, 6933
 spinal morphine; supraspinal; neuropathic rat; spinal nerve; pain, 13061
 standard values; somatosensory evoked potentials; tibial nerve; amplitude parameters; latency parameters, 7063
 tumor necrosis; primary sensory neurons; nerve injury; pain behavior; spinal nerve; electrophysiological responses; dorsal root ganglia; tactile allodynia, 21418
Spinothalamic Tracts—Serials
 skin sensitivity; laser-evoked potentials; LEP; somatosensory evoked potentials; SEP; peak-to-peak amplitude; spinothalamic tract; multiple sclerosis; MS; vertex potential; medical diagnosis, 16827
Spirit Possession—Serials
 multiple personality; modern psychology; mass dehumanization, 34932
 New Testament; Bible translations; demonic possession; fasting; epilepsy cure; seizures, 1877
 New Testament; Bible translations; demonic possession; fasting; epilepsy cure; seizures, 1835
Spirituality—Serials
 adolescent psychiatry; clinical mental health care; child psychiatry; religion; spirituality; terminology, 11379
 adolescent psychopathology; child psychopathology; religious perspectives; spiritual practices; spiritual perspectives; religious beliefs, 10710
 alcohol treatment; spirituality; religiousness; life changing experiences; alcoholism, 11935
 Alzheimer's disease; spirituality; religious practices; ethnic background; caregivers beliefs; whites; blacks, 14428
 art therapists; art; photomontage; spirituality, 31041
 attachment theory; religious beliefs; widowhood; spiritual beliefs, 34409
 attempted suicide; suicide attempts; spirituality; suicide-related behavior; American Indians; Christianity; tribal cultural spirituality, 22626
 Buddhist psychology; martial artist; human nature; Bruce Lee; psychotherapy practice; Jeet Koon do; professional growth; personal growth, 22321
 Catholics; spirituality; religion; tradition; worldview; child psychiatry; adolescent psychiatry; families, 11354
 Christian education; spiritual maturity; senior adults; spiritual development, 34369
 Christianity; Christian tradition; divine mercy; spirituality; transcendence; weakness; psychotherapy, 14216
 clinical outcomes measures; spirituality; treatment outcome package; TOP; CORK Outcome Measure; CORE-OM; mental health service, 12485
 clinical psychologists; psychotherapists; meditation; transpersonal psychology; psychotherapy; spiritual practices; meditative techniques, 2084

Spirituality—Serials

clinical supervision; religious clients; religion; therapy; psychologists; competence; integrative developmental model, 29868
 complementary medicine; alternative medicine; spiritual healing; epilepsy; religious experience; mystical states, 11600
 concept of spirituality; psychology of religion; C. Jung; M. Eliade, 4209
 cross-cultural issues; spirituality; complementary medicine; pediatrics; patient experience; family experience; clinician experience; healthcare system; complementary therapies; complementary healers, 5116
 dementia; religion; spirituality; family caregiver; clinician, 14009
 despair; spiritually oriented group therapy; women healing; severe mental illness; spirituality; mood; motivation; interpersonal bonding; group prayer; yoga breathing; spiritual readings, 29421
 dream narratives; Amazonia; dream interpretation; naming; multinational perspectivism; spirits, 27588
 dreams; dress; garments; spirituality; religious authority; African independent churches, 27589
 dying; spirituality; health care professionals, 32643
 factorial validity; Stress-Related Growth Scale; psychometrics; test reliability; mature thinking; spiritual growth; emotional growth, 24221
 Faith Development Scale; test validity; adult development; maturational & faith based experiences; time; college students, 97
 faith development theory; faith; children; adolescents, 10235
 gay congregation; lesbian congregation; social justice; communities; liberal church; advocacy; community affirmation, 28342
 gender role attitudes; religion; spirituality; domestic violence; student attitudes; college students, 31288
 gerontology; Barbara Pittard Payne Stancil; spirituality; aging; practical theology, 34390
 gerontology; theology; aging; spiritual growth; christian education, 34396
 helping activities; spirituality; alcoholics anonymous; recovery, 26748
 Hindu ascetics; Indian ashrams; spiritual activities; sannayasa doctrine; autobiographical memories; religious practices, 34459
 holism; nonduality; phenomenology; humanism; health; spirituality; ecology; globalization, 1
 Holy Spirit Questionnaire; Spiritual Well-Being Scale; Spiritual Assessment Inventory; perceptions; personal knowledge; Christians; holy spirit, 24206
 hospice patients; attitudes; spiritual issues; physicians; physician-patient relationships; religion, 17366
 hospice social workers; educational needs; intervention; spirituality; religion, 14586
 illness adjustment; religious attributions; older adults; coping attributions; spiritual attributions, 13293
 instruments; measurement; spirituality; religiosity; Expressions of Spirituality Scale, 30424
 integral transformative practice; psychospiritual practices; mind-centered direction; holistic integration; group retreats; interactive embodied meditations, 2083
 interdisciplinary research; idealist world views; spirituality; transpersonal experiences, 2086
 intrinsic spirituality scale; test development; motivation; psychology of religion, 9392
 kenosis; alterity; Christian spirituality; psychoanalytic practice, 32411
 literary epiphany; quantum change; epiphanic intensity; Leo Tolstoy; Fyodor Dostoevsky; intensity; resonance; mystery, 27961
 logotherapy; self-help; spiritual dimension; clinical practice; wisdom, 32257
 marijuana use patterns; psychosocial behaviors; historically Black colleges & universities; buffering mechanisms; spirituality; social support; undergraduate students; resilience; vulnerability, 1646
 measurement; religion; spirituality; health research; religiousness; test development; elderly, 27273
 mental health service users; mental health; religion; spirituality, 29636
 mental health services; religion; culture; spirituality; religious groups; human drive; health of mind & soul, 29612
 mental health; religion; spirituality; mental health professionals; religious leaders, 29906
 mental retardation; developmental disabilities; spirituality; religion; quality of life; family members, 25963
 methodological guidelines; spirituality; children; adolescents; children's experience, 9537
 narcissism; spirituality; evil; contemporary culture; values; psychotherapy; literature, 18827
 Native American dreaming; vision quests; power dreams; lucidity, 27591
 personal meaning; spirituality; health; psychometric evaluation; Personal Meanings of Spirituality Scale, 6270

personal spirituality: early-stage dementia; quality of life; spiritual experiences; cognitive disorder; stress, 13962
personality transformation; extensive cognitive changes; behavior changes; quantum change, 28454
poetry; trauma; spirit; Walt Whitman; war; spirituality; terrorism; disaster, 34193
postmodern therapies; spirituality; self crises, 13294
prayer; interpersonal coping; mothers; HIV; active prayers; receptive prayers; petitionary prayers; supplicatory prayers; spirituality; adoration; interview; coping mechanism; attitude, 1059
professional characteristics; spiritual character; psychotherapists; religiosity; spiritual experiences, 29920
psychoanalysis; gnosis; experiences; wonderment; Ineffable Self; sacred; mundane; psychoanalysts; relational theory; psychospirituality, 10634
psychoanalysis; reversals in perspective; abyss; well; world spiritual traditions, 32384
psychoanalytic practice; religious involvement; spirituality; treatment practices; supportive role; empathy; professional bias, 14060
psychosocial functioning; religiousness; spirituality; late adulthood; well-being; life task involvement; generativity; wisdom; narcissism; individual differences; aging, 7483
psychospiritual integration; occupational therapy; occupational therapists; occupational science literature, 10352
quantum change; personal emotion; cognition; behavior; psychology; psychotherapy, 29261
quantum change; spiritual development; psychotherapy; emotional development, 29236
Quran; social changes; emotions; well-being; faith; spiritual experience; Moroccan housewives, 16120
religion; spirituality; chaplains; Biomedical literature; medical journals; medicine; Americans; illness; healthcare, 4215
religion; spirituality; family assessment; child psychiatry; adolescent psychiatry; clergy; psychiatrists, 11353
religion; spirituality; psychiatry; rapprochement; epistemological conflict; rational explanation, 34464
religion; spirituality; treatment; clinical practice; worldview; case formulation, 11339
religiosity; optimism; pessimism; African Americans; organizational religiosity; subjective religiosity; spirituality, 22180
religious concerns; spiritual concerns; university students; counseling center clients; prevalence; predictors; distress, 2697
religious faith; spirituality; health communication; health beliefs; health behaviors, 29444
religion/spiritual impairment; religiousness; spirituality; functional assessment; clinical psychology practices; clinician beliefs; religious clinical implications, 11378
religiousness; physical health; mental health; measures; spirituality; counseling, 11613
religiousness; spirituality; vision impairment; adaptation; positive adjustment; social support; extrinsic religiousness; intrinsic religiousness, 32202
remote viewing; real estate; Eastern psychology, 33900
resistant student behavior; urban Muslim education; ideological artifacts; spirituality; resistance identities; oppositional student behavior; family, 26967
serotonin; personality; receptor density; binding potential; spiritual experiences; self-transcendence, 34005
serotonin; personality; receptor density; binding potential; spiritual experiences; self-transcendence, 34029
sexual misconduct; clergy; spirituality; sexuality; omnipotence; narcissism; Christianity; Catholicism, 25782
social interest behavior; altruism; social support; mental health; physical health; spirituality; stress; helping; religious coping; prayer, 2351
social scientific measures; religiosity; spirituality; spiritual well-being; religious coping; identity; self-efficacy; social support; media usage; health communication, 28203
spiritual & religious factors; religiousness; epidemiological evidence; predictive relationship; health; morbidity & mortality; methodological issues, 11612
spiritual aspects; dementia care; religion; elderly adults; terminal illness, 14207
spiritual assessment; religious assessment; religion; spirituality; religious beliefs; medically ill; psychiatrically ill; clinician-patient interaction; ethical issues; children; adolescents, 11361
spiritual conversion; spiritual transformation; religion; western theology; feminist theology, 28212

spiritual experience; developmental disabilities; Church of Jesus Christ; Latter-Day Saints; religious groups; family beliefs; disabled child; parents, 4770

spiritual harm; NRM; new religious movements; motivations; group leaders; spiritual experiences; disaffiliation; identity confusion; spiritual authority abuse; trust inability; NRM former member, 1062
spiritual issues; psychotherapy; diversity education; clinical practices; pastoral counseling, 14217
spiritual meaning scale; construct validity; clinical utility; spiritual meaning; personality; mental health, 33523
spiritual needs; religious practice; health care, 32519
spiritual pain; spiritual dimension; hospice patients; health care; survivors; protective factor; hospice experience; curative treatment, 5643
spiritual perspectives; nurses attitudes; education; clinical practice; religious affiliations; care quality, 29900
spiritual perspectives; nurses attitudes; education; clinical practice; religious affiliations; care quality, 29899
spiritual perspectives; nurses attitudes; education; clinical practice; religious affiliations; care quality, 29902
spiritual perspectives; nurses attitudes; education; clinical practice; religious affiliations; care quality, 29901
spiritual psychology; philosophical background; theism; humanistic psychology; psychotherapy; Buddhist psychology; mind-body medicine; transpersonal psychology, 22181
spiritual transformation; Alcoholics Anonymous; quantum change, 29783
spiritual well being model; test development; test validity; test reliability; Spiritual Well Being Questionnaire, 6269
spiritual well-being; psychosocial adaptation; perceived uncertainty; multiple sclerosis, 19870
spiritual well-being; religiosity; drug use; individual characteristics; male prison inmates, 8907
spirituality assessment; coping; disease reduction; spiritually based interventions; Spiritual Health Inventory; substance abuse; test reliability; test validity, 30370
spirituality, religion; health; Francis Galton; pioneering works, 11608
spirituality; Alzheimer's disease; dementia; spiritual needs; spiritual healing; religious healing, 14002
spirituality; burnout; personality; clergy, 25135
spirituality; cancer; psychological adjustment; coping; existential theory; emotional well-being; perceived life threat; stress; religious well-being; quality of life, 19914
spirituality; health; older Thai persons; aging; US, 13275
spirituality; health; religion; mental health, 11604
spirituality; hospice care; palliative care; spiritual discussion; doctors, 17357
spirituality; multicultural caregivers; caregiving groups; clinical interventions; caregiving experience; role of faith; dementia; African-American, 14423
spirituality; personality; trait forgiveness, 28483
spirituality; positive affect; negative affect; religious affiliation; emotional well-being, 34455
spirituality; psychological well-being; frail older adults; nonfrail older adults; physical health, 25096
spirituality; quality of life, 4203
spirituality; religion; children; death, 10265
spirituality; religion; clinical care, 11340
spirituality; religion; health; psychology, 11609
spirituality; substance abuse; adolescents; health-as-a-value; multiethnic groups; at risk population, 28871
spirituality; women of color; health; African American women; Hispanic women; religiosity; cultural considerations; public health interventions; health promotion; prevention, 23456
spirituality; women of color; health; African American women; Hispanic women; religiosity; cultural considerations; public health interventions; health promotion; prevention, 23441
spiritually augmented cognitive behavioral therapy; psychotherapeutic processes; psychotherapeutic techniques; existential techniques; spirituality; mental health; recovery; meaning, 35431
survivors; memorable messages; religious faith; spirituality; final conversations, 28208
trauma symptoms; stressful life experiences; traumatic stress; college student; intervention programs; spiritual well-being, 7933
Spirituality—Books
Chaos and life: Complexity and order in evolution and thought, 7514
Healing in perspective, 8594
The soul in everyday life, 51
Spirituality—Chapters
Buddhism, psychology, and addiction theory in psychotherapy, 2526
Imagery and spiritual development, 23327
Spleen—Serials
tianeptine; lipopolysaccharide-induced expression; cytokines; spleen; hypothalamus; rats; hippocampus; neuroendocrine effects, 27866
Split Brain [See Commissurotomy]
Split Personality [See Dissociative Identity Disorder]

Spontaneous Abortion—Serials
anxiety disorders; miscarriage; anxiety symptomatology; pregnancy, 19531
miscarriage; perinatal loss; emotions; sexual relationship; couples; marriage; interpersonal relationship; women's perceptions, 1099
psychological trauma; miscarriage; induced abortion; women; Impact of Event Scale; posttraumatic stress disorder, 19840
psychosocial predictors; child delivery; unexplained recurrent spontaneous abortions; pregnancy, 29019
women's health movement; pregnancy loss; birth scenarios; natural childbirth movement; reproductive disaster stories; toxically assaulted communities; US; miscarriage, 19080
Spontaneous Alternation—Serials
perforant path synaptic strength; hippocampus; early eyelid opening; synaptic transmission; neural development; spontaneous alternation; rats, 30845
sex differences; obsessive-compulsive disorder; prepubertal rats; spontaneous alternation behavior, 34183
Spontaneous Recovery (Learning)—Serials
D-amphetamine; basolateral amygdala; monoamine neurotransmission; potentiation; cues; reinstatement; extinguished drug-seeking behavior; chronic cocaine self administration; rats, 742
extinction; contextual renewal; spontaneous recovery; spatial preference; water maze; spatial cues; spatial learning; hippocampus; mice, 472
nicotine; discriminative stimulus effects; extinction; spontaneous recovery; response reinstatement; noncontingent reinforcement; discriminative control, 3492
recovery effects; extinction trials; navigation task; Morris swimming pool; spatial learning; training; rats, 480
spontaneous recovery; conditioned flavor preference; rats; extinction; calories, 24575
Spontaneous Remission—Serials
psychological changes; spontaneous remission; cancer; tumor behavior, 35238
risperidone; tardive dyskinesia; schizophrenia; drug therapy; spontaneous remission, 11463
selective serotonin reuptake inhibitors; sexual dysfunction; orgasm delay; psychiatric disorders; side effects; spontaneous remission, 26373
Sport Performance [See Athletic Performance]
Sport Psychology—Serials
athlete perceptions; sport psychologists; sport psychologist effectiveness evaluation, 33314
athlete perspectives; sport psychology consultation; sport experiences; personal issues; stigma; openness, 14804
athletic performance; elite athletes; trampolinists; situated cognition analysis; effect of action; competition activity; elementary units of meaning; psychological preparation; self confrontation, 14808
broken clubs; expletives; coping responses; skilled golfers; moderately skilled golfers; sport psychology stress, 30241
career transition; sports; sports psychology, 20968
career transitions; retirement; sport psychology; athletes; career development, 20967
co-editors; journal information; scientific communication, 20964
collective efficacy; team performance; college football players, 25278
coping skills; trait sport confidence; trait anxiety; athletes, 36425
editor's farewell; journal information, 9139

Winning the mind game: Using hypnosis in sport psychology, 6080

Sport Psychology—Chapters

A sporting use of personal construct psychology, 17917

Sport Training [See Athletic Training]

Sports [See Also Baseball, Basketball, Football, Judo, Martial Arts, Soccer, Swimming, Tennis, Weightlifting]—Serials

Achievement Goals Questionnaire; sports; mastery-approach goals; mastery-avoidance goals; performance-approach goals; performance-avoidance goals; psychometric properties, 6267
 adult physical activity; adolescent sports participation; adulthood, 6089

aggression; violence; sport; prevention, 24054
 amateur boxing; cognitive impairment; cognitive function; head injury, 32194

appraisal responses; coping responses; sports; athletes; stressors; athletes perception; personal goals, 24048

athlete-coach relationship; interpersonal closeness; interpersonal closeness; complementary roles; effective relationships; emotional closeness; athletic relationships, 9145
 athletic coaches; preferred leadership; leadership behavior; gender; competition level; task dependence; task variability; student athlete preferences; interactions, 17907

athletic identity; exercise behavior; physical activity; Athletic Identity Questionnaire; scale development; test validity, 18075

athletic participation; sports; alcohol consumption; risk factors; high school students, 31449

athletic training; sport injury rehabilitation; journal information; developmental differences, 8832

beliefs; gender appropriateness; ability; physical activity; competence; ability conceptions; males; females; competence beliefs; human sex differences; sex role attitudes; sports; hockey, 24055

broken clubs; expletives; coping responses; skilled golfers; moderately skilled golfers; sport psychology stress, 30241

Canadian intercollegiate sport; precaution culture; risk culture; treatment; student-athletes; sports medicine clinicians; injured athletes; body healing, 1947

career development; parents; youth sport; young athletes; parental involvement, 20985

career transition; planning age; short-term plans; long-term plans; retirement; elite athletes; career development, 20982

career transition; sports; sports psychology, 20968
 career; fans; sport supporters; contemporary sport; Chicagoan concept; status passage; career path; ice hockey, 17909

coaching behavior; athlete satisfaction; team or individual sports involvement; mental preparation, technical skills, goal setting, physical training; competition strategies; personal rapport, 6081

collective efficacy; perceived motivational climate; self-efficacy; rowing; goal orientation, 20981

college students; sports betting; athletic event; school team; casino; legal age; sports wagering, 24039

collegiate rugby; males; college athletes; athletic subcultures; deviant conduct; criminal behavior; homophobia; machismo; misogyny, 27134

communication difference; male athletes; female athletes; sport teams; sex differences, 36439

competitive endurance athletes; overtraining syndrome; sport stress, 27132

coping styles; stressful situations; sports; avoidance coping; athletes, 36437

corporate welfare; national interest; newspaper analysis; public subsidization; National Hockey League; ice hockey; political-economic impact; sociocultural impacts; Canadian government, 27138

dangerous sports; recreational drug-use; Interpretative Phenomenological Analysis; risky decision, 31448

doping use; Italian adolescents; Theory of Planned Behavior variables; sports; intentions; attitudes; subjective norms; perceived behavioral control; ergogenic supplements; moral disengagement measure, 35039

ecological determinants; motivational determinants; activation; sports; television viewing; mental states; studying, 28038

elite sports; sport science teams; athlete servicing; sporting performance; systems theory, 27137

emotional functioning; emotional responses; mild traumatic brain injury; college athletes; sport-related concussion, 20016

expectations; figure skating; reputation bias; judging; sport performance, 20973

facility familiarity; home advantage; professional sports, 20980

factor structure; Positive and Negative Perfectionism Scale; validation; sports; factorial composition, 24171

fear of failure; achievement goals; sports; achievement motivation, 36424

fear of success; Fear of Success Scale; athletic performance; athletic motivation; structural validity; sports, 33525

gender differences; coping; endurance sport stress; stress perceptions; Lazarus cognitive-motivational-relational model; triathletes; distance runners; cyclists, 27127

genetic influences; athletic success; Elite Ethiopian Endurance Runners; marathon, 12321

gymnasium ecology; extracurricular activities; sports; ethnography; urban youth; social influences; youth culture; Darwinism, 24041

health promoting behavior; sports, 23425

high mastery sportsmen; cyclic sports; rowers; middle distance runners; emotional states; neuroticism; emotional stability; physical state; anxiety; self confidence, 14809

hockey; sports betting; gambling; prediction; randomness; monetary gains; sport expert skills; chance, 27121

implicit learning; explicit learning; decision making; sports; ball games; task complexity, 12659

job satisfaction; mid-level collegiate campus recreation program administrators; institutional characteristics; employment background, 27091

learning difficulties; leisure; support model; access model; sports participation, 4786

mood; performance; wakeboarding; depressed mood group; no-depression group; goal difficulty, 17910

motor performance; event-related brain potentials; attention processes; table tennis players; visual attention; reaction time; directional cues; motor readiness, 27130

neuropsychology; sports; boxing; neuropsychological tests; neuropsychological testing, 14812

newspaper coverage; able-bodiedness; British media coverage; Paralympic games; Sydney Paralympic athletes, 4075

perceived locus of causality; self-determination; perceived competence; behavioral intentions; sports; exercise; physical education; motivation, 2970

perfectionism; competitive athletes; measurement scale; competitive sports, 3163

performance worries; coping responses; male youth cricket players; macrolevel coping; problem-focused coping; emotion-focused coping; no coping, 17912

physical activity; gender differences; older children; adolescents; organized sport; leisure time physical activity, 6079

physical exercise habits; adult outpatients; Brazil; epilepsy; physical training; physical activities; sports; sports participation; epileptic seizures, 1827

physiological activation; heart rate; autonomic nervous system; electrodermal activity; respiratory frequency; autonomic activity; sporting performance; skin blood flow, 18662

post-terrorist attacks; sport fans; sport-war analogies; perceptions, 6084

posttraumatic distress; adolescent athletes; sport injury, 8154

probabilistic models; additional diagnostic information, 21226

professional golfers; golf scores; player skills, 36422

Project on Elite Athlete Commitment; PEAK; Sport Commitment Model; external validity; athlete attitudes; interview process, 284

Project on Elite Athlete Commitment; PEAK; Sport Commitment Model; model constructs; model generalizability, 283

psychological research; climbers; romanticism; cultural contexts; mountaineering; psychological themes; mountaineering literature; self; identity, 12320

racial differences; african americans; whites; cultural division; racial patterns; race relations; school sports, 1071

recreation; rock climbing; adventure sports; environmental hazards; responses; safety regulations, 33322

role ambiguity; sports teams, 9143

scuba diving; risk taking; Terror Management Theory; death reminders; self esteem; mortality salience; self efficacy, 27133

secure unit; rehabilitation; young people; sport; criminal sentencing; individual needs, 5717

self handicapping; stressful reactions; athletes; emotive oriented coping; cognitive state anxiety; emotional reaction; anxiety responses; coping strategies, 9152

self-determination; coping; goal attainment; sport; motivational antecedents, 36416

self-presentational behavior; cognition; affect; competition; sports; self-handicapping behavior; stereotypes; social physique anxiety, 14811

self-talk; athlete attitudes; verbalizations; sports; sport skills; sex, 36430

self-talk; competitive anxiety; sport performance, 20971

self-talk; swimming pool; thought content; athletic performance; water-polo tasks, 30242

semiotic analysis; golf; scorecard language; sexism, 16196

sexual aggression; sports participation; contact sport athletes; non-contact sport athletes; aggressive attitudes & behavior, 4718

sexual politics; team members; bisexual men; gay men; heterosexism; rugby club; gender order; sports; sexuality; social exclusion, 1149

skilled memory; time transformation; rock climbers; skill level; flow states; memory, 20970

smokeless tobacco use; adolescent behavior; tobacco cessation; organized sports; cessation behavior, 34379

social loafing; competitive context; inter group competition, 20966

social skills generalization; attention deficit hyperactivity disorder; ADHD; children; sports; individual training sessions; kickball game, 8059

solution-focused counseling; athlete-counselor relationship; sport psychology, 27129

specific motor skills; table-tennis performance; novice players; physical education, 3767

spectator violence; sensation seeking; sports crowds; sport riots; violence; aggression; fans, 28890

Sport Achievement Orientation Questionnaire; Japanese athletes; test development, 33483

sport adaptation; sport participation; sport enjoyment; students; physical disabilities, 6085

sport career termination; coping; emotional reactions; retirement; athletes; athletic identity; adjustment; satisfaction with life, 20969

sport competition; coping strategies; perceived goal attainment; affective states; anger-dejection, 27125

sport confidence; master athletes; situational favorableness factor; personality traits, 36441

sport education; team affiliation; physical education; social skills; sense of identity; persisting groups; involvement, 30244

Sport Grid-Revised; cognitive anxiety; somatic anxiety; felt arousal; concurrent validity; CSAI-2; sports performance, 17916

sport injuries; sex; sport; injured body region; physical training, 36427

sport participation motives; special olympics athletes; mentally retarded athlete, 6087

sport participation; smoking; gender differences; racial differences; adolescents, 25055

- assessment; middle school curriculum materials; science curriculum; national standards; benchmarks; assessment tasks, 9487
- cognitive ability tests; academic achievement; standardized tests; sex differences; cognitive ability; grades, 27499
- educational measurement; standardized tests; student-reported course-taking data; multiple standard-setting methods, 21182
- Naglieri Nonverbal Ability Test; Hispanic children; limited English proficiency; socioeconomic status; geographic region; standard scores, 12450

psychometric sin; educational measurement; measurement specialists; educational tests; school quality, 23774
 standardized tests; test consequence; test interpretation; test scores; college admissions tests; educational assessments, 21197
 stereotype threat; test performance; ethnicity inquiries; gender inquiries; problem-solving task; intellectual ability; ethnic groups, 31545
 student evaluation; classroom evaluation; pedagogical goals; measurement perspective; adjustment strategies; standardized tests; national standards, 17696
 students' performance; writing exam; function analysis; writing skills; test performance; pre-exam instruction, 17664
 unbiased assessments; visually impaired students; Minnesota; student achievement; review committee; assessment evaluation; item analysis; format review; test administration instructions, 9480
 working memory skills; educational attainment; English; mathematics; science; national curriculum assessments; children; age differences, 14662
 working memory; math achievement; language achievement; literacy; National Curriculum Assessments; pre-school students, 20836
Standards (Professional) [See Professional Standards]
Stanines [See Standard Scores]
Stapedius Reflex [See Acoustic Reflex]
Startle Reflex—Serials
 acoustic startle reflex modulation; fear; emotional stimuli; amygdala; anteromedial temporal lobe; unilateral damage; bilateral temporal lobe damage; startle reflex potentiation, 19952
 acoustic startle response; prepulse inhibition; prepulse facilitation; mice; mouse strains, 30866
 acoustic startle response; prepulse inhibition; spontaneous locomotor activity; 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine; animal model; Parkinson's disease; mice; sensorimotor gating deficit, 34163
 acoustic startle response; strain-dependent effects; anxiety behavior; habituation; recombinant inbred rats; PTSD, 525
 acoustic startle; morphine; withdrawal; opiates; anxiety; elevated startle response, 13010
 acoustic startle; rats; transient motor response; acoustic stimuli; acoustic pulse; acoustic startle amplitude; acoustic startle parameters; intensity; rise time; duration, 488
 acoustic startle; schizophrenic subjects; chronic schizophrenia; physiological arousal; personality profiles; increased reactivity; sensory reactivity, 7856
 amphetamine; sensitization; animal model; schizophrenia; acoustic startle response; prepulse inhibition; locomotor activity; locomotor response, 7266
 antipsychotic drug treatment; startle-eliciting stimulus; haloperidol pretreatment; prepulse inhibition; disease conditions; amphetamine; apomorphine; haloperidol; mice; prepulse inhibition, 21928
 anxiety-related behavior; fear sensitization; acoustic startle response; rats; strain differences, 24552
 auditory startle responses; multiple system atrophy; MSA; parkinson subtypes; cerebellar subtypes; auditory stimuli; olivopontocerebellar type; striatonigral type, 5018
 baclofen; prepulse inhibition; acoustic startle response; dizocilpine; apomorphine; antipsychotics; rats, 15731
 bilateral ibotenic acid lesions; laterodorsal tegmental nucleus; prepulse inhibition; startle amplitude; acoustic startle reflex; interstimulus interval; rats, 30854
 buspirone treatment; alprazolam treatment; startle potentiated startle response; rats, 24797
 corticotropin releasing hormone; acoustic startle; anxiety; R-121919; antisauvagine-30; NBI-03775, 3962
 ecstasy users; abstinence; plasticity; acoustic startle reflex; prepulse inhibition; habituation; sensitization; recreational drugs; serotonin systems; 3,4-Methylenedioxymethamphetamine, 25881
 emotion-modulated startle response; video-based evaluations; EMG-based evaluations; acoustic startle; eyeblink; electromyographic measurement; validity; reliability; children, 9532
 emotional effects; behavioral inhibition system; startling background music; behavioral activation system; subjective response; physiological response; memory performance; reading; news reports, 27842
 fear conditioning; virtual reality; anxiety; startle reflex, 24521
 fear expression; time course; delay fear conditioning; rats; trace conditioning; hippocampus; temporal specificity; fear-potentiated startle, 21425
 fear-potentiated startle; contextual freezing; median raphe nucleus; serotonergic mechanisms; conditioned fear responses; cues, 30873
 fearlessness; behaviorally disordered children; startle reflex modulation; disruptive behavior disorder; emotional stimuli; adult psychopaths, 22651

G-protein; signaling pathways; forebrain; receptor coupling; transgenic mice; startle response; prepulse inhibition; pathway overstimulation; sensorimotor gating; dopamine receptors; molecular changes, 18570
 illumination; acoustic startle response; rats; fear potentiation; unconditioned stimulus; noradrenergic beta-receptor antagonist; propranolol, 6817
 inspiratory occlusion; startle reflex; scalp topography; stimulus familiarity, 18674
 intracellular dopamine contents; rat brain; conditioned contextual fear; acoustic startle reaction extinction; caudate nucleus; prefrontal cortex; nucleus accumbens, 9889
 lead stimulus; reflex stimulus modality; blink reflex; blink-eliciting stimulus; blink modulation, 18670
 light-enhanced startle paradigm; startle response; anxiety; corticotropin-releasing hormone; animal models; fear-potentiated startle; rats, 3624
 Mauthner cell; temporal constraints; cichlid fish; startle response; visually directed C-start responses; visual cues; sound pulse, 15487
 muscimol injections; perirhinal cortex; information processing; emotional learning; conditioned fear, 34177
 neurotrophin receptor function; prefrontal cortex development; dopaminergic hyperresponsivity; acoustic startle; schizophrenia; prepulse inhibition, 27778
 nicotinic receptor antagonist; acoustic startle reflex; dopaminergic mechanism; nicotine-ethanol interaction; mice, 744
 nucleus accumbens; acoustic startle reflex; prepulse inhibition; entorhinal cortex lesions; dopaminergic transmission; rats, 34028
 posttraumatic stress disorder; emotional behavior; emotional processing; physiological responses; self report; photograph viewing; picture processing; startle reflex, 31815
 pre-pulse inhibition; acoustic startle eye-blink; schizophrenia; animal model; Göttingen minipig, 30909
 prenatal vitamin D deficiency; chronic postnatal vitamin D deficiency; rats; prepulse inhibition; acoustic startle, 27829
 prepulse inhibition deficits; startle reflex; neonatal rats; ventral hippocampal lesions; glycine; glycine transporter inhibitor; schizophrenia; rats; animal models, 6929
 prepulse inhibition; acoustic startle reflex; schizophrenia; olanzapine; haloperidol, 2154
 prepulse inhibition; habituation; acoustic startle response; cannabis users; methylenedioxymethamphetamine; serotonin; serotonergic neurotoxicity, 25902
 prepulse inhibition; prepulse-elicited startle; weak prepulses; apomorphine; humans; rats, 27692
 prepulse inhibition; psychopathological conditions; acoustic startle reflex; personality correlates; psychiatric disorders; emotional activation; trait emotionality, 18684
 prepulse inhibition; sexual orientation-related differences; human startle response; gender differences; eyeblink startle response; heterosexuals; homosexuals; sensorimotor gating, 660
 prepulse-elicited startle; acoustic startle reflex; psychiatric disorders; prepulse inhibition; prepulse intensity; sensorimotor gating process, 10700
 psychopathy; factor structure; emotional processing; emotional detachment; antisocial behavior; community sample; startle reflex, 7958
 receptor antagonist; mice; apomorphine; prepulse inhibition; acoustic startle response; sensorimotor gating; rats, 27919
 selective vs nonselective attentional processes; prepulse inhibition; acoustic startle response; eyeblink reflex; sensorimotor gating, 9727
 sensitization; habituation; acoustic startle reflex; schizophrenia; prepulse inhibition; sensorimotor gating, 22552
 startle responses; motor vehicle accidents; accident survivors; symptom severity; cognitive behavior therapy, 35196
 startling stimulus; movement task; kinesthetic information; ballistic movements; ongoing movement; reaction time; lower brain, 21311
 substantia nigra; reticulata; startle response; dopamine receptor agonist; GABA receptors; rats, 27923
 temporal course; information processing; smoking cues; startle modulation; smokers; nicotine dependence, 28867
 topiramate; acoustic startle reflex; single prolonged stress; animal models; post-traumatic stress disorder; animal environment; rats, 18756
 transgenic vs wild type mice; overexpression of corticotropin-releasing factor; sensorimotor gating; startle gating; prepulse inhibition; haloperidol; risperidone; clozapine; chloridiazepoxide, 715
 visual food cues; prepulse inhibition; eye blink response; startle eye blink; cognitive processing; food deprivation; food restriction; pictures of food, 12957
 wave frequency; clinical electric shock; pain sensation; startle response, 21731

zebrafish larvae; behavioral lateralization; startled induced locomotion, 30828
Starvation—Serials
 agouti-related protein; rats; self starvation; melanocortin receptor activity; physical hyperactivity, 13022
 anorexia nervosa; leukocyte counts; manifestation factors; starving syndrome; microvascular changes; vascular acrosyndrome, 19814
 caloric restriction for longevity; eating disorder; semi-starvation; biogerontology; self-deprivation, 35154
State Board Examinations [See Professional Examinations]
State Dependent Learning—Serials
 dorsal hippocampus; noncompetitive NMDA receptor blockade; classical fear conditioning; conditioned freezing; tonic stimulation; sensorimotor functions; N-methyl-D-aspartate; rats; dizocilpine maleate, 3870
State Hospitals [See Psychiatric Hospitals]
State Trait Anxiety Inventory—Serials
 child anxiety; adolescent anxiety; Revised Childrens Manifest Anxiety Scale; State-Trait Anxiety Inventory for Children; Child Behavior Checklist; anxiety disorder; externalizing disorder, 30464
 psychometric properties; State-Trait Anxiety Inventory; structural equation modeling, 33538
Statistical Analysis [See Also Central Tendency Measures, Cluster Analysis, Confidence Limits (Statistics), Consistency (Measurement), Effect Size (Statistical), Error of Measurement, Frequency Distribution, Fuzzy Set Theory, Goodness of Fit, Meta Analysis, Multivariate Analysis, Predictability (Measurement), Statistical Correlation, Statistical Data, Statistical Estimation, Statistical Norms, Statistical Probability, Statistical Regression, Statistical Reliability, Statistical Significance, Statistical Tests, Statistical Validity, Statistical Weighting, Time Series, Variability Measurement]—Serials
 16 Personality Factors; fifth edition; hierarchical structures; NEO Personality Inventory; higher level dimensions, 15032
 Akaike information criteria; nonnested models; Akaike weights; cognitive psychology, 21227
 alternative methods; data interpretation, 251
 analysis of covariance; power; priming experiments, 254
 analytic methods; repertory grid data; predictive statistics; asymmetric relations; grid structure, 33607
 applied longitudinal methods; aging research; quantitative statistical techniques; multilevel modeling; structural equation modeling, 7462
 applied statistical analysis; null hypothesis testing; power analysis; asymptotic statistical approximations; missing data; multiplicity; stepwise procedures; regression analysis; model diagnostics, 253
 area theorem; ROC curves; statistical analysis, 234
 area under the curve; repeat measures; hormone concentration; time-dependent change; area under the curve with respect to increase; under the curve with respect to ground; endocrinology; neurosciences, 15436
 area under the curve; repeat measures; hormone concentration; time-dependent change; area under the curve with respect to increase; under the curve with respect to ground; endocrinology; neurosciences, 15449
 association studies; statistical analysis; diagnostic assessment; inconsistent study designs; genotyping, 12564
 associative recognition; modeling; high-threshold signal detection; mixture distribution, 9666
 attentional cuing; processing capacity changes; hazard functions; mental performance; visual attention; statistical techniques; response time; hypothesis tests, 30696
 balanced incomplete block designs; educational assessments; optimization problem, 33620
 Bayes estimators; Bayes risk; empirical Bayes estimators; longitudinal designs; mean squared error; multilevel analysis; ordinary least squares estimators; robustness; random coefficients, 236
 Bayesian learning; missing data; independent component analysis; independent sources; gaussians, 9527
 bookmark difficulty location; item response models, 9502
 Brief Resilient Coping Scale; stress coping; adaptive coping; Psychometric Evaluation; test development; test reliability; test validity; rheumatoid arthritis patients, 14985
 category specific deficits; Alzheimer's disease; picture naming; ceiling effects; control groups, 8269
 cellwise residual analysis; contingency tables; models; adjusted residuals; nonunit variance; standardized residuals, 243
 child psychologists; adolescent psychologists; pairwise comparisons; mean; analysis of variance; statistical analysis, 30531
 clinical significance; statistical method; routine clinical practice; patient functioning; treatment effects; treatment outcomes, 14033
 collective choice; rationalizability; individual preference; reference alternative, 9634

- research methodology; attention deficit/hyperactivity disorder; assessment instruments; nonrandom assignment; statistical analysis; research literature, 24349
- research methods; health sciences; research design; research project management; statistical skills, 6423
- retrospective statistical power analysis; SAS macro; interval estimation; point estimates; interval estimation algorithm, 9513
- risk assessment; violence risk; assessment tools; statistical methods; logistic regression; classification tree approach, 19636
- sample size; multiple regression; accuracy in parameter estimation; significance; confidence intervals, 6408
- SAS macro; interindividual variability; longitudinal data analyses; individual growth curves, 12528
- Self Motivation Inventory for Children; factorial invariance; physical activity; cardiorespiratory endurance; psychometric properties; single-factor model; latent means; structural equation modeling, 3148
- standardization procedures; response bias; cross-cultural research; statistical information; information source; test scores, 21217
- statistical approaches; effectiveness measurement; outcome-driven re-randomizations; clinical trials; antipsychotic drugs; drug effectiveness; schizophrenia; Alzheimer's disease, 3272
- statistical considerations; composite scores; health-related quality-of-life; randomized trials, 26550
- statistical inference; psychology; null hypothesis significance testing; Memory and Cognition journal; Geoffrey Loftus; statistical practice review, 30527
- statistical measures; mean square error; standard error of treatment mean; level of significance; multiple comparison procedures, 261
- statistical methods; multi-item instruments; non-metric properties; ordinal data; rank invariance; hearing aids satisfaction, 6364
- statistical methods; single-case studies; neuropsychology; regression line slope; patient performance; neuropsychological tests, 27333
- statistical models; hierarchical linear models; layered mixed effects models; simple fixed effects models; empirical comparison; value-added assessment; school performance, 26951
- statistical testing; null distributions; inference; models; statistical analysis; parametric procedures; nonparametric procedures, 249
- stochastic model selection; PAC-Bayesian learning; machine learning; posterior distribution; Bayesian learning; PAC learning; model averaging; Gibbs distribution, 12385
- structural equation mixture modeling; continuous latent variable models; discrete latent variable models; spurious latent classes, 15122
- taxometric analysis; taxometric methods; research challenges; research complications, 12536

taxon; meaning; taxometrics; statistical analysis; latent trait theory; psychometrics; inferential knowledge, 12539

taxonomicity; dimensionality; major depression; skewed distribution; involuntary defeat syndrome; test items; Beck Depression Inventory, 13610

temporal constraint satisfaction; Interval Algebra; temporal reasoning problems, 21228

temporal structure; spike trains; neuronal ensembles; time scale; nervous system; statistical strategy, 15129

test development; Personality Psychopathology Five scales; Minnesota Multiphasic Personality Inventory; inpatient psychiatric treatment; internal consistency; facet subscales; Item-level analysis, 14971

traditional instruction; academic achievement; computer-assisted instruction; elementary students; software packages; CAI; statistics, 2715

trainability test; test validation; content validity; predictive validity; apprentices; job learning potential; vocational training; CAR-1 test, 15111

treatment outcomes; statistical relationships; behavioral treatment; single subject design; effect size, 12547

Type I error rates; generalized graded unfolding model; fit indices; item response theory, 9507

Type I error; answer copying indices; detection indices; tests, 6421

union commitment measurement; methodological challenges; methodological problems; commitment scores; measurement invariance; invariance tests; statistical independence assumption, 30551

update mechanisms; autonomous agents; soft evidential update; algorithms; probabilistic information; Bayesian networks, 33613

value-added assessment; educational assessments; model of growth; statistical analysis, 26940

variance components; quantitative trait loci; linkage analysis; copulas; genome scan; normal distribution, 27694

variational approximations; latent variables; machine learning; graphical modeling; statistical physics literature; science literature, 18063

visual analysis procedures; practitioners; clinical change detection; clinical practice evaluation, 27401

visual inspection methods; statistical methods; assessment; behavior analysis; data analysis; interrater agreement; visual inspection; single-case designs; training procedures; interpretation, 241

visual space; idiosyncratic relationship; visually guided behavior; probability distribution; statistical relationship; physical distances; real distances; natural scenes, 15225

wavelet analysis; multi-resolution analysis; auditory evoked potentials; auditory brain-stem, 30894

Web-based technology; human participants; computational models; experimentation tool, 9521

Wechsler Adult Intelligence Scale-Third Edition; latent factor structure; factorial invariance; factor structure; age groups; scores; confirmatory analysis; score comparisons; configural invariance, 12474

Wechsler Adult Intelligence Scale; Wechsler Memory Scale; base-rate analysis; discrepancy scores; prevalence rates; within group; between group; Huntingtons Disease; Alzheimer's Disease, 24286

Welch-James tests; Brown-Forsythe tests; multivariate repeated measures designs; approximate degrees of freedom; within subjects effects; testing; covariance homogeneity; covariance normality, 9515

winsorization; variance components; quantitative traits loci; phenotypes; linkage analysis; statistical power; type I error, 27706

word processor; text management; software; qualitative data analysis; data; Microsoft Word; tagging text; reviewing text; themes, 18222

Statistical Analysis [See Also Central Tendency Measures, Cluster Analysis, Confidence Limits (Statistics), Consistency (Measurement), Effect Size (Statistical), Error of Measurement, Frequency Distribution, Fuzzy Set Theory, Goodness of Fit, Meta Analysis, Multivariate Analysis, Predictability (Measurement), Statistical Correlation, Statistical Data, Statistical Estimation, Statistical Norms, Statistical Probability, Statistical Regression, Statistical Reliability, Statistical Significance, Statistical Tests, Statistical Validity, Statistical Weighting, Time Series, Variability Measurement]—Books

Handbook of research methods in clinical psychology, 15162

Statistical Analysis [See Also Central Tendency Measures, Cluster Analysis, Confidence Limits (Statistics), Consistency (Measurement), Effect Size (Statistical), Error of Measurement, Frequency Distribution, Fuzzy Set Theory, Goodness of Fit, Meta Analysis, Multivariate Analysis, Predictability (Measurement), Statistical Correlation, Statistical Data, Statistical Estimation, Statistical Norms, Statistical

Probability, Statistical Regression, Statistical Reliability, Statistical Significance, Statistical Tests, Statistical Validity, Statistical Weighting, Time Series, Variability Measurement]—Chapters

An Alternative Test Procedure for Meta-Analysis, 273

The analysis of correlational data, 15146

A cross-cultural analysis of the WISC-III, 15010

Design and analysis of experimental and quasi-experimental investigations, 15164

Differences in the results of Two Meta-Analytical Approaches, 276

META—A Software Package for Meta-Analysis, 275

Methodology of combining the WISC-III data sets, 15023

Qualitative methods in psychological research, 15167

Research methods in industrial and organizational psychology: Data collection and data analysis with special consideration to professional issues, 5986

Sex offender risk assessment, 3265

Statistical Correlation [See Also Linear Regression, Logistic Regression, Nonlinear Regression, Rank Order Correlation, Tetrachoric Correlation]—Serials

assessment center dimension ratings; personality inventory scores; rating source; rating domain; rating format, 21119

choice probabilities; Block-Marschak inequalities; Mobius inversion; network flows, 15127

coefficient alpha; reliability information; generalizability; reliability analysis; internal test structure, 24319

cognitive abilities; law of diminishing returns; IQ test correlation; intellectual efficiency; children; French intelligence scale; IQ groups, 34271

construct validity; PASS processing scores; achievement correlation; age difference; test score variance; Cognitive Assessment System; Woodcock-Johnson Revised Tests of Achievement, 12456

correlation attenuation; measurement error; measurement reliability; attenuation correction, 6434

data mining; source database association rules; information accessibility; knowledge extraction; knowledge discovery in database; frame metadata model, 6146

double dissociations; neuropsychological research; brain damage; correlation; measures; language deficits; hemispatial neglect, 6386

intelligence; leadership; perceptual measures; stress level; leader directiveness; objective intelligence measures; cognitive resource theory, 23987

intraclass correlation; dependent variables; group-randomized trials, 21220

item response theory; item parameter invariance; product-moment correlation coefficient, 30541

journal editorial; Lee J. Cronbach; coefficient alpha, 24160

knowledge engineering; requirement inconsistency; ranked agents; merging requirement; information fusion; logic based framework; beliefs; real world representations, 6145

midwestern university; university students; problematic alcohol; behavior checklist; assessment methods, 13734

national intelligence rate; national suicide rate; suicide mortality; suicidality; IQ; intelligence, 31611

Need for Closure Scale; Chinese version; scale-scale correlations; scale-facet correlations; construct validity; bidimensional structure, 24215

NEO-Personality Inventory; Myers-Briggs Type Indicator; correlation; subscales, 89

oblique factors; oblique components; independent clusters; factor analysis; component analysis; factor loadings; standard errors; oblique rotation; factor correlations, 15136

partial correlation; standardized partial regression; data interpretation; zero order correlation; errors, 3250

polynomial data; multilevel logistic regression; rankings; coefficient structures; estimation; prediction; model framework; elections, 15158

reliability coefficients; reliability generalization; standard deviations; coefficient alpha; sample means; sample sizes, 12548

reliability measurement; alpha; coefficient alpha; inferential statistics; Cronbach's coefficient; reliability index; confidence intervals; consumer research; sample size; correlations; alpha estimate, 6405

Ruff figural fluency test; design fluency; interrater; test-retest; executive functioning; qualitative scoring; psychometric properties; college undergraduates, 6250

school-based intervention; intraclass correlations; alcohol outcomes; tobacco outcomes; drug outcomes; group-randomized trials, 23614

standard Pearson correlation coefficient; bootstrap standard error estimate; confidence intervals; selection ratio; sample size, 30526

t tests; meta-analysis; metric comparability; effect-size estimators; multifactor designs; single-factor designs; variance-preservation model; variance-reduction model; standardized mean differences, 3127

test correlation; psychogeriatric service; Cambridge Cognitive Examination; Mini-Mental State Examination; clock drawing tests; evaluation groups; Alzheimers disease; vascular dementia, 13953

treatment effect; short time series; estimation; error covariance matrix, 33606

Web-based research; in-person samples; psychometric equivalence; computer administration; validity; Sexual Boredom Scale, 9543

weighted kappa interpretation; rater agreement statistics; metric scales; intraclass correlation, 18069

Statistical Correlation [See Also Linear Regression, Logistic Regression, Nonlinear Regression, Rank Order Correlation, Tetrachoric Correlation]—Chapters

The analysis of correlational data, 15146

Statistical Data—Serials

academic achievement; standardized test scores; posterior distributions; student characteristics; mobility; data augmentation; missing data; class absence; schools, 20835

academic achievement; standardized test scores; posterior distributions; student characteristics; mobility; data augmentation; missing data; class absence; schools, 20832

analysis methods; skewed data distributions; psychiatric clinical studies; zero values, 27406

bayesian analysis; two-level nonlinear structural equation models; continuous & polytomous data, 30543

Bayesian learning; missing data; independent component analysis; independent sources; gaussians, 9527

Bayesian model; nonlinear structural equation models; missing continuous & ordinal categorical data; Bayesian estimation, 30532

coefficient alpha; maximum likelihood estimation; item-level missing data; reliability estimate; confidence interval; cross-sample fluctuation; reliability analyses; expectation maximization algorithm, 24323

cognitive maps; unidimensional regression bidimensional regression; computational methods; spatial distortion; statistical variables; geometry; two-dimensional data sets, 3252

concordance; test scores; linking assessments, 27386

data sets; research methods, 6433

data sets; statistical significance; research methods, 6456

educational tests; test scores; Iowa Tests of Educational Development; group invariance; concordance, 27394

epidemiological research; nonresponse; missing data; methodology; attrition; imputation techniques, 27400

HIV status; biological measures; large-scale study; categorical data; continuous data; MIMIC model, 12540

learning processes; linear hypothesis; block average data; individual trials; statistical test; curve parameters; learning curve; learning rates, 9504

markov chain monte carlo; item response function; estimation procedure; item response theory; bayesian estimation; latent response; unfolding response models; data augmentation, 18198

mathematical learning theory; mathematical models; traumatic avoidance learning; learning; mathematical psychology; data sets, 30534

maximum consistency of imputation; missing values; algorithm, 3253

mean effect size; meta-analysis; standardized mean; biased estimate; empirical bayes; mean squared error, 9520

missing data; single random imputation; multiple random imputation; standard errors; parameter estimates; structural equation modeling, 247

missing item scores; questionnaire data; statistical test; random data; sample sizes; person mean; two-way imputation; response-function; mean response-function; imputation, 9342

multilevel models; structural equation models; data structures, 9506

multiple predictors; differential prediction; omitted variables problem; moderated regression, 3130

multivariate misclassified data; randomized response data; misclassified categorical data; latent class analysis; log-linear model, 21225

paired comparisons data; incomplete cyclic designs; reliability level; semantic similarity; ratings scales, 9339

parental divorce; child behavior problems; life event data; children adjustment; child gender; latent change score model; child adjustment; child age, 24329

person-fit index; latent class models; polytomous Rasch models; mixture distribution IRT models; response patterns, 15140

quantile maximum likelihood; estimation technique; distribution parameters; experimental data; response time data; software program, 9503

risk adjustment; administrative vs clinical data; service use evaluation; treatment costs; prediction, 2407

secondary data proxies; marketing constructs; validity assessment, 24084

structural equation models; missing data; structural equation modeling; maximum likelihood, 6385

survey data quality assessment; face to face interview; non-sampling error; total quality management approach; total survey error, 27420
team-based qualitative research; nursing; decision coding; measure of agreement; multi-rater Kappa; research data; raters, 21224
test scores; score linkage; score equating; score concordance; score prediction, 27378
Thurstonian models; judgment data; comparison data; identifiability, 18206
Tucker3 hierarchical classes model; three-way three-mode data; algorithm; hostility data, 18194
value-added student assessment; assessment data; student performance, 26917

Statistical Data—Chapters

The analysis of correlational data, 15146

Statistical Estimation [See Also Least Squares, Magnitude Estimation, Maximum Likelihood]—Serials

active learning; class probability; class ranking; learning method; algorithm; Sampling-based learning method; uncertainty sampling, 30301
adaptive Bayesian estimation; parametric assumptions; psychometric function; standard error; bias, 18193
Bayesian inference; covariance; matrix structures; Bayesian solution; diabetes patients; simulation; noise; clustering, 235
Bayesian model; nonlinear structural equation models; missing continuous & ordinal categorical data; Bayesian estimation, 30532
coding time; parameter estimates; standard error; growth curve models; statistical power, 15123
covariance matrix; diagnostic statistics; influential observations, 24331
covariance structural equation modeling; equality in proportions; explained variance; latent variance; latent predictors; latent independent variables; measurement error; cognitive intervention, 257
covariance structure modelling; estimation; maximal reliability; linear composites; congeneric measures; covariance structure analysis, 30539
elimination by aspects model; parameter estimation; choice modeling, 6387
estimated teacher effectiveness; value-added modeling; longitudinal mixed model; model misspecification; omitted variables; simulation results; student achievement; teachers, 26882
estimated teacher effectiveness; value-added modeling; longitudinal mixed model; model misspecification; omitted variables; simulation results; student achievement; teachers, 26883
estimation methods; structural equation modeling; relative performance; specification errors; chi-square test; score discreteness, 12535
expectation maximization algorithm; statistical estimation; coefficient alpha; item-level missing data; reliability estimates, 6401
generalized graded unfolding model; parameter estimates; computer program; item response theory; individual differences, 9517
growth mixture models; latent trajectory classes; statistical estimation; statistical distribution, 6414
growth mixture models; latent trajectory classes; statistical estimation; statistical distribution, 6389
growth mixture models; latent trajectory classes; statistical estimation; statistical distribution, 6395
growth mixture models; latent trajectory classes; statistical estimation; statistical distribution; mathematics achievement; high school dropout; prediction, 6413
growth mixture models; latent trajectory classes; statistical estimation; statistical distribution, 6388
HIV status; biological measures; large-scale study; categorical data; continuous data; MIMIC model, 12540
interval estimates; overconfidence; numerical estimates; correct answer accuracy, 12674
interval estimation; scale reliability; multiple-component measuring instruments; linear constraint covariance; covariance structure modeling, 24332
learning machine; non-identifiable statistical model; gaussian mixture; distribution mixture; mixture model singularity; stochastic complexity; algebraic geometry, 9256
logistic regression models; dichotomous outcomes; dependent variables, 18203
Markov chain estimation; Markov Chain Monte Carlo; estimation theory; General Condorcet Model; answer key, 18064
Markov Chain Monte Carlo; compensatory item response models; noncompensatory item response models; estimation; two-parameter logistic model; latent trait model, 6390
missing data; single random imputation; multiple random imputation; standard errors; parameter estimates; structural equation modeling, 247
model with internal restrictions on item difficulties (MIR-ID); estimation; parameter values; model parameters; item response theory models; computer program, 9518

multicollinearity; multilevel model parameter estimates; standard errors; predictors; model characteristics, 6457
p-value fallacy; null hypothesis tests; statistical analysis; likelihood ratios, 238
paired comparison data; parameter estimates; multivariate normal distribution; statistical software; Thurstonian paired comparison models; Monte Carlo Expectation-Maximization algorithms, 12542
partial derivatives; comparative risk behavior; utility functions concavity; mean-variance analysis, 6409
problem drug use; demographic variables; local prevalence estimates; Multiple Indicator Method; national prevalence estimates; regression model; Netherlands, 11015
quadratic approximation; probability summation; analysts; channels; human vision; models, 15132
quadratic approximation; probability summation; analysts; channels; human vision; models, 6410
quantile maximum probability estimator; shifted distributions; Lognormal; Wald; Weibull; parameter-dependent lower bound; continuous maximum likelihood, 30529
question design; estimation algorithms; respondents; polyhedral methods; Internet marketing; product research, 6382
r-equivalent; effect size estimation; sample size; p value; meta-analysis, 3258
repeated measures; Welch-James test; Huynh Improved General Approximation test; Type I error; within-subjects repeated measures; group size, 9514
retrospective statistical power analysis; SAS macro; interval estimation; point estimates; interval estimation algorithm, 9513
Robust Bayesian estimation; hemodynamic response function; event-related BOLD fMRI; functional magnetic resonance imaging; brain; temporal information, 3674
sample size; multiple regression; accuracy in parameter estimation; significance; confidence intervals, 6408
spike trains; monkey brain; stochastic structure; primary visual cortex; neurons; spike count; visual cortex; information; coding, 15601
standard Pearson correlation coefficient; bootstrap standard error estimate; confidence intervals; selection ratio; sample size, 30526
statistical power; effect size measures; analysis of variance; fixed nested factors; random nested factors; treatment effectiveness; psychotherapy; statistical estimation; Monte Carlo; Type I errors, 3261
statistical power; effect size measures; analysis of variance; fixed nested factors; random nested factors; treatment effectiveness; psychotherapy; statistical estimation; Monte Carlo; Type I errors, 3259
statistical power; effect size measures; analysis of variance; fixed nested factors; random nested factors; treatment effectiveness; psychotherapy; statistical estimation; Monte Carlo; Type I errors, 3260
statistical power; effect size measures; analysis of variance; fixed nested factors; random nested factors; treatment effectiveness; psychotherapy; statistical estimation; Monte Carlo; Type I errors, 3251
structural equation models; latent interaction; alternative estimation strategies; indicator construction; quasi-maximum likelihood; Type I error rates; QML, 30536
success rate bias; binomial effect size display; overestimation, 18214
t tests; meta-analysis; metric comparability; effect-size estimators; multifactor designs; single-factor designs; variance-preservation model; variance-reduction model; standardized mean differences, 3127
teacher effectiveness; student background; socioeconomic status; estimation; Tennessee Value-Added Assessment System; teachers, 26874
teacher effectiveness; student background; socioeconomic status; estimation; Tennessee Value-Added Assessment System; teachers, 26873
value-added student assessment; estimation; potential outcomes; causal effects; causal assessment; reward structure, 26943
value-added student assessment; value-added models; estimation; teacher effectiveness; student growth, 26868
value-added student assessment; value-added models; estimation; teacher effectiveness; student growth; potential outcomes; causal effects; causal assessment; reward structure, 26862
vertical scaling; Rasch model; mathematics tests; computer software; scaling method decisions; item analysis, 30538
visual scenes; image statistics; Bayesian & Manhattan world & null hypothesis models; viewer orientation; estimation; 3 dimensional scene structure, 17972
Welch-James tests; Brown-Forsythe tests; multivariate repeated measures designs; approximate degrees of freedom; within subjects effects; testing; covariance homogeneity; covariance normality, 9515
Statistical Estimation [See Also Least Squares, Magnitude Estimation, Maximum Likelihood]—Chapters
The Application of Methods of Meta-Analysis for Heterogeneity Modeling in Quality Control and Assurance, 293

A Generalized Linear Model Incorporating Measurement Error and Heterogeneity Applied to Meta-Analysis of Published Results in Hodgkin's Disease, 297
Meta-Analysis in Hospital and Clinical Epidemiology, 296
Meta-Analysis: A General Principle for Estimating Heterogeneity Variance in Several Models, 274
Social judgements based on pseudocorrelations: A forgotten phenomenon, 4413
Statistical Measurement [See Also Central Tendency Measures, Conjoint Measurement, Frequency Distribution, Homogeneity of Variance, Predictability (Measurement), Statistical Norms, Statistical Probability, Variability Measurement]—Serials
alternative parameterizations; measurement model; test agreement; test development, 30522
autoregressive models; latent trajectory model; autoregressive latent trajectory model, 21213
balanced incomplete block designs; educational assessments; optimization problem, 33620
biased extensive measurement; monotonicity; homothetic invariance; scaling transformation, 15134
covariance structure modelling; estimation; maximal reliability; linear composites; congeneric measures; covariance structure analysis, 30539
delta; measurement; rater agreement; coefficient kappa; statistics, 30523
effect-size indices; dichotomized outcomes; meta-analysis; statistical variables; bias; sampling variance; population standardized mean difference; probit transformation; logistic distribution, 3131
effect-size measure; research designs; eta squared statistics; omega squared statistics; statistical significance, 3129
finite binary relation; linear order; generalized ranking; numerical ranking; object differential; measurement scales, 30540
heterogeneous variances; homogenous variances; chance-corrected measure; probability values; experimental designs; effect size, 33611
Mahalanobis distance; unidimensionality; unidimensional measurement scale; item response patterns; scale reliability; scale dimensionality, 30548
mediational models; longitudinal data; structuring equation modeling; methodology, 6394
meta-analysis; raw mean differences; raw metric; standardized mean differences; statistical techniques; effect sizes, 3126
meta-analysis; study outcomes; metric; measurement, 3266
neuropsychological tests; correlation coefficient; temporal order memory; particular relevance; inferential methods; summary statistics; confidence limits; normative sample; regression line, 3271
percent word retrieval method; percent substantive verbs method; percent corrected error method; word retrieval assessment; aphasia; naming; description; conversation, 15133
quality improvement; mental health care; measurement data; standards; means; norms; benchmarks, 8727
reciprocal relations; depressive symptoms; juvenile delinquency, 8048
repeated measures; Welch-James test; Huynh Improved General Approximation test; Type I error; within-subjects repeated measures; group size, 9514
risk rating; probability measurement; risk rating scale; assessed survival chances; risk perception; imperfectly perceived risks; probability inconsistency; precision measurement, 3154
social networks; centrality measures; power; game theoretical concepts; individuals interactions; cooperative game; graph-restricted game; actor, 6403
statistical power; effect size measures; analysis of variance; fixed nested factors; random nested factors; treatment effectiveness; psychotherapy; statistical estimation; Monte Carlo; Type I errors, 3260
statistical power; effect size measures; analysis of variance; fixed nested factors; random nested factors; treatment effectiveness; psychotherapy; statistical estimation; Monte Carlo; Type I errors, 3251
statistical power; effect size measures; analysis of variance; fixed nested factors; random nested factors; treatment effectiveness; psychotherapy; statistical estimation; Monte Carlo; Type I errors, 3259
statistical power; effect size measures; analysis of variance; fixed nested factors; random nested factors; treatment effectiveness; psychotherapy; statistical estimation; Monte Carlo; Type I errors, 3261
type-token ratio method; number of different words method; D method; productive vocabulary measurement; nonfluent aphasia; fluent aphasia; conversation; picture description; lexical diversity, 15144
Statistical Norms—Serials
category norms; item response; item categories; cognition; aging; American adults; Chinese adults; group differences; similarity measures; cultural groups; cross-referenced verbal stimuli; ranked data, 34302

Modified Card Sorting Test; normative data; perseverative errors; categories achieved; scoring; age effects; education; gender; reference norms; multiple regression analyses; neuropsychological test, 18147

normative data; cross cultural differences; picture naming; European languages; name agreement; psycholinguistic parameters; visual complexity; concept familiarity; imageability; age of acquisition, 6582

normative data; remote associate problems; time limit; mean time to solution; problem solving; problems, 9338

Statistical Power—Serials

analysis of covariance; power; priming experiments, 254
coding time; parameter estimates; standard error; growth curve models; statistical power, 15123

confidence intervals; null hypothesis significance testing; graphically based data interpretation; statistical power, 252

data analysis methods; measures of central tendency; t test; analysis of variance; statistical power, 6420

meta analysis; statistical power; standard error; effect size; confidence intervals, 6430

power analysis; psi research; statistical methods; z score; sample size; effect size, 18199

psychological research; underpowered studies; statistical power; multiple hypothesis testing; effect size measures; confidence intervals; Type I error rates, 18219

reliability; psychiatric assessments; sample size; power calculations; clinical trials, 6454

retrospective statistical power analysis; SAS macro; interval estimation; point estimates; interval estimation algorithm, 9513

Shapley-Shubik power index; Banzhaf power index; weighted multiple majority games; voting situation; temporal complexity; algorithms, 6384

statistical power; effect size measures; analysis of variance; fixed nested factors; random nested factors; treatment effectiveness; psychotherapy; statistical estimation; Monte Carlo; Type I errors, 3261

statistical power; effect size measures; analysis of variance; fixed nested factors; random nested factors; treatment effectiveness; psychotherapy; statistical estimation; Monte Carlo; Type I errors, 3259

statistical power; effect size measures; analysis of variance; fixed nested factors; random nested factors; treatment effectiveness; psychotherapy; statistical estimation; Monte Carlo; Type I errors, 3251

statistical power; effect size measures; analysis of variance; fixed nested factors; random nested factors; treatment effectiveness; psychotherapy; statistical estimation; Monte Carlo; Type I errors, 3260

statistical power; structural equation models; business research, 21219

statistical properties; single case randomization test; Type I error rates; statistical power, 12534

treatment assignment; statistical power; multilevel modeling; optimal design, sample size; optimal sample allocation; control conditions; costs; unit of randomization, 18202

Statistical Power—Chapters

Strategies for Detecting Moderator Variables: A Review of Conceptual and Empirical Issues, 3294

Statistical Probability [See Also Binomial Distribution, Statistical Power]—Serials

argumentum ad ignorantiam; argument from ignorance; inductive reasoning; Bayesian approach; argument strength; empirical argument theory, 24459

Bayes estimators; Bayes risk; empirical Bayes estimators; longitudinal designs; mean squared error; multilevel analysis; ordinary least squares estimators; robustness; random coefficients, 236

Bayesian analysis; two-level nonlinear structural equation models; continuous & polynomial data, 30543

Bayesian factor analysis; normality assumption; application of robust procedure; social & behavioral sciences, 245

Bayesian methods; Bayesian modeling; psychometric data structures, 24333

Bayesian model; nonlinear structural equation models; missing continuous & ordinal categorical data; Bayesian estimation, 30532

Bayesian models; human visual system; pattern recognition; object perception; computer vision; natural image modelling; retinal image; visual cortex, 15209

binary choice; subset choice; random utility; ranking; permutahedron, 21229

choice probabilities; Block-Marschak inequalities; Mobius inversion; network flows, 15127

classification rules; Bayesian feature selection approach; genetic algorithm; Bayesian network; subset selection task; logical rules; data sets; Markov blanket; data-mining application, 3069

consequence paradoxes; Allais paradox; transitivity; coalescing; rank-dependent utility theories; cumulative prospect theory; violate branch independence, 21211

decision tree; training set; running time; data sets; test data; Naive Bayesian classifier; NB; algorithm; Selective Bayesian classifier; SBC; Augmented Bayesian classifier, 3072

Gustav Theodor Fechner; statistician; probability; statistics; observations; psychophysics, 30542

mathematical tools; hazard function analysis, 6393

Naive Bayes; geometric complexity; nominal to numeric transformation; data-mining applications; mapping; geometric linearity; inductive-learning algorithms, 3075

neural networks; breast cancer; prognosis; Bayes probability, 27217

quadratic approximation; probability summation; analyzers; channels; human vision; models, 6410

quadratic approximation; probability summation; analyzers; channels; human vision; models, 15132

social interactions; probability theory; metaphors; social processes; gambling; statistical probability; epistemological probability; social scientific argumentation; social science research, 4186

statistical test; null hypothesis; probability models; data generating process; Discrepancy Risk Model Selection Test, 14962

traditional classroom activities; preschool children; probabilities; statistics; internet games; learning process; teaching process; Internet, 2745

update mechanisms; autonomous agents; soft evidential update; algorithms; probabilistic information; Bayesian networks, 33613

vertebrates; nervous system; sensory stimuli; neurons; neural computation; neuron population; inference process; uncertainty; function approximation models, 6972

visual scenes; image statistics; Bayesian & Manhattan world & null hypothesis models; viewer orientation; estimation; 3 dimensional scene structure, 17972

Statistical Probability [See Also Binomial Distribution, Statistical Power]—Chapters

What are my chances? Using probability and number sense to educate teens about the mathematical risks of gambling, 2765

Statistical Regression [See Also Linear Regression, Logistic Regression, Multiple Regression, Nonlinear Regression]—Serials

cognitive maps; unidimensional regression bidimensional regression; computational methods; spatial distortion; statistical variables; geometry; two-dimensional data sets, 3252

cultivation theory; mainstreaming effect; statistical artifact; regression; Gerbner's methodology; viewers, 15898

haplotype association analysis; quantitative trait locus; genetic traits; genotypes; discrete traits; continuous traits; regression models; epilepsy, 27705

health care costs; mental health services; cost variation; statistical methods choice; regression models; costs prediction, 6399

instance based learning method; regression tree; machine learning, 36511

logistic regression models; dichotomous outcomes; dependent variables, 18203

model selection; Bayesian information criterion; Akaike information criterion; regression problem; structural risk minimization; Vapnik-Chervonenkis theory, 237

multiple linear regression; cinema; rating; statistics; teaching; learning, 17633

overfitting; regression-type models; statistical models; shrinkage; penalization, 24317

partial correlation; standardized partial regression; data interpretation; zero order correlation; errors, 3250

problem drug use; demographic variables; local prevalence estimates; Multiple Indicator Method; national prevalence estimates; regression model; Netherlands, 11015

Statistical Regression [See Also Linear Regression, Logistic Regression, Multiple Regression, Nonlinear Regression]—Chapters

Factors underlying masked priming effects in competitive network models of visual word recognition, 15269

Statistical Reliability—Serials

3D rod-and-frame test; virtual environment; reliability; concurrent validity; scoring methods; older adults; neuropsychological measures, 6347

Child Health and Illness Profile-Adolescent Edition; Spanish adolescents; Spanish version; reliability; construct validity; health status, 21078

coefficient alpha; maximum likelihood estimation; item-level missing data; reliability estimate; confidence interval; cross-sample fluctuation; reliability analyses; expectation maximization algorithm, 24323

coefficient alpha; reliability information; generalizability; reliability analysis; internal test structure, 24319

computational alternatives; analysis of variance formulas; K-judge reliability, 24324

correlation attenuation; measurement error; measurement reliability; attenuation correction, 6434

covariance structure modelling; estimation; maximal reliability; linear composites; congeneric measures; covariance structure analysis, 30539

criterion-related validity; employment interviews; unstructured interview; structured interview; rated job performance; training performance; validity; reliability, 23968

difference scores; cognitive assessment; reliable component analysis; reliability, 30384

electrodermal activity & reactions; breathing irregularities; respiratory activity; standardized methods & interpretation, 12453

expectation maximization algorithm; statistical estimation; coefficient alpha; item-level missing data; reliability estimates, 6401

intraclass correlation; dependent variables; group-randomized trials, 21220

journal editorial; Lee J. Cronbach; coefficient alpha, 24160

Mahalanobis distance; unidimensionality; unidimensional measurement scale; item response patterns; scale reliability; scale dimensionality, 30548

paired comparisons data; incomplete cyclic designs; reliability level; semantic similarity; rating scales, 9339

quantitative assessment; vibration sense; Vibrometer type III; instrument reliability, 21092

reliability assessment; somatomorphic matrix; muscularity, 21081

reliability coefficients; reliability generalization; standard deviations; coefficient alpha; sample means; sample sizes, 12548

reliability measurement; alpha; coefficient alpha; inferential statistics; Cronbach's coefficient; reliability index; confidence intervals; consumer research; sample size; correlations; alpha estimate, 6405

reliability; group mean difference score; methodology, 6391

reliability; psychiatric assessments; sample size; power calculations; clinical trials, 6454

reliability; validity; psychometrics, 250

Ruff figural fluency test; design fluency; interrater; test-retest; executive functioning; qualitative scoring; psychometric properties; college undergraduates, 6250

school-based intervention; intraclass correlations; alcohol outcomes; tobacco outcomes; drug outcomes; group-randomized trials, 23614

score reliability; score validity; Statistical Anxiety Rating Scale; technician students, 18183

test-retest reliability; Mirowsky-Ross 2x2 index; sense of control, 24336

timed picture naming; word retrieval; Snodgrass method; norms; experimental validation; experimental reliability; order of presentation; name agreement; reaction time, 9553

true-score measures; binary items; item response theory calibration; reliability, 6397

weighted Kappa interpretation; rater agreement statistics; metric scales; intraclass correlation, 18069

Statistical Sample Parameters [See Also Sample Size]—Serials

Bayes estimators; Bayes risk; empirical Bayes estimators; longitudinal designs; mean squared error; multilevel analysis; ordinary least squares estimators; robustness; random coefficients, 236

elimination by aspects model; parameter estimation; choice modeling, 6387

Modified Card Sorting Test; normative data; perseverative errors; categories achieved; scoring; age effects; education; gender; reference norms; multiple regression analyses; neuropsychological test, 18147

root mean square error of approximation; noncentrality parameter-based statistics; structural equation model, 24322

sample size; multiple regression; accuracy in parameter estimation; significance; confidence intervals, 6408

social phobia; cognitive behavioral therapy; sample characteristics; effect size; sample restriction; exclusion criteria, 26206

Statistical Samples [See Also Statistical Sample Parameters]—Serials

ethnic diversity; marital research; couples; Whites; Blacks; diverse samples; research recruitment, 33633

open-space ballot measures; open spaces; land-use patterns; sample selection bias, 27417

open-space ballot measures; open spaces; land-use patterns; sample selection bias, 27429

quantile averaging; response time analysis; Vincentizing; sampling properties; least squares regression; maximum likelihood method; standard errors, 24327

Statistical Significance—Serials

analysis of variance; null hypothesis; t test; z test; statistical significance, 12526

clinical significance; psychotherapy outcomes; assessment tools; reliable change index, 14079

clinical significance; statistical method; routine clinical practice; patient functioning; treatment effects; treatment outcomes, 14033

data sets; statistical significance; research methods, 6456
effect sizes; null hypothesis significance testing; estimators; statistical analysis; experimenting psychologists, 259
mathematics education research; effect size; confidence interval reporting; null hypothesis statistical significance testing, 21076
outcome changes; latent growth model; standard errors; mean changes; delta method; bootstrapping, 24335
p-value fallacy; null hypothesis tests; statistical analysis; likelihood ratios, 238
postnatal depression; Edinburgh Postnatal Depression Scale; clinical significance classification; Edinburgh Postnatal Depression Scale; Reliable Change Index; test reliability; major depression, 15048
significance testing; learning disabilities; effect size measures; social sciences, 3276
statistical measures; mean square error; standard error of treatment mean; level of significance; multiple comparison procedures, 261
statistical test; clinical significance; effect size measures; measures of risk potency, 3255
test recommendations; student t test; null hypothesis tests; equivalence testing; group means, 9505
Statistical Tables—Serials
cellwise residual analysis; contingency tables; models; adjusted residuals; nonunit variance; standardized residuals, 243
graphs; tables; psychological science; communication, 233
graphs; tables; psychological science; hard & soft psychology, 262
graphs; tables; psychological science; hard & soft psychology; science, 242
Statistical Tests [See Also Nonparametric Statistical Tests, Parametric Statistical Tests]—Serials
classical test theory; item response theory; item reliability; true test score; item total correlation; item true score; item response function; conditional independence; exchangeable measures, 6238
effect sizes; statistical testing; behavioral medicine research; clinical significance, 20440
HIV status; biological measures; large-scale study; categorical data; continuous data; MIMIC model, 12540
missing item scores; questionnaire data; statistical test; random data; sample sizes; person mean; two-way imputation; response-function; mean response-function; imputation, 9342
multilevel meta-analysis; models; statistical techniques, 263
repeated measures; Welch-James test; Huynh Improved General Approximation test; Type I error; within-subjects repeated measures; group size, 9514
statistical properties; single case randomization test; Type I error rates; statistical power, 12534
statistical test; clinical significance; effect size measures; measures of risk potency, 3255
statistical test; criterion-referenced tests; efficiency; power maximization; optimal design; computerized adaptive test, 267
statistical test; null hypothesis; probability models; data generating process; Discrepancy Risk Model Selection Test, 14962
test recommendations; student t test; null hypothesis tests; equivalence testing; group means, 9505
Welch-James tests; Brown-Forsythe tests; multivariate repeated measures designs; approximate degrees of freedom; within subjects effects; testing; covariance homogeneity; covariance normality, 9515
Statistical Tests [See Also Nonparametric Statistical Tests, Parametric Statistical Tests]—Chapters
An Alternative Test Procedure for Meta-Analysis, 273
Homogeneity Tests in Meta-Analysis, 272
Meta-Analysis: A General Principle for Estimating Heterogeneity Variance in Several Models, 274
Statistical Tests for the Detection of Bias in Meta-Analysis, 277
Statistical Validity—Serials
3D rod-and-frame test; virtual environment; reliability; concurrent validity; scoring methods; older adults; neuropsychological measures, 6347
Academic Competence Evaluation Scales-College Edition; self-report instrument; structural validity; concurrent validity; grade point average; college students, 21183
adverse impact; trainability test; predictive validity; diesel mechanic minicourse; training performance; predictive value, 9489
Assessment of Basic Learning Abilities test; ABLA; developmental disabilities; visual-visual nonidentity matching task; ABLA hierarchy; predictive validity; test-retest reliability, 12490
Bayley Infant Neurodevelopmental Screener; environmental risk factors; predictive validity; developmental delay; African American adolescent mothers; mental & psychomotor development, 24192
Behavioural Regulation in Exercise Questionnaire; factorial validity; amotivation; BREQ-2, 24175

Bem Sex Role Inventory; factor analytic validation; number of items; sample characteristics; extraction methods; rotation methods; names of factors; factor structures, 82
Big Five personality dimensions; emotional intelligence; life satisfaction; self-reports; parent ratings; peer ratings; job performance ratings; construct validity; criterion validity, 22350
bootstrap procedure; validity; latent population identification; number of clusters; sampling with replacement, 18230
bulimia nervosa; dietary subtypes; dietary-depressive subtypes; symptoms; social impairment; comorbidity; course; eating pathology; response; treatment seeking; concurrent & predictive validity; women, 1737
career indecision types; career exploration course; undecided students; career indecision level, 5991
career planning; self-estimates; test estimates; work-relevant abilities; occupational choices, 33602
Child Health and Illness Profile-Adolescent Edition; Spanish adolescents; Spanish version; reliability; construct validity; health status, 21078
cognitive impairment; prevalence; incidence; dementia; diagnostic criteria; predictive validity; age, 10649
concurrent validity; electronic descriptive pain scale; electrical nerve stimulation; stimulation device; pain measurement; physiotherapy, 12491
concurrent validity; risk indicators; preliminary evidence; justice system; Global Risk Assessment Device, 12444
confirmatory factor analysis; measurement equivalence/invariance; manifest indicators, 12538
construct validation; actigraphic sleep measures; hospitalized patients; depression; sleep-wake cycle; experimental intervention, 14039
construct validity; Head Injury Scale; collegiate athletes; concussion symptoms; self report, 6346
construct validity; interest scales; Strong Interest Inventory; Campbell Interest and Skill Survey; convergent validity, 33604
construct validity; PASS processing scores; achievement correlation; age difference; test score variance; Cognitive Assessment System; Woodcock-Johnson Revised Tests of Achievement, 12456
construct validity; retrospective perception; parental relating scales; questionnaires; childrearing, 99
construct validity; Ryff's Scales of Psychological Well-being; spiritual well-being; psychometric properties; factorial validity, 12520
criterion validity; Center for Epidemiological Studies Depression Scale; elders; depressive symptomatology, 27314
criterion validity; self-rating inventory for posttraumatic stress disorder; older adults; screening, 3205
criterion-related validity; employment interviews; unstructured interview; structured interview; rated job performance; training performance; validity; reliability, 23968
criterion-related validity; tacit knowledge; alternative measurement; graduate student selection; graduate psychology education; GRE scores; undergraduate GPA, 36153
cross-cultural comparison; factorial invariance; Multidimensional Students' Life Satisfaction Scale; psychometric properties; Korean students; US students, 27298
culture; values; language; delusion; phenomenology; experiences; psychiatric diagnoses, 4543
deliberative mindset; predictive validity; relationship closeness; implemental mindset; dating students; school to work transition; relationship status; ratings; perceived partner commitment, 1178
diagnosis; assessment; Structured Interview for Prodromal Syndromes; Scale of Prodromal Symptoms; predictive validity; interrater reliability; training to reliability; schizophrenia; psychometrics, 27320
diagnosis; assessment; Structured Interview for Prodromal Syndromes; Scale of Prodromal Symptoms; predictive validity; interrater reliability; training to reliability; schizophrenia; psychometrics, 18134
dietary intake assessment; risk factors; late life disability; epidemiological study; older populations; food consumption; macro nutrient; micro nutrients; nutrition, 13269
Digit Symbol-Incidental Learning; WAIS III; Wechsler Adult Intelligence Scale III; Wechsler Memory Scale III; WMS III; incidental learning; construct validity; clinical utility; standardization data, 15070
DSM-IV; major depressive episode symptoms; interrater reliability; validity, 18129
Dyadic Adjustment Scale; French version; marital functioning; psychometric properties; Revised Dyadic Adjustment Scale; construct validity; factor structure, 68
emotional intelligence; predictive validity; performance outcomes; nomological net; mental ability; Big Five factors of personality, 27581
executive function; ecological validity; neuropsychological assessment; cognitive capacity; behavioral manifestation; brain injury; Behavior Rating Inventory of Executive Function; inventory; validity, 15067

external validity; construct validity; proximal similarity; experimental design; marketing research, 24085
factor structure; confirmatory factor analysis; EXPAGG; psychometric scales; construct validity; two-factor model; measurement, 18114
fairness heuristic theory; validity; empirical research, 28435
fear of success; Fear of Success Scale; athletic performance; athletic motivation; structural validity; sports, 33525
Gambling Timeline Followback; gambling behavior; timeline followback method; young adults; gambling behavior; alcohol consumption; reliability; discriminant validity; test-retest reliability, 12476
genetic factors; environmental factors; seven factor personality model; character; temperament; self directedness; cooperativeness; self transcendence; twins; validity, 7678
goal orientation; multidimensional measure; predictive validity; factor structure; reliability; competence; learning; self-efficacy; performance, 27304
Hare Psychopathy Checklist; predictive validity; psychopathy; adolescent offenders; early adulthood; violence risk, 30442
head-to-head comparisons; personality correlates; dimensional approaches; predictive validity; configural type approach; personality predictions, 4441
incremental validity; criterion measures; methodological foundations; individual differences; diagnostic efficacy; clinical assessment; measurement, 6294
incremental validity; measurement; assessment; psychopathology; adults, 6289
incremental validity; psychological assessment; measurement; children; adolescents; information, 6300
information processing measures; Canadian Forces personnel; general cognitive ability; incremental validity; training performance; predictive validity, 30507
introduction; incremental validity; utility; clinical assessment, 6297
item response theory; construct validity; DSM-IV diagnostic criteria; substance use disorders; alcohol; cannabis; cocaine; performance characteristics, 13747
leadership behaviors; Consideration; Initiating Structure; follower satisfaction with leadership & job; motivation; leader effectiveness; validity, 12273
measurement conditions; self-assessment validity; employee selection; competency rating; social comparison instructions, 33601
measurement; face validity; quantified validity; family therapy, 58
meta-analysis; mental retardation; validity, 9546
Michigan Alcoholism Screening Test; statistical validation; impression management, 18089
mild cognitive impairment; subclassifications; predictive validity; prevalence; dementia, 1831
Milton Clinical Multiaxial Inventory III; subtyping; predictive validity; concurrent validity; opioid dependency; naltrexone; relapse prevention; incentive vouchers; behavioral therapy, 30434
motivational stages; adolescent smoking initiation; predictive validity; cognitive predisposition, 24174
neuropsychological measures; persistent mental illness; neurocognition; long-term prediction; quality of life; outpatients; severe mental illness; persistent mental illness; predictive validity, 24170
omitted client information; suicidal ideation; suicide risk; social work practitioners; criterion validity; demographic items; intake forms, 33560
organizational identity; model; organizations; identification; disidentification; ambivalent identification; neutral identification; validity; individual differences, 14725
personality disorders; neuropsychological assessment; psychophysiological assessment; personality traits measures; DSM-IV clusters; construct validity, 24229
predictive validity; ASAM Patient Placement Criteria; alcoholism; levels of care; treatment recommendations, 6304
predictive validity; Big Five measures; personality factors, 96
predictive validity; emotional intelligence; academic achievement; college students; self report measures; ability based measures; cognitive ability, 6276
predictive validity; event-related potentials; directed forgetting effects, 27821
predictive validity; Phelps Kindergarten Readiness Scale; academic achievement; kindergarten readiness, 21181
predictive validity; social desirability; self report; offenders; recidivism, 11051
projective error; projection measures; item type; methodological validity, 15152
psychometric properties; Coping Inventory for Stressful Situations; major depression; reliability; factorial validity; internal consistency; distress; personality correlates, 6274

psychotic disorders; classification method; major mood disorders; psychotic inpatients; predictive validity; psychosis; diagnosis; depression, 4642
 quality of life; psychosocial functioning; depression symptoms; construct validity; weight reduction; psychometric performance; psychosocial problems; responsiveness; obesity-related problems scale, 6301
 random assignment; treatment preference; internal validity; clinical outcomes; services outcomes; treatment condition; randomized clinical trials, 3270
 reading achievement; predictive measures; predictive accuracy; letter identification; phonological awareness; phonological memory; rapid automatized naming; time frame; kindergarten students, 215
 reliability; validity; psychometrics, 250
 research validity; transcultural epidemiology; validity problems; measurement validity & reliability; content & diagnostic & construct & external & criterion related & internal validity, 9559
 risk assessment; sexual offenders; recidivism; sexual offense; methodological issues; measuring predictive accuracy; risk factor, 33468
 schizophrenia outpatient health outcomes; EuroQol-5D; quality of life; schizophrenia; cross-cultural validity; quality of life; Rasch Model Analysis, 21153
 score reliability; score validity; Statistical Anxiety Rating Scale; technician students, 18183
 secondary data proxies; marketing constructs; validity assessment, 24084
 self-rated health; health measures; point of reference; predictive validity; mortality, 21170
 Sense of Coherence Scale; Antonovsky; test reliability; construct validity; physically active older people; salutogenic theory; fitness, 27300
 situational judgment tests; test instructions; psychometrics; construct validity; test reliability; college students, 15107
 Spanish version of verbal Selective Reminding Test; construct validity; healthy elderly; demented elderly; dementia of the Alzheimer type; memory deficit, 3186
 stages of change; self-reported exercise; age; body mass index; exercise interventions; exercise change questionnaire; validity; community residents, 15091
 stress; endocrine measures; self-rated health; predictive validity, 1769
 structural equation models; theoretical models; survey data; measure validity; reliability; marketing research, 24064
 survey item; generalized trust; measurement; validity; cross-cultural factors, 3147
 test construction; incremental validity; measurement, 6237
 timed picture naming; word retrieval; Snodgrass method; norms; experimental validation; experimental reliability; order of presentation; name agreement; reaction time, 9553
 underlying psychological variables; predictive validity; emotional intelligence; personality; affiliation; abstract reasoning ability; emotional knowledge; task orientation, 34730
 validity data; psychometric indices; child custody data, 18076
 validity; reliability; Sense of Coherence Scale; Defense Style Questionnaire; psychiatric outpatients; Finland, 6323
 violence risk assessment; psychiatric patients; predictive validity, 33559
 Web-based research; in-person samples; psychometric equivalence; computer administration; validity; Sexual Boredom Scale, 9543
 youth psychopathy; juvenile offender; antisocial behavior; personality disorder; predictive validity, 33536
 youth psychopathy; Millon Adolescent Clinical Inventory; Psychopathy Content Scale; validity, 33519
 youth psychopathy; violent offending; violent recidivism; personality disorder; antisocial behavior; predictive validity; Psychopathy Checklist-Youth Version, 33543
Statistical Validity—Chapters
 Addressing validity concerns in clinical psychology research, 14966
Statistical Variables [See Also Dependent Variables, Independent Variables]—Serials
 effect-size indices; dichotomized outcomes; meta-analysis; statistical variables; bias; sampling variance; population standardized mean difference; probit transformation; logistic distribution, 3131
 estimated teacher effectiveness; value-added modeling; longitudinal mixed model; model misspecification; omitted variables; simulation results; student achievement; teachers, 26883
 estimated teacher effectiveness; value-added modeling; longitudinal mixed model; model misspecification; omitted variables; simulation results; student achievement; teachers, 26882
 latent curve analysis; explanatory variables; multiple regression interaction, 18196

latent growth curve; ordinal outcomes; adolescent development; smoking; threshold invariance; continuous latent variables; ordinal response pattern; growth models, 30537
 ordinal process dissociation; automatic processes; controlled processes; equations; ordinal relations; inclusion tasks; exclusion tasks; memory, 15328
 partial effect sizes; statistical properties; d-effect size; theoretical models; covariates; synthesis; gender performance differences; academic performance, 30530
 Rand index; adjusted Rand index; validation research; classification rates, 30544
 structural equation mixture modeling; continuous latent variable models; discrete latent variable models; spurious latent classes, 15122
 structural equation models; latent interaction; alternative estimation strategies; indicator construction; quasi-maximum likelihood; Type I error rates; QML, 30536
Statistical Weighting—Serials
 differential errors weighting; clinical reasoning skills test; response patterns; item response theory; medical students, 18174
 domain importance; quality of life; measurement; weighted satisfaction; scores; importance ratings; satisfaction ratings; life domains; quality of life instruments, 27293
 recurrent neural networks; definite memory machines; small weights, 12390
Statistics—Serials
 analytic methods; repertory grid data; predictive statistics; asymmetric relations; grid structure, 33607
 anorexia nervosa; statistical data; epidemiology, 28960
 attention; perceptual grouping; visual statistical learning; visual shapes, 24379
 autoregressive models; latent trajectory model; autoregressive latent trajectory model, 21213
 Bayesian methods; Bayesian modeling; psychometric data structures, 24333
 confirmatory factor analysis; invariance properties; covariance structure; attitude differences; factor correlations; student attitudes; gender; statistics; Survey of Attitudes Toward Statistics, 12531
 conjoint measurement models; additivity; subtractivity; numerical representation; binary relation, 30525
 covariance matrix; diagnostic statistics; influential observations, 24331
 covariance structure; repeated measures data; test statistics, 18066
 depression; suicidal behavior; population attributable risk statistic, 10882
 educational research; collaborative research; statistical methodology; data collection; emerging trends; DK&G model, 18072
 effect-size measure; research designs; eta squared statistics; omega squared statistics; statistical significance, 3129
 finite binary relation; linear order; generalized ranking; numerical ranking; object differential; measurement scales, 30540
 future learning; student invention; statistics instruction; student production, 26907
 gangs; information processing; operating environment; police organization; public debate; gang statistics; midwestern gang unit; data collection; data dissemination, 3107
 Gustav Theodor Fechner; statistician; probability; statistics; observations; psychophysics, 30542
 health care costs; mental health services; cost variation; statistical methods choice; regression models; costs prediction, 6399
 hypothesis-testing; cutoff values; goodness-of-fit indexes; structural equation modeling, 24330
 immigrant status; smoking prevalence statistics; tobacco use; race; ethnicity; smoking prevalence; cigarette smoking, 22265
 information presentation; learning; statistics; teaching methods, 33076
 interval estimation; scale reliability; multiple-component measuring instruments; linear constraint covariance; covariance structure modeling, 24332
 introduction to special issue; value-added assessment, 26872
 introductory statistics class; multimedia instruction; student learning; statistics text; SPSS instruction; ActivStats, 18205
 journal editorial; journal paper statistics; bilingual sentence processing; applied psychology; experimental research; implicit cognition, 24356
 just-in-time teaching; Web-based teaching strategy; statistics, 33048
 model; statistics achievement; prediction; graduate students; statistics anxiety, 6447
 multiple linear regression; cinema; rating; statistics; teaching; learning, 17633
 multivariate misclassified data; randomized response data; misclassified categorical data; latent class analysis; log-linear model, 21225

partial effect sizes; statistical properties; d-effect size; theoretical models; covariates; synthesis; gender performance differences; academic performance, 30530
 psychometrics; statistics; Lyle V. Jones, 24156
 psychometrics; statistical methods; test theory; factor analysis; scaling; Ledyard Tucker; history of psychology, 24158
 psychosomatic medicine; Statistical Corner; statistical methods; psychosomatic research, 16356
 Rasch model estimation; Rasch estimation methods; chi-square methods; Marginal Maximum Likelihood Estimation, 27397
 reliability measurement; alpha; coefficient alpha; inferential statistics; Cronbach's coefficient; reliability index; confidence intervals; consumer research; sample size; correlations; alpha estimate, 6405
 research methods; active teaming approach; sophomore students; statistics laboratory component; data collection; student learning, 30006
 root mean square error of approximation; noncentrality parameter-based statistics; structural equation model, 24322
 sampling distribution; discrimination; false alarm rate; confidence levels, 30535
 school psychology education; research design; statistics, 6442
 subgoal learning approach; transfer; statistics; conceptually oriented equations; elaborations; studying; computationally oriented equations; solution procedures, 2776
 surveys; data collection; statistics; disability research; geriatrics research; public management; health care; national statistics administration; France; World Health Assembly, 260
 traditional classroom activities; preschool children; probabilities; statistics; internet games; learning process; teaching process; Internet, 2745
 treatment condition; standard deviations; active treatment; treatment group; change scores; individual level change, 12541
 Vincentizing; response time distributions; group average, 33617
 visual processing; statistics; visual properties; visual signal; visual system; vision; visual environment; Efficient Coding Hypothesis, 15222
 visual working memory; image statistics; luminance alteration; symmetry; isodipole, 27572
Statistics—Books
 Meta-analysis: New Developments and Applications in Medical and Social Sciences, 291
Status [See Also Occupational Status, Socioeconomic Status]—Serials
 academic achievement; intellectual ability; social status; family environment, 7686
 beauty; intelligence; individual perception; physical attractiveness; social status, 31579
 children; verbalizations; cheating behavior; game playing; sociometric status; aggression; gender differences; peers, 22097
 conflict; power; status; concepts; perspectives; institutional rules; research; political science; psychology; sociology; group behavior, 10507
 coping; involuntary stress reactivity; interpersonal stress; health status; internalizing problems; sociotropic college students, 28458
 crossed categorization; differentiation outcomes; intergroup bias; simultaneous testing; social category; race; gender; relationship status; hometown size; categorization; simple condition, 28411
 dominance hierarchy; hierarchical classification; individual rank; kinship; baboons, 6692
 estimation of attitude positions; ingroup; outgroup; intergroup; intragroup; attitude projection; opinion certainty; perceived status similarity; college freshmen; sophomore & senior students, 10498
 face metaphoric expressions; Face Theory; Akan cultural system; Akan communicative interaction; sociolinguistics; pragmatics; discourses; speech community, 27971
 Furnham's Money Attitude Scale; status; power, 7717
 gender; humor; social context; conversational humor, 7318
 group size; group status; intergroup attitudes; majority groups; minority groups; intergroup contact familiarity, 28396
 group status differences; group size; group decision making, 28401
 heroic research; semi-superheroes; consumer psychologists; consumer psychology, 9167
 heroin users; cocaine users; hidden status; drug sellers, 22676
 hierarchical scientific standings; psychology; scientific status of psychology; hierarchy of science; psychology discipline placement; peer evaluation; life sciences; composite measurement, 14567

perceived importance; intergroup contact; prejudice reduction; intergroup acquaintances; intergroup contact; friends; intergroup evaluations; measurement; meaning; meta-analysis, 31518

racial hierarchy; racism; multiethnic society; racial oppression; racial inequalities, 34438

school bullying; child attitudes; group status; rule legitimacy; rule consistency, 34351

shifting standards; low-status groups; high-status groups; harm; Whites; Blacks; unemployed, 13454

shoplifter; status; crime reporting; intervention; criminal behavior, 4753

sleep; social status; age; Gelada baboons; *Theropithecus gelada*, 9793

social dominance orientation; social dominance theory; group status; gender differences; religious group differences; ethnic differences, 13287

social identity theory; social dominance orientation; ingroup inferiority; US; Italy; status; resistance; social competition; acquiescent responses, 19099

social role; theory of mind reasoning; social status, 19147

social status; behavioral style; homophily; gender influences; prosocial behavior; peers, 25044

social status; learning disabilities; social perceptions; social cognition, 25976

social status; outcome favorability; procedural fairness; desire for future interaction; business interactions; higher status parties; lower status parties; exchange relationships, 12286

status assessment; perception; behavioral cues; appearance cues; judgment accuracy; gender, 34635

status difference; group status; group performance; responses to common fate, 1183

status groups; social justice judgments; comparative perspective; accumulated knowledge; social structure, 1222

tattling; likeability; residential care; social status; peers; caregivers; social skills, 22625

Theory of Realistic Conflict; competition; institutional settings; intergroup status; decisions; interdependence; ingroup; outgroup, 7611

veganism; status passage; vegan; youth; adolescents; converted vegan; organized vegan; individualistic vegan, 4138

women; status; chattel; chauffeur; psychology of women; Equal Rights Amendment; mode of transportation, 10317

workplace identity; office decor; corporate office environment; social categorizations; employee status; employee distinctiveness; management prototypes; top-down processes; bottom-up processes, 14722

Status (See Also Occupational Status, Socioeconomic Status)—Chapters

Individual differences in theory of mind: The preschool years and beyond, 7448

Stealing (See Theft)

Stepchildren—Serials

stepchildren's perception; stepparent-stepchild communication; communication contradiction, 34503

stepfather experiences; stepchildren; paternal claiming; paternal role perception; paternal investment, 28262

Stepfamily—Serials

communication patterns; stepfamilies; family relations; boundaries; privacy, 10377

conduct disorder symptoms; parental alcoholism; stepfather families; risk factors; intact families; parental psychiatric disorders; antisocial personality disorder; depression; social phobia, 22623

family policy; family practice; stepfamilies; American family life; society attitudes; family nature; parenting roles; biological parentage, 4231

family transitions; parental separation; stepfamilies; parent-child relationships; children's adjustment, 34319

object relations family therapy; Socio-Intrapsychic Model; assessment; treatment; symptomatic adult children; divorced parents; stepfamilies, 35395

Stepparents—Serials

stepchildren's perception; stepparent-stepchild communication; communication contradiction, 34503

stepfather experiences; stepchildren; paternal claiming; paternal role perception; paternal investment, 28262

Stereopsis (See Stereoscopic Vision)

Stereoscopic Presentation—Serials

object size; surface shape; shape constancy; stereoscopic information, 33709

Stereoscopic Vision—Serials

bimocular input; local stereopsis; spatial frequency; fractal images, 19583

inferior temporal cortex; horizontal disparity; stereoscopic vision; depth perception; visual pathway; neurons; visual images; false binocular matches; stereopsis; primates; humans, 15217

luminance gratings; disparity gratings; shading; stereopsis; binocular disparity; spatial frequency; spatial cues; depth cues, 18302

neural substrates; stereodepth perception; stereoscopic processing; human brain; binocular luminance rivalry; regional cerebral blood flow, 6889

object size; surface shape; shape constancy; stereoscopic information, 33709

quantitative depth; da Vinci stereopsis; contralateral eye; monocular object; apparent depth; panum's limiting case; occlusion zones, 12596

quantitative depth; monocular vision; da Vinci Stereopsis, 9577

spatial-scale interaction; human stereoscopic vision; sustained stimuli; transient stimuli; temporal properties; stereopsis; stereogram perception, 27733

visual system; visual perception; occlusion; depth perception; lightness perception; opacity; stereoscopic images; image contrast; surface perception; transparency, 330

Stereotaxic Atlas—Serials

continuous recording; simultaneous recording; functional magnetic resonance imaging; electroencephalogram; clinical applications; stepping stone sequence; echo planar sequence; brain mapping, 3211

cortical change mapping; grey matter density; human life span; physiological aging; magnetic resonance imaging; cortical matching algorithms, 21695

cortical malformation; human brain mapping; functional neuroimaging; cortical development; epilepsy, 11236

dreaming; theoretical approaches; cognitive; neurobiological; brain mapping; limbic activation; paralimbic activation; hallucinations; reality testing; dreaming phenomenon; mental representation, 15348

fMRI imaging representational maps; transcranial magnetic stimulation; thumb abduction; hand; foot elevation; motor-evoked potentials; cortical motor representation areas; muscles, 21628

hippocampal map; hippocampal pyramidal cells; spatial learning deficits; spatial reference frames; spatial representation; spatial selectivity; external cues; hidden goal; adult rats; aged rats, 15378

independent component analysis; ICA; functional magnetic resonance imaging; fMRI; human brain mapping; motor cortex; power spectrum; motor paradigm; objective differentiation; task-related components, 3257

input modality; conceptual representation; words; pictures; auditory stimulation; visual stimulation; brain region activation, 24725

language; cortical mechanisms; hemispheric dominance; cavernoma; language mapping; language reorganization; lesion size; small lesions, 26150

linguistic representations; language laterality; language processing; auditory language function; neural networks, 15948

mismatch negativity generators; schizophrenia; voxel-based statistical parametric mapping; current density images; low-resolution electromagnetic tomography; MRI; high density EEG, 22571

mismatch negativity generators; schizophrenia; voxel-based statistical parametric mapping; current density images; low-resolution electromagnetic tomography; MRI; high density EEG, 22560

multilingualism; language proficiency; brain regions; functional activity, 24654

near-infrared spectroscopy; human brain mapping; tomography; neuroimaging; hemoglobin, 6906

neuroimaging impact; brain mapping; psychiatry; magnetic resonance imaging, 10648

Paced Auditory Serial Addition Task; neuropsychological test; cerebral dysfunction; brain mapping, 9859

source localization; EEG; event-related potentials; distractor condition; global field power; anterior cingulum; target processing; parietal lobe; insula; cortical networks sources; temporal lobe, 24679

spatial resolution requirements; functional magnetic resonance imaging; brain mapping; neurosurgical planning; neurosurgical navigation; brain tumor patients, 23413

spinal cord injury; cortical maps; inductive liability procedure; brain-stem; cerebral cortex; locomotor control centers; neural network maps; learning; task execution, 29138

striatal activation; three dimensional activation; human striatum; face movements; hand representation; foot representation; face representation; eye representation, 3641

word processing; word recognition; neural responses; neural systems; morphological complexity; syntactic class, 24666

Stereotaxic Atlas—Chapters

Mapping structural alterations of the corpus callosum during brain development and degeneration, 15642

Stereotaxic Techniques (See Also Brain Stimulation, Chemical Brain Stimulation, Electrical Brain Stimulation)—Serials

face perception; non-face object perception; spatio-temporal event-related potential; other-race face; same-race face; Caucasian and Asian faces; brain; ERP map topography analysis, 3314

interictal magnetic spikes; non-supervised spatio-temporal magnetoecephalography; MEG; intracerebral recordings; epileptogenic network; epilepsy; spatio-temporal localization; accuracy, 5060

repetitive transcranial magnetic stimulation; TMS; left primary motor cortex; regional cerebral blood flow; rCBF; sound & electrical stimulation, 3690

seizure onset; epileptic seizure dynamics; dynamic ictal period; evolution; artifacts; interpretation; seizure propagation; Gabor atom density; epileptic electroencephalograph dynamics; termination, 5009

sensorimotor cortex; epileptogenic perirolandic lesion; functional anatomy; resection; cortical motor representations; electrocorticographic spectral analysis; electrical cortical stimulation mapping, 26147

Stereotyped Attitudes—Serials

stereotype lift; social comparisons; performance; academic achievement; ingroup/outgroup; stereotype threat; downward comparison; White privilege; prejudice, 7654

accent evaluation; evidence; crime type; perceptions; guilt; criminality, 14902

adolescents; standardized tests; test performance; test scores; stereotype threat; gender & race gaps; achievement; math & intellectual abilities; Blacks; Hispanics; low-income; females; intervention, 9475

adult perceptions; chief executive officers; gender identity; organizational leadership attributes; masculinity, 23998

African American; Latino; European American students; stigma; student perceptions; university instructors; stereotypes; ethnic diversity; classroom dynamics, 36043

African Americans; high school students; Blacks; religiosity; media exposure; racial self esteem; self concept; stereotypes, 13260

age stereotypes; cartoons; discourse quality, 34378

age; recruiters; applicants; job seekers; young; middle-aged; age-stereotypic criteria; hiring recommendations & assessments; referent others, 2899

aging; stereotypes; explicit priming; implicit primes; older adults; subtle cues; blatant stereotypes; presentation condition; younger adults; memory performance; social-situational factors, 33797

anecdotes; hypnosis; hypnotizability; individual differences; stereotypes, 35600

Arabs; rhetoric; September 11 tragedy; enemy image construction; stereotypical words; stereotypical images; media portrayals; popular culture portrayals, 31342

automatic activation; stereotyped attitudes; prejudice; face perception; Blacks; Whites; object identification; weapons; sports; cross cultural differences, 10538

automatic behavioral; social stereotypes; social comparisons; priming; behavioral measures; conscious awareness; behavioral contrast; outgroup, 4405

ballet dancers; modern dancers; dancers' perceptions; personality traits; stereotype accuracy; self-reports; group stereotypes, 13417

beauty and thinness messages; children's media; young; body image concerns; desire for thinness; avoidance of obesity; body preferences and stereotypes, 28106

carers; services stereotype; human rights; family life; sympathy; court decisions, 29705

categorical thinking; social psychology; research; history; stereotypes; cognitive toolbox; social-cognitive functioning; attentional resource preservation, 10462

category activation; outgroup members; situational sources; perceived group variability; situational cues; stereotyping, 4354

children's motivation; gender stereotypic beliefs; elementary physical education; physical activity; parental beliefs; academic goals, 12168

cognitive ability; intellectual inferiority reputation; stereotype threat; intellectual performance; disruptive mental load; situational context, 27493

cognitive tests; misinterpretation; race; stereotype threat; African American students; White students; SAT performance, 12161

complementary justice; happiness; honesty; poor; rich; stereotype exemplars; justice motive; social perception; social cognition; lexical decision; justification; implicit activation, 1214

copying sense; humor; stereotype threat; math performance; humor buffered women, 22334

counterstereotypical behavior; social economic sanctions; backlash; rewards; sabotaged deviants; cultural stereotypes; stereotype maintenance; undermining deviants; self-esteem; gender deviants, 31538

creativity; madness; myths; stereotype; jazz musicians, 1949

culture; obesity stereotypes; self-esteem; social identity; overweight; body esteem; global self-esteem; thin ideal beliefs; personality; social interaction, 28479

death thoughts; ingroup; unconscious defense mechanism; priming; categorization-latency; terror management theory; social identification phenomena; stereotypical judgments, 31470

- defendant age; punishment severity; crime type; theft; murder; sentence recommendation; parole recommendation, 14900
- economic disadvantage; status generalization; negative racial stereotyping; Blacks; Whites, 10526
- elementary-school children; educational implications; advanced math; basic math; children's gender stereotypes; stereotype stratification, 14668
- emotional reactions; intrapersonal perception; emotions; emotional expressivity; gender stereotypes; self-judgment, 28472
- end-of-life care; mental illness; community psychiatry; stereotyping; patients, 29593
- ethnic prejudice; cognitive models; information processing models; persuasion models; principles; public campaigns, 1085
- ethnic slurs; ethnocentrism; ethnic immigrants; immigrant portrayal; child perceptions; cognitive representations; children's literature; child characters, 10360
- false memory; stereotype behaviors; cognitive resources; stereotype attitudes; eyewitness testimony; memory distortions, 10551
- feminine characteristics; math courses; negative stereotypes; feminine identity; identity bifurcation; stereotype threat, 19081
- gender attitudes; religious behaviors; sorority membership; fraternity membership; social desirability; stereotypical gender attitudes; sexual attitudes, 25202
- gender bias; customer service representatives; customer satisfaction; phone-based service encounters, 14836
- gender bias; diagnosis; personality disorders; base rates; social stereotypes, 4670
- gender role orientation; stereotyped cognitive tasks; feminine cognitive tasks; stereotypically masculine cognitive tasks; task performance; gender-related self-concept, 25201
- gender role stereotypes; television programs; gender role content; children perceptions; gender related perceptions; interpersonal attraction, 24994
- gender stereotype; hierarchy; gender differences; implicit association; egalitarian, 31600
- gender stereotypes; classroom; gender equity; teacher training; teachers, 30057
- gender stereotypes; math achievement; self-perceptions; career intentions; women; math-related majors, 26945
- gender stereotypes; negotiated agreements; implicit activation; explicit activation; stereotype content; stereotype reactance; high power negotiator; negotiator effectiveness; male trait; female trait, 21049
- gender stereotypes; physical appearance; assessment of leadership competence; cognitive capacity; biological sex; meta-cognitive knowledge, 7647
- gender stereotypes; women in organizations; personnel decisions, 27040
- gender stereotyping; fame judgments; familiar names; unfamiliar names; gender bias; false-fame effect; cognitive availability, 31543
- gender-stereotyped imagined dates; weight concerns; sixth-grade girls; dating experience; SCRIPTS, 25021
- grammatical & nonlinguistic information; grammatical gender; gender stereotypicality; person information; mental representation; language, 33856
- group dispersion; member to group generalization model; stereotype change; deviant group member; group judgments; group stereotypicality & prejudice, 34609
- health stereotypes; illusory correlations; judgments; compliance with medical treatment; younger vs older patients, 25303
- high cognitive load; spontaneous trait inferences; inconsistent behaviors; recognition paradigm; cognitive resources; probe recognition; category labels; contextual cues, 28439
- history; research; social psychology; stereotypes; prejudice, 10451
- hypothesis testing; stereotype suppression; stereotypical judgments; political correctness; confirmation biases; social interactions, 1207
- identity negotiation; gender-stereotypic perceptions; gender expectations, 10553
- implicit attitude measures; Implicit Association Test; self-other distance rating; Jews; stereotyped attitudes; asymmetry effect; prejudice, 24211
- individual differences; possible mechanisms; gender stereotypes; stereotype threat; math performance; stigma consciousness; test performance, 4394
- individual differences; social judgment; stereotypes; cognitive load, 10524
- intergenerational contact; intergenerational attitudes; adolescents stereotypes; older people stereotypes, 25277
- intergroup contrast; automatic behavior; behavioral contrast; outgroup stereotypes; personality trait, 22296
- intergroup similarity; cultural threat; interpersonal traits; immigrants; intergroup relations; prejudice; group conflict; group perception; stereotyped attitudes; personality traits, 10513
- interpersonal communication; stereotype maintenance; stereotype sharedness, 7635
- intimate relationships; interpersonal relationships; disability; disabled women; experiences; stereotypes; intellectually challenged, 1759
- Jane Elliott's "blue-eyes brown eyes" exercise; reduction of stereotyping & prejudice; Whites; African Americans; Latino/Latina; Asian Americans; Native American, 10364
- juror responses; expert witness testimony; gender stereotypes; gender-domain congruency; jury discussion, 30336
- leisure activities; personal development; social development; social identity; leisure stereotypes, 9158
- media distortion; mental illness; psychiatric disorders; dehumanization; stereotypes; values; beliefs; society, 7789
- mental state inferences; mind reading; projection; stereotyping; models; social judgment, 34622
- minorities; consumer psychology; childrens television; commercials; television advertising; content analysis; numerical representation; minority portrayal; stereotyped attitudes, 20996
- negative effects; performance stereotypes; job stressors; organizational health; racism; discrimination; ethnic minorities, 36328
- perceptual encoding; cognitive load; stereotype-inconsistent information; stereotype-consistent information; encoding flexibility; social cognition, 28431
- police officer bias; psychological profiling merit; technique perception; belief degrees; non-police replication; author label, 30342
- prejudice; perspective taking; self evaluation; self-esteem; outgroup evaluation, 22306
- prescriptive & descriptive stereotypes; stereotyping; behavioral information, 34631
- psychiatric stigma; attitudes toward people with schizophrenia; education; general attitudes; documentary film; interaction intentions, 1499
- psychometric intelligence; emotional intelligence; intelligence estimates; gendered stereotypes, 19204
- racial minorities; mental health professions; self-report measure; mental health professional's attitudes; women; racial and ethnic attitudes; stereotyped attitudes, 26834
- racial prejudice role; police profiling; source motivation; discretionary police stops; institutional domains; racial profiling; sources of profiling; prejudicial roots; links, 28233
- racial profiling; theoretical rationale; contextual examinations; local area profiling; community context; community-level processes; theory links; Miami-Dade County neighborhoods, 28228
- racial stereotypes; gender; African Americans; predominantly White colleges; predominantly Black colleges; academic self-concept; student performance; major, 30051
- religious Americans; racial profiling attitudes; nonreligious individuals; moral demands; terrorist attacks; Arab Americans; Muslim Americans; morality, 28174
- retrieval-practice; functional modularity; stereotypes; evaluative coherence; traits rehearsal; practiced traits; trait recall, 28427
- risk taking skills; old age; young adults; age stereotypes, 10124
- Russian citizens; perceptions; Commonwealth of Independent States; Europe; world; psychosemantics, 10315
- scientific communication; out-group stereotypes; social psychology research; in-group bias, 7607
- self-stereotypes; task solution strategies; stereotype-threat effects; negative stereotype; positive stereotype; recall; avoidance; approach related statements; group performance; expectation, 28508
- sex typing; time use; middle childhood; gender development; early adolescence; free time activities; gender role attitudes; self esteem, 31236
- sexual attitudes; interracial relationships; sex; race; Jungle Fever, 10429
- shifting standards; low-status groups; high-status groups; harm; Whites; Blacks; unemployed, 13454
- social class categorizations; prejudice; racial groups; ethnic groups; racial stereotyping, 31463
- social influence strategy; stereotype match; stereotypically masculine attributes; goal attainment; sex roles; power; goal strivings, 7651
- social psychology; research; history; stereotyping; prejudice; mundane situations, 10454
- social psychology; stereotype threat; test performance; research; history; African-Americans, 10471
- social stereotypes; social groups; sociability; impression formation; stereotype consensualization; group ability, 7601
- social stereotypes; stereotype bias; stereotype disconfirmation; unprejudiced people; information-seeking preferences; attributional strategies, 28440
- social structure; social interaction; consensus; content; self categorization theory; groups; stereotyping; group interaction, 16257
- spontaneous stereotyping; African Americans; implied stereotypic trait; stereotypic behaviors; prejudiced Whites, 19038
- stereotype activation; individuation; stereotype threat; performance, 25311
- stereotype activation; social information processing; stereotypical beliefs; categorical cues; sex stereotypes, 28417
- stereotype suppression; internal motivation; self regulation; self control; suppressed thoughts, 10534
- stereotype threat; childcare workers; threat conditions; heterosexual men; gay men; non-verbal anxiety, 19135
- stereotype threat; cognitive test scores; outcome criteria; minority groups; women; SAT grades; performance relationships; test score differences; data sets, 14999
- stereotype threat; intellectual test performance; Black college students; White college students, 12162
- stereotype threat; intellectual test performance; Black college students; White college students, 12164
- stereotype threat; mathematics performance; public evaluation by peers; threatening environments; private evaluation; female students; gender minority; same gender groups, 2785
- stereotype threat; mediational variables; performance goal directions; models, 33139
- stereotype threat; test performance; ethnicity inquiries; gender inquiries; problem-solving task; intellectual ability; ethnic groups, 31545
- stereotyped behaviors; information processing; social status; socioeconomic status; biased processing; group stereotypes; human sex differences; stereotyped attitudes; sex roles, 10550
- stereotyped groups; judgments/evaluations; evidentiary standards; behavioral responses; assimilative effects; contrast effects; shifting standards model, 4392
- stereotypes disconfirmability; people's beliefs; out-group stereotypes; in-group stereotypes; African American stereotypes; White stereotypes, 13459
- stereotypes; bias; memory distortions; conscious recollection; conscious experience; memory processes; response biases; monitoring, 10548
- stereotypes; cognitive impairment; newspaper articles; senior moment; memory lapses; functional incompetence; ageist attribution, 34370
- stereotypes; elderly portrayal; television commercials; ageism; 1950s - 1990s, 31089
- stereotypic inhibition; stereotypic traits; forgetting; memory; identity; personality characteristics, 7631
- stimulus onset asynchrony; occupational stereotypes; speeded classification; category verification; classification tasks; anticipatory control; racial stereotypes, 18346
- stuttering stereotypes; direct contact; people attitudes, 8096
- subordinate behavior; differential judgments; behavior descriptions; stereotypes; leader behavior; perceived competence; dispositional causes; situational causes, 10556
- successful women; male gender-typed job bias; evaluative judgments; female competence; gender stereotypes; gender norms; reaction to women; career-affecting outcomes; social rejection, 23972
- susceptibility; resilience; memory aging stereotypes; education; age; memory performance; young adults; middle-aged adults; older adults; influence; counterstereotype; age differences on a memory task, 28415
- teaching methods; stereotyping; prejudice; The Breakfast Club; movies, 33054
- television advertisements; gender-role stereotyping; Hong Kong television; content-analysis; Chinese TV channel; English TV channel; coding scheme; gender portrayals, 24081
- US Civil War; regional animosity; measurement; validity; interrelated theories; social identity; stereotype activation; evaluative judgments; geographic region preference; price sensitivity; consumers, 9501
- vigilance; evaluative concerns; intimacy-building behaviors; dominant group members; intergroup interaction; outgroup orientation; racial ingroup identification; prejudiced racial attitudes, 34618
- war; peace; Sino-Japanese relations; national stereotypes; social psychology, 10540
- welfare recipients; poor people; attributional information; political discussions; social scientists; political domain, 13452
- well-being; gender-stereotypic occupation; self-esteem; women; group processes; Rejection Identification model; perceived disadvantage, 30195
- women's self-esteem; stereotypical connotation; performance context; upward comparison; self protection; out-group comparison; self relevance, 19142
- xenophobia; racist beliefs; cognitive mechanisms; daily lives; cognitive limitations, 31540
- Yellow Peril; Asian Americans; stereotypes; social impression formation; perceptual priming; information processing; conscious awareness, 7629

Stereotyped Attitudes—Chapters

Activation and use of stereotyped beliefs in personnel decisions: A mock (football) draft, 6008
Class diversity in the workplace, 2882
The commonsense psychology of changing social groups, 10515
Overcoming the ironic rebound: Effective and ineffective strategies for stereotype suppression, 4425
A perspectivist looks at the past, present, and (perhaps) the future of intergroup relations: A quixotic defense of system justification theory, 10518
Poverty and research, 10325
Prejudice and the peacekeeper, 2994
Responding to the social world: Attributions and stereotype-based judgments, 4420
Social stereotypes and 'implicit social theory' 10517
Sustaining Cultural Beliefs in the Face of Their Violation: The Case of Gender Stereotypes, 1230
To control or not to control stereotypes: Separating the implicit and explicit processes of perspective-taking and suppression, 4418
Visibility as a trap: American Indian representation in schools, 23839

Stereotyped Behavior—Serials

abnormal behavior: Rhesus macaques; self-injurious behavior; aberrant behaviors; Monkeys; SIB; stereotypic behavior; environment; risk factors; stereotypes, 15357
activity-based management; exhibit design; space utilization; natural behaviors; habituation; activity level; stereotypes; captive mammals, 9752
amphetamine; sensitization; rhythm; focused stereotypy; dopamine; head movements; rats; dyskinesia, 3893
behavior alteration; striatal neurochemistry; stereotyped movement disorder; deer mouse model; neurotransmitters; neuromodulators; stereotyped behavior, 18601
boys' behavior; girls' behavior; student characters; educational psychology textbooks; gender stereotyping; feminine activities; masculine activities, 30027
cross-dressing; gender stereotypes; drag dressing; parody; performance; exaggeration; gender stereotypes, 34555
direct observational methods; stereotypic behavior; autism; pervasive developmental disorder not otherwise specified; partial-interval recording; momentary time sampling; stereotypy, 18211
disruptive behaviors; functional analysis; aberrant behavior; social consequences; consequence delivery; stereotypic vocalizations; autism, 11409
dopaminergic profile; N-phenylpiperazine derivatives; dopamine; stereotypy; rats; cataleptic behavior; mice; dopamine ligands; dopaminergic behaviors; apomorphine-induced hyperthermia, 21885
Eating behaviors; fluvoxamine; frontotemporal dementia; frontotemporal lobar degeneration; semantic dementia; selective serotonin reuptake inhibitors; stereotyped behavior, 36535
elderly stereotype priming; stereotyped word exposure; grasping actions; reaching movements; neuropsychological evidence; action sequence; ballistic gaps; actions duration, 18306
environmental characteristics; developmental disabilities; environmental factors; stereotyped behavior; topographies, 4765
environmental enrichment; cage stereotypy; stereotypy development; Amazon parrots, 21474
feeding behaviors; stereotypic behavior; activity patterns; feeding enrichment; bone presentation; African lions; Sumatran tigers, 3496
female farm mink; genetic transmission; fertility; body weight; stereotypes, 33998
intrastriatal administration; selective dopaminergic ligands; spontaneous stereotypy; deer mice; animal model; persistent stereotypy; dopaminergic antagonists; stereotypic topographies, 13063
Pokemon cartoons; college students; character's masculinity; gender role; elementary school children; sex differences; stereotypical gender portrayals, 25046
positive procedure; on-task engagement; self-injurious slapping; stereotypic clothes manipulation; severe disabilities; challenging behavior; employment, 11580
racial profiling; Mexican American social identity; group stereotyping; stereotypic behavior; minorities; American society; court cases; minority victimization; hegemonic structure; Hispanic identity, 28222
sensory stimulation; tactile stimulation; sensory modalities; visual stimulation; stereotypy; multiple disability; auditory stimulation, 7771
spontaneous stereotyping; African Americans; implied stereotypic trait; stereotypic behaviors; prejudiced Whites, 19038
stereotyped behavior mechanisms; caged animals; striatal dysfunction; behavioral disinhibition; blue tits; marsh tits, 3639
stereotyped behavior; deer mice; environmental enrichment; neurotrophin levels; cage conditions; neurology, 6998

stereotyped behaviors; information processing; social status; socioeconomic status; biased processing; group stereotypes; human sex differences; stereotyped attitudes; sex roles, 10550
stereotypes; automotive model; directed forgetting; recall; forget cues; remember cues; category primes; explicit memory; implicit memory; words, 407
stereotypes; group-directed judgments; individual-directed judgments; social policy, 19118
Stereotypic Roles for Black Women Scale: validity; reliability; Black women; self esteem, 30377
stereotypes; caged parrots; schizophrenia; autism; striatum; basal ganglia; experimental validity; abnormal repetitive behaviors; captivity; recurrent perseveration; models; psychological distress, 3640

Stereotyping [See Stereotyped Attitudes]**Sterilization (Sex) [See Also Castration, Hysterectomy]—Serials**

menopausal symptoms; psychological distress; tubal sterilization, 35658
sterilisation; learning disabilities, 32022

Steroids [See Also Cholesterol, Corticosteroids, Progesterone]—Serials

aggressive behavior; neurosteroids; GABA; aggressive behavior; neurochemistry; GABA receptors; animals, 3680
anabolic androgenic steroid; nandrolone decanoate; hypothalamic propiomelanocortin; mRNA levels; supratherapeutic doses; metabolism; feeding; body weight; rats; human, 3827
anabolic-androgenic steroid use; weightlifters; drug use; risk factors; demographic & family & psychosocial risk factors, 8016
anabolic-androgenic steroids; pubertal administration; reproductive behavior; aggressive behavior; male rats; rat model; testosterone; nandrolone; stanozolol; scent-marking; copulation; vocalizations, 719
androgenic anabolic steroids; male adolescents; narcotic drugs; adolescent attitudes, 35042
androgenic steroid; dehydroepiandrosterone; DHEA; Alzheimer's disease; AD; additive effects; drug development; putative effects; AD treatment, 8625
defibrination therapy; idiopathic sudden sensorineural hearing loss; high-dose steroid therapy, 11677
dehydroepiandrosterone; cocaine dependence treatment; cocaine usage rates; treatment outcomes, 20661
drug tests; nutritional supplements; anabolic steroids; banned drugs; athletes; cheating, 33316
drug therapy; neurosteroid concentrations; psychiatric morbidity; breast cancer; major depression; adjustment disorder; women, 5432
epidural steroids; complex regional pain syndrome; CRPS; CRPS treatment; epidural corticosteroid; herpes zoster development, 5449
ethanol-induced reflex; cerebral cortical levels; neuroactive steroid; plasma progesterone; rats righting reflex, 6921
female roughskin newts; sex steroids; vasotocin; visual stimuli; olfactory; animal sex differences, 3855
fetal behavior; prenatal period; postnatal period; lung development; steroids usage; REM sleep; twin pregnancies; alcohol consumption, 7365
GABA A receptors; alpha 1 subunit; ethanol responses; neurosteroids; anesthetic drugs; mice; ethanol tolerance; hypnotic drugs; ketamine; behavior; physiology, 3923
glutamic acid decarboxylase; glutamic acid decarboxylase immunoreactivity; aggressive behavior; anabolic androgenic steroid; adolescent exposure; neurochemistry, 3906
gonadectomy; gonadal hormone replacement; cocaine; self administration; rats; gender; estrogen; testosterone; reinforcement, 24791
homosexuals; heterosexuals; early hormone exposure; sex steroids; male typical sexual orientation; bone morphology; estrogens; androgens; sexual dimorphism; skeletal size; steroid exposure, 16218
human sex-steroid; mood; memory; autonomic nervous system function; behavioral contexts; olfactory perception; androstadien; estratetraen; pheromones, 24784
learning strategy; ovarian steroids; memory; estrogen; progesterone; female rats; estrous cycle, 27621
low back pain; epidural injection; steroids; treatment effectiveness evaluation; spinal injection therapy, 35652
negative mood; symptom reports; bronchodilators; drug therapy; asthma; drug therapy; inhaler treatment; reliever use; beta-agonists; steroids, 11661
neuroactive steroids; binge eating disorder; obesity; plasma levels; dehydroepiandrosterone; DHEA sulphate; bulimia; malnutrition; tetrahydroprogesterone; cortisol, 4807
neuroactive steroids; panic induction; cholecystokinin-tetrapeptide, 15829
neurosteroid consumption; animal strain differences; mice; allopregnanolone; pregnanolone-hemisuccinate; drinking preferences, 7182
oxytocin; neurosteroid modulation; supraoptic nucleus; GABA receptors; rats; allopregnanolone, 21615

photoperiod; Siberian hamster; male copulatory behavior; castration, 18511
plasma concentrations; anxiolytic neurosteroids; anxiety; human male; pregnenolone; progesterone; allopregnanolone; tetrahydrodeoxycorticosterone, 24652
pregnancy; spike wave discharges; serum concentrations; ovarian steroid hormones; absence seizures; progesterone; estradiol; rats, 27835
recurrent major depression; 11 Beta-hydroxysteroid dehydrogenase activity; urinary steroid metabolites, 28666
sex-steroid derived compounds; sex-specific effect; physiology; psychology; autonomic nervous system; humans; 4,16-androstadien-3-one; 1,3,5(10),16-estratetraen-3-ol, 7150
social interaction; sex steroids; pregnant females; prepartum; postpartum; Japanese macaques; rhesus macaques; behavioral profiles; endocrine profiles; estrone conjugates; pregnanediol-glucuronide, 7085
steroid metabolism-related genes; rat; adrenal glands; REM sleep deprivation; adrenocortical steroid metabolism; P450sc; steroid 5 alpha-reductase; steroidogenic acute regulatory protein; StAR, 15693
stress-induced visceral hypersensitivity; tachykinin NK1 receptors; ovarian steroids; rectal distension; estrogen, 21778

Stigma—Serials

African American; Latino; European American students; stigma; student perceptions; university instructors; stereotypes; ethnic diversity; classroom dynamics, 36043
African Americans; men; stigma; sexually transmitted infections; STIs; treatment; South, 35688
borderline personality disorder; diagnostic disclosure; medicine; psychiatry; transference; countertransference; stigma, 25760
Camp Approach; substance dependence; community-based treatment; rural community; stigma, 32761
coworkers with disabilities; stigma; acceptance; employee attitudes; employee characteristics; gender; race/ethnicity; disability type; job performance; cerebral palsy; AIDS; stroke, 27082
criminal justice system; mentally ill offender; mental illness; stigma; legal processes, 12403
cultural context; suicide stigma; attempted suicide; client attitudes; suicide experiences; family members, 28850
depression; primary care; stigma; employment; health insurance; friendships; HIV; diabetes; depression-related stigma; needs; primary health care; hypertension; needs, 1442
developmental disabilities; assistive technology; stigma; disability; family expectations; cultures; visibility; developmental skills; decision making, 35853
diets; advertisements; weight stigma; before and after; obesity; stereotype, 13463
disruptive behaviors; maternal responsibility; stigma; self blame; children behavior, 31376
domestic violence; social stigma; dowry killings; pregnancy effects, 34950
emotional reactions; lay persons; public reactions; Alzheimer's disease; stigma; labeling, 20074
epilepsy; stigma; awareness; educational campaign; Epilepsy Foundation; educational outreach; African-American community; Spanish-speaking community, 26166
health problems; stigmatization; life satisfaction; literacy skills; sex workers, 31286
HIV infections; AIDS epidemic; public health services; HIV testing; at risk groups; stigma, 32608
HIV surveillance; HIV/AIDS stigma; social risk; health policy; public attitudes; human rights; social constructionism; public opinion; HIV testing; AIDS prevention; US, 2336
HIV testing; information provision; risk perceptions; HIV serostatus; social factors; health responsibility; social stigma; patient provider interaction; anxiety, 23473
HIV; AIDS; negative social responses; social change; stigma; discrimination; class inequality; race; gender; sexuality; stigmatized individuals, 1807
individual differences; possible mechanisms; gender stereotypes; stereotype threat; math performance; stigma consciousness; test performance, 4394
indwelling urinary catheter; stigma; alienation; vulnerability, 5468
innovation; sitting dilemma; environment; stigmatization; project sustainability; waste facilities, 36480
internalized stigma; mental illness; psychometrics; Internalized Stigma of Mental Illness Scale, 163
labelling; public attitudes; schizophrenia; cultural differences; mental illness, 28680
mass media advertising; community education; public health project; stigma; discrimination; mental illness; Like minds like mine, 35710
mental illness; mental health services; stigma; psychiatric diagnosis; treatment, 28549
mental illness; public education programs; violence; stigma, 29513

Volume 91 SUBJECT INDEX

Stigma—Serials

mental illness; social stigma; psychological distress; public reaction, 19393
 mental illness; stigmatizing attitudes; child attitudes, 31711
 parental mental disorder; silence; communication; stigma; resilience; risk factors; mood disorder, 22449
 patient perspective; rapid HIV testing; routine HIV testing; enzyme immunoassay; privacy; cost; fear; stigma; urgent care center; urban public hospital, 29525
 perceived stigma; depression severity; depression treatment, 19393
 personal control; self-presentation; women's discrimination attributions; psychological costs; private reporting conditions; public reporting conditions; discrimination minimization; stigmatized, 28430
 psychiatric stigma; attitudes toward people with schizophrenia; education; general attitudes; documentary film; interaction intentions, 1499
 psychiatry; medical students; student attitudes; specialization; social stigma; professional stigma; trainees, 32936
 schizophrenic patients; mental illness; mental health professionals; interpersonal interaction; subjective experience; stigma; relatives; public attitudes, 4651
 self-protective properties; social psychology; social stigma; history of psychology; research; self esteem, 10449
 single mothers; unmarried mothers; stigma; Ireland; terminology; terms, 19058
 social workers; cognitively disabled people; animalization; social work community; Argument from Marginal Cases; social work ethics, 8969
 stigma assessment; children with epilepsy; instrument development; psychometric properties; content validity; internal consistency reliability; construct validity; parents, 33586
 stigma consciousness; discrimination attribution; individual differences; situational perspective; gender discrimination, 28500
 stigma effects; mental illness history; test performance; identity threat; intellectual performance, 25534
 stigma; conditional nature; stigmatization; discrimination; immigrants, 34423
 stigma; emotional problems; psychiatric disorders; disclosure; primary care patients, 7793
 stigma; psychological distress; social-cognitive model; social experience; intellectual disability; social comparison, 35120
 stigma; rural men; risky sexual behavior; HIV; rural areas; family members; health care professionals; gays, 34561
 stigmatization; probationers; probation; community support, 12415
 stressors; gay men; lesbians; bisexuals; life stress; gay-related stress; stigma consciousness; depressive symptoms; sexual orientation; life events; internalized homophobia; openness, 10751
 suicide prevention; schizophrenia; family attitudes; stigma, 11386
 women's health; obesity; stigma; health outcomes; weight loss therapies; cultural & gender differences; obesity rates; economic costs; psychological costs; social costs; etiological theories, 1735
Stigma—Chapters
 The psychology of sexual prejudice, 4289
 Why tell if you're not asked? Self-disclosure, intergroup contact, and heterosexuals' attitudes toward lesbians and gay men, 4290
Stimulants of CNS [See CNS Stimulating Drugs]
Stimulation [See Also Afferent Stimulation, Aversive Stimulation, Brain Stimulation, Electrical Stimulation, Perceptual Stimulation, Self Stimulation, Subliminal Stimulation, Verbal Stimuli]—Serials
 developmental changes; infant attention; dynamic stimuli; static stimuli, 31183
 event-related potentials; ERP; visual oddball task; stimuli; epileptic patients; intracerebral electrodes, 8266
 explicit knowledge; spatial interference; response control; sequence learning; control shift; internal representations; stimulus attributes, 18263
 heat pain threshold; cerebral event-related potentials; laser stimulation; chronic tension-type headache, 8119
 inhibition of return; location repetition; shape repetition; cues, 18260
 low level sensory stimuli; tactile stimulus; restlessness; motor activity; workload; odor; vigilance task, 33664
 mismatch negativity measurement; event-related potential; alternative baseline measure, 15677
 multiple disabilities; activity level; mood; exercise; happiness; stimulation, 7749
 multiple disabilities; stimulus events, 36220
 neutral stimuli; rats; sensory preconditioning; inhibitory form, 27614
 operant; stimulus specificity; pigeons, 18457
 preference assessment procedures; adults with developmental disabilities; direct and indirect measures; stimulus engagement; reinforcers, 31997
 psychological distance; segmentation effect; reinforcement; terminal-link stimulus; response segments, 24565

relational evaluation; stimulus equivalence; symmetry; equivalence; discrimination task; match-to-sample, 18403
 remifentanyl; hyperalgesia; freeze lesion; mechanical stimulation; electrical stimulation; pharmacodynamics; pain thresholds, 15770
 sexual responsiveness; spinal cord injuries; human females; sexual dysfunction; anxiety-provoking stimulation; genitals, 26170
 spatial stimulus; stimulus response; response correspondence; Simon effect; response locations; response codes, 18254
 temporal summation; deep muscular pain; mechanical stimulation; repetitive stimulation; fibromyalgia syndrome; flexor digitorum muscle; forearm; muscle tissue, 16631
 time course; stimulus evaluation; visual event-related potentials, 22025
 unit price; observing responses; drug cues; rats; ethanol consumption; reinforcement; ethanol stimulus; operant response; ethanol self-administration; response rates; extinction; ethanol availability, 15806
 vagus nerve stimulation; migraines; chronic pain syndromes; antiepileptic drugs; intractable seizures, 35595
 vagus nerve stimulation; migraines; chronic pain syndromes; antiepileptic drugs; intractable seizures, 35592
Stimulation Seeking (Personality) [See Sensation Seeking]
Stimulus (Unconditioned) [See Unconditioned Stimulus]
Stimulus Ambiguity—Serials
 aesthetic ambiguity; nonverbal art; artist-model pair; neuroscience; visual processing, 31042
 ambiguous figure; binocular rivalry; visual consciousness; perceptual alternation; visual awareness; gamma distribution, 6516
 ambivalent optokinetic stimuli; ambiguity; eye movements; visual perception; stimulus velocity; stimulus frequency, 12612
 bottom up explanations; top down explanations; reversible figures; cognitive processes, 33720
 categorization; face recollection; ethnically ambiguous faces; ethnic features; memory distortion, 9705
 decision problems; belief attributions; decision theory; relevance; attitude attributions; ambiguity; conversational implicatures, 391
 event related potentials; serial vs parallel sentence processing; interpretations; ambiguity; non-preferred vs ungrammatical continuations, 7055
 irrelevant information; knowledge activation; ambiguous homographs; information suppression; baseball knowledge, 12651
 perceptual bistability; point-light walkers; depth cues; stimulus ambiguity, 33734
 perceptual memory; temporally ambiguous stimuli; potential impact; perception, 9588
 semantic ambiguity; reading aloud; semantic representations; words, 33821
 semantic ambiguity; word recognition; lexical decision performance; lexical ambiguity; lexical decision; connectionist networks, 21037
 situation-evoking stimuli; domain of reference; resolution of lexical ambiguity; reading; word ambiguity, 18365
 syntax ambiguity; syntactically ambiguous sentences; brain activity; amplitude; time course; sentence comprehension, 597
 threat; coping dispositions; memory representation; encoding; ambiguous stimuli; affective reactions; anxiety influences; repressive discontinuity hypothesis, 15290
 transfer of training biases; anxiety; emotionally biased interpretations; homographs; ambiguity; judgment, 6581
Stimulus Ambiguity—Chapters
 Neuronal activity and its links with the perception of multistable figures, 3577
Stimulus Attenuation—Serials
 attenuation; reinstatement prevention; nociception; orphanin f_q; ethanol; self-administration; alcohol-seeking behavior; antialcohol-prefering rats, 18721
Stimulus Change—Serials
 attention capture; stimuli capture attention; visual attention; visual search; target characteristics; dynamic events, 6617
 auditory cortex; evoked responses; stimulus deviance; mismatch negativity; cortical maturation, 10214
 change blindness; figure-ground segregation; changing images, 27462
 change blindness; mapping visual attention; spatial resolution; temporal resolution, 21294
 change detection; change blindness; central object change; centrally attended objects; marginal objects; recognition memory; changed object recognition; motion pictures; representation failure, 12587
 change probability knowledge; change detection performance; visual system; visual stimuli, 30591
 emotional facial expressions; computer-morphing animations; expression naturalness; rate of change, 30754

Stimulus Discrimination—Serials

hemispheric dominance; left hemisphere; right hemisphere; linguistic processing; non-linguistic processing; temporal processing; frequency transitions; stimulus change, 6946
 high familiarity; visual change detection; face stimuli, 6489
 implicit change detection; visual perception; visual memory; visual stimulation; implicit memory, 369
 resistance to change; goldfish; phylogenetics, 24589
 temporal information; dynamic spectral information; gated stop consonant; static spectral representation; misclassification rates; stop bursts; naturally produced stimuli, 9612
 visual change detection; online spatial representation of scene; eye movements; amnesia, 33727
 visual evoked potentials; stimulus orientation; stimulus conditions; local textures; texture; collinearity; orientation; segregation, 15672
 visuomotor coupling; conscious change detection; control; self-deception, 30676
Stimulus Complexity—Serials
 compound letters; global processing; local processing; element heterogeneity; visual perception, 9590
 linguistic unit analysis system; verbal instructions; linguistic complexity measurement; syntactic complexity; verbal length; linguistic structure; verbal comprehension, 9350
 melody cues; temporal cues; musical meter; music perception; music contour; repetition; rhythm; pitch, 33745
 music majors; melodic complexity; aesthetic experience; aesthetic responses; conceptual advancement; jazz music selections; jazz experience, 31026
 perceived complexity; grouping effect; band patterns; symmetry, 9601
 prototype symbolization; hooded crows; abstract selection rule; indifferent symbols; symbolizing ability; elements number, 9774
 semantic processing; words; cognitive resources; N400; event related potentials; right hemisphere; semantic complexity level; female adults, 7064
 word processing; word recognition; neural responses; neural systems; morphological complexity; syntactic class, 24666
Stimulus Control—Serials
 anxiety; physiological activation; self-efficacy; treatment outcome; phobic stimuli; spider phobia; physiological arousal; coping behavior; distraction; perceived control, 19536
 immediate antecedents; cigarette smoking; stimulus control; affect; unrestricted smoking patterns; urge; setting, 13411
 infant operant kicking procedure; computerized stimulus control; computerized measurement; kicking; mobile procedure; auditory reinforcers; visual reinforcers, 15963
 nicotine; discriminative stimulus effects; extinction; spontaneous recovery; response reinstatement; noncontingent reinforcement; discriminative control, 3492
 sedentary behavior reduction; pediatric obesity treatment; stimulus control; physical activity; eating behavior, 29454
 spatial perception; perceived vanishing point; moving stimulus; stimulus control, 21279
 stimulus control topography coherence; stimulus properties; reinforcement contingency; discrimination learning outcomes; methodology, 6610
 stimulus features; stimulus control; visual stimuli; time course; relational cues; same-different discrimination learning; pigeons, 27615
Stimulus Deprivation [See Also Food Deprivation, Sensory Deprivation, Social Deprivation, Social Isolation, Water Deprivation]—Serials
 cue reactivity; young women; alcohol dependent individuals; functional magnetic resonance; alcohol dependent adults; alcohol-related stimuli; physiological response; light social drinkers, 11022
 multiple disabilities; motor behavior; microswitch combination; environmental stimulation, 35638
 salt intake; sodium depletion; serotonin receptor stimulation; rats, 7162
 sexual behaviors; rats; aggressive behaviors; deprivation effect; saccharin deprivation, 12731
Stimulus Discrimination—Serials
 clozapine; dopamine; serotonin; muscarinic receptor; discriminative stimulus properties; antipsychotic drug; dose discrimination; rats, 13064
 computer simulations; theoretical models; uniform background; nervous system; motor response; context; stimulus; neural networks; background synaptic activity; switching between dynamical states, 3092
 concurrent chains; acquisition of preference; pseudorandom binary sequence; fixed interval; response allocation; response sensitivity; schedule delay; discrimination; key peck; pigeons, 3477
 discriminative stimulus effects; tetrahydrocannabinol; THC; O-1812; anandamide; rats, 31014

distractor; recognition; stimulus discrimination; semantics; criterion shift, 30702
 elemental information; configural perception; discrimination task; pigeons; people present stimuli, 463
 ensemble neuronal activity; primary somatosensory cortex; tactile discrimination task; passive; active; whisker stimulation; tactile signal processing; layer specific functional differences, 27753
 functionally similar stimulus relations; equivalence-equivalence test; matching; analogical reasoning, 21329
 human associative learning; cue interaction phenomena; nonlinear discrimination; stimulus generalization, 18407
 language-specific memory traces; consonants; brain; native language experience; place-of-articulation feature, 18400
 local proactive interference; delayed matching to sample; reinforcement; discriminability; working memory, 18466
 matching stimuli; same-class elements; different-class elements; discriminative properties; match-to-sample tasks; equivalence-equivalence, 15284
 negative priming; auditory stimuli; stimuli judgement; visual stimuli, 18315
 negative priming; occasion setting; Pavlovian procedure; rats; visual stimuli, 478
 oxytocin; discriminative stimulus; antinociceptive effects; abuse liability; opioid receptor agonist; physical dependence; positive reinforcer; withdrawal signs; monkeys; mice; rats, 30960
 P300 event related brain potential; visual 3-stimulus paradigm; stimulus typicality; task difficulty; task discrimination; P3a scalp topography, 12918
 Pavlovian processes; simultaneous discriminations; associative process; Pavlovian conditioning; discriminative stimuli, 33947
 perirhinal cortex; feature ambiguity; lesions; impaired object recognition; rats, 9869
 pictorial lists; discrimination learning; list discrimination; nonassociative learning; associative learning; stimulus frequency; reinforcement rates; novelty; familiarity; humans; performance, 425
 probability; stimulus equivalence; mild mental retardation; conditional discriminations; linear series structure, 35128
 pure agnosia; mirror stimulus discrimination; right inferior parietal lesion; object recognition, 22989
 recognition memory; Spanish-Catalan cognate & noncognate words; remember; know; confidence judgment; signal detection model, 406
 retroactive interference; timing; duration; cue termination; cue outcome onset; target association; rats, 466
 selective attention; repeated event inhibition; hemispheric specialization; identity-based discrimination; visual field, 6860
 sequential feature negative discriminations; simultaneous feature negative discriminations; elemental learning; human Pavlovian conditioning; occasion setting, 24483
 Simon Effect; stimulus locations; response-discrimination; spatial axes; response activation; spatial perception; spatial choice-reaction; two-choice reaction; go no-go task, 15180
 speech perception; speech stimuli; at risk population; reading difficulty; phonology; auditory perception; voice onset time; phonemic awareness; categorical perception, 25971
 stimuli discrimination; visual features; event-related potentials, 10212
 stimulus control topography coherence; stimulus properties; reinforcement contingency; discrimination learning outcomes; methodology, 6610
 stimulus-response probability; inhibition of return; cues; choice discrimination, 33803
 Thatcher illusion; face processing; infant development; second-order relational information; face inversion; face discrimination; spatial information processing, 34264
 visual discrimination; feature uncertainty task; brain activation; stimulus orientation discrimination; spatial frequency discrimination, 21613
 visual perception; motion perception; stimulus discrimination; luminance changes; motion path; motion energy; multiplicative nonlinearity, 30600
Stimulus Discrimination—Chapters
 Evidence concerning how neurons of the perirhinal cortex may effect familiarity discrimination, 3404
Stimulus Duration—Serials
 brain stimulation; rewards; duration; stimulation strength; reward intensity; stimulation frequency; performance; rats, 625
 conditioned stimulus duration; unconditioned stimulus; preexposure effect; rats, 33929
 conditioned taste aversion; rats; context exposure duration; conditioned responding; context associations; contextual cues, 9753

cover stimulus effect; stimulus similarity; pigeons; conditioned stimulus; unconditioned stimulus; stimulus-duration-equality effect; stimulus duration, 21431
 duration samples; retention-test ambiguity; detection; conditional discrimination; retention intervals; intertrial intervals; pigeons, 18468
 judgments of presentation frequency; recognition confidence ratings; memory; repetition; reminding; stimulus duration, 33799
 morning bright light treatment; sleep onset insomnia; exposure time; treatment duration; psychophysiological insomnia, 26455
 music; liking ratings; memory; previous exposures; ecological validity; focused listening; incidental listening, 12709
 neural basis; words; non-attentional processing; automatic activation, 3795
 pictorial short-term memory; pictorial components; conceptual components; pictured scenes; verbal titles; rapid sequencing; picture recognition; decoy pictures; fleeting memory, 21389
 pigeons; group time intervals; duration; temporal discrimination, 21421
 prime-probe duration; positive location priming; negative location priming; spatial localization; display duration; presentation mode; attended-repetition; ignored-repetition, 12595
 psychomotor vigilance tasks; short tests; test duration; performance; sleep loss; wakefulness; sleepiness, 30382
 reinforcer duration; behavioral interactions; multiple schedules; habituation; pigeons; rats, 24593
 sequence length; motor skills; movement sequence; discrete sequence production; random cues, 6568
 speech perception; rise time; voiceless affricate/fricative contrast; duration cues; discrimination learning; rats, 3485
 stimulation duration; electrogoniometric detection thresholds; electrical currents; lingual surface; taste function; electrical taste thresholds; anterior tongue, 21256
 stimulus duration; brightness; metacognitive masking; stimulus luminance; U-shaped masking functions, 30595
 time course; attentional responses; emotional facial expressions; social phobia; visual probe; face perception; anger; happiness; photographs; exposure durations, 13665
 time order; space-order; subjective stimulus difference; paired stimuli; successive stimuli; simultaneous stimuli; interstimulus interval; stimulus duration; line length; tone loudness, 6479
 time perception; emotional events; facial expressions; duration; neutral expressions, 30664
 time perception; perceived duration; visual events; suprathreshold exposure; unconscious experience; subthreshold exposure; perceptual fluency; awareness, 18268
 time-order; interstimulus interval; feedback; duration discrimination; white-noise bursts, 24400
 vernier acuity; narrowband stimuli; broadband stimuli; contrast; exposure duration; spatial vision; vernier thresholds, 18274
 visual asynchronies; sensitivity; consistency; vibro-tactile burst, 30628
 visual perception; visual memory; stimulus contrast, 27454
 visual stimuli; auditory stimuli; auditory perception; visual perception; children; adults; temporal discrimination, 28070
 Weber's law; interval timing; scalar property; chronometric counting; response distribution; stimulus duration, 21254
Stimulus Frequency—Serials
 attentional blink; attention capture; target capture effects; target letters; distractor letters; serial visual presentation; rapid presentation; visual system; key target features, 21400
 bi-directional plasticity; motor cortex; stimulus frequency, 6969
 brain stimulation; rewards; duration; stimulation strength; reward intensity; stimulation frequency; performance; rats, 625
 categorization; sequence effects; tones; frequency; stimulus magnitudes, 12708
 cutaneous flutter stimulation; neuron response; response dynamics; anesthetized monkeys & cats; discharge activity; stimulus frequency; skin displacement; cortical response; response pattern, 3808
 event-related potential; auditory deviance; frontocentral mismatch negativity; automatic mismatch response; kindergarten children; frontal positivity; small frequency deviance; phoneme deviance, 15663
 hemispheric dominance; left hemisphere; right hemisphere; linguistic processing; non-linguistic processing; temporal processing; frequency transitions; stimulus change, 6946
 judgments of presentation frequency; recognition confidence ratings; memory; repetition; reminding; stimulus duration, 33799

radial phantom motion; spatial dependencies; temporal frequency tuning; stimulus size; motion aftereffects, 30623
 reading; eye fixations; frequency; predictability; fixation durations; E Z reader model; word encoding time, 30685
 repeated administration; transcutaneous electrical nerve stimulation; frequency; rats; tolerance; mu-opioid agonists; delta-opioid agonists, 15430
 rest tremor; tremor amplitude; Parkinson's disease; deep brain stimulation; ventro-intermediate nucleus; thalamus; subthalamic nucleus; globus pallidus; stimulus frequency, 8214
 sleep onset; mismatch negativity; auditory event-related potentials; sensory memory; non-REM sleep; deviant related negativity; stimulus presentation, 15673
 spacing effects; free recall; contextual change; repetition, 24519
 stimulus repetitions; auditory event-related potentials; humans; rats, 30904
 visual event-related potentials; stimulus frequency; visual oddball; prefrontal cortex; temporal cortex, 27822
 visual stimuli; temporal order judgments; stimulus redundancy; stimulus detection processes; reaction times, 33666
Stimulus Generalization—Serials
 elemental information; configural perception; discrimination task; pigeons; people present stimuli, 463
 face recognition; pigeons; static and dynamic images; depth-rotated human faces; visual discrimination; stimulus generalization; novel viewpoints, 27618
 face recognition; university students; gray-scale images; generalization functions, 33730
 human associative learning; cue interaction phenomena; nonlinear discrimination; stimulus generalization, 18407
 long-term retention; stimulus equivalence generalization; mental retardation; novel stimuli, 22752
 natural gradient learning; generalization performance; neural network learning speed; network information criterion, 24118
 response variability; stimulus generalization; martial arts training; punching; kicking; reinforcement; extinction, 30717
 sound production treatment; acquired apraxia of speech; stimulus generalization, 29822
 spatial generalization; visual skills; V4 lesions; TEO lesions; monkeys; shape discrimination; color discrimination; visual fields, 6870
 variable-ratio schedule; differential-reinforcement-of-low-rate schedule; line-length continuum generalization; fixed-interval schedule; extinction; generalization gradients; behavioral history, 3399
 word; behavioral support; contextual cues; literal use; symbols; symbolic understanding; functional equivalence; stimulus generalization, 33941
Stimulus Intensity—Serials
 acoustic startle; rats; transient motor response; acoustic stimuli; acoustic pulse; acoustic startle amplitude; acoustic startle parameters; intensity; rise time; duration, 488
 attentional selection; auditory warning signals; psychomotor performance, 33765
 auditory stimulus intensity; hearing threshold; cognitive function; stimulus intensity; hearing effects; cognition effects; event-related potential; P300, 15649
 brain stimulation; rewards; duration; stimulation strength; reward intensity; stimulation frequency; performance; rats, 625
 directional behavior; pleurobrancha; single interneurons; multifunctional serotonergic cells; stimulus intensity; noxious stimuli; food stimuli; motor output; avoidance conditioning, 21415
 electrical fingertip stimulation; hand muscle contraction; reflex; exteroceptive inhibition; somatosensory evoked potentials; stimulus intensity, 15655
 event-related desynchronization; event-related synchronization; electrocutaneous stimulation; electroencephalographic rhythms; corpus callosum size; cortical responses, 12922
 focused analgesia; generalized relaxation; hypnotic analgesia; stimulus intensity; pain intensity; unpleasantness, 29424
 noise effects; noise sources; sound levels; long-term recall; recognition, 10186
 pain intensity; cold stimuli; perceptual measures; cold temperatures; thermal intensity; affect; stimuli temperature, 3307
 psychophysical theory; summation; magnitude production; symmetric matching; asymmetric matching; joint presentations; intensity; loudness, 15255
 rabbit nictitating membrane response; conditioning specific reflex modification; unconditioned stimulus intensity; classical conditioning, 482
 state space model; point process intensity & parameters; latent stimulus; neural spiking; approximate expectation maximization algorithm; recursive nonlinear filter algorithm, 17979

Volume 91 SUBJECT INDEX

Stimulus Intensity—Serials

stimulus intensity; manual reaction time; saccadic reaction time; manual responses; saccadic responses, 33660
sweetness intensity; repeated presentation; sweet stimulus; sweetness perception; binary mixtures; ternary mixtures, 15189
time order; space-order; subjective stimulus difference; paired stimuli; successive stimuli; simultaneous stimuli; interstimulus interval; stimulus duration; line length; tone loudness, 6479
trials-to-criterion tasks; latent inhibition; stimulus pre-exposure; positive-schizotypy; latent facilitation; learning, 30706
visual intensity; audiovisual redundancy; bad news; compelling messages; visual information; viewers recognition; delayed free recall, 31084
vomeronasal organ; odorants; signalling; main olfactory epithelium; pheromones; mice; chemosensory functions, 9936
Stimulus Intervals [See Also Interstimulus Interval, Intertrial Interval]—Serials
auditory temporal resolution; gap detection; mismatch negativity; event related potentials; event related field recordings; gap size, 7081
conditioned stimulus-unchanged stimulus intervals; defensive behavior system; Norway rat; Pavlovian fear conditioning; reinforcement, 467
dot arrays interval; visual short-term memory; time window; array integration; temporal window; visual image integration; visual search; probe task; memory, 24501
explicit counting; temporal discrimination; marker-type conditions; strategy limits; standard durations; auditory signals; visual signals; duration discrimination; memory variance; memory process, 15182
perceptual processing; task set reconfiguration; stimulus contrast; response-stimulus interval; early processing; task switching; switch cost; reaction times; errors; cognitive control, 314
pigeon anticipation; local statistical information; serial response time task; repeating locations; random locations; spatial location; global information; response-to-stimulus intervals, 12734
signal detection theory; interaural time difference; dual impulse stimuli; onset dominance; auditory localization; echo suppression; spatial cues; binaural system, 9617
task inhibition; task switching; manual choices; numerical judgment; unconditional double-press response; just abandoned task; performance cost; response mode inhibition; response-cue interval, 24442
time order; space-order; subjective stimulus difference; paired stimuli; successive stimuli; simultaneous stimuli; interstimulus interval; stimulus duration; line length; tone loudness, 6479
Weber's law; interval timing; scalar property; chronometric counting; response distribution; stimulus duration, 21254
Stimulus Novelty—Serials
attitude formation; novel objects; exploratory behavior; demonstrated learning; generalization; valence asymmetries, 33852
automatic evaluation; novel words; superficial phonetics; nonsense stimuli; English words; impression formation, 4038
brain asymmetry; neonatal novelty exposure; dynamics of turn bias; individual differences; social recognition memory; rats, 9893
cocaine sensitization; behavioral response; conditioned effects; novel open-field environment; locomotor stimulant effects; repeated cocaine treatment; behavioral sensitization, 27865
cocaine sensitization; behavioral response; conditioned effects; novel open-field environment; locomotor stimulant effects; repeated cocaine treatment; behavioral sensitization, 27933
creativity; Kirton's Theory; novel stimulus; novel response; intelligent behavior; model; proactive creativity; reactive creativity; training programs, 34684
dialects; syntax; sentence comprehension; generalization; interference; learning; construction novelty, 30673
display inversion; point-light stimuli; motion perception; veridical perception; prior information; spontaneous recognition, 12605
dopamine facilitation; LTP induction; hippocampal CA1; spatial novelty; memory formation; synaptic plasticity; novel spatial environment; glutamatergic transmission; rat hippocampus, 9857
environmental sounds; response times; auditory icon recognition; learnability; sound meaning, 15251
event related potential; novelty response; novelty P3; P300; principle components analysis; localization, 7044
food foraging; rats; spatial memory; maze pathways; pathway novelty; pathway choice, 9757
four month old infants; infant perception; animal categorization; body part importance; novelty preference, 22047

habituation; childhood development; developmental course; attention; infant cognition; novelty preference; age differences, 22032
infant colour categories; pre-linguistic infants; color perception; habituation; dishabituation; primary boundaries; secondary boundaries; novel stimuli, 34274
laterality effects; novel objects; object recognition; left hemisphere; recognition subsystem; semantic associations; right hemisphere; viewpoint dependent performance; semantic processing, 27722
long-term retention; stimulus equivalence generalization; mental retardation; novel stimuli, 22752
memory for change; responsiveness to change; novelty; brightness change; glucose treatment; age; rats, 469
novel foods; food preference; nutrients; social influences; tufted capuchins, 6749
novel odor; food discrimination; mammalian species; social influences; tufted capuchins; food preference; olfactory cues; familiar odor; cebus apella, 21456
optimal innovation; pleasure ratings; Optimal Innovation Hypothesis; familiarity; linguistics; familiar expressions, 31065
P300 event related brain potential; visual 3-stimulus paradigm; stimulus typicality; task difficulty; task discrimination; P3a scalp topography, 12918
perceptual old new recognition; item distinctiveness; continuous dimension distance; item features; word recognition; face recognition; color recognition, 429
prior knowledge sources; category learning; unexpected information; Baywatch model; critical stimulus features congruency; incongruent features, 30719
sex differences; behavioral responses; object localization; object recognition; mice; spatial novelty; object novelty, 6652
social learning; capuchin monkeys; value learning; novel tokens; token exchange; conspecific modeling, 27608
spatial learning deficits; chronic stress; novelty reactivity; neurobiology; cognitive alterations; behavioral reactivity; rats; psychosocial stress; individual differences; hippocampus, 7140
target-stimulus reminder; reminder cuing; object recognition; novel object; memory; rats, 3470
taste novelty; c-fos expression; central amygdala; insular cortex; taste aversion learning; rats, 6926
theoretical differences; developmental stages; uncorrelated stimuli; computational models; attention; correlation detection; infants, 24990
top-down inhibition; visual marking; prioritized selection; novel stimulus, 6495
visual judgments; novel semantic information; visual recognition; frontal cortex; parietal cortex, 27745
von Restorff effect; amnesia; novelty; recognition memory; medial temporal lobe, 13964
word-referent link; ignorant speaker; knowledgeable speaker; novel word; word learning; toys; young children, 10207
young children; name innovations; novel artifacts; object function; object perceptual properties, 10187
Stimulus Onset—Serials
attentional capture; stimulus onset asynchronies; singleton detection; feature search; distraction; visual search strategies; color perception; shape perception, 311
auditory distraction presentation rates; electrophysiological effects; event-related potential; behavioral effects; stimulus occurrence timing; discrimination; tones; stimulus onset asynchrony, 21740
backward visual masking; masking analysis; masking tests; stimulus onset asynchrony; interstimulus interval; stimulus termination asynchrony, 30598
cortical networks; stimulus onset; functional magnetic resonance imaging; visual event-related potentials; spatial attention; attention shifts; visual search, 588
electrophysiology; visual memory; encoding; attentional blink effect; stimulus onset asynchronies, 7042
event related potentials; conscious & unconscious semantic priming; lexical decision; stimulus onset asynchrony; N400, 7072
inhibition of return; nonspatial visual cuing; cues; stimulus onset asynchronies; perceptual localization, 6497
inhibition of return; time course; adult age differences; cued location; spatially based attention, 18277
leaky integrate-and-fire neuron; threshold fatigue; stimuli response; step currents; stimulus onset, 3766
masking functions; stimulus onset asynchrony; temporal masking; crowding; visual masking, 33712
number processing; priming; stimulus onset asynchrony; naming task; response latencies; semantic distance; distance effects; processing times; arabic numbers; judgment task; number naming, 18350
object-based attention; configural prioritization; contextual prioritization; stimulus onset asynchrony, 27577
oculomotor capture; color; top-down control; stimulus onset; selective attention, 6511

Stimulus Parameters—Serials

return inhibition; spatial properties; time course; visual field; meta analysis, 18295
semantic activation; perceptual awareness; semantic priming; stimulus onset asynchronies, 6588
semantic context; schizophrenia; multiple remote primes, 25619
sentence presentation; background stimuli; recognition potential; electrical brain response; semantic processing; stimulus probability; stimulus onset asynchrony, 27817
signal detection theory; interaural time difference; dual impulse stimuli; onset dominance; auditory localization; echo suppression; spatial cues; binaural system, 9617
stimulus onset asynchrony; occupational stereotypes; speeded classification; category verification; classification tasks; anticipatory control; racial stereotypes, 18346
time course; simultaneous onset & offset cues; attention orientation; visual field; inhibition, 9568
visual salience; object detection; new object onset; visual attention; stimulus events; luminance change; color change; object offset; object representation; existing objects; onset advantage, 21267
visuospatial attention; color; abrupt-onset cues; visuospatial processing; color priming; peripheral cuing, 27574
Stimulus Onset—Chapters
The mechanics of masked priming, 15270
Stimulus Parameters [See Also Size, Spatial Frequency, Stimulus Attenuation, Stimulus Complexity, Stimulus Duration, Stimulus Frequency, Stimulus Intensity, Stimulus Intervals, Stimulus Novelty, Stimulus Onset, Stimulus Salience, Stimulus Similarity, Stimulus Variability, Temporal Frequency]—Serials
acoustic startle; rats; transient motor response; acoustic stimuli; acoustic pulse; acoustic startle amplitude; acoustic startle parameters; intensity; rise time; duration, 488
aphasia; short term memory span performance; words; numbers; verbal span; nonverbal span; lexical ability; semantic processes; phonological processes, 26151
articulatory duration; phonological similarity & complexity; verbal working memory; phonological loop model; verbal serial recall; accuracy, 427
attention capture; stimuli capture attention; visual attention; visual search; target characteristics; dynamic events, 6617
attention; lead stimulus; acoustic blink reflex; reaction time, 3853
attentional capture; display size; spatial distance; color; visual search, 24398
audiovisual integration; temporal perception; auditory flutter; visual flicker; stimulus change; stimulus frequency, 327
auditory event-related potentials; event related slow-wave; attention deficit disorder hyperactivity disorder; ADHD; children; adolescents; stimulus processing; subtypes; time frequency analysis, 4769
auditory stimuli; tempo shift; rhythmic sensorimotor synchronization; rhythmic arm movements; response intervals; stimulus frequency; stimulus onsets; psychophysical variables; cue, 6469
Beck effect; context presence; stimulus type color stimuli; color discrimination; background stimuli, 21284
category membership; sequential effects; stimulus category; range effects; sequential dependencies; sequence effects; reaction times; magnitude judgment, 33816
circadian rhythm; desensitization; chemosensory event-related potentials; odorous & painful stimuli; adaptation; habituation, 7066
conditioned lick suppression; trial number; second-order conditioning; compound stimuli; temporal relationship; behavioral control; conditioned inhibition; rats, 27634
conditioned stimulus; unconditioned stimulus; reciprocal relationship; Pavlovian conditioning; positive contingent stimulus; contingency sensitivity; trial marker; associative explanations; rats, 27626
configural face encoding; spatial frequency information; face recognition; face inversion effect; face encoding; facial discrimination; configural vs featural modifications, 6487
contrast polarity; spatial factors; stimulus configurations; collinear edge; boundary integration; spatial interactions, 6521
cross modal interaction; temporal order judgment; visual perception; auditory perception; spatial proximity; stimulus onset asynchronies; temporal ventriloquism, 320
emotionally relevant context; negative & irrelevant & neutral stimuli; evoked cardiac response; stimulus processing; primary bradycardia; late decelerative component; stimulus valence, 680
facial wiping; rat fetus; chemosensory stimulus; wiping response; lemon odor infusion, 21411
false memories; distinctive information; impoverished relational-encoding; critical lures; retrieval; distinctiveness heuristic; visual stimulation, 24497
false prototype enhancement; dot pattern categorization; information representation, 30584

feature conjunction benefits; asynchronous response priming; task relevance; response mapping; asynchronous priming model; decision based processing; attention capacity; visual perception, 33655

feature type; flavored solution; visual cue; auditory cue; feature positive discrimination; transfer; rats, 3490

goal contagion; implied behavioral goals; behavioral information; automatic goal adoption; goal directedness; goal characteristics; goal perception, 28413

hemispheric asymmetry; emotion; conscious perception; unconscious perception; negative stimuli; neutral stimuli; visual perception, 30874

holistic encoding hypothesis; facial perception; face recognition; decisional & informational separability; decisional criteria, 393

ideamotor compatibility; psychological refractory period effect; stimulus-response compatible tasks; stimulus onset; auditory task, 21274

inertia tests; length perception; haptic perception; mechanical parameters; mechanical invariants; static moment; heaviness perception, 15184

interhemispheric interaction; bilateral redundancy gain; bilateral stimulation; letter trigram recognition; performance; errors, 594

latent inhibition; signal value; unconditioned stimulus; attenuated conditioning; conditioned stimulus, 33926

magnitude comprehension; numerosity; size; ratio; verbal counting knowledge; comparison; early childhood development; nonverbal numerical ability; perceptual characteristics, 10205

mean rate; unconditioned stimuli; interval distribution; conditioned stimuli; linear combination; temporal learning; cs duration; food cup, 27620

mixed design; blocked design; stimulus evaluation; unidirectional effects; reaction time; noncontingent stages; stimulus, 6598

mixing costs; mixing benefits; naming task; words; pictures; sums; homogenization pattern; time criterion; pure blocks; mixed blocks, 3393

negative priming; repetition priming; selective attention; semantic categorization; attentional instructions; stimulus duration; stimulus onset asynchrony; temporal presentation, 446

neural responses; natural signals; natural stimuli; neurons; visual neurons; auditory neurons, 21690

nonword naming; Dual Route Cascaded model; stimulus quality; skilled readers; neighborhood density; additive effects; reaction time; word frequency; spelling sound regularity; nonword letter length, 15297

object identification; simultanagnosia; object characteristics; animate; inanimate; global shape; internal detail; segmentation cues; surface color; texture, 20042

object representation; stimulus degradation; visuomotor priming; visual objects; visual input; motor activity, 27446

operant escape; innate reflex responses; nociceptive stimulation; skin temperatures; heat; cold; thermal stimulation; rats; frequency; duration; latency, 21773

P300 event-related brain potential; risk group differences; gender differences; stimulus modality; task difficulty; alcoholism risk, 4738

Pavlovian processes; simultaneous discriminations; associative process; Pavlovian conditioning; discriminative stimuli, 33947

perceptual dimensions; tactile textures; texture perception; semantics; touch; tactile categorization; stimulus similarity, 325

perceptual old new recognition; item distinctiveness; continuous dimension distance; item features; word recognition; face recognition; color recognition, 429

personality; extraversion; neuroticism; positive affect; negative affect; attentional bias; emotional stimuli; automatic arousal; fusiform gyrus, 13466

pictorial lists; discrimination learning; list discrimination; nonassociative learning; associative learning; stimulus frequency; reinforcement rates; novelty; familiarity; humans; performance, 425

positive negative asymmetry; trivial stimuli; evaluative judgments, 6599

psychophysiology; processing stages; warning signal; information; reaction time; event related potentials, 7129

recognition memory; theories; signal detection; recognition decisions; dual process theory; parameter estimates, 18404

right-left prevalence; stimulus location; Simon effect, 6520

saccadic inhibition; reading; visual input change, 9596

saccadic visual selection; stimulus driven control; goal driven control; saccadic eye movements, 30633

sequential sampling model; reaction time; two choice decisions; response time distribution, 15296

simon effect; horizontal position; stimulus position; faster responses; simon task, 18303

Simon Effect; stimulus locations; response-discrimination; spatial axes; response activation; spatial perception; spatial choice-reaction; two-choice reaction; go no-go task, 15180

slow components; online components; emotional stroop task; emotional intrusion effect; disruptive effects; negative stimuli, 12650

spatial stimulus-response compatibility; negative priming; response inhibition; spatial stimuli; reaction time, 21250

spectral integration; stimulus components; receptive field; primary auditory cortex; marmosets; neuronal tuning characteristics, 15519

spectrotemporal window of integration; auditory information; human brain; acoustic information; short term temporal integration; frequency integration; electric mismatch negativity, 6988

standard values; somatosensory evoked potentials; tibial nerve; amplitude parameters; latency parameters, 7063

state space model; point process intensity & parameters; latent stimulus; neural spiking; approximate expectation maximization algorithm; recursive nonlinear filter algorithm, 17979

stimulus control topography coherence; stimulus properties; reinforcement contingency; discrimination learning outcomes; methodology, 6610

stimulus dimensions; discrimination learning; minipigs; visual discrimination; spatial discrimination; visual reversal; spatial reversal; learning, 27625

stimulus features; stimulus control; visual stimuli; time course; relational cues; same-different discrimination learning; pigeons, 27615

stimulus format; object recognition; event-related potentials; electrophysiological indices, 12921

stimulus intensity; stimulus frequency; acoustic stimulation; complex rhythm stimulus; long term memory consolidation; chicks; passive-avoidance task, 12742

stimulus magnitude; stimulus scope; subjective value; preferences; feeling valuation; calculation valuation; value functions; step functions; value, 12716

stimulus modality; shuttle activity; rats; auditory stimuli; visual stimuli; habituation, 30781

stimulus properties; category construction; stimulus classification; similarity grouping; sorting; family resemblance, 12652

stimulus-response compatibility; Simon effect; attention-shift hypothesis; stimulated eye; response location; spatial stimulus codes, 9602

symmetric responding; symmetric experience; response generalization; matching to sample; visual stimuli; spoken stimuli; names, 4095

task switching; cognitive control; task representation; stimulus dimensions; task features; hierarchical representation; hierarchical organization; structured task; shift costs, 18337

task switching; task alternation; bivalency cost; bivalent stimuli; top-down processes; endogenous processes; response style; response errors; performance; cognitive ability, 395

temporal binding; connectionist recruitment learning; delayed lines; temporal correlation hypothesis; distributed synchrony, 9266

temporal ventriloquism; visual stimulus; sound; temporal dimensions; temporal proximity; flash-lag effect; moving object; noise burst; silent condition; isolated sound; visual illusion, 21257

timesharing; ideomotor compatibility; mutual interference; responses; simultaneous two-choice tasks; stimulus-response relationship, 3361

timesharing; ideomotor compatibility; mutual interference; responses; simultaneous two-choice tasks; stimulus-response relationship, 371

vibrotactile localization; localization accuracy; vibrotactile stimuli; tactile acuity; arm; vibratory stimulus frequency; stimulus location; age differences, 6474

visual attention; feature integration; stimulus features; cognitive processes, 24363

visual masking; aging; sensory factors; focal attention; target clarity; stimulus contrast; visual representations; stimulus quality, 15932

visual perception; curved surfaces; three dimensional distances, 18292

visual similarity; object recognition; surface characteristics; edge information; line drawings; grayscale drawings; naming; categorization; living things; nonliving things; agnosia, 6583

word length effect; luminance increment paradigm; printed word perception; word recognition; developmental pattern; phonological length; word naming; on-line word identification; speed naming, 28063

word recognition; word frequency; subjective familiarity; word length; concreteness; age of acquisition; eye fixation duration, 375

Stimulus Parameters [See Also Size, Spatial Frequency, Stimulus Attenuation, Stimulus Complexity, Stimulus Duration, Stimulus Frequency, Stimulus Intensity, Stimulus Intervals, Stimulus Novelty, Stimulus Onset, Stimulus Salience, Stimulus Similarity, Stimulus Variability, Temporal Frequency]—Chapters

The evolution of the concept of interhemispheric relay time, 15610

The quest for universals in temporal processing in music, 6545

Stimulus overselectivity and observing behavior in individuals with mental retardation, 22754

Stimulus Pattern [See Stimulus Variability]

Stimulus Presentation Methods [See Also Stereoscopic Presentation]—Serials

arousal modulation; high functioning autism; response inhibition; event-rate manipulation; reaction time; adults; errors of commission, 13797

asymmetrical retention; asymmetrical training; feature-present matching; feature-absent matching; initially trained sample; retention; matching task; single-code-default strategy; Silver King pigeons, 9708

cause and effect; degree of contingency; judgement; stimulus presentation; relative prevalence, 30697

cerebral palsy; augmentative and alternative communication; speech ability; vocabulary recognition; static vs dynamic display; children; adolescents, 26142

conditioned stimulus; unconditioned stimulus; reciprocal relationship; Pavlovian conditioning; positive contingent stimulus; contingency sensitivity; trial marker; associative explanations; rats, 27626

confidence-accuracy calibration; relative judgments; absolute judgments; face recognition; simultaneously presented stimuli; sequentially presented stimuli, 33882

emotional stimuli; rapid serial visual presentation; immediate recall; repetition blindness; words, 24370

eyewitness; sequential procedure; change of appearance; sequential presentation, 426

familiarity based sleeper effect; advertisement type; advertisement repetition; measurement delay; attitude toward ad; attitude toward brand; adults, 3028

fixed interval schedule; reinforcer concentration; rats, 27606

full body restraint; rapid stimulus exposure; treatment; dogs; defensive aggressive behavior, 6752

gender differences; female advantage; spatial location memory; dynamic array; static array; object location memory; line drawings, 6614

illumination; acoustic startle response; rats; fear potentiation; unconditioned stimulus; noradrenergic beta-receptor antagonist; propranolol, 6817

illusory conjunction; time domain; features binding; Rapid Serial Visual Presentation; focal attention; time course; attentional blink, 21263

imitation judgments; shadowed words; stimulus presentation, 30740

intersensory redundancy; bimodal stimulation; nonredundant vs redundant stimulation; heart rate; quail embryos; auditory stimulation; visual stimulation; temporal synchrony; unimodal stimulation, 7104

light intensities; informational analysis; stimulus presentation; subjective estimates; reaction time, 12950

mental effort; vigilance; resource depletion; stimulus presentation, 12672

mental representations; numbers; stimulus modality; event-related potentials; auditory stimulus; visual stimulus; mental addition, 18651

multiple disabilities; activity level; mood; exercise; happiness; stimulation, 7749

olfactory threshold; glass sniff bottles; plastic squeeze bottles; phenyl ethyl alcohol odor; odor detection; presentation method, 33702

optical imaging; tactile funneling illusion; simultaneous presentation; somatosensory cortex; stimuli; squirrel monkey, 6645

partial reinforcement extinction effect; continuous reinforcement; unconditioned stimulus; conditioned response; conditioned stimulus; nonreinforced trials; reinforced groups; appetitive conditioning, 27616

phonological word length; orthographic word length; memory; lists; rapid serial visual presentation; short-term memory; visual orthographic length; serial recall, 24488

presentation speed; story recall; college students; multiple sclerosis patients; story memory tests, 27329

prime-probe duration; positive location priming; negative location priming; spatial localization; display duration; presentation mode; attended-repetition; ignored-repetition, 12595

psychophysical theory; summation; magnitude production; symmetric matching; asymmetric matching; joint presentations; intensity; loudness, 15255

rapid serial visual presentation; stimulus onset asynchrony; affective modulation; emotionally arousing verbs; attentional blink, 15208

Volume 91 SUBJECT INDEX

Stimulus Presentation Methods—Serials

rhythmic context; perceived duration; interval approach; entrainment approach; short-interval timing; internal clock; time judgment; tones, 3297
semantic priming; automaticity; lexical decision; prime display, 366
shift trials; learning; stimuli interchange; mask trials; computerized tasks; animal planning; chimpanzees; rhesus macaques, 27605
target detection; redundant target effect; nontargets effect; psychological refractory period paradigm, 3310
task difficulty; presentation mode; arithmetic ability; computer presentation; response latency; response accuracy; auditory information processing; modality of presentation; interference effects, 18162
temporal integration; temporal relationships; backward associations; coding hypothesis; rats, 462
timing; repeated suggestive interviewing; misinformation; recall; eyewitness memory, 30728
video projectors; image presentation technique; artificial conflicts; artificial misperception; polarizing filters; experimentation tool, 9545
visual short-term memory; spatial configuration; orientation memory, 18375

Stimulus Presentation Methods [See Also Stereoscopic Presentation]—Chapters

Learning to perceive while perceiving to learn, 15228
Stimulus Salience—Serials
auditory distraction; irrelevant sound; free recall; working memory capacity; individual differences; immediate recall, 30701
foreground stimuli; background stimuli; brain responses; event-related potentials; recognition; memory; prior exposure; visual objects; landscape scenes; stimulus context; fMRI, 648

Implicit Association Test; salience asymmetries; nonassociated categories; neutral categories; target categories; explicit measures; common variance; visual search, 21344
localized attentional interference; attentional salience; luminance; cues, 30752
perceptual processing; task set reconfiguration; stimulus contrast; response-stimulus interval; early processing; task switching; switch cost; reaction times; errors; cognitive control, 314
pronouns; pronoun processing; lexical frequency; antecedents; processing ease; salience; lemma reaccess account; reading times; reading; anaphors, 9685
selective attention; cognitive control of attention; stimulus salience; stimulus complexity; rejection of distractors; theories; perception of distractors; perceptual load; working memory, 30749
stimulus salience; retention interval; delayed matching-to-sample; asymmetric forgetting; pigeons, 27639
top-down inhibition; visual marking; prioritized selection; novel stimuli, 6495
visual salience; object detection; novel object onset; visual attention; stimulus events; luminance change; color change; object offset; object representation; existing objects; onset advantage, 21267
visual salience; reference resolution; simulated three-dimensional environments; visual saliency algorithm; situated language interpreter; reference resolution framework; natural language interfaces, 36503

Stimulus Similarity—Serials
auditory extinction; right hemisphere lesions; simultaneous stimulation; stimulus similarity; task requirements; voice stimuli; letter stimuli, 20089
basic-level categorization; visual similarity; category specificity; living things; non-living things; pictorial stimuli; computational measure; neural networks; humans, 9265
categorization strategies; complex perceptual categorization; category membership; exemplar model; unified model; knowledge partitioning, 30746
categorization; grouping; similarity; cognition; musical structure; music theory; perceived derivation; cue abstraction, 12654
event related potentials; spoken language comprehension; sentence interpretation in discourse context; local and global meaning; word recognition; N400; ERP; consistency, 7083
loss aversion; inhibition; multialternative choice; dynamical models; similarity effects; compromise effects; attraction effects; attention switching, 27522
motion stimuli; cortical regions; inter-species comparison; similarities; differences; motion sensitivity; monkeys; humans, 3692
multidimensional rules; unidimensional rules; event-related potentials; declarative memory; rule instruction; categorization; physiological correlates, 30716
nonalignable differences; alignable differences; structural alignment theory of similarity; contextual constraints; difference judgments; similarity judgment, 30714
old-new recognition; frequency judgments; repetition; similarity; normative word frequency; memory representations; registration without learning; target discrimination, 12648

product category; product similarity judgments; product category distance; product variation; brands, 17933
reaction time pattern; generalization; discrimination; stimulus similarity; incentive; reinforcement; pigeons, 27607
similarity measures; categorization models; geometric distance, 30546
similarity-based model; induction task; categorization task; young children; linguistic labels; perceptual information; similarity judgment; recognition memory tasks; artificial labels; real labels, 22044
statistical regularities; implicit learning; acoustical characteristic similarity; transition probabilities; auditory material, 30742
statistical regularity learning; pattern regularity perception; musical tone sequences; temporal adjacency, 30661
stimulus properties; category construction; stimulus classification; similarity grouping; sorting; family resemblance, 12652
visual discrimination; compound processing; configural processing; elemental processing; honeybees; individual experience; learning, 3476

Stimulus Variability—Serials

bumblebees; unlearned approach; food sources; nonrewarding objects; unrewarding stimulation; habituation; maze learning, 18522
face recognition; spatial frequency similarity; classification; object recognition; spatial frequency overlap; stimulus variability, 33710
glass patterns; form perception; visual mechanisms; pattern stimuli; dipole, 30612
learning deficits; dyslexia; identical complexity; artificial grammar; learning task; task complexity; stimulus format; attention, 35111
melody cues; temporal cues; musical meter; music perception; music contour; repetition; rhythm; pitch, 33745
memory; space; time; balance; spatiotemporal organization; kappa effect; tau effect; constant durations; constant distances; variable distances; variable durations; mental image; stabilization, 21391
model; visual motion perception; two pathways between retina & cortical area MT; striate cortex lesions; magnitudes & latencies of neural responses; stimulus speed; MT area; MST area; monkeys, 3600
reinforcement rate; time in session; variability preference; terminal links; pigeons, 476
stress regularity; reading aloud; polysyllables; Italian words; stress patterns; stress consistency, 27977

Stimulus Variability—Chapters

Visual variability discrimination, 21302
Stipends [See Educational Financial Assistance]

Stochastic Modeling [See Also Markov Chains]—Serials

ambiguous figure; binocular rivalry; visual consciousness; perceptual alternation; visual awareness; gamma distribution, 6516
categorization models; general recognition theory; categorization behavior; exemplar-based models; stimulus classification; assignment probabilities; rule-based prediction; generalized context model, 12669
chaotic neuron model; stochastic behavior; neural networks; EEG; neuron dynamics, 15475
firing times; stochastic neuronal models; white noise, 6163
learning machine; non-identifiable statistical model; gaussian mixture; distribution mixture; mixture model singularity; stochastic complexity; algebraic geometry, 9256
mental architectures; stochastically interdependent components; mental task, 15126
prospect theory; stochastic dominance; S-shaped value function hypothesis; risk aversion; risk seeking; gains; losses; certainty effect; fund managers; financial analysts; choice; business students, 27096
spike trains; monkey brain; stochastic structure; primary visual cortex; neurons; spike count; visual cortex; information; coding, 15601
stochastic model selection; PAC-Bayesian learning; machine learning; posterior distribution; Bayesian learning; PAC learning; model averaging; Gibbs distribution, 12385
voter turnout; collective action outcomes; stochastic learning theory, 22234
voter turnout; collective action outcomes; stochastic learning theory, 22235
Stomach—Serials
gastric function; bulimia nervosa; minimal distending pressure; stomach, 8094
Storytelling—Serials
accurate retelling; entertaining; recognition memory, 18377
attitudes; communication models; message formulation techniques; storytelling; amyotrophic lateral sclerosis; augmentative and alternative communication; narratives, 1867
body talk; expressing pain; body communication; communicative body medium; Reynaud disease; metaphor; verbal expression; subjectivities; retranslating body language, 23205
children's bedtime problems; social stories; rewards; bedtime resistance; night waking; disruptive bedtime behavior; intervention; parental expectations, 26294
children's imagination; unknown; story-telling context; heffalump; meaning, 7435
collaborative virtual role-play environment; stories characterization; children's imaginative writing; computer game; Ghostwriter, 21035
computer teaching; learning stories; narrative theory; online educational experiences; educational multimedia; evaluation strategies, 30023
crossing borders; disorientation; time orientation; space orientation; narratives; experiences; storytelling management; linguistic resources; immigrants, 18843
eating disorder; therapists; stories, 28944
educational opportunity; learning environment; effective learning; social aspects; World Wide Web; multimedia; Malay digital folklore; storytelling, 2727
errater reliability; story retelling; rates; minimal training; percent information units per minute; aphasia, 15069
language development; Latino children; fictional narratives; sentence organization; developmental differences; low-socioeconomic status community, 13195
lexical semantics; verbs; temporal relations; verbal temporalisation; verb semantics; storytelling system; Confucius, 36506
management consulting; story-telling; cooperation; impression manager, 27058
media project; high school students; short films; teenagers; Black filmmaking students; riots, 4077
metacognitive language; story texts; conceptual understanding; mental states; production & comprehension; metacognitive vocabulary; kindergarten children, 24970
multiple-choice questions; Resource Allocation Paradigm of Pittsburgh; story comprehension; passage dependency; auditory story comprehension; software environment, 27269
narrative; self concept; narrative work; stories; subjectivity, 18853
place; time; interactional resources; narrative; conversational stories; adolescent females, 18846
pre-school culture; media culture; multimedia functions of computer; interactional processes; sociocultural perspective; constructivist approach, 30060
psychopathology; psychological disorders; narrative development; story-telling; guiding therapy; narratives; organizational level, 29271
qualitative research; storytelling; ethnographic writing, 27408
real self; sexual formula stories; personal storytelling; social movement activism; lesbian; gay; bisexual; transgender; storytelling identities; social movement work, 19002
self narratives; self recitation; self story; life-story; subjectivity; White women; feminist theory, 22242
social class; children narratives; preschoolers; story-telling; elaborative style; reporting condition, 18949
story comprehension; story production; narrative comprehension; human communication; neuropsychology; interrelation; neuroimaging, 27761
story-telling; sexual abuse; child abuse; investigative interviews, 16491
story; narrative theory; time; space; spatial-temporal orientations, 18854
storybook interactions; augmentative communication devices; intervention strategies; reading behaviors; parent behaviors; child behaviors; girls; Rett syndrome, 11085
storytelling practice; dialogic management; transplant support group; individual identities; collective identities; chronically ill patients; identity construction, 26201
storytelling; early childhood mathematics; mathematics concepts; problem-solving; language arts, 23799
storytelling; personal experiences; narrative development; Chinese children, 22030
technology development; children's writing skills; literacy development; story listening system; child ability; literacy behaviors; keyboard-based technologies; oral language; socially situated peers, 17621
telerehabilitation; story retelling; neurogenic communication disorders; acquired brain injury, 29818
traits; life narratives; dispositional personality features; narrative personality features, 28491
Storytelling—Chapters
Exploring the creative potential of people with Alzheimer's disease and related dementia: Dare to imagine, 17138

Strabismus—Serials
conjugate adaptation; saccadic gain adaptation; non-human primates; strabismus; monocular viewing; monkeys, 34103
parents observations; academic and nonacademic performance; children with strabismus; academic difficulties; learning, 29206

Volume 91 SUBJECT INDEX

Strabismus—Serials

subcortical heterotopia; corpus callosum; dysgenesis; strabismus; craniofacial dysmorphism; eye abnormalities; growth mental retardation; learning disability, 13531
Strain Differences (Animal) [See *Animal Strain Differences*]

Stranger Reactions—Serials

defense mechanisms; self-reported violence; stranger reactions; partner interaction; conflict resolution; men, 25836

dopamine D4 receptor gene; serotonin transporter; polymorphisms; infants; novelty response; infant temperament; stranger reactions, 13154

self-stranger agreement; personality assessment; zero acquaintance; personality traits; extraversion; neuroticism; psychoticism; face perception; photographs, 1224

trait inferences; racial attitudes; motivation; prejudiced reactions; gender; impression formation, 22313

xenophobia; racist beliefs; cognitive mechanisms; daily lives; cognitive limitations, 31540

Strategies [See Also Learning Strategies]—Serials

academic identity; management academics; business school strategies; metaphors; business management; professional knowledge, 33266

adolescent perceptions; tobacco smoking; quitting strategies; smokers vs nonsmokers; cessation strategies; adolescent smokers; smoking status, 2518

age differences; strategy selection; associative learning deficits; memory; confidence; retrieval strategy; older adults; age differences; memory probe response, 33878

age; cognitive demands; choice strategies; task demands, 15934

AIDS prevention; American Indians; Alaska Native; communities treatment services; indigenous etiology paradigm; approaches to change, 29681

applicant tactics; hiring recommendations; influence tactics; recruiter fit perceptions; job fit perception; ingratiation tactic; self-promotion tactic; recruiters, 33238

behavioral activation; behavioral treatment; depression; strategies, 2048

blind; auditory recognition; efficiency of encoding strategies; age at onset; intersensory compensation; false memory; physical encoding; semantic encoding, 1898

candidate gender; campaign strategy; US; female candidates; campaign issues; voter-targeting strategies, 22233

caregiver-implemented teaching strategies; daily routines; children's communication outcomes; toddlers; developmental delay; intervention; family; indoor play routines; outdoor play routines, 22744

computational estimation; age-related changes; age differences; strategy choices; digit multiplication; speed; accuracy; cognitive domain change, 34380

concussion; prediction of verbal memory deficits; encoding strategies; semantic clustering; mild traumatic brain injury; course; onset; college athletes, 1830

coping strategies; learning modalities; female graduate students, 2810

coping strategies; managers; cross-cultural differences; sex differences, 12269

coping; concept mapping; coping assessment; theory; people's perceptions of coping; strategies, 25347

decision-making strategies; panic disorder; error rate; predictions; major depression, 4567

discordant sensory information; graphic production; individual differences; information processing strategies, 9652

Eating disorders; depression; bulimia; weight control strategies, 4536

elaborative interrogation; knowledge construction; expository text; text reading; knowledge level; interest level; learning; recall; inference; coherence; strategic processing, 36130

emotional control; cognitive-motivational-relational theory; behavioral consequences; sports, 9144

equation encoding; arithmetic knowledge; problem structure; mathematical equivalence problems; perceptual pattern; problem solving strategy use; fourth grade students, 24965

equivalence class formation; differential probability; reaction time; errors; matching to sample; training structure; many-to-one training; one-to-many training, 3390

evidence-based practice; strategic approach; decision-making tool; research emergent profession, 32819

exploration; risk assessment; laboratory strains; behavioral strategies; novel environments; wild house mice; domesticated mice; male house mice, 27594

Filipino children; understanding; peace; war; peace-attaining strategies, 10146

fine-scale time budget; Cape gannets; foraging strategies; coastal seabirds, 24599

gender differences; mental rotations test; strategy, 33836

hate crime; victims; demographic characteristics; psychological theory; psychologically based defense strategies; attitude; motivation; intent; emotions; behavior; intergroup relations, 33437

HIV infection; AIDS epidemic; AIDS prevention; public health policy; strategies, 32612

human resource management; competitive strategies; management policies; market environment; HRM; manufacturing technologies, 5997

individual agreements; organisational strategies; Australian workplace agreements; industrial relations; political relations; employers; employees, 30210

information acquisition strategies; cognitive structure; arithmetic; operators; operands; problem solving, 18361

international conflict resolution; motivation; ineffective resolution strategies, 18047

interorganizational relationships; buyer-seller relationships; knowledge productivity; software firms; flexibility effects; innovation; strategic value creation; trading partners, 24028

Jane Elliott's "blue-eyes brown eyes" exercise; reduction of stereotyping & prejudice; Whites; African Americans; Latino/Latina; Asian Americans; Native American, 10364

language learning; strategic thinking; learning environments; art, 33072

littering; intervention; informational strategy; behavior change; norms; cinemas, 3050

managerial control; social control; research-intensive industries; collaborative technology development strategy; collaborative research; research managers; chemical industry, 27055

market orientation; relationship marketing; marketing strategies; account management, 30269

marketing strategy; manufacturing industry; senior managers; organizational strategies; operations strategy; technology strategy; organizational performance, 30252

marriage; marital improvement; hope-focused approach; public policy; preventive strategies; Christian marriages; research recommendations; clinical recommendations; pastoral counseling, 2080

marriage strategies; young women; physical attractiveness; waist-to-hip-ratio; cross-cultural research; Azore Island; Guinea-Bissau; Indonesia; US, 34613

memory strategy; second grade students; self efficacy task; word organizing; categories; memory enhancement; trained students; performance level prediction; student predictions; qualitative data, 12118

mental health services; prison environment; strategic plans; clinical care, 32846

mood effects; verbal communication; sadness; verbal evasiveness; conflict situations; equivocation; cognitive strategies; equivocal communication, 28464

national cultural values; process discrepancies; outcome discrepancies; international strategic alliances; systems dynamic model, 36385

navigational strategies; local landmarks; distal landmarks; rats; spatial learning; swimming, 6684

nonprobability sampling; social work research; dilemmas; consequences; strategies, 27414

optometry; drug prescription; drug prescriptive authority; clinical psychology; drug therapy; professional group support; eye disease; drug treatment, 32893

organizational strategy development; management information system; power; information system strategy; ISS, 6041

political cynicism; issue evaluations; policy support; strategic television news coverage; political issue, 31085

population prevention; high-risk individuals; schizophrenia; prevention strategies; primary prevention, 20114

postnatal depression; primary prevention strategies; clinical practice; prevention interventions, 10757

prevention research; child abuse; youth violence; domestic violence; strategies; methodological issues; violence risk, 16479

problem-solving performance; problem complexity; problem solving; planning behavior; strategies, 363

progression analysis; writing strategies; workplace; writing process; writing situations; revising strategies; journalists, 7347

protective strategies; college student gender; drinking consequences; alcohol use; harmful drinking consequences, 19090

public communication; corporate behavior; discursive responsibilities; respect; commitment; exposure; strategic business goals; public discourse; civil society; corporate citizen; citizenship, 17829

rational vs intuitive vs dependent career decision-making strategy; person-job fit, 12253

resource-based theory; strategic assets; team cohesion; top management; strategic management simulation; sustainable competitive advantage, 12278

road safety; policy; strategies; qualitative assessment methodology; cluster analysis; autoregression analysis, 30290

school-based drug prevention; social policy; drug control strategies, 29776

senior management; airline industry; deregulation; Ryanair; business strategy; international competition, 6017

special educational needs; formative learning; child assessment; diagnosis; assessment strategies; disabled children; Piaget's theoretical basis, 36229

strategic flexibility; customer orientation; competitor orientation; marketing strategies; management planning; advertising, 6116

strategic innovation; Internet; mobile communication; entrepreneurial strategies; new markets creation; success factors; strategy; paradoxical management; core competency, 12306

strategic orientation; business performance; manufacturing firms, 14790

strategic orientation; competitive advantage; intangible resources; strategic management; business strategy; competitive market, 6014

strategic play; signaling games; behavior; reasoning processes; meaningful context, 22141

strategies; strategic marketing; typologies; Australia; top managers; management perceptions, 9204

strategy shift affordance; strategy choice; young adults; older adults; skill acquisition; scanning-based processing; memory-based processing; age differences, 33879

stress management; at work interventions; strategies; organizational behavior, 11709

stroke patients; reaching movements; motor compensation; compensatory strategies; hemiplegia; recovery, 8202

suicidal crises; psychiatric emergency services; cognitive behavioral problem solving intervention; strategies; health care delivery, 2474

task specificity; prior knowledge; hypertext structure; search strategies; incidental learning; discipline expertise, 2706

teaching moral judgment; strategies; children; social rules; moral realism; Piaget, 28126

temporal preparation strategies; visual reaction time; Parkinson's disease; temporal parameters; response preparation; simple reaction time conditions; choice reaction time conditions, 8216

Test of Cognitive Abilities; detection strategies; neurocognitive feigning; manipulation check; brain injured patients; magnitude of error; floor effect; reaction time; neuropsychological assessment, 11231

verbal learning; semantic organizational strategy; encoding; attention deficit hyperactivity disorder; verbal memory; adults; ADHD, 11080

visual mental imagery; imagery-related visuospatial activity; memory retrieval strategy; imagery content; frontal cortex; visual cortex, 30851

visuo-spatial memory; blindness; mental representation; strategies; visuo-spatial ability; visuo-spatial memory; mental imagery, 27523

voter turnout; candidate strategies; American elections; voter behavior; voter nonpolicy characteristics, 22225

Wisconsin Card Sorting Test; California Verbal Learning Test; malingering; malingering strategies; older adults, 15060

working memory span; reading ability; cognitive function; strategy training; memory training, 3401

working memory; counting knowledge; mathematical disability; arithmetic development; strategy choice; addition problems; learning disability, 25974

young adolescents; development initiatives; individualized approach; adolescent development; effective strategies; socioeconomic status; consumer perspective; esteem-enhancement programs; preferences, 976

young adults' support strategies; peers; suicidal disclosures; suicidal intent; peer responses; history of suicidal ideation; gender; social history, 19593

Why motivation only sometimes affects base-rate sensitivity: The mediating role of representations on adaptive performance, 3418

Strategies (Learning) [See *Learning Strategies*]
Strength (Physical) [See *Physical Strength*]
Stress [See Also Chronic Stress, Environmental Stress, Occupational Stress, Physiological Stress, Psychological Stress, Social Stress, Stress Reactions]—Serials
5-HT1B receptor mRNA levels; dorsal raphe nucleus; anxiety behavior; serotonergic neurons; 5-HT1B autoreceptor; rats; stressors, 580
5-hydroxy-L-tryptophan; serotonin; food intake; food-deprived rats; stressed rats; dopa decarboxylase inhibitor; hyperphagia; 5-HTP levels; humans, 12971

- acculturation strategies; acculturative stress; coping process; motivational factors; need for cognitive closure; decisiveness; immigrants, 31309
- acculturative stress; social self-efficacy; self-concealment; international college students; stress; depression; language fluency, 30053
- acculturative stress; social support; demographic correlates; international students; college students, 23917
- acetylcholinesterase activity; cholinesterase inhibitor; basal forebrain; central nervous system; pyridostigmine bromide; neostigmine bromide; peripheral cholinesterase; stress; rats, 6840
- acoustic startle response; strain-dependent effects; anxiety behavior; habituation; recombinant inbred rats; PTSD, 525
- activation hypothesis; diathesis-stress model; hopelessness theory of depression; integration; cognitive priming; inferential styles; depressive symptoms, 25544
- acute stress; gender; isatin; serum; heart tissue; brain; rats, 18665
- acute stress; heart rate; sleep, 17119
- adaptive perfectionism; maladaptive perfectionism; positive psychological functioning; negative psychological functioning; stress; life satisfaction; Blacks; Whites; female college students, 10571
- adjustment; law students; sources of stress; coping strategies; relationships, 9033
- adolescent behavioral problems; coping strategies; rural and urban differences; psychological functioning; socioeconomic conditions; self-reported stress; approach coping; daily hassles; gender, 977
- adolescent vulnerability; psychological distress; terrorist attacks; event-related stress; media; trauma; parents; children, 35056
- adolescents attachment behavior; coping behavior; stress; high school students, 16018
- adrenocorticotrophic hormone; anterior cingulate cortex; glucocorticoid receptors; addiction; sleep loss; substance abuse; college student depression, 25603
- adult cats; rescue shelters; communal housing; discrete-unit housing; unfamiliar conspecifics; familiar conspecifics; group instability; social grouping, 6725
- adult rats; fertility; forced swimming stress; adulthood; spermatogenesis, 21791
- adverse pregnancy outcomes; role stress; African-American women; infant mortality; low birthweight; sociopsychophysiological model, 7553
- adversity; lifetime exposure; depressive disorder; psychiatric disorder; young adolescents; anxiety disorder; racial and ethnic differences, 25496
- affective reactivity; daily interpersonal stressors; prospective predictor; depressive symptoms; interpersonal sensitivity; vulnerability factors; depression; state affect; life events; time, 25583
- aggressive behaviors; hamsters; corticotropin-releasing factor; endocrine responsivity; behavioral responsivity; stress; fear; anxiety, 18733
- alcohol consumption; stress; rats; alcohol preference; alcohol nonpreference; high alcohol drinking; low alcohol drinking, 33906
- alcohol use; mental health; employees; avoidance coping; stress; antidepressant use, 17237
- altered consciousness; flotation-rest; chamber-rest; experimental pain; subjective stress, 21408
- American Indians; sociodemographic factors; stressful life events; functional ability; depression, 19168
- animal behavior; detrended fluctuation analysis; stress conditions; animal welfare; rearing conditions; substrate; locomotor behavior; foraging; perching; food limitation; chickens, 33911
- animal stress; animal welfare; cultured fish; aquatic environment, 30761
- anticipation stress; incidental memory; memory performance; levels of processing; LOP; speech characteristics; false recognition; psychophysiological responsivity; anxiety; cognitive functioning, 931
- antistress agents; effectiveness; Bacopa monnieri; Brahmi; adaptogen; plants; acute stress; chronic stress; rats; immobilization stress; Panax quinquefolium, 768
- anxiety sensitivity; stress perception; panic symptoms; anxiety; depressive symptoms; distress, 25518
- anxiety; chronic restraint; paraventricular thalamic nucleus; amygdala; corticosterone, 3443
- anxiety; stressful events; health; cultural participation; Native Americans, 7673
- Asian American Racism-Related Stress Inventory; test development; factor analysis; test reliability; test validity; college students, 9399
- assessment instruments; psychometrics; educational programs; assessment process; stress levels; parents; children with disabilities, 9357
- athletic performance; mood profile; emotional states; sport performance; precompetitive affective experience; javelin thrower; unpleasant emotions; affective experience; pleasant emotions, 9150
- attachment security; stress; daily experiences; negative life events; perceptions of loss; mood; meaning; adults; social cognitive models, 1242
- attachment; developmental risk; stressful life events; early school age; family; behavior problems; controlling-caregiving; punitive; marital satisfaction; parenting stress; mother-child interaction, 25040
- Attention-Affect Check List; acute mental stress; cognitive processes; coping behavior; attention; unpleasant affect; uncontrollability, 24222
- attribution of responsibility; self-blame; other-blame; acute stress disorder; burn victims, 19541
- autism; risk factors; social reciprocity; social development; developmental stress; neurobiological vulnerabilities, 35086
- autonomic nervous system responses; stress; personality traits, 34125
- basal forebrain; acute stress; central nervous system; hypothalamic-pituitary-adrenocortical axis; cholinergic neurons; nerve growth factor; rat brain; forced motor activity, 12892
- behavioral depression; uncontrollable stress; serotonergic neurons; habitual physical activity; dorsal raphe nucleus; neurons; inhibitory autoreceptors; escape responding, 21588
- behavioral laterality; brain lateralization; neonatal lambs; perinatal stress; gender; locomotor; tail movement; lying behaviors, 33985
- behavioral problems; emotional problems; coping strategies; stress; Chinese adolescents, 25033
- behavioral sensitivity; corticosterone; juveniles; wall lizard; stressful conditions; plasma level; lizard behavior; locomotor activity; thermoregulation, 21812
- behavioural strategies; facultative responses; perturbation factors; glucocorticosteroids; cytokines; antistress hormones; capricious environments, 7111
- boundaries; boundary related stress; clergy families; coping resources; quality of life, 12292
- brain serotonergic neurons; stress; rats; dorsal raphe nucleus; brain stem, 30879
- Brief Resilient Coping Scale; stress coping; adaptive coping; Psychometric Evaluation; test development; test reliability; test validity; rheumatoid arthritis patients, 14985
- broken clubs; expletives; coping responses; skilled golfers; moderately skilled golfers; sport psychology stress, 30241
- cardiovascular response; physical stress; psychological stress; female alcoholics; alcohol abstinence, 10969
- caregivers; developmental disabilities; health-related stress; affect; depressive symptoms; stress conditions; women; mothers of adults; adult children, 35829
- caregiving stress; cognitive function; older females, 11856
- carotid atherosclerosis; ambulatory blood pressure; demand; control; stress, 11214
- cell proliferation; cell death; defensive behavior; odor stress; trimethyl thiazoline; rats, 7125
- chick separation stress; anxiolytic screen; meprobamate; pentobarbital; chlorazepoxide; buspirone; imipramine; clonidine; amphetamine; scopolamine; caffeine; chlorpromazine; haloperidol, 12993
- child mental health; economic recession; family economic stress model; Finland; family income reduction; family relations; parenting quality; economic recession, 18978
- child temperament; parenting daily hassles; social adjustment; preschool children; teacher ratings, 2811
- childhood trauma; early life experiences; early-life stress; corticotropin-releasing factor; neurobiological substrates; stress responsiveness; neurobiological systems; anxiety disorders, 13570
- chocolate consumption; pregnancy; infant temperament; stress experiences, 28057
- chronic mild stress model; antidepressant-like effect; selective serotonin reuptake inhibitor; R-citalopram; escitalopram; rats; 5-HT; depression; interaction, 776
- chronic mild stress; sucrose intake; rats; animal model; depression; rapid eye movement sleep, 21755
- chronic stress; long-term potentiation; rat; hippocampus; dentate gyrus; corticosterone; synaptic plasticity, 21807
- chronic stress; mood disorders; HPA system; serotonergic neurotransmission; psychotherapeutic approaches; neurobiology; serotonergic system; depression; psychoneuroendocrinology, 1350
- chronic stress; plasticity; gene expression; stress; antidepressant treatment; schizophrenic group; transcription factor; depressed group; frontal cortex; post-mortem human brains; rats; bipolar group, 18760
- cognitive development; prenatal stress, 7377
- cognitive distortions; stress; treatment adherence; metabolic control; type 1 diabetes, 32081
- cognitive strategies; emotion regulation; coping; depressive symptoms; life stress; human sex differences; depression, 10586
- cognitive-behavioral treatment; cardiovascular reaction; neuroendocrine reaction; stress; women; assisted reproduction; autonomic response; systolic blood pressure; heart rate, 8431
- cold stress; sympatho-adrenomedullary system; pituitary-adrenocortical axis; rats; isolation; crowding; noradrenaline; adrenocorticotrophic hormone; corticosterone; cytosol glucocorticoid receptor, 24752
- college adjustment; school transition; traumatic stress; coping strategies; social support, 33153
- college students; terrorist attacks; coping strategies; stress response; anxiety; emotions; September 11, 25123
- competitive endurance athletes; overtraining syndrome; sport stress, 27132
- conditioning; residual emotionality effects; odor stimuli; predator stimuli; stress; emotion; emotional responses; animal behavior, 9743
- contextual fear; stress; Wistar rats; fear conditioning; corticosterone levels, 3503
- convergent validity; divergent validity; reliability; Coping Resources Inventory for Stress; college students; clinical populations; nonclinical populations, 6359
- coping behavior; adolescent group; stress; problem-solving; self-blame, 16287
- coping behavior; coping style; coping reports; report method; method concordance; daily report; time-limited retrospective report; global report, 9557
- coping behavior; social support; cross cultural differences; stress; Asians; Koreans; Asian Americans; European Americans, 34717
- coping processes; cognitive appraisals; stress; coping effectiveness; goodness-of-fit model, 9148
- coping responses; chronic illness; daily life stressors; disabled sibling; stressful situations; everyday life, 18953
- coping skills training program; coping skills; hopelessness; stress levels; autism, 35817
- coping strategies; stress response; optimism; pessimism; controllability, 10593
- coping style; stress; sleep; graduate students, 34127
- coping styles; stressful situations; sports; avoidance coping; athletes, 36437
- corticosterone metabolites; fecal samples; mice; stress hormones; endocrine functions; stress hormone metabolites; adrenocorticotrophic hormone challenge tests; dexamethasone suppression tests, 15720
- corticosterone; moderate stress; memory storage; hormonal levels; spatial learning; information acquisition; information retention; rats, 21805
- corticotropin-releasing factor receptors; stress responsivity; behavioral responses; regulatory mechanisms, 24647
- corticotropin-releasing hormone; dorsal raphe nucleus; serotonin; stress; learned helplessness; corticotropin-releasing hormone receptor, 9997
- criminal rehabilitation; crime prevention; Transcendental Meditation; stress; holistic health, 8896
- daily hassles; immune system; personality traits; mood changes; physiological stress responses; physiological parameters; individual differences, 9943
- daily mood; stress; pain; health care use; work activity; sickle-cell anemia; African American adults; pain-mood cycle; pain-stress cycles; health care contacts; symptoms; negative mood; positive mood, 19858
- daily process design; daily negative events; preceived stress; smoking; smoking urges; gender; nicotine dependence; naturalistic settings; adult smokers, 13412
- daily strains; culture; gender; coping; Western students; China, 5926
- daily stressful events & emotional response & appraisal & coping & headache activity, 17-67 yr old recurrent headache sufferers, Australia, 8148
- daily time periods; stress response; mouse strain differences; restraint response; CD-1 mice; C57BL/6 mice, 12788
- delinquency risk; financial assets; financial stress; borrower delinquency; borrower; household payment, 20989
- depressed mood; African-American adolescents; preventive intervention; family stress; poverty; depressive symptoms; social policy; urban environments; African-American families, 25561
- depression; adolescent girls; stress buffering model; negative life events; social support, 31725
- depressive illness; stressors; cytokines; antidepressant treatment; neurotransmitter; interleukin; immunotherapy, 7813
- depressive symptoms; breast cancer surgery; stress; women, 19910
- depressive symptoms; stressful life events; community-based adolescents, 19407
- developmental delay; single mothers; child abuse; child neglect; life stressors, 19744
- differential involvement; amygdaloid body; corticotropin-releasing hormone; stress; anxiety-like states; diazepam; animal models, 9930
- disease-related stressors; chronically ill patients; client attitudes, 25467

- dispositional optimism; neuroticism; cardiovascular reactivity; female college students; psychological stress; anxiety, 34685
- domestic violence; stress; abusive partners; low income women; community intervention; needs; stressful life events; abusive experiences; difficult life circumstances, 28806
- dominance status; body color; eyespot formation; nonsocial forced movement stress; lizards; catecholamine, 12942
- dorsal raphe nucleus; fear conditioning; inescapable tailshock; corticotropin-releasing hormone; behavioral consequences; uncontrollable stress, 21781
- driver speech; stress speech; stressed conditions; speech utterances; database modeling, 6131
- dura vascular permeability; restraint stress; neurogenic inflammation; migraine headaches; nerve stimulation; trigeminal nerve; rat dura mast cell; stress-induced migraines; neurokinin-1 receptor, 6800
- early handling; sleep; rats; stress-induced; sleep pattern; basal induced, 7139
- economic pressure; social support; family structure; parental gender; workload; parenting quality; instrumental support; punitive parenting; Finland; emotional support; authoritative parenting, 1114
- ecstasy; MDMA; dopaminergic neurotoxicity; stress; hypothemia; striatal glutamate receptor antagonist; corticosterone treatment; brain concentrations; cold stress; 3,4-methylenedioxymethamphetamine, 24817
- editorial; first issue content; issue introduction, 16875
- educational attainment; John Henryism; cardiovascular reactivity; recovery; personally relevant stress; coping; socioeconomic status; income; job status; job strain; blood pressure; heart rate; blacks, 16295
- emotion recognition; stressful situations; stress induction; facial expression; decoding performance; Internet experiment, 30670
- emotional expression; modality; affective arousal; linguistic output; computer; paper paradigm; writing longhand; typing; stressful experience; emotional arousal; essay content, 24867
- emotional reactivity; elevated plus-maze; subchronic mild stress; coping style; BALB/c ByJ mice; C57BL/6 J mice, 24753
- emotional responses; natural disaster; predictors; mental health; floods; loss severity, 22323
- environmental simulations; television; blood donor stress; stress; healthcare consumers; stressful-blood donation; clinic environment; blood pressure; pulse rate, 12367
- environmentally induced stress; physical stress; distress cues; predator kairomones; foraging behavior; salamanders, 15425
- epilepsy; stress; stress reduction; seizure control; epileptic seizures; epilepsy therapy; alternative therapy; outpatients; patient preferences; patient beliefs, 2047
- estradiol; chronic variate stress; feeding behavior; sweet food; leptin; female rats, 3899
- ethanol abstinence; corticotropin-releasing factor; CRF; CRF receptor; behavior regulation; responsiveness; alcoholics; stress, 21918
- ethanol; gamma aminobutyric acid transmission; central amygdala; stress; corticotropin-releasing factor; alcohol abuse, 18777
- evoked responses; adverse early experiences; stress; hippocampus; rat; neurobiology; vulnerability; evoked responses; repeated platform exposure, 27792
- experimental psychopathology; behavioral inhibition; negative emotion regulation; negative emotional reactivity; cognitive stressor; rumination; individual differences, 22351
- factor analysis; Tail Suspension Test; hyperthermia; genetic heterogeneity; immobility; fear; stress reactivity; mice, 3565
- family history of smoking; stress-induced cigarette craving; smokers, 16227
- family involvement; nursing homes; emotional stress; psychological well-being; dementia, 14437
- family stress; school-related stress; stress perception; coping style; clinically disturbed adolescents; event appraisal; causal attribution, 7703
- fecal glucocorticoid assay; Steller sea lions; hormones; ecological stress, 18688
- Festschrift; physiology; eating behavior; stress, 30827
- fetal adaptation; stress; hippocampal damage; behavior; adult health; water volume; food deprivation; neuroendocrine stress system, 34238
- fibromyalgia syndrome; declarative memory impairment; biological factors; psychological factors; neuroendocrine factors; cortisol; perceived stress; depression symptoms; comorbidity; adult females, 4888
- fish; sentience; pain experience; fear; psychological stress; fish welfare; brain structure; cognitive development, 30760
- flashbacks; autobiographical trauma memories; dual representation theory; ordinary trauma memories; posttraumatic stress disorder, 16454
- fluoxetine; diazepam; learning; predatory stress; recognition memory; mice, 9761
- free radicals; pleasant feeling; saliva; comical video viewing; psychological stress, 18676
- functional somatic symptoms; physiological responses; anxiety; mental stress; respiratory & autonomic responses; breathing; compressed & carbon dioxide enriched air; relaxation; exercise, 8134
- functional somatic symptoms; physiological responses; anxiety; mental stress; respiratory & autonomic responses; breathing; compressed & carbon dioxide enriched air; relaxation; exercise, 8127
- GABA B; locomotor response; receptor activity; antidepressant response; psychiatric disorders; locomotor activity; stress; tranylcypromine; TCP; rat brain; amphetamine, 3970
- gender differences; coping; endurance sport stress; stress perceptions; Lazarus cognitive-motivational-relational model; triathletes; distance runners; cyclists, 27127
- gender differences; parental reactions; premature low birth weight infants; stress responses; mothers; fathers, 10401
- gender sensitive; acute stress disorder; posttraumatic stress disorder; major depressive disorder; stress related disorders; anxiety; gender differences; theory; research, 10819
- genomic regions; corticosterone levels; rats; genetic factors; stress responsiveness; psychiatric illness susceptibility; animal strain differences, 18546
- gestational stress; post-partum depression-like behavior; maternal care; rats; animal models; depression, 6815
- glucocorticoid response; novel stress; restraint stress; weight loss; chronic stress; corticosterone release; adrenal response; rats, 27895
- glucocorticoids; immobilization stressor; hypothalamic-pituitary-adrenal axis; rats; corticosterone, 709
- goodness of fit; controllability appraisals; coping efforts; stressful events; adjustments, 22358
- grandparents; family stabilizers; economic hardship; family generation; supportive grandparents; economic stress; harsh parenting; adolescent depression, 25114
- green odor; plasma adrenocorticotrophic hormone; body temperature; stress; rats, 12939
- group discussion; time pressure; learning information; group performance; task completion; small groups; Attentional Focus Model; information restriction, 19121
- group housing conditions; stress-induced behaviors; rats; diazepam, 7258
- haloperidol; clozapine; oxidative stress; rat brain; dopamine receptor antagonist; neuroleptic; reactive oxygen species; neurotoxic effects, 34172
- hardiness; stress; illness; negative affectivity; gender, 25365
- health behavior; elementary school children; self-efficacy; coping strategies; stress experiences; health-promotion, 23447
- health behaviors; pubertal stage; psychological difficulties; adolescents; smoking; food intake; exercise; puberty; stress; psychological stress; London; gender differences, 8692
- health status; Five-Factor Model of Personality; illness behavior; life stress; sick-role behavior; personality traits, 10597
- health stresses; depressive symptoms; elderly; protective factors; quality of life; life-span theory of control; health problems; management; physical health; psychological health; controllability, 13579
- heart rate response; negative emotions; positive emotions; stress, 7120
- hippocampal serotonergic neurotransmission; corticotropin releasing hormone receptor type I antagonist NBI 30775; HPA axis activity; stress; corticosterone; behavior; mice, 10029
- homocysteine; sex; stress; learned helplessness model of depression; estrous cycle; helpless behavior; male rats; female rats, 12960
- homosexual men; heterosexual men; neurocognitive performance; neurodevelopment; cognitive abilities; developmental stress; human sex differences; developmental instability; environment, 13202
- hostility; stress; physiological arousal level; facial affect recognition; cardiovascular reactivity; perceptual accuracy, 30923
- Hypericum perforatum; experimental models; antidepressant efficacy; unavoidable stress; escape deficit; hyperforin; dose-related response; rats, 10051
- hypersecretion; corticotropin releasing factor; locus coeruleus; plasma adrenocorticotropin; increased production; CNA; receptor; CRFR; stressed induced rats; depression, 690
- hypothalamic-pituitary-adrenal axis function; neuroendocrine response; cortisol secretion; anxiety; stress inhalation; brain's neuroendocrine response; carbon dioxide, 13090
- hypothalamic-pituitary-adrenal axis; sympatho-adrenomedullary responses; stress; drug craving; cocaine; drug addiction, 4740
- hypothalamus-pituitary adrenal axis; newborns stress; atopic disposition; axis hyporeactivity, 28987
- imidazoline receptor; adrenoceptor; hypothalamic-pituitary-adrenal axis; neuroendocrine response; stress, 21832
- immobilization stress; tryptophan hydroxylase mRNA; protein; rats; raphe nucleus; gene expression; cortisol; serotonin biosynthesis; affective disorders; posttraumatic stress disorder; animal models, 12769
- in vivo signal transduction; peripheral nerve endings; mice; pain signal; test sensitivity; algogenic-induced nociceptive flexion test; animal stress, 3848
- inescapable shock; rats; escape latency; bed nucleus; stria terminalis; long-duration responses; unpredictable stressors; anxiety-like state; behavioral consequences; fear; chemical lesion; freezing, 18687
- influenza vaccination; psychological stress; life events; antibody response; antibody levels; chronic stress, 8587
- interpersonal orientations; achievement; stressors; aggression; depression; adolescent attitudes; school transition, 9028
- intimate relationships; external stress; cognitive processes; marriage; contextual factors; marital quality; perceptions, 10370
- intrinsic religious orientation; extrinsic religious orientation; coping strategies; stress, 7695
- latent growth curve modeling; individual differences; cardiovascular recovery; stress; systolic blood pressure; statistical methods, 15131
- lateral septum; stress; tyrosine phosphorylation; Pyk2; depression; antidepressant drugs; rats, 1393
- leadership; leader effectiveness; leadership experience; stress conditions; job subordinate; subordinate experience; experience measures, 2909
- learned resourcefulness; coping responses; stress; self-efficacy expectancies, 31550
- learning; memory; acute stress; cognitive abilities; motor abilities; operant conditioning; performance; learned helplessness; classical conditioning; life events; adaptation; sex differences; rats, 21435
- level of wellness; stress; counseling needs; headache sufferers, 1761
- life events; alcohol misuse; stress as consequence of alcohol misuse; alcohol misuse as consequence of stress, 35032
- life events; difficulties; dilemmas; chronic fatigue syndrome; onset; stress, 8129
- life events; pregnancy affects; physiological responses; stress exposure; emotional responding, 19184
- life satisfaction; coping strategies; hope; Black college students; race-related stress, 22185
- life stress; chronic fatigue syndrome; psychosocial factors; social support; Chinese Americans, 1782
- life stress; chronic heartburn; life events; psychological symptoms; anxiety; depression; vital exhaustion; life quality, 26055
- life stress; physical activity intervention, 29528
- long-term depression; long-term potentiation; spatial memory task; behavioral stress; memory retrieval; stress effect; hippocampus; elevated platform stress; foot shock stress, 7141
- major life events; risk; depression; onset; susceptibility; stressful life events; ageing; psychiatric patients; sociodemographic variables; death; suicide; first-degree relatives, 7829
- marital stressors; marital discord; psychological distress; marital dissolution; women; depression, 34483
- marital violence; depressive symptoms; life stressors; frequency and nature of stressors; physical violence; spouses; stress-violence relationship; gender, 1566
- marriage; marital functioning; stress; dyadic coping, 13335
- masculine gender role stress; coping behavior; human males; social fears; phobia; obsessive compulsive behavior, 19508
- masculine gender role stress; negative affect; negative attributions; verbal aggression; physiological reactivity; intimate conflict situations; aggressive responses, 28495
- masculine gender role stress; relationship violence; fear of emotions; predictors; aggression; violence, 10921
- masculine sexual behavior; corticosterone; testosterone; acute stress; chronic stress; male rats, 3530
- maternal beliefs; child bone marrow transplantation; prior trauma; negative life events; life stress; self-worth; world view, 35648
- maternal care; cognitive performance; emotional reactivity; pregnancy stress, 7352
- maternal separation; postnatal stress; maternal novel odor exposure; standard rearing; mice; clean bedding; corticosterone, 21792
- maternal stress; paternal stress; school-aged children; disabilities; specialized support programs; fathers; mothers; elementary school students; family harmony, 28906

- measuring self-efficacy; enhancing self-efficacy; professional caregivers; dementia; Alzheimer's disease; caregiver stress; long-term care nurses, 12070
- mental arithmetic; coping efforts; delayed-type hypersensitivity; academic optimism; cellular immunity; academic stress; positive moods; test response, 685
- mental kinesophobia; cognophobia; fear of mental exertion; chronic stress; avoidance behavior; chronic pain patients; fear of physical exertion; clients, 1537
- metabotropic glutamate 8; mGlu8; mGlu8 receptor agonist; dicarboxyphenylglycine; DCPG; (S)-3,4-DCPG; mouse brain; mGlu8 receptor knockout mice; wild-type mice; stress related brain regions, 7224
- methadone maintenance; cocaine use; heroin; stress induced relapse; poly drug use; opiates; rats, 27912
- methamphetamine; blood pressure; anxiety; heart rate; stress; distress; rats; humans, 3980
- Mexican migrant farmworkers; lifestyle; psychosocial stressors; United States; work demands; depression, 16383
- migraine patients; personality traits; neuroticism; sensitivity; stress; coping strategies; introversion; headache duration; physical symptoms; social isolation; tension, 22816
- Military Life Scale; stress; social support; military adolescents; structural properties; psychometric properties; reliability; validity, 30381
- military population; colonization; suicide rate; gender differences; colonized-colonist relationship; stress; civilians, 35012
- ministry demand; Korean American pastors; symptomatic stress; life satisfaction; well-being; expectations; cultural differences, 34453
- mixed-race women; psychological health; gender differences; stress, 22188
- morphine dependence; rats; stress; corticotropin-releasing factor; hypothalamic-pituitary-adrenal axis, 7204
- multibehavioral analysis; fear; anxiety; predatory stress; marmoset; onicilla cat; defensive behavior fear-related behaviors, 30759
- multiple sclerosis; exacerbations; stress, 19836
- multiple sclerosis; exacerbations; stress, 19859
- musculoskeletal system; musculoskeletal stress; pain; head load; posture; neck muscle activity, 33762
- negative mood induction; mood induction procedures; mood states; stress paradigm; musical mood induction, 22362
- neighborhood stress; depression; neighborhood disorder; social support; social integration; physical health; mental health, 16113
- neonatal isolation; stress; striatal dopamine levels; rat pups; cocaine; corticosterone; psychostimulants, 21863
- neonatal pain; maternal behavior; stress responsiveness; postnatal period; preterm neonates; neuroendocrine responses; behavioral responses; corticosterone, 3542
- neurochemical mechanisms; naloxone administration; endogenous opioids; mild stress; food intake; rats; white noise; animal feeding behavior; ration reinforcement, 13052
- neuroendocrine reactivity; post traumatic stress disorder; childhood sexual abuse; responsiveness to stress, 25720
- neuronal nitric oxide synthase; cyclic guanosine monophosphate; cyclic monophosphothioate; central nervous system; colonic temperature; restraint stress induced fever; rats, 3704
- neuroreceptor imaging; stress; mood disorders; neurotransmitter receptors; neurotransmitters; serotonergic function; opioidergic function; dopaminergic function, 34830
- new technology adoption; dairy farming; stress; stress interventions; age; gender differences; stress severity; time pressures; New Zealand dairy farmers, 33274
- nicotine withdrawal; animal model; hypothalamic-pituitary-adrenal axis; stress; rats; depression; precipitants; smoking cessation; HPA axis, 6814
- nightmare frequency; nightmare distress; neuroticism; dreaming; stress, 10833
- nightmare frequency; state factors; trait factors; theories; stress; emotional states; sleep quality; sleep behavior; individual differences, 451
- noise stress; personal project stress; subjective health; somatic symptoms, 27195
- novelty seeking behavior; stress induced locomotion; morphine; place conditioning; rats, 15828
- obesity; risk factors; hypertension; glucose intolerance; diabetes mellitus; hyperlipidemia; metabolic syndrome; stress; pathogenesis; glucocorticoids, 35208
- occupational status; psychological dispositions; limitation perception, 9095
- older listeners; spoken language; audiometric hearing loss; hearing impairments; auditory processing problems; cognitive processing; noise; memory load; stress; therapeutic interventions, 8348
- open field behavior; reproductive experience; female brain; neurobehavioral stress; fear; female rats, 3729
- optimism; African-American college students; life event stress; academic stress; college student, 17722
- optimism; African-American college students; life event stress; academic stress; college student, 5919
- optimism; job insecurity; stress appraisal; psychological well-being; teaching staff, 30177
- oxidative stress; oxidative cell damage; pathophysiology; antioxidant defense enzymes; lipid peroxides; polyunsaturated fatty acids; schizophrenia; bipolar mood disorder, 7794
- panic disorder stress; lymphocyte; interleukin; immunologic dysfunction; hypothalamic-pituitary-adrenal axis; cortisol; serotonin; epinephrine, 22585
- panic disorder; interstitial cystitis; mast cells; stress; genetics, 31681
- parental stress; adaptive functioning; developmental disability, 19782
- parenting behavior; poverty; stress; support; Black mothers; White mothers, 1117
- parenting stress; postpartum women; biopsychosocial stressors; disorder relapse precipitation; schizophrenia; schizoaffective disorder; motherhood; psychiatric mother-baby unit, 16425
- paroxetine; bupropion; cardiovascular responses; neuroendocrine responses; depressed patients; stress, 23303
- participatory action; intimate partner violence; perceived stress; risk factors; psychological distress; somatic complaints; post-traumatic stress disorder symptoms, 31863
- perceived stress; cancer patients; second-order factor analysis model; exploratory factor analysis; cancer research; breast cancer surgery, 34048
- perceived stress; cortisol levels; wound healing; health behaviors; personality factors, 27837
- perception of stressors; critical care environment; nurses; patients, 23595
- personal stress; mental health; sense of control; older adults, 7484
- personality; depressogenic effects; depression; dependency; self-criticism; interpersonal behavior; reassurance-seeking; life stressors, 25382
- personality; life stress; diathesis stress models of depression; personality modes; social context, 19414
- personality; life stress; diathesis stress models of depression; personality modes; social context, 19363
- personality; life stress; diathesis stress models of depression; personality modes; social context, 19413
- phosphatase activity; immobilization stress; protein phosphatase; neuronal gene expression; protein kinase; rat; serine; threonine; hippocampus, 3685
- phosphorylated cyclic AMP response element binding protein; periaqueductal gray; predator stress; ventromedial hypothalamus; amygdala; behavior; limbic neural plasticity; rats, 9817
- physical fitness; stress process; life stress; psychosocial well being; physical well being, 11703
- physiological effects; environmental enrichment; stress-responsive hormones; hypothalamic-pituitary-adrenal axis; mild stress; animal sex differences; adrenocorticotrophic hormone; corticosterone; rats, 7117
- placebo analgesia; nociception; ischemic pain; stress; cortisol; beta-endorphin; pain level, 678
- plasma dehydroepiandrosterone sulfate; cortisol levels; symptoms; dissociation; objective performance; acute stress; military performance, 30952
- positive events; maladjustment; family transitions; divorced families; children; adolescents; stress buffer, 975
- post-traumatic stress disorder; cognitive performance; war exposure; imprisonment exposure; ex-prisoners, 19509
- post-traumatic stress; coping; young persons; middle-aged; elderly; disaster, 19172
- postnatal depression; defense style; cognitive style; locus of control; stress of motherhood; new mothers, 10753
- postnatal maternal separation; stress responsiveness; colitis; corticosterone; acoustic startle responses; dextran sulfate sodium, 21790
- postpartum depression; distress; difficult infants; health care; parenting stress; mother child relations; help seeking; nursing, 10409
- posttraumatic stress disorder; life threatening trauma; cortisol levels; terrorist activity; traumatic memories; PTSD patients; symptoms; at risk populations; neuroendocrine changes, 13618
- posttraumatic stress disorder; primary health care; routine medical examinations; trauma histories; depression symptoms; recognition rate; psychological distress; epidemiology; PTSD prevalence, 14375
- posttraumatic stress symptoms; gender characteristics; posttraumatic stress disorder; world trade center; gender difference, 22595
- pregnancy; hippocampus; pituitary-adrenal activity; neuroendocrine systems; prenatal stress; monkeys; hormones; behavioral analysis, 3612
- prejudice; discrimination; stressors; health outcomes; measurement of prejudice, 22194
- prenatal exposure; betamethasone; stress physiology; premature infants; corticosteroid; postnatal stress regulation; hypothalamic-pituitary-adrenocortical axis, 30967
- prenatal stress; cognitive development; infant temperament; maternal stress; fetal development; pregnancy-specific anxiety, 7350
- prenatal stress; gonadal hormone condition; depressive behaviors; female rats; male rats, 3508
- prenatal stress; risk factors; psychopathology; animal models; pathophysiology, 10707
- preterm labor; pregnancy outcomes; sleep disturbance; fatigue; stress; perception; military officer rank; preterm birth; risk factor; active duty military women, 5801
- probationers; The Enlightened Sentencing Project; offender rehabilitation; Transcendental Meditation; stress reduction; community-based rehabilitation; self-development, 8892
- problem-focused coping; time management behaviors; emotion-focused coping; coping behaviors; salespeople; stress, 14771
- problem-solving interactions; problem-solving tasks; mother-child dyads; parenting stress; family problems; child gender, 19059
- protein kinase A; stress; learned helplessness; phosphorylating enzyme; inescapable shock, 27725
- proteolytic stress; etiopathogenesis; Parkinsons disease; nigral pathology, 20022
- psychiatric admissions; psychosis; NATO bombing campaign; immigrants; stress; minority group status, 11877
- psychic numbing; avoidance; relaxation response; denial; depression; hypnotic trance; posttraumatic stress disorder; stress reactions; stressful situations; disasters, 1299
- psychological factors; perceived stress; coping style; anxiety symptoms; depression symptoms; former commercial sex workers; HIV positive women; HIV, 11180
- psychological health correlates; physical health correlates; minority adolescents; coping strategies; gender differences; racial differences; stress, 4146
- psychological intervention; pediatric cancer patients; emotional problems; peer interaction; self-esteem; posttraumatic stress symptoms; anxiety symptoms, 35596
- psychological resilience; stressful experiences; negative emotional experiences; positive emotions; emotional regulation; positive meaning; cardiovascular recovery, 10621
- psychometric properties; traumatic stress; posttraumatic stress disorder; confirmatory factor analysis; male Vietnam veterans; traumatic stress symptomatology, 6286
- psychometrics; Child Stress Disorders Checklist; acute stress; posttraumatic symptoms; traffic accidents; children; burns; test validity, 18138
- psychoneuroendocrinology; hormones; psychiatric illness; endocrine disorders; hormone antagonists; peptides; adrenocortical hormones; gonadal hormones; thyroid hormones; stress, 33990
- psychoneuroendocrinology; hormones; psychiatric illness; endocrine disorders; hormone antagonists; peptides; adrenocortical hormones; gonadal hormones; thyroid hormones; stress, 33989
- psychopathology; stressors; symptoms; psychological symptoms, 22408
- psychosocial factors; happiness; adolescents; personal factors; stress; school experiences, 16028
- psychosocial status; depression; stress symptoms; lumbar disc herniation; disability; pain; occupational handicap; female patients, 8141
- psychosocial stress cascade; schizophrenia; etiology; onset; psychosis; stress-diathesis model; prodromal patients; hypothalamic-pituitary-adrenal axis; neural effects; cortisol; risk factors, 19434
- psychosocial stress; type 1 personality; disorder severity; chronic hepatitis C, 19873
- pupils noise; annoyance reaction; school environments; stress, 17723
- quality of life; mood; stress; cortisol; dehydroepiandrosterone sulphate; melatonin; breast cancer; prostate cancer, 17131
- R-citalopram; escitalopram; rats; conditioned fear stress model; anxiety; serotonin reuptake inhibitory effect; R-S-citalopram; exploratory behavior, 777
- rearing condition; limbic hypothalamic pituitary adrenal axis; stress; infant macaques; serotonin transporter gene; endocrine responses; polymorphism; anxiety; endocrine response, 18678
- religion; stress coping; orienting system; trait-state model; attribution; psychological adjustment, 12519
- religiosity; undergraduate students; church attendance; personal prayer; bible reading; self reported general health; positive attitude toward Christianity, 31333
- repeated citalopram treatment; stress exposure; hypothalamic-pituitary-adrenocortical axis response; HPA; acute citalopram injection; antidepressant drugs; gene expression; neuropeptides; serotonin, 21881

- repeated prolonged stress effect; adrenocorticotrophic hormone; expression levels; mu opioid receptor; midbrain homogenates; mRNA expression; rat brain, 7278
research participation; bereaved parents; traumatized populations, 21234
research; research awards; Antarctic; human adaptation; stress; trauma; South Pacific; systems theory, 14568
research; research awards; Antarctic; human adaptation; stress; trauma; South Pacific; systems theory, 14559
research; research awards; Antarctic; human adaptation; stress; trauma; South Pacific; systems theory, 14551
resilience; families; voluntary teacher's retrenchment package; family stressors; parent, 22332
reward; uncontrollable stress; serotonin; 5-HT; 8-OH-DPAT; electrolytic lesion, 13096
Richard Stanley Lazarus; obituary; stress; appraisals; coping, 2584
risk perceptions; stress; explosion threat; railroad accident; hazardous material, 24104
role stressors; optimistic expectations; women's roles; caregiver; mother; wife; employee; stress, 31553
rumination; defensiveness; negative affect; stress, 28517
school transition; elementary school; secondary school; psychological adjustment; children stress experiences; somatic symptoms, 14625
school-related stress; school class support climate; health complaints; psychosocial school environment; 8th graders, 12186
scopolamine; memory impairment; rats; oxidative stress; brain; retrieval memory; malondialdehyde; glutathione peroxidase; glutathione; superoxide dismutase; Hypericum perforatum, 7177
secondary traumatic stress; child welfare workers; vicarious traumatization; compassion fatigue; childhood abuse history; primary trauma, 5798
secretory immunoglobulin A; multi-tasking stress; acute stressor; working environments; reactivity; perceived workload, 24773
self differentiation; family of origin; psychological functioning; Bowen theory; stress; coping; dysfunction, 34695
self efficacy; neurocognition; coping responses; recent-onset schizophrenia; stressful life events, 28751
self handicapping; stressful reactions; athletes; emotive oriented coping; cognitive state anxiety; emotional reaction; anxiety responses; coping strategies, 9152
self-complexity; coping; traits; roles; behaviors; stress, 28481
self-consistency; bias factor; stress; performance; cognitive anxiety; somatic anxiety; golf, 36431
self-reported stress; deficit syndrome; negative syndrome; schizophrenia onset, 13622
sense of community; social support; caregiving stress; caregiving satisfaction; firefighters, 20926
September 11th attacks; stress reactions; posttraumatic stress disorder; major depressive disorder; anxiety symptoms; mental health; television viewing duration, 13596
sexual discrimination; contextual discriminations; stress; mice; information retrieval; flexible information; stable information, 21428
serum lipid concentrations; serum cholesterol; spa therapy; job demands; occupational stress; lipoprotein cholesterol; triglycerides; human sex differences; relaxation, 7106
sex differences; learning deficits; prenatal stress; juvenile rats; cognitive functions, 21780
situational determinants; social support perceptions; self-esteem; perceived stress; depressive mood; life events; relationship specific perceptions of social support, 31481
skin picking; sleep disturbances; anxiety; pathological ex-coriation; anxiety; stress, 10676
sleep efficiency; overreached swimmers; nonoverreached swimmers; training-induced stress; overtraining risk, 6091
slow wave sleep; stress; insomnia; working day; sleep polysomnography; sleep quality; apprehension of next day, 21785
small life events; self-report; tic severity; tic disorder; stressful life events; symptom severity, 22951
smoking-cessation treatment; relapse risk; stress; negative affect; smoking, 17442
social buffering; partner stress status; body temperature changes; behavioral responses; rats, 30796
social categories; Mongolian gerbil families; rodent intrafamily aggression; social interactions; stress levels; corticosterone, 24601
social competence model; cardiovascular disease; risk; adolescents; stress; agonistic interpersonal striving; blood pressure, 10233
social competence; emotional competence; stressful events; mental health; construct validity; problem solving; alexithymia; emotional control; emotional awareness; social problem solving skills, 7672
social disengagement; relational self-views; peer stress; social experiences; reciprocal-influence models; early adolescence, 31205
social influence; message source; message content; self-categorization theory; mental arithmetic task; ingroup member; stress determination; outgroup member; social context; social support provider, 16252
social status; allostatic load; glucocorticoids concentrations; social conflict; stress hormones; social support; competition; animals, 18486
social support; behavioral interaction; support experiences; stressful task; attachment style; couples, 34660
social support; community violence; psychological distress; adolescent males; African Americans; post-traumatic stress disorder symptoms; depressive disorder; low-income level, 25532
social support; hypertension; psychosocial factors; depression; stress, 10644
social support; nursing students; maternal-student role stress; coping behavior; married associate degree students, 26833
social support; recipient and provider perceptions; psychosocial factors; emotional expression; malignant melanoma; partners; coping; emotional approach; empathy; perceived stress; gender, 4936
social work; disaster management; traumatic stress; social workers, 20578
socioeconomic status; health; adolescents; stress interpretations; physiological responses, 31102
spatial learning deficits; chronic stress; novelty reactivity; neurobiology; cognitive alterations; behavioral reactivity; rats; psychosocial stress; individual differences; hippocampus, 7140
speaking style; stress perception; actual stress; Speech Under Simulated and Actual Stress; SUSAS; simulated stress; speech waveform; simulated database; utterances; listeners; actual stress, 15711
spirituality; cancer; psychological adjustment; coping; existential theory; emotional well-being; perceived life threat; stress; religious well-being; quality of life, 19914
spontaneous firing rate; cortical neurons; lateral septal nucleus; stressful situations; swimming session, 12821
stress appraisals; challenge appraisals; acute taxing events; rugby games, 20979
stress behaviors; hospitalized preterm infants; occupational therapists; self-regulation; neonatal intensive care units; motor self-regulatory behaviors, 17003
stress cortisol reactivity; depressed preschoolers; HPA axis; stressors; early depression, 10247
stress doses; hydrocortisone; traumatic memories; posttraumatic stress disorder; cardiac surgery; cortisol concentration; chronic stress, 20387
stress generation; interpersonal stressors; major depression; unipolar depression; bipolar depression, 28635
stress groups; stressors; reactions to stressors, 25345
stress inoculation training; first year law students; anxiety; stress; irrationality; academic performance, 14630
stress intervention workshop; experiential activities; stress reduction; coping enhancement; behavioral change; work satisfaction; upper level managers, 12282
stress levels; supervised offenders; substance abuse; drug abuse; stress dimensions, 13742
stress perception; quality of life; HIV positive women; highly active antiretroviral therapy; cognitive coping strategies; denial; religious coping, 26517
stress reactions; plasma homocysteine; acute stressor-selective effect; cardiovascular disease; swimming; restraint; cold exposure; novelty; hypothalamic-pituitary-adrenal axis; physiological responses, 12949
stress reactivity; noradrenergic hyperactivity; dopaminergic changes; flashback; females; methamphetamine psychosis; women's prison, 1670
stress reactivity; vulnerability; depressed mood; minor stressors, 16286
stress recovery; ocean boat race; catabolism; anabolism; testosterone, 35369
stress regularity; reading aloud; polysyllables; Italian words; stress patterns; stress consistency, 27977
stress responsiveness; sexual behaviour; adrenocortical responsiveness; Japanese quail; corticosterone; copulatory behaviour, 6719
stress risk; pupil stress; children; standard assessment tasks; SAT, 6367
stress system; corticosteroids; drug therapy; brain; depression syndrome; aging, 7930
stress vulnerability factors; disease activity; early rheumatoid arthritis; long term prediction; personality traits; coping; social support; stressors; long term predictors, 1763
stress vulnerability factors; disease activity; early rheumatoid arthritis; long term prediction; personality traits; coping; social support; stressors; long term predictors, 1799
stress, 23421
stress-related behavior; cat exposure; reproductive status; pregnant rats; lactating rats; virgin rats; male rats, 12947
stress-related growth; stressful experiences; predictors; psychological adjustment; personal resources; time; cognitive processing; coping, 25377
stress; allergic asthma; allergic airway inflammation; ultrasonic stressor; airway hyperreactivity; mice; animal models, 677
stress; anxiety; 5-HT1A receptor; 5-HT1B receptor; knock-out mice; genetic background strains; autonomic nervous system; basal heart rate; body temperature; autonomic responses; novel cage exposure, 541
stress; biological alterations; psychological alterations; mental illnesses; stress related disorders, 34804
stress; burnout; dentists; Copenhagen Burnout Inventory; Maslach Burnout Inventory; psychometric properties; health professional burnout, 30429
stress; caffeine action; investigatory behavior; behavioral inhibition; mouse, 13038
stress; coping strategies; female athletes; university swimmers; university transition, 20782
stress; coping; alcohol use; college students; alcohol drinking; affective states, 19094
stress; coping; confronting; abstract sexism; optimism; confronting discrimination, 25197
stress; coping; fathers; children's problems; bipolar disorder; drug problem; sudden crying, 25170
stress; coping; health outcomes; African-Americans; John Henryism hypothesis; chronic psychosocial stressors, 26519
stress; coping; high risk mothers; difficult life circumstances; psychiatric mental health symptoms; education; parenting; family of origin experiences, 16170
stress; coping; physical health outcomes, 25310
stress; corticotropin-releasing factor; blood brain barrier; microvessel endothelial cells; cAMP, 15685
stress; cultural variations; daily stresses; strains; cultural orientation; socioethnic affiliation; cultural transition; cultural variations; daily hassles; individualists; collectivists; Jews; Arabs, 19030
stress; depression symptoms; anxiety symptoms; diurnal cortisol patterns; working parents, 22457
stress; drug addiction; psychomotor stimulants, 13740
stress; glucocorticoid secretion; brain damage, 7130
stress; grooming behavior; rats; pelage-cleaning behavior; risk-assessment activity; novel environment, 6712
stress; health related quality of life; HIV infection; psychological distress, 26079
stress; health; research, 5497
stress; motivation; drug addiction; substance abuse; hypothalamic-pituitary-adrenal axis; self-medication hypothesis; abstinence; stress reduction; craving; addictions treatment, 13739
stress; social avoidance; anxiolytics; model; stress-induced anxiety; social behavioral effects; social defeat; chlor-diazepoxide; buspirone; rats, 725
stress; social interaction; anxiety-like behavior; benzodiazepine receptor antagonist; adaptive mechanisms; repeated stresses; receptor agonist; ethanol exposure; Sprague Dawley rats, 18713
stress; trace eyeblink conditioning; unconditioned response; female rats, 27602
stress; trauma; crisis, 21403
stress; trauma; risky sexual behavior; American Indians, 31580
stressful life events; male gang membership; risk factors, 35054
stressful life events; young adults; interview; self-report; depression symptoms, 6441
stressors; acute stress disorder; acute crisis episodes; post-traumatic stress disorder; mental health assessment; trauma treatment; crisis intervention, 22599
stressors; gay men; lesbians; bisexuals; life stress; gay-related stress; stigma consciousness; depressive symptoms; sexual orientation; life events; internalized homophobia; openness, 10751
subjective health complaints; sensitization; musculoskeletal pain; gastrointestinal complaints; pseudoneurology; physiological correlates; somatization; sustained cognitive activation; stress, 22804
subjective life quality; self-esteem; primary control; secondary control; children; coping behavior; stress coping, 28050
subjective stress; blood pressure reactivity; coping resources; Black college students; life events, 1239
suicide; suicidal behaviors; suicidal ideation; stress; stress research; risk factors, 35021
supportive ties; stress; relationships; hostility; cardiovascular reactivity; casual acquaintances, 34128
synaptic responses; chronic stress; hippocampal dentate gyrus neurons; rats; adrenal weight; thymus weight; corticosterone levels; glucocorticoid receptors, 12849
taste modulation; nociception; chronic stress; repeated stress; rats, 12934
thought suppression; life stress; depression severity; vulnerability, 31720

Volume 91 SUBJECT INDEX

Stress—Serials

topiramate; acoustic startle reflex; single prolonged stress; animal models; post-traumatic stress disorder; animal environment; rats, 18756

Transcendental Meditation; criminal rehabilitation; crime prevention; stress; coping skills, 8901

Transcendental Meditation; neuroendocrine system; aggression; crime; stress; adaptation; coping abilities, 8908

traumatic brain injury; nitrosative stress; poly(ADP-ribose)polymerase-1; rats; enzymes, 6844

traumatic stress; brain changes; memory deficits; posttraumatic stress disorder; hippocampal damage; memory performance, 35293

traumatic stress; emotional intelligence; psychological symptoms; psychological trauma, 25356

traumatic stress; late pregnancy; fear; women; risk factors, 19558

traumatic stress; quality of attachment; infant & toddler mental health disorders; child trauma; attachment theory, 31702

traumatic stress; stress response; psychopathology; trauma, 19518

uncertainty; stress; superstitious strategies; coping behavior; secondary control; card guessing task, 31524

unwinding; recuperation; health; compulsory school teachers; high school teachers; anticipatory stress, 5836

urinary catecholamine levels; breast cancer; chronic stress; familial risk; neuroendocrine reactivity; urinary epinephrine excretion; urinary norepinephrine excretion, 29067

vascular depression hypothesis; geriatric rehabilitation patients; cognitive impairment; vascular risk factors; late-life depressive symptoms, 10663

virtual reality; stress management; aerobic exercise, 5500

visual stress; symptom assessment; reading; reading tests; coloured filters; visual skills; theories, 30504

work family conflict; selection; optimization; compensation; work roles; family roles; family stress; work stress, 4221

working adults; perceived stress level; lifestyle; fat intake; exercise; alcohol consumption; smoking; attitudes; coping, 4463

Stress [See Also Chronic Stress, Environmental Stress, Occupational Stress, Physiological Stress, Psychological Stress, Social Stress, Stress Reactions]—Books

Premature birth: A family survival guide, 4229

Stress education for college students, 8388

Trauma and health: Physical health consequences of exposure to extreme stress, 10842

Stress [See Also Chronic Stress, Environmental Stress, Occupational Stress, Physiological Stress, Psychological Stress, Social Stress, Stress Reactions]—Chapters

Affiliation, social support and biobehavioral responses to stress, 1289

A context for understanding the physical health consequences of exposure to extreme stress, 10847

Coping with peacekeeping stress, 3002

Gender, stress, and health, 19229

The impact of stress and the objectives of psychosocial interventions, 8600

The meaning of stress and related terms, 10624

Organizational behavior and the U.S. peacekeeper, 3005

Play as a parody of emotional vulnerability, 16054

The process of trusting: Its relevance to vulnerability and resilience in traumatic situations, 20955

Psychological interventions in peace support operations: Current practices and future challenges, 3006

Puberty and depression, 10157

Resilience and growth in high-risk professions: Reflections and future directions, 20939

Social comparison affiliation under threat: Effects on recovery from major surgery, 16729

Stress and immunity, 16644

Understanding about stress, 10625

Stress Management—Serials

attachment style; subjective motivations; sexual motivation; emotional closeness; self-esteem enhancement; stress reduction; partner manipulation; power exertion; physical pleasure; procreation, 31423

behavioral health providers; psychological trauma interventions; community based intervention; psychosocial-intervention continuum; posttraumatic stress management, 35800

cancer patients; mind-body therapies; mindfulness-based stress reduction and relaxation program effectiveness; stress; state anxiety; mental adjustment; breast cancer; health locus of control, 32564

cancer patients; mind-body therapies; mindfulness-based stress reduction and relaxation program effectiveness; stress; state anxiety; mental adjustment; breast cancer; health locus of control, 32540

cancer patients; mind-body therapies; mindfulness-based stress reduction and relaxation program; stress; state anxiety; mental adjustment; breast cancer; health locus of control, 32549

clinical psychologists; occupational stress; stress management; coping strategies; burnout; job satisfaction; intervention, 26836

cobedding; twins; interaction; adjustment; post birth stress, 10396

cognitive-behavioral stress management; immune function; breast cancer; emotional well-being, 20456

cognitive-behavioral stress management; interpersonal relationships; breast cancer; immune function; physiology; distress; life attitude, 20451

crisis intervention; critical incident stress management; crisis intervention services, 11799

critical incident stress management; crisis intervention strategies; crisis intervention approach; preincident training; acute care interventions; postincident response follow-up, 29610

critical incident stress management; crisis intervention; mental health, 23315

daydreams & sustaining fantasies & self reported stress coping behaviors & psychopathology, 18-22 yr olds, 7745

emergency services; critical incident stress management; alternative interventions; appropriate interventions; psycho-educational group, 23311

epilepsy; stress; stress reduction; seizure control; epileptic seizures; epilepsy therapy; alternative therapy; outpatients; patient perceptions; patient beliefs, 2047

family caregivers; stress management; dementia caregiver stress; meditation intervention; yoga; Latinas, 26221

family-responsive interventions; perceived organizational support; perceived supervisor support; work-family conflict; psychological strain; managers, 11729

international crises; tension reduction; crisis management; historical data; mediator style; International Crisis Behavior data set; negotiation; agreement, 18048

job stressors; cognitive stress management; individual characteristics; type A personality; reactivity; risk factors; perceived job stressors; managers, 27092

large group crisis intervention; critical incident stress management; Cop 2 Cop program; law enforcement personnel; Port Authority Police Department; disaster, 11766

medical students; stress management intervention; educational intervention; coping skills; psychological distress; mindfulness-based stress reduction; emotional distress, 20727

mindfulness intervention; stress reduction; quality of life; traumatic brain injury, 11370

mindfulness stress reduction program; stress mindfulness; self-efficacy; optimism, 35587

mindfulness-based stress reduction; intervention; health-related quality of life; sleep quality; family harmony; Spanish-speaking medical patients; English-speaking medical patients; inner city, 17114

murder; suicide; rural junior high school; crisis response; critical incident stress management services; support; recovery; trauma; students; teachers; parents; community, 5621

occupational stress; forensic psychiatrists; stress management, 8955

occupational stress; stress management; organizational response, 12293

occupational therapists; stress management intervention effectiveness; coping strategies; mental health settings, 20744

police stress intervention; police officers; mental health services; stress management; crisis interventions; preventive educational interventions; police anonymous hotline use; mental health referral, 24134

psychological hardness; workplace stress; health care providers; workplace environment; personality style; commitment; self control; challenge, 14593

psychosocial intervention; geriatric patient; fears; distress; implantable cardioverter defibrillator; defibrillator discharges, 20127

social support; quality of life; stress buffering hypothesis, 4356

stress inoculation training; first year law students; anxiety; stress; irrationality; academic performance, 14630

stress intervention workshop; experiential activities; stress reduction; coping enhancement; behavioral change; work satisfaction; upper level managers, 12282

stress management interventions; job stress; domiciliary care sector; program effectiveness evaluation; nurses, 11746

stress management programme; Crohn's disease; behavioural assessment; social competence, 20453

stress management programs; working conditions, 11727

stress management; arousal reduction; coping, 20422

stress management; at work interventions; strategies; organizational behavior, 11709

stress management; secondary school teachers; behavioural strategies, 33027

stress processing; psychosocial functioning; absence rates; well-being; internalizing behavior problems; aggression; asthma; school performance, 7438

Stress Reactions—Serials

stress-management interventions; female athletes; muscle relaxation; cognitive restructuring; adaptive coping strategies, 35678

treatment efficacy; stress inoculation training; posttraumatic stress disorder; emergency gynecological surgery; hysterectomy, 8384

unwinding; recuperation; health; compulsory school teachers; high school teachers; anticipatory stress, 5836

virtual reality; stress management; aerobic exercise, 5500

work stress interventions; evidence-based research; public sector, 20925

work stress; coping behavior; coping research, 27075

work-related stress; stress management techniques; organizational interventions, 27070

written emotional disclosure; chronic pelvic pain; women; individual difference moderators; stress management, 19876

Stress Management—Books

Promoting capabilities to manage posttraumatic stress: Perspectives on resilience, 20961

Stress education for college students, 8388

Stress Management—Chapters

Development of the SMART-ENERGY Program, 16673

Hardiness training for resiliency and leadership, 19225

The influence of psychological factors on restorative function in health and illness, 2368

Stress and immunity, 16644

A trait approach to posttrauma vulnerability and growth, 19226

Understanding about stress, 10625

Stress Reactions—Serials

3-isobutyl-1-methylxanthine; cholera toxin; pertussis toxin; stress-induced antinociception; mouse; drug administration methods, 704

academic stress; stress reactions; cross cultural differences; American students; international students, 20861

acute psychological stressors; cortisol responses; psychological theory, 18682

acute stress exposure; psychophysiological reactivity; REM sleep; coping styles, 674

acute stress response; corticosterone; water maze performance; rats; sex differences; spatial memory, 30812

adaptive responses; environmental demands; hypothalamic pituitary adrenal axis; ancient stressors; modern stressors; elementary age children; chronic stressors; evolution, 15918

antibarking muzzle; dog behavior; Australian Kelpies; device effect; dog welfare; stress; saliva cortisol concentrations; muzzle treatment; barking level; activity level; posture; stress reactions, 6696

anxiety; brain function; adolescents; functional magnetic resonance imaging; fMRI; amygdala activation; fear; aversive air blast; larynx, 7363

anxiogenic drug; yohimbine; methamphetamine seeking; rats; drug relapse, 24850

appraisal responses; coping responses; sports; athletes; stressors; athletes perception; personal goals, 24048

baroreceptor reflex; cardiovascular stress responses; chronic fatigue syndrome; systolic blood pressure; speech task, 1788

basolateral amygdala; nucleus accumbens; dopamine; stress response; medial prefrontal cortex, 21910

bed nucleus of the stria terminalis; noise; interleukin; medial prefrontal cortex; physical stressors; plasma adrenocorticotropic hormone; hypothalamic pituitary adrenal axis; rats, 21563

borderline personality features; negative affect; self esteem; interpersonal stressors; stress reactivity; stability, 34933

brain aging; stress response; brain gerontology; bioenergetics, 7481

calves' behaviour; chronic stress responses; human contact; social contact; novel conspecifics; cortisol responses; human-animal interactions, 6731

carbon dioxide reactivity; eating disorders; panic disorder, 19332

cell adhesion molecule; knock-out mice; exploratory behaviour; locomotor activity; cognitive deficit; 3p-syndrom; emotional reactivity; stress, 9878

central amygdala; galanin; lateral bed nucleus; norepinephrine; stress, 15784

child refugees; adolescent refugees; mental health; stressful experiences; stress reactions; interventions; ethical considerations; preflight; flight; resettlement, 10830

children's appraisal; stressful events; major life events; appraisal dimensions; developmental psychopathology, 10241

chronic psychosocial stress; heart rate; temperature; physical activity; resident/intruder dyads; aggressive interaction; autonomic function; mice, 3814

college students; terrorist attacks; coping strategies; stress response; anxiety; emotions; September 11, 25123

community resilience; stress impact; adult response; Israeli withdrawal; life satisfaction; coping, 28175

control; danger signal enhancement; perceptual system; perceptual sensitivity; search task; response bias; aversive consequences avoidance; negative consequence; action regulation, 24380

coping behavior; social stress; involuntary stress responses; cross cultural differences, 25331

coping responses; chronic illness; daily life stressors; disabled sibling; stressful situations; everyday life, 18953

coping style; treatment planning; treatment outcomes; behavioral traits; stress response; coping responses, 8359

coping styles; personality; treatment planning; coping response; stress responses; trait-like responses, 7669

coping; involuntary stress reactivity; interpersonal stress; health status; internalizing problems; sociotropic college students, 28458

coping; stress responses; Navajo adolescents; psychometric properties; Responses to Stress Questionnaire, 27302

corticotropin releasing factor; stress responses; valproic acid; lithium; rats, 3904

cortisol concentrations; hypothalamic pituitary adrenal; developmental stress research; peak response time; baseline cortisol; circadian rhythm; stress hormone; cortisol stress response, 675

daily hassles; immune system; personality traits; mood changes; physiological stress responses; physiological parameters; individual differences, 9943

daily time periods; stress response; mouse strain differences; restraint response; CD-1 mice; C57BL/6 mice, 12788

Day 7 amygdala-lesioned rats; animal model; neurodevelopmental psychopathological disorders; schizophrenia; stress responsiveness; neuroendocrine response; ACTH; corticosterone; catecholamines, 1875

domestic violence; stress disorders; therapy session; female client, 29254

dominance status; body color; eyespot formation; nonsocial forced movement stress; lizards; catecholamine, 12942

early life episodes; diminished vagal tone; histological markers; stress resilience; adulthood; posttraumatic stress disorder; enamel tissue; autonomic nervous system, 13653

efficacy; debriefing techniques; prevention; psychological consequences; trauma; traumatic events, 5114

emotional distress; stress reaction; Israeli war veterans; long term adjustment; attachment style, 25337

emotional encoding; emotional events; neural activation; fear-related stimuli; emotional vulnerability; stressful events, 33888

emotional reactivity; postnatal handling; pregnancy; DA/Han rats; stress responses; infancy; female rats, 3487

genetics; stress responsiveness; mice; anxiety-related behaviors; genotype, 33999

Ginkgo biloba; corticosterone stress responses; inescapable shock exposure; daily dosage level; active avoidance acquisition; rats, 7227

grief reactions; emotional problems; traumatic grief; symptom severity; depression; separation reactions; emotional reaction; avoidance behaviour, 19164

health-related quality of life; posttraumatic stress disorder; acute stress disorder; stress reactions; myocardial infarction; anxiety; somatization; hospitalization, 4512

heart rate; preschool children; posttraumatic stress disorder; PTSD; trauma; neurodevelopmental changes, 19555

hyperleptinemia; persistent partial posttraumatic stress disorder; earthquakes; postdisaster psychiatric symptoms; serum leptin; subsyndromal acute stress disorder, 16456

hypothalamic paraventricular nucleus; glutamatergic neurotransmission; gene expression; stress response; anhedonia; corticotropin-releasing hormone; ventral tegmental area; NMDA; nucleus accumbens, 561

Impact of Event Scale; Dutch version; psychometric value; assessment instrument; confirmatory factor analyses; traumatic experiences; construct validation; construct validity; stressors assessment, 12475

Impact of Event Scale; traumatic life event, psychological stress reactions, 113

individual differences; physiological response; stress-elicited changes; infectious disease susceptibility; cardiovascular responses; endocrine responses; immune responses; laboratory stressors, 7122

individual variability; cellular immune responses; lateral hypothalamic lesions; peripheral blood; cytotoxicity; rats; novelty responses; leukocytes; lymphocytes, 7008

infant reactivity; maternal regulatory behavior; soothing behaviors; infant stress responses, 25171

maternal care; stress reactivity; offspring; GABA; gamma-aminobutyric acid; pup licking/grooming; arched backed-nursing; prefrontal cortex; amygdala; hippocampus; fear; rats, 7160

medical students; psychological trauma; stress reaction; psychological morbidity; coping behavior; gender differences; ethnicity; human dissection, 20717

morphine place conditioning; susceptibility; stress-induced locomotion; novelty-seeking behavior; open field behavior; juvenile rats; adult rats, 800

naloxone; adrenocorticotropin hormone; cortisol responses; hypothalamic-pituitary-adrenal axis function; catechol-O-methyltransferase gene; stress-related disorders; genotype; risk factor, 9815

neonatal handling; prolactin stress response; female rats; male rats; estrous cycle phases; hormonal changes; behavioral changes, 24766

neurochemical alterations; medial temporal lobe; mother-infant dyads; aminobutyric acid; nonhuman primates; early-life stressors; mother-infant dyads, 598

neuropeptides; mRNA expression; release; receptor binding; hypothalamus; corticotropin releasing hormone; anxiety; stress reactions; arginine-8-vasopressin; endocrine reactivity; amygdala; rats, 9946

nociceptin/orphanin FQ deficit; emotional responses; environmental housing conditions; behavioral responses; emotional reactivity; mice; fear; stress; gender, 608

panic disorder; neuroactive steroids; stress response; panic attacks; posttraumatic stress disorder; atrial natriuretic peptide; glucocorticoid receptor; hypothalamic pituitary; response alterations, 10724

parental emotional expressivity; children's coping; daily stress; parental support; diaries, 13258

peripheral vision; life-event stress; hardness; peripheral narrowing; athletes; anxiety; stress response; visual field, 21797

personal competence; alexithymia; stress reactions; moderators, 22459

physical illness; family discord; suicide risk; stress reactions; mental disorder; mental illness; financial stress, 16355

physiological responses; discrimination; racism; encounter effect, 21782

pituitary volumes; pediatric maltreatment; posttraumatic stress disorder; PTSD; corticotropin releasing hormone; maltreated children, 19286

posttraumatic growth; stressful events; report bias, 34928

posttraumatic stress disorder; mustard gas; WWII veterans; psychological reactions, 34913

posttraumatic stress disorder; personal world assumptions; combat stress reactions; veterans; disease course, 31797

prenatal stress; rats; immobility behavior; chronic treatment effect; tiapentine; sleep disturbances; hypothalamo-pituitary-adrenal axis, 7235

professional managers; gender differences; stress; gender role expectations, 14757

psychic numbing; avoidance; relaxation response; denial; depression; hypnosis; trance; posttraumatic stress disorder; stress reactions; stressful situations; disasters, 1299

psychological reactions; posttraumatic stress; teacher's reactions; Oklahoma City bombing; media exposure; media coverage, 28777

psychoneuroimmunology; autonomic activities; endocrine activities; active stress; passive stress; mental arithmetic; cold pressor; women, 12952

psychosocial stress; hypothalamo-pituitary-adrenal axis; sympathetic nervous system; stress-induced changes; dorsal motor nucleus; adrenoreceptor regulation; depression; tree shrew, 15501

PTSD; children; earthquakes; depressive symptoms; anxiety, 13661

rat; context dependent fear conditioning; exploratory behavior; glycosaminoglycans; heparin derived oligosaccharide; neophobia; open field behavior; spatial learning, 10016

recent road accidents; emotional impact; Impact of Event Scale; Italian version; test validation; posttraumatic stress, 162

secretory immunoglobulin A; multi-tasking stress; acute stressor; working environments; reactivity; perceived workload, 24773

September 11th attacks; stress reactions; posttraumatic stress disorder; major depressive disorder; anxiety symptoms; mental health; television viewing duration, 13596

sex differences; Siberian hamsters; immune function enhancement; seasonal stressors; day length; photoperiodic enhancement; stress-induced enhancement, 7118

sleep; stress; opioid receptors; naltrexone; corticosterone, 13092

spinal cord; midbrain; brain stem; cold water swimming stress; central nervous system; antinociceptive effect; kappa opioid receptor; delta opioid receptor; mu opioid receptor; opioid receptor binding, 582

stress chronicity; aging; psychological functioning; human mortality; stress exposure, 7478

stress exposure; neuroendocrine activity; testosterone; salivary cortisol; cortisol activity; blood pressure, 9944

stress generation; interpersonal stressors; major depression; unipolar depression; unipolar depression, 28635

stress groups; stressors; reactions to stressors, 25345

stress levels; supervised offenders; substance abuse; drug abuse; stress dimensions, 13742

stress reactivity; African American neonates; cortisol; behavior, 18893

stress reactivity; infants; infant temperament; cognitive competence; attachment security; salivary cortisol; stress; strangers; anger proneness; cognitive competence, 18984

stress response symptoms; incidence; severity; women; mammography; breast cancer history; physician support; somatization; trauma history; psychiatric history; social support; physician satisfaction, 16697

stress response; adrenocortical responses; reproductive success; savannah sparrows; white crowned sparrows; american tree sparrows, 6707

stress response; cognitive activation theory of stress; stress stimuli; stress experience; homeostatic system; neurophysiological activation; coping behavior; psychological defense, 24626

stress responses; stress hormones, 34131

stress-induced visceral hypersensitivity; tachykinin NK1 receptors; ovarian steroids; rectal distension; estrogen, 21778

stress-related growth; stressful experiences; predictors; psychological adjustment; personal resources; time; cognitive processing; coping, 25377

stress; noradrenergic modulation of GABAergic transmission; basolateral amygdala; norepinephrine; adrenoreceptor antagonists; rats, 9959

swim stress; c-fos expression; serotonergic system; GABA neurons; immunohistochemical labeling, 21678

terrorist attacks; children's reactions; separation anxiety; child anxiety; September 11; fear; denial; rationalization; anger; empathy; maternal worry; mothers; self-reports, 28044

traumatic life event; stress response; past traumatic experience; depression anxiety; job strain; life experiences; mental health indexes, 22452

traumatic memories; posttraumatic stress disorder; traumatic stress responses; malinering; cognitive models; assessment; treatment, 34894

traumatic stress; stress response; psychopathology; trauma, 19518

vicarious victims; disaster-focused distress; distress reactions; September 11; terrorist attacks; general distress; gender differences; survivor guilt; survivor grief; collective helping behavior, 19219

Stress Reactions—Chapters

A context for understanding the physical health consequences of exposure to extreme stress, 10847

Coping and health: A comparison of the stress and trauma literatures, 10690

Posttraumatic stress disorder, allostatic load, and medical illness, 10844

The psychological challenge of peacekeeping operations, 3007

Psychoneuroimmunology and trauma, 10691

Relocation stress following catastrophic events, 1398

Understanding about stress, 10625

Striate Cortex [See Visual Cortex]

Striatum [See Also Caudate Nucleus, Putamen]—Serials

acetylcholine release; brain; learning; hippocampus; striatum; rats; memory systems switching, 21558

acetylcholine; medial striatum; place reversal learning; bupivacaine; acetylcholine output; place discrimination; place acquisition; reversal learning, 15563

acetylcholine; striatal neurons; rats; selective muscarinic agonists; oxotremorine M; nicotinic agonists; nicotine, 13097

African green monkeys; primate model; presymptomatic Parkinson's disease; behavioral manifestations; nigrostriatal denervation; striatal dopamine, 21417

aging role; striatal nitric oxide synthase; synthase activity; tardive dyskinesia; haloperidol; striatal oxidative stress; co-morbid factors; vacuous chewing movements; rats, 3564

amphetamine; striatal dopamine & metabolite levels; 3,4-dihydroxyphenylacetic acid; homovanillic acid; 5-hydroxyindoleacetic acid; Wistar-Kyoto; Sprague-Dawley; spontaneously hypertensive rat, 3892

anterior cingulate cortex; striatum; orbitofrontal cortex; decision making; blood oxygenation level dependent responses, 18697

brain size; innovation; evolution; birds; primates; cognition; hyperstriatum ventrale; isocortex; striatum, 34042

cannabinoid receptor agonist; neurodegenerative disorders; neuroprotection; intrastriatal injection; Huntington disease; malonate induced striatal lesions; tetrahydrocannabinol; rat models, 15765

chronic treatment; atypical neuroleptics; striatum; rats; striosomal FosB; clozapine, 18743

cocaine dependence; striatum; cocaine-seeking behavior; dopamine receptors; neurobiology, 25893

Cotard syndrome; striatal receptor binding; cerebral blood, 19303

domestic chick; neural correlates; memorized associations; cued movements; archistriatum; sensorimotor coordination, 21532

Striatum—Serials

dopamine overflow; olfactory bulbectomy; rats; behavioral changes; physiological changes; neurochemical changes; depression; affective disorder; ventral striatal dopamine; norepinephrine, 21635
dopamine transporter; TRODAT; drug-naïve patients; schizophrenia; striatal dopaminergic system, 7874
dopaminergic neurotransmission; striatum; frontal cortex; hippocampus; trans isomers; linoleic acid; brain areas; fatty acid; rat brain, 3863
dorsal striatum; behavioral strategy; hippocampal cholinergic deafferentation; spatial learning; cue bias; learning strategy selection; acetylcholine level; neurotoxin; 192 IgG-saporin, 3874
dorsal striatum; stimulus-response learning; neurotoxic lesions; dorsomedial striatum; dorsolateral striatum; discrimination task; rats, 21582
drug addiction; drug abuse; behavioral patterns; habits; striatum; synaptic plasticity, 6895
ecstasy; MDMA; neuronal inclusions; morphological changes; striatal cells; nigral cells; DNA damage; heat shock protein; 3,4-Methylenedioxymethamphetamine; mice, 24805
electroconvulsive stimulation; long term depression; neostriatum; mood disorder patients; functional abnormalities; structural abnormalities, 18635
ethanol effect; neurotrophic factors; NTFs; apoptosis-related proteins; endogenous antioxidants; reactive oxygen species; ROS; neonatal striatum; vulnerability period; Fetal alcohol syndrome; FAS, 3909
gene expression; rat striatum; molecular alterations; cortical inputs; cocaine; behavioral context, 15823
high frequency stimulation; entopeduncular nucleus; metabolism; striatal dopaminergic transmission; striatal extracellular dopamine; rats; metabolite level, 34092
hippocampus; dorsolateral striatum; mice; memory; genotypes, 34049
hypoxanthine; xanthine; uric acid; Lesch-Nyhan disease; rat striatum; neonatal rats; metabolites, 34135
inflammatory reaction; cytokines; neurodegeneration; neuroprotection; mRNA expression; Parkinson's disease; nitric synthase; murine model; mice; striatum; IL-1-beta; IL-6; TNF; IFN-gamma, IL-10; iNOS, 6863
intermediate medial hyperstriatum ventrale lesions; conspecific discrimination; chicks; adult quails; functional differences; age differences; morphine; associative processes; social preference, 3599
isolation rearing; dopamine; D2 receptors; A2A receptors; motor activity; passive avoidance; striatum; rat, 12823
Kir6.1-protein; pore-forming; ATP-sensitive potassium channels; giant cholinergic interneurons; striatum; rat brain; sulfonylurea receptor; neurotransmitter release; pharmacological agents, 3719
motor behavior; rats; gamma aminobutyric acidergic agents; neostriatum; picrotoxin; bicuculline; receptor antagonists, 27951
N-methyl-D-aspartate receptor antagonists; amygdala nucleus; posterior lateral striatum; instrumental learning; spontaneous motor behavior; dorsal striatum; feeding; neurophysiological processes, 30833
neurochemical correlates; behavioral effects; striatal dopamine depletion; motoric behavior; body weight regulation; 6-hydroxydopamine; 6-OHDA; rat weanlings; adult rats, 7250
neuron activity; monkey putamen; behavior-reactive neurons; neostriatum, 27826
neuronal degeneration; immunoreactivity; reactive astrocytosis; protein oxidation; rat striatum; histopathology; HIV; temporal progression, 12970
neuronal nitric oxide synthase; haloperidol; rats; dopamine; basal ganglia; neuroleptic drugs; tardive dyskinesia; protein expression; calmodulin system; calcium/calmodulin kinase II; neostriatum, 7221
neuroplasticity; unilateral visual cortex damage; newborn cat; extrastriate cortex; visual cortex; cats, 34064
nitric oxide synthesis; neurons; striatum; postnatal development; prenatal development, 21646
persistent cocaine self-administration; amygdala-dependent learning; dorsal striatum-dependent learning; multiple memory system functioning; rats, 27948
placebo effect; Parkinson's disease; dopamine; striatum; reward mechanisms; placebo mechanisms; reward circuitry, 32146
positron emission tomography; GABA; NMDA antagonist; dopamine; PCP; cocaine binding; phencyclidine; raclopride binding; striatum; baboons; PET, 10039
primary somatosensory cortex; neostriatal neurons; neostriatum; corticostriatal projections; forelimb; rats, 15514
projection neurons; goal-directed planning; neural substrate; cortico-basal ganglia; sequence motor tasks; synchronous activation, 15525
psychostimulant treatment; neurochemical responses; dopamine terminals; substance P; cholecystokinin; methamphetamine; striatum; cocaine; striatum; drug abuse; neuropeptides, 15769

sensorimotor cortex; supplementary motor area; striatal activation; parietal operculum; blood oxygenation; blepharospasm; visual areas; fMRI, 15574
serotonin transporters; obsessive-compulsive disorder; serotonergic abnormalities; transporters availability; subcortical region; limbic region, 7945
sex differences; striatal dopamine; dopamine receptors; drug-naïve schizophrenia patients, 19488
sexual imprinting; immediate early gene zenk; lateralization; hyperstriatum; optic tectum; zebra finches, 9858
spatial representations; movement representations; hippocampal neurons; striatal neurons; allocentric tasks; egocentric tasks; cue manipulation; movement correlations; place correlated cell firing, 30888
stereotyped behavior mechanisms; caged animals; striatal dysfunction; behavioral disinhibition; blue tits; marsh tits, 3639
striatal activation; three dimensional activation; human striatum; face movements; hand representation; foot representation; face representation; eye representation, 3641
striatal dopamine activity; learning strategy; dopamine transporter; Parkinson's disease; problem-solving strategy; strategic learning, 22911
striatal dopamine release; unrewarded motor task; human volunteers; dopamine receptor ligand; raclopride, 3601
striatal dopaminergic stimulation; wakefulness; striatal functions; PPT disinhibition; basal ganglia; c-Fos expression; cortical activation; pedunculopontine tegmental nucleus, 3678
striatal neurons; cocaine; tetracycline; substance P-dynorphin; self administration; craving; mice, 15736
striatal size; glucose metabolic rate; verbal learning; normal aging; age-associated cognitive decline; striatum volume, 15684
striatal subregions; place learning; response learning; rats; NMDA lesions; dorsolateral striatum; anterior dorsomedial striatum; posterior dorsomedial striatum; mazes; spatially guided behavior, 33946
striatum; dopamine; avoidance training; taste aversion; avian brain; memory; learning, 18754
tardive dyskinesia; levitetracem therapy; calcium channel blockade; striatum; chronic depression; borderline personality disorder, 8633
time-course; striatal FosB-like immunoreactivity; prodynorphin mRNA expression; chronic cocaine treatment; chronic L-DOPA treatment; 6-hydroxydopamine lesioned rats, 12768
visual deprivation effects; visual cortex; striate cortex; astrocytic population; astrocytes; vascular network; non-sensory area; retrosplenial granular cortex; striate cortex, 21533

Strikes—Serials

secondary students; globalization; cross-cultural education; educational politics; teacher strike, 33018
Stroboscopic Movement [See Apparent Movement]
Stroke (Cerebrum) [See Cerebrovascular Accidents]
Stroop Color Word Test—Serials
anxiety; cognitive style; Stroop Color-Word Test, 24198
attentional biases; eating disorders; Stroop performance; anorexia; bulimia; dieting, 13828
California Older Adult Stroop Test; geriatric populations; Stroop test; test validity; test reliability, 18094
gender differences; cultural performance differences; Stroop Color and Word Test, 24200
interference score; Stroop test; word reading; neuropsychological model; brain lesions; suppression; color naming; mental disorders, 27331
major depression; white matter lesions; Stroop test positron emission tomography; cerebral blood flow; neurotransmission; neuropsychological activation, 18163
psychological treatment; cognitive bias; motor vehicle accident survivors; posttraumatic stress disorder; Stroop effect; treatment outcomes; Stroop test, 20143
Stroop Color and Word Test; neuropsychological evaluations; demographic characteristics; African American adults; executive function; normative tables; normative data; performance effects, 9450
Stroop-Color Word Test; sensitivity; specificity; executive function deficits; children; adolescents; developmental disorders; attention deficit hyperactivity disorder; ADHD, 33550
Stroop Effect—Serials
age-related decline; cognitive ability; test words; lexical decisions; emotion words; tone of voice; arousal words; font color, 33841
anterior cingulate cortex; behavioral conflict; experiment duration; behavioral measurements; Stroop, 27726
anxiety; emotional Stroop interference; emotional connotation; conditioned stimuli; word pairing; pictures; semantic factors; Stroop interference, 33889
bilingualism; age differences; inhibitory mechanisms; Stroop test, 21980
emotion; memory; attention; taboo Stroop; lexical decision; immediate memory tasks, 30679

Structural Equation Modeling—Serials

emotional Stroop effect; cognitive slowing; reading; lexical decision; color naming; stimulus salience, 30573
emotional Stroop interference; obsessive-compulsive disorder; depression; anxiety; mood congruency; attentional bias, 25730
information-processing biases; emotional Stroop; forensic populations; sex offenders; violent offenders; pedophiles; sexual words; Stroop effect; response latency, 35060
neural activity; priority processing; prefrontal cortex; top-down control; Stroop task; fMRI; task relevant information; attentional control; frequency; neural activity, 3681
neural correlates; Stroop task; childhood sexual abuse; post-traumatic stress disorder; anterior cingulate; women, 19511
numerical Stroop effect; alphabetic characters; matched digits, 33840
psychological treatment; cognitive bias; motor vehicle accident survivors; posttraumatic stress disorder; Stroop effect; treatment outcomes; Stroop test, 20143
pupillary assessment; computational modeling; depression; pupil dilation; cognitive load; Stroop color-naming, 19399
pure alexia; letter-by-letter reading; covert reading; lexical decision; semantic categorization; Stroop interference, 20021
schizophrenia; Stroop task; attention; attentional interference, 34874
schizophrenia; Stroop task; reaction times; error interference; color-naming; word-reading; incongruent condition; neutral condition; test performance, 28682
selective attention; emotional stimuli; vigilance; angry face response; trait anxiety; behavioral activation system; emotional Stroop task; behavioral inhibition system; cognitive-emotional processes, 33673
single letter coloring; spatial cuing; Stroop effect; semantic processing, 33663
slow components; online components; emotional Stroop task; emotional intrusion effect; disruptive effects; negative stimuli, 12650
stop signal inhibition; distractor interference; behavioral inhibition; flanker task; Stroop task, 24371
Stroop interference; psychopathic offenders; selective attention, 11046
Stroop performance; drug users; HIV; hepatitis C virus; males, 19271
Stroop task; desired reward; competition; attentional control; unconscious control; conscious control; effective; ineffective; word recognition processes, 33800
Structural Equation Modeling—Serials
adolescent quality of life; structural equation modelling; measurement properties; latent factors; second order confirmatory factor analysis, 21171
Bayesian analysis; two-level nonlinear structural equation models; continuous & polytomous data, 30543
Bayesian information criterion; akaike information criterion; structural equation models; confirmatory factor model; measurement invariance; cross validation; information fit indexes, 12544
Bayesian model; nonlinear structural equation models; missing continuous & ordinal categorical data; Bayesian estimation, 30532
coding time; parameter estimates; standard error; growth curve models; statistical power, 15123
community based programs; measurement; program sustainability; theory; Program Sustainability Index (PSI); Structural equation modeling (SEM); principal axis factor analysis; family programs, 29690
covariance structural equation modeling; equality in proportions; explained variance; latent variance; latent predictors; latent independent variables; measurement error; cognitive intervention, 257
covariance structure models; gene expression microarray data; factor model; path model; yeast cell cycle; maximum likelihood, 269
defense response theory; increasing painful stimulation; electrical stimulation; psychophysiological responses; structural equation modeling; latent processes; pain report, 15648
estimation methods; structural equation modeling; relative performance; specification errors; chi-square test; score discreteness, 12535
factor analysis; hierarchical linear models; mediation, multilevel models; structural equation models, 214
factorial structural equations models; covariance matrices; country; customer evaluation; customer satisfaction; international data; cross cultural data analysis, 9180
genotypes; structural equation models; female twins; vitamin D receptor; gene polymorphism; bone mineral density; environmental factors; age; latent genetic factors, 27707
HIV risk behavior structure; highly vulnerable youth; structural equation modeling; factor structure; factor analysis; risk factors, 248
hypothesis-testing; cutoff values; goodness-of-fit indexes; structural equation modeling, 24330

information systems; organizational context; strategic information; systems planning; human behavior; organizational situations; information technology; organizational life, 9130

interval estimation; scale reliability; multiple-component measuring instruments; linear constraint covariance; covariance structure modeling, 24332

latent curve analysis; explanatory variables; multiple regression interaction, 18196

latent growth curve; ordinal outcomes; adolescent development; smoking; threshold invariance; continuous latent variables; ordinal response pattern; growth models, 30537

latent growth curves; incomplete data; structural equation modeling; multilevel software, 24325

maximum likelihood estimation; ignorable missing data; general nonlinear structural equation; metropolis-hastings algorithm; maximum likelihood estimates; structural equation modeling, 53

mediational models; longitudinal data; structuring equation modeling; methodology, 6394

missing data; single random imputation; multiple random imputation; standard errors; parameter estimates; structural equation modeling, 247

model fit; structural equation modeling; psychopathology; statistical errors, 6418

moderator effects; mediator effects; counseling psychology research; multiple regression; structural equation modeling, 9512

motion-correction strategy; time course selection; structural equation modeling; task-correlated motion; lexical retrieval task; connectivity models; functional neuroimaging data, 27732

multicollinearity; structural equation models; achievement; self-efficacy; self-concept, 33614

multilevel models; structural equation models; data structures, 9506

parameter estimates; structural equation; covariance matrix; standard errors; missing data; confirmatory factor analysis; confidence interval; maximum likelihood; sample size; error rates, 12550

psychological workload; musculoskeletal symptoms; fatigue; structural equation modeling approach, 30945

psychometric properties; State-Trait Anxiety Inventory; structural equation modeling, 33538

psychopathology research; structural equation modeling; latent trajectory models, 6396

root mean square error of approximation; noncentrality parameter-based statistics; structural equation model, 24322

SAS macro; interindividual variability; longitudinal data analyses; individual growth curves, 12528

scale development; scale validation; condom influence strategy questionnaire-short form; condom use persuasion; structural equation modeling; confirmatory factor analysis; latent variable modeling, 207

statistical power; structural equation models; business research, 21219

structural equation mixture modeling; continuous latent variable models; discrete latent variable models; spurious latent classes, 15122

structural equation model; auditory processing; reading success; Woodcock-Johnson Psycho-Educational Battery-Revised data norms; cognitive performance; oral language skills, 13164

structural equation modeling; item response theory; factor analysis; dichotomous item responses; empirical social science research, 244

structural equation modeling; leadership styles; leadership model; cross-national stability; managers' perceptions, 27060

structural equation modeling; male forensic psychiatric patients; test scales; NEO Five Factor Inventory; superordinate factors; Antisocial Personality Questionnaire, 33498

structural equation modeling; psychopathology research, 6417

structural equation models; latent interaction; alternative estimation strategies; indicator construction; quasi-maximum likelihood; Type I error rates; QML, 30536

structural equation models; missing data; structural equation modeling; maximum likelihood, 6385

structural equation models; modeling; alternative models; longitudinal data; academic motivation; academic competence, 240

structural equation models; theoretical models; survey data; measure validity; reliability; marketing research, 24064

structured latent curve model; multiple repeated measures; mean matrix; mean response; factor analysis; working memory task; WM task measures, 30524

Type I error rates; generalized graded unfolding model; fit indices; item response theory, 9507

variational approximations; latent variables; machine learning; graphical modeling; statistical physics literature; science literature, 18063

Structural Equation Modeling—Chapters

Applying multi-wave, multi-variable models in evaluating the stability of job insecurity, and job and family involvement: A three-wave longitudinal study in Finland, 12301

Structural equation modeling in clinical psychology research, 15145

Structured Clinical Interview—Serials

bipolar disorder; unipolar depression; Mood Disorder Questionnaire; Structured Clinical Interview for DSM-IV, 1409

perinatal depression; Structured Clinical Interview for DSM-IV Disorders; test adaptation; nonpsychotic psychiatric illness; cross cultural differences; pregnancy, 27312

semistructured interview; bipolar II disorder; Structured Clinical Interview; major depressive episode, 1411

short-interval test-retest interrater reliability; Dutch version; Structured Clinical Interview for DSM-IV personality disorders, 9438

Structured Clinical Interview for DSM-IV Personality Disorders Personality Questionnaire; psychometrics; self-report personality questionnaire, 3170

structured clinical interviews; outpatient mental health settings; diagnosis; prescribing practices; psychiatrists, 8782

structured diagnostic interviews; structured interviewing; psychiatric problems; clinical settings, 32296

victim mothers; victim children; domestic violence; structured interviews; psychological assessment; posttraumatic reexperiencing; avoidance; physiological arousal; parenting skills; trauma disorders, 31856

Structured Clinical Interview—Chapters

Interviewing strategies, 183

Structured Overview [See Advance Organizers]

Strychnine—Serials

glycine; dentate granule cells; hilar interneurons; rat hippocampal slices; strychnine, 15490

panic-like behaviors; strychnine; panicogenic effects; subconvulsive doses; rats; animal model; panic-related flight; defensive flight, 13000

panic; strychnine; wild running; periaqueductal gray; imipramine; rat, 9974

Student Adjustment [See School Adjustment]

Student Admission Criteria—Serials

college admission criteria; affirmative action; laws; minority groups; Grutter v. Bollinger Supreme Court ruling, 3098

criterion-related validity; tacit knowledge; alternative measurement; graduate student selection; graduate psychology education; GRE scores; undergraduate GPA, 36153

graduate record examinations; test validity; grade point average prediction; medical colleges; GRE general test; veterinary medical colleges; validity coefficients, 15108

group position theory; affirmative action; Asian Pacific Americans; college students; race relations; admission process, 20854

organizational justice; self-serving bias; fairness perception; selection tests; college admissions, 33019

personal qualities; medical school admissions; academic measures; applicants quality; admission decisions; admission data, 17499

postsecondary admissions; admission policies; admission practices; college recruitment; student selection; New England colleges; policy environment; student demographics; policy change, 17770

professional psychology; professional education programs; evaluation cultures; competency-based evaluation; theoretical positions; evaluation-free environments; students; doctoral programs, 32920

school effectiveness; value-added model; students characteristics; student admissions; performance, 29937

social equity; justice; university admission; academic standards; higher education; equality of opportunity, 33022

theory-based university admissions; creative skills; college performance; ethnic groups; admissions testing, 33597

Student Attitudes—Serials

student achievement; school calendars; school students; school management; community attitudes; teaching; academic learning, 17593

academic ability correlates; education students; part time graduate students; gender; age; self-efficacy; proactive attitude; locus of control; academic experiences; learning approach, 36196

academic achievement; homeschool students; public school students; student perception; parent involvement, 33116

academic environment; student satisfaction; student performance; black colleges, 17702

academic success; Latino students; youth; discriminatory experiences; institutional barriers; acculturation; parents; family socioeconomic status school drop-outs, 23881

achievement perception; achieving peers; kindergartners; schools, 33167

addiction treatment experience; substance-abusing patients; psychiatry clerkship; psychiatric knowledge; psychiatry patients; medical education; student attitudes, 20709

addictive disorder training; students knowledge; students attitudes; students behavior; substance abuse disorders; social work education; chemical dependency education; social work students, 23700

affiliation motive; group learning strategies; adult re-entry students; class lecture; small group learning; achievement; attitude; interactions, 17619

African Americans; college students; Caucasian counselors; African American Counselors; racial consciousness; racial identity; counselor preference; counselor ratings, 19040

alcohol use; college students; pluralistic ignorance; social influence; substance abuse; student attitudes; perceived norms; personal concern; gender differences; peer influence; peers, 1162

anti-egalitarianism; career attitude congruence; political socialization; social hierarchy; social roles; dominance perspective; vocational choice; college major, 5934

antisocial behavior; behavior alteration techniques; student resistance; instructor-student relationship, 36193

antisocial teasing; prosocial teasing; students' perception; individual differences; peers, 26954

anxiety problems; clinical medical students; medical education; clinical training; health sciences; teachers' views, 17518

attention-deficit hyperactivity disorder; knowledge level; undergraduate education students; student attitudes; teacher attitude; curriculum development; in-service teacher training, 19738

attitude change; attitude importance; prior attitudes; persuasive message; women's & gender studies students; United States colleges, 14684

attitude change; attitude towards mental illness; patient exposure; psychology education; students, 31612

attitude change; self-confidence; teacher alliance; student cohesion; women and gender studies; gender role attitudes; classroom, 26963

attitudes toward women; women individuation; male individuation; impression formation, 34533

attributions for success; attributions for failure; depression; school based attributions; general attributions; intermediate grade students, 33155

authoritarian attitudes; aggressive attitudes; American students; college students, 9018

behavioral clinical psychology programs; doctoral training programs; sexual orientation; bisexuality; homosexuality; lesbianism; student perspectives, 12012

bullying; student attitudes; risk factors; school grade; gender differences; social class, 25834

career decisions; training alternatives; professional practice entry pathways; postgraduate coursework degrees; psychological apprenticeships; professional supervision; psychology graduates, 23697

Chinese college students; student attitudes; condom use; sex; vulnerability; HIV infection; sexually transmitted disease; sexual risk taking, 25230

Chinese graduate students; parent-child relationships; students attitudes; Chinese culture; capitalist economy; career choices, 33452

choice theory; quality world; students understanding; habits; teaching methods, 33099

classroom ecology; physical education; middle school education; misbehavior; teacher perspective; student perspective, 23921

classroom environments; pedagogical aspects; subject matter; cross-cultural comparison; student's perceptions; English; mathematics; science; history; geography; French, 9029

classroom life; greek children; children drawings; pedagogic style, 8997

college classroom; subjective experiences; scientific discussion; scientific discourse; explicit discussion; student opinions, 17736

college education; nontraditional college students; student perspectives; career goals, 23906

college students; college teacher gender; student attitudes; teacher characteristics; femininity; likeability; sex differences, 10552

colonialism; schooling experience; Africans; high school students; attitudes; experiences; urban high school; immigration, 9035

community college students; reading abilities; literacy skills; black man, 9021

computer mediated communication; computer assisted language learning; CMC; CALL; foreign language learning; ESL classrooms; student interaction; online interaction; student perceptions, 4074

computer-administered exams; student anxiety; introductory psychology students, 33096

- confirmatory factor analysis; invariance properties; covariance structure; attitude differences; factor correlations; student attitudes; gender; statistics; Survey of Attitudes Toward Statistics, 12531
- conflict resolution skills; student views; bullying; student-teacher collaboration; adolescent students, 2819
- conflict resolution training; Turkish elementary school students; conflict resolution strategies; treatment effectiveness evaluation, 26893
- conservative attitudes; social distancing; social disapproval; drinking frequency; student perceptions; culture; gender; distal peers; friends; American students; Irish students, 13445
- cooperative learning; positive interdependence; cooperative examination; undergraduate student; higher education; group examinations, 23819
- course evaluation; career course; student responses; student perceptions; course ratings, 30138
- credit card use; college students; ethnic background; academic level; credit card ownership; parent credit card use; money ethic; locus of control; financial crisis, 6107
- cross-age peer tutoring; paired science program; cognitive gain; scientific language; learning; student attitudes; teacher attitudes; primary schools, 14652
- curricular treatments; high school classes; student attitudes; science classes; relevance of science; questionnaire development; computer based activities, 9486
- deaf pupils views mainstream schools; sensitive support; specialist teaching; peer support; deaf education; inclusion, 12173
- drug curriculum; teaching; children's beliefs; drug action; scientific theory; alcohol; cocaine; tobacco; biological background; drug education; drug knowledge; intuitive theory, 5879
- education policy; laws; government requirements; teachers' work; English primary teachers; secondary teachers; France; Denmark; workload; pupil attitudes; affective aspects of teaching, 27711
- educational benefits; medical school diversity; students; underrepresented minority; public benefits; peer cultural exchange; student perception, 12035
- educational psychology; motivational interviewing; secondary school pupils; disaffection, 23941
- elementary mathematics methods; classroom discourse; student resistance; student growth; pre-service teachers; openmindedness; verbal communication, 12031
- elementary school children; attitudes; group norms; bullying; gender differences; classroom level norms, 25843
- elementary school students; peer harassment; self-regulatory perspective; help seeking, 17733
- elementary school students; rural environment; literacy workshops; ethnic groups; student attitude, 17718
- ESL students; ideological conflict; learning environment; English-as-a-second-language; ESL; classroom practices; educational theory; Canadian senior public school; language ideologies, 23915
- estimation of attitude positions; ingroup; outgroup; intergroup; intragroup; attitude projection; opinion certainty; perceived status similarity; college freshmen; sophomore & senior students, 10498
- ethnic identity; student learning; historically Black university; student perceptions; racial differences; Euro-Americans; African Americans, 2707
- faculty members; student perceptions; teaching; annoying teaching habits; disorganized teaching; talking too fast; monotone voice lecturing, 5866
- family therapy; marriage therapy; multicultural training; student faculty perceptions; self reported competence; student trainees; research, 32345
- first year medical students; final year medical students; attitudes; suicide; suicidal patients; death attitudes; psychosocial circumstances, 12058
- foreign language learning; student perceptions; learning strategies; student motivation; self-concept; academic achievement, 33162
- foreign language; classroom anxiety; English; French; pre-service teachers; Venezuela, 9034
- fraternities; sororities; Greek organizations; attitudes towards hazing; alcohol overdose; non-Greek students; causal & responsibility attributions; authoritarianism, 2813
- gender differences; adolescent perceptions; school computing; age differences; grade level; skill level, 5922
- gender differences; school subject preferences; school related factors; practical subjects, 17724
- gender differences; student attitudes; stereotypes; gendered performance; motor skills tasks; classroom active learning, 29995
- gender role attitudes; religion; spirituality; domestic violence; student attitudes; college students, 31288
- gender; instructional outcomes; leadership style; gender-instruction effectiveness; management by exception; student perceptions; contingent reward; management by exception, 26973
- graduate students; college websites; university websites; website effectiveness evaluation, 17734
- happiness; student attitudes; college students, 25309
- health professions; pharmaceutical industry; student understanding; medical students; ethics, 12028
- help seeking patterns; urban youth; rural youth; socio-contextual view; youth problems, 26972
- high school students; educational attitudes; academic achievement; future temporal orientation; minority status perceptions; student attitudes; societal inequity; Blacks, 23870
- high school students; romantic relations; sexual harassment; student attitudes; psychological consequences; educational consequences, 25792
- high school students; student attitudes; HIV; condom use; people with AIDS; knowledge level; religiosity; social norms, 29053
- high school students; theory of personality types; critical thinking; thinking styles; critical thinking; creative thought; psychological types; perceived competence; theory of mental self-government, 20871
- Hospitality Scale; social capital; school; social isolation; social tolerance; community; collective efficacy; test reliability; test development, 217
- human evolution; epistemological beliefs; open-minded thinking; animal evolution; biological evolution; cognitive disposition; student understanding; knowledge level, 17742
- immersion vs nonimmersion program, attitudes toward learning French & learning orientation & communication, native English speaking male vs female 14-18 yr old 10th-12th graders, 5849
- immigrant students; middle school; local White community; employment issues; family cohesion; safety concerns; academic advantage; student welcoming, 12171
- impaired driving behavior; college students; web-based daily assessment; retrospective timeline followback; risk behavior, 36493
- individualized education program; student attitudes; teacher attitudes; group participation; group membership; secondary education, 17654
- information & communication technology; traditional learning; teaching; student performance; student attitudes; college students, 5875
- information technology use; Internet; e-mail; chat rooms; spreadsheet software; computer languages; word processing software; programming, 17729
- instructional communication; learner identity needs; student involvement; intrinsic learning motivations; risk mastery orientation, 9026
- interprofessional education; health care professionals; student attitudes, 23924
- Iranian secondary school students; preventive programs; substance use; tobacco dependent; alcohol dependent; opium; hashish; heroin, 35025
- judgments; children & youth with HIV/AIDS; teacher education students, 12183
- learning environment; postgraduate students; student sojourners; Transformer students; Strategist students; Conserver students; skill learning; knowledge enhancement; student growth; characteristics, 12023
- learning outcomes; monitoring device; teaching aid; learning aid; classroom realities, 12121
- learning skills; computer assisted learning; student response; lecturer response; course management; pedagogic change; business students, 12123
- learning strategies; student perceptions; course information construction; academic performance; college students; teaching format; self regulation; academic instruction; academic assessment, 17662
- literacy achievement; Programme for International Student Assessment; reading; student characteristics; gender role; citizenship, 33129
- literacy improvement; secondary schools; student attitudes; reading skills; teaching methods; large group instruction; small group & individual instruction; success in class, 26890
- magical thinking; paranormal beliefs; secondary school students; university students; South Africa, 1269
- mathematics learning disabilities; assignment perceptions; student attitudes; computation skill deficits; interspersal assignments, 27002
- Mediator Mentors; school climate; conflict resolution program; student perceptions; elementary school; cross-age mentoring, 14674
- medical education; psychiatric training; psychiatry; medical student attitudes, 32906
- medical graduates; problem-based learning curriculum; medical education; career preparation; educational quality; undergraduate education; graduate attitudes, 23669
- medical students training; end-of-life communication; clinical instructional strategies; medical school; perceptions, 12032
- medical students' attitudes; potential behavior; whistle blowing; undergraduate medical curriculum, 17556
- medical students; attitudes; geriatric medicine; elderly patients; reinforcement theory, 17525
- medical students; ethnicity effects; students attitudes; consultation skills; examination performance, 29882
- medical students; healthy older people; medical school; aging attitudes; nursing home visits; old age environments; student attitude, 17501
- medical students; homeless people; students attitude; medical school; questionnaire; test score; instrument validity, 27263
- medical students; student perception; culture; problem based learning; cognitive skills; motivation; cohesion; group learning; group productivity; tutorial groups; group dynamics, 12015
- medical students; student perceptions; housestaffs; physical examination skills, 5780
- multidisciplinary research; disciplinary perspectives; multidisciplinary teams; middle school students; consistent findings; consensus process; research groups; attitudes toward violence, 17730
- night sky watching attitudes; college students; student interest; student enjoyment; student mood improvement; student thoughts; nocturnal; emotional attachment, 15339
- occupational therapy students; student perception; professional behavior feedback; program development, 17529
- online Counseling Attitudes Scales: Face-to-Face Counseling Attitudes Scales; help-seeking attitudes; scale validity; scale development, 30501
- online learning; learning style; teaching methods; student attitudes; student satisfaction, 33065
- optimism; African-American college students; life event stress; academic stress; college student, 5919
- optimism; African-American college students; life event stress; academic stress; college student, 17722
- organizational justice; self-serving bias; fairness perception; selection tests; college admissions, 33019
- pain course; International Association for the Study of Pain; pain curricula guidelines; student knowledge; attitudes; health professions students, 5783
- passive cheating; back-to-back classes; student attitudes, 30048
- peer perception; self perception; teacher perception; aggressors; victims; defenders; preschoolers, 2817
- perceived school climate; effortful control; early adolescent adjustment; student perception; conduct problems; depressive symptoms, 26865
- personal computer; self-directed search; student preferences; paper-and-pencil; Internet, 33012
- Personal Construct Theory; repertory grid technique; undergraduate science courses; classroom assessment technique; university teachers; student learning, 9481
- personal epistemology; classroom contexts; college students; instructional practices; student interpretations, 20853
- personality; learning approaches; academic performance; educational achievement, 26922
- physical education; classroom motivational climate; student attitudes; individual goal orientations; intrinsic motivation; physical self-concept; exercise intentions, 20864
- physical education; instructional variables; student knowledge; student attitudes; health-related fitness; high school students, 14685
- play therapy attitude; play therapy skills; human services undergraduates; parenting attitudes; Adlerian principles; child interactions; empathic behavior training; training effectiveness, 8410
- pluralistic ignorance; unethical behavior; attorneys; students perceptions; ethical behavior, 34679
- policy practice; social work students; social change; social work goals; poverty views, 17550
- popular psychological myths; myth acceptance; gullibility; student attitudes; undergraduate psychology students; psychology courses; educational level, 2822
- problem-based learning; hypermedia technology; sixth grade students; students performance; students attitudes; cognitive tools; non-gifted students, 23768
- propositional reasoning; instructional simulations; classroom context; teacher effectiveness; student grading, 33056
- psychiatry trainees; trainee experiences; academic environment, 32928
- psychiatry; Australian medical students; student attitudes; career options, 23957
- psychiatry; medical students; student attitudes; specialization; social stigma; professional stigma; trainees, 32936
- psychological barriers; matriculation; African Americans; college students; White institutions, 2702
- questionnaire evaluation; student attitudes; medical students; doctor-patient relationship; outpatient consultations; Dundee Ready Education Environment Measure; learning environment, 21188

- questionnaire evaluation; student attitudes; medical students; doctor-patient relationship; outpatient consultations; Dundee Ready Education Environment Measure; learning environment, 21200
- race-based affirmative action policies; procedural justice; self-interest; student attitudes, 16179
- racial tolerance; freedom of speech; education; multicultural societies; human rights; age differences, 30329
- rape; sexual relations; forced sex; student attitudes; rapists, 25827
- Rasch measurement model; student attitudes; student behaviors; studying; learning; motivation; university students, 12543
- realistic course preview; student expectations; realistic expectations; teacher effectiveness evaluation, 30050
- reasoning strategies; student behaviour; medical students; professional lapse; professional conflict, 17512
- religious studies; students; personality, 13471
- resistant student behavior; urban Muslim education; ideological artifacts; spirituality; resistance identities; oppositional student behavior; family, 26967
- resource interdependence; student interactions; student performance; cooperative learning, 26860
- risk behavior; health promoting behavior; parent-child interaction; student attitudes; after school activities; community relationship; academic success; brief measurement; volunteering, 28121
- risk; suicide ideation; problem-solving ability; attitudes toward suicide; university students; suicidal behavior, 10927
- sacred; poems; school; poets; mourning; poetry; educators; classroom, 7287
- school attitude; brief measure; test development; secondary school students; test-retest reliability; internal consistency, 6366
- school environment; middle school; transition; high school; school performance; interpersonal competence; psychological functioning, 9019
- school experience; relational justice; institutional authorities; legitimacy; perceptions; justice; teachers; school authority; school experience; procedural justice; models, 13182
- school life; urban school district; student alienation; special education; school drop out; teacher student relations, 12170
- school spirit; colleges; universities; college environment; college students; student attitudes; measurement; data collection, 17738
- school subjects; motivational profiles; high school students; disabled students; academic achievement; self-perceptions; learning abilities; competence; learning goals, 17693
- school transition; parent attitude; teacher attitude; student attitudes; academic adjustment; social adjustment; procedural adjustment, 30049
- school violence; safety; staff; prescriptive response; effective interventions; school community; peers, 2809
- school violence; student perception; optimistic bias; middle school students; high school students; personal attributes; media, 22613
- school violence; Voices Project; violence prevention; dialogue; children; adolescents; school safety, 26956
- science classrooms; shared perceptions; classroom learning environment; motivation; learning environment; achievement; high school, 5912
- scientific work; elementary students; student perceptions; science learning; museum science program; gifted education; student attitudes, 2854
- score reliability; score validity; Statistical Anxiety Rating Scale; technician students, 18183
- secondary school students; Periodic Table of Elements; isotopes; allotropes; atoms; student perceptions, 17741
- self appraisal; Say Yes First; students; rural drug prevention program; drug usage; grades; attendance; family communication; participation in sports; attitudes toward school; trouble in school, 33112
- self-efficacy; self-regulatory strategy; performance goals, 14619
- self-to-prototype matching; academic choices; student prototypes; humanities; math; science; academic subject preferences, 36184
- senior house officers; learning disability; learning disability psychiatry; trainee attitudes; emotional states, 32902
- service learning classes; student reflection; sociocultural awareness; service learning journals, 30062
- sexual abstinence; high school students; virgins; sexually experienced; pregnancy; sexually transmitted infections; gender differences, 28116
- sexual behavior; universities; colleges; student perceptions; Antioch College's Consent Policy; sexual consent negotiations, 10303
- sexual diversity; experiential learning; college students; sexual orientation; lesbian identity; gay identity; bisexual identity; transgendered identity; student attitudes, 29960
- situational variables; stalking behavior; perceptions; college undergraduates; gender differences, 10938
- social adjustment; degree completion; academic adjustment; initial experiences; social activities; public university; college students; educational commitment, 17745
- social comparison; middle school students; student perceptions; ability; math; academic motivation; self-evaluation maintenance model; self concept; social relationships, 5914
- social context; high school; health risk behavior; well being; health promotion; Gatehouse Project; student attitude, 3151
- social norms; university student perceptions; drinking norms; drinking behavior; reference groups; episodic drinking, 13402
- social status; learning disabilities; social perceptions; social cognition, 25976
- social support networks; oppressed populations; racial mistrust; academic performance; adolescent boys; rescue fantasies; parent-child relationship; sexual abuse disclosure; disruptive behavior, 32227
- social support; urban middle school students; victims; bullies; bully-victims; perceptions; frequency, 4691
- social work; student attitudes; career choice; life experiences; gerontology, 36004
- spoken Arabic; student attitudes; student motivation; second language learning; parental attitudes, 33118
- student attitudes; condom usage; sexual behavior; safer sexual practices; HIV; AIDS; celibacy; monogamy; free experimentation; health education, 26538
- student attitudes; doctoral training; professional psychology; Combined-Integrated psychology, 35965
- student attitudes; personal reflection; significant event analysis; general practice; medical students; medical curriculum; conflict; coping strategies, 17516
- student attitudes; psychiatry specialization attitudes; career intentions; medical students; psychiatry attachment; course experiences, 17547
- student attitudes; science; family educational background; family aspirations; school climate, 33172
- student attitudes; significant impairment; impaired students; peers; psychology students; clinical psychology training programs; formal standards; impaired student accommodation, 20700
- student behavior; teacher expectations; social skills; elementary school classrooms; demographic characteristics; special education students, 33190
- student beliefs; instructor beliefs; attitudes; target language use; first language use; anxiety; foreign language education; college students, 8976
- student impression; learner support system; distance education program, 33170
- student knowledge; Programme for International Student Assessment; student patterns; academic achievement; students' thinking; nominal cognitive variables, 33134
- student lifeworld; plagiarism; phenomenology; college student, 20774
- student motivation; teacher nonverbal immediacy; cognitive learning; student attitudes; teacher behavior, 26935
- student perceptions; classroom goal structure; adaptive learning; early adolescence; grade transitions; mastery goal structure; performance goal structure, 5916
- student perceptions; college students; help seeking behavior; classroom achievement goal structure; distinct approach; avoidance patterns; personal achievement goals, 36188
- student perceptions; ideal teacher; typical teacher; professor personal characteristics; course design; course policies; classroom behavior, 33160
- student ratings; teaching quality; higher education; student attitudes; rating bias, 12049
- student resistance; science students; science teaching; science immersion; science education, 5867
- student satisfaction measures; policy making; college students; students satisfaction, 27374
- student self categorisation; problem solving; social support; psychological distress; student attitude, 36177
- student support; student resistance; sports; high school physical education; curriculum implementation; curricular assessment; student perspective; Cultural Studies unit; physical activity, 23813
- students attitudes; students problems; interpersonal domains; intra-personal domains; conscious problems; unconscious problems; inkblot images, 16292
- students attitudes; teachers perceptions; teacher burnout; disruptive classroom behaviour; teachers competence, 26877

 subliminal perception; theory; indeterminacy; time; dissociation paradigm, 33681
 subliminal perception; theory; indeterminacy; time; dissociation paradigm, 33688
 subliminal perception; time; temporal changes, 30576
Subliminal Stimulation—Serials
 implicit self-esteem; subliminal evaluative conditioning; self-esteem enhancement, 10575
 negative words; positive words; affective processes; negative stimuli; positive stimuli, 30663
 negative words; positive words; affective processes; negative stimuli; positive stimuli, 24446
 subliminal manipulation; self-esteem; positive & negative adjectives; mood, 1270
 subliminal perception; theory; indeterminacy; time; dissociation paradigm, 33697
 subliminal perception; theory; indeterminacy; time; dissociation paradigm, 33681
 subliminal perception; theory; indeterminacy; time; dissociation paradigm, 33699
 subliminal perception; theory; indeterminacy; time; dissociation paradigm, 33688
Submissiveness [See Obedience]
Substance Abuse [See Drug Abuse]
Substance Abuse Prevention [See Drug Abuse Prevention]
Substance P—Serials
 antidepressant activity; melancholic features; receptor antagonist; depressive disorder; sexual side effects; substance P; receptor agonist; major depression, 23258

Volume 91 SUBJECT INDEX

Substance P—Serials

basolateral amygdala; substance P receptor immunoreactive interneurons; rat; neurotoxin; substance P aporin; anxiety related behavior, 6932
diazepam; NK1 receptor antagonists; neurokinin receptors; anxiety-related behavior; novelty; substance P; anxiolytic-like effects; contingent punishment; conflict paradigms; Compound L, 745
human blood lymphocytes; granulocytes; substance P; peptide; brain; receptor antagonists, 33986
nociceptin/orphanin FQ; N/OFQ; nociception; antinociception; NOP-/- mice; NOP+/+ mice; bradykinin; substance P; spinal cord; adenosine triphosphate; ONO-54,918-07; J-113,397; N/OFQ(1-13)NH₂, 3914
psychostimulant treatment; neurochemical responses; dopamine terminals; substance P; cholecystokinin; methamphetamine; striatum; cocaine; striatum; drug abuse; neuropeptides, 15769
substance P; chronic constriction injury; mechanical hypersensitivity; neuropathic pain model; spinal NK-1 mechanisms; gerbils, 658
substance P; P-glycoprotein; brain concentrations; NK1 receptor antagonists; SR140333; GR205171; antidepressant-like actions; mice; central nervous system; mdr1a/- mice; mdr1a/+ mice, 774
Substantia Nigra—Serials
cortical rhythms; basal ganglia; nuclei; nigrostriatal lesions; Parkinson's disease; rats, 15479
ecstasy; MDMA; neuronal inclusions; morphological changes; striatal cells; nigral cells; DNA damage; heat shock protein; 3,4-Methylenedioxymethamphetamine; mice, 24805
manganese; substantia nigra; dicumarol; DT-diaphorase inhibitor; dopamine oxidation; neurotoxicity; neurodegenerative effects; behavioral effects; motor activity; rearing behavior; substantia nigra, 12988
midbrain structure activation; associative novelty; explicit memory formation; visual memory; ventral tegmental area; medial substantia nigra; hippocampus, 34067
neuromelanin; normal aging; protective characteristics; toxicity; Parkinson's disease; substantia nigra, 7011
neuron loss; Alzheimer disease; cholinergic nuclei; aminergic nuclei; cholinergic nucleus basalis; noradrenergic locus coeruleus; dopaminergic substantia nigra; serotonergic dorsal raphe nucleus, 5030
neurotensin; caudate nucleus; substantia nigra; motor reactions; motor performance; rats; conditioned signals, 27941
proteolytic stress; etiopathogenesis; Parkinson's disease; nigral pathology, 20022
substantia nigra pars compacta; ventral tegmental area; tyrosine hydroxylase; adult female wistar; female rats; lesion; hydroxydopamine; intranigral infusion; estrogen, 3844
substantia nigra pars reticulata; sex differences; anterior; posterior; age differences; alpha I subunit mRNA; GABA type A receptor; immunoreactivity; rats, 615
substantia nigra; cognitive activity; cats, 27769
substantia nigra; dopaminergic neurons; gastric mucosal erosions; ventral tegmental area; stomach ulceration; N-methyl-D-aspartate; NMDA; 6-hydroxydopamine; 6-OHDA, 21865
substantia nigra; reticulata; startle response; dopamine receptor agonist; GABA receptors; rats, 27923
unilateral lesion; substantia nigra pars compacta; working memory impairment; rats; Parkinson's disease; striatal dopamine; methylphenyltetrahydropyridine, 34136
Subtests—Serials
Children's Category Test; criterion validity; test subsets; injury severity; post-injury psychometric intelligence; T-score validity; pediatric traumatic brain injury; psychometric intelligence, 9451
Wechsler Intelligence Scale for Children; WISC-III; cognitive strengths; cognitive weaknesses; test-retest; subtests; special education; students, 24197
Wide Range Achievement Test-3 Reading subtest; premorbid intelligence measures; traumatic brain injury, 30476
Subtests—Chapters
Methodology of combining the WISC-III data sets, 15023
Subtypes (Disorders)—Serials
civil psychiatry patients; at risk patients; violence; risk assessment; subtypes, 31712
conversion disorder; subtypes; reclassification, 4859
nonsocial play; subtypes; developmental delays; children; peer interaction, 1692
obsessive-compulsive disorder subtypes; neuropsychological functioning, 31814
psychopathy subtypes; personality structure; cluster analysis; prisoners; stress reaction; emotional stability; emotionality, 33509
respiratory panic disorder subtype; nortriptyline, 2198
Suburban Environments—Serials
career interests; at risk; inner city & middle class suburban environments; Holland occupational themes; RIASEC; middle school students; ethnic & racial comparisons factor structure, 1019

community sense; new urbanism; urban community; suburban development; community attachment; physical environment; psychological factors; Kentlands, 24099
playground panopticism; mothering abilities; disciplinary power; social opportunities; child-centered ideology; public neighborhood; suburban playground; commercial play places, 31371
Subvocalization—Serials
brain activation; phonological loop; cognitive strategies; functional magnetic resonance imaging; fMRI; subvocal rehearsal, 7059
Success [See Achievement]
Sucking—Serials
newborn rat; suckling; surrogate nipple; milk; milk delivery; suckling frequency; oral compression activity; nutritive sucking; nonnutritive sucking, 6713
postnatal olfactory learning; sucking behavior; infant feeding; oral feeding; mothers; bottle feeding; antenatal olfactory learning, 28054
Sudden Infant Death—Serials
alcohol exposure; sudden infant death syndrome; parental alcohol use; risk factors; intrauterine exposure, 35181
bed sharing; breastfeeding; maternal characteristics; infant characteristics; sudden infant death, 28278
Munchausen syndrome by proxy; sudden infant death; child abuse; child murder, 34947
smoking prevalence; pregnancy; fetal growth restriction; sudden infant death syndrome; smoking interventions; spontaneous abortions; behavioral disorders, 35868
sudden infant death syndrome; infant injuries; death certification; death investigation; suspicious death; personnel training, 35214
sudden infant death syndrome; normal birth weight; oxygen transfer capability; placenta; oxygen diffusive conductance, 28980
sudden infant death syndrome; psychiatric disorders; postnatal depression; schizophrenia; maternal infant interaction; substance misuse; infanticide; mothers; SIDS, 10706
Suffering—Serials
alliance formation; patient needs; clinicians; patients suffering, 20151
animal discomfort; distress; pain assessment; animal welfare; animal suffering; clinical signs; data management systems; surveys; pain scoring; animal monitoring, 6655
bereavement; grief research; bereavement interventions; psychotherapeutic interventions; treatment guidelines, 29597
bereavement; grief research; research advancement; death; distress, 28456
bereavement; grief; research agenda; researchers; bereavement services; health outcomes; health care providers; health care systems, 29598
breast cancer patients; ontological health model; suffering; meaning, 8177
chronic illness; emotional suffering; hopes; dreams; illness experiences; self reformulation; ill participants, 8155
cluster headache; diagnostic delay; mismanagement; patient suffering, 28982
creativity; suffering; psychoanalytic interpretation; psychoanalytic theory; musicians; Rachmaninoff; Scriabin, 34196
electrodermal activity; low back pain patients; co-morbid depression; suffering, 28984
end-stage dementia; suffering; Mini-Suffering State Examination; test validity; test reliability, 27305
enduring suffering; emotional suffering; verbal cues; facial cues; behavioral state, 6625
fish; sentience; pain experience; fear; psychological stress; fish welfare; brain structure; cognitive development, 30760
ill health; worthlessness; emotional suffering; powerlessness; life situation; self image; individual experience, 31549
institutionalization; psychological suffering; mental health; at risk population; Brazilian adolescents, 32653
masochism; sadism; metaphysics; suffering; physical pain; mental pain; truths; pain; sorrow; asceticism; Western medicine; psychoanalysis, 18837
nursing care; documentation structuring; health; suffering; caring, 32727
oral narratives; life-world phenomenology; human suffering; poetic condensation; lived experiences; embedded meanings; qualitative research, 6448
pain; human suffering; theology; God; humanity; Christ; Christianity, 34460
pathological suffering; happiness; chance; psychoanalytic conception; Freud; neurotic misery transformation; common unhappiness; psychoanalysis; psychoanalytic theory, 14111
patients need; analysts emotional response; mental suffering; schizoid; emotional deprivation; environmental facilitation; comprehension, 35484

Suicidal Ideation—Serials

suffering; diagnosis; health personnel attitudes; research funding; post-traumatic stress syndrome; major depression; fundable diagnoses, 7755
suffering; primary stage cancer; head cancer; neck cancer; quality of life; cancer patient experiences; communicating fears, 29072
Suffering—Chapters
Imagery and spiritual development, 23327
Poverty and power, 10335
Suffering from biobabble: Searching for a science of subjectivity, 843
Suffocation [See Anoxia]
Sugars [See Also Glucose]—Serials
body weight; rats; wheel-running reinforcement; sucrose reinforcement, 15371
breast-feeding; babies; cleft lip; cleft palate; sugar intake, 4848
chronic mild stress; sucrose intake; rats; animal model; depression; rapid eye movement sleep, 21755
conditioned taste aversion; tactile stimuli; pond snail; memory; sucrose, 33930
dopamine efflux; nucleus accumbens; successive negative contrast; licking; sucrose consumption; rats, 30849
ethanol; conditioned flavor preferences; sugar conditioned preferences; fat conditioned preferences; rats; conditioned stimuli, 27601
flavor sucrose compound; preference; within-compound association; sucrose devaluation; hedonic reaction; rats; hedonic properties, 27598
glycation; neuronal death; advanced glycation end products; AGE; proteins; nonenzymatic reaction; Alzheimer's disease; amyotrophic lateral sclerosis; diabetes, 15524
lipopolysaccharide; hypoactivity; behavioral tolerance; light dark cycle; dark period; locomotor activity reduction; light period; rats; light onset; dark onset; environmental factors; time periods, 9989
rats; congenital learned helplessness; sucrose; activity deficits; learning deficits; major depression, 21922
sucrose sham feeding; accumbens norepinephrine; nucleus accumbens; sucrose ingestion; feeding behavior; dopamine; male rats, 30979
sweetness intensity; repeated presentation; sweet stimulus; sweetness perception; binary mixtures; ternary mixtures, 15189
Suggestibility—Serials
alcohol withdrawal symptoms; client suggestibility; client compliance, 26720
anxious mood induction; suggestibility; misleading post-event information; memory; encoding, 18352
asthma; placebo interventions; suggestibility; bronchoconstrictor; dyspnea, 1780
fictitious events; real events; credibility; suggested events; interviews, 30713
hypnotic suggestibility; child psychiatric patients; hypnotic responsiveness; consciousness states; imaginative suggestibility, 20429
hypnotic suggestibility; pseudo-psychic demonstrations; paranormal phenomena beliefs; interrogative suggestibility, 10589
information; child learning; information encoding; suggestion, 31172
interrogative suggestibility; interviewee self-esteem; interviewer style, 1234
interrogative suggestibility; self-deception; compliance; psychoticism; neuroticism; prison inmates; impression management, 27219
preschool children; guessing; recall; false suggestions; suggestibility; false memory; investigative interview; experienced events; nonexperienced events, 10179
preschool students; memory; false memory; suggestibility, 10201
presentation modality; event memory; suggestibility; confidence judgments; recognition; metamemory monitoring, 22041
secrecy; suggestibility; memory; children; secrets, 22049
social desirability; interrogative suggestibility; compliance; adolescent behaviors; personality; institutionalized adolescent males, 11972
suggestibility research; interviewing; interviewers; experimental methods; questioning behavior; young children, 15150
timing; repeated suggestive interviewing; misinformation; recall; eyewitness memory, 30728
visual event; witnessed event; eyewitness suggestibility; narrative description; conceptual similarity; extra-event narrative, 9718
visual memory; interrogative suggestibility; attention; gender differences; cognitive control; early adolescence, 22028
Suicidal Ideation—Serials
adult attachment theory; self-destructive behaviors; individual differences; traumatized women; suicide risk; suicidal clients; attachment anxiety, 29248

- adult support; adolescent suicidality; suicide attempts; suicide ideation; family members; social networks; network activation; help seeking; urban youth; African Americans; Latinos; disadvantaged, 10933
- anxiety disorders; mood disorders; hopelessness; suicidal ideation; prediction; risk factors, 1319
- asthma; suicidal ideation; community-based study; adolescents; youths, 35184
- attempted suicide; suicidal ideation; college counselors; legal issues; ethical guidelines; university personnel; suicidal college students, 2863
- childhood sexual abuse; suicidal ideation; suicide attempts; depression; public health, 34850
- chronic suicidality; borderline personality disorder; suicidal thoughts; attempted suicide, 19625
- cognitive therapy; suicide ideation; borderline personality disorder; borderline symptoms, 28786
- contagion of suicidal symptoms; roommate relationship; suicide levels; life stress; college students; shared stress; assortative relating, 1591
- course of depression; major depressive episode; suicidality; history of attempted suicide; serum cholesterol concentrations; serum lipid concentrations, 10739
- depressive symptoms; negative life events; occupational group; personality traits; medical doctors; suicidal thoughts; suicidal planning, 25851
- direct victimization; vicarious victimization; school; home; risk factors; suicidal cognition; Italian adolescents; peers; parents, 10876
- familial aggregation; suicidal ideation; affective disorders; gender differences; families, 34821
- familial factors; parental psychopathology; mental health services use; psychosocial impairment; suicidal ideation; depression disorders; depressed adolescents, 34823
- firearm availability; emotional distress; suicidal ideation; elderly patients; gun availability; general health questionnaire; psychological distress, 10935
- friendships; American adolescents; suicidal ideation; suicide attempts; males; females, 22611
- hopelessness; depression; suicidality; associated factors; prevalence, 31697
- hopelessness; Spanish university population; adapting to university; depressive symptomatology; suicidal ideation, 28615
- increasing level of energy; continued depressive symptoms; increased suicide risk; suicidal young adults; incomplete remission, 10747
- juvenile offenders; deliberate self harm; suicidal ideation; male offenders; prevalence; associated factors, 28886
- law students attitudes; involuntary hospitalization; medical students attitudes; suicidal patient; Huntington's disease; ethical issues; ethical reasoning, 20755
- law students attitudes; involuntary hospitalization; medical students attitudes; suicidal patient; Huntington's disease; ethical issues; ethical reasoning, 20761
- life satisfaction; mental health; suicide ideation; suicide behaviors; high school students, 28133
- major depression; suicidal ideation; physical illness; primary care patients; comorbidity, 25494
- major depression; suicidal ideation; physical illness; primary care patients; comorbidity, 25461
- major depressive episode; fluoxetine; dose increment; akathisia; suicidal ideation; selective serotonin reuptake inhibitors, 14148
- manic state; pure mania; depressive mania; social phobia; suicide; intra-episodic social phobia; panic disorder; intra-episodic panic disorder; major depressive disorder; mania; suicidality, 7741
- media influences; suicidal behavior; suicidal ideation; self-harm; adolescents; images; memory, 25857
- military suicide rates; antidepressant drugs; bullying laws; suicide prevention; suicide, 34937
- omitted client information; suicidal ideation; suicide risk; social work practitioners; criterion validity; demographic items; intake forms, 33560
- pathological gambling; elderly veterans; age differences; mental health; mental disorders; suicidal ideation; residential gambling treatment program, 17393
- personality psychopathology; childhood anxiety disorders; multiple suicide attempts; suicidal behavior; major depression; anxiety disorder; suicidal ideation, 25841
- personality traits; suicidal ideation; psychiatric patients, 1577
- prevalence rate; risk factors; chronic epilepsy; completed & attempted suicide; suicidal behavior; suicidal ideation, 4519
- psychiatric disorder; self-harm behavior; self-harmful thoughts, 25489
- risk behaviors; family; self esteem; school; suicidality; suicidal ideation; substance abuse; South African adolescents; global self worth; sports; peers; athletics; body image, 31266
- risk; suicidal ideation; problem-solving ability; attitudes toward suicide; university students; suicidal behavior, 10927
- self-injurious behavior; suicide attempts; adolescents; depression; suicidal ideation; attitudes toward life and death; high school students, 19620
- serotonin receptors; genetic polymorphism; suicidal behaviors; fluoxetine; major depressive disorder; autoreceptors; suicide attempts, 34852
- serotonin transporter gene promoter; polymorphism; suicide; suicidal behavior, 25828
- serum cholesterol; suicidality; anorexia nervosa; self-injurious behavior; binge eating, 32053
- severe suicidal ideation; escitalopram; selective serotonin reuptake inhibitors; drug side effect; lexapro, 35513
- social deprivation; deliberate self-harm; prevention; prevention programs; illicit substances; long-term sickness; suicidal behaviour, 13687
- suicidal behavior; personality trait alexithymia; suicidal ideation; suicide attempts, 7763
- suicidal behavior; psychiatric assessment; psychosocial interventions; pharmacologic interventions; risk assessment, 34972
- suicidal behavior; suicide attempts; sexual assault victimization; suicidal ideation; women, 28851
- suicidal behaviours; secondary school adolescents; suicide prevalence; Limpopo Province; suicidal thoughts; suicide threats; suicide plans; attempted suicide, 22639
- suicidal calls; telephone line; suicidal ideation; suicide prevention, 29586
- suicidal crises; psychiatric emergency services; cognitive behavioral problem solving intervention; strategies; health care delivery, 2474
- suicidal feelings; mental disorders; elderly; psychosocial risk factors; physical disorder; loneliness; housing; Berlin Aging Study, 25773
- suicidal ideation; adult offspring; parents; parental suicide ideation; suicide attempts; familial transmission, 25801
- suicidal ideation; aggressiveness, 1604
- suicidal ideation; borderline personality disorder; multidimensional treatment; acute hospitalization; chronic suicidality; suicidal individual, 28844
- suicidal ideation; cognitive bias; hopelessness; perfectionism; major depression; hospitalization, 25775
- suicidal ideation; interferon treatment; chronic patients; hepatitis C patients; major depression, 25788
- suicidal ideation; Irish children & adolescents; prevalence, 1589
- suicidal ideation; medical profession; depression; symptoms; medical students; hospital physicians, 19616
- suicidal ideation; Nazi Holocaust; negative life events; geriatric psychiatry; Holocaust experience; suicidal behaviors; depressed older adults; Jewish patients, 10283
- suicidal ideation; prevalence; older adults; risk factors; Hong Kong; health; activities of daily living; financial status; depression; health care use; social support; stressors; coping strategies, 19643
- suicidal ideation; psychiatric comorbidity; attempted suicide; suicide attempts; eating disorders subjects; suicidality, 19273
- suicidal ideation; psychiatric patients; Chronological Assessment of Suicide Events, 35016
- suicidal ideation; psychiatric patients; major depressive disorder; suicide attempts; risk factors, 1619
- suicidal ideation; psychotic patients; symptomatology; psychosis; insight into illness, 16441
- suicidal ideation; suicidal behavior; psychosocial risk factors; low self-esteem, 7973
- suicidal ideation; suicidal behavior; substance use; Greek male conscripts; personal coping resources; behavior severity, 16477
- suicidal ideation; suicide attempts; psychiatric inpatients; children; adolescents; at risk populations; risk factors, 5658
- suicidal ideation; suicide attempts; sex differences; social & demographic factors; adolescents; boys; girls; prevalence, 1578
- suicidal ideation; suicide risk; risk assessments; suicide attempts; symptom severity; risk factors, 34945
- suicidality; mixed mania; DSM-IV criteria; Cincinnati criteria; acute mania, 10764
- suicidality; psychosis; depression; hopelessness; suicide attempts; psychotic disorders; suicide ideation; suicide attempt, 19288
- suicidality; treatment outcome; depressed adolescents; cognitive-behavioral therapy; systemic-behavioral-family therapy; non-directive-supportive therapy, 20132
- suicide attempt; adolescents; assessment; risk factors; treatment plan; suicidal children; management, 4719
- suicide ideation; prediction; alcohol problems; depression symptoms; self-esteem; substance users; drug abstinence; human gender differences; implications for twelve step program recommendations, 25916
- suicide; suicidal ideation; psychosocial correlates; mentally retarded, 25982
- suicide; suicidal ideation; war; Durkheim, 28801
- worst-point suicidal plans; suicidality predictive; past suicide attempts; death by suicide, 7979
- young adults' support strategies; peers; suicidal disclosures; suicidal intent; peer responses; history of suicidal ideation; gender; social history, 19593

Suicidal Ideation—Chapters

Suicidal statements made by children who witness family violence: A black and white comparison, 10958

Suicide (See Also Assisted Suicide)—Serials

5HT-2C receptor; polymorphism; suicide victims; genes; genetic mechanisms; serotonergic neurotransmission; German and Slavic populations, 31899

Aboriginal suicide; suicidal behavior; cross cultural differences, 10911

Active Postvention Model; postvention program evaluation; suicide; survivors; Local Outreach to Suicide Survivors Program, 29679

adolescent perspectives; parent perspectives; ethical issues; youth drug use; suicide; risk-benefit; consent; incentives; confidentiality; survey, 8960

aggression; mood disorders; gender-related patterns; suicide risk; older adults; age differences, 10891

alpha 2A adrenergic receptor gene; suicide; polymorphism; genotypes; genetic variants, 19632

anorexia nervosa; suicide rate, 26002

antidepressant drugs; suicide; selective serotonin reuptake inhibitor; prescription drugs, 35536

antidepressant drugs; suicide; selective serotonin reuptake inhibitor; prescription drugs, 35499

antidepressant drugs; suicide; selective serotonin reuptake inhibitor; prescription drugs, 35549

antidepressant medication; treatment; suicide; adolescents; children; gender; age group; regional median income; regional racial composition, 2204

antidepressant prescribing; suicide rate; Northern Ireland; social factors; political factors; unemployment rate; household alcohol expenditure; terrorist offenses; age, 10924

attempted suicide; completed suicide; full-time employment; unemployment; part-time work; nonlaborforce participation, 13703

attempted suicide; suicide attempts; spirituality; suicide-related behavior; American Indians; Christianity; tribal cultural spirituality, 22626

attempted suicide; suicide; suicidal ideation; hopelessness; meaningfulness; coping behavior; gender differences, 7970

behavioral activation; borderline personality disorder; dialectical behavior therapy; clinical approaches; behavioral activation treatment for depression; suicidal behaviors; prevention, 4671

behavioral components; student suicidality; family issues; college students; family background, 22619

bereavement; complicated grief; suicide; survivors, 28834

bipolar depression; suicide; correlates; lithium treatment; bipolar disorder; risk factors, 31730

bipolar depression; unipolar depression; psychiatric patients; bipolar disorder; suicide; mania, 25565

bipolar disorder; assessment; risk; prevention; drug therapy; ECT; manic depressive disorder; therapeutic interventions; psychosocial treatment; protective factors; suicidal behavior, 1622

bipolar disorder; suicide; Virginia Woolf; diaries; letters, 25553

body mass index; self-esteem; suicide risk; clinical depression; African American females; White American females, 1438

borderline personality disorder; suicidal behavior; major depressive disorder; substance use disorders; childhood sexual abuse, 28579

borderline personality disorder; suicidal patients; chronic suicidality; suicide prevention; hospitalization, 28793

borderline personality disorders; hospital admission; suicidality, 28794

breast implants; risk factor; patients; suicide; mortality; at risk population; plastic surgery; psychopathology; psychiatric consultation, 28833

catechol-O-methyltransferase; COMT; polymorphism; suicide; genetics; genotype; gender differences, 28837

Chaos theory; suicide, 13722

child suicide risk; antidepressants; Food and Drug Administration; drug effects; selective serotonin reuptake inhibitors, 14151

chronic suicidality; borderline personality disorder; suicidal thoughts; attempted suicide, 19625

co-morbid personality disorder; suicidal behavior; increased risk; psychosis, 22462

co-morbidity; male suicide completers; mental disorders; diagnostic profile, 7981

collateral estoppel; homicide; paxil; legal cause, 14912

Columbia SuicideScreen; psychometric properties; high school students; at risk populations; validity; suicidal ideation; suicide attempt; major depression; dysthymia; substance use; reliability, 9431

community-based prevention program; suicide; elderly; depression screening, 32664

- comorbid personality disorder; suicide; major depression; psychopathological suicide predictors, 22447
 completed suicide; indirect self-destructive behavior; treatment practices; critical risk factors; older adults; psychologist perceptions, 10884
 completed suicide; Quebec adolescents; juvenile justice and child welfare services; suicide risk; juvenile delinquents; suicide prevention strategies, 19597
 completed suicide; suicidal behavior; genes; genetic variation; cholesterol, 22635
 completed suicides; alcohol policies; youth suicides; drunk driving laws; alcohol availability; alcohol consumption; young adults; blood alcohol concentration; excise taxes on beer; children; teens, 19627
 completed suicides; alcohol policies; youth suicides; drunk driving laws; alcohol availability; alcohol consumption; young adults; blood alcohol concentration; excise taxes on beer; children; teens, 16415
 completed suicides; alcohol policies; youth suicides; drunk driving laws; alcohol availability; alcohol consumption; young adults; blood alcohol concentration; excise taxes on beer; children; teens, 16481
 complicated grief; depression; posttraumatic stress disorder; peer suicide; adolescents history; risk factors, 28774
 coroners procedures; bereaved relatives; vulnerable group; grief reactions; public hazards; suicide inquest; suicide; inquest process; private tragedies, 4675
 crisis; suicidology, 10892
 cyclic time patterns; seasonal variations; suicide; northern Finland, 13712
 deaths from injury and poisonings; demographic characteristics; suicide; trends; self destructive behavior; alcohol abuse; drug abuse; suicide prevention, 1347
 deaths; suicide; risk factors; rural areas; urban areas; developing economy; unemployment, 25821
 deliberate self-harm; completed suicide; timing; time of day; week; month; season, 10879
 deliberate self-harm; risk factor; mood fluctuation; suicidality; history of hostility; psychiatric inpatients, 22515
 depression; suicidal behavior; population attributable risk statistic, 10882
 depressive disorders; selective serotonin reuptake inhibitor; suicide risk, 26348
 depressive disorders; selective serotonin reuptake inhibitor; suicide risk, 26374
 depressive disorders; selective serotonin reuptake inhibitor; suicide risk; suicide attempts; non-SSRI antidepressants, 26375
 depressive disorders; selective serotonin reuptake inhibitor; suicide risk; suicide attempts; non-SSRI antidepressants, 26413
 depressive episode; relapse; suicide; ICD-10; depression severity; depression; ICD-10 categorization; validity, 27316
 depressive symptoms; negative life events; occupational group; personality traits; medical doctors; suicidal thoughts; suicidal planning, 25851
 differential activation hypothesis; cognitive vulnerability; depression relapse; mood-induced cognitive reactivity; risk factors; suicidal behavior; cognitive style, 34771
 direct victimization; vicarious victimization; school; home; risk factors; suicidal cognition; Italian adolescents; peers; parents, 10876
 disorder awareness; suicide risk; schizophrenia treatment; suicide prevention; medication compliance, 35512
 divorced people; marital status; suicide rates; widowers; single people; marriage; suicide, 25856
 elderly suicide rate; suicide prevention programs; South Korea; Hong Kong; Japan, 20094
 elderly suicide; psychiatric services; health care utilization; gender differences; attempted suicide; suicide victims; psychosocial factors, 10947
 factors associated with state variations; homicide; suicide; unintentional firearms deaths; firearm suicide mortality; African Americans; alcohol consumption; level of urbanization, 28839
 family environmental factors; adolescent suicidal behavior, 28828
 family history; serotonin transporter gene polymorphism; depression; suicide, 7828
 firearm availability; emotional distress; suicidal ideation; elderly patients; gun availability; general health questionnaire; psychological distress, 10935
 firearms; suicide, 7966
 first year medical students; final year medical students; attitudes; suicide; suicidal patients; death attitudes; psychosocial circumstances, 12058
 folie à deux; children; suicide pacts; psychosis; emergency room presentation, 8001
 friendships; American adolescents; suicidal ideation; suicide attempts; males; females, 22611
 gay youth; youth suicide prevention; protective factors; high self esteem; young gay men; social norms; suicide resiliency factors, 10906
 gender differences; age differences; suicide methods; suicide note content; affective tone; ambivalence, 1560
 gene coding; serotonin receptors; serotonin transporter; suicidal behavior; suicide predisposition, 13686
 health-related quality of life; inner city girls; health care use; adolescents; high risk behavior; self-perceptions of health, 11804
 health-related quality of life; inner city girls; health care use; adolescents; high risk behavior; self-perceptions of health, 11781
 homelessness; suicide; mortality; mental disorders; drug abuse, 34942
 homicide rates; suicide rates; blood types, 34984
 hopelessness; risk factors; suicidal behavior; depression; substance use disorders; attempted suicide; suicide ideation, 25498
 human prefrontal cortex; environmental factors; psychiatric disorders; disease pathology; suicidal behavior; major depression; gene expression; suicide, 22470
 immigrant suicide rates; ethnohumorisms; hate speech; ethnic immigrant groups, 25125
 increasing level of energy; continued depressive symptoms; increased suicide risk; suicidal young adults; incomplete remission, 10747
 international meeting; suicide; genetics; environment, 35011
 Internet chat rooms; suicide; adolescents; cyberspace; suicide prevention; imitation suicide; mass media, 13690
 irrational fear; suicide attempts; suicide; fear of AIDS; irrational beliefs, 34769
 jail population; county jail; inmate characteristics; screening; suicide rates; jail suicide; profiles, 16492
 lethal firearms; suicide mortality; hospitalised para-suicides; gender groups; logistic regression; gender differences, 13717
 life satisfaction; mental health; suicide ideation; suicide behaviors; high school students, 28133
 major depression; suicide; schizophrenia; comorbidity; disease course, 1320
 major depression; treatment; recovery; psychological phenomena; suicide; metaphors, 28643
 major depression; treatment; recovery; psychological phenomena; suicide; metaphors, 28669
 major depression; treatment; recovery; psychological phenomena; suicide; metaphors; hope, 28671
 major depressive disorder; friend's suicide; exposure; alcohol abuse, 4586
 major national holidays; homicide rates; suicide rates, 25781
 male prisoners; Young Offenders' Institution; other suicidal behavior; exposure; self-harming behavior, 10913
 malpractice suits; mental health care professionals; medical records; suicide risk assessment; health care quality, 26624
 media exposure to suicide; early experience; cognitive development; comprehension; social influences, 929
 media influences; suicidal behavior; suicidal ideation; self-harm; adolescents; images; memory, 25857
 melancholia; suicide attempts lethality; major depression; suicide probability, 31666
 mental health practitioners; malpractice litigation; borderline personality; malpractice liability; suicide litigation, 28789
 mental illness; depression; suicide; socioeconomic climate; psychiatric problems, 28591
 mental pain; suicide attempts; phenomenological-psychache; negative emotions; suicide prevention, 7994
 military environment; military population; military personnel; attempted suicide; suicide; mentally disturbed, 13707
 military population; colonization; suicide rate; gender differences; colonized-colonist relationship; stress; civilians, 35012
 military suicide rates; antidepressant drugs; bullying laws; suicide prevention; suicide, 34937
 modernization; vulnerability; suicide; self-destruction; theory of divergence; male-female suicide ratio; developing country, 25847
 moral discourse; health professionals; mental health issues; New Zealand; depression; suicidal behaviours, 1412
 mothers; filicide; suicide; psychiatric motive; classification system, 8045
 murder; suicide; rural junior high school; crisis response; critical incident stress management services; support; recovery; trauma; students; teachers; parents; community, 5621
 national intelligence rate; national suicide rate; suicide mortality; suicidality; IQ; intelligence, 31611
 nursing homes; suicide; nursing home residents; somatopsychiatric disorders; at risk populations; major depression, 11862
 offspring; suicide risk; women; children living at home; children living away from home, 19592
 Palestinian terrorism; suicide terrorism; second intifada; strategic threat; motivations; organizational aspects; suicide bombers; modus operandi, 16521
 parasuicidal behavior; risk factors; suicidal behavior; schizophrenia; suicide prevention, 7759
 parent adjustment; child death; parental bereavement; suicide; myths, 10608
 patient suicide; completed suicides; adolescent inpatient psychiatric unit; family; treatment community; trust; risk factors, 29746
 patient suicide; impact; psychiatric trainees; post-suicide management training; post-traumatic stress symptoms, 10939
 patients suicide; suicide impact; psychiatric trainees; coping behavior, 19609
 physical illness; family discord; suicide risk; stress reactions; mental disorder; mental illness; financial stress, 16355
 planned suicidal behavior; unplanned suicidal behavior; depression; hopelessness; lethality; prevention, 25784
 posttraumatic symptoms; suicide risk; traumatic events; posttraumatic stress disorder; psychopathology, 22575
 premenstrual symptoms; luteal phase; suicide attempts; women; menstrual cycles, 34941
 prevalence rate; risk factors; chronic epilepsy; completed & attempted suicide; suicidal behavior; suicidal ideation, 4519
 problem behaviors; homicide rates; suicide rates; drug abuse, 7985
 protein kinase A; prefrontal cortex; depression; suicide; [3H]cyclic adenosine monophosphate binding; catalytic activity, 13563
 psychiatric care; suicide; Hong Kong; psychiatric patients; health care delivery, 5546
 psychiatric consultation; traumatic symptoms; patient suicide; oncology nurse, 5651
 psychiatry; practice guidelines; suicidal patients; editorial changes; editors, 29926
 psychoanalytic treatment; mishandling symptoms; suicidal patients; personality disorders; patient envy; psychoanalysts; countertransference; masochistic surrender; disidentification; mentalization, 35491
 psychological phenomenon; social characteristics; suicide research; important event, 27251
 public health; US Defense of Marriage Act; lesbian; bisexual women; suicidality; behavioral difficulties; psychiatric treatment; sexual orientation; female relationship status; same-sex marriages, 28350
 representative sample; potential association; high school students; self-reported data; violent behaviors; suicide attempts; prevention programs, 31902
 risk assessment; risk predictors; suicide attempt; inpatient suicide, 10870
 risk assessment; risk predictors; suicide attempt; inpatient suicide, 10885
 risk assessment; risk predictors; suicide attempt; inpatient suicide, 10905
 risk assessment; risk predictors; suicide attempt; inpatient suicide, 10951
 risk factors; suicide; suicidal behavior; schizophrenia; treatment; typical antipsychotics; atypical antipsychotics; clozapine effectiveness; suicide prevention, 1336
 risk factors; suicide; treatment course; affective disorder; hospitalized patients, 16922
 rural vs urban residence; suicide; mortality rates, 4716
 rural vs urban residence; suicide; mortality rates; rural men, 4687
 screening; depression; hopelessness; suicide; incarcerated offenders, 24262
 serotonin receptor gene; suicidality; schizophrenia; major depression; schizoaffective disorder; polymorphism, 28699
 serotonin transporter gene promoter; polymorphism; suicide; suicidal behavior, 25828
 serum cholesterol concentration; serum lipid levels; depression; suicidality; panic disorder, 19623
 serum cholesterol; suicide risk; major depression; violence, 34833
 sex differences; risk factors; suicide; attempted suicide, 28845
 sexual abuse; suicidal behavior; depression; hopelessness; risk, 4557
 sexual orientation; life stressors; sexual minority suicidality; adolescent psychology; suicide attempters; males; bisexuals; gay youth, 1615
 smoking; suicidality; psychiatric patients; psychiatric hospitalization; self mutilation; gender differences; risk factors, 28832
 social deprivation; deliberate self-harm; prevention; prevention programs; illicit substances; long-term sickness; suicidal behaviour, 13687
 social problem-solving ability; suicidal patients; suicide attempter; problem-solving style, 16485
 sociodemographic characteristics; clinical characteristics; suicide methods; Finland, 7996

Volume 91 SUBJECT INDEX

Suicide—Serials

suicidal behavior; American Indian adolescents; urban youth; psychosocial problems; attempted suicide; suicidal ideation, 25798
suicidal behavior; attempted suicide; serotonergic platelet markers; platelet serotonin transporters; drug effects, 22643
suicidal behavior; borderline personality disorder; suicide attempts; risk factors; major depressive disorder; borderline patients; completed suicides; antisocial traits, 28785
suicidal behavior; distal risk factors; childhood trauma; alcohol; suicide; risk factors, 8023
suicidal behavior; medically serious suicide attempts; prediction; future suicide attempts, 19584
suicidal behavior; personality psychopathology; depressed individuals; perfectionism; negative cognitive bias; hopelessness; mortality, 25846
suicidal behavior; personality trait alexithymia; suicidal ideation; suicide attempts, 7763
suicidal behavior; psychiatric assessment; psychosocial interventions; pharmacologic interventions; risk assessment, 34972
suicidal behavior; schizoaffective disorder; schizophrenia; depression; hopelessness; reasons for living; risk factors, 19316
suicidal behavior; serotonin transporter; promoter; intron; 5-HT; suicide victims, 7977
suicidal behavior; suicide attempts; sexual assault victimization; suicidal ideation; women, 28851
suicidal behavior; suicide risk; self-injury risk; injury hospitalization, 1569
suicidal behaviours; secondary school adolescents; suicide prevalence; Limpopo Province; suicidal thoughts; suicide threats; suicide plans; attempted suicide, 22639
suicidal ideation; prevalence; older adults; risk factors; Hong Kong; health; activities of daily living; financial status; depression; health care use; social support; stressors; coping strategies, 19643
suicidal ideation; psychiatric patients; Chronological Assessment of Suicide Events, 35016
suicidal ideation; psychiatric patients; major depressive disorder; suicide attempts; risk factors, 1619
suicidal ideation; suicide attempts; sex differences; social & demographic factors; adolescents; boys; girls; prevalence, 1578
suicidal ideation; suicide risk; risk assessments; suicide attempts; symptom severity; risk factors, 34945
suicidal patients; risk factors; suicidal assessments; clinician attitude; suicide prevention, 34952
suicidality; risk factors; psychological pain; perturbation; hopelessness; self-hate; suicidal outpatients; Suicide Status Form, 24253
suicide attitudes; suicide risk; elder suicide; maladaptive attitudes; suicide prevention, 35015
suicide epidemiology; suicide prevention; epidemiology; public health; cardiovascular disease prevention, 23442
suicide genetics; suicidal behavior; attempted suicide; twins; mental illness, 19583
suicide methods; at-risk individuals; suicidal patients; risk assessment; Internet, 35007
suicide methods; suicide rate; teenagers, 31879
suicide notes; suicide method; suicide reasons; motives, 7986
suicide prevalence; suicidal beliefs; Jewish culture; religious-cultural differences; suicidal ideation, 7987
suicide prevention centers; suicide rate; Canadian provinces, 35798
suicide prevention conference; bereaved people; bereavement; workshop presentations; countries; suicide survivors, 34962
suicide prevention strategy; England's national strategy, 35691
suicide prevention; Finnish contributions; health care policy; Finland's international influence, 35676
suicide prevention; public health problem; psychiatric illness; mental health, 35017
suicide prevention; suicidal behavior, 10896
suicide prevention; suicidal behavior, 10919
suicide rate; alcohol consumption; Russia, 10929
suicide rate; annual total sunshine; occupation; occupational types; primary & secondary & tertiary industries, 10931
suicide rate; suicide mortality; Japan; trends; variations, 25854
suicide rates; adolescent suicide; Hong Kong; mortality rates, 4713
suicide rates; mean iq scores; homicide rates; national estimates; gross domestic product, 7984
suicide rates; regional differences; northerners; southerners; homicide rates, 28824
suicide rates; world, 10881
suicide rates; young men; social changes; suicide risk factors; age differences; gender differences; divorce; unemployment; substance misuse, 10912
suicide risk assessment; suicide prevention; patient interview processes; suicidal ideation, 34993

suicide risk; multiple sclerosis; mortality ratio; secondary diagnosis; hospital admissions; general population; hospital patients, 16760
suicide risk; selective serotonin reuptake inhibitors; adult patients; children; antidepressants, 29404
suicide risk; young adults; depressive disorders; substance use; high risk population, 7993
suicide survivors; suicide; significant other; denial; psychodynamics; denial of responsibility, 34983
suicide trends; seasonal variation; farming; agricultural workers; males; occupational stress, 1617
suicide trends; suicide differences, 19594
suicide victims; predictors; lack of contact with mental health services; psychological autopsy; demographic characteristics, 1609
suicide-related bereavement; psychiatric morbidity; elderly; old-age psychiatry; adult children, 19301
suicide; animals, 9791
suicide; atopic disorders; seasonal distribution; prevalence; atopic patients, 25850
suicide; Coloured men; cultural phenomenon; post-Apartheid; cultural identity; cultural certitude, 19612
suicide; doctors; psychological autopsy; risk factors, 31867
suicide; epidemiology; attempted suicide; public health problem; suicide prevention; suicidal behavior burden, 35709
suicide; epidemiology; regional differences; age differences; gender differences; employment status; marital status, 19631
suicide; family interventions; family therapy; clinical interventions; psychological distress; coping strategies; denial; stigmatization; family disintegration, 23183
suicide; firearms, 7963
suicide; high risk taking behavior; coping style; homeless adolescents; psychological adjustment; human males, 28852
suicide; homicide; murder; accidental death; gun availability; firearm suicide; murder rate, 35050
suicide; hospitalization; chronic schizophrenia; war, 19007
suicide; Israel mortality rates; suicidal death, 7991
suicide; mental disorders; disease management; suicide prevention; treatment effectiveness, 8658
suicide; neurological disorders; cognitive impairments; multiple sclerosis; suicide potential; mood disorder; highest risk; risk factors, 16757
suicide; schizophrenia; risk factors; therapy; preventive strategies, 19474
suicide; seasonality; violent suicide; gender differences; Australia, 1613
suicide; sex offenders; males; at risk population, 10883
suicide; suicidal behaviors; suicidal ideation; stress; stress research; risk factors, 35021
suicide; suicidal ideation; psychosocial correlates; mentally retarded, 25982
suicide; suicidal ideation; war; Durkheim, 28801
suicide; suicide methods; season; Switzerland; Swiss mortality; hanging; poisoning; drowning, 4672
suicide; suicide motives; suicide notes; motivation, 28825
suicide; suicide rates; ethnic groups; minority groups; risk factors, 4699
suicide; suicide survivor; terminology; word meanings, 34936
suicide; suicide survivor; terminology; word meanings, 35014
suicide; types of suicide; motivation; altruistic suicide, 34990
suicides; ethnic minority; mental health services; psychiatric patients; suicide methods; social characteristics; clinical characteristics, 4690
suicides; mean age; US; domestic social integration, 10925
surviving family members; effective interventions; clinical interventions; adjustment processes; adolescent suicide; bereaved families; survivors' bereavement, 2071
teenage suicide victims; pathogenesis; prefrontal cortex; hippocampus; protein kinase C isozymes; catalytic activity, 28838
temporal distribution; black suicides, 13597
testamentary capacity; suicide; cognitive changes; psychiatric issues; legal issues, 19633
therapists distress; patient suicide, 35998
treatment; suicide risks; affective disorders; suicidal behavior; mood disorders; bipolar disorder; pharmacotherapy, 2143
urban-rural differences; suicide trends; young adults; England; Wales; geographical differences; mental health, 4702
violent suicide victims; depression; serotonin postsynaptic receptors; frontal cortex; hippocampus; caudate nucleus; amygdala; inositol triphosphate; cyclic adenosyl monophosphate, 25840
warning signs; suicide; interventions; risk factors, 25776
weekly & monthly distribution; seasonality; suicides; prison populations; dysfunctional central serotonin neurotransmission, 11966

Suicide Prevention—Serials

winter months; summer months; suicide; gender differences, 7983
worst-point suicidal plans; suicidality predictive; past suicide attempts; death by suicide, 7979
youth suicide; demographic factors; behavioral factors; experiential factors; firearm suicide; Arizona Child Fatality Review, 19582
youth suicide; street youth; loneliness; hopelessness; street life; social stigma; drug abuse; worthlessness, 34976
Suicide [See Also Assisted Suicide]—Chapters
A framework for preventing suicides in adult correctional facilities, 2548
Suicide (Attempted) [See Attempted Suicide]
Suicide Prevention—Serials
antisuicide; psychotropic drugs; psychiatric patients; suicidal behavior; antipsychotics; antidepressants; anticonvulsants; lithium; divalproex; clozapine; suicide prevention, 20322
attempted suicide; suicide ideation; college counselors; legal issues; ethical guidelines; university personnel; suicidal college students, 2863
clinical guidelines auditing; clinical practice guidelines; suicide prevention; recommended guidelines; clinical care; scrutiny, 35939
college students; suicide prevention; assisted suicide, 14675
community-based prevention program; suicide; elderly; depression screening, 32664
crisis psychotherapy; depression; anxiety; anger; stressful life events; global functioning; social relations; personality disorders; traumatic impasse; prevention; chronic pathology; suicide, 23146
deliberate self-harm; near fatal; risk factors; prevention; clinical management; clinical characteristics; suicide prevention; age; gender, 22618
disorder awareness; suicide risk; schizophrenia treatment; suicide prevention; medication compliance, 35512
elderly suicide rate; suicide prevention programs; South Korea; Hong Kong; Japan, 20094
hanging crepe; suicide prevention; prognosis; clinician role, 12065
health professionals; training; suicide risk management; clinical staff; suicide assessment training; suicide recognition, 29877
International Association of Suicide Prevention; conference highlights; professional organizations, 29852
men; help-seeking attitudes; mental health services; rural settings; suicide prevention, 20522
mental pain; suicide attempts; phenomenological-psychache; negative emotions; suicide prevention, 7994
military suicide rates; antidepressant drugs; bullying laws; suicide prevention; suicide, 34937
parasuicide behavior; risk factors; suicidal behavior; schizophrenia; suicide prevention, 7759
planned suicidal behavior; unplanned suicidal behavior; depression; hopelessness; lethality; prevention, 25784
risk factors; suicide; suicidal behavior; schizophrenia; treatment; typical antipsychotics; atypical antipsychotics; clozapine effectiveness; suicide prevention, 1336
suicidal behavior; adolescent girls; mortality rate; suicide prevention programs; interpersonal difficulties, 7980
suicidal behavior; adolescent suicide; pharmacological interventions; psychiatric illness; risk factors, 7965
suicidal behavior; psychiatric assessment; psychosocial interventions; pharmacologic interventions; risk assessment, 34972
suicidal calls; telephone line; suicidal ideation; suicide prevention, 29586
suicidal patients; knowledge; supervision; psychiatric staff; training, 5779
suicidal patients; risk factors; suicidal assessments; clinician attitude; suicide prevention, 34952
suicide epidemiology; suicide prevention; epidemiology; public health; cardiovascular disease prevention, 23442
suicide prevention centers; suicide rate; Canadian provinces, 35798
suicide prevention strategy; England's national strategy, 35691
suicide prevention; Finnish contributions; health care policy; Finland's international influence, 35676
suicide prevention; public health problem; psychiatric illness; mental health, 35017
suicide prevention; schizophrenia; family attitudes; stigma, 11386
suicide prevention; suicidal behavior, 10896
suicide prevention; suicidal behavior, 10919
suicide risk assessment; suicide prevention; patient interview processes; suicidal ideation, 34993
suicide; epidemiology; attempted suicide; public health problem; suicide prevention; suicidal behavior burden, 35709
suicide; Israel mortality rates; suicidal death, 7991
suicide; mental disorders; disease management; suicide prevention; treatment effectiveness, 8658
suicide; psychiatric medication; tertiary military treatment; United States military; death; suicidal behavior, 16486

Suicide Prevention—Serials

suicide; suicide prevention; prisons; prisoners; peer counseling; SAMS in the Pen, 29823
Suicide Prevention Centers—Serials
 suicide prevention centers; suicide rate; Canadian provinces, 35798
Sulpiride—Serials
 eye blinking; central dopaminergic activity; sulpiride; lisuride, 21919
 sulpiride treatment; Cotard's syndrome; schizophrenia; Capgras syndrome; delusions, 20392
Summer Camps (Recreation)—Serials
 gender equality; specific gender; gender complementarity; girls; boys; scout camps; different cultural contexts; Denmark; Portugal; Slovakia, 31242
 recreational settings; social interactions; social development; behavioral goals; full inclusion; summer day camp, 2045
Superego [See Also Conscience]—Serials
 childhood neurosis; superego; conscience; thinking; feeling; remembering, 26316
 conscience; self-experience; superego; self psychology; psychic authority; ego, 25424
 narcissistic relationship; intimate relationships; superego level; love relationships; intrapsychic reality; female bodies; Dead Ringers; David Cronenberg, 18830
 personality structure; psychological defense mechanisms; parent-child relationship; theoretical assumptions; neurotic personality; historical evolution; personality types; historical change, 1108
 personality structure; psychological defense mechanisms; parent-child relationship; theoretical assumptions; neurotic personality; historical evolution; personality types; historical change, 1107
 personality structure; psychological defense mechanisms; parent-child relationship; theoretical assumptions; neurotic personality; historical evolution; personality types; historical change, 1121
 personality structure; psychological defense mechanisms; parent-child relationship; theoretical assumptions; neurotic personality; historical evolution; personality types; historical change, 1103
 personality structure; psychological defense mechanisms; parent-child relationship; theoretical assumptions; neurotic personality; historical evolution; personality types; historical change, 1118
 psychoanalysis; war; superego; projective identification; genocide; international terrorism; psychoanalytic theories; aggression, 1293
 psychoanalytic inquiry; psychoanalysis; conceptualizations; superego, 25440
 psychoanalytic inquiry; superego concept, 25439
 reflective consciousness; clinical examples; moral agent; superego; social outrages; curiosity; Adolph Eichman, 28528
 superego concept; psychoanalytic inquiry; ethical choices; moral choices, 25422
 superego; censorship; ego; Oedipus complex, 25415
 superego; cultural attitudes; authority, 25418
 superego; moral systems; conflict; conscience; inner judge, 25438
 superego; sadomasochism; self-regulation; psychoanalytic theory, 25425
Superior Colliculus—Serials
 albinism; monocular visual; functional magnetic resonance imaging; hypopigmentation disorders; chiasmatic projection system, 34066
 cytoarchitecture; myeloarchitecture; superior colliculus; neuronal components; superficial gray layers; retinotectal fibers; shaking rat kawasaki; cerebellar cortex; retina; Reelin protein, 21681
 defensive behaviors; orienting behaviors; superior colliculus; brain stimulation; 5-HT; midbrain; frontal cortex application; rats, 560
 dorsolateral prefrontal cortex dysfunction; distractibility; superior colliculus; attention deficit; upper brainstem lesion, 22938
 gaze direction cues; subcortical superior colliculus; SC; visual attention; covert orienting; overt orienting; fixation offset effects, 12594
 multisensory interaction; saccadic reaction time; time-window-of-integration model; visual-tactile; focused attention task; superior colliculus, 30916
 neuronal activity; saccadic eye movements; rostral superior colliculus; pursuit; gap effect; monkeys, 21619
 neuronal nitric oxide synthase; superior colliculus; perinatal enucleation; rats, 34010
 nicotine; flash-evoked potentials; visual cortex; superior colliculus; rats, 27896
 parieto-occipital pathway; anatomical location; saccade generation; lateral intraparietal area; oculomotor areas; visual attention, 22937
 saccadic chronostasis; fixation; superior colliculus; illusion; volition; oculomotor processes; efferent signals; cued saccades; express saccades, 24719

saccadic eye movements; sensorimotor transformation; superior colliculus; saccade amplitude; neuronal activity; spatially extended targets, 12876
 Sprague effect; tectal lesions; visual orientation; midbrain tumor; superior colliculus; spatial attention; subcortical modulation, 32196
 superior colliculus; intercollicular nucleus; brainstem seizure; epilepsy prone rat; bilateral lesions; audiogenic seizure severity, 15545
 superior colliculus; neurons; attention; visual location; eye movement; saccades, 15515
 superior colliculus; stratum griseum superficiale; calcium-binding proteins; diaphorase; parvalbumin; calretinin; calbindin; dihydronicotinamide adenine dinucleotide phosphate-diaphorase; monkeys, 6990
Superiority (Emotional) [See Emotional Superiority]
Superstitions—Serials
 consumer behavior; trait antecedents; consequences; superstitious beliefs, 7691
 gambling behavior; superstitious beliefs; problem gamblers; erroneous perception, 34973
 paranormal belief; superstition; religious beliefs; perceptions, 7523
 uncertainty; stress; superstitious strategies; coping behavior; secondary control; card guessing task, 31524
Supervising Teachers [See Cooperating Teachers]
Supervision (Professional) [See Professional Supervision]
Supervisor Employee Interaction—Serials
 boss-subordinate relationship; differentiation; gender; dyads; Africa; subordinate's perception; quality of exchange, 27069
 employee turnover; employee perceptions; government employees; work-family conflict; employer employee relation, 20928
 hardness; supervisor support; group cohesion; job stress; job satisfaction predictors, 12295
 interpersonal exchange; supervisors; employee involvement; employee relationships; organizations; top management; employee performance; work outcomes, 27098
 leadership behavior; subordinate well being; time frame, 17776
 merit pay fairness; interactional fairness dimension; job satisfaction; industrial salespeople; supervisory behavior, 14772
 nurse managers; peer supervision; phenomenography; quality management, 2621
 organizational citizenship; coworkers; fellow employee attitudes; supervisor abusiveness; satisfaction; employee attribution, 24004
 organizational climate; environmental attributes; supervisory practices; safety climate; leadership; supervisory scripts; climate strength; cross situational variability; transformational leadership, 17905
 organizational stability; organizational design; vertical hierarchy; incentive system; decision interaction; organizational structure; interdependencies; decomposition; managerial ability, 17873
 organizational superiors; leaders; collective trust; collective identity; critical incidents; team processes; superior-subordinate relationship; evaluation, 14793
 perceived differential treatment; interaction with supervisors in work unit; leader-member exchange theory of leadership; employee commitment; social entity, 27090
 psychological contracts; employment relationship; mutuality; reciprocity; employee-employer dyads; beliefs regarding exchange agreement; research productivity; career advancement, 12303
 sales manager-salesperson relationships; trust-building processes; salesperson trust; sales manager; job satisfaction; relationalism; organizational commitment; turnover intention, 14765
 social status; outcome favorability; procedural fairness; desire for future interaction; business interactions; higher status parties; lower status parties; exchange relationships, 12286
 supervision; reciprocal learning; educational psychology; learning gains; learning process; supervisor learning; supervisee learning, 35967
 supervisor & supervisee attachments; supervisory working alliance; self-reported ability; healthy adult attachments; social precisions, 23994
 turnover intentions; social support; job satisfaction; police service; sexual harassment; leaves; supervisor support, 20923
 work value congruence; intrinsic career success; compensatory roles; leader-member exchange; perceived organizational support; job satisfaction, 30182
Supervisor Employee Interaction—Chapters
 Becoming a clinical supervisor, 2647
Supervisors [See Management Personnel]
Support Groups [See Also Twelve Step Programs]—Serials
 Asian American males; guidelines; online groups; race; culture; American males; guidelines; online groups; race; culture, 5733

Support Groups—Serials

breast cancer; women's short term support groups; psychoeducational support groups; coping skills; psychosocial issues; psychosocial needs; emotional support, 5594
 Canadian Association of Occupational Therapists; CAOT; support personnel; occupational therapy services; occupational therapists, 14498
 cancer narratives; cancer support group; biographical work, 5406
 cancer support service; Hope & Cope; breast cancer; colon cancer; psychosocial distress; functional well being; optimism; needs; social support organizations, 5604
 career communities; career support structures; social structures; social contextualization, 27033
 coping style; mood disturbance; emotional suppression; cancer patients; fighting spirit; support groups, 5401
 cultural forms; support group; mental health needs; cultural ideologies; ethnography; symbols; language; narratives; practices; families; family run advocacy, 11593
 cultural forms; support group; mental health needs; cultural ideologies; ethnography; symbols; language; narratives; practices; families; family run advocacy, 11590
 cultural forms; support group; mental health needs; cultural ideologies; ethnography; symbols; language; narratives; practices; families; family run advocacy; special needs parents, 11592
 cultural forms; support group; mental health needs; cultural ideologies; ethnography; symbols; language; narratives; practices; families; family run advocacy, 11589
 dementia patients; caregiver support group; memory training; music therapy; psychological symptoms; behavioral symptoms; caregiver burden, 19948
 domestic violence survivors; social isolation; female victims; social capital; trust; supportive networks; support group process, 29428
 enhanced counseling; and support treatment; depressive symptoms; spouse-caregivers; Alzheimer's disease; family counseling; individual counseling, 26252
 expert consensus statement; self-help organizations; policymakers; implications; program managers; group involvement; substance use; psychosocial functioning; self-help clearinghouse; referral methods, 20632
 expert consensus statement; self-help organizations; policymakers; implications; program managers; group involvement; substance use; psychosocial functioning; self-help clearinghouse; referral methods, 20644
 expert consensus statement; self-help organizations; policymakers; implications; program managers; group involvement; substance use; psychosocial functioning; self-help clearinghouse; referral methods, 20639
 family support; autism; applied behavior analysis; early treatment program; parent support groups, 14215
 frontotemporal dementia; caregivers; support groups; diagnosis; fund raising, 32144
 gendered belonging; HIV support groups; AIDS support groups; social identity; gender identity, 29046
 group analysis; feminist action research project; ethnic backgrounds; domestic violence; support groups; social change; group illusions; research team; minoritized women; violence; refuge, 35450
 HIV-positive; African American teens; mental health; support services; adolescent; racial disparities; ethnic disparity, 23355
 homelessness; poverty; developmental disabilities; women; support group; Women's Circle, 20205
 implantable cardioverter defibrillators; caregivers; support groups; health information; attendance, 29459
 incarcerated mothers; mutual support groups; substance abuse relapse; recidivism; family coping skills; communication; anger management; parenting skills, 29761
 informal social support interventions; violence prevention; family; friends; volunteers; peer support groups; mutual aid organizations; child maltreatment; policymaking, 16469
 load sharing; staff support; collaborative management; behavior difficulties; primary schools; emotional difficulties; headteachers role, 4686
 marital status; parental status; informal support; living alone; filial support community dwelling; older people, 35754
 parent support group; carer support group; in-patient adolescent setting; mental illness; psychosocial network; community mental health services, 29749
 patient attitudes; breast cancer; support groups; psychosocial characteristics, 11588
 peer supervision groups; psychotherapists; consultation; support; networking; professional isolation; interpersonal learning, 35930
 person-centered planning; support; cultural sensitivity; individuals with disabilities; families; processes; components; language differences; cultural differences; outcomes; developmental disability, 17347
 posttraumatic stress disorder; mustard gas; WWII veterans; psychological reactions, 34913
 professional support; self-help groups; chronic fatigue syndrome, 2265

reality therapy; developmental disabilities; group counseling; self-determination, 32277

self-help groups; substance abuse; psychiatric comorbidity; religious orientation; gender; age; history; effectiveness, 2506

self-help groups; social workers; group development; leadership, 11595

single session groups; developmental stages; terminal cancer patients; coping techniques; support groups; social group work, 11427

social capital influence; insecurity; neighbourhood; fear of crime; Sweden, 4328

social network; personal capital; divorce; divorce support groups; adjustment to divorce, 25158

storytelling practice; dialogic management; transplant support group; individual identities; collective identities; chronically ill patients; identity construction, 26201

women and depression project; feminist action research; guided self-help groups; Finnish women movement, 34835

Support Groups [See Also Twelve Step Programs]—Chapters

Clinical perspectives and patient experiences, 16666

Creating loss support groups for the elderly, 5635

Group work with minority mentally ill men: The role of the woman worker, 5632

Self-help research: Issues of power sharing, 18240

Supported Employment—Serials

affirmative businesses; sheltered workshops; VOICES, Opportunities and Choices Employment Club; VOCEC impact; employment outcome; well being outcome, 17463

African American; schizophrenia; medication; clozapine; divalproex sodium; risperidone; intellectual functioning; supported employment program; transitional program, 29758

augmentative & alternative communication; supported employment; literacy intervention program; literacy skills; autistic adults, 4762

Augmentative Communication Employment Training and Supports; employment outcomes; augmentative and alternative communication; program evaluation, 2528

client goals; vocational rehabilitation; competitive employment; rehabilitation professionals; Veterans Administration, 35898

disabled persons; employment support; disability benefits; paid employment; public services; users' perceptions; attitudes; service delivery; service providers; government; Personal Advisor Service, 11833

Hartford Study of Supported Employment; vocational rehabilitation approaches; severe mental illness; individual placement support; psychosocial rehabilitation; standard services; employment outcomes, 29817

learning difficulties; supported employment; work environment; job training problems; impairment consequences, 5713

personal outcomes; employment outcomes; person-centered career planning; career choice; supported employment; developmental disabilities; mental retardation, 11958

psychiatric rehabilitation; vocational rehabilitation; rehabilitation interventions; mental health services; psychiatric disability; vocational gap, 29816

severe and persistent mental illness; mental health and vocational rehabilitation programs; employment rates; multi-agency employment services, 32820

supported employment; workplace skills training; mental illness; individual placement, 30150

Supportive Psychotherapy—Serials

borderline personality disorder; patient characteristics; psychosocial treatment; supportive psychotherapy; dialectical behavior therapy; transference focused psychotherapy, 20139

motor vehicle accident; survivors; cognitive behavioral therapy; supportive psychotherapy, 26229

posttreatment symptoms; motor vehicle accident survivors; posttraumatic stress disorder; PTSD; cognitive behavioral treatment; supportive psychotherapy, 8407

psychoanalytic supportive psychotherapy; holocaust victim; patients ego; self defences, 32383

psychological support; foster carers; consultation service; psychological advice; consultation models, 35794

supportive psychotherapy; borderline personality disorder; attempted suicide; self-injurious behavior; self-esteem; coping skills, 26224

supportive therapy; schizophrenia; psychosocial interventions; cognitive behavioral therapy; social cognition; social support; therapeutic alliance, 23147

treatment effectiveness evaluation; group psychotherapy; individual psychotherapy; supportive psychotherapy; expressive psychotherapy; economic advantages, 26225

Suppression (Conditioned) [See Conditioned Suppression]

Suppression (Defense Mechanism)—Serials

emotional expression; expression suppression; expression enhancement; long-term adjustment; adaptation; college students, 25323

neural systems; unwanted memory suppression; Freud; repression; brain; hippocampal, 12801

repressive coping; suppression, 19199

social psychology; thought suppression; history; research; psychology of mental control, 9336

stereotype suppression; internal motivation; self regulation; self control; suppressed thoughts, 10534

suppressor situations; mutual suppressors; guilt; shame; aggression; self-esteem; narcissism; antisocial behavior, 34698

Suppression (Defense Mechanism)—Chapters

To control or not to control stereotypes: Separating the implicit and explicit processes of perspective-taking and suppression, 4418

Surgeons—Serials

osteoarthritis patients; medical decision making; self assessment; hip replacement; pain; surgeons, 8612

Surgery [See Also Amputation, Circumcision, Cochlear Implants, Colostomy, Heart Surgery, Hysterectomy, Induced Abortion, Neurosurgery, Organ Transplantation, Plastic Surgery, Sex Change, Stereotaxic Techniques]—Serials

alcohol drinking patterns; intensive care admission; hospital mortality; general surgery patients; prediction, 17397

angular gait kinematics; trunk; pelvis; hip replacement arthroplasty; walking patterns; medio-lateral excursions; medio-lateral oscillation amplitudes; angular movements, 17203

anticonvulsants; surgical resection; epilepsy, 35631

bariatric surgery; gastric banding; morbid obesity; therapy outcome; body image; new eating habits, postoperative complications; weight loss; quality of life; self esteem, 5427

biofeedback-assisted relaxation; cognitive-behavioral treatment; gastric bypass surgery; anxiety; food phobia; exposure hierarchy, 20184

body image distortions; sensory impairment; motor impairment; orthopaedic surgery, 22983

breast cancer surgeries; psychosocial impact; spouses, 17209

breast cancer; presurgery distress; response expectancies; postsurgery outcomes; surgery patients; specific expectancies, 29483

Brief Visuospatial Memory Test-Revised; neuropsychological evaluation; epilepsy surgery; right temporal lobe dysfunction; figural learning, 21164

caesareans; childhood asthma; allergic diseases; caesarean birth, 29024

cervical spine fusion; sleep disorder; obstructive sleep apnea, 11155

cesarean section; Chinese; life events; obstetric delivery; physicians' determination; patients' attitudes; cultural beliefs; expectant mother, 2309

chronic epilepsy; surgery; intractable partial seizures; treatment outcomes; psychosocial factors, 14307

cleft palate; speech production abilities; speech development; children; palatal surgery; consonant inventories; canonical babbling ratios; characteristics; early developing sounds, 5431

clinical characteristics; phantom eye syndrome; prevalence; phenomenology; putative mechanisms; eye removal, 16869

cognitive consequences; epilepsy; memory impairment; verbal memory; epileptic surgery; temporal lobe epilepsy, 11246

cognitive disturbance; elective surgery; Taiwanese patients; post-surgical cognitive disturbance; confusion; prediction; models; post-operative delirium, 22971

cognitive-behavioral interventions; effectiveness; adolescents; preoperative and postoperative anxiety; coping; spinal fusion surgery; postoperative pain; age, 17005

comorbidity measurement methods; quality of life; joint arthroplasty; post-surgery; electronic health record; hip replacement, 32568

depressive symptoms; breast cancer surgery; stress; women, 19910

developing countries; limited resources; pain management; cancer pain; postoperative pain; morphine consumption; western medicine; eastern traditions; palliative care; medical personnel training, 17202

disc herniation types; lumbar disc disease; daily living activities; interruption duration; clinical variables; treatment outcomes; radiological diagnosis; surgical recurrence; surgical timing; age, 35183

early infant jaw orthopaedics; early speech production; unilateral cleft lip; unilateral cleft palate; infant orthopaedics, 26498

emergency surgery patients; preoperative anxiety; postoperative anxiety; predictors; recovery process; coping, 2303

emotional facial paresis; temporal lobe epilepsy; TLE; patient selection; surgery; clinical evaluation; imaging evaluation; electroencephalographic evaluation, 5008

epilepsy surgery; antiepileptic drugs; epilepsy patients; care; treatment; delay pattern; referral pattern; morbidity, 17147

epilepsy surgery; focal epilepsy; disorder onset; seizures, 35619

epilepsy; surgery; cognitive ability; neuropsychology, 19989

epilepsy; surgery; quality of life, 14284

ethics; evidence based surgery; surgical practice, 32990

frontal lobe epilepsy; epileptical surgery; simple partial seizures; temporal lobe seizures; frontal lobe functions; surgical complications; frontal lobe syndrome; neuroimaging methods, 17168

functional magnetic resonance imaging; language; memory; epilepsy surgery; refractory epileps; neuropsychology, 20066

general practice consultations; ethnicity; consent rates; Asian patients, 35764

hand primary sensorimotor cortex; paraplegia; ulnar nerve; spinal nerves; hip-thigh muscles; surgical motor reinnervation; cortico-muscular & cortico-cortical oscillatory coupling; plasticity, 14249

hip fractures; surgery; delirium; elderly patients; disease predisposition; epidemiology, 26494

interstitial stereotactic radiosurgery; epilepsy; hypothalamic hamartomas; gelastic seizure; behavior; subjective handicap, 14296

iodoform poisoning; consciousness disturbances; delirium; elderly patients; surgical operations; psychiatric symptoms, 13574

life satisfaction; active coping style; surgery recovery; predictors; psychological factors, 2306

maternal anxiety; surgical correction; intervention effectiveness; congenital anomaly; infants; prenatal diagnosis; psychological counseling, 8403

mother's decision; gastrostomy tube insertion; social pressure; children, 8620

night shift call system; impaired cognition; surgical trainees; medical staff; conventional overnight call system; work schedule, 23699

obsessive-compulsive disorder; epilepsy; surgery; comorbidity; mesial temporal lobe, 13540

orexigen; hunger sensation; bariatric surgery; circadian rhythms; hunger; hyperorectic obesity; morbid obesity; hyperorexia, 5416

orthognathic surgery; speech; breathing; acoustic nasalance; velopharyngeal function; nasal cross-sectional area; nasal patency; cleft palate; cleft lip; rhinomanometry; nose; maxilla; mandible, 5463

parental attitudes; postoperative analgesic medication; pain medication; surgery, 35647

patient fears; patient expectations; patient satisfaction; vestibular schwannoma; surgery; observation, 11680

patient psychological characteristics; surgical prioritization; health care; psychological factors, 20471

perceived stress; cancer patients; second-order factor analysis model; exploratory factor analysis; cancer research; breast cancer surgery, 30408

phonological development; unilateral cleft lip & palate; toddlers; infant orthopedics; treatment; phonological skills; acquired consonants; nasal escape, 5434

physical appearance; cosmetic breast augmentation surgery; body image dissatisfaction; sociocultural influences; sexual satisfaction; sexual functioning; surgery motivation, 8611

physical recovery; arthroscopic knee surgery; coping behaviors; active coping; avoidant coping; clinical outcomes; physical outcomes; pain; knee function; stress reactivity, 26508

post-operative progress; dystonia patients; globus pallidus internus; deep brain stimulation; movement disorders, 22856

presurgery speech measures; early postsurgery performance; speech; language outcomes; cleft palate, 26485

prostatectomy; married couples; urinary function; erectile function, 32559

psychiatric intervention; surgical group; traumatic lower part amputation; surgical lower part amputation; traumatic amputees; surgical amputees; depression; prostheses, 14255

psychological readiness; anterior cruciate ligament surgery; preoperative mood levels; adult sports medicine patients, 8652

psychological stress; wound repair; surgery; interleukins, 2284

psychopathological differences; morbidly obese; binge eating; bariatric surgery, 13835

psychosocial functioning; psychiatric comorbidity; obesity surgery; quality of life; bariatric surgery, 8623

reductase deficiency; male pseudohermaphroditism; enzyme deficiency; culture; dihydrotestosterone; patient abnormality; genitalia, 4904

schizophrenia patients; nucleotide polymorphisms; linkage disequilibrium; NOTCH4 gene haplotype; African Americans; European Americans, 10798
schizophrenia prodrome; neurodevelopmental model; biological vulnerability; early intervention; positive and negative symptoms; psychosis; risk factor; Recognition and Prevention Program; drug therapy, 20304
schizophrenia; genetics; susceptibility genes, 34877
schizophrenia; polymorphisms; D4 receptor gene; susceptibility; transcriptional activity; Chinese patients, 7919
serotonin transporter gene; allelic variation; psychiatric disorders susceptibility; prefrontal brain function; brain electrical response; error processing, 30895

sex differences; personality; vulnerability; depression; behaviorism theory of depression; three-factor personality model; Five-Factor Personality Model, 22484
sexual risk taking; HIV; vulnerability prediction; Adolescent Risk-Taking Questionnaire; test reliability; test validity, 24177
sigma 1 receptor gene; schizophrenia; disorder susceptibility; genetic polymorphism; biological markers, 34885
sigma 1 receptor gene; pathogenesis; alcoholism; polymorphisms; drug abuse; alcoholic men, 11005
single nucleotide polymorphisms; susceptibility gene; G-protein signaling 4; schizophrenia, 10814
social stress; individual differences; environmental factors; glucocorticoid resistance; stress susceptibility; rearing conditions; previous social experience; mice, 7116
sociotropy; autonomy; vulnerability to depression; personality dimensions; sociotropy-autonomy scale; personality style inventory; scale relationship, 3173
stress reactivity; vulnerability; depressed mood; minor stressors, 16286
stress vulnerability factors; disease activity; early rheumatoid arthritis; long term prediction; personality traits; coping; social support; stressors; long term predictors, 1799
stress vulnerability factors; disease activity; early rheumatoid arthritis; long term prediction; personality traits; coping; social support; stressors; long term predictors, 1763
susceptibility; weight gain; homeostatic risk factors; hedonic risk factors; overconsumption, 30910
thought suppression; life stress; depression severity; vulnerability, 31720
trait vulnerability; generalized anxiety disorder; depressive diagnoses; comorbidity; psychological measures, 34897
Susceptibility (Disorders)—Chapters
Child sexual abuse and adult sexual risk: Where are we now?, 1626
The comorbidity of anxiety and depression, and the implications of comorbidity for prevention, 8395
Secondary prevention of depression: Risk, vulnerability, and intervention, 8400
Susceptibility (Hypnotic) [See Hypnotic Susceptibility]
Suspension (School) [See School Suspension]
Suspicion—Serials
apology; denial; repairing trust; integrity; competence; trust violations; evidence of guilt; job candidate, 10541
child sexual abuse; suspicion; systemic approach; therapy, 35382
hermeneutics; faith; suspicion; meaning; decoding; disguised meanings; interpretive stances; reflexivity; ethics, 31029
hermeneutics; faith; suspicion; meaning; decoding; disguised meanings; interpretive stances; reflexivity; ethics, 31021
parental bonding; bulimic psychopathology; mistrust beliefs; abuse beliefs, 19816
racial mistrust; immigrant minority students; White teachers; West Indian students; middle school students; Haitian students; West Indian students, 33150
retributive approaches; therapeutic approaches; holistic approach; suspected sexual abuse; restorative approaches; conferencing, 35391
trustworthy; mistrust; social perception; encoding; facial features; face perception, 23217
Sustained Attention [See Also Attention Span, Concentration, Vigilance]—Serials
behavioral manifestations; sustained attention; neurophysiological correlates; vigilance measurement; brain activity; event related potentials, 24948
cognitive functioning; schizophrenia spectrum disorders; sustained attention; visual memory; long-term memory; short-term memory; visual information processing; adolescents, 25685
multisensory interaction; saccadic reaction time; time-window-of-integration model; visual-tactile; focused attention task; superior colliculus, 30916
neuropsychological functioning; sustained attention deficit; bipolar disorder; target detection; vigilance, 28636
neuroscience; buddhism; biobehavioral sciences; brain; selective attention; sustained attention; emotions, 34040
nicotine; attention; choice serial reaction-time; nicotinic acetylcholine receptor; mice, 24858
reading disability; word recognition; individual differences; at risk population; reading; attention; listening; comprehension; attention-deficit hyperactivity disorder, 19734
schizophrenia; Stroop task; attention; attentional interference, 34874
sub-chronic administration; hydrocortisone; amphetamine; metamphetamine; neuroendocrine response; cortisol; prolactin; mood; neuropsychological function; sustained attention, 15754
sustained attention deficits; nonpsychotic relatives; schizophrenic patients; attention deficit; endophenotypes; genetic susceptibility, 25618

sustained attention; schizophrenia; reaction time; sustained attention to response task; measure sensitivity, 33575
sustained attention; traumatic brain injury; attention deficit hyperactivity disorder; impulsiveness; psychosocial factors; severity; adaptive functioning; social background, 32195
task performance; rapid visual information processing; sustained attention deficits; parahippocampal gyrus; attentional abilities; decreased activation; enhanced activation, 586
time-on-task effect; anhedonia; attention; cognitive performance, 33885
working memory; affective priming; divided attention; focused attention; memory load; consciousness, 27516
Swallowing—Serials
body alignment; feeding problems; swallowing; cerebral palsy; neuromotor disorders, 35335
evidence-based practice; Clinical Swallowing Examination; aspiration; videofluoroscopic swallowing examination; dysphagia; stroke; clinical practice, 32181
inpatient treatment; behavioral treatment; choking phobia; children; contingency management; in vivo exposure, 26295
masseter muscle activity; swallowing; mandibular fixation, 30924
movement patterns; anterior tongue; functional independence; vertical displacements; swallowing, 15248
Sweat—Serials
St John's wort; amitriptyline; autonomic responses; blood vessels; sweat glands, 10042
Sweating—Serials
cancer pain management; advanced breast cancer; breast cancer patients; antipsychotic drug; flushing symptoms; sweating symptoms; olanzapine, 17211
mirtazapine; excessive sweating; hyperhidrosis; antidepressant drugs, 35630
Sweetness [See Taste Perception]
Swimming—Serials
information processing; lifeguards scanning; decision making, 6580
locomotion; vertebrate nervous system development; swimming; aquatic animals; neuron activity; noradrenaline; tadpoles, 15546
self-monitoring; intervention; stroke count; swimming skill; coaching strategy; behavior change; skill development; college athletes, 14810
sleep efficiency; overreached swimmers; nonoverreached swimmers; training-induced stress; overtraining risk, 6091
spinal cord; midbrain; brain stem; cold water swimming stress; central nervous system; antinociceptive effect; kappa opioid receptor; delta opioid receptor; mu opioid receptor; opioid receptor binding, 582
spontaneous firing rate; cortical neurons; lateral septal nucleus; stressful situations; swimming session, 12821
stress reactions; plasma homocysteine; acute stressor-selective effect; cardiovascular disease; swimming; restraint; cold exposure; novelty; hypothalamic-pituitary-adrenal axis; physiological responses, 12949
swim stress; c-fos expression; serotonergic system; GABA neurons; immunohistochemical labeling, 21678
swimming behavior; Bivalves; swimming morphometry; Limaria fragilis; scallops, 33953
swimming; hiru medicinalis; serotonin; leech; electrical stimulation; head ganglion; segmental ganglia, 33993
taste aversion learning; forced swimming; rats, 18458
Syllables—Serials
aphasia; number of phonemes; number of syllables; syllabic complexity; spoken word production; analysis of errors; theories of word production, 29148
aphasia; number of phonemes; number of syllables; syllabic complexity; word production; theories; analysis of errors; correct productions, 29159
development; adult phase plasticity; syllable repetitions; birdsongs; captive zebra finches; song plasticity; song characteristics, 499
developmental differences; early reading skills; phoneme syllables; segmentation skills; phonological development, 28071
developmental sequences; English syllable; L2 syllable codas; grammatical conditioning; language acquisition, 15861
disyllabic English words; lexical stress; trochaic stress; English phonology; word onset; stress patterns; onset patterns, 18865
equivalence formation probability; stimuli familiarity; training sequence; equivalence relations, 21324
item information; phonological similarity effect; serial recall; order memory; common phonemes; short term memory; consonants; vowel, 18393
larger sized subsyllabic relationships; small-sized phoneme-grapheme relationships; spelling; orthographic units; orthographic redundancy, 24883
lexical decision; skilled readers; developmental dyslexia; naming latency; length effect; syllables, 24440

moraic units; visual stimuli naming; vowels; Japanese phonetic script; phonology, 21974
 nonadjacent syllables; statistical learning; nonadjacent dependencies; adults; pattern acquisition; speech, 12703
 onset effect; bisyllabic word naming; masked form priming; naming latency, 27517
 phonological structure; neural substrate; speech sounds; brain mapping; brain regions; syllable; phoneme, 3800
 pseudoword naming; Spanish; syllable frequency; speech production; word frequency, 27978
 speech production; implicit priming paradigm; word-form encoding; syllables; word formation, 10097
 sublexical information; morphological information; speech processing; phonemes; syllable boundary; speech segmentation; sequence monitoring, 28031
 syllabification; graphosyllabic instruction; struggling readers; reading instruction; multisyllabic words; word learning; novel words, 29962
 syllable boundaries; speech production; phonological encoding; syllabification, 27997
 syllable frequency; syllable structure; apraxia of speech, 11222
 syllable frequency; word recognition; visual word recognition; syllable structure; polysyllabic words, 33783
 syllable information; silent reading; eye movements; phonological processes; sublexical information, 33774
 syllable magnitude; acoustic signals; articulatory signals; conversation; speech communication; jaw movement; time values; rhythmic organization; syllable timing; correction, 3341
 visual word recognition; syllables; phonology, 33775
 vowel length; long vowels; disyllabic words; word production; German-speaking children, 919
Syllables—Chapters
 The role of mirror neurons in the ontogeny of speech, 4124
Sylogistic Reasoning [See Inductive Deductive Reasoning]
Symbiosis (Biological) [See Biological Symbiosis]
Symbiotic Interactionism—Serials
 group dynamics; symbiotic-interactive perspective; group members; symbol usage; individual processes; relational processes; collective processes, 25265
 issue evolution; natural history; life-cycle; symbiotic interactionism; social issues; socially constructed disruptions; purposeful exchanges; actors; socially constructed reality, 16112
 organizational change; self-perceptions; emotions; employee behavior; discourse; symbiotic interactionism, 24013
 research ethics; conservation analysis; participants' orientation; interactional work; research settings; recording device; participant awareness; situated interactional work, 15159
 Sander Ferenczi; trauma; mind symbolic function; traumatic experience; symbolic adaptation, 25409
 symbiotic interactionism; power; identity; personality; newly married couples; meaning, 1174
 symbiotic-interactive perspectives; social identity perspectives; psychodynamic perspectives; network perspectives; theoretical perspectives; small groups; thoughts; feeling; behavior, 25269
 teenagers; clothing choices; goods symbolic properties; adult consumers; symbolic consumption; young people, 30264
Symbiosis—Serials
 age differences; language comprehension; perceptual symbols; response times, 24875
 cognitive system; symbols; constituent processing; distributed representation; sub-symbolic representation; integrated approach; cognition; biology; Adaptive Character of Thought Rational, 9660
 Dead Mother paintings; artists; Egon Schiele; symbolic portrayals; mother, 31030
 elective mutism; object relations; child psychoanalytic psychotherapy; symbolism; speech, 5255
 funerals rites; death attitudes; Japan; symbols, 28188
 group dynamics; symbiotic-interactive perspective; group members; symbol usage; individual processes; relational processes; collective processes, 25265
 human development; symbol-minded; symbol systems; symbolic media; symbolic development, 28039
 internal space development; psychological boundaries; symbolization; infancy; psychic skin, 24906
 mass media; symbolism; framing analysis; religion, 18887
 mother-child interaction; child development; symbolic play; cognitive development, 7393
 Newell test; theory; cognition; cognitive theories; classical connectionism; ACT-R theory; language; cognitive development; symbolism, 18050
 nonhuman primate vocalizations; evolutionary history; symbolic development; vocal communication; cultural processes; symbolic function; theory of mind, 18523
 notices; tourist behavior; communicating signs; social control; taxonomy, 17918
 pictures; words; symbols; child's interpretation; infants, 24971

prototype symbolization; hooded crows; abstract selection rule; indifferent symbols; symbolizing ability; elements number, 9774
 psychosomatic phenomenon; female inpatient; symbolic connection; psychoanalysis, 14105
 understanding; symbolic processing; infants; toy model-real exemplar relations; categorization; conceptual development; lexical development, 13216
 word task; print; symbolism; child development; cognitive abilities, 899
Symbolism—Chapters
 Mirror neurons and the neural basis for learning by imitation: Computational modeling, 3742
 Political symbols and collective moral action, 16192
 'The word becoming a deed': The dialectic of 'free action' in Vygotsky's *Tool and Sign in the Development of the Child*, 4122
Sympathetic Nervous System [See Also Baroreceptors—Serials]
 autonomic nervous system dysfunction; severe tetanus; heart rate; blood pressure; sympathetic control, 11140
 fear responses; freezing behavior; physiological reactivity; sympathetic cardiac activity; threat; cortisol levels; heart rate; arrhythmia; prejection period, 24750
 heart rate variability; sleep; posttraumatic stress disorder; noradrenergic function; sympathetic nervous system activity; traumatic injuries, 22587
 motor impairment; myocardial uptake; Parkinson's disease; disease severity; myocardial dysfunction, 16767
 norepinephrine turnover; white adipose tissue; brown adipose tissue; partial lipectomy; body fat; sympathetic nervous system; lipolysis; thermogenesis; Siberian hamsters, 24748
 obstructive sleep apnea; sympathetic nerve activity; vascular reactivity; systemic hypertension; animal models; etiologic association, 4855
 sympathetic innervation; parasympathetic innervation; pupillary dilation; sustained processing; task difficulty; tropicamide; dapiprazole; light conditions; darkness, 18802
Sympatholytic Drugs [See Also Reserpine]—Serials
 imidazoline receptors; norepinephrine; rostral ventrolateral medulla; hypotension; hypertension; clonidine; rilmenidine; rats; ethanol, 10019
 intravenous regional sympathetic block; pain management; complex regional pain syndrome type 1, 20472
Sympathy—Serials
 care concept; pity; compassion, 5792
 empathy; sympathy; communication; relationships; emotional regulation, 10511
 frontal cortical activity; approach motivated anger; insult; sympathy arousal, 15437
 social benefits; rule of rescue; avoidable death; identifiable individuals; shock horror response; lifesaving measures; utilitarianism; cost effectiveness analysis, 16294
Symptom Checklists—Serials
 childhood sexual abuse; checklist validity; popular psychology literature; Barnum effect, 21134
 depressive symptomatology; major depressive disorder; psychometric properties; bipolar disorder; test validity; internal consistency; depression inventories, 15054
 Hopkins Symptom Checklist-25; depressive states; depression; elderly, 18126
 Posttraumatic Stress Disorder Checklist; construct validity; cancer survivors; symptoms; bone marrow transplantation; stem cell transplantation, 33545
 Symptom Check-List 90R; DSM-IV symptom disorders; comorbidity; axis I disorders; axis II disorders; clinicians; personality disorders, 30459
 youth psychopathy; violent offending; violent recidivism; personality disorder; antisocial behavior; predictive validity; Psychopathy Checklist-Youth Version, 33543
Symptom Prescription [See Paradoxical Techniques]
Symptom Remission—Serials
 depression; physical functioning; anxious symptoms; substance abuse; pharmacotherapy; psychotherapy; remission, 35360
 treatment remission; Montgomery-Asberg Depression Rating Scale; symptom severity; cutoff choice; antidepressant efficacy trials; defining remission; psychosocial functioning, 18144
Symptoms [See Also Acting Out, Anhedonia, Anoxia, Apraxia, Ataxia, Aura, Automatism, Catalepsy, Catatonia, Coma, Convulsions, Delirium, Depersonalization, Distractibility, Dyskinesia, Dyspnea, Extrapyramidal Symptoms, Fatigue, Headache, Hematoma, Hemorrhage, Hyperglycemia, Hyperkinesia, Hyperphagia, Hyperthermia, Hyperventilation, Hypoglycemia, Hypothermia, Insomnia, Nausea, Obesity, Pain, Positive and Negative Symptoms, Psychiatric Symptoms, Respiratory Distress, Restlessness, Scratching, Shock, Spasms, Syncope, Tics, Tremor, Underweight, Vertigo, Vomiting]—Serials
 action attribution; first rank symptoms; schizophrenia; neural correlates, 31764

acute myocardial infarction; problem-focused coping; medical psychology; emotional response; illness behaviour; Self-Regulatory Model, 19940
 ADHD; attention deficit hyperactivity disorder; symptoms; personality; five-factor model, 16535
 adjunct therapy; fatigue; sleepiness; major depression; partial responders; antidepressants; symptoms; modafinil, 2153
 adult ADHD; attention-deficit/hyperactivity disorder; treatment; symptoms; diagnosis; childhood onset, 19735
 adult attachment style; symptom reporting; coping with health problems; alexithymia; health outcomes, 1797
 adult cancer patients; Cancer Care Monitor; symptom screening; quality of life; computer administered system; validity; reliability, 12512
 aerobic exercise training; depressive symptom management; psychological effects; hiv-infected adults; self-reported symptoms, 17422
 affective disorders; allergic rhinitis; allergic symptoms; self-report; scale validation, 24254
 African American veterans; posttraumatic stress disorder; symptom patterns; service use; Caucasian veterans; combat-related PTSD, 27144
 agonal factors; postmortem factors; gene expression profile; postmortem human brain; coma; hypoxia; ribonucleic acid; microarray analysis; quality control, 16835
 akathisia; diagnosis; symptoms; diagnostic criteria; antipsychotic therapy; restlessness; drug side effects, 4518
 akathisia; symptoms; diagnosis; assessment; Barnes Akathisia Rating Scale; antipsychotic medication, 12480
 alcohol craving; combat veterans; posttraumatic stress disorder; substance abuse, 25715
 alcohol problems; latent trait modeling; severity linking; abusive drinking; tolerance; withdrawal; alcoholism; conceptualization; assessment; symptom parameter, 25888
 alcohol treatment effectiveness; alcohol rehabilitation; alcohol abuse; abstinence; heavy drinking; depressive symptoms; therapist focus; emotional material, 2505
 alcohol withdrawal symptoms; client suggestibility; client compliance, 26720
 alexithymia; unexplained physical symptoms, 19320
 Alzheimers disease; pathways to care; help seeking decisions; Korean Americans; dementia symptoms, 14403
 ambivalent attachment; depressive symptoms; romantic relationships; parent-child relationships; diathesis-stress model; stress; anxiety; dysfunctional relationship attitudes; relationship deprivation, 19396
 anxiety disorders; gamma aminobutyric acid; serotonergic agents; therapeutic agents; residual symptoms; neuronal circuits, 18835
 anxiety symptoms; healthcare utilization; outpatients; internal medical clinic, 4665
 anxiety; cognitive schemas; symptom reporting; Mexican; Mexican American; European American; parental influence; collectivism; racial differences; culturally associated interpretation, 22598
 anxiety; depression; coping strategies; coping responses; emotion focused coping; psychological symptoms; problem features; adolescents, 13605
 anxiety; depression; state trait distinctions; state depression; trait depression; trait anxiety; state anxiety; symptom correlations; distinct constructs; overlapping features, 10581
 asthma symptoms; asthmatic children; maternal-infant bond, 29017
 asthmatics; bronchoconstriction; breathlessness perception; symptom perception; Borg scale, 4845
 attempted suicide; mood disorders; depressed patients; symptoms; disease course; bipolar disorder; unipolar disorder, 4602
 attention deficit disorder with hyperactivity; symptom expression; age differences, 22732
 attention-deficit hyperactivity disorder; adult diagnosis; symptoms; Diagnostic and Statistical Manual of Mental Disorders, 22714
 attention-deficit/hyperactivity disorder; diagnosis; rating scales; patient evaluation; symptoms, 19763
 attention-deficit/hyperactivity disorder; diagnosis; treatment across life cycle; pharmacological treatment; drug therapy; symptoms, 20397
 attention-deficit/hyperactivity disorder; physicians; treatment; clinical presentation; differential diagnosis; feedback; psychoeducation; medication trials; environmental restructuring; psychotherapy, 20128
 autistic spectrum disorders; genetic conditions; Cohen syndrome; developmental disorders; genetic disorders; diagnostic assessment; autistic symptoms; Social Communications Questionnaire, 31999
 autonomic seizures; autonomic status epilepticus; childhood; diagnosis; management; prevalence; symptoms; epileptogenic susceptibility; cerebral pathology; Panayiotopoulos syndrome, 26157

- behavioral symptoms; activity acrophase; bright light treatment; dementia; sleep-wake disturbances; treatment outcomes, 35653
- behavioral symptoms; psychiatric symptoms; early-onset Alzheimer's disease; siblings; presenilin-1 gene; R269G mutation; cognitive decline, 32147
- behavioral symptoms; psychological symptoms; dementia; Needs Driven Dementia Compromised Behavior model; symptom escalation patterns; symptom de-escalation patterns, 16842
- bipolar disorder; subsyndromal symptoms; risk of relapse; occupational functioning; social functioning, 31747
- bipolar disorder; symptoms; clinical features; genetics; drug therapy; lithium; pathophysiology; neurochemistry; neuroanatomy; neuroimaging, 31721
- bipolar mania; manic symptoms; depression treatment; central nervous system disorders; mania treatment; transcranial magnetic stimulation, 17111
- body dissatisfaction; eating disorder symptomatology; disordered eating, 16569
- body image; eating disturbances; cross ethnic similarities; eating pathology; ethnic minorities; Whites; risk factors; adult females; ethnic differences; symptoms; adolescent girls, 13840
- body image; self-esteem; menopause attitudes; menopausal symptoms; estrogen level; premenopause; postmenopause, 7458
- body image; self-esteem; menopause attitudes; menopausal symptoms; estrogen level; premenopause; postmenopause, 7455
- body image; self-esteem; menopause attitudes; menopausal symptoms; estrogen level; premenopause; postmenopause, 7457
- borderline personality symptomatology; diabetes management; pilot study, 20457
- brain imaging studies; dopaminergic neurotransmission; functional brain imaging; working memory deficits; prefrontal dysfunction; environmental factors, 10790
- breast inflammation; acupuncture treatment; lactating women; care interventions, 29417
- California Psychological Inventory; depressive symptom scale; construct validation; discriminant validity; psychometric properties, 33551
- cancer symptom management; pain; depression; fatigue; National Institutes of Health, 1339
- cerebral blood flow; emotional symptoms; cerebral cortex; neurosyphilis; photon emission; personality change, 14270
- child behavior reports; parents; teachers; foster parents; behavior problems; depressive symptoms, 4709
- childhood adversities; adult depression; depressogenic markers; anxiety disorders; neurotic traits, 4562
- childhood depressive symptoms; physical activity; health related fitness; sports, 7848
- childhood onset schizophrenia; diagnostic criteria; symptomatology; disease course; assessment methods; educational implications; school psychologist role; treatment, 34870
- children's perception; children's interpretation; anxiety-related physical symptoms, 31115
- children's ketogenic diet; autistic behaviour; epileptic seizures; haloperidol; drug treatment, 5376
- chronic distress; Gulf War veterans; early hyperarousal symptom; early avoidance symptoms; emotional numbing symptoms; posttraumatic stress disorder, 16386
- chronic fatigue syndrome; myalgic encephalomyelitis; psychiatric comorbidity; functional impairment; diagnostic criteria; symptom severity; disability, 16361
- chronic fatigue syndrome; symptoms, 19875
- chronic illnesses; dementia; Alzheimer's disease; rheumatism; coronary heart diseases; osteoporosis; quality of life; psychological factors; gender; caregivers; epidemiology; symptomatology; women, 1778
- chronic transdermal nicotine; cognitive performance; attentional performance; age associated memory impairment; clinical symptoms, 17092
- climacteric symptoms; HRT; hormone replacement therapy; Hong Kong Chinese women; HRT knowledge; prevalence, 17055
- clinical characteristics; metabolic disturbances; neurological problems; epileptic patients; status epilepticus; mortality risk; risk factors, 5000
- clinical global impression-schizophrenia scale; schizophrenia; symptoms diversity; cognitive symptoms; depressive symptoms; validity; reliability, 21137
- clinical parkinsonian signs; Parkinson's disease; PD; subthalamic nucleus; STN; deep brain stimulation; DBS; DBS discontinuation, 5461
- clinical symptoms; asthma; quality of life, 35207
- cognitive factors; Postconcussion Syndrome; symptoms; head injury; depression; pain; subjective expectation; treatment-seeking behavior, 22944
- cognitive impairment; leish-nyan disease; genetic disorder; choreoathetosis; hyperuricemia; self-mutilation; self-injury, 4885
- cognitive symptoms; anxiety disorders; panic disorder; experimental avoidance; aversive stimulation, 20220
- college counseling service; symptom severity; client distress, 23943
- college counseling service; symptom severity; client distress, 23947
- college counseling service; symptom severity; client distress, 23948
- college students; posttraumatic stress disorder; PTSD symptoms; perceived benefits; terrorist attacks; media exposure; student response; coping; young adult population, 10821
- comparative neuropsychological function; obsessive-compulsive disorder & symptoms; schizophrenia; orbitofrontal dysfunction function, 25689
- controlled deep breathing; smoking withdrawal symptoms; dependent smokers, 26733
- coping style, changes in symptoms, psychiatric outpatients, Switzerland, 6 & 7 yr followup, 7806
- cord-blood transplants; unrelated donors; myeloablative preparative regimen; Hurler's syndrome; engraftment, 32083
- cord-blood transplants; unrelated donors; myeloablative preparative regimen; Hurler's syndrome; engraftment, 32110
- cord-blood transplants; unrelated donors; myeloablative preparative regimen; Hurler's syndrome; engraftment, 26065
- cortisol levels; conduct disorder; adolescent mothers; aggressive symptoms; salivary cortisol, 19581
- cortisol levels; conduct disorder; adolescent mothers; aggressive symptoms; salivary cortisol, 19624
- cumulative effects; amateur athletes; multiple concussions; head injuries; symptom reporting; memory performance, 32158
- cynical hostility; socioeconomic position; symptom load; health risk behavior, 31657
- daytime symptom ratings; primary insomniacs; subjective daytime alertness; mood, 22825
- defense styles; personality traits; psychopathological symptoms; nonclinical adolescents, 10250
- deficit schizophrenia; sociodemographic characteristics; premorbid adjustment; course; symptomatology; level of functioning; neurological signs; cognitive functioning, 1507
- dependence symptoms; adolescents; males; females; gender differences; psychiatric severity; substance use disorders, 4743
- depression symptoms; causal attributions; rheumatoid arthritis; RA, 19842
- depression; somatic symptoms; depressive disorders, 25597
- depression; women; differential symptom reporting; gender differences; psychiatric epidemiology, 28632
- depressive features; pharmacological treatments; bipolar affective disorder; depressive symptoms; at risk populations; maniform switch, 14128
- depressive symptomatology; late-life depression; life review; reminiscence; elderly; geriatric patients, 10736
- depressive symptoms; adolescent psychology; adult psychology, 22010
- depressive symptoms; ambulatory blood pressure; family history; hypertension; norepinephrine; cortisol; parental history; depressed mood, 16358
- depressive symptoms; anxiety symptoms; children judgement; interpretation; intention; ambiguous social scenarios, 25508
- depressive symptoms; breast cancer surgery; stress; women, 19910
- depressive symptoms; cancer patients; medical factors; sociodemographic factors; cancer diagnosis; risk factors, 4940
- depressive symptoms; care services; health service uptake; sociodemographic factors, 26632
- depressive symptoms; cognitions; self-efficacy; negative cognitive errors; hopelessness; stress; stressful events; cross-cultural investigation; non-Western culture; cognitive theories; adolescents, 19401
- depressive symptoms; elementary schoolchildren; cognitive-behavioral treatment; affective education; problem-solving; cognitive restructuring, 26276
- depressive symptoms; inflammatory response; influenza; vaccination; community mental health; older adults; interleukin 6, 2333
- depressive symptoms; lifetime patterns; anxiety symptoms; bipolar depression; community respondents; primary care attenders, 4575
- depressive symptoms; major depressive disorder; anxiety symptoms; obsessive compulsive disorder; Hamilton Depression Rating Scale; dimensional structure, 18135
- depressive symptoms; minor depression; subacute care; physical therapy; rehabilitation; illness; injury, 26705
- depressive symptoms; parental behavior; infant temperament; adult attachment styles; parental perceptions; mother-infant dyad; father-infant dyad; perceived temperament, 19067
- depressive symptoms; quality of life; b-thalassaemia; Mediterranean countries, 19871
- depressive symptoms; residential treatment; substance use disorders; abstinent adolescents, 32805
- depressive symptoms; romantic involvement; adolescence; preoccupation, 25012
- depressive symptoms; stressful life events; community-based adolescents, 19407
- developmental disorders; psychotropic medications; symptoms; psychosocial factors; obsessive compulsive disorder; Down syndrome; genetic vulnerabilities; environmental factors; social factors, 35628
- diagnosis; major depression; Parkinson's disease; non-motor symptoms; comorbidity, 35334
- diagnosis; sluggish cognitive tempo items; attention-deficit with hyperactivity disorder; gender differences; inattentive factors; impulsive factors; sluggish factors, 28919
- Diagnostic and Statistical Manual; anxiety disorder symptoms; Screen for Child Anxiety Related Emotional Disorders-Revised; test reliability; test validity, 21172
- diagnostic systems; Diagnostic and Statistical Manual of Mental Disorders; Diagnostic Classification of Mental Health and Developmental Disorders of Infancy and Early Childhood; symptoms; diagnosis, 28552
- dissociative symptoms; aversive childhood events; dissociation; childhood trauma; fantasy proneness; vague trauma items; specific trauma items, 10604
- drinking patterns; alcohol dependence; symptoms; emergency room; alcohol related injury; blood alcohol concentration; self report; sociocultural factors, 1757
- DSM-IV criteria; generalized anxiety disorder; subsyndromal anxiety symptoms; worry; distress; symptoms; late-life anxiety disorders; older adults, 1542
- DSM-IV psychiatric disorders; phenotypic symptoms; traits; genotypes; endophenotypes; neurocircuits; neurotransmitter receptors; enzymes, 1346
- DSM-IV; major depressive episode symptoms; interrater reliability; validity, 18129
- dural arteriovenous fistula; ischemic stroke; cognitive changes; dementia; aphasia; symptoms; stroke; neurocognitive evaluation; neuropsychology, 19975
- dying; children; symptoms; distress; palliative care; intensive care; hospitalized children; symptom prevalence; characteristics, 8717
- early adolescence; naturally occurring changes; physical activity; depressive symptoms; leisure time, 25580
- early onset; mood symptoms; bipolar disorder; bipolar treatment program, 23515
- early warning signs; focus group; psychosis; relapse prevention; self-management; staff perspective; service delivery, 32677
- eating disorder; symptomatology; multidimensional model; eating disturbances; structural equation modelling; sociocultural variables; personal variables; relational variables, 28964
- eating disorders; feeding difficulties; diagnostic criteria; infantile anorexia; sensory food aversions; posttraumatic eating disorder; anorexia nervosa; bulimia nervosa; family therapy; symptoms, 35135
- eating disorders; symptoms; track and field athletes; non-athletes; sex differences, 35140
- eating disorders; urban women; rural women; African American; Eating Disorder Inventory; psychological traits; perfectionism; psychotherapy; depression; whites, 1728
- emotion regulation; adolescents; depressive symptoms; problem behavior, 19283
- executive function; theory of mind; symptoms; autistic children; symptom severity; mental states; executive control skill; language level; reciprocal social interaction; repetitive behavior, 19750
- executive functioning; normal aging; elderly adults; behavioral dysexecutive symptoms; daily life functioning, 7451
- exercise dependence; symptoms; personality; exercise behavior, 22337
- factor structure; posttraumatic stress disorder; community violence; Posttraumatic Stress Disorder Checklist—Civilian version; language equivalence; measurement invariance; English-Spanish, 24261
- family interactions; prediction; symptom variation; adolescent girls; bulimia; family systems theory; stress theories; daily hassles; family environment, 4808
- feigned-memory impairment; Test of Memory Malingering; symptom detection, 33581
- first time mothers; last trimester; pregnancy; postpartum period; sleep patterns; depressive symptoms, 4610
- frontal lobe dysfunction; schizophrenia; cognitive deficits; anxiety; symptom awareness, 31765
- functional somatic symptoms; physiological responses; anxiety; mental stress; respiratory & autonomic responses; breathing; compressed & carbon dioxide enriched air; relaxation; exercise, 8127

- functional somatic symptoms; physiological responses; anxiety; mental stress; respiratory & autonomic responses; breathing; compressed & carbon dioxide enriched air; relaxation; exercise, 8134
- Gastroparesis Cardinal Symptom Index; gastroparesis; symptoms severity; test validity; test development; patient reported assessment; psychometric evaluation, 24300
- gender differences; time course; traumatic grief; spousal loss; widows; widowers; separation distress; symptom severity, 1235
- Hangover Symptoms Scale; hangover symptoms; scale validation; test development; test evaluation; college students; self report inventory; college students; prevalence of symptoms, 9365
- head symptoms; body symptoms; depression; physical comorbidity; patients; cognitive impairment, 20043
- head trauma; forensic psychiatrists; symptom exaggeration; persistent symptoms; emotional symptoms; minor head injury; brain dysfunction; mild head injury; practical method; practical model, 6192
- health attributions; symptom severity; prediction; schizophrenia; insight; symptomatology; psychological variables; coping; attributional style; cognitive functioning, 34865
- health stresses; depressive symptoms; elderly; protective factors; quality of life; life-span theory of control; health problems; management; physical health; psychological health; controllability, 13579
- health-related quality of life; functional status; symptom distress; high-dose chemotherapy; malignant diseases; stem cell transplantation, 16703
- heat shock protein; photic stimulation; acoustic stimulation; human saliva; mucosal symptoms; psychosomatic patients; chaperone, 27813
- homeopathic treatment; chronic fatigue syndrome; subjective symptoms, 20443
- hot flashes; risk factors; midlife women; smoking; hormone levels; body size; tubal ligation; surgical menopause; race; ethnicity, 1798
- hydroxytryptophan; panic attacks; cholecystokinin tetrapeptide, 30987
- hypnosis; migraine treatment; psychobiological disorders; headaches; psychological symptoms; liver transplant; liver failure, 32527
- hypochondriacal patients; primary care physicians; social desirability; positive outcomes; somatic symptoms; hypochondriasis, 29234

eye responses; dorsal lateral geniculate nucleus; cat; binocularity; postsynaptic potentials, 12905

fast cortical reorganization; synapses; somatosensory system, 27764

functional autapses; synaptic transmission; neurons; physiological role; cerebral cortex; neocortex; practical utility, 15478

GABAergic interneurons; synaptic signaling; oligodendrocyte precursor cells; hippocampus; neurotransmitters, 15356

genetic algorithms; dynamic synapse neural networks; neurons; trust region nonlinear optimization; learning; signal processing, 9273

glycine; single central synaptic terminals; postnatal development; lateral superior olive; synapse; miniature inhibitory postsynaptic currents; rats; postnatal development, 15555

granule cell; glutamate receptor; long-term potentiation; hippocampus; mouse, 34008

hippocampal circuit; synapses; pyramidal neurons; interneurons; glutamatergic synapses; peridermic interneurons; GABA; perisomatic interneurons; cortical circuit; GABAergic synapses, 15505

hippocampal dentate gyrus synapses; morphological changes; spatial learning task; Morris water maze training; rats, 21579

hippocampal plasticity; synaptic plasticity; tyrosine kinases; synapses; synaptic transmission; mice, 15507

inhibitory avoidance training; Na⁺, K⁺-ATPase activity; synaptic plasticity; rat hippocampus, 12901

inhibitory synapses; calcineurin; long term depression; hippocampus; GABA receptors, 21714

inhibitory synapses; neurotransmitter transporters; synapse density; hippocampal interneurons; GABA transporters, 21654

long-lasting depression; excitatory synapses; mice; medial prefrontal cortex; fear conditioning; extinction; synaptic plasticity, 6680

long-term depression; cortical map plasticity; sensory deprivation; cortical synapses; whisker deprivation; rats; somatosensory cortex, 21528

long-term potentiation; long-term depression; late-associated activity; synaptic tagging; dopamine; rats; hippocampal slices; memory formation; plasticity-related proteins, 27782

mitogen-activated protein kinase; MAPK cascades; synaptic plasticity; memory; aplysia; sensitization; serotonin; sensory-motor synapses; SN-MN synaptic facilitation, 34069

motor programs; buccal ganglia; excitatory postsynaptic potentials; synaptic connections; ganglia neurons; cerebrotubal interneurons, 21599

mouse sensory cortex; pyramidal neurons-derived endocannabinoids; afferent inhibitory strength; neuronal synapses; retrograde signaling, 21706

N-methyl-D-aspartate receptors; neuronal activity; synapse formation; ifenprodil; cerebral neurons; nervous system, 34036

neuronal aggregate formation; spatiotemporal dynamics; nonsynaptic seizure initiation; seizure frequency; seizure amplitude, 21542

neuronal bases; perceptual learning; synaptic balance; sensory stimuli, 27742

neurotoxic; 3/4-Methylenedioxymethamphetamine; MDMA; neurotransmitters; paroxetine; synaptosomal uptake; vesicular uptake; rats, 697

perforant path synaptic strength; hippocampus; early eyelid opening; synaptic transmission; neural development; spontaneous alternation; rats, 30845

postnatal neurodevelopmental disorders; synaptic plasticity; synapse; Rett syndrome; autism, 8063

postsynaptic activity; homosynaptic potentiation; excitatory synaptic transmission; associative synaptic plasticity; mammalian brain; lateral amygdala; N-methyl-D-Aspartate receptor; mice; CNS, 9746

postsynaptic structures; culture medium; cerebellar granule neurons; CGNs; depolarizing agent; synaptic vesicle-like vesicles; SVVs; rat; survival conditions; exocytosis, 3723

presynaptic GABA release; substantia nigra pars compacta; Gamma-hydroxybutyrate; alcohol abuse; patch-clamp recordings; calcium influx; inhibitory postsynaptic currents; dopaminergic neurons, 18559

pyramidal neurons; rats; prefrontal cortex; synaptic transmission; dopamine, 21843

raclopride; dopamine release; monkeys; methamphetamine; D2 receptors; presynaptic integrity; receptor affinity, 6796

rate code; transmission; feedforward networks; excitatory-inhibitory balance; neurons; synaptic connections, 21627

receptor desensitization; glutamate receptors; receptor occupancy; synaptic transmission, 21677

schizophrenia; basal ganglia; presynaptic dopamine transporter; receptor binding sites; synaptic dopamine concentration, 29387

sleep; learning; cortical neurons; synaptic changes; sleep homeostasis, 30926

spike-driven synaptic dynamics; working memory states; neural networks; neural plasticity; neurons; synapses; spiking neurons; simulation, 18000

subthreshold voltage fluctuations; neuronal membranes; synaptic noise; electrophysiology; cerebral cortex, 6159

synaptic activity; caenorhabditis elegans; thermotactic memory; ambient temperature; neural circuit; thermotactic behavior; temperature memory, 12959

synaptic connections stability; cortical circuits; long-term information storage; brain imaging; topographic maps, 15548

synaptic effects; corticotropin-releasing factor; periaqueductal gray neurons; rats; hypothalamic-pituitary-adrenal axis, 6790

synaptic efficacy; synaptic plasticity; short-term plasticity; long-term plasticity; spike timing; spatiotemporal patterns; neocortical synapses; temporal patterns; sequence learning, 15580

synaptic facilitation; synaptic connections; synaptic plasticity; sensory cells; non-depressed synapses; depressed synapses; serotonin, 15489

synaptic input timing; neuronal properties; motor neuron synchronization; active dendritic conductances, 27799

synaptic inputs; ON & OFF retinal ganglion cells; contrast sensitivity; subthreshold membrane potential, 21514

synaptic plasticity; adult hippocampus; neural stem cells; neurogenesis; learning; memory; young & mature granule cells; active & passive membrane properties, 24707

synaptic plasticity; spike-timing-dependent plasticity; relevant mutual information maximization; presynaptic & postsynaptic spikes; neuron; temporal aspects; potentiation; depression; neural network, 3089

synaptic plasticity; synaptic activity; classical conditioning; information processing; intrinsic excitability; brain regions; learning; memory, 6868

synaptic plasticity; translation initiation; protein synthesis; mRNA; synaptic strength; signaling pathways; neurotransmitter & neurotrophin receptors, 34037

synaptic responses; chronic stress; hippocampal dentate gyrus neurons; rats; adrenal weight; thymus weight; corticosterone levels; glucocorticoid receptors, 12849

synaptic signals; spike-timing-dependent plasticity; long-term potentiation; Hebbian learning, 27786

synaptic transmission correlates; mental ability; nerve conduction velocity; cognitive abilities; reaction time, 30860

synaptic transmission; amygdala; interneurons; electrical microstimulation; cortical afferents; thalamic afferents; rats, 21702

synaptic transmission; impulse propagation; hippocampal slice; cortical cultures; synaptic activity; nervous tissue; cell survival; nerve injury; pulsed radiofrequency; neuropathic pain, 15485

synaptophysin; immunogold labelling; synapses; dentate gyrus; hippocampus; aged rats; immunoblotting; electron microscope level; synaptophysin expression, 3562

temporal sequence learning; isotropic sequence order learning; neurons; synapses; learning algorithm, 17966

tonotopic map formation; functional connectivity development; hearing onset; rats; glyceric acid pathways; medial nucleus; trapezoid body; lateral superior olive; GABAergic connections; synapses, 21614

tyrosine kinases; synaptic plasticity; memory formation; invertebrates; long term memory induction; signaling cascades; vertebrates, 6974

whole-cell recordings; odor evoked synaptic transmission; olfactory bulb; rats; mitral cells; tuft cells, 21554

Synapses—Chapters
Developmental plasticity of the corticospinal system, 15926

Synaptic Transmission [See Neurotransmission]

Syncope—Serials
inducible syncope; isometric exercise; anorexia nervosa, 22761

parental adjustment; child adjustment; child syncope; somatic problems; school problems; parental distress; internalizing symptoms, 31688

Syndromes [See Also Acquired Immune Deficiency Syndrome, Addisons Disease, Aspergers Syndrome, Battered Child Syndrome, Capgras Syndrome, Chronic Fatigue Syndrome, Creutzfeldt Jakob Syndrome, Culture Bound Syndromes, Cushing's Syndrome, Delirium Tremens, Downs Syndrome, Fetal Alcohol Syndrome, Fragile X Syndrome, Irritable Bowel Syndrome, Kleine Levin Syndrome, Klinefelters Syndrome, Menieres Disease, Neuroleptic Malignant Syndrome, Organic Brain Syndromes, Prader Willi Syndrome, Premenstrual Syndrome, Rett Syndrome, Senile Dementia, Turners Syndrome, Wernickes Syndrome, Williams Syndrome]—Serials

activity persistence; ictal activity; Rasmussen syndrome; girl; RS; hemispherectomy, 5462

affective reactivity; speech experience; emotional experience; schizophrenic patients; deficit syndrome, 25620

aging; mental retardation; developmental disabilities; Downs syndrome; Prader Willi syndrome; fragile X syndrome; dementia, 19270

Aicardi-Goutieres syndrome; encephalopathy; microcephaly; basal ganglia; white matter abnormalities; chronic cerebrospinal fluid, 8268

alcohol withdrawal syndrome; behavioral dyscontrol; hospitalized; medical patients, 23592

alcohol withdrawal syndrome; gabapentin; clomethiazole; alcohol dependence, 2148

anorexia nervosa; leukocyte counts; manifestation factors; starving syndrome; microvascular changes; vascular acrosyndrome, 19814

aphasia; grammatically judgment; syntactic structures; aphasic syndromes; lesion sites; aphasic patients, 20078

Balints syndrome; intracerebral haemorrhage; infective endocarditis; spatial disorder; reading problems; writing problems, 11093

behavioral and psychological symptoms; dementia; mild Alzheimer's disease; syndromes, 20026

burning mouth syndrome; atypical odontalgia; temporomandibular disorder; hyperactivity; trigeminal nerve; chorda tympani nerve; glossopharyngeal nerve; tongue; lips; oral mucous membrane, 4858

C-reactive protein; serotonin syndrome; serovascular serotonic mechanisms; protein levels; antidepressants; extracellular serotonin; nitric oxide synthase; serotonin metabolism, 35545

carbamazepine; drug hypersensitivity syndrome; human herpesvirus 6; reactivation; schizophrenia, 11356

carcinoid syndrome; psychiatric symptoms; tryptophan metabolism; aggressive impulse dysregulation, 26061

cardiac parasympathetic dysfunction; depression; acute coronary syndromes; geriatrics; heart, 19930

cerebrospinal fluid; hypovolemia; spontaneous intracranial hypotension syndrome, 13979

charge syndrome; bilateral coloboma; microcephaly; brain malformation; tracheotomy; prognostic factors; hearing loss, 8292

CHARGE Syndrome; challenging behaviors; autistic disorder; attention deficit hyperactivity disorder; obsessive-compulsive disorder; Tourette syndrome; deaf-blindness, 25466

Charles Bonnet syndrome; ophthalmology; optometry; visual hallucinations; visual acuity; prevalence, 16868

chemotherapy-induced parkinsonism; methotrexate; methotrexate monotherapy; levodopa; Parkinsonism, 35646

child behavior checklist; cross-informant syndrome; psychometrics; factor analysis; items response theory, 6302

childhood epilepsy; perinatal asphyxia; neonatal seizures; motor disability; neurodevelopment; Bangladesh, 8208

clinical features; progressive supranuclear palsy; corticobasal degeneration; fronto temporal dementia; corticobasal syndrome; apraxia; myoclonus; dystonia, 4972

cochlear implantation; mitochondrial encephalopathy; lactic acidosis; stroke-like episodes syndrome; MELAS syndrome, 11684

cognition; treatment options; behavioral disturbance; pediatric epilepsy syndrome, 19950

cognitive factors; Postconcussion Syndrome; symptoms; head injury; depression; pain; subjective expectation; treatment-seeking behavior, 22944

comorbidity; subthreshold disorders; full-syndrome disorders; non-psychotic disorders; epidemiology; Oregon Adolescent Depression Project; psychiatric disorders, 25525

competitive endurance athletes; overtraining syndrome; sport stress, 27132

complex regional pain syndrome type I; central mechanisms; peripheral mechanisms, 35194

complex regional pain syndrome; free radical scavengers treatment; dimethylsulfoxide; N-acetylcysteine; treatment effectiveness, 23285

congenital anomalies; comorbidity; adaptive behavior; child characteristics & development; CHARGE association syndrome, 35209

Cotard syndrome; striatal receptor binding; cerebral blood, 19303

denial of illness; medical rehabilitation; historical roots; anosognosia; unawareness syndromes; taxonomy, 31668

depression; Devices syndrome; fluoxetine; citalopram; mood symptoms; body image; intravenous corticosteroids; antidepressants, 31655

developmental disability; intellectual disability; mental retardation; psychiatric disorder; Rubinstein Taybi syndrome, 13815

diva syndrome; artist; community character; point of impact; self-help; enactment; avoidant personality disorder; narcissistic personality disorder, 26462

dystonia; muscular contractions; phenomenology; anatomical distribution; family history; physiological abnormality; striatocortical circuits; primary torsion dystonia; dystonia-plus syndrome, 13867

EAE-associated behavioral syndrome; inflammatory processes; behavior change; brain infiltration; mRNA expression; interleukins; tumor necrosis factor; cytokines; prostaglandins; symptoms; mice, 3695

efficacy; sertraline; night eating syndrome, 11535

electrodiagnosis; musculoskeletal pain; median neuropathy at the wrist; MNW; carpal tunnel syndrome; CTS, 3149

energy metabolism; bardet-biedl syndrome; clinical management; obese control; patients, 8126

enhanced evening light; light therapy; Advanced Sleep Phase Syndrome; efficacy, 5447

epilepsy; children; cortical development; facial hemangioma; cerebral corticovascular dysplasia, 13913

erotic violence syndrome; right temporal lobe profusion deficit; psychopath; violent recidivism; sexual sadism; male rapists, 34985

extrapyramidal syndrome; aripiprazole; antipsychotics; dopamine-system stabilizer; rabbit syndrome, 28729

generalized seizures; velocardiofacial syndrome; mild learning disability; mental disorders; paranoid schizophrenia; epilepsy, 34807

Gerstmann syndrome; neurodevelopmental disorder; pediatric syndromes; genetic syndrome, 35201

hyperthermia; serotonin syndrome; rats; diazepam; chlorimethiazole, 3951

idiopathic generalised epilepsy; genetics; tonic clonic seizures; postictal electroencephalogram, 13974

inattention hyperactivity impulsivity; attention problems syndrome; teachers report form, 31995

Kleine-Levin syndrome; cognitive-behavioral intervention; cognitive-behavioral management; sleep disorders; wakeful periods; maladaptive behavior, 5198

Landau-Kleffner syndrome; levetiracetam; drug therapy; monotherapy; acquired epileptic aphasia; epilepsy; epileptic seizures; treatment outcomes, 2307

lexical production; Williams syndrome; gesture; naming; children, 8082

locked-in syndrome; differential diagnosis; severe disorders of consciousness; treatment, 32162

major depression; metabolic syndrome; epidemiology; gender differences, 25474

major depressive illness; mirtazapine treatment; serotonin syndrome; anxiety disorder, 11491

major depressive illness; mirtazapine treatment; serotonin syndrome; anxiety disorder, 11504

major depressive illness; mirtazapine treatment; serotonin syndrome; anxiety disorder, 11567

male depressive syndrome; gender differences; unipolar major depression; symptoms; inpatients, 22506

mental retardation; protein kinase; hippocampus; long-term potentiation; Angelman syndrome; learning deficits, 22854

methylphenidate; attention-deficit/hyperactivity disorder; velocardiofacial syndrome; chromosomal disorder; developmental disabilities; efficacy; safety; children; adolescents, 5285

molecular biology; human circadian rhythm syndrome; circadian rhythms; clock genes; sleep disorders; suprachiasmatic nucleus, 11137

multiple sclerosis; visual hallucinations; neuropsychiatric symptoms; patient; behavioral symptoms; cognitive symptoms, 4962

naloxone-precipitated withdrawal; endomorphin; rats; opioid ligands; opiate dependence; withdrawal syndrome; peptides; analgesic effects; morphine, 15734

neuroanatomy; schizophrenic syndromes; schizophrenia; cognitive processes; brain activation, 1478

neurological impairment; impaired consciousness; developmental delay; epileptic seizures; epileptic syndrome; cataplexy; epileptic encephalopathy, 4967

neuropsychological deficits; neuropsychological syndromes; artistic representations; artistic expression; visual deficits; visual cognition; artists, 31690

neuropsychological evaluation; personality disorder; functional decline; diogenes syndrome; cognitive impairment; dementia; psychological assessment, 31838

nonobese persons; night eating syndrome; obese persons; eating disorders; obesity, 19815

nonverbal memory; psychomotor poverty syndrome; schizoaffective disorder; episodic memory deficits; functional neuroimaging; verbal memory deficits; statistical testing; memory performance, 28755

pain descriptor usage; ethnic differences; African Americans; European Americans; pain assessment data; chronic pain syndromes; factor analysis, 13860

parental alienation syndrome; false memory syndrome; young adults, 20207

partial PTSD; subthreshold PTSD; posttraumatic stress disorder; symptoms; subthreshold syndromes; partial syndromes, 13666

periodic limb movement disorder; restless legs syndrome; behavioral anomalies; cognitive anomalies; sleep disruptive habits; insomnia, 4852

personal space; interpersonal distance; schizophrenic patients; negative syndrome; diagnosis, 1496

pharmacological treatment; neurobiological approach; drug addiction; anhedonia, 20664

phonological awareness abilities; reading abilities; Williams syndrome, 11160

phonological deficit; motor deficits; sensory deficits; specific reading disability; developmental dyslexia; sensorimotor syndrome, 16549

polycystic ovarian syndrome; androgens; mood states, 26073

polycystic ovary syndrome; antiepileptic drugs; epilepsy; bipolar disorder, 26211

post-war syndromes; social psyche; risk notions; post-traumatic stress disorder; responsibility; etiology; treatment; responsibility; reason; remedy, 31799

post-war syndromes; social psyche; risk notions; post-traumatic stress disorder; responsibility; etiology; treatment; responsibility; reason; remedy, 31798

post-war syndromes; social psyche; risk notions; post-traumatic stress disorder; responsibility; etiology; treatment; remedy; reason; responsibility, 31802

posttraumatic relationship syndrome; trauma; posttraumatic stress disorder; intimate relationship, 10838

postural tachycardia syndrome; functional disability; personality correlates; client attitudes; catastrophizing; somatic vigilance; anxiety sensitivity; neuroticism, 4843

pramipexole dose; restless legs syndrome; dopaminergic agents; levodopa, 26513

psychological perspective; battered woman syndrome; rape trauma syndrome; legal perspective; sexual violence; child abuse; spouse abuse, 33426

psychological status; sleep apnea-hypopnea syndrome, 35193

psychological status; sleep apnea-hypopnea syndrome, 35219

psychotic major depression; delusional misidentification syndromes; cognitive deficits; event related potentials; psychophysiological correlates, 34800

Rasmussen's syndrome; narcolepsy; cataplexy; epilepsy; seizures, 11159

reductase deficiency; male pseudohermaphroditism; enzyme deficiency; culture; dihydrotestosterone; patient abnormality; genitalia, 4904

resistant bipolar disorder; Behcet syndrome, 28622

restless legs syndrome; lower extremities; dopamine agonist; limb phenomena; parkinsonism, 35634

serotonin syndrome; drug side effects; linezolid; drug therapy; burns; polypharmacy; fluoxetine; monoamine oxidase inhibitors, 29494

serotonin syndrome; serotonergic agonist medications; noradrenaline; homovanillic acid; cerebrospinal fluid, 2200

serotonin syndrome; tramadol; citalopram; recurrent depressive disorder; selective serotonin reuptake inhibitors; fluoxetine; paroxetine; sertraline, 32458

severe acute respiratory syndrome; psychogeriatrics services; Hong Kong, 1910

sex; gender; identity; history; gender-related conditions; intersex syndromes; attitudes; patient needs; sexual behavior; sexual orientation; sexual profile, 31424

sleep apnea; headache; prevalence; syndromes; comorbidity, 29005

sleep problems; Angelman syndrome; prevalence, 28994

Sotos syndrome; learning disabilities; behavioural problems; educational support; school placement; social networks; psychological counselling, 4776

specific language impairment; children; velocardiofacial syndrome; VCFs; language development, 16599

specific phobia; anxiety disorders; stiff man syndrome; illness duration; non-motor symptom; motor disorder; psychogenic movement disorder; comorbidity, 16771

sulpiride treatment; Cotard's syndrome; schizophrenia; Capgras syndrome; delusions, 20392

Theodor Ziehen; neurologist; neurology; genetic torsion dystonia; Ziehen-Oppenheim syndrome; association psychology, 35938

tic reduction; pergolide; dopamine agonist; treatment; chronic disorders; tourette syndrome; neuroleptics; block dopamine transmission, 5284

Usher syndrome type IIa; Usher syndrome non-IIa; hearing loss; retinitis pigmentosa; genotype-phenotype auditory correlation, 35349

velo-cardio-facial syndrome; early-onset psychosis; chromosome 22q11 deletion; adult-onset schizophrenia, 7875

visual hallucination; Charles Bonnet Syndrome; psychogeriatric patients; diagnosis; partial visual impairment; mental illness, 34767

Syndromes [See Also Acquired Immune Deficiency Syndrome, Addisons Disease, Aspergers Syndrome, Battered Child Syndrome, Capgras Syndrome, Chronic Fatigue Syndrome, Creutzfeldt Jakob Syndrome, Culture Bound Syndromes, Cushings Syndrome, Delirium Tremens, Downs Syndrome, Fetal Alcohol Syndrome, Fragile X Syndrome, Irritable Bowel Syndrome, Kleine Levin Syndrome, Klinefelters Syndrome, Menieres Disease, Neuroleptic Malignant Syndrome, Organic Brain Syndromes, Prader Willi Syndrome, Premenstrual Syndrome, Rett Syndrome, Senile Dementia, Turners Syndrome, Wernickes Syndrome, Williams Syndrome]—Chapters

Neuroimaging measures in the study of specific language impairment, 4826

Orthostatic intolerance, 16667

Synesthesia—Serials

auditory-visual synesthesia; pitch; visual perception; neural connections; language development, 33692

Synonyms—Serials

Lakota postpositions; semantic cores; prototype effects; functional domains; semantic level; synonyms, 10110

Syntax [See Also Form Classes (Language)]—Serials

agrammatism; Broca's area; event-related functional magnetic resonance imaging; grammaticality judgments; syntactic traces; Trace Deletion Hypothesis, 862

agrammatism; story retelling; sentence forms; inflectional morphology; verb retrieval; thematic roles; grammatical forms; syntactic training; message-level representations, 29821

animacy information; syntax; language development; word meaning; syntactic cues, 22031

appropriate connectives; text length; text position; expository text; causal bridging inferences; adults, 389

artificial syntactic violations; Broca region; grammaticality classification task; consonant strings; brain regions; language processing, 24702

attachment ambiguities; constituent ordering; word order, 24869

canonical form; sentence comprehension; syntactic structure; semantic role; frequency of usage; verb type; plausibility judgment; undergoer-subject sentences; aphasia, 8247

cerebral processing; directed attention; speech processing; syntax processing; grammar; brain structure; auditory stimulation, 7079

comprehension; complex reference object formation; singular pronouns; plural pronouns; syntactic structure, 33668

computational constraints; syntactic processing; nonhuman primate; human language; animal communication systems, 12748

construction grammar; aspectual coercion; modular grammatical architecture; semantic composition; syntax; coercion phenomena; morphosyntactic combination, 24882

development; morphosyntactic ability; atypical populations; tag questions; children; early focal lesions; specific language impairment; sentence processing capacity; performance, 13554

dialects; syntax; sentence comprehension; generalization; interference; learning; construction novelty, 30673

Down syndrome; story presentation rates; story recall performance; Down syndrome; working memory; syntax comprehension, 4796

elicitation task; later language development; picture stimulus; syntax; Past counterfactual constructions; developmental trends; sociolinguistic variants, 31137

event-related brain potentials; subject-verb agreement; Broca's aphasia; auditory sentence comprehension; syntactic processing; electrophysiology; right-hemisphere lesions, 26178

event-related brain potentials; syntactic dependencies; working memory; sentence structure; language; wh-questions; filler gap dependency, 9834

false belief reasoning; relative clause sentences; linguistic structures; metarepresentation, 18938

fillers; language development; early childhood; English language; emergence of morphology; syntactic constructions; semantic constructions, 10180

finite-state transducers; finite-state syntactic grammar; Basque; verb subcategorisation; newspaper texts; clause boundaries; finite-state parser; complements; adjuncts, 15847

Finnish speakers; aphasic speakers; word searching; syntactic construction; sequential construction; lexical elements; conversation, 26140

fMRI; syntactic adaptation; syntactic priming; sentence comprehension; silent sentence reading; self-paced reading; left anterior temporal activation, 24699

focus typology; focus construction; syntactic feature; word-level category; focus movement; polarity projection, 10098

grammatical acquisition; infants; syntax; poverty of stimulus argument; linguistic structure, 31125

grammatical acquisition; infants; syntax; semantics, 31192

grammatical structure; turn-taking system; pitch accents; speech melody; boundary tones; task-oriented dialogues; syntax, 21957

hyperlexic children; orthographic awareness; syntactic processing; working memory; phonemic awareness; academic achievement; oral language skill; word recognition; hyperlexia; orthographic processing, 28938

infants; syntax; grammatical acquisition, 922

infants; syntax; grammatical acquisition; semantic properties; syntactic structure; innateness; poverty of stimulus argument; linguistic input; learning; semantics, 31158

language processing; syntactic language; event-related brain potentials; temporo-parietal lesions; verb argument structure; basal ganglia lesions; healthy participants; integration process, 5019

language production; structural priming; sentence recall; message planning; syntax; semantics, 4040

lexical access processes; language production; grammatical category information; syntactic construction; noun phrase; picture word interference; word class effects; semantic processing, 18349

mass nouns; count nouns; grammatical distinction; language convention; cognitive individuation hypothesis; competing linguistic functions, 3380

memory effects; syntactic evoked potential; sentence processing; grammatical violations, 24514

morphology; argument structure; lexical semantics; auto-prefixation; co-prefixation; prefixes; syntax; verbal base, 7315

morphosyntax; specific language impairment; expressive language, 22780

numerical sequences; linguistic syntactic structure; syntax; rule-governed anomalies; arithmetic rules; P600; neurophysiology, 18595

parsing algorithms; text; grammatical error; syntactic errors; sentences, 36500

phonological processing; morphological skills; syntactic skill; naming speed; spelling performance, 24884

phonological processing; syntactic awareness; naming speed; reading; spelling; first grade children, 7396

phonology; morphology; syntax; lexical encoding; participant information; semantic selectivity; specificity role, 27981

proper names; lexical categories; storybook reading; familiar objects; inanimate object; parental speech; native language; word learning; reading task; parental speech; mothers; 4 yr olds, 911

prosodic structure; brain damage; prosodic information; syntactic disambiguation; left hemisphere; right hemisphere, 4966

psycholinguistics; morphosyntactic features; sentence matching; inflected adjectives, 28010

punctuation marks; language; syntactic construction; lexical items; modern Hebrew; written mode; syntactic construction; morpho-syntactic integration, 847

relative clause structure; preposition; genitive pied-piping; Polish; children, 13193

retention; subordinate causal sentences; coordinate sentences; auditory presentation; adults, 435

rules; construction effects; argument structure; verbs; language development; children; word order restrictions; Sesotho language; double object applicatives, 10178

semantic integration; syntactic planning; language production; serial stack based systems; parallel activation based systems; memory shifting, 28020

sentence comprehension; focus participles; children; language acquisition, 937

sentence comprehension; semantic dementia; semantic knowledge; syntactic comprehension; syntax; semantics, 20044

sentence processing; grammaticality judgment; parsing; syntactic choice; digging in effect; self organizing models, 12676

shorthand; syntactic ellipsis; subsentential expression; speech acts; pragmatic determinants, 34218

speech perception; prosody; functional magnetic resonance imaging; superior temporal region; frontal operculum; syntax; auditory sentence comprehension, 347

speech rate; syntactic complexity; speech comprehension; age differences, 12686

spoken language comprehension; continuous mapping; thematic constraints; semantic constraints; contextual effects; constraining verb condition; subject noun phrase; Dutch constructions, 13118

synchronically interpretable structure; human cognition; neural network; syntactically-structured objects; synchronic-diachronic characteristics; type uniqueness constraint, 24887

syntactic ambiguities; ambiguous phrase; eye movements; phrase interpretation, 18317

syntactic ambiguity resolution; sentence complement; self-paced reading experiments; sentence processing; lexical information; resolution process; Spanish speakers; Spanish; relative clause; verbs, 24874

syntactic coherence; sentence processing; psycholinguistics, 28023

syntactic dependencies; grammatical structures; cognitive characterisation; morphosyntactic categories; semantics, 18347

syntactic development; children; language fluency; stuttering; English as additional language, 4106

syntactic knowledge; grammatical acquisition; infants; syntax; Bayesian learning model; poverty of stimulus argument; indirect learning; linguistic input, 31176

syntactic priming effects; lexical items; picture description, 34279

syntactic priming; relative clause attachments; structural configuration; sentence production, 385

syntactic processes; brain areas; superior temporal cortex; sentence comprehension; left inferior frontal cortex; semantic process, 3636

syntactic processing; age; speed of processing; inferior frontal; regional cerebral blood flow; rCBF; Positron emission tomography; PET; sentence comprehension; parietal lobe, 15488

syntax ambiguity; syntactically ambiguous sentences; brain activity; amplitude; time course; sentence comprehension, 597

syntax comprehension; utterances; neural responses; posterior inferior front region; speaking; language production; caudal Broca's area, 21604

syntax; epistemology; Spanish; Guatemalan children; non-consciousness; non co-reference; language acquisition; semantic restriction; syntactic configurations; pronouns, 928

syntax; language; syntactic information; syntactic priming; Spanish-English bilingual language; shared lexical information, 24880

temporal event referencing; temporal connectives; acting-out comprehension tasks; cognitive complexity; language, 34301

text types; written texts; expert writing; non-expert writing; encyclopedic texts; morpho-syntactic forms; Hebrew texts; nominal constructions, 18872

thematic roles; language production; syntactic structure; sentences; priming; semantic information, 4030

training; cognitive sequences; syntactic comprehension; agrammatic aphasics; aphasic patients; agrammatism, 13955

verbal irony; meta-linguistic knowledge; echoic interpretation; apposition; syntactic structure, 28003

verbal working memory; on-line syntactic processing; self-paced listening, 12577

word category; verb-argument structure; sentence parsing; visual presentation; audio presentation; event-related brain potentials; critical word; transitivity violation; argument structure violation, 15859

Syntax [See Also Form Classes (Language)]—Chapters
Connectionist modeling of language: Examples and implications, 15879

Linguistic models, 15997

Synthetic Speech—Serials
emotional speech; corpus-based concatenative speech synthesis system; ATR CHATR; acoustic characteristics; speech synthesis system; speech corpus, 6134

perception changes; synthetic nasal consonants; vowel formant manipulations; auditory scene analysis; formant continuity; speech perception; synthetic vowel-nasal syllables; vowel formant frequencies, 3339

telephone communication; synthesized speech; dysarthric speech; speech types; telephone communication; speech intelligibility, 26182

Systematic Desensitization Therapy—Serials
dental procedures; mental retardation; video modeling; dental treatment; desensitization, 32323

desensitization procedure; physiological responses; breathing retraining; fear of nausea; emesis; emetic, 5211

dog phobia management; teenage boy; learning disability; systematic desensitization; relaxation; modelling; fear hierarchy; anxiety levels; ethical concerns, 28560

performance anxiety; short-term dynamic psychotherapy; systematic desensitization; behavioral problems; popular films characters; affect phobias; feelings avoidance; affective responses, 32282

systematic desensitization; behavior therapy; academics; researchers; declining interest, 14245

Systems [See Also Anatomical Systems, Caste System, Communication Systems, Expert Systems, Human Machine Systems, Information Systems, Number Systems, Political Economic Systems]—Chapters
Human triangles: Genes, sex and economics in human evolution, 21067

Multisystemic treatment of serious antisocial behavior in adolescents, 23112

Systems Analysis—Serials
agent-based simulation; higher education; promotion systems; systems robustness; junior faculty, 33040

constraint construction; self-organizing systems; food foraging; ant colony; agent based modeling; structure formation, 33384

personnel turnover policies; organizational performance; corporate culture; global behavior; heterogeneous agents, 33292

robust reasoning; agent-based modeling; nonlinear systems, 30549

system dynamics; decision support systems; information systems; business needs, 33399

Systems Design [See Also Human Machine Systems Design]—Serials
automation trust; decision reliance; decision aid; students; human operators; underutilization, 9210

collaborative writing; design choices; Web; comments; Web based applications, 7313

design process; task analysis; scenarios; cognitive perspective; task based knowledge; HCI knowledge; symbiosis; synergy; task models, 17942

international children's digital library; digital books; online viewing; book reading access; community libraries; design; digital archive; children books, 17642

mental animation; mechanical system; dynamic processes; instructional treatments; spatial visualization; verbal description; mental models, 9653

performance assessment; domain knowledge; intelligent database design tools; design synthesis, 30310

system design; human factors engineering; cognitive task allocation; manufacturing systems; organizations, 36474

web accessibility; webmaster perceptions; disabilities; system designers; web development, 21017

Systems Theory—Serials
borderline personality disorder; systemic practitioners; diagnosis, 26222

closed systems metaphor; internal object relations; transference; patient therapist relationship, 2017

comparative psychology; anagenetic & dynamic systems perspective; role of comparative psychologists; managing resources; social & political issues; animals & changing environments; human evolution, 9808

comparative psychology; anagenetic & dynamic systems perspective; role of comparative psychologists; managing resources; human evolution; genetic techniques; unnatural animals, 9799

comparative psychology; anagenetic & dynamic systems perspective; role of comparative psychologists; managing resources; social & political issues; animals & changing environments; human evolution, 9806

comparative psychology; anagenetic & dynamic systems perspective; role of comparative psychologists; managing resources; social & political issues; animals & changing environments; human evolution, 9801

constraint construction; self-organizing systems; food foraging; ant colony; agent based modeling; structure formation, 33384

domestic violence; systemic therapy; group therapy; partner abuse; coordinated community response; Duluth model; abusive men, 26670

domestic violence; systemic therapy; group therapy; partner abuse; coordinated community response; Duluth model; abusive men, 26662

dynamic systems approach; activity dependent treatment; analysts behavior; self experience; patient interpretation; relational components; neurobiology; clinical vignettes; psychoanalytic treatment, 14069

elite sports; sport science teams; athlete servicing; sporting performance; systems theory, 27137

family systems theory; mental health counseling; family dynamics; sibling incest, 1581

intersubjective systems theory; psychoanalytic practice, 19243

nonlinear dynamics; occupational accidents; self-organization; nonlinear dynamical systems theory; chaos; cusp catastrophe model, 6075

older adults; computer training; systems approach; training programs, 28144

on-line learning; finite automata; recurrent neural networks; dynamical systems; learning scheme; systems theory; system identification, 6155

parent-child mutual recognition model; disturbed adolescents; treatment resistance; responsibility; cooperativeness; parents; biopsychosocial systems theory; relational psychoanalysis, 35487

research; research awards; Antarctic; human adaptation; stress; trauma; South Pacific; systems theory, 14568

spousal subsystem; Bowenian family systems theory; remarriages; remarried couples, 25157

systems psychodynamics; history; Tavistock method; groups; organizations, 9326

threats; coping; social adaptation; individual adaptation; social systems; interdisciplinary perspective; is-ought discrepancy, 34677

trends; complexity theories; computation; social sciences; problem topology; neural networks, 33385

Systems Theory—Books
Attachment and family systems: Conceptual, empirical, and therapeutic relatedness, 22209

The psychocybernetic model of art therapy (2nd ed.), 8584

Systems Theory—Chapters
Cultural Elements Emerge From Dynamic Social Impact, 1088

A dynamic systems approach to diagnostic measurement of SLI, 4830

Imagery, love, and health: How dynamical energy systems theory can integrate conventional and complementary medicine, 23118

Implications of attachment research for the field of family therapy, 23201

Linking systems and attachment theory: A conceptual framework for marital violence, 23198

Presence technologies for informal collaboration, 2946

A systemic approach to restructuring adult attachment: The EFT model of couples therapy, 23199

The systemic nature of couple relationships: An attachment perspective, 22301

A systems-centered approach to individual and group psychotherapy, 5181

T Groups [See Human Relations Training]

T Mazes—Serials
anxiolytic effects; median raphe nucleus lesion; neurons; limbic forebrain; anxiety; electrolytic lesion; 5-HT-selective neurotoxic lesion; dorsal raphe nucleus; T-maze, 30832

chronic aspartame consumption; rats; T-maze performance; muscarinic cholinergic receptor densities; brain regions, 24795

electrolytic lesions; ventral hippocampus; dorsal hippocampus; conditioned fear expression; inhibitory avoidance; elevated T-maze; anxiety; rats, 24715

elevated T maze; inhibitory avoidance acquisition; escape latency; conditioned anxiety; unconditioned fear; benzodiazepine receptor ligands; serotonin antagonists; serotonin agonists; mice, 9966

panic disorder; generalized anxiety; clomipramine; fluoxetine, 10034

T-maze continuous alternation task; mice; scopolamine; donepezil; animal strain differences, 31009

T Test—Serials
analysis of variance; null hypothesis; t test; z test; statistical significance, 12526

test recommendations; student t test; null hypothesis tests; equivalence testing; group means, 9505

Taboos—Serials
taboo words; emotional expressions; autonomic reactivity; English as a second language; Turkish-English bilinguals; psychophysiology; skin conductance, 3846

verbal taboo; community life; oaths; language; statutory force; indigenous language; Akan, 31056

Tachycardia—Serials
postural tachycardia syndrome; functional disability; personality correlates; client attitudes; catastrophizing; somatic vigilance; anxiety sensitivity; neuroticism, 4843

Tactual Discrimination [See Tactual Perception]

Tactual Displays—Serials
tactile perception; cortical representation; bodily self; brain construction process; neural mechanisms; bodily sensation; brain centers; touch sensation; body posture; attribution, 15508

Tactual Maps [See Mobility Aids]

Tactual Perception [See Also Texture Perception, Vibrotactile Thresholds]—Serials
absolute magnitude estimation; judgment; subjective size; intra-active touch; interactive touch; face, 3311

anterior cingulate cortex; pain responses; visual stimulation; noxious tactile; somatosensory cortex; empathy, 33693

attentional selection; spatial attributes; non spatial attributes; touch; somatosensory processing; event-related potentials; tactile stimuli, 18266

auditory motion; multisensory integration; tactile motion; visual signals; auditory signals; motion perception; congruency effects, 33700

blind participants; sighted participants; working memory; memory task; letter recognition; recognition performance, 20081

consumer preference; physical product inspection; product examination; product descriptions; touch; material products; geometric properties; material properties; packaged goods; shopping environment, 9191

depressed mothers; maternal child-directed speech; mother-infant interaction; nondepressed mothers; maternal touch; depressed mood; postnatal period; postpartum depression; touch behaviour, 28644

diabetic neuropathy; automatic postural responses; diabetes mellitus; fingertip touch; response latencies, 22802

dynamic touch; muscular effort; inertia tensor; physical mass; limb direction; weight perception; affordances; ecological laws, 33684

empirical confusion matrices; tactual recognition; visual recognition, 30574

fingertip skin conformance; tactile spatial acuity; spatial acuity; aging, 18270

fungiform papillae; young adult females; tactile perception; spatial resolution acuity; lingual tactile acuity; taste perception; Asians; Caucasians, 6476

geometric illusions; haptic illusions; manual exploratory movements; Muller-Lyer illusion; vertical-horizontal illusion; Delboeuf illusion; vision, 21248

handedness; phantom limb illusions; virtual reality box; strength, 24372

haptic glove; tactile vision; navigational information; wearable computer; camera system; visual impairment, 14030

haptic perceptual selectivity; late-blindness; congenital blindness; very-low-vision; blindfolded sighted, 5094

Volume 91 SUBJECT INDEX

Tactile Perception—Serials

inertia tensor; length perception; haptic perception; mechanical parameters; mechanical invariants; static moment; heaviness perception, 15184
interstimulus interval; ISI; attentional modulation; cortical activities; human somatosensory areas; attentional enhancement; tactile stimulation, 3648
interstimulus interval; somatosensory point localization; spatial accuracy; response time, 30588
multisensory interaction; saccadic reaction time; time-window-of-integration model; visual-tactile; focused attention task; superior colliculus, 30916
optical imaging; tactile funneling illusion; simultaneous presentation; somatosensory cortex; stimuli; squirrel monkey, 6645
perceptual dimensions; tactile textures; texture perception; semantics; touch; tactile categorization; stimulus similarity, 325
pleasant touch; painful touch; orbitofrontal cortex, 21679
prismatic adaptation; tactile perception; tactile inattention; stroke patients; visuospatial neglect; tactile extinction; unilateral neglect; motor responses; prismatic lenses, 17109
somatosensory event-related brain potentials; ERPs; spatial distribution; tactile attention; selective attention, 7045
somatosensory evoked potentials; magnetic fields; tactile stimulation; active sleep; quiet sleep; newborns, 28080
somatosensory information; haptic identification; virtual environments; haptic recognition; sensory cues; haptic interfaces; teleoperation; virtual environments, 33689
staff learning needs; touch; care; staff training; interactive training package; staff focus groups; touch in care, 29606
tactile form perception; neural network activity; neurophysiological correlates; perceptual discrimination; brain; role of visual cortical processing; visual imagery, 647
tactile information; perceptual size; thenar eminence; glabrous skin; hairy skin; tactile perception; active touch; perceived size of stimuli, 9571
tactile matching; visual matching; cross-modal shape matching; sensory pathways; shape information; MRI; neural representation; integration, 15568
tactile perception; cortical representation; bodily self; brain construction process; neural mechanisms; bodily sensation; brain centers; touch sensation; body posture; attribution, 15508
tactile perception; physical contact; manual chronostasis; eye movement; arm movement; time overestimation; retina, 9573
tactile perception; posterior parietal cortex; visual enhancement; visual modality, 12879
tactile perception; visual stimuli; tactile acuity; reaction times; spatial discrimination, 30631
tactile target; fake hand; distractor lights; postural factors; visual factors; mislocalizations; touch, 33680
taste extinction; tactile extinction; tongue; right brain damage; left brain damage; left hemitongue stimulation; right hemitongue stimulation, 29212
transcranial magnetic stimulation; two-point discrimination; tactile threshold; sensorimotor cortex; tactile perception; median nerve; somatosensory evoked potentials, 12880
user-tool interface; grip position choice; rotational inertia; volume; symmetry; eigenvector angle; hand held tools; task constraints; haptic perception, 328
vibrotactile localization; localization accuracy; vibrotactile stimuli; tactile acuity; arm; vibratory stimulus frequency; stimulus location; age differences, 6474
vision disambiguation; neural synergy; kinetic vision; kinetic touch; visual perception, 24650
visual asynchronies; sensitivity; consistency; vibro-tactile burst, 30628
visual cortical areas; tactile perception; tactile stimuli; visuospatial pathway; visual imagery, 21668
Tactile Perception [See Also Texture Perception, Vibrotactile Thresholds]—Chapters
Visual peripersonal space in humans, 23101
Tactile Stimulation [See Also Massage, Tactile Displays]—Serials
attentional selection; spatial attributes; non spatial attributes; touch; somatosensory processing; event-related potentials; tactile stimuli, 18266
classical conditioning; animal feeding behavior; behavioral conditioning; conditioned stimulus; tactile stimulation; neural pathways; snails, 6954
conditioned taste aversion; tactile stimuli; pond snail; memory; sucrose, 33930
ensemble neuronal activity; primary somatosensory cortex; tactile discrimination task; passive; active; whisker stimulation; tactile signal processing; layer specific functional differences, 27753
healing; gentle touch treatment; musculoskeletal disorders; back pain; joint pain; osteoarthritis; rheumatoid arthritis; injury; quality of life; symptoms, 23109

maternal tactile stimulation; neurodevelopment; low birth weight infants; caregiving behavior; visual-motor skills; motor development; neurosensory deficits, 22009
Neonatal handling; feeding behavior; adult rats; tactile stimulation, 18700
neuromagnetic imaging; brain rhythms; somatosensory cortex; spatial filtering; minimum-variance beamformer; tactile perception & stimulation; visual feedback; somatosensory input, 6858
object motion; vision; touch; visuotactile stimulation; tactile input, 33716
prolactin levels; striped mouse fathers; paternal behavior; paternal care; tactile stimulation; prolactin secretion; seasonality, 21770
sensory interaction; somatosensory cortex; neurons; rats; tactile stimulation; receptor antagonists, 34000
somatosensory cell response; auditory cue; haptic memory; neurons; tactile stimuli; monkey, 34084
stochastic resonance; spinocortical somatosensory system; noise effects; evoked field potentials; tactile stimuli; local skin displacements; hindpaw; electrical processes; information capacity; Cats, 15660
tactile information; perceptual size; thenar eminence; glabrous skin; hairy skin; tactile perception; active touch; perceived size of stimuli, 9571
tactile interference stimulation; primary somatosensory cortex; electrical stimulation; ear, 12916
tactile stimulation; visual stimulation; phantom limb awareness; amputation, 23385
unilateral spatial neglect; self-instructional training; tactile stimulation of affected hand; therapy; stroke, 2492
vibrotactile amplitude; passive stimulation; task-relevant stimulation; somatosensory cortex; motor behavior, 21652
visual cortical areas; tactile perception; tactile stimuli; visuospatial pathway; visual imagery, 21668
Tailored Testing [See Adaptive Testing]
Talent [See Ability]
Talented [See Gifted]
Tape Recorders—Serials
cognitive screening; tape recorder; test administration; memory disorder clinic; hostel accommodation; memory impairment; oral word association test; verbal fluency, 15083
Tardiness—Chapters
The psychology of lateness, absenteeism, and turnover, 6033
Tardive Dyskinesia—Serials
aging role; striatal nitric oxide synthase; synthase activity; tardive dyskinesia; haloperidol; striatal oxidative stress; co-morbid factors; vacuous chewing movements; rats, 3564
antipsychotic drugs; tardive dyskinesia; receptor affinity; antipsychotic treatment, 23219
atypical antipsychotic olanzapine; conventional antipsychotics; dystonic movements; tardive pharyngolaryngeal dystonia, 14149
blood iron levels; tardive dyskinesia; peripheral iron indices; schizophrenia, 19843
chronic schizophrenia; tardive dyskinesia; prevalence; Chinese, 1486
clinical utility; tardive dyskinesia; psychiatric inpatients; Abnormal Involuntary Movements Scale; Brazilian patients, 12497
cytochrome; antipsychotic treatment; tardive dyskinesia; genetic polymorphism; schizophrenic patients; disease severity, 26389
dopamine D3 agonists; dopamine D3 antagonists; non human primate model; tardive dyskinesia; antipsychotic dopamine, 34166
early extrapyramidal side-effects; risk factors; tardive dyskinesia; neuroleptic-induced parkinsonism; akathisia; neuroleptics, 26424
movement disorders; neuroleptics; tardive dyskinesia; schizophrenia, 26364
nomenclature; drug-induced movement disorders; tardive dyskinesia, 26127
peptidomimetic vacuous chewing movements; tardive dyskinesia; behavioral effects; pro-leu-glycinamide; rats; haloperidol, 3574
psychiatrist attitude; antipsychotic medications; tardive dyskinesia; informed consent, 32958
risperidone; tardive dyskinesia; schizophrenia; drug therapy; spontaneous remission, 11463
tardive dyskinesia symptoms; adjunctive quetiapine; risperidone treatment; choreoathetoid movements; side effects; drug therapy, 11533
tardive dyskinesia; antipsychotic agent; quetiapine; bipolar affective disorder; dysphagia, 17054
tardive dyskinesia; atypical antipsychotics; dopamine-2 receptors; prevalence; incidence, 26385
tardive dyskinesia; atypical antipsychotics; older adults; movement disorders, 26383
tardive dyskinesia; branched chain amino acids; children; adolescents; symptoms, 17081

Task Complexity—Serials

tardive dyskinesia; cigarette smoking; CYP1A2 gene; polymorphism, 22529
tardive dyskinesia; first-episode psychosis patients treatment; low-dose haloperidol; schizophreniform disorder; schizophrenia; schizoaffective disorder, 2205
tardive dyskinesia; levitracetam therapy; calcium channel blockade; striatum; chronic depression; borderline personality disorder, 8633
tardive dyskinesia; mu opioid receptor; Chinese patients; receptor gene polymorphism; genotype distribution; long-term neuroleptic treatment; schizophrenia; antipsychotic therapy; genetic contribution, 7905
tardive dyskinesia; neuroleptics; clozapine; olanzapine; aripiprazole; psychotic symptoms; schizoaffective disorder, 35532
tardive dyskinesia; oxidative processes; antipsychotic treatment; neurotoxicity; free radical production; vitamin E; antioxidants; oxidative mechanism; antipsychotic medications, 5309
tardive dystonia; differential diagnosis; treatment, 23297
vitamin E; tardive dyskinesia; blood superoxide dismutase; Chinese patients, 11579
Task Analysis—Serials
bias; individual expertise; task importance; prediction alternatives reevaluation; cognitive dissonance theory, 24420
causal interpretation; temporal association; causal cues; young children; sorting task; action task; temporal association; perceptual prominence; early childhood, 930
cognitive control; task switching; task activation; cues; retention, 33772
design process; task analysis; scenarios; cognitive perspective; task based knowledge; HCI knowledge; symbiosis; synergy; task models, 17942
expertise; evaluative extremity; task characteristics; performance vs advisory expertise; configural vs featural processing; judgment; stimulus characteristics; memory storage, 9638
geographic information science; geographic space; human cognitive factors; task analysis; human decision-making, 24438
group discussion; performance; coworkers; perceptions; private; motivation; beliefs; collective reality; discussion behaviors; task competence, 2931
interpersonal interventions; expectation of benefit; task duration; team performance; work teams, 4342
manual labor; cognition; cognitive task analysis, 24035
mental operators; use specificity; task performance; acquisition context; natural order of events; prognosis task; retrognosis task; digit pairs; causal context; neural context; reasoning; practice, 24455
neuroimaging; task characteristics; time measurement; neural timing systems; brain activity; automatically controlled time measurement; cognitively controlled time measurement; motor circuits, 15535
preschoolers; learning tasks; conceptual orientation; cultural influences; American; Chinese; learning behavior; personal virtue, 24962
reaction time; Eysenck's theory; neuroticism; occupational stress; workload; task performance, 10561
shift costs; task shifts; transitions; task space; global representations, 18255
spatial updating; virtual displays; display rotation; visuospatial ability, 30632
task analysis; correspondence training; personal hygiene skill teaching; developmental disabilities, 23467
task design; cognitive task analysis; job design; job performance; methodology, 33374
task inhibition; task switching; manual choices; numerical judgment; unconditional double-press response; just abandoned task; performance cost; response mode inhibition; response-cue interval, 24442
task switching; executive control; choosing, 33773
Task Window; Telephone Triage Assistant; triage; junior nurses; task time; proactive task support; online resources, 17976
underestimation; planning fallacy; multifaceted tasks; task completion estimation & prediction; unpacking; sub-component consideration, 33808
Task Analysis—Chapters
The analysis of work in the 20th and 21st centuries, 5984
Task identification and skill deterioration in peacekeeping operations, 3008
Task-analysis cycles as tools for supporting students' mathematical development, 23856
Task Complexity—Serials
academic assignments; task difficulty; challenge level; disruptive behavior; behavioral assessment; function based intervention; preferred activity; classroom behavior; acceptability rating, 12133
academic behavior; reinforcement contingency; task difficulty; response allocation, 18926
adaptation; cognitive constraints; task constraints; computer-based tasks; methods; strategies; task demands, 3350

Volume 91 SUBJECT INDEX

Task Complexity—Serials

age differences; switch costs; task switching; prosaccade; antisaccade tasks; working memory; stimulus-response mappings; task activation; task deactivation; task sets; age, 15936
 age; cognitive demands; choice strategies; task demands, 15934
 attention; expertise; multiple target tracking; distractors; target acquisition; task complexity, 21396
 attentional allocation; top-down control over attention; children; digit span accuracy; response time; pupillary dilation; age; dual tasks, 18922
 attentional blink; task difficulty; perceptual processing demands; signal detection, 24381
 attentional load; auditory task; task load; object-related negativity; auditory scene analysis; mismatch negativity; attended location; neural processes; attentional load, 547
 axes system; figure drawing; spatial constraint; pictorial space; figure size; task complexity; size regulation mechanisms; children; age, 24960
 brain activation dynamics; brain systems; anatomical & pharmacological dissociation; task difficulty; practice; mapping; elderly volunteers; scopolamine, sulpiride; methylphenidate; diazepam; learning, 3877
 categorization abilities; category learning; exclusive-or relations; generalization; task complexity; rote learning; rhesus monkeys, 30776
 cognitive operations; simultaneous presentation; working memory; dual task practice, 30733
 complex regularity; learned associations; human memory systems; medial temporal lobe; implicit learning task; basal ganglia; fMRI data; behavioral data, 21509
 concurrent task sequencing; single phoneme acquisition; phonologic treatment; generalization; maintenance of Concurrent Treatment; misarticulation, 20675
 contralesional targets; perseverative behavior; ipsilesional targets; unilateral neglect; target cancellation task; right brain-damaged patients, 8220
 control of time course of cognition; tempo naming task; lexical processing; cognitive processing speed; lexical errors; time pressure; task complexity, 33805
 cooperative work groups; mathematics tasks; mathematics knowledge; peer-directed questions; elementary school students, 9016
 cortical activation; extraversion; task complexity; event-related desynchronization; alpha activity, 10582
 counting strategy; counting errors; task difficulty, 18910
 data entry; mental arithmetic task; work-rest schedules; physical discomfort; speed; vision; video display terminal; performance, 17946
 destructive behavior; self-injurious behavior; aggression; property destruction; establishing operation; functional analysis; antecedent prompt; task demands; academic prompts, 2046
 dual task coordination; Alzheimer's patients; visuospatial tracking; digit sequence recall; concurrent performance; working memory system; task complexity; task analysis, 29144
 dual tasks; language perception; word perception; native language; second language; foreign language; event-related potentials, 24733
 dual tasks; single tasks; invisible primes; target-directed control settings; spatial memory; automatic processing; non conscious priming; task interference, 30699
 dual-task effects; aging; latency; accuracy; complexity, 947
 dual-task interference; perfect time sharing; information processing capacity; reaction time; visual perception; auditory perception; task complexity, 33833
 dual-task performance; cognitive impairment; cognitive status; aging, 19994
 early-stage Alzheimer's; awareness of difficulties; cognitive rehabilitation outcomes; awareness; mood; behavior; executive function; psychological factors; prospective study; behavior problems, 19959
 emotion-based learning; card game; Iowa and Bangor Gambling Tasks; frontal lesions, 24419
 emotional exhaustion; positive orientation; active coping strategies; government employees; task complexity; resource levels, 9099
 event-mapping task complexity; prior information; infants, 7407
 experience level; expertise; complex sensorimotor skills; movement variability; dual tasks; performance; baseball batting task; swing kinematics, 15276
 external thoughts; sketching; task difficulty; problem analysis, 21345
 hypnotic susceptibility; hypnosis; attentional demand; time estimation; retrospective judgment; prospective judgment, 450
 Implicit Association Test; salience asymmetries; nonassociated categories; neutral categories; target categories; explicit measures; common variance; visual search, 21344
 implicit learning; explicit learning; decision making; sports; ball games; task complexity, 12659
 implicit task sequence learning; task cue; nonintentional task set, 18325

informative intervention; group decision making; normative influence; task difficulty; conformity; overconfidence; group performance, 1177
 Iowa Gambling Task; ventro mesial frontal lesions; somatic markers; direct emotional consequences; indirect emotional consequences; Firefighter Task, 6596
 item learning; cognitive skill training; item difficulty; skill learning; recognition memory; problem solving; alphabet arithmetic, 18382
 juvenile myoclonic epilepsy; seizures; siblings; myoclonic jerks; valproate, 29100
 learning deficits; dyslexia; identical complexity; artificial grammar; learning task; task complexity; stimulus format; attention, 35111
 locus of age effects; complex span tasks; working memory functions; processing speed; storage capacity; young adults; older adults, 926
 manual asymmetries; task complexity; handedness, 18571
 memory load; sequential finger movements; ipsilateral activation; movement difficulty; novel sequences; complexity; EEG, 15439
 mental operators; use specificity; task performance; acquisition context; natural order of events; prognosis task; retrogenesis task; digit pairs; causal context; neutral context; reasoning; practice, 24455
 metacognitive experiences; task performance; Japanese undergraduate students; problem-solving, 24414
 mobile users; screen size; information structure; task complexity; mobile Internet device, 31082
 Monty Hall dilemma; causal reasoning; collider principle; probability judgment; choice behavior, 30658
 movement pattern; dynamic invariance; goal-directed aiming; behavioral dynamics; perceptuomotor control; precision aiming; movement time; task difficulty, 33755
 multitasking; attention deficit hyperactivity disorder; Six Elements Test; performance, 22738
 organizational script strategy; shared meta-scripts; continuous learning; mission briefing & debriefing protocols; cognitive demand; requisite variety; high reliability; armored brigade; Israel, 2944
 P300 event related brain potential; visual 3-stimulus paradigm; stimulus typicality; task difficulty; task discrimination; P3a scalp topography, 12918
 P300 event-related brain potential; risk group differences; gender differences; stimulus modality; task difficulty; alcoholism risk, 4738
 palliative care; complexity theory; nonlinear dynamics; systems theory, 16365
 parkinsons disease; goal setting deficits; task switching, 22976
 Parkinsons disease; switching task; stimulus-response mappings; conflict; focused attention; response stimulus interval; advance preparation; working memory, 20037
 perceived difficulty; health research; behavior; factor analysis; models; roles; marijuana use, 25917
 perceptual processing; task set reconfiguration; stimulus contrast; response-stimulus interval; early processing; task switching; switch cost; reaction times; errors; cognitive control, 314
 performance; emotions; working; real-time correlates; within-person hypothesis; task difficulty; task skill; task interest; task effort, 27045
 phonological loop; task switching performance; articulatory suppression; cue conditions, 33824
 priming effects; peripheral visual stimulus; reaction time; task complexity, 21349
 problem behavior; classroom functional analysis; negative reinforcement; teacher attention; task difficulty; aversive stimuli; demand context, 1606
 problem-solving performance; problem complexity; problem solving; planning behavior; strategies, 363
 problem-solving strategy; environmental constraints; complex problem-solving; environmental changes; cognitive flexibility, 17947
 psychological refractory period; input interference; dual-task performance; speeded responses; age differences; stimulus salience; parallel processing; cognitive control; age related decline, 33796
 pupil dilation; task complexity; thought disturbance; schizophrenia patients; attentional impairment; cognitive load, 19477
 rats; prefrontal-infralimbic areas; task switching; acquisition; reversal learning; odor discrimination; place discrimination; bupivacaine; performance; behavioral flexibility; task difficulty, 614
 recent selective practice; task switching; letter-digit pairs; shape comparison; alphabet arithmetic; switching costs; task-set inertia; task-set priming, 447
 redintegration; lexicality; children; memory task; rhyme; phonology; complex task demands, 30743
 response-repetition costs; cognitive representation; response compatibility; compatibility benefits; dual tasks; psychological refractory period; action selection; context-specific representation, 21346

Taste Buds—Serials

school-aged children; private speech; task-related behavior; pictures; self-regulation; real drawings; make-believe drawings; algorithmic drawing; heuristic drawing; developmental changes, 4110
 selective attention; hemispheric specialization; hemispheric asymmetries; healthy individuals; task demands; behavioral evidence, 3630
 self-directed inductive learning; abstract tasks; concrete tasks; learning outcomes; college students, 3379
 self-focused attention; task difficulty; task self-relevance; evaluation anxiety; reaction time; lexical decision, 25376
 shift costs; task shifting; precued task; task preparation; reaction time, 27506
 shift trials; learning; stimuli interchange; mask trials; computerized tasks; animal planning; chimpanzees; rhesus macaques, 27605
 social comparison; social judgments; egocentrism; prediction; quiz difficulty; betting on self versus other; focusing on opponent vs self, 7642
 spatial updating; virtual displays; display rotation; visuospatial ability, 30632
 strategy difficulty; strategy progression; initial training; mouse-based strategy; script-based strategy; order of introduction; editing task, 24520
 task competition; irrelevant task preparation; stimulus-evoked competition; invalid preparation; task-specific inhibition, 15292
 task completion times; prediction accuracy; task complexity; task experience; tower of hanoi; task duration; movement task, 390
 task complexity; marketing; evaluation of potential entrants; threat; decision making; marketing managers, 3035
 task demands; adaptive strategy changes; car drivers; secondary task; driving behavior; task importance, 27492
 task inhibition; task switching; manual choices; numerical judgment; unconditional double-press response; just abandoned task; performance cost; response mode inhibition; response-cue interval, 24442
 task preparation; functional magnetic resonance imaging; prefrontal cortex; cognitive control processes; task preparation; task execution, 24653
 task span; task names; stimuli lists; task performance; memory span; executive control; memory storage; task switching; long-term memory; retrieval; working memory, 21337
 task switching; cognitive control; task representation; stimulus dimensions; task features; hierarchical representation; hierarchical organization; structured task; shift costs, 18337
 task switching; hierarchical task structure; task repetition benefit, 18339
 task switching; task alternation; bivalency cost; bivalent stimuli; top-down processes; endogenous processes; response style; response errors; performance; cognitive ability, 395
 token set size; irrelevant sound effect; brain activity; task performance; serial recall; cognitive distraction; disruption; NI wave, 9703
 Towers of London; Towers of Hanoi; problem solving; measurement characteristics; executive functioning; short-term memory; shifting task; inhibition, 22027
 underestimation; planning fallacy; multifaceted tasks; task completion estimation & prediction; unpacking; sub-component consideration, 33808
 visual memory; spatial memory; short term memory; visuospatial short-term memory fractionation; interference; mnemonic resource allocation; task complexity; long term memory, 30722
 visual motion; visual flow speed; mental task performance; eye movements; heart rate; multitasking; postural control; cognitive processing; disorientation; standing posture; concurrent cognitive tasks, 15173
 working memory; selective attention; switching; mental model; anaphor resolution; spatial distance effect; object switch effect; object switch costs; arithmetic, 380
Task Complexity—Chapters
 Age differences in prospective memory: Role of task complexity and prospective support, 9726
 The systemic nature of metacognitive experiences, 22050
Task Difficulty [See Task Complexity]
Taste Aversion Conditioning [See Aversion Conditioning]
Taste Buds—Serials
 fungiform papillae; young adult females; tactile perception; spatial resolution acuity; lingual tactile acuity; taste perception; Asians; Caucasians, 6476
 taste cells; electrophysiological characterization; voltage-gated currents; antigens; alpha-gustducin; mice, 21736
 taste receptor cells; taste buds; response characteristics; life span, 7105
 taste transduction; taste receptor cells; sensory information; ionotropic receptors; metabotropic receptors; food intake, 6478

Volume 91 SUBJECT INDEX

Taste Buds—Serials

transduction mechanisms; umami taste; monosodium glutamate; rat fungiform papillae; biphasic response; taste cells; guanosine monophosphate, 15444

Taste Discrimination [See Taste Perception]

Taste Disorders—Serials
taste-related behavior; taste disorders; Linda M. Bartoshuk, 33009

Taste Perception—Serials
activity anorexia; conditioned taste aversion; food intake; male rats, 12741

amiloride-insensitive sodium taste transduction; sodium salts; taste transduction pathway; appetitive behavior; licking; neural pathway; rats; sodium recognition; acute sodium depletion; anions, 12835

anorexia nervosa; gustatory stimuli; electrophysiological methods, 26005

artificial neural network; single-neuron responses; thalamic taste relay; gustatory responses; rats, 12780

behavioural responses; *Drosophila melanogaster*; experimental procedures; olfactory perception; taste perception; chemosensory behaviour; genetics, 18445

bitter stimuli; distinctiveness; intake preferences; ionic stimuli; nonionic stimuli; quinine hydrochloride; denatonium benzoate; magnesium sulfate; caffeine; sucrose octaacetate; golden hamsters, 12935

calcium chloride ionisation; saliva; bitterness perception; calcium binding; total calcium concentration, 24375

conditioned taste aversion learning; fluid avoidance; food avoidance; database, 18461

conditioned taste aversion; tactile stimuli; pond snail; memory; sucrose, 33930

conditioned taste aversion; wheel running duration; rats, 24573

diazepam; taste perception; risk-taking; consummatory behavior; health risk behavior, 18719

Electrogustometry; taste acuity; cortical activity; magnetoencephalography; cerebral cortex; electrogustatory stimulation, 15604

endogenous attention; weak gustatory flavors; olfactory flavors; weak flavorants; sucrose; vanillin, 33679

ethanol; conditioned flavor preferences; sugar conditioned preferences; fat conditioned preferences; rats; conditioned stimuli, 27601

ethanol; conditioned taste aversion; GIRK2 channel; conditioned place preference; knockout mice; wild type mice, 10002

ethanol; conditioned taste aversion; rats; acetaldehyde; cyanamide, 15744

flavor enhancement; snacks intake; pleasantness; food choices; elderly vs young eaters, 3309

flavor sucrose compound; preference; within-compound association; sucrose devaluation; hedonic reaction; rats; hedonic properties, 27598

flavour aversion; rats; running wheels; preexposure; conditioned aversion; saccharin; associative blocking, 27603

food choice; taste judgments; medical nutritional therapy; diabetes; disease management; eating patterns, 29469

food intake; behavioral satiety sequence; palatability; taste adulteration; rats, 3823

food reward; high-sugar foods; obesity; electronic esophagus; preference conditioning; homeostatic regulation; food preference; nutrient intake; energy balance; rat, 30935

fungiform papillae; young adult females; tactile perception; spatial resolution acuity; lingual tactile acuity; taste perception; Asians; Caucasians, 6476

gustation; ingestion; sweet emulsions; fat emulsions; rat; caloric intake; body weight; Gerard P. Smith, 30938

gustatory stimuli; pleasant stimuli; unpleasant stimuli; anorexia nervosa; nonlinear electroencephalography; linear electroencephalography, 16568

gustatory thalamus; negative contrast; taste stimuli; thalamic lesions; gustatory memory; contrast effects; lesion-induced disruption; simultaneous contrast; anticipatory contrast; memory deficit, 18603

hedonic expectations; perceptual contrast; test stimuli; assimilation; substance information, 33703

immune system; consummatory behaviors; appetitive behaviors; fluid intake; sucrose; intraoral intake measure; lithium chloride; rats, 653

inhibition activity; conditioned taste aversion; CTA; cAMP-dependent protein kinase A; PKA; memory reconsolidation; memory retrieval; protein synthesis; memory extinction; amygdala, 13024

interstimulus interval; long-trace taste-aversion; rats; anesthesia, 15782

lexical-gustatory synaesthesia; linguistic factors; conceptual factors; phonemes; taste, 1900

memory formation; cholinergic systems; conditioned taste aversion; nucleus basalis magnocellularis; insular cortex; acetylcholine; novelty; muscarinic receptors; gustatory learning, 603

nacl solutions; sex differences; female rats; sucrose solution; estrogen; behavioral taste responses, 18658

neural coding; gustatory nerve; anterior tongue; neural system; mice; amiloride sensitive neural coding; salt taste discrimination; chorda tympani, 21720

perceptual learning; preexposure schedule; feedback; compound flavours; discrimination; taste perception, 27448

perirhinal cortex; cholinergic neurotransmission; glutamatergic neurotransmission; taste recognition memory; learned taste aversion; scopolamine; AP5; NBQX; NMDA; AMPA; receptor antagonists, 15750

phenylthiocarbamide tasting; family history; depression; vulnerability, 22498

repeated exposures; gustatory stimuli; habituation; positive contrast effects; perinatal rats; orofacial motor responses; memory; taste, 18446

saccharin supplementation; water consumption; Wistar rats; alcohol consumption; sweet water; taste, 7249

saccharin; deterrent cell; blowfly; bitter reception; sweet taste reception; labellar chemiosensilla, 18668

sensory-specific satiety; food intake; human appetite regulation; energy content; food sensory properties; macronutrients; flavor combinations; chemesthetic sensation; dietary habits; weight control, 12585

spontaneous recovery; conditioned flavor preference; rats; extinction; calories, 24575

stimulation duration; electrogustometric detection thresholds; electrical currents; lingual surface; taste function; electrical taste thresholds; anterior tongue, 21256

stimulation protocol; odor-taste interactions; functional magnetic resonance imaging, 24373

striatum; dopamine; avoidance training; taste aversion; avian brain; memory; learning, 18754

suppression of sourness; organic acids; sugars; malic acids; lactic acids; citric acids; sucrose; fructose; glucose, 33698

sweetness intensity; repeated presentation; sweet stimulus; sweetness perception; binary mixtures; ternary mixtures, 15189

taste extinction; tactile extinction; tongue; right brain damage; left brain damage; left hemitongue stimulation; right hemitongue stimulation, 22912

taste modulation; nociception; chronic stress; repeated stress; rats, 12934

taste novelty; c-fos expression; central amygdala; insular cortex; taste aversion learning; rats, 6926

taste receptor cells; taste buds; response characteristics; life span, 7105

taste stimulation; action potentials; rats; neurons; thalamus; oral cavity; ventroposteromedial nucleus, 12946

taste testing; alcoholism risk; children of alcoholics; sour taste; salty taste; paternal history; at risk populations; pleasantness; taste discrimination, 11013

taste transduction; taste receptor cells; sensory information; ionotropic receptors; metabotropic receptors; food intake, 6478

taste-related behavior; taste disorders; Linda M. Bartoshuk, 33009

temporal coding; temporal patterns; taste response; sensation; taste quality; electrical stimulation; brain; rats, 7043

Umami substance; sweet substances; synergistic response; monosodium glutamate; glutamate receptor agonist; chorda tympani; mixtures; rats, 15569

unconditioned stimuli; conditioned stimuli; flavor conditioning; simultaneous relation; sequential relation; extinction; rats, 27617

unconditioned stimuli; preexposure effect; lithium chloride; flavor-aversion conditioning; rats; injection cues, 6669

waste area; parabrachial nucleus; rats; electrical brain stimulation; chemical brain stimulation; ingestive oromotor behaviors; pons; gustatory information, 12832

Taste Stimulation—Serials
anorexia nervosa; gustatory stimuli; electrophysiological methods, 26005

bitter stimuli; distinctiveness; intake preferences; ionic stimuli; nonionic stimuli; quinine hydrochloride; denatonium benzoate; magnesium sulfate; caffeine; sucrose octaacetate; golden hamsters, 12935

endogenous attention; weak gustatory flavors; olfactory flavors; weak flavorants; sucrose; vanillin, 33679

facial muscles; chewing muscles; human adults; taste stimuli; hedonics; corrugator supercilii; venter frontalis; orbicularis oculi; depressor anguli; digastricus muscles, 6480

gustatory stimuli; pleasant stimuli; unpleasant stimuli; anorexia nervosa; nonlinear electroencephalography; linear electroencephalography, 16568

repeated exposures; gustatory stimuli; habituation; positive contrast effects; perinatal rats; orofacial motor responses; memory; taste, 18446

saccharin; deterrent cell; blowfly; bitter reception; sweet taste reception; labellar chemiosensilla, 18668

stimulation protocol; odor-taste interactions; functional magnetic resonance imaging, 24373

Taxonomies—Serials

suppression of sourness; organic acids; sugars; malic acids; lactic acids; citric acids; sucrose; fructose; glucose, 33698

taste aversion learning; forced swimming; rats, 18458

taste receptor cells; taste buds; response characteristics; life span, 7105

taste stimulation; action potentials; rats; neurons; thalamus; oral cavity; ventroposteromedial nucleus, 12946

transduction mechanisms; umami taste; monosodium glutamate; rat fungiform papillae; biphasic response; taste cells; guanosine monophosphate, 15444

waste area; parabrachial nucleus; rats; electrical brain stimulation; chemical brain stimulation; ingestive oromotor behaviors; pons; gustatory information, 12832

Tattoos [See Cosmetic Techniques]

Taurine—Serials
pentylenetetrazol induced kindling; cortical nitric oxide synthase; intracellular calcium; glutamate; free radicals; mice; nifedipine; taurine; seizures, 15432

Taxation—Serials
African American attitudes; tobacco products; low-income smokers; tobacco control; cigarette excise taxes, 4312

aggressive tax planning; Australian taxpayers; tax agents; high-risk taxpayers; regulatory control; high-risk tax preparers; aggressive taxpayer attitudes, 25126

axiomatic analysis; bankruptcy; claims problems; proportional rule; constrained equal awards rule; constrained equal losses rule, 12312

local taxation; rightmost digit perception; psychological taxing; Flemish municipalities; private sector; public sector; tax policy; income taxes; pre-tax income inequality; non-0 ending tax rates, 4252

tax compliance; norm processes; taxpayers; personal norms; social norms; self-categorisation theory; concurring behaviour, 19017

Taxonomies—Serials
arson classification systems; offender characteristics; arsonists, 11044

attention-deficit hyperactivity disorder; obsessive compulsive disorder; comorbidity; empirically derived taxonomy, 25458

attentional capture; dynamic cues; attention distribution; classification scheme, 18416

borderline personality disorder; taxonomy; taxometric procedures; normal personality, 7957

bulimia nervosa; dietary subtypes; dietary-depressive subtypes; symptoms; social impairment; comorbidity; course; eating pathology; response; treatment seeking; concurrent & predictive validity; women, 1737

child and adolescent psychopathology; taxonomies; classification systems; anxiety; depression; inattention; disruptive behavior; DSM-IV; International Classification of Diseases, 31700

citizens' perceptions; negative campaigning; campaigning effects; negativity perception; social science classification, 22238

classification system; personality psychology; data classes; personal report data; mental processes; convergent thinking; divergent thinking; personality assessment, 34647

cognitive ability tests; academic achievement; standardized tests; sex differences; cognitive ability; grades, 27499

cognitive vulnerability; cognitive style; depression; dimensional structure; categorical structure; taxometric analysis, 13590

crew resource management skills; non technical skills system development; pilots; cognitive skills; social skills; European taxonomy; NOTECHS; assessment, 14867

dissociative taxon; pathological dissociation; dissociative experiences; testing, 21149

environmental factors; disability; chronic health conditions; International Classification of Diseases & Related Health Problems & Functioning & Disability & Health; ICD-10; ICF; school aged children, 9463

environmental factors; International Classification of Functioning, Disability and Health; ICF; health condition, 209

gossip research; taxonomy; data collection methods; future directions; real world implications, 22275

graphical occupational representations; skill similarity; occupational map; career counseling; course selection; alternative careers; particular occupations; career planning criteria; workplace skills, 2871

Holmes and Holmes serial murder typology; crime scene evidence; content categories; serial killings; crime victims; murder classification scheme, 31968

hybrid reasoning; knowledge bases; inference fusion; taxonomic reasoning; distributed heterogeneous reasoners; constraint solver; reasoning coordinator; input knowledge; Description Logics, 9255

image attributes taxonomy; visual persuasion; information-processing approaches; advertising, 33369

inductive inference; expectations; conceptual hierarchy; hierarchical levels; privileged level; conceptual coherence; living kind features; artifact concepts; generalization strength; knowledge gains, 9646

insomnia; valid diagnostic system; insomnia diagnostic nosologies; classification systems, 26035
interdisciplinary team; rehabilitation planning; rehabilitation staff; neurorehabilitation; International Classification of Functioning; ICF, 15080
International Classification of Functioning, Disability and Health; ICF; rehabilitation medicine; clinical practice; disability; health; subjective dimension; human functioning, 1356
International Classification of Functioning, Disability and Health; patient assessment; undergraduate nursing education; nursing students; rehabilitation nursing; World Health Organization, 29930
International Classification of Functioning, Disability and Health; ICF; developing nations; disability status; disability measurement, 206
International Classification of Sleep Disorders; Association of Sleep Disorders centers; differential diagnosis; clinical descriptions; clinical decision making, 4844
lazy discovery; classification systems; training classes; algorithm, 30297
learning disabilities; diagnostic approaches; definitions; legislation; psychiatric systems; diagnostic system; clinical judgment; discrepancy model; classification model, 32019
moral exemplarity; differing conceptions; moral rationality; moral personality; moral exemplars; prototype procedures; personality rating; personality profile; typologies; justness; caring; bravery, 16273
mothers; filicide; suicide; psychiatric motive; classification system, 8045
multi-level classification system for sport psychology; athletes needs; athletic service provision, 18059
multicomponent psychosocial & behavioral interventions; Resources for Enhancing Alzheimer's Caregiver Health; caregiver distress; evaluation approach; taxonomy; family caregivers, 2452
neuropsychiatric medications; drug therapy; drug interactions; action mechanisms; pharmacodynamics; classification systems, 26417
nonmonotonic reasoning; preference handling; classification; knowledge representation; nonmonotonic reasoning, 27206
obsessive-compulsive disorder; cognitive-behavioral therapy; symptom presentation; therapeutic outcomes; patients; categorization; mental compulsions; treatment response; symptom categories, 2029
pathological dissociation taxon; depersonalization disorder; dissociative identity disorder, 7801
positive character traits; semantic similarity; covariation; perceived characteristic association; taxonomies; rating; classification of strengths; classification of virtues; character trait structure, 19187
posttraumatic stress disorder; taxonomy; psychopathology; schemas; sadness; emotional disorders, 34901
psychopathic spectrum disorders; diagnostic categories; etiology, 31843
psychopathology; psychological disorders; diagnostic classification; psychopathological constructs; taxometric methods; structural research, 13573
psychopathology; taxometrics; taxometric methods; mean above minus below a sliding cut; MAMBAC; maximum covariation; MAXCOV; maximum eigenvalue; MAX-EIG; statistical conclusion validity, 12529
putative schizotypy indicators; psychometric detection; latent class; taxon; taxometric methods; Magical Ideation Scale; Perceptual Aberration Scale; Revised Social Anhedonia Scale, 30445
racism responses; coping styles; taxonomy; aboriginal Australians; discrimination; oppression; emotional response; behavioral responses, 10545
schizophrenia; related disorders; taxonomy; risk; psychosis; prodrome; early detection; prevention; vulnerability; symptoms; onset; prediction; treatment strategies; costs; benefits, 19473
serial killers; serial murder; organized vs disorganized typology; models; forensic psychology, 31967
sexual addiction; symptoms; men; women; prevalence; college campus; etiology; categories; sexual behavior, 10950
social perspective taking; aptitude conceptualization; interpersonal conflict resolution, 31478
somatoform disorders; classification; conceptualization; treatment; new approaches, 22839
strategies; strategic marketing; typologies; Australia; top managers; management perceptions, 9204
substance abusing patients; classification accuracy; cognitive impairment; Neuropsychological Assessment Battery, 30472
taxometric analysis; taxometric methods; research challenges; research complications, 12536
taxon; meaning; taxometrics; statistical analysis; latent trait theory; psychometrics; inferential knowledge, 12539
taxonomy of disability; older adults; symptoms; impairment; pain; balance; weakness; endurance, 22410

typologies; personality traits; neuroticism; extraversion; conscientiousness; distressing conditions; personality measures; coping strategy, 34701
typology of humor; audiovisual media; humor preferences; humorous commercials; television commercials, 27171
vestibular neuritis; vestibular nerve; lesions site; vestibular evoked myogenic potential; labyrinth; vestibular neuro-labyrinthitis; taxonomies, 6900
vestibular neuritis; vestibular nerve; lesions site; vestibular evoked myogenic potential; labyrinth; vestibular neuro-labyrinthitis; taxonomies, 6955
Taxonomies—Chapters
Classification and assessment, 22662
Mental disorders as discrete clinical conditions: Dimensional versus categorical classification, 22479
The structure, measurement, validity, and use of personality variables in industrial, work, and organizational psychology, 3175
Tea [See Beverages (Nonalcoholic)]
Teacher Aides—Serials
improving learning; deployment of teaching assistants; teamwork; primary classrooms; team organization; room management; zoning; reflective teamwork; teachers; models, 12087
instructional aides; instructional aide relationships; instructional aide beliefs; elementary school; teacher's knowledge, 33038
Teacher Attitudes [See Also Teacher Expectations]—Serials
academic performance reward & recognition; faculty perception; incentive level; clinical practice volume; academic productivity; rank; administrative responsibility; department mission & activities, 23734
ADHD label; social skills; attentional skills; judgments; preservice teachers, 12177
administration support; administrative challenges; early childhood program, 14639
anxiety problems; clinical medical students; medical education; clinical training; health sciences; teachers' views, 17518
attention-deficit hyperactivity disorder; knowledge level; undergraduate education students; student attitudes; teacher attitude; curriculum development; in-service teacher training, 19738
attitude change; self-confidence; teacher alliance; student cohesion; women and gender studies; gender role attitudes; classroom, 26963
Australian teachers; Chinese teachers; causal attributions; student problem behaviors, 26880
beginning teachers; teacher migration; public education system; teacher shortage; employee turnover; student performance; high school science teachers; secondary school system, 5841
behavioral interventions; school-based consultation; within-subject design; consultee perceptions; education courses; video vignettes; analog study; rational persuasion, 5961
bilingual children; literacy experiences; culture-sensitive pedagogy; literacy learning; teacher's cultural beliefs; Chinese-English speakers; kindergarten students, 14650
children's perceptions; peer groups; multidimensional scaling; teacher perceptions; reliability; validity; elementary school students, 12178
classroom ecology; physical education; middle school education; misbehavior; teacher perspective; student perspective, 23921
classroom goal orientation; high school classrooms; teacher beliefs; classroom environments; teaching; learning; instructional practices, 29932
concurrent validity; physical educators attitudes; disabled students; Physical Educators Attitude Toward Individuals with Disabilities III survey, 33467
construct validity; self-report measure; Teacher Beliefs Survey; constructivist teaching; traditional teaching; learning, 18186
cooperative learning; educational innovation; teacher motivation, 14616
core language functions; behavior problems; teacher ratings; early elementary school students, 10185
creativity; teacher competence; interdependent learning; student teachers; learning modes; academically low achievers; dispositions; Singapore; teacher behaviors, 23832
data collection; integrated early childhood classrooms; interventionist perspectives; monitoring student progress; instruction; communication; teachers; assistant teacher; therapist; special education, 23777
decentralization; universalization; educational development; regional variability; legal provisions; societal values; academic culture; secondary schools; teachers, 29946
direct instruction; attitudes; primary school teachers; teaching method, 2735

disruptive behaviour; elementary school children; parent ratings; teacher ratings; reactive oppositional behaviour; proactive callous behaviour; inattention impulsive overactive behaviour, 20869
dyslexia; language teachers attitudes; state trait anxiety; reading anxiety; Teacher's Questionnaire; Greek version; learned helplessness; defence mechanism; adolescent dyslexia, 28941
education policy; laws; government requirements; teachers' work; English primary teachers; secondary teachers; France; Denmark; workload; pupil attitudes; affective aspects of teaching, 23771
education; teacher attitudes; Finland; Zambia; inclusive education; educational environment; disabled children, 12204
educational policy; parents attitude; teachers attitude; cultural factors, 36051
ESL students; ideological conflict; learning environment; English-as-a-second-language; ESL; classroom practices; educational theory; Canadian senior public school; language ideologies, 23915
essential readings; teachers of psychology; classroom activities; university teaching; journal articles; book lists, 17665
etiology; low mathematics performance; 7-year-olds; twins; normal variation; teacher ratings; direct testing; genetics; environment, 36166
experienced teachers; school based teacher training; professional development; educational reform; english comprehensive school; national system; intense educational reform, 8986
gender differences; mathematics anxiety; mathematics achievement; high school; elementary school; mathematics course; school mathematics; preservice teachers, 17569
Greek Cypriot Dialect; mother tongue education; dialects; non standard languages; multidialectal settings; Standard Modern Greek; teacher attitudes; language of instruction, 33090
helpfulness perceptions; conjoint behavioral consultation; teachers & parents perceptions; school system congruence; student needs, 27014
individualized education program; student attitudes; teacher attitude; group participation; group membership; secondary education, 17654
inservice seminars; child abuse; early childhood teachers; domestic violence; special education teachers; kindergarten teachers; child protection issues; disabled children, 36075
inservice training; computer; information technology; IT; childhood teachers; childhood education; teacher attitudes; teacher experience; Greece; educators, 2754
interactive computer-based simulations; ICBS; teaching practices; teachers' attitudes; teachers' beliefs; physics course; concepts; intentions, 12111
job satisfaction; primary school teachers; interpersonal factors; educational background; elementary education, 14633
job satisfaction; self efficacy beliefs; collective efficacy beliefs; perceptions of other school constituencies' behavior; school well-functioning; junior high school teachers, 2713
justice; disability; educator attitudes, 29938
knowledge; beliefs; attitudes; schizophrenia; cross-cultural differences; Japanese & Taiwanese elementary school teachers; mental health literacy; etiology; coping; stigma; support; parents; neighbors, 28723
language intervention; preschool teachers; elementary teachers; preferences; opinions; naturalistic approach; therapeutic treatment approach; speech pathologists; language delay; severity, 23638
learning disabilities; principals' perceptions; teachers' perception; professional development, 35108
learning outcomes; monitoring device; teaching aid; learning aid; classroom realities, 12121
learning skills; computer assisted learning; student response; lecturer response; course management; pedagogic change; business students, 12123
mental health services; child referral; mental health problems; liaison experience; primary school teachers; attitudes; awareness, 36082
multicultural education; race consciousness; white privilege; teacher preparation programs; public school teaching; academic performance; classroom practices; white teachers; fair play; students, 23797
parent-school relationship; children; Kindergarten; communication; teacher attitude; socioeconomic status; family involvement, 5838
peer perception; self perception; teacher perception; aggressors; victims; defenders; preschoolers, 2817
perceptions; teaching; learning; mathematics; science; English schools; West Indian immigrant mothers; teachers, 12167
personality indicators; Emergency Permit teachers; technology; teacher attitudes; instructional strategies, 2688

Physical Education Teacher Attitudes Toward Fitness Tests
Scale: scale validity; scale reliability; physical education teachers: scale development, 27381
pre-service teachers: elementary school classroom; mathematics; calculators; Heideggerian perspective, 17610
preschool programs; instructional supervision; preschool instruction; instructional practices; preschool teachers' perspectives; influential behaviors, 36094
preservice teachers: teacher education programs; cultural differences; cultural diversity; awareness, 8993
preservice teachers: teacher knowledge; teacher attitudes; science concepts; analogy, 26884
price harmony; ethos delivery; tolerance; respect; mutual understanding; integrated school; teachers methods; school diversity, 30054
primary schools; secondary schools; school leadership; teacher attitudes; school administration, 33041
problem-based learning; undergraduate medical tutors; learning agenda conceptions; clinical science; behavioral science; population science; ethics; legal aspects; professional practice; attitudes, 17604
professional responsibility: primary school teachers; teacher attitudes, 33037
psychological reactions; posttraumatic stress; teacher's reactions; Oklahoma City bombing; media exposure; media coverage, 28777
reinforcer assessment; figure coloring teaching; disabled children; social validation; preference assessment procedures; Down syndrome; special education teacher opinions; reinforcing stimuli, 36211
restructuring: faculty members; organizational change; faculty of education; institutional pressures, 14632
reward and punishment histories; prediction; indirect teaching styles; preservice teachers; childhood experiences; ideal perceptions; direct teaching styles, 33030
school psychologist; teacher consultation process; psychologist skills; teacher perceptions, 20802
school transition; parent attitude; teacher attitude; student attitudes; academic adjustment; social adjustment; procedural adjustment, 30049
school violence; homeroom teachers; teacher perceptions; verbal violence; physical violence, 25858
secondary pre-service teachers; special education; teacher attitudes; teacher education, 36087
selected communications skills; adolescent interactions; high school teachers opinion; teaching experience, 14680
self-determination; students with disabilities; views; parents; teachers; special education teachers; high school students; high & low incidence disabilities, 2837
self-efficacy beliefs; teaching attitude; discipline; teaching practice; teacher priorities, 36136
Southeast Asian parents; teacher-child interactions; parent-child interactions; early childhood education; child learning problems; disability identification; Head Start; cultural beliefs; values, 14646
student beliefs; instructor beliefs; attitudes; target language use; first language use; anxiety; foreign language education; college students, 8976
student motivation; teacher nonverbal immediacy; cognitive learning; student attitudes; teacher behavior, 26935
student success; counselor education; program directors perceptions; applicant screening measures, 36090
student teachers; perceived seriousness; management of problem behaviors; undesirable behaviors; student discipline; teacher gender; pupil gender; teaching experience, 14673
students attitudes; teachers perceptions; teacher burnout; disruptive classroom behaviour; teachers competence, 26877
teacher attitudes; implicit views; self perception; mathematical ability; intelligence; cross-cultural comparisons; academic abilities; general ability; verbal ability; students, 12180
teacher attitudes; parent attitudes; significant other attitudes; mainstreaming; children with difficulties, 33189
teacher beliefs and practices; computer-based exploratory mathematics; mathematical investigations' school program, 33079
teacher candidates; pedagogy; integrated mathematics and science methods course; knowledge; skills; beliefs; teaching/learning process, 33039
teacher conceptions; natural phenomena; object motion; seasonal changes; aggregate matter changes; misconceptions, 29949
teacher resilience; urban schools; teaching strategies; student academic achievements; reading; mathematics; professional decision-making; professional development; mentoring, 20801
teacher-articulated perceptions; teacher-articulated practices; teaching; families; quality of care; child care; low income children, 36139

teacher-focused approach; student aggressive behavior; Guiding Responsibility and Expectations for Adolescents for Today and Tomorrow; teacher program; violence prevention program, 17579
teacher-pupil interaction; classroom dynamics; educational development; social development; teacher behavior; teacher practices; empathetic teachers; non-empathetic teachers; uncommitted teachers, 30047
teachers attitude; classroom learning environment; special education; mainstreaming; student attitudes, 36060
teachers attitudes; disabled students; disability level; inclusive policies; student attitudes; school district characteristics, 36208
teachers attitudes; students with epilepsy; elementary school teachers; middle school teachers; demographics; professional preparation; prediction; knowledge about epilepsy, 26875
teachers beliefs; incidental focus; classroom practices; communicative lessons; observed behaviors, 36072
teachers perceptions; Mountbatten Brailier; visually impaired children; literacy instruction project, 14691
teachers; middle school students; academic self-efficacy; academic achievement motivation; teacher attitudes, 17707
teachers; motivation; principals; graduate education; values; school administrators; preferences; perceived rewards, 20795
teachers; school fights; gender; cognitive developmental domain approach; moral reasoning; intervention; cognitive developmental domain theory; public health; environmental psychology, 12094
teaching disabled children; teachers attitude; physical education teachers; preservice teachers; physical educators attitudes, 14692
teaching evaluation; videotaping; student viewpoints; teacher viewpoints, 33081
teaching improvement grants; higher education; professor thinking; instructional choice; technology, 23816
technology; curriculum; pre-service teachers; teachers; teacher perceptions, 2758
technology; pre-service teachers; field experience; teaching; multimedia; teacher attitudes; teaching method, 33028
writing instruction; middle schools; special education teachers; general education teachers; teaching writing; teacher attitudes, 29955
young children; reading development; school responsibility; home responsibility; parent & teacher attitudes; beginning reading instruction; developmental areas; graphophonemic aspects; constructivism, 14661

Teacher Attitudes [See Also Teacher Expectations]—Chapters

Faculty deconstructs participatory research, 18244
Student disruptions in the cooperative classroom: Experiences in a New Brunswick, Canada, school district, 5884

Teacher Characteristics [See Also Teacher Attitudes]—Serials

actual and perceived reading related subject matter knowledge; K-3 teachers; early literacy; reading; declarative knowledge; children's literature; phonological awareness; phonics, 33031
adolescent perceptions; classroom; middle school students; prosocial leadership; social interactions; authoritative teacher; antisocial behaviors; mediating teacher; peer acceptance; peer relations, 23905
anthropology; culture; teaching; learning; improving practice; after-school program; elementary students; professional development; academic achievement; teachers; urban schools; cultural diversity, 17632
citizenship behaviors; teacher performance; professional motivation; self-confidence; college teachers; college students; teaching-learning process, 5842
college students; college teacher gender; student attitudes; teacher characteristics; femininity; likeability; sex differences, 10552
college teachers; outstanding teaching, 9017
communication styles; foreign language teachers; intrinsic motivation; extrinsic motivation; integrative orientation; student attitudes; college students; communicative competence; autonomy, 5910
educational psychology; teacher self-efficacy; school efficacy; teaching; trends, 26869
estimated teacher effectiveness; value-added modeling; longitudinal mixed model; model misspecification; omitted variables; simulation results; student achievement; teachers, 26882
estimated teacher effectiveness; value-added modeling; longitudinal mixed model; model misspecification; omitted variables; simulation results; student achievement; teachers, 26883
gifted students; personality types; self-report personality inventory; teacher personality; teacher background; personality styles; gifted education, 2720

institutional settings; sociocultural contexts; teaching practices; cultural beliefs; Mexican immigrant paraeducator; teacher experiences, 23788
instructional computing; Western New York; elementary grade teachers; classroom instruction; elementary grade teaching, 2741

- teachers' beliefs; incidental focus; classroom practices; communicative lessons; observed behaviors, 36072
- teachers developing assessment for learning; testing as a policy tool; central reforms of instruction; impact on student achievement; mathematics testing; teaching to the test, 29975
- teaching curriculum; technological competence; early childhood, 29982
- teaching group work; group leader behavior; group member behavior; classroom; group theory; group dynamics; group counseling, 23710
- teaching improvement grants; higher education; professor thinking; instructional choice; technology, 23816
- teaching methods; college education; research, 9006
- teaching methods; curriculum; learning differences; reading skills; secondary schools, 26863
- teaching methods; graduate course; psychotherapy, 32897
- teaching methods; simple visual discriminations; severe disability learners, 26986
- teaching methods; stereotyping; prejudice; The Breakfast Club; movies, 33054
- teaching methods; learning methods; importance ratings; faculty; university business students; active-like techniques; passive-like techniques; student preferences; situational requirements; survey, 26906
- teaching of psychology, 32865
- teaching practices; instructions; hustles; praises; coaches; John Wooden, 26879
- teaching strategies; teaching practices; teacher preparation course; classroom practice; self-efficacy; self-reflection; occupational stress; gender differences; self control, 14583
- teaching techniques; race relations; racial understanding; experiential learning; racial attitudes; university course, 36123
- technology; pre-service teachers; field experience; teaching; multimedia; teacher attitudes; teaching method, 33028
- test development; test validity; test reliability; inventories; tutors; problem-based learning; teaching style assessment; assertive style; suggestive style; collaborative style; facilitative style, 15103
- theory & practice & experience of guided imagery; teaching strategies & education; teachers, 14641
- thinking styles; preferred teaching styles; university students; effective teachers, 30069
- unannounced quizzes; cumulative exam; student attitudes; self-reported motivation; study behavior; school attendance, 30061

Volume 91 SUBJECT INDEX

Teaching Methods—Serials

undergraduate human-service practicum; unified psychology; capstone course; service-oriented perspectives; pedagogy, 17682

undergraduate medical training; problem based learning; interpersonal skills; traditional teaching; educational reform; medical students, 32933

university students; elementary education students; inclusive education; collaborative teacher preparation; educators; teaching methods; special education teachers, 23931

university teachers training; teaching skills; training group; students' learning; approaches to teaching, 36081

urban teachers; classroom management strategies; culturally responsive teaching; teacher education programs, 36042

user requirements; educational game; interaction design; design process; design method; Kid Reporter method; User-Centered Design; children, 17615

vocabulary instruction; learning disabilities; students; teaching methods, 17754

vocational school education; business administration; instructional methods; example-based learning, 36140

web based instruction; dietetic training program; problem based learning, 33053

web-based assignments; psychology of language; psycholinguistics; critical thinking, 33052

web-based quizzing; exam performance; in-class quizzing, 33061

word study phonics technique; word sorts; mental retardation; reading difficulties; reading instruction, 12198

writing instructions; writing standards; educational reform; national standards; state standards; student achievement, 29992

young children; appropriate education; education classrooms; childhood education; education programs; National Educational Technology Standards; Leave No Child Behind Act, 2746

Teaching Methods [See Also Advance Organizers, Audiovisual Instruction, Computer Assisted Instruction, Directed Discussion Method, Discovery Teaching Method, Experiential Learning, Group Instruction, Individualized Instruction, Lecture Method, Lesson Plans, Programmed Instruction, Team Teaching Method, Tutoring]—Books

Selected papers from the 14th International Conference on College Teaching and Learning, 2760

Teaching academic ESL writing: Practical techniques in vocabulary and grammar, 2761

Teaching Methods [See Also Advance Organizers, Audiovisual Instruction, Computer Assisted Instruction, Directed Discussion Method, Discovery Teaching Method, Experiential Learning, Group Instruction, Individualized Instruction, Lecture Method, Lesson Plans, Programmed Instruction, Team Teaching Method, Tutoring]—Chapters

Awareness plans for facilitating creative thinking, 5887

The case of cases, 23846

Cooperative and collaborative learning: An integrative perspective, 5883

Cooperative group lesson plans, 5891

Empowering secondary students to take the lead: Training activities to promote advocacy, inclusion, and social justice, 5893

Encouraging innovation: Planning and evaluating technology programs, 2768

Facilitating interaction in web-based instruction, 2767

Foundations of a models and modeling perspective on mathematics teaching, learning, and problem solving, 23782

The impact of new technology on music appreciation coursework created and used for a college distance learning course, 2773

Improving strategic knowledge in physics, 2774

Introduction to an economic problem: A models and modeling perspective, 23838

Learning cubes: A model for online education, 2771

Local conceptual development of proof schemes in a cooperative learning setting, 23844

Model development sequences, 23852

A modeling approach for providing teacher development, 23859

A models and modeling perspective on technology-based representational media, 23845

A models and modeling perspective on the role of small group learning activities, 23863

One divided by two or more: Redefining the role of a cooperative education team, 5846

Play on words: Humor as the means of developing authentic learning, 17687

Recommendations for teaching psychology, 2726

Sociocultural theory and the practice of teaching historical concepts, 2725

Some cognitive tools of literacy, 2800

Strategies for creating multicultural pluralistic societies: A mind is a wonderful thing to develop, 5896

Student disruptions in the cooperative classroom: Experiences in a New Brunswick, Canada, school district, 5884

Supporting students with troubling behavior, 5954

Teaching market failure through interactive instruction, 2775

Teaching technology in an online, distance education environment, 2766

Ventures in dichotomy: Rigor and tolerance in the education of beginners, 2770

What are my chances? Using probability and number sense to educate teens about the mathematical risks of gambling, 2765

Why understanding the theoretical basis of cooperative learning enhances teaching success, 5890

Team Teaching Method—Serials

research methods; active teaming approach; sophomore students; statistics laboratory component; data collection; student learning, 30006

secondary classrooms; co-teaching; collaborative teaching; general educators; special educators; education standards; high stakes testing, 5855

team learning; evidence-based medicine; learning behaviors; medical students, 20719

university collaboration; education courses; content knowledge; teaching practices; individual beliefs; mathematics learning, 23811

Teams [See Also Work Teams]—Serials

assertive outreach team; London; staff experiences; staff perceptions; community mental health teams; CMHTs; job satisfaction; self-reported views; work experiences, 6024

assertive outreach teams; London; groups; community care, 5755

assertive outreach teams; London; patient characteristics; assertive outreach services; UK, 5565

athletes attributions; team performances; male athletes; female athletes; college athletes; self esteem; internality; externality; gender differences, 24045

athletic identity; female athletes; team selection; self-protection; self-enhancement, 14807

Australian rules football; psychological well-being; team identification; psychological health model; identification with local sport team, 2975

business teams; business teams performance; team performance; connectivity; positivity; negativity; nonlinear dynamics model, 20950

coaching behavior; athlete satisfaction; team or individual sports involvement; mental preparation, technical skills, goal setting, physical training; competition strategies; personal rapport, 6081

collaborative research; mental health service users; caregivers; researchers; outreach service; service evaluation, 24337

collective efficacy; group performance; group goals; sports teams, 19108

collective efficacy; individual efficacy; collegiate athletes; self-efficacy; teams, 24044

collective efficacy; team performance; college football players, 25278

collective efficacy; team performance; women's intercollegiate ice hockey, 36435

collective orientations; teams; team member; theoretical issues; empirical issues; idiocentrism; allocentrism; individualism; collectivism; team tasks, 19102

complex knowledge; performance; knowledge transfer; skill transfer, 20894

computer supported visualization; quality systems; design teams; design process; prototypes; quality standards, 14860

consensus statistical criteria; group-cohesion; group environment questionnaire; cohesion-team success relationship; athletic teams success; group dynamic theory, 31469

creativity; strategic management; decision alternatives; top management teams; decision-making process; management power structure, 33257

decision processes; interpersonal interactions; Antarctic traverse; women team; personality traits; individual status; team status; work performance, 22281

dynamic information flow; cooperative information sharing; team agents, 27198

early intervention; psychosis; Croydon Outreach and Assertive Support Team; treatment as usual, 29633

elite sports; sport science teams; athlete servicing; sporting performance; systems theory, 27137

emotion; performance; organizational settings; creativity; team performance; individual performance; groups, 27018

emotional competence; cognitive ability; individual performance; team performance; team-member attitudes; leadership perceptions, 27105

ethnic composition; group processes; diverse teams; ethnically heterogeneous groups; ethnic minorities; individual ethnicity; negative emotion; positive emotion; ethnic diversity; group dynamics, 19125

Technical Service Personnel—Serials

five-factor model; personality; team performance; transformational leadership; performance contexts; maximum performance; typical performance; performance ratings; leader personality, 31584

goal setting; software development; team performance; teamwork quality; collaboration, 4358

group efficacy; leadership; group effectiveness; group performance; group productivity; group development; group dynamics, 4373

high commitment; trade union; teamwork; worker independence; work execution; production monitoring; self regulation; manager expectations; Canadian aluminum smelter, 24030

human resource policies; human resource management; teamworking; United Kingdom public sector, 17793

human resource professionals; team interviews; individual differences; perception; interviewer's experiences, 33235

instrumental aggression; sports team identification; competitive advantage; gender differences, 22

interdisciplinary teamwork; palliative care programs; medical students; hospice setting, 8800

medical education; team learning; small group learning, 20730

multidimensional model of momentum; psychological momentum-performance relationship; team-efficacy, 19128

multidisciplinary team approach; teamwork components; staff meetings; cost-effective; mental health care; health care delivery; elderly psychiatry benefit; care giver benefit, 29592

outdoor teambuilding initiatives; business education; outdoor challenge training; team performance; team support; team viability; team survival, 33243

perceived motivational climate; youth soccer; sportspersonship; social moral functioning; team norms perception; motivation; male soccer players; performance oriented climate, 7620

personality heterogeneity; personality differences; teams; team performance, 4366

police-social work teams; crisis teams; community services, 35804

procedural justice; teams; laboratory setting; equity sensitivity; role performance; student teams; team member reactions; team member justice; team experiences; performance level, 31473

resource-based theory; strategic assets; team cohesion; top management; strategic management simulation; sustainable competitive advantage, 12278

role ambiguity; sports teams, 9143

social capital; project team; knowledge integration; social bonding; social bridges, 30222

sport education; team affiliation; physical education; social skills; sense of identity; persisting groups; involvement, 30244

sport team identification; sport team commitment; Sport Spectator Identification Scale; Psychological Commitment to Team Scale; sports fan behavior, 12322

team communication; sport psychology; team sports; athletes; group cohesion; human sex differences; Scale for Effective Communication in Team Sports (SECTS), 9404

team effectiveness; cooperation; distributive justice; procedural justice; teams; rewards, 4381

team efficacy; coaching efficacy; player efficacy; high school students; volleyball, 6090

team formation; bargaining; model, 21216

team information processing; service team; customer contact positions; communication, 14780

team problem solving; emotion management; emotional intelligence; conflict resolution; performance; team performance; individual performance, 27103

team quality; games location effects; professional soccer; winning; drawing percentages; home-away winning differential, 6083

virtual teams; learning module; adult learners; group dynamic; Computer-Supported Collaborative Learning technology; research, 34605

Teams [See Also Work Teams]—Chapters

Individual and team training, 6023

Team resilience, 19227

Training for resilience, 20917

Teasing—Serials

antisocial teasing; prosocial teasing; students' perception; individual differences; peers, 26954

childhood teasing; psychosocial distress; social behavior; Teasing Questionnaire-Revised; psychometric properties, 33479

teasing; intrapersonal factors; interpersonal factors; social interactionist model, 31492

Technical Service Personnel—Serials

aircraft maintenance; specialized wearable computer systems; models; binoculars analogy; eyeglasses analogy; flight technicians, 6130

Technology [See Also Nuclear Technology]—Serials

- in-house' alphanumeric paging system; prospective activity impairments; traumatic brain injury; therapeutic applications and intervention; assistive technology for cognition, 29760
- academic self-efficacy; African American students; career selection; technology; childhood education, 2893
- accident foreseeability; stress; coping; technological disaster; accident prediction ability, 36492
- accident rates; technological systems; modern industrial society; technological society; human error; safety methodologies, 6074
- amyotrophic lateral sclerosis; augmentative and alternative communication technology; patient acceptance, 26120
- assistive technology focus groups; cultural diversity; family; developmentally disabled children, 12206
- augmentative & alternative communication; autism; computers; literacy; speech-generating devices; spelling; talking word native processing software, 4760
- Automatic Teller Machine; technology adoption; cultural traits; users expectations; behavioural possibilities, 30254
- basic communication; entry-level technology; interpersonal communication; competency; workplace; Secretary Commission on Achieving Necessary Skills, 30223
- behavioral techniques; personal information; neutralization; privacy; surveillance; technology, 16242
- bereavement; social support; posttraumatic stress disorder; mental health impairments; technological connectedness; major depressive disorder; complicated grief; quality of life, 28783
- biotechnology; scientific literacy; mass media, 27687
- blending scenarios; informal argumentation; universal access; interactive computer based products; services; human computer interaction communities; wisdom; human factors, 9207
- business information technology ethics; higher education; information technology qualifications; ethical problems; information technology careers, 36141
- Canadian Association of Occupational Therapists; CAOT; assistive technology; occupational performance; occupational therapists; occupational therapy; health; well-being, 14497
- cell phone design; Needs Analysis and Requirement Acquisition; NARA; disabled people; user requirements; telephone communication; assistive technology, 15121
- character recognition; hand held scanner, data collection; printed material, 288
- Chinas propaganda; structural transformations; human organization; media technology; International image management; government, 31328
- cognitive impairments; traumatic brain injury; assistive technology for cognition intervention; web based interventions, 32486
- cognitive technology; technological use; user perceptions; non users; self-presentation; self perceptions; technological devices; memory, 20994
- collaborative learning; web-based learning; knowledge acquisition; conventional learning scenario; social communication; message exchange; cognitive load; learner participation, 17644
- commercial memory aids; individual differences; utility, 17944
- community technology center; policy implications; youth; social good; low income neighborhood; policymaker rhetoric; internet access, 13131
- Comprehensive Assessment and Training Services Project; CATS; foster care; project development; project implementation; mental health technologies, 29700
- computer based treatment; aphasia treatment; computers; speech and language therapy, 35905
- computer technology; Computer Anxiety Scale; covariance modeling; German college students, 18091
- computer-based instructional methodology; college; motivation; The University of Southern Colorado; Pueblo; Colorado; regional comprehensive institution; enhanced teaching; USC, 17630
- computer-based technological applications; psychotherapy training; information technology; computer-mediated communication, 16906
- computer-related technology; assessment; school psychologists; professional practice; ethical issues, 36015
- computer-supported monitoring; patient treatment response; information technology; psychotherapy, 16936
- computerization; knowledge; information technology use; public administrators; planners; policy makers; public managers; decision-making; Jordan; Jordanians; information processing utilization, 30308
- consensus conference; genetic testing; citizenship; debate on biotechnology; learning process, 24641
- creative process; creative product; creative performance; computer-mediated communication; information technology; chat group; face-to-face communication; video conferencing; college students, 12352
- creative traditions; technology; quilting; internet technology; social values; patience; connectedness; expression, 30276
- customer interaction; remote banking; technology; telephone banking; video-conferencing; operators; computer-based technologies; technology mediated communication, 2875
- cyberstalking; serial harassment; information technology; internet; e-mails; harassment; harasser, 16468
- developing countries; developing societies; technology; global context; market economy; mass movements, 16106
- development; trade; primary resource endowment; transaction efficiency; natural resources; technological development, 34440
- developmental disabilities; assistive technology; stigma; disability; family expectations; cultures; visibility; developmental skills; decision making, 35853
- digital apparel design process; technology; creative design; digital textile printing, 30300
- digital technology; business education teachers; personal computer; computer graphics; evaluation; software use; digital cameras, 20815
- digital tool integration; Pacesetter Program; digitally based assessment model; diverse curriculum; cultural diversity; technological society; interpretation task; media literacy, 17639
- disabled persons; terminology; labelling; technology accessibility, 7769
- dynamic range; color gamut; software applications; pixel values; residual image; original range image, 6525
- e-learning policies; practices; challenges; formal education; business management; technology; technology-enabled learning; information communications technology; ICT, 5881
- educational reform; technology; counselors; educators; computers; Internet, 33213
- electronic books technology; e-books; children; devices; book builder; learning time; questions; book building time, 2751
- electronic technologies; secondary school classrooms; mathematics learning; pedagogical implications; teaching, 2739
- elementary in-service teachers; computer use; elementary classrooms; technology; learning, 12134
- elementary school principals; vice-principals; information & communication technologies; technology in classrooms; assisting teachers; training principals, 8990
- employees difficulties; stress; computer software; technology; employee options; work environment; employers; technostress; stress reduction, 36351
- European Year of People with Disabilities; awareness of disabilities; information technology; accessibility; design; coping strategies; individual needs; software design; World Wide Web; special needs, 4023
- evaluation; technology; technology based training; technology based education; distance education; educational quality; evaluation; design integration strategies; military training; methodology, 6143
- evidence-based practice; information specialists; information technology; health care; evidence-based medicine; patient care; health promotion, 16888
- gifted females; mathematics; natural sciences; technology; gender differences; cultural influences, 33202
- global staffing systems; global HR systems; Agilent Technologies; Dow Chemical Company; IBM; Motorola; Procter & Gamble; Shell Oil; standardized staffing tools, 17807
- head movement image; image processing; HMI-controlled computer mouse; spinal cord injury; disabled people; microprocessor technology; mouse cursor direction, 6144
- health psychology; trends; future; contextual competency; psychosocial interventions; technological advances; biopsychosocial model; health care costs, 14225
- high school students; geometric transformations; technological tool; geometry; mathematics education; Geometer's Sketchpad, 2784
- homeland security; anti-terrorism; mass casualty situations; Special Medical Augmentation Response Team Medical Command, Control, Communications, Telemedicine system; technology usage, 7346
- human performance technology; total quality management; organizational problems; cultural factors; system factors; environmental factors; performance management systems, 27065
- human reactions; technological failure; human error; judgments; organizational accountability, 19200
- human-computer interaction; computing technology; management information systems; government; businesses, 33378
- hypertension treatment; medical informatics applications; health care system; informatics utility; informatics status; informatics future, 8199
- industrialized nations; national character; Internet usage; technology, 13497
- information & communication technology; traditional learning; teaching; student performance; student attitudes; college students, 5875
- information & communications technology; educational participation; government rhetoric; educational participation; adult education; e-learning, 5877
- information & communications technology; pupil achievement; optimism; optimist-rhetoric, 5874
- information & communications technology; pupil learning; historical investigation; teaching styles; murder mystery; Harry Potter; death of Sam Woodhouse; hyperlink version, 5868
- information & communications technology; science education; knowledge transformation; curriculum development; teacher knowledge; pedagogical reasoning; middle school students, 5864
- information and communication technology; evaluation; France; ICT; educational settings; computer applications; Internet; decentralized education management; communication, 5837
- information and communication technology; socioeconomic status; information technology; gender; rural-urban location, 14859
- information and communications technology; skills; trainee teachers; learning strategies, 17609
- information sources; language versions; natural language; communication; computation; Turing machines, 36495
- information systems; organizational context; strategic information; systems planning; human behavior; organizational situations; information technology; organizational life, 9130
- information technologies; communications technologies; ICT-based concept mapping techniques; creativity; literacy tasks; writing achievement, 36135
- information technology use; Internet; e-mail; chat rooms; spreadsheet software; computer languages; word processing software; programming, 17729
- information technology; behavioral health; nursing; health care; electronic medical record; automated medication distribution systems; computerized charting; hand-held computers; costs, 26610
- information technology; communication technology; classroom practice; digital photography; software applications, 36138
- information technology; gender issues; labor market; skilled migrants, 34433
- information technology; gendered interactions; personal computers; gendered bodies; gendered knowledges; professional knowledge, 14858
- information technology; health care providers; health care delivery; health care reforms; electronic health; electronic psychiatry, 17320
- information technology; technology profiling; dynamic personalization; instrument development; Technology Profile Inventory; factor analysis; personality measures; computer attitudes, 9386
- innovation cycles; information technology; language teaching, 36131
- innovative activity; market entry; econometrics; double censoring; incumbent; research and development, 33219
- inservice training; computer; information technology; IT; childhood teachers; childhood education; teacher attitudes; teacher experience; Greece; educators, 2754
- instructional design and technology; dissemination; empirically supported & manual-based therapies; web-based training applications; treatment manuals, 32252
- instructional design and technology; dissemination; empirically supported & manual-based therapies; web-based training applications; treatment manuals, 32245
- instructional design and technology; dissemination; empirically supported & manual-based therapies; web-based training applications; treatment manuals, 32230
- instructional design; science curriculum; teaching science; Internet-based communications; learning; science curriculum; advanced technology; group investigations model; special education students, 2736
- instructional technology; hyperpedagogy; hypertext; hypermedia; creative possibility; traditional curriculum theory; instructional design; metaphysics, 23804
- integrated manufacturing; company performance; empowerment; manufacturing technology; just in time inventory control; total quality management; manufacturing companies; job enrichment; employee skill, 33299
- international diversification; institutional ownership; institutional investors; professional investment fund; board members; technological opportunity, 24024
- Internet; mobile phones; mobile phone users, 7314
- internet; organizations; competition; information overload; technology, 30116

- Internet; personality; need for closure; website interactivity; consumer behavior; situational variables; website satisfaction; willingness to purchase product; willingness to return to website; time, 12332
- interpersonal communication; information technology; personal information; cultural contexts; cultural settings; cultural values; Middle East, 9253
- knowledge based systems; professional information technology skills; examination; computer based assessment, 9242
- knowledge structure; electronics industry; relational patterns; seller-buyer networks; emergent technology; market uncertainty, 14720
- labor market; computer technology; wage differentials; cost efficiency; computer skills; computer adoption, 33218
- language system; demographic trends; technology; international communication; written communication; spoken communication; multilingual, 18861
- large technology integration projects; research strategies; technology; education; assessment; technology integration assessment, 5863
- macroergonomics; transformation technology; industrial organization; organizational change; macroergonomist; productivity; health; safety; quality of work life, 36471
- managerial control; social control; research-intensive industries; collaborative technology development strategy; collaborative research; research managers; chemical industry, 27055
- marketing strategy; manufacturing industry; senior managers; organizational strategies; operations strategy; technology strategy; organizational performance, 30252
- medical information management; biomedicalization; technoscientific biomedicine; medicalization; American medicine; surveillance biomedicine, 8362
- Medicare coverage criteria; technological innovations, 26571
- mental health practice; diagnosis; evidenced-based practice; electronic medical record, 11780
- mental health treatment; substance abuse treatment; technology transfer; innovations diffusion; empirically supported treatment, 26197
- mental health treatment; substance abuse treatment; technology transfer; innovations diffusion; empirically supported treatment, 26217

Teenage Fathers [See Adolescent Fathers]
Teenage Mothers [See Adolescent Mothers]
Teenage Pregnancy [See Adolescent Pregnancy]

Teeth (Anatomy)—Serials

dental abnormalities; children; fathers; substance use disorders; prevalence, 31919

early life episodes; diminished vagal tone; histological markers; stress resilience; adulthood; posttraumatic stress disorder; enamel tissue; autonomic nervous system, 13653

immunoreactive nerve fibers; human tooth pulp; vasoactive intestinal polypeptide; trigeminal ganglion; sensory function; pituitary adenylate cyclase-activating polypeptide, 7205

jaw swelling; mandibular sarcoma; chondroblastic osteogenic sarcoma; periodontal ligament space; lamina dura; paranasal sinuses; labial; canine; maxillofacial region; bone tumor, 13899

parents' experience; teething; infants; symptoms, 25162
receptive field properties; human periodontal afferents; premolar teeth; tooth loads; molar teeth; mechanoreceptive afferents, 15517

Tegmentum [See Also Periaqueductal Gray]—Serials

acetaldehyde; dopamine containing neurons; ventro tegmental area; neuronal activity; burst firing; spikes burst; firing rate; electrophysiological parameters; motivational properties; ethanol effects, 18637

cocaine self-administration; progressive ratio schedule; intra-via injection; locomotor stimulant effect; ventral tegmental area; intravenous infusions; locomotor stimulation; receptor antagonist, 21834

ibotenate lesions; pedunculopontine tegmental nucleus lesions; animal exploratory behavior; rats; motor activity, 30876

locomotor activity; nicotinic receptor antagonist; ventral tegmental area; scopolamine; muscarinic antagonist; cholinergic receptor; mice; rats, 556

mesolimbic dopamine transmission; rewarding effects; aversive motivational effects; nicotine; ventral tegmental area; neural substrate; sensitivity, 13028

midbrain structure activation; associative novelty; explicit memory formation; visual memory; ventral tegmental area; medial substantia nigra; hippocampus, 34067

neuronal activity; inferior colliculus; tegmentum; vocal communication; squirrel monkeys, 30880

nicotinic cholinergic synaptic mechanisms; ventral tegmental area; nicotine addiction; nicotine; mesolimbic dopaminergic system; midbrain dopamine neurons; synaptic plasticity, 15794

nucleus accumbens neurons; ventral tegmental area activation; neonatal hippocampal lesion; adult prefrontal cortical lesions; postpubertal abnormal behavior; rats; model of schizophrenia, 9836

nucleus accumbens; ethanol; dopamine; alcohol-preferring; alcohol rats; alcohol-avoiding; non-alcohol rats; mesolimbic dopaminergic neurons; ventral tegmentum area, 21916

serotonin receptor ligands; fleroxan; WAY 100635; laterodorsal tegmental nucleus; REM sleep; rats; spontaneous sleep, 30990

sleep-related penile erections; rats; carbachol; rapid eye movement sleep; pontine tegmentum, 34154

substantia nigra pars compacta; ventral tegmental area; tyrosine hydroxylase; adult female wistar; female rats; lesion; hydroxydopamine; intranigral infusion; estrogen, 3844

substantia nigra; dopaminergic neurons; gastric mucosal erosions; ventral tegmental area; stomach ulceration; N-methyl-D-aspartate; NMDA; 6-hydroxydopamine; 6-OHDA, 21865

ventral tegmental area; N-methyl-D-aspartate; rats; glycine binding site agonist; d-serine; animal locomotion; animal rearing, 18752

Telecommunications Media [See Also Radio, Telephone Systems, Television, Television Advertising]—Serials

global digital divide; telecommunications networks; information technology connectedness; trends; social change, 10357

globalization; telecommunication services; strategic alliance; organizational change; organizational culture; cultural diversity; crisis; control-commitment dilemma, 27114

homeland security; anti-terrorism; mass casualty situations; Special Medical Augmentation Response Team Medical Command, Control, Communications, Telemedicine system; technology usage, 7346

intercultural learners; foreign language learning; teaching profession; social realism; teachers; German American telecollaboration; institutional fault line; electronic negotiation, 15835

military health care; telemedicine; military medicine; bandwidth; casualty treatment; communications technology, 8709

multicriterion clusterwise regression; customer value; segment homogeneity; true cluster structure; telecommunications industry; segmentation problem; linear regression; heuristic solution strategy, 24067

technological advances; medical advances; health psychology; behavioral telehealth; genetics; transplantation, 14228

Telecommunications Media [See Also Radio, Telephone Systems, Television, Television Advertising]—Chapters

'Being there' and the role of presence technology, 3087

telehealth; innovations theory; rural program; health care delivery; patient care; professional education; information sharing; health status; telehealth rural telemedicine program, 8726

telehospital; end-of-life care; hospice patients; patient acceptance; telemedicine, 32689

telemedicine initiatives; telecommunications infrastructure; healthcare market; government action; state telemedicine networks; state financial support, 8722

telemedicine services; medical advice; electronic signal; diarrhea; prevention of cholera outbreak; India, 9229

telemedicine success; United States Associated Pacific Islands; distance consultation; education; accidents, 9245

telemedicine; child special needs; health care; caregiver satisfaction; interdisciplinary team; evaluation, 9247

telemedicine; health & mental health services; success criteria; rural health needs, 9235

telemedicine; health care; health care cost; quality of care, 9240

telemedicine; mental health training; telehealth; satellite presentation; rural areas, 9233

telemedicine; rural trauma; emergency room; injured patients; discrepancies; mortality rates; trauma education, 9246

telemedicine; specialized care; routine care; attitudes; health care; patient physician relationship, 14409

telemedicine; world war; rocket technology; space program, 8771

Telephone Mini-Mental State Examination; convergent validity; psychometrics; Alzheimer's disease; telemedicine, 14264

telephone therapy; attachment theory; infant research; psychotherapy; secure attachment; insecure ambivalent attachment; insecure avoidant attachment; disorganized attachment; patient capabilities, 32263

telepsychiatry; electronic medicine; e-therapy; telemedicine; physician; remote patient; Internet, 9296

telepsychiatry; health care costs; videoconferencing; health care delivery; health care utilization; patient satisfaction, 17301

telepsychiatry; therapeutic efficacy, 11756

Web-based intervention; families; problem-solving; pediatric traumatic brain injury, 32687

Telemetry—Serials

neural response telemetry; cochlear implant; speech processor, 32550

Telecephalon [See Also Basal Ganglia, Cerebral Cortex]—Serials

conspecific vocalizations; ZENK protein expression; auditory pathway; dorsal region; brain region; caudal medial neostrium; ventral hyperstriatum, 9874

escape-avoidance learning; discriminative stimulus; instrumental learning; carry-over effects; avoidance behavior; ablation of telecephalon; spaced-trial training; goldfish, 3696

nucleus medianus; dorsal pallidum zone; lateral pallidum zone; bichirs; Polypterus; telecephalon; tectal input; retino-tectalubercular pathway; pallium; tectal efferents; visual field; evoked responses, 34052

telecephalic ablation; shoaling behavior; goldfish, 21691

teleost telecephalon; everted pallium; Senegal bichir; polypterid fishes; neuroanatomy; afferent connections, 15513

Wulst lesions; hyperstriatum intercalatus; hyperstriatum accessorium; spatial discrimination; visual discrimination; hyperstriatum dorsale; cognitive functions, 3730

Telepathy—Serials

mind reading; dating couples; relationship satisfaction; individual differences; intimate relationships; relationship closeness; friends; strangers; sex differences, 7627

telephone telepathy; guessing; confidence; familiar callers; unfamiliar callers; chance, 18439

Volume 91 SUBJECT INDEX

Telepathy—Serials

telephone telepathy; guessing; confidence; familiar callers; unfamiliar callers; chance, 18438

Telephone Hot Lines [See Hot Line Services]

Telephone Surveys—Serials

major depression; medical outpatients; diagnosis; telephone administered diagnostic interview, 185

primary care research; mental health; telephone interviewing; psychiatric assessment; telephone interviews, 17295
telephone interviewing; face-to-face interviewing; jail inmate visitors; correctional officers; perceptions of prisoners, 33644

telephone interviews; face to face interview; national probability samples; random digit dialing; telephone respondents; questionnaires; respondent satisficing; social desirability response bias, 21218

Telephone Systems—Serials

cell phone; clothing; sex; first impressions; power, 13456
electromagnetic field; human attention; mobile phones; facilitation effect, 7311

electromagnetic fields; radial-arm maze; object recognition; rats; mobile phone; spatial memory; mobile communication; GSM 900-MHz; head-only exposure; spatial learning; performance, 3769

humorous exchanges; telephone conversation openings; semantic-pragmatic theories of humor; conversation analysis; young adults, 22280

Internet-based treatment; telephone contact; recurrent headache; cognitive behavior; self help; dropout rates, 14083

Internet; mobile phones; mobile phone users, 7314

mobile phone use; questionnaire; development; validity; methodology; real-time measures; Interactive Voice Response; technology; airtime; habitual behavior, 15882

mobile phone; undergraduate students; long-term memory; phone exposure; spatial errors, 21990

mobile users; screen size; information structure; task complexity; mobile Internet device, 31082

New York law implementation; driver cell phone use; gender; age; vehicle type, 12369

primary care; physicians; after-hour calls; telephone triage; errors; patient safety, 17299

primary care; physicians; after-hour calls; telephone triage; errors; patient safety, 17300

recognition performance robustness; speech recognition; speech detection; speech/non-speech detection; recognition systems; noisy environments; speech enhancement; wireless network; telephone network, 10090

substance abuse treatment; American Indians; Telephone Aftercare Program; coping skills; residential medical care, 5588

telephone counseling; effectiveness; quality of counseling relationship, 26247

telephone dialer; motor impaired; non verbal persons; motor impairment; telephone; voice synthesizer; non verbal users, 19850

telephone intervention; schizophrenia treatment; treatment outcomes; costs, 11388

telephone telepathy; guessing; confidence; familiar callers; unfamiliar callers; chance, 18438

telephone telepathy; guessing; confidence; familiar callers; unfamiliar callers; chance, 18439

telephone therapy; attachment theory; infant research; psychotherapy; secure attachment; insecure ambivalent attachment; insecure avoidant attachment; disorganized attachment; patient capabilities, 32263

therapeutic group; telephone; conference call; evaluation; women with breast cancer; therapeutic factors; group climate, 11423

Teletherapy [See Online Therapy]

Televised Instruction—Serials

post compulsory education; student learning; streaming video, 23827

Television [See Also Closed Circuit Television, Educational Television, Television Advertising]—Serials

African Americans; general population; television watching; obesity; television food portrayal; food commercials; African American television characters; African American television shows, 13140

agenda setting; moderating influence; political elites; television news; European union; cross-national comparative research, 4073

applied developmental psychology; television effects; Children's Television Act; learning, 1000

child development; multicultural attitudes; systemic psychosocial influences; television portrayals; multimedia society; social learning theory, 957

children television series; interethnic understanding; children attitudes, 13253

cruel intentions; television; aggression; media, 28802

cultivation theory; mainstreaming effect; statistical artifact; regression; Gerbner's methodology; viewers, 15898

daytime soap operas; homosexuality; gay characters; lesbian characters; Bianca Montgomery storyline; genre, 15888

democratic expression; Flemish television; gender identity; class identity; media literacy; speech act theory; television talk shows, 7343

environmental simulations; television; blood donor stress; stress; healthcare consumers; stressful-blood donation; clinic environment; blood pressure; pulse rate, 12367

fictional television; public perceptions; television exposure; television news; medical shows; physician portrayals, 15881

fundamentalist Christians; network television; television news; reporting bias; content analysis, 18882

gay men; heterosexuals; television; social structure, 31428

group modeling; television item selection; television viewing behavior, 34233

homework performance; background media; radio music; music videos; television soap opera; high school students; homework time spent, 17712

indirect aggression; content analysis; media; British television programs; social aggression; British adolescents; gender differences; attractive aggressors, 21988

local television news; news content; fear; crime; US residents; perceived risk; television viewing, 15895

mainstream media sources; nursing literature; nursing research, 10121

media consultation; reality TV; professional ethics, 8957

media consultation; reality TV; professional ethics, 8958

media consultation; reality TV; professional ethics, 8971

media consultation; reality TV; professional ethics, 8972

media consultation; reality TV; professional ethics, 8973

Monty Hall Dilemma; Let's Make a Deal; classroom demonstration, 33074

network television news; crime reporting; crime statistics; public fear; public opinion; public perception; crime, 15893

psychoanalytic gender theory; heterosexual family; gender arrangements; defensive autonomy; relational submissiveness; television shows, 34527

reality TV; reality television; psychoanalytic interpretation, 1300

religion; TV programming; hegemony; contemporary American wedding; weddings; religious rituals; reality TV, 19022

sexual relationships; Buffy the Vampire Slayer; human sexuality; vampires; sadomasochism; cult tv series, 7579

slash fiction; human mating psychology; erotic fantasies; television characters, 34568

tailored broadcast news; broadcast news sources; program content; user modeling; personalcast; broadcast news understanding system, 34235

television characters; social relationships; parasocial relationships; television viewers; attachment style; break-ups, 21987

television documentary; real; truth; Britain; entertainment; Provisional IRA; psychoanalytic framework, 1308

television genre viewing; need for gratification & cognition; selection; activity, 24893

television images; political behavior; politician evaluation; Kennedy-Nixon debate, 13364

television; home entertainment technologies; high-fidelity equipment; popular discourse; cartoons; motion pictures; high culture; gender; taste; technology, 15891

thin ideals; women; music television; social comparison; body dissatisfaction, 10122

user modeling; personalization; television; viewing behavior; electronic program guides; set top boxes, 34230

violent television; classroom-based intervention; violence; behavioral aggression; television literacy program; viewers, 17580

Who Wants to be a Millionaire; quiz shows; countries; cross cultural analysis; globalization; knowledge hierarchy; television program, 31087

women's rights; sexist media representation; political implications; public opinion; audience opinion; sociopolitical attitudes; television; traditional drama; progressive drama; situation comedy, 15890

Television [See Also Closed Circuit Television, Educational Television, Television Advertising]—Books

Internet television, 13144

Television [See Also Closed Circuit Television, Educational Television, Television Advertising]—Chapters

The effects of television on a group vitality: Can television empower nondominant groups?, 16261

Television Advertising—Serials

celebrity plugs; product placement; within program brand appearance; retention; brand exposure; memory organization, 12349

elementary school children; understanding; television advertising; China, 18890

familiarity based sleeper effect; advertisement type; advertisement repetition; measurement delay; attitude toward ad; attitude toward brand; adults, 3028

gender portrayals; age; television commercials; broadcast commercials, 33371

minorities; consumer psychology; childrens television; commercials; television advertising; content analysis; numerical representation; minority portrayal; stereotyped attitudes, 20996

nonverbal test; naturalistic memory health; alcohol commercials; memory; consumer behavior; public health, 21002

physical activity behavior; motivators; motivation; appearance-based exercise advertising; televised health promotion; social physique anxiety; self-presentation; exercise attitudes; health condition, 20497

pregnant women; smoking cessation program; pregnant smokers; telephone counseling; smoking cessation counseling; public education; television advertisements, 35879

stereotypes; elderly portrayal; television commercials; ageism; 1950s - 1990s, 31089

television advertisements; gender-role stereotyping; Hong Kong television; content-analysis; Chinese TV channel; English TV channel; coding scheme; gender portrayals, 24081

television advertisements; video montage; camera cuts; boredom; confusion; phenomenological theory; structuralist theory; stimulus responses, 12348

television advertising; materialism; parent child conflict; unhappiness, 960

television commercials; picture sorting technique; emotional content; purchase intent, 33372

typology of humor; audiovisual media; humor preferences; humorous commercials; television commercials, 27171

Television Viewing—Serials

adult statements; adult rules; children's perceptions; child play habits; TV habits; trust; parent child interaction; rules, 28102

aggressive content; television programs; aggressive television, 13142

bullfights; children; modulating factors; psychological effects; aggression; well-being, 12322

business networks; sport television channel failure; television viewers, 7348

childhood obesity; activity level; television viewing; video game playing; gender differences, 15921

children television viewing; behavior modification; prosocial behavior; parent empowerment, 28045

Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 1014

Japanese television viewers; program genres; program preferences; viewing behavior; ethnic traits; social traits; program selection, 34231

media exposure; body dissatisfaction; disordered eating; magazine reading; television viewing, 13843

media violence; acceptance; adolescents; TV violence; cognitive effects; emotional effects, 880

media violence; violent media; media effects; individual growth curves; multilevel modeling; concurrent effects; aggressive youth; active audience; middle schools; internet sites, 4115

mental illness; adolescents perceptions; television; adolescent attitudes, 25039

nightmare content; dream content; media influence; television viewing; computer game playing; television; nightmares; pleasant dreams; psychological well-being; Flemish adolescents, 15351

personalized electronic program guide; programme information; artificial intelligence; television viewing; user profiling, 34236

pro-environmental behavior; environmental concern; television viewing patterns; entertainment television; environmental attitudes; media consumption; television news; nature documentary, 15889

rap music videos; African American females; African American adolescents; health risk behaviors; sexually transmitted diseases; HIV prevention program, 14349

reality TV; reality television; psychoanalytic interpretation, 1300

sex; punishment; sexual double standards; sexual consequences; teen programming, 24993

sexual risk behaviour; AIDS prevention programmes; television series; condom use, 11737

signal detection analysis; audio redundancy effects; video redundancy effects; television news video; media memory; recognition memory; news stories, 33853

television characters; social relationships; parasocial relationships; television viewers; attachment style; break-ups, 21987

television consumption; attitudes; masked affective priming; semantic differentials; prediction, 7345

television genre viewing; need for gratification & cognition; selection; activity, 24893

television programming consumption; connectedness scale development; connectedness scale validation, 30520

television reruns; culture; society; cross generational information; social continuity; collective memory; television viewing, 15899

television science; program genres; high school students; science; students perception, 23877

television viewing; body fat change; preschool age; early adolescence, 7368

television viewing; death attitudes; college students, 28033

television viewing; meal frequency; humans, 34649

television viewing; posttraumatic stress disorder; September 11; background characteristics; event exposures; perient panic, 19504

television viewing; television violence; viewer aggression; viewer preferences, 18881

The Tube; television; television viewing; cartoons; Pokemon; Internet; risk factors; fantasy; virtual reality; computers; brain; psychoanalytic theory; abnormal brainwaves, 1305

TV program difficulty; preferences; television viewing; toddlers attention; moderate-discrepancy hypothesis; infants attention; TV entertainment; auditory features; visual features; content features, 24478

user modeling; personalization; television; viewing behavior; electronic program guides; set top boxes, 34230

video game playing; television viewing; secondary school children; cultivation theory, 16040

violence exposure; parental monitoring; television viewing; children psychological trauma; self-reported symptoms, 34360

violent television; classroom-based intervention; violence; behavioral aggression; television literacy program; viewers, 17580

youth-targeted television broadcast; testicular cancer; testicular self-examination; college students; mass-mediated information; intention; knowledge; awareness; attitudes, 32606

Temperament [See Personality]

Temperature (Body) [See Body Temperature]

Temperature Effects [See Also Cold Effects, Heat Effects]—Serials

circadian rhythm; phase response curve; circadian pacemaker; wistar rats; non-photic stimuli; light; Zeitgeber; mammal; tau response curve, 21750

different phase angles; contrasting seasons; summer; winter; activity patterns; cave harvestman; goniosoma spelaeum; light/dark cycle; environmental features; Arachnida, 21460

embryonic temperature; temperature-dependent sex determination; embryonic incubation temperature; anticipatory male behaviour; social interactions; courtship behaviour; leopard gecko, 6735

environmental influences; environmental factors; molecular mechanisms; circadian clocks; entrainment; light; temperature; neuropeptide; circadian rhythms, 15692

estrous cycle; water maze acquisition; water temperature; task stressfulness; plasma corticosterone; ovarian hormones; rats, 31005

human brain; laser evoked potential; thermoreceptors; nociceptors; event-related potential; deviant stimuli; involuntary attention shift, 9855

interscapular brown adipose tissue; cold exposure; strenuous exercise; deiodinating activity; rats, 7107

national wealth; thermal climate; predictors; motivation; volunteer work; cross-cultural differences, 7710

outdoor temperature; social avoidance; criminal assault; temporal ecology; violence; spatial ecology, 16523

oxygen consumption; temperature changes; swimming capability; metabolic rate; starvation death; fish growth; captivity; stress; sailfish, 21414

synaptic activity; *Caenorhabditis elegans*; thermotactic memory; ambient temperature; neural circuit; thermotactic behavior; temperature memory, 12959

temperature; crime; aggression; crime rates; global warming; routine activity theory, 3053

water intake; blood parameters; thermal dehydration; plasma osmolality; sodium concentration; age differences; rats, 27836

Temperature Perception—Serials

pain intensity; cold stimuli; perceptual measures; cold temperatures; thermal intensity; affect; stimuli temperature, 3307

sensation threshold; psychophysical stimulus; method of limits; MLE; method of levels; MLE; thermal stimulus; nerve fiber function; thermal thresholds tests; reaction time; warm & cold sensation, 3161

spinal pathway; human sensory processing; spinal neurons; heat perception; sensory neurons; central nervous system; conduction velocity; cerebral processing, 12581

temperature sensitivity; transient receptor potential; *Drosophila* flies; larval thermosensation; neural substrates, 7010

Tempo—Serials

communicative pressure; musical styles; music functions; listener; syncope; African music; rock music; tempo; jazz, 34202

control of time course of cognition; tempo naming task; lexical processing; cognitive processing speed; lexical errors; time pressure; task complexity, 33805

infants; long term memory; music; tempo; timbre, 24987

isochronous tapping; motor coordination; timing drift; Wing-Kristofferson model; tempo; musical tapping, 33759

linear temporal drift; sound sequences; perceptual threshold; inter onset interval; tempo change, 33749

tempo; rhythm; audiovisual stimulation; visual stimulation; intersensory redundancy, 34262

Temporal Frequency—Serials

auditory feedback; music performance; temporal relationships; timing; sequencing; accuracy; period shifts; phase shifts, 348

firing times; stochastic neuronal models; white noise, 6163

food-pellet reinforcement; sucrose reinforcement; temporal placement; rats; operant responding; three component multiple schedule, 21440

functional event-related potential; temporal processing; frequency processing, 3773

interference; temporal unpredictability; code overlap; perceptual-action dual tasks; perceptual judgment; movement direction; tone-discrimination reaction time, 9572

learning instruction; temporal pattern; regular pattern; instructional conditions; appropriate time; target speed; moving target; projectile; anticipation; coincidence task, 6571

linear temporal drift; sound sequences; perceptual threshold; inter onset interval; tempo change, 33749

luminance mechanism; red-green isoluminant grating; temporal chromatic aberration; motion perception; detection threshold; direction discrimination; temporal frequency; luminance noise, 21283

memory formation; time-dependent long-term stage; temporal parameters; passive avoidance task; spatial learning task; retention; chicks, 21432

radial phantom motion; spatial dependencies; temporal frequency tuning; stimulus size; motion aftereffects, 30623

rate coding; temporal coding; multilayered feedforward networks; spike timing; neural network; synchronous firing; response time; neuron heterogeneity, 6156

regulatory focus; temporal distance; goal importance; retrospective judgments; temporal perspective; temporal effect; cognitive processes, 3370

spatiotemporal separability; human cortical response; speed mechanism; visual motion speed; neural activity, 12893

synaptic efficacy; synaptic plasticity; short-term plasticity; long-term plasticity; spike timing; spatiotemporal patterns; neocortical synapses; temporal patterns; sequence learning, 15580

temporal attention; alpha rhythms; electroencephalography; event-related desynchronization; event-related synchronization; visual cue; human brain, 21535

temporal coding; temporal patterns; taste response; sensation; taste quality; electrical stimulation; brain; rats, 7043

temporal discounting; reinforcer durations; reinforcer magnitude; reinforcer delay; pigeons; human choice; concurrent-chains, 24572

temporal information; dynamic spectral information; gated stop consonant; static spectral representation; misclassification rates; stop bursts; naturally produced stimuli, 9612

temporal integration; temporal relationships; backward associations; coding hypothesis; rats, 462

temporal relations; temporal references; sentence comprehension; subordinate clauses, 24433

temporal relationship; conditioned inhibition; temporal control; associative structure; conditioned stimulus; temporal coding; posttraining manipulation; training extinction-unconditioned stimulus, 27611

temporal representations; cortex; split-brain patient; cortical contributions; subcortical contributions; visual field, 19985

temporal structure; spike trains; neuronal ensembles; time scale; nervous system; statistical strategy, 15129

THEME method; temporal patterns; cognitive processes; choice behavior; schizophrenia; mood disorders; schizoaffective disorder; severe anxiety disorders; mania; diagnosis; drug treatment; gender, 19324

Temporal Frequency—Chapters

Cerebral substrates for musical temporal processes, 8330

Temporal Lobe [See Also Auditory Cortex]—Serials

acoustic startle reflex modulation; fear; emotional stimuli; amygdala; anteromedial temporal lobe; unilateral damage; bilateral temporal lobe damage; startle reflex potentiation, 19952

allocentric spatial memory; egocentric spatial memory; unilateral temporal lobectomy; anterior temporal lobe; target location; object cues; spatial working memory; neurosurgical participants, 29110

amnesic patients; frontal lesions; verbal recognition memory; medial temporal lesions; false recognition; false alarms, 11306

amygdala volume; hippocampus volume; bipolar disorder; medial temporal lobe, 10735

anterior temporal lobectomy; postoperative memory; memory decline; neuropsychological testing; complex partial seizures; anterior temporal lobe; hippocampal sclerosis, 22970

anterior temporal lobectomy; veterans; comorbidity; postoperative seizure; quality of life; employment status; epilepsy; outcome, 11660

anterior ventromedial temporal lobe; olfactory dysfunction; schizophrenia; structural brain abnormalities, 10810

anteromedial temporal lobe; localized neocortical resections; epilepsy; patients; surgical therapy; partial seizures; disabling seizures, 4992

antidepressant treatment; tiagapine; apoptosis; hippocampal dentate gyrus; temporal cortex; major depression, 27917

antidepressant treatment; temporal lobe epilepsy; major depression; antidepressants, 11516

aromatase inhibition; testosterone; seizures; brain excitability; temporal lobe epilepsy; sexual dysfunction; letrozole, 22947

associative memory; inferotemporal cortex; memory encoding; monkeys, 21651

associative recognition; amnesic patients; medial temporal lobe; associative memory; diencephalon; word pair association, 5002

auditory event-related potentials; temporal lobe epilepsy, 11220

auditory selective attention; regional cerebral blood flow; hemispheric lateralization; continuous speech; brain activity; superior temporal areas; auditory cortices, 3595

auditory sources; auditory evoked fields; source modeling; pediatrics; models; temporal lobe, 10199

axonal fibers; axonal injury; language network; primary progressive aphasia; Alzheimer's disease; superior longitudinal fasciculus; temporal lobe; brain metabolites, 22917

basal ganglia damage; latent learning; medial temporal lobe; associative learning; medicated Parkinson's patients; amnesic patients, 5040

brain activation; grapheme-to-phoneme conversion; phonologic processing; time course; reading; temporal lobe; reading; syllables, 9674

brain lesions; anterior thalamus; contralateral inferotemporal cortex; monkeys; learning; spatial perception; unilateral lesion; topographical memory, 27781

Volume 91 SUBJECT INDEX

Temporal Lobe—Serials

Temporal Lobe—Serials

Brief Visuospatial Memory Test-Revised; neuropsychological evaluation; epilepsy surgery; right temporal lobe dysfunction; figural learning, 21164
California Verbal Learning Test; confirmatory factor analysis; auditory attention; temporal lobe epilepsy; verbal learning; inaccurate recall, 9442
category-related response patterns to faces vs houses vs chairs in occipital vs temporal cortex, adults, 572
category-specific modulation; inferior temporal activity; working memory; encoding; memory maintenance; visual memory, 24395
central dopaminergic activity; kainate model; temporal lobe epilepsy; schizophrenia; epileptic psychosis; rats, 27850
cognitive consequences; epilepsy; memory impairment; verbal memory; epileptic surgery; temporal lobe epilepsy, 11246
cognitive functioning; neuropsychological test performance; temporal lobe epilepsy; visual-spatial memory; emotional functioning; seizure lateralization; language; visual perception; attention, 35249
complex regularity; learned associations; human memory systems; medial temporal lobe; implicit learning task; basal ganglia; fMRI data; behavioral data, 21509
conditional discrimination learning; bilateral medial temporal lobe amnesia; eyeblink conditioning, 8244
cortical auditory processing; cortical auditory communication; autism; electrophysiological relations; behavioral relations; temporal sites; auditory evoked potentials; verbal & non-verbal abilities, 11069
criminal psychopaths; temporal lobe abnormalities; semantic processing; linguistics, 25928
declarative memory formation; memory retrieval; event-related functional magnetic resonance imaging; medial temporal lobe, 18622
dementia with Lewy bodies; butyrylcholinesterase activity; cognitive deficits; cognitive function; temporal cortex; acetylcholine; cholinergic activities, 16809
dentate granule cells; temporal lobe epilepsy; somatostatin; parvalbumin; receptor inhibition; rats; model of epilepsy; GABAergic inhibition, 15527
differential aging; medial temporal lobe; entorhinal cortex; hippocampal volume; shrinkage rate, 27780
divided attention; memory interference; temporal lobe function; neuropsychological testing; word test; animacy decision task; numbers; associative retrieval; distracting task, 27728
eating disorders; right temporal lesions; bulimia nervosa; anorexia nervosa, 10661
emotional facial paresis; temporal lobe epilepsy; TLE; patient selection; surgery; clinical evaluation; imaging evaluation; electroencephalographic evaluation, 5008
entorhinal volume; hippocampal volume; memory; older adults, 6978
environmental destination strategies; spatial strategy; lesions; temporal lobe; hippocampal function; caudate nucleus; imaging; neuropsychological results, 27716
event-related brain potentials; superior temporal gyrus; neural generators; electroencephalography; magnetoencephalography; auditory stimulation; P50, 9908
evoked potentials; attention level; visual tasks; task performance; passively perceived stimuli; irrelevant stimuli; parietal leads; temporal leads, 7033
face recognition; familiar people; anterior temporal atrophy, 22934
facial expression; face memory; temporal lobe; epilepsy, 13945
familiarity; perirhinal cortex; temporal lobe; familiarity discrimination; recognition memory; Hebbian learning; anti-Hebbian learning; neurons; hippocampal region, 15483
first-episode schizophrenia; morphometric changes; brain morphology; cerebral hemispheres; temporal lobes; cerebellar hemispheres, 22526
frontotemporal connectivity; genetic risk; schizophrenia; pathophysiology; sibling study, 7917
frontotemporal lobar degeneration; Alzheimers disease; incidence rate, 29136
functional neuroanatomy; medial temporal lobe; memory system; neural circuitry; hippocampal; primate brain; episodic memory; declarative memory; relational memory; monkey, 18614
GABA(B) receptor; polymorphism(G1465A); temporal lobe epilepsy; dysfunction; Aminobutyric acid; pathogenesis; genetic contribution; cloned human GBABA(B) receptor; TLE, 4998
Ganser Syndrome; symptoms; frontal-temporal lobe dementia; cognitive decline; malingering; mild organic impairment; organic dementia, 4524
Gilles de la Tourette's syndrome; side effects; neurosurgery; temporal lobectomy; epilepsy; epileptic seizure control; tics; obsessive-compulsive behavior; attention deficit disorder; paranoia, 2286
glucocorticoids; regional cerebral blood flow; medial temporal lobe; declarative memory retrieval; human males, 21823

glutamate carboxypeptidase II gene expression; schizophrenia; frontal lobe; temporal lobe; prefrontal cortex; hippocampus; biological markers; physiological correlates; ribonucleic acid, 10784
gyral folding; cortical surface contours; gyrification index; temporal lobe; frontal regions; sulco-gyral differences; first-episode schizophrenic patients, 10788
Henry Charlton Bastian; language centers; cortex; occipital lobe; temporal lobe; glossokinesthetic centers; cheirokinesthetic centers, 18574
hippocampal adaptation; mild cognitive impairment amnesic type; encoding; medial temporal lobe; elderly; face repetition; memory problems; aging, 20003
hippocampal atrophy; familial mesial temporal lobe epilepsy; FMTLE; seizure type; hyperintense T2 signal, 5016
human spatial navigation; cellular networks; hippocampus; medial temporal lobe; frontal lobe, 334
inferior temporal cortex; object recognition; shape changes; neuron; shape tuning; macaques, 21612
inferior temporal cortex; visual patterns; texture patterns; monkey; natural objects; GABAergic inhibition, 12895
inhibitory control; long-term memory; temporal lobes; frontal lobes; brain damaged patients; frontal lesions; temporal lesions, 4980
interhemispheric dissociation; frontal language region; temporal language region; focal epilepsy; lateralization, 11227
interictal facial-wiping; preictal facial-wiping; postictal facial-wiping; temporal lobe epilepsy, 11280
interstimulus interval; selective attention task; differential modulation; somatosensory N140; temporal components; frontal components; event related potentials, 18642
intracarotid amyl procedure; temporal lobectomy; neurosurgery; amygdalohippocampectomy; male patients; temporal lobe epilepsy; cerebral language dominance; lateralization of seizure focus; memory, 2283
intractable temporal lobe epilepsy; flumazenil; diffusion-weighted MRI; presurgical assessment; interictal apparent diffusion coefficient; epileptogenic focus, 17172
Landau-Kleffner syndrome; aphasia; electrical brain discharges; temporal lobe; sleep; brief short-term memory impairment; recall; glucose metabolism, 1739
lateralizing value; neuropsychological testing; presurgical evaluation; mesial temporal lobe epilepsy; neuropsychological predictors; epileptic foci, 11266
Left anterior temporal lobectomy; functional neuroimaging; language deficits; fMRI; epilepsy patients, 16818
left inferior temporal lobe lesions; anomia; temporal lobe damage; naming impairment; naming performance, 29092
longitudinal change patterns; frontotemporal lobar degeneration; syndromic variants; atrophy; fluid registration technique; progressive nonfluent aphasia, 32198
Magnetic Resonance Imaging slice thickness; entorhinal cortex volumetry; 3D volumetric acquisition, 6847
magnetoencephalography; temporal lobe; magnetic resonance imaging; language comprehension task, 379
manual skills anatomy; handedness; neuropsychologists; hemispheric function; language; speech lateralization; righthanders; left-handers; cerebral hemispheres; brain; temporal lobe; planum temporale, 18556
medial temporal lobe dysfunction; vulnerability indicator; schizophrenia; parahippocampal gyrus; family; psychosis; family; at risk persons; declarative memory; genetics; prodromal persons, 14942
medial temporal lobe; midbrain colliculi; inter-collicular sulcus; aging; hippocampus angle; spatial relationships; magnetic resonance imaging, 3638
medial temporal lobes; familiarity; recognition memory; encoding processes; hippocampus; brain regions, 6975
memory circuits; language; declarative model; procedural model; brain structure; temporal lobe; declarative memory, 21707
memory formation; epilepsy patients; hippocampus; rhinal cortex; medial temporal lobe, 15433
memory function; presurgical evaluation; Wada test; temporal lobe structures; functional magnetic resonance; positron emission tomography; temporal lobe seizures; cerebral plasticity; neuroscience, 3210
memory functions; nonmemory functions; chronic epilepsy; cognition; temporal lobe epilepsy; surgically treated patients; medically treated patients, 11649
memory performance; temporal lobe; identification performance; neural activity; explicit memory; memory changes, 27820
mesial temporal lobe epilepsy; hippocampal sclerosis; memory deficits; cognitive function; Hispanic patients, 11297
mesial temporal lobe; epilepsy; memory deficits; hippocampal atrophy, 13914
mesial temporal lobe; temporal lobe epilepsy; temporal lobe lesions; emotion recognition; facial emotion; emotional facial expressions; mesial temporal sclerosis; temporal lobe regions; MTS; TLE; ER, 5035

neural responses; fusiform gyrus; event-related functional magnetic resonance imaging; cerebral hemispheres; functional asymmetry; laterality; spatial frequency; visual images; temporo-occipital lobe, 18640
neural systems; word retrieval; brain lesions, 21566
neural conceptual knowledge; concept retrieval; temporal lobe; conceptual knowledge; brain lesions, 21566
neuronal aggregate formation; spatiotemporal dynamics; nonsynaptic seizure initiation; seizure frequency; seizure amplitude, 21542
neuronal degeneration; immunoreactivity; reactive astrocytosis; protein oxidation; rat striatum; histopathology; HIV; temporal progression, 12970
neuropathology; seizure control; cognitive outcome; anterior temporal lobectomy; Ammon's horn sclerosis; complex partial seizures; atypical mesial sclerosis; low grade tumor; neuropsychological tests, 17210
neurophysiology; linguistic components; motor components; word writing; prefrontal cortex; temporal lobe, 550
neuropsychological measurements; seizure onset side; presurgical assessment; temporal lobe epilepsy; temporal lobectomy, 17142
neuropsychological measures; neurocognitive function; borderline personality disorder; brain dysfunction; prefrontal cortex; temporal cortex; nonverbal memory; neuropsychological impairment, 13679
novel picture pairs; perirhinal cortex; encoding; retrieval; medial temporal lobe; brain; visual associative memory; long-term memory; fMRI; paired associates, 9875
object processing; representation; levels of specificity; perirhinal cortex; object identification; domain level naming; basic level naming; anterior and posterior inferior temporal cortex; neurons, 18616
object-location memory impairment; thermal lesions; hippocampus lesions; medial temporal lobe; spatial memory, 23005
obsessive-compulsive symptoms; temporal lobe epilepsy; right hemisphere epilepsy; left hemisphere epilepsy; symptom severity, 35292
opaque idioms; literal sentences; right vs left hemisphere; sentence comprehension; repetitive transcranial magnetic stimulation; frontal cortex; temporal cortex, 24700
paroxetine treatment; delusional disorder, somatic type; hypochondriacal delusion; hypoperfusion; temporal lobes; parietal lobes, 32443
paroxetine; cognitive impairment; frontotemporal dementia; disinhibition; impulsiveness; apathy; altered appetite; stereotypic behaviors, 23232
path integration; linear locomotion; human medial temporal lobectomy; hippocampal formation; epilepsy; self-motion signals; amygdala; lateral temporal lobe, 24412
patient survival; frontotemporal dementia; disease prognosis; clinical subtype; pathologic subtype, 8255
perirhinal cortex; anterior thalamic nuclei; lesions; learning; memory, 6953
perirhinal cortex; brain lesions; visual discrimination; learning; rhesus macaque monkeys, 12817
perirhinal cortex; feature ambiguity; lesions; impaired object recognition; rats, 9869
perirhinal cortex; visual discrimination learning; visual secondary reinforcement; rats; visual stimuli, 6879
personality changes; temporal lobectomy; epilepsy; presurgical psychiatric difficulties; intractable seizures; psychological comorbidity; psychosocial reaction, 35626
phonology; posterior basal temporal area; auditory processing; visual language processing; semantics; epilepsy, 23013
point-light displays; ventral temporal cortex; visual motion; video clips; superior temporal sulcus; middle temporal gyrus; whole-body motion; fMRI; brain responses; event related design, 521
posttraumatic stress disorder; temporal lobe; cerebellum; cortisol; cerebral blood flow, 4659
proton magnetic resonance spectroscopy; first episode psychosis; ultra high-risk; neurobiology; schizophrenia; left medial temporal regions; left dorsolateral prefrontal regions; brain chemistry, 19499
pyramidal neuron; occipital cortex; prefrontal cortex; temporal cortex; cell morphology; pyramidal cells; owl monkey, 21577
recognition memory; hippocampal networks; neocortical networks; neural networks; hippocampus; medial temporal lobe cortex; recall; familiarity; operating characteristics; lesions; recognition, 428
refractory temporal lobe epilepsy; peri-ictal water drinking behavior, 16836
regulatory focus; temporal distance; goal importance; retrospective judgments; temporal perspective; temporal effect; cognitive processes, 3370
right vs left mesial temporal lobe epilepsy; postsurgical ability; material specific intelligence; verbal ability; non-verbal ability, 2304
seizure pattern; seizure frequency; circadian rhythms; temporal lobe epilepsy; extratemporal lobe epilepsy; day; night, 13990

semantic memory consolidation; word categories; medial temporal lobe brain activation; nouns; age differences; knowledge categories; elderly; senior citizens; young adults, 3787

semantic processing; criminal psychopaths; temporal lobe abnormalities; linguistics, 25929

shaded pattern ambiguity perception; light source position; event related potential; stimulus orientation; occipital lobe; temporal lobe; visual system, 6512

single neuron; sensory interactions; vestibular responses; stimulus conditions; vestibular signals; neuronal responses; medial superior temporal cortex; population encoding; monkeys, 21655

skill switching; savants; brain damage; savant skills; frontotemporal lobe; magnetic stimulation, 34081

sleep-related hyperkinetic seizures; temporal lobe origin; nocturnal frontal lobe epilepsy; frenetic movements; hyperactive movements, 29160

somatiform disorders; temporal lobectomy; epilepsy surgery, 26501

source memory; content memory; unilateral frontal cortex excision; temporal lobe excision; information encoding, 23008

spatiotemporal rescue; memory dysfunction; Drosophila; temporal gene expression; regional gene expression, 9764

spoken word recognition; cortical organization; receptive language functions; Chinese; English; Spanish; neurophysiological activity; temporal & temporoparietal brain areas; hemispheric dominance, 18617

structural disconnection; cortical connectivity; frontotemporal & frontoparietal connections; schizophrenia; frontotemporal & frontoparietal white matter tracts; diffusion tensor MRI, 10780

superior temporal gyrus; P300; schizophrenia; magnetic resonance imaging; gray matter volume reductions; topographic asymmetry; event-related potentials, 16438

superior temporal gyrus; schizophrenia; cortical responses; auditory responses; electroencephalography; EEG; MEG; magnetoencephalography; auditory stimuli; asynchrony; auditory stimuli, 16435

superior temporal sulcus activity; perceived gaze shift; visual target acquisition; event-related potentials; visual field, 18600

superior temporal sulcus; natural viewing; temporal cortex; temporal lobe; anterior part; body postures; cells; macaque; head posture; neural responses, 376

supramodal representation; inferior temporal cortex; ventral premotor cortex; object recognition, 18558

supratemporal plane; object distance; virtual reality; neural mechanisms; auditory distance perception; distance perception; auditory spatial simulations, 12616

surface cues effects; macaque inferior temporal cortical responses; objects recognition; surface information; color; texture; luminance; selective inferior temporal cortex neurons; rhesus monkeys, 3662

temporal horn; alzheimer's disease without cerebrovascular disease; medial temporal lobe atrophy; markers; CT-based measurement; validation; accuracy; sensitivity; diagnosis, 27342

temporal lobe abnormalities; semantic processing; criminal psychopaths; linguistics, 19721

temporal lobe damage; Herpes simplex virus encephalitis; learning disabilities; brain anatomy; intellectual functioning, 29184

temporal lobe epilepsy; electroencephalography responses; temporal lobe seizures; lateralization, 8320

temporal lobe epilepsy; epilepsy; serotonin; epileptic seizures; TLE; trophic effects; Brain-derived neurotrophic factors; BDNF, 16744

temporal lobe epilepsy; extratemporal lobe lesions; intractable epilepsy, 22899

temporal lobe epilepsy; hippocampus; immediate memory performance; delayed memory performance; temporal lobe; volume, 8250

temporal lobe epilepsy; intraventricular monitoring; endoscopic placement; intraventricular electrode array, 23002

temporal lobe epilepsy; medically treated patients; surgically treated patients; mesial temporal sclerosis; psychopathology, 11635

temporal lobe epilepsy; object processing; hippocampal function; visual memory; visual processing, 5076

temporal lobe epilepsy; reading acquisition; reading skills; metaphonological awareness; temporal lobe dysfunction; phonological awareness; twins, 8319

temporal lobe gray matter; never-medicated patients; schizophrenia; brain volume; illness duration, 4630

temporal lobe stimulation; anatomic distinction; auditory naming processes; auditory verbal processing; superior temporal gyrus; epilepsy; temporoparietal cortex; post-operative language decline, 15249

temporal lobe; face processing; face matching; face perception; hemisphere neurons; hemispheric specialization, 11271

temporal lobe; speech comprehension; narrative speech; linguistics, 21564

temporal lobes; dissociation; semantic knowledge; dementia; cerebral atrophy; right brain; left brain; face processing, 11301

temporal stability; Intrinsic Motivation Inventory, 6279

topiramate; memory performance; intracarotid amobarbital test; mesial temporal lobe epilepsy; antiepileptic drugs, 23256

transliminality; consciousness; awareness; temporal-limbic structures; sensory association cortices; hyperconnectivity; temporal lobe lability; British students; Australian students, 7706

verbal memory decline; anterior temporal lobectomy; ATL patients; verbal memory function; temporal lobe; risk factors, 23319

visual categorization; inferior temporal cortex; stimulus features; feature representation; macaque monkeys; visual oddball; prefrontal cortex; temporal cortex, 27822

visual recognition; visual recall; right temporal-lobe excision; temporal lobectomy, 11665

visuospatial information; long-term memory; unilateral anterior temporal lobectomy; mesial temporal lobe; facial recognition; visual patterns, 13932

von Restorff effect; amnesia; novelty; recognition memory; medial temporal lobe, 13964

Warrington Recognition Memory Test for Faces; interpretive strategy; diagnostic utility; temporal lobe epilepsy; psychometric properties; right temporal lobe; intelligence, 21161

Wechsler Memory Scale-3rd Edition performance; epilepsy patients; temporal lobectomy; memory, 18153

X-monosomy; X-linked imprinting; superior temporal gyrus; Turner syndrome; morphology, 1333

Temporal Lobe [See Also Auditory Cortex]—Chapters

Against memory systems, 3744

Cerebral substrates for musical temporal processes, 8330

Evidence concerning how neurons of the perirhinal cortex may effect familiarity discrimination, 3404

Neurologic aspects of prion diseases and frontotemporal dementias, 1887

Temporal Spatial Concept Scale [See Intelligence Measures]

Temporomandibular Joint Syndrome [See Musculoskeletal Disorders]

Temptation—Serials

depression; smoking; Transtheoretical Model of change; decisional balance; temptation; smoking cessation, 25601

ecological momentary assessment; dietary temptation; dietary relapse; obesity; postmenopausal women; weight-loss intervention, 17100

Temptation—Chapters

Willpower, choice, and self-control, 16306

Tendons—Serials

vibratory sense evaluation; neurologic evaluation; tendon reflexes; sensory nerve conduction; sensory exam, 27774

Tennis—Serials

affect related performance zones; performance; collegiate tennis players, 20975

Tension Headache [See Muscle Contraction Headache]

Tenure (Occupational) [See Occupational Tenure]

Tenure (Teacher) [See Teacher Tenure]

Teratogens—Serials

long-term development; behavioral teratogenicity; prenatal nicotine exposure; rats; neonatal development, 21917

Terminal Cancer—Serials

cancer pain management; advanced breast cancer; breast cancer patients; antipsychotic drug; flushing symptoms; sweating symptoms; olanzapine, 17211

Chinese medicine; terminal cancer patients; Chinese culture; ethical principles; Chinese families; palliative care; attitude to death; cancer; cultural characteristics; medical truth disclosure, 17560

delirium; terminally ill cancer patients; perceived distress; emotional distress; family members; bereavement, 19917

dysphagia treatment; esophageal cancer; quality of life; physical experience; social life, 22887

family caregivers; cancer patients; caregiver strain; physical well-being; caregiver self-efficacy; negative mood; positive mood; end of life pain management; quality of life, 17372

hypnosis; Existential Psychotherapy; end-stage terminally ill cancer patients; management of pain, nausea & vomiting; death anxiety; existential isolation & meaninglessness; Ericksonian techniques, 35611

midazolam dose; palliative care literature; symptom palliation; terminally ill cancer patients, 5441

National Cancer Center; Milan; terminal cancer patients; therapeutic approaches; diagnostic approaches; Palliative Care Unit; demographic data, 17396

palliative care patients; psychiatric assessment; clinical nurse specialist; depression; cancer, 17385

palliative home care team; PHCT; advanced cancer; hospital utilization; hospital admissions; metastatic cancer, 17360

physician-patient relationship; patient physician bonds; chronic illnesses; cancer patient; physician's perspective; cancer death, 32513

quality of life; symptom distress; advanced cancer patients; well being; QOL; Karnofsky Performance Status over-time; KPS, 5429

risperidone; terminally ill; cancer patient; torsades de pointes syndrome; delirium, 35656

single session groups; developmental stages; terminal cancer patients; coping techniques; support groups; social group work, 11427

symptom experiences; advanced case cancer patients; psychological & physical symptom distress; family caregiver perceptions; Memorial Symptom Assessment Scale; reliability; validity, 6358

Terminally Ill Patients—Serials

art therapy; bone marrow transplant; psychosocial intervention; life-threatening illness; myelofibrosis treatment; therapeutic process; patient history; alcohol abuse, 8580

cancer patients; home hospice care; home care agencies; healthcare systems, 8792

cardiopulmonary arrest; medical interventions; arterial blood; life support discontinuing; breast carcinoma; brain, 14251

caregiver quality of life; demands of illness; profile of moods; caregivers; hospice staff; hospice patients, 5640

causes of loneliness; terminal illness; multiple sclerosis; cancer; sex differences, 11168

Chinese medicine; terminal cancer patients; Chinese culture; ethical principles; Chinese families; palliative care; attitude to death; cancer; cultural characteristics; medical truth disclosure, 17560

countertransference reactions; terminally ill patients; relational perspective; self-disclosure; group psychotherapy, 26318

death & dying; terminally ill patients; family members; personal meaning; living; experience of dying, 1052

decision making; hospice patients; terminal illness; patient perspective; lung cancer, 17364

dementia care; cancer care; ill cancer patients; dementia patients; support groups; family support; respite care, 17536

depressive symptoms; social support; cancer patients; self-esteem; Netherlands, 1819

doctor-patient relationship; informed consent process; medical decision-making; prognostic disclosure; patient involvement; terminally ill patients; oncologist; cancer patients; client education, 14604

dying; spirituality; health care professionals, 32643

educational program; care attitudes; educational intervention; terminally ill persons, 5639

emotional needs; personal needs; dying patients; physician attitudes; patient perspectives; family perspectives; emotional support; personalized care; health care providers, 5143

end of life care; ethics; therapy; terminal illness; death; existential approach; stage model; reinforcement model; integrated model, 5370

end of life care; institutional settings; dying experience; home; nursing homes; hospitals; deaths, 14401

end-of-life care; mental illness; community psychiatry; stereotyping; patients, 29593

end-of-life care; psychiatric care; care recipients; pain control; psychiatric symptoms; advance directives; caregiver burden; hospice programs; care settings; dementia, 17384

end-of-life decisions incidence; general practitioners; end-of-life decisions characteristics, 29922

European Americans; African Americans; hospice providers; hospice patients; demographics; hospice use; hospice service; Latinos, 17359

facing mortality; enabling patient styles; prognostic uncertainty; survival estimates; caring; dying patients; medicine limitations; treatment; patient lifestyle; caregivers; good death, 10616

family caregivers; cancer patients; caregiver strain; physical well-being; caregiver self-efficacy; negative mood; positive mood; end of life pain management; quality of life, 17372

family caregivers; end of life; patient care; family caregiving; physician roles; terminal patients, 26672

family caregivers; end of life; patient care; family caregiving; physician roles; terminal patients, 26678

family members; terminally ill; professional home care; family structure; elder care; Netherlands, 8790

heart failure patients; quality of life; palliative care; treatment planning, 26677

Terminally Ill Patients—Serials

hospice care; cancer patients; decision making, 11845
hospice care; family characteristics; negative perceptions; primary caregivers; family members; satisfaction; patient characteristics, 17358
hospice referral decisions; hospice programs; physicians attitudes, 32957
hypnosis; Existential Psychotherapy; end-stage terminally ill cancer patients; management of pain, nausea & vomiting; death anxiety; existential isolation & meaninglessness; Ericksonian techniques, 35611
Life Closure Scale; psychometric testing; psychological adaptations; death and dying; terminal illnesses; home hospice; end-of-life, 27350
medical students training; end-of-life communication; clinical instructional strategies; medical school; perceptions, 12032
midazolam dose; palliative care literature; symptom palliation; terminally ill cancer patients, 5441
muscular dystrophy; palliative care model; medical technology; health system; family carers; end stage care; neurodegenerative condition; quality of life; motor neuron disease, 23558
music therapy; family members; imminently dying hospice patients; acute care unit; terminally ill patients, 17377
occupational therapists; palliative care; professional experiences; occupational therapy; personal connections; professional connections; terminally ill patients, 17468
palliative care; care providers; Netherlands; moral problems; practical ethics; terminally ill patients; quality of care, 17368
palliative care; immune deficiency syndrome; patient autonomy; end-of-life care; hospice movement; chronic illness; pharmacology; cancer, 14388
palliative care; symptom burden; cancer diagnosis; pain; anorexia; constipation; weakness; dyspnea; symptoms; prevalence, 17380
palliative care; US medical systems; antemortem care; care quality; terminally ill patient; patient wishes; clinical empowerment; conflict management; professional ethics, 11788
palliative sedation therapy; euthanasia; medical treatments; refractory distress; intentional sedation; mild sedation; intermittent deep sedation; continuous deep sedation; physician-assisted suicide, 5403
pastoral counseling; pastoral counselor; shared values; death; shared societal values, 29457
Physician experiences; late-stage HIV patients; dying patients care; physician role; palliative care; end-of-life care; role hindrance; highly active antiretroviral treatments; HAART, 11717
physician-assisted suicide; patient attitudes; euthanasia; noncurable malignancy patients; depression; coping strategies, 17379
return migration; parental assistance; parental caregiving; return migrants; persons with AIDS; AIDS testing; AIDS patients; parental care; terminally ill patients; Thailand, 2462
sexuality; end of life; nursing education; nurses; sexual relationship; sexual intimacy, 14431
surrogate decision making; end of life; terminally illness; family members, 35824
symptom management; symptom distress; care pathways; hospice; dying patients; distress, 14426
terminal restlessness; sedation; tranquilizer, 8728
terminal restlessness; terminal restlessness management; family member experiences, 8788
terminally ill patients needs; chronic obstructive pulmonary disease; community; primary care, 29006
Terminally Ill Patients—Chapters
Interventions at the end of life, 17341

Territoriality—Serials
adult male emigration; female-based social organization; swift foxes; Vulpes velox; territory maintenance; family structure; food provisioning, 21469
ambient noise; territorial advertisement; blue-throated hummingbird; amplitude modification, 3529
animal kingdom; understanding behavior; territorial defense; appropriate methods; scientific domains, 3461
animal sex differences; animal mating behavior; extraterritorial intrusions; conspecific intrusions; heterospecific intrusions; birds, 15407
bite wounds; population density; Eurasian badgers; Meles meles; wounding patterns; wounding rates; animal sex differences, 21416
black capped chickadees; eavesdrog; song contests; signaling interactions; singing performance, 18506
breeding site; nestling paternity; Hooded Warblers; territoriality; mating; Pennsylvania; mate fidelity, 15403
conditioned defeat; hamsters; aggressive behavior; territoriality; conditioned defeat duration; animal sex differences, 3515
dominance hierarchies; cleaning gobies; Elacatinus prochilos; foraging consequences, 18531
dominance; territoriality; competition; conditional breeders; conditional mating; variegated pupfish; Cyprinodon variegatus, 24592
ecological factors; animal behavior; striped mouse; South African karo; animal social behavior; foraging behavior; territoriality; communal breeding; animal paternal care, 12764

Terrorism—Serials

group size; *Phoeniculus purpureus*; territorial vocal rallying display; group composition; green woodhoopoe, 12762
loud calls; male companion behaviour; reproductive investment; alpha males; black howler monkey; numeric odds, 15406
male song; greater white-lined bat; animal vocalization; mate attraction; territoriality, 24581
mating system stability; cuterebra austeni; perching territory; site fidelity, 27642
opposing hormonal mechanisms; territorial aggression; testosterone manipulation; multiple winning experiences, 21915
plasma testosterone; corticosterone levels; simulated territorial challenge; male great tits; hormones; animal behavior; egg-laying; incubation; nestling; animal breeding, 27681
public information; breeding habitat selection; environmental cues; density dependence; breeding site; patch reproductive success, 6698
social behavior; white-handed gibbons; group social interactions; neighboring groups; social contact; group size; play; grooming, 21447
social influence; ranging patterns; chimpanzees; tai national park; community size influence; community composition; home range size; adult male numbers, 3518
song repertoire; duetting behavior; tropical boubou; *Laniarius aethiopicus*; territorial defense; mutual mate guarding, 30792
spacing patterns; stray cats; male reproductive success; promiscuous mating system, 30805
spatial claiming; place use; property ownership; teenagers; territorial place-making; public spaces; conflict between adult and teenage property claims, 31207
territorial aggression; hormones; non-breeding season; anti-bird; hormonal control; males; females; sex steroid precursors; dehydroepiandrosterone, 15716
territorial aggression; plasma testosterone; brain aromatase activity; free-living pied flycatchers; reproductive season, 21798
territorial response; heterospecific vocal trait; male collared doves; signal traits response; signal evolution; trilled vocalization; trait loss; song complexity, 3535
territorial songbirds; vocal amplitude; song intensity; male-male vocal interactions; social influences, 18472
territoriality; neighbor assessment; Brown Jay; Costa Rica; defence mechanisms; territorial interactions; intergroup encounters; extra group mating; aggressive behavior; breeding status; social groups, 15398
territoriality; testosterone levels; sparrows; aggressive behavior; breeding season; animal mating behavior, 18507
territory defense; song sparrows; territory tenure; neighbor aggressiveness; reproductive success, 18490
testosterone; social behavior; territorial intrusion; female mice; progesterone; estradiol; animal territoriality, 3842
white-faced capuchins; male dispersal patterns; Cebus capucinus; age differences; breeding dispersal; emigration; intragroup mating competition; increased reproductive opportunities, 21467
white-faced capuchins; male dispersal patterns; Cebus capucinus; natal emigration; emigration patterns; proximate causation, 21466
Terrorism—Serials

terrorist attacks; psychological consequences; behavioral reactions; help-seeking behavior; counseling; psychological distress; social support, 32522

terrorist attacks; psychological consequences; behavioral reactions; help-seeking behavior; counseling; psychological distress; social support, 32518

terrorist attacks; psychological consequences; behavioral reactions; help-seeking behavior; counseling; psychological distress; social support, 32517

terrorist attacks; psychotherapeutic interventions; criminal assaults; disasters; war; trauma treatment; survivors; terrorism, 23143

terrorist attacks; recall; flashbulb memory; Alzheimers disease; information encoding; information storage, 26176

terrorist attacks; war; George W. Bush; political issues, 34518

terrorists; antisocial personality disorder, 25761

terrorists; retaliation against terrorists; terrorism; terrorist attacks; terrorist threat; Al Qaeda attacks, 13771

thanatology; macrothanatology; large-scale death; terrorist attacks; war; disease; natural disasters; extinction, 24147

threat appraisals; distress; positive life change; psychological impact; terrorist attack; September 11, 25115

time impact; emotional impact; personal memory; event memory; terrorist attack; personal autobiographical information; event information; flashbulb memories; participant involvement; September 11, 12707

unconscious fantasies; motivational bases; political history; political events; Middle East; Osama bin Laden; ideology; Islam; personality; terrorist leader, 25401

violence; genocide; intergenerational transmission; human nature; terrorism, 34436

World Trade Center attack; public health; health care infrastructures; environmental health; occupational health; mental health; social services, 14374

World Trade Center; elevated psychological distress; traumatic experiences; psychological effects; New York City; September 11th; postdisaster psychological distress; terrorism, 25750

youth political views; 9/11 youth experience; World Trade Center disaster; posttraumatic stress disorder; terrorist attacks, 28187

Terrorism—Books

Creating cultural motifs against terrorism: Empowering acceptance of our uniqueness, 4194

New York voices: The trauma of 9/11, 10841

Terrorism and disaster: Individual and community mental health interventions, 156

Terrorism—Chapters

Applications from previous disaster research to guide mental health interventions after the September 11 attacks, 1544

Volume 91 SUBJECT INDEX

Terrorism—Chapters

The children of Oklahoma City, 2430
Clinical intervention for survivors of prolonged adversities, 2028
A consultation-liaison psychiatry approach to disaster/terrorism victim assessment and management, 1967
Individual and organizational interventions after terrorism: September 11 and the USS *Cole*, 1962
Introduction: September 11, welfare reform, educational opportunity, and the lives of children, 23935
An Islamic school responds to September 11, 23861
Leadership in the wake of disaster, 1054
Population-based health care: A model for restoring community health and productivity following terrorist attack, 2425
Psychological effects of contamination: Radioactivity, industrial toxins, and bioterrorism, 1748
Reflections on September 11, political invisibility, and teaching, 23794
September 11, 2001 and its aftermath, in New York City, 1965
Terrorism and disasters: Prevention, intervention, and recovery, 2431
Trauma, terrorism, and disaster, 1397
Traumatic death in terrorism and disasters: The effects on posttraumatic stress and behavior, 1545
Test Administration—Serials
administration method; reading span test; reading comprehension ability; predictive power; criterion validity; working memory, 24306
computerized adaptive testing; multiple-form structure; testlets; Law School Admission Test, 24163
dementia patients; Neuropsychiatric Inventory; neuropsychiatric symptoms; caregiver administration, 15071
errors; temporal spacing effect; variable lag; associative learning; delay before test, 431
formative classroom assessment; cooperative groups; Vygotsky; random assignment; group discussion; student attitudes; testing methods, 222
juvenile competence to stand trial; psychologists; forensic evaluations; psychological assessment; forensic tests; test usage, 166
psychometric qualities; delirium measurement; testing procedures; test reliability; test validity; rater quality, 6251
questionnaire order; HIV; STD; risk perceptions; self-reported sexual behavior; protection strategy ratings, 9466
Rey Complex Figures; Taylor Complex Figures; age; gender; order of administration; copy time; copy score; recall performance; memory; visual perception, 3138
situational judgment tests; test instructions; psychometrics; construct validity; test reliability; college students, 15107
testing accommodations; read-aloud accommodation; reading achievement tests; teacher attitudes; student attitudes; actual effects; perceived consequences; disabled students; eighth-graders; teachers, 12203
Tower of London; instructions; cueing; learning; difficulty levels; planning ability; online vs mental preplanning; errors, 6349
unbiased assessments; visually impaired students; Minnesota; student achievement; review committee; assessment evaluation; item analysis; format review; test administration instructions, 9480
Test Administration—Chapters
Trained third-party presence during forensic neuropsychological evaluations, 3217
Test Anxiety—Serials
assisted self-adapted test; computerized adaptive test; psychometrics; psychological characteristics; anxiety, 15100
behavioral treatment; test anxiety; professional examinations; systematic desensitization; self-control; muscle relaxation; medical students; physicians; dual deficits; psychoeducation, 32328
cognitive test anxiety; text comprehension; recall; external evaluative pressure; student memory, 21364
computer-administered exams; student anxiety; introductory psychology students, 33096
memory bias; pre-exam anxiety; recall; self-esteem, 412
optimism; attributional retraining; test anxiety; academic achievement; voluntary course withdrawal; academic risk factor, 33137
school performance; sleep; intelligence; motivation; achievement motivation; test anxiety, 30039
test anxiety measurement; scale development; internal construct validation, 33599
test anxiety research; individual differences; attitudes; cognitive processes, 36172
test anxiety; learning disabilities; personality profiles; emotionality; worry; college maladjustment, 35109
test anxiety; perceived stress; psychoneuroendocrinology; academic examinations; research; experimental design; test difficulty; repeated measures; terminology; within subjects, 6459
test anxiety; susceptibility to distraction; examination performance, 36158

test anxiety; test expectancy; retention; intelligence levels, 12700
Test Bias [See Also Cultural Test Bias]—Serials
apparatus bias; conditioned place preference; ethanol; place conditioning; methodological problems; unbiased procedure; preferred stimulus; initial cues bias; rewarding drug effect; measurement, 9529
Rasch analytic procedures; item bias; differential item functioning; English language test; undergraduate students; native English speakers; non-native English speakers, 12530
Ravens Advanced Progressive Matrices; sex differential item functioning; general intelligence; spatial test; visuospatial nature; test bias, 21108
Test Bias [See Also Cultural Test Bias]—Chapters
Best practices in detecting bias in nonverbal tests, 125
Test Bias (Cultural) [See Cultural Test Bias]
Test Coaching—Serials
educational interventions; student needs; student course design; medical students; study skills; objective structured clinical examination; examination scores; course evaluation, 17500
head injury; coaching; neuropsychology knowledge; malingering detection; simulated malingering; motivation; compensation; blame avoidance; post concussive symptoms; warning of malingering; memory task, 11249
test coaching; attorneys; legal standards; neuropsychological assessment; psychological tests; psychological assessment; forensic settings, 32891
Test Construction [See Also Content Analysis (Test), Difficulty Level (Test), Item Analysis (Test), Item Content (Test), Test Bias, Test Forms, Test Items, Test Reliability, Test Standardization, Test Validity]—Serials
16 Personality Factors; fifth edition; hierarchical structures; NEO Personality Inventory; higher level dimensions, 15032
Adolescent Health Promotion Scale; psychometric properties assessment; unhealthy lifestyle; reliability; item analysis; test development; construct validity; factor analysis; Taiwanese adolescents, 15087
aerobic exercise equipment preference; Rasch analysis; instrument validity; older adults; instrument development; construct validity, 9358
alternate assessments; reading; math; development; reliability; initial validity; students; disabilities; student performance; standardized tasks, 227
alternative parameterizations; measurement model; test agreement; test development, 30522
Ameobic Self Scale; test development; body & social & spatial symbolic self representation; boundary threat & disgust sensitivity; values; authoritarianism; unfamiliarity; out-groups; vermin; aversion, 9383
Arabic Scale of Death Anxiety; test development; test validation, 27257
asian american multidimensional acculturation scale; scale development; factor analysis; test reliability; test validity; psychometric properties, 12445
Asian American Racism-Related Stress Inventory; test development; factor analysis; test reliability; test validity; college students, 9399
athletic identity; exercise behavior; physical activity; Athletic Identity Questionnaire; scale development; test validity, 18075
attachment-based measures; attachment styles; psychotherapy; mental health professionals; interview schedule; clinical validity; test development; attachment formulations, 27313
Attention-Affect Check List; acute mental stress; cognitive processes; coping behavior; attention; unpleasant affect; uncontrollability, 24222
autistic spectrum disorder; test-retest reliability; test validity; psychometrics; Developmental, Dimensional and Diagnostic Interview; computerized assessment, 27322
beck depression inventory; psychometric properties; test development; spanish language test version; self report; depression; reliability; validity, 9380
Big Five model; personality assessment; questionnaire development; TPQue; Traits Personality Questionnaire; validity; reliability; test-retest reliability; internal consistency, 30425
biographical data; biodata measure; situational judgment inventory; college student performance; college entrance tests; Big Five personality constructs; racial subgroups scores; student selection, 15106
brief bipolar disorder scale; bipolar disorder; test development; psychometrics; symptom severity; Texas Medication Algorithm Project, 30440
cancer children fatigue; parents; fatigue instruments; instrument development; content validation; psychometric properties; child cancer patients, 3226
cancer patients; outpatient clinics; care efficiency; psychosocial problems; caregivers; psychosocial screening; screening instrument development, 30461

Test Construction—Serials

Childhood Neurologic Disability Scale; ICND; pediatric epilepsy; physical disability; neurologic disability; cognition; children, 3185
childhood teasing; psychosocial distress; social behavior; Teasing Questionnaire-Revised; psychometric properties, 33479
children; word decoding skill; lexical decision task; oral reading; second grade students; test validity; test reliability, 27288
clinical global impression-schizophrenia scale; schizophrenia; symptoms diversity; cognitive symptoms; depressive symptoms; validity; reliability, 21137
Cocaine Effects Questionnaire; psychometrics; test reliability; test validity; test construction; substance abuse, 21154
cognitive outcomes; rural environment; Kenya; neuropsychological battery; test development; Kaufman Assessment Battery for Children; cerebral malaria; reliability; validity, 18156
college students; reading strategies; comprehension; reading school-related materials; studying; Metacognitive Reading Strategies Questionnaire; self-report instrument, 24312
communal strength; motivation; partner's needs; test development, 24214
compulsive behavior; symmetry; obsessive-compulsive disorder; psychometrics; test validity; self-report measurement, 30462
concerns; HIV-positive people; scale development; psychometrics; factor analysis; heterosexual women; heterosexual men; sexual orientation; coping behavior; diagnosis, 9461
Congenital Heart Disease-TNO/AZL Adult Quality of Life; health-related quality of life; congenital heart disease; test development; test validity; young adults, 24295
conscientiousness; personality; psychometric properties; assessment; validity; conscientiousness scales; test development, 30414
construct validation; organization socialization; scale development; newcomer, 230
construct validity; self-report measure; Teacher Beliefs Survey; constructivist teaching; traditional teaching; learning, 18186
consumer perceptions; meaningful response categories; specific product attributes; rating scales, 21210
Contextual Assessment of the Maternity Experience; risk factors; emotional disturbances; pregnancy; post-partum depression; major depression; minor depression; psychometrics, 27260
coping mechanisms; sense of belonging; measures; test reliability; part-time college students, 26961
criminal legal system; test reliability; rule-violating behaviors; Attitudes Toward the Criminal Legal System Scale; test validity; authoritarianism, 24176
curiosity; personal growth; self-regulation; novelty-seeking; Curiosity and Exploration Inventory; psychometrics; test validity; test construction, 24212
curricular treatments; high school classes; student attitudes; science classes; relevance of science; questionnaire development; computer based activities, 9486
dementia; mild cognitive impairment; cognitive screening; test construction; DemTest screening test, 18131
development & factor analysis & reliability & discriminant & convergent validity of Attitudes Regarding Bisexuality Scale, heterosexual & bisexual & lesbian & male homosexual 15-61 yr olds, 9359
development of handedness; performance-based measure; WatHand Box Test; test development; test validity; age differences; children; adolescents; adults, 6262
development; reliability; validity; factor structure; Moorong Self-Efficacy Scale; spinal cord injury; daily activities, 158
development; standardization; computerized finger tapping test; finger tapping devices; psychometric properties; gender; age, 33576
development; validity; Discrete Emotions Emotional Labor Scale; business students; employees, 9492
development; validity; discriminant function analysis; Strong Interest Inventory; occupations; scale development, 9491
developmental screening tests; developmental delay assessment; Fragile X syndrome; Battelle Developmental Inventory Screening Test; Early Language Milestone scale-2; Denver-II test, 15002
diagnostic inventory for depression; self report scale; DSM-IV; major depressive disorder; test development; validity; psychosocial impairment; quality of life, 9440
Drive for Muscularity Attitudes Questionnaire; reliability; factor structure; appearance self-esteem; level of vanity; body figures; physiques; body image investment; validity; men, 9402
eating concerns; measurement; Eating Disorders Inventory; Black girls; body dissatisfaction; emotional distress; ethnic backgrounds; White girls, 18084

- emotion; child's tone; voice; test construction; Diagnostic Analysis of Nonverbal Accuracy Child Paralanguage, 24194
- emotional regulation; test-taking scale; test development; test validity, 33596
- emotional stability; core self-evaluations; self-efficacy; personality traits; job outcomes; Core Self-Evaluations Scale; scale development; scale validation; locus of control, 33514
- English proficiency measure; health survey research; older adults; language, 27358
- executive function; preschool-age children; clinical assessment; everyday context; scale development; Behavior Rating Inventory of Executive Function, 30447
- expressive language assessment; children; Pakistani heritage background; bilingualism; test development, 3152
- face validity; consumer scale development; scale item retention; expert judgment, 21207
- factor structure; Positive and Negative Perfectionism Scale; validation; sports; factorial composition, 24171
- fatigue scales; Fatigue Assessment Scales; psychometric qualities; instrument construction; fatigue dimensions, 15095
- Feedback Environment Scale; managers; test development; validation; reliability; management training, 9498
- female offenders; special needs; needs assessment instrument; treatment program; test validity & reliability; Female Offender Critical Intervention Inventory; FOCI; gender sensitive programs, 210
- focus groups; Chinese immigrants; immigrant families; cultural relevancy; instrument development; validity; focus group methodology; involvement of community members, 12477
- foster care; parent satisfaction; client satisfaction instrument; service experience; psychometrics; test development, 24172
- free time; motivation; self report measures; test development; test validity; Free Time Motivation Scale for Adolescents, 77
- Gambling Attitudes and Beliefs Scale; gamblers; male college student; pathological gambling; test development, 24281
- Gastroparesis Cardinal Symptom Index; gastroparesis; symptoms severity; test validity; test development; patient reported assessment; psychometric evaluation, 24300
- gender differences; Childhood Anxiety Sensitivity Index; anxiety sensitivity; children; adolescents; hierarchical structure, 33495
- General Motor Function Assessment; GMF; older rehabilitation patients; motor functions; function-related dependence; pain; insecurity; performance based measure; clinical practicality, 14969
- general worry; Three Item Worry Index; test development; validity, 30410
- Goal Orientation and Learning Strategies Survey; test development; test validation; student motivation; cognitive strategies; metacognitive cognitive, 18178
- Gray-Wilson Personality Questionnaire; questionnaire development; behavioral activation system; behavioral inhibition system; Russian adolescents; personality measurement; adjustment, 112
- Hangover Symptoms Scale; hangover symptoms; scale validation; test development; test evaluation; college students; self report inventory; college students; prevalence of symptoms, 9365
- health-related quality of life; diabetes dietary satisfaction and outcomes measure; type 2 diabetes; individual experiences; dietary lifestyle changes, 24289
- historical trauma; American Indian people; internal reliability; scale development; Historical Loss Scale; Historical Loss Associated Symptoms Scale, 24184
- HIV testing; at risk population; health care utilization barriers; heterosexuals; injected drug users; sex workers; male homosexuals; test development, 27347
- Homa1 te Waiora ki Ahau; measurement; well-being; Maori; construct validity; test development, 33476
- How I Feel; self report; emotional arousal; emotion regulation; test development; test validity, 118
- inadequate effort; malingered; Auditory Verbal Learning Test; test development & validation; Exaggeration Index; brain damage; psychiatric patients; memory impairment; delayed recall & recognition, 12501
- information strategies measurement; information satisfaction questionnaire; questionnaire development; cancer; oncology, 27326
- information technology; technology profiling; dynamic personalization; instrument development; Technology Profile Inventory; factor analysis; personality measures; computer attitudes, 9386
- Injection Drug User Quality of Life Scale; test development; psychometric properties, 6351
- inpatient treatment; inpatient alliance scale; outpatient treatment; inpatient care; inpatient alliance; hospitalization, 30435
- international development; Quality of Life in Depression Scale; translation, 21138
- intrinsic spirituality scale; test development; motivation; psychology of religion, 9392
- job applicants; general beliefs; selection treatment beliefs; Social Process Questionnaire on Selection; questionnaire development, 30508
- Juvenile Offender Parent Questionnaire; test development; parent self-report measurement; parent competency; exploratory factor analysis, 18097
- Korean Rape Myth Acceptance Scale; test development; test validity; factor analysis; violence; implications for counseling psychology, 18093
- life skills; assessment instrument; instrument development; working adults; life skills learning program; young workers; learning outcomes, 18071
- Marital Satisfaction Inventory-Revised; original measure; Spanish translation; Spanish sample; internal consistency; factor structures; test utility; psychometric characteristics; cultural background, 14964
- measure validation; scale development; customer-based brand equity, 21208
- measurement; religion; spirituality; health research; religiousness; test development; elderly, 27273
- memory self-efficacy; test construction; test reliability; test validity; psychometrics, 30380
- mental health; test construction; FLAGS; test reliability & validity; social-psychological perspectives; emotions; fear; loneliness; anger; guilt; sadness, 88
- Mentor Behaviour Rating Scale; scale development; test validity; test reliability; psychometrics, 24304
- Meta-cognitions Questionnaire-Adolescent Version; test development; test validation; emotional correlates; metacognition; internal consistency; emotional well-being, 24187
- metacognitive functioning; psychotherapy; metacognition assessment scale; psychotherapy patients; scale construction; test validity, 18139
- Mood Disorders Insight Scale; scale development; reliability; validity, 3201
- multidimensional measure; perceptions of organization personality; personality trait inference; organization attractiveness; factor structure; construct validity, 9364
- multigroup ethnic identity; Asian American college students; psychological well-being; factor structure; test reliability; test validity; demographic characteristics, 15000
- multiple sclerosis; MS; walking ability; patient-based measure; test development; test evaluation; content analysis, 3141
- negative mentoring experiences; construct development; nomological validation; mentor distancing behavior, 27396
- new employee socialization; supervisor behavior; Intended Socialization Behavior scale; study development, 6380
- nonparametric item response theory; IRT; psychopathology scales; construction; psychometric analysis; Minnesota Multiphasic Personality Inventory-2; MMPI-2; depression, 30417
- objective structured clinical examinations; interrater reliability; examiner effects; objectivity; station reliability & validity; examiner experience; examiner involvement in station construction, 21202
- online Counseling Attitudes Scales; Face-to-Face Counseling Attitudes Scales; help-seeking attitudes; scale validity; scale development, 30501
- organizational identification; graphic scale; scale development; test validity; test reliability; cognitive space; organizational units, 27282
- organizational wisdom; test development; factor analysis; age differences; perceived components; employees; work organizations; organizational cultures; well-being; organizational structure, 33298
- palliative care; test instrument; self-efficacy; nurses; continuing education program; test development; expertise; insight, 21079
- parent reports; scale development; test validity; parent checklist; gross motor milestone attainment; sitting; crawling; walking; motor performance, 33489
- Parent Satisfaction with Foster Care Services Scale; client satisfaction; scale development; test reliability, 30369
- Parental Sun Protection Scales; validity; factor structure; psychosocial correlates; skin cancer; sunscreen use; sun avoidance; sun protection behavior; preschool age children, 21177
- participant motivation; Nijmegen Motivation List for Prevention; instrument assessment; preventive group interventions; depression prevention; test construction, 24227
- past behavior; habit strength; self-report measure; test validity; test reliability; Self-Report Habit Index; test development, 15035
- patient satisfaction questionnaire; test structure; reliability; oncological care; Netherlands; Patient Satisfaction Questionnaire; PSQ III, 3140
- patient-doctor relationship; relationship questionnaire; general practice patients; psychometric qualities; validity; psychometric evaluation; primary care; test reliability, 18168
- patients' insight; schizophrenia; scale development; The Beck Cognitive Insight Scale (BCIS), 25610
- pediatric pain measurement; visual analogue scale; VAS; children teaching; teaching methods; child age; understanding, 3229
- perceived visual aesthetics; web sites; human-computer interaction; usability; user satisfaction; computer interface design; development of measurement scale, 27276
- perceptual speed measurement; test development; psychometric properties; everyday life events, 33464
- perfectionism; competitive athletes; measurement scale; competitive sports, 3163
- personal meaning; spirituality; health; psychometric evaluation; Personal Meanings of Spirituality Scale, 6270
- personality assessment; personality trait structure; bipolar proportional scale, 33511
- personality assessment; personality trait structure; bipolar proportional scale, 33532
- personality assessment; personality trait structure; bipolar proportional scale, 33524
- personological measure; test development; test validation; work drive; job performance; test reliability; psychometrics, 24316
- physician-assisted suicide; death anxiety, 6361
- postnatal depression; service provision; health systems; social systems; Transcultural Study of Postnatal Depression, 27258
- PQRS-Montreal 1.0 questionnaire; head injury rehabilitation service quality; client perceptions; rehabilitation services; test development; test validation, 66
- preschool to kindergarten transition; autism; survey development; children; teachers; parents; transition elements, 18180
- primary care PTSD screen; anxiety disorder; primary care settings; posttraumatic stress disorder, 21173
- problem behavior; Contextual Assessment Inventory; developmental disabilities; inventory development, 27318
- procedural justice; sales force; scale development; scale validation; managerial justice; distributive justice, 21204
- product marketing; company intranets; business-to-employee systems; computing satisfaction; employee satisfaction; instrument construction; test-retest reliability; construct validity, 9499
- Proxy Efficacy Exercise Questionnaire; Instrument Development; female exercisers; proxy efficacy beliefs; structured group exercise, 33465
- psychometric evaluation; impulsivity; test reliability; test validity; construct validity; Lifetime History of Impulsive Behaviors, 24274
- psychometric evaluation; Social Anxiety Scale for Adolescents; adolescents; social phobia; anxiety inventory; construct validity; Social Phobia and Anxiety Inventory for Children, 33567
- psychometric properties; Social-Cognitive Assessment Profile; social competencies; test validity; racially diverse populations; elementary school students; gender; aggression, 21107
- psychometrics; test development; organizational context; electrical job knowledge test, 18189
- psychosocial costs; racism; Whites; test validity; test construction, 15003
- psychotherapeutic competence; cognitive analytic therapy; test validity; test reliability; measurement development, 24228
- quality of life; colorectal cancer patients; psychometric properties; construct validity; disease specific questionnaire, 203
- reliability; construct validity; interrater reliability; Observation Coding System for Emotional Overinvolvement; adult outpatient behavior; obsessive-compulsive disorder; panic disorder; agoraphobia, 24207
- religious coping assessment tool; Hindus; measure construction; mental health; reliability; validity; Hindu Religious Coping Scale, 115
- robustness; self-rated satisfaction; life; SEM analysis; structural invariance; Satisfaction With Life Scale, 27301
- Rosenberg Self-Esteem Scale; self-image; item wording; dimensionality; college students; test versions; validity, 91
- routine care quality; schizoaffective disorder; schizophrenia; outcome measures; assessment scales; systems care; psychometrics; Schizophrenia Care and Assessment Program Health Questionnaire, 151
- safety behaviour; insomnia; sleep; coping behavior; tiredness; Sleep-Related Behaviours Questionnaire; daytime functioning; psychometrics, 33563
- scale development; Perceived Interpersonal Closeness scale; face validity; content validity; test-retest reliability; concurrent validity; discriminant validity, 103

- scale development; scale validation; condom influence strategy questionnaire-short form; condom use persuasion; structural equation modeling; confirmatory factor analysis; latent variable modeling, 207
- scale development; validation: Usability Questionnaire for Online Shops; factor structure; shop response time; shop size; services; product distinctiveness; trust; intention to buy; decision to buy, 6108
- school attitude; brief measure; test development; secondary school students; test-retest reliability; internal consistency, 6366
- school psychological services; school psychologists; International School Psychology Survey; training; roles; responsibilities; test development, 33594
- scoring error: Social Avoidance and Distress Scale; psychometric implications; social anxiety; social phobia, 24249
- secondary students; students disposition; critical thinking; California Measure of Mental Motivation, 18181
- self determination theory & intrinsic & extrinsic motivation, 2nd language learning, 18-50 yr old college students, validity & reliability of Language Learning Orientations Scale, 5911
- self presentation; self-handicapping strategy; structured exercise; unstructured exercise; Self-Handicapping Exercise Questionnaire; SHEQ; test development, 64
- self-efficacy scale; abused women; test validity; test consistency; instrument development; test reliability, 30415
- self-regulation questionnaire; psychometric properties; factor structure; internal consistency; test validity; social desirability; alcohol consumption; alcohol-related problems, 12440
- self-report measures; temperament; internal consistency; puppet interview, 33494
- set covering with item sampling; linear programming test assembly models; model infeasibility, 33609
- SIMLOAD program; simplicity of fit; measurement scales; alpha coefficients; factor scale development; simple structure; factor analysis, 9341
- single-word intelligibility; repaired cleft palate speakers; test construction; Cantonese speakers, 26074
- sleep diary; single-administration questionnaire; test-retest reliability; convergent validity; sleep measures; sleep habits; Sleep Timing Questionnaire, 3128
- smoking; tobacco; motives; dependence; Wisconsin Inventory of Smoking Dependence Motives; internal consistency; smoking heaviness; multidimensional structure; test development; test validity, 15052
- Social Sexual Awareness Scale; test development; test validation; high risk sexual behavior; sexual consent; intellectual functioning; adaptive functioning; mental retardation, 24165
- spiritual well being model; test development; test validity; test reliability; Spiritual Well Being Questionnaire, 6269
- spirituality assessment; coping; disease reduction; spirituality based interventions; Spiritual Health Inventory; substance abuse; test reliability; test validity, 30370
- Sport Achievement Orientation Questionnaire; Japanese athletes; test development, 33483
- stigma assessment; children with epilepsy; instrument development; psychometric properties; content validity; internal consistency reliability; construct validity; parents, 33586
- stressful employee-customer interactions; burnout; customer-related social stressors scales; instrument development; service employees, 6377
- supernormality; malingering; psychometric qualities; Supernormality Scale; test development; test reliability; test validity; symptom denial, 15065
- survey instruments; cognitive methods; theories; cognitive testing; survey instrument development; survey questionnaires, 21231
- team assessment; team effectiveness; across context evaluation; multinational organizations; cross cultural differences; test construction; test validity; multinational teams; international management, 3242
- team communication; sport psychology; team sports; athletes; group cohesion; human sex differences; Scale for Effective Communication in Team Sports (SECTS), 9404
- television programming consumption; connectedness scale development; connectedness scale validation, 30520
- test anxiety measurement; scale development; internal construct validation, 33599
- test construction; avoidance; coping; major depression; test validity, 18136
- test construction; incremental validity; measurement, 6237
- test design; item quality; item bank size; psychometric properties; computer-based credentialing examinations, 9369
- test development; General 5-Spectrum Measure; panic disorders; mood disorders; social phobia; obsessive-compulsive disorders; eating disorders; agoraphobia; internal consistency; test reliability, 6321
- test development; Multidimensional Pain Readiness to Change Questionnaire; pain self-management; coping, 12516
- test development; psychometrics; Cruelty to Animals Inventory; children, 24189
- test development; test validation; head start students; student perceptions; teacher support; Young Children's Appraisals of Teacher Support; kindergarten; first grade, 9483
- test development; validity; pictorial version; Aachen Life Quality Inventory; German adaptation; quality of life; strokes; aphasia, 204
- test reliability; test validity; self-report measures; drug abuse; violence; prevention; Minnesota D.A.R.E. Plus Project; psychometrics; test development; program evaluation, 24173
- test validity; measurement; computer self-efficacy; computer anxiety; Internet test version; paper-and-pencil test version; test development; sampling, 9378
- testing assessments; students; learning disabilities; National Joint Committee on Learning Disabilities; learning outcomes; educational accountability; state assessment; school district assessment, 33185
- Theoretical Evaluation Self-Test; community clinical practice; test validation, 27310
- Tourette's disorder scale; development; reliability; validity; measurement; symptoms; interrater reliability; illness severity; internal consistency, 168
- Veterans Affairs Low Vision Visual Functioning Questionnaire; questionnaire performance; visual difficulties; vision rehabilitation services; outcomes, 27285
- Violence and Aggression in Health Care Questionnaire; home care workers; aggressive incidents; factor structure; negative psychological outcomes; internal consistency; convergent validity, 27308
- Vulnerable Attachment Style Questionnaire; VASQ; adult attachment style; depression; test validity; test construction; insecurity; social support, 79
- well-being; pupils; Flemish secondary schools; quality of education; measurement instrument development; questionnaire construction, 30489
- work-family interface scale; development; childcare providers; measurement; job demands; depression symptoms, 202
- workplace climate; employee well being; lesbian; gay; bisexual; transgendered; LGBT Climate Inventory; test development; test validity, 9494
- Young Adult Quality Of Life; test construction; test validity; physical health; psychological well-being; social relationships; role function; environmental context, 24292
- Test Construction [See Also Content Analysis (Test), Difficulty Level (Test), Item Analysis (Test), Item Content (Test), Test Bias, Test Forms, Test Items, Test Reliability, Test Standardization, Test Validity]—Chapters**
- Applications of the Russian NEO-PI-R, 3179
- Test Difficulty [See Difficulty Level (Test)]**
- Test Equating [See Score Equating]**
- Test Forms—Serials**
- achievement motivation; Achievement Motivation Inventory; equivalency; English version; German version; Israeli version, 27290
- Algae Wandering Scale-version 2; psychometrics; test validity; cross cultural differences; long-term care; dementia; wandering behavior, 15038
- brief measures; brief intelligence testing; measurement instruments; short forms; quick tests, 21125
- depression; older patients; health care; screening tool, 179
- diagnostic assessment; word recognition; phonic skills; parallel test versions, 30499
- Geriatric Depression Scale; psychiatric evaluation; elderly; Chinese; self report; brief version, 24233
- Minnesota Multiphasic Personality Inventory-2; Goldberg's index; differential diagnosis; bipolar disorder; depression; psychosis, 9390
- Minnesota Multiphasic Personality Inventory-2; infrequency psychopathology; scale revision; malingering; mentally ill; federal defendants, 15046
- nicotine dependence; Heaviness Smoking Index; Fagerstrom Test for Nicotine Dependence; tobacco smoking behavior; cigarette smokers; short form, 30479
- parental bonding; personality pathology; assessment; clinician report; reliability; validity; Parental Bonding Instrument, 9428
- reliability; time efficiency; short forms; Wechsler Adult Intelligence Scale-III; IQ scores; validity, 9394
- Social and Emotional Loneliness Scale for Adults; short form; reliability; validity, 9387
- Symptom Check List-8; dichotomized version; screening tool; mental disorders; test validity, 18124
- Telephone Mini-Mental State Examination; convergent validity; psychometrics; Alzheimer's disease; telemedicine, 24264
- Toronto Alexithymia Scale; German version; confirmatory factor analyses; factor structure; models; test reliability, 6312
- traumatic brain injury; Wisconsin Card Sorting Test; Wisconsin Card Sorting Test short form; cognitive impairment, 12506
- Test Forms—Chapters**
- United Kingdom, 15014
- Test Interpretation—Serials**
- caution interpretation; confirmatory factor analysis; Group Environment Questionnaire, 6231
- cognitive tests; misinterpretation; race; stereotype threat; African American students; White students; SAT performance, 12161
- health-related quality of life; Clinical interpretability; interpretation aids; visual function index; functional status, 27372
- minor physical anomalies; abnormal neurodevelopment; Waldrop Physical Anomaly Scale; schizophrenia; score discrimination, 27321
- physiological experience; Paced Auditory Serial Addition Task; performance changes; interpretation test scores; arousal level; mood states; autonomic arousal, 27832
- pre-school children; kindergarten children; score interpretation; norm construction; creative thinking; picture-type creativity test; Test for Creative Thinking-Drawing Production; TCT-DP, 21110
- processing speed; intellectual assessment instruments; constructs; interpretative utility, 30361
- quality of life; laryngeal cancer patients; test score interpretation, 26103
- test-retest reliability; hip arthroplasty; osteoarthritis; standard gamble; utility score; interpretation; health related quality of life; stability, 27352
- weighted Kappa interpretation; rater agreement statistics; metric scales; intraclass correlation, 18069
- Test Items—Serials**
- ambiguous response formats; item response theory; opposite item pairs; Mokken model; graded response model; unipolar format; bipolar format; affect items, 111
- anchor item methods; differential item functioning; Rasch models, 27284
- computerized adaptive testing; item exposure; generalized partial credit model, 24166
- differential item functioning stability; survey data, 27267
- hypnotic susceptibility; Harvard Group Scale of Hypnotic Susceptibility; sex differences; item difficulty; effect size, 12452
- item response theory; equating method; long-term scale maintenance; mixed format tests; constructed response items; multiple choice items, 6462
- item selection; computerized testing; psychometric properties; anxiety; comfort; response review; perceived control; perceived performance, 225
- iterative process; law school admission test; computer simulations; control parameters; Symptom-Hetter method; computerized adaptive testing; item-exposure control, 18232
- Likert-type score items; acquiescent response bias; construct equivalence; cultural comparisons; attitude assessment, 69
- Mississippi Scale for Posttraumatic Stress Disorder; Rasch analysis; true score theory; usefulness of reverse scored items, 27311
- normative data; remote associate problems; time limit; mean time to solution; problem solving; problems, 9338
- pathological gambling; high school students; DSM-IV-MR-J test items; test reliability, 12488
- patient video clips; neurology examination interpretation; computer-based test questions; text-based questions; item statistics; reliability; medical students, 18067
- psychological test; test validity; test items; test taker integrity; test result; test taker credibility; Confluence Score, 3137
- Rasch analytic procedures; item bias; differential item functioning; English language test; undergraduate students; native English speakers; non-native English speakers, 12530
- Rasch IRT model; standard setting; item-mapping; licensure examinations; certification examinations; Angoff method; passing scores; cut scores, 6375
- Rosenberg Self-Esteem Scale; self-image; item wording; dimensionality; college students; test versions; validity, 91
- set covering with item sampling; linear programming test assembly models; model infeasibility, 33609
- social desirability; self report; cognitive processes; response times, 10535
- spatial test items; item analysis; item dimensionality; confirmatory factor analysis; visualization; Computerized Swedish Enlistment test battery, 33487
- spelling achievement; spelling ability; test structure; spelling achievement test; elementary school students; orthography; phonology; item response theory, 6371

stereotype threat; test performance; ethnicity inquiries; gender inquiries; problem-solving task; intellectual ability; ethnic groups, 31545
student satisfaction measures; policy making; college students; students satisfaction, 27374
survey item: generalized trust; measurement; validity; cross-cultural factors, 3147
symptom frequency; symptom severity; assessment of depressive symptoms; Hopkins Symptom Checklist; Center for Epidemiological Studies-Depression survey; older adults; test validity; question items, 9412
test design; item quality; item bank size; psychometric properties; computer-based credentialing examinations, 9369
test-item nonresponse; student ability measurement; educational achievement studies; reading achievement; bias, 27376

Test Normalization [See Test Standardization]

Test Norms—Serials

college admissions; standardized tests; primary grades; gender differences; SAT; ACT; PSAT, 21187
hypnotic susceptibility; Harvard Group Scale of Hypnotic Susceptibility; Sweden; Swedish norms, 78
IQ; special education; trends; mental retardation; learning disabilities; WISC; WISC-R; WISC-III, 9479
Modified Card Sorting Test; normative data; perseverative errors; categories achieved; scoring; age effects; education; gender; reference norms; multiple regression analyses; neuropsychological test, 18147
normative data; sex differences; Raven Standard Progressive Matrices; Mexican children; reasoning; visualization, 15001
Number Processing and Calculation battery; counting abilities; number comprehension; numerical transcoding; arithmetic reasoning; conceptual knowledge; normative data, 6340
progressive cognitive decline; highly intelligent older adults; prediction; mild cognitive impairment; premorbid intelligence; IQ-adjusted norms; preclinical Alzheimer's disease, 11291
Repeatable Battery for the Assessment of Neuropsychological Status; cognitive functioning; elderly patients; normative data, 6341
Stroop Color and Word Test; neuropsychological evaluations; demographic characteristics; African American adults; executive function; normative tables; normative data; performance effects, 9450
The Consortium to Establish a Registry for Alzheimer's Disease; CERAD; neuropsychological assessment battery; Korean elderly; age difference; education level; gender differences, 9448
uniformal norms; University of Pennsylvania Smell Identification Test, 15068
verbal Selective Reminding Test; test reliability; normative data; cognitive functioning; Spanish-speaking population, 21082

Test Norms—Chapters

Normative data and scaling issues in neuropsychology, 3219

Test Reliability—Serials

adolescent treatment; outcome measures; test-retest; drug abuse; drug dependence; adolescent runaways; alcohol abuse; Form 90 Drug and Alcohol measure; test validity; test reliability, 30390
adult cancer patients; Cancer Care Monitor; symptom screening; quality of life; computer administered system; validity; reliability, 12512
Adult Career Concerns Inventory; career stage measurement; career development; test reliability; test validity; short form, 9495
adult memory; test-retest reliability; inter-rater reliability; information processing; multiple sclerosis; MS; Adult Memory and Information Processing Battery; AMIPB, 196
affective state; affective disposition; test-retest reliability; subjective well-being; test validity; personality, 9385
aging well; three-dimensional wisdom scale; 3D-WS; reflection; wisdom; scale construction; validity; reliability, 21105
agitation; Cohen-Mansfield Agitation Inventory; Korean version; institutionalized elderly; criterion validity; vascular dementia; test reliability; test validity, 18141
alternative parameterizations; measurement model; test agreement; test development, 30522
anger assessment; State-Trait Anger Expression Inventory; psychometric properties; anger control; anger expression; aggressiveness; internal consistency; test reliability; test validity, 30402
anger; factor structure; construct validity; anger assessment instruments; Swedish adaptation; scale relationships; test reliability, 9400
Antidepressant Compliance Questionnaire; patients attitudes; patients beliefs; depression; antidepressants; test development, 30439

anxiety; assessment; pregnancy; validation; worry; Cambridge Worry Scale; reliability; factor structure, 3225
anxiety; State Anxiety Scale; primary school children; psychometric evaluation; test validity; test reliability, 30452
asian american multidimensional acculturation scale; scale development; factor analysis; test reliability; test validity; psychometric properties, 12445
Assessment of Basic Learning Abilities test; ABLA; developmental disabilities; visual-visual nonidentity matching task; ABLA hierarchy; predictive validity; test-retest reliability, 12490
assessment understanding; Big Five; convergent validity; discriminant validity; measurement occasion; observer type, 27289
attachment disorder; high-risk populations; disorder classification; standardized measures; test reliability; test validity; psychometrics, 27307
attitude towards seeking psychological help; scale development; scale reliability; scale validity, 33482
Auburn Differential Masculinity Inventory; hypermasculinity; sexual identity; dominance and aggression; conservative masculinity; devaluation of emotion; reliability; validity, 9382
autistic spectrum disorder; test-retest reliability; test validity; psychometrics; Developmental, Dimensional and Diagnostic Interview; computerized assessment, 27322
Automatic Thoughts Questionnaire; cognition; reliability; validity; military recruits; psychiatric outpatients; major depression, 24234
avoidance distance; dairy farms; animal welfare; human animal relationship; farm welfare assessment; milkers behaviour; reliability, 6255
Beck Depression Inventory-Second Edition; factor structure; concurrent validity; internal consistency; psychometric properties, 24278
beck depression inventory; psychometric properties; test development; spanish language test version; self report; depression; reliability; validity, 9380
Behavior Assessment System for Children; BASC; reliability reporting; behavioral ratings reliability; emotional disorders; culturally diverse students, 6376
behavioral inhibition; test reliability; test validity; confirmatory factor analysis, 18106
behavioral problems; emotional problems; parent reports; teacher reports; Child Behavior Checklist; Teacher's Report Form; internal consistency; rating agreements, 24241
Big Five model; personality assessment; questionnaire development; TPQe5; Traits Personality Questionnaire; validity; reliability; test-retest reliability; internal consistency, 30425
Block Suppression Test; assessment; reliability; healthy subjects; brain damaged patients; validity; clinical neuropsychology; spatial working memory, 12502
BNI Fatigue Scale; initial reliability study; fatigue; brain injury; psychometric properties, 27330
Body Awareness Scale-Health; quality of movements; movement behaviour; inter rater reliability; test retest reliability; prolonged musculoskeletal pain; psychiatric care; eating disorders, 30443
Brief Smoking Consequences Questionnaire-Adult; smoking expectancy; smoking-nicotine dependence; validity; reliability; heavy smokers; light smokers; African American smokers; psychometric properties, 13400
calf responsiveness; human animal relationship; test reliability; test repeatability; approach test, 9356
California Older Adult Stroop Test; geriatric populations; Stroop test; test validity; test reliability, 18094
case study method; reliability; validity; marketing research, 9205
Child Abuse Potential Inventory; Parenting Stress Index; Parent Child Relationship Inventory; Bricklin Perceptual Scale; Daubert standard; parental capacity measures; validity; reliability, 30379
child behavior checklist; personality pathology; clinical judgment; test reliability; test validity; assessment, 9413
Children's Attributional Style Questionnaire; internal consistency reliability, 6263
childrens anxiety; psychometric properties; Spence Childrens Anxiety Scale; anxiety disorder; parent child agreement; test validity; test reliability, 24263
Chinese translation; Nowicki-Strickland locus of control scale; psychometric properties; scale reliability; scale validity, 30386
Chinese version; English version equivalence; Chinese nationals; SF-36 health survey; reliability; bilingual population, 21180
chronic pain; chronic pain coping inventory; reliability; validity; coping, 6261
chronic skin disorders; measurement; reliability, 6329
clinical competence; measuring techniques; objective structured clinical examinations; medical students; results reproducibility; assessment quality; content validity; reliability, 27385

Clock Drawing Test; modified and integrated approach; dementia patients; test reliability; validity; differential scoring; scoring methods; psychogeriatric outpatients; Mini Mental State Examination, 24244
Co-Teaching Relationship Scale; reliability; early childhood education, 15104
coaching confidence; Coaching Confidence Scale; instrument reliability; instrument validity, 21121
coefficient alpha; reliability information; generalizability; reliability analysis; internal test structure, 24319
cognition research; spatial cognition; perceptions of locations; maps; verbal questionnaire; reliability, 6246
cognitive ability; aging; cognitive assessment; change in cognitive functioning; National Adult Reading Test; Raven's Standard Progressive Matrices Test; test reliability; test validity, 18150
cognitive assessment; schizophrenia; neurocognitive assessment batteries; neurocognitive function; Brief Assessment of Cognition in Schizophrenia (BACS); test sensitivity, 25643
cognitive styles analysis; cognitive styles; computerized measure; test reliability; test validity, 21122
college students; drinking games; alcohol consumption; self-esteem; personality; test reliability; test validity; psychometrics, 34583
Columbia SuicideScreen; psychometric properties; high school students; at risk populations; validity; suicidal ideation; suicide attempt; major depression; dysthymia; substance use; reliability, 9431
computerised cognitive battery; older adults; test-retest reliability; Examen Cognitif par Ordinateur, 21095
conflict related behavior; social desirability; Conflict Dynamics Profile; interpersonal conflict; psychometrics; test reliability; test validity, 30366
confrontation naming; Chinese patients; brain damage; Boston Naming Test; psychometric properties; internal consistency; discriminant validity, 9444
consensus scoring; empirical option weighting; performance-based tests; Emotional Intelligence tests; scoring methods; reliability; discriminability; validity, 12537
construct validity; childhood anxiety disorders; functioning level; test reliability; Child Anxiety Impact Scale-Parent version, 21169
construct validity; content validity; face validity; hospitalized cancer patients; test-retest reliability; consistency reliability; Pain Opioid Analgesics Beliefs Scale-Cancer; cancer pain, 3145
construct validity; identity status measures; Ego Identity Process Questionnaire; Extended Objective Measure of Ego Identity Status II; personality traits; psychometrics; test reliability, 33534
construct validity; interest scales; Strong Interest Inventory; Campbell Interest and Skill Survey; convergent validity, 33604
construct validity; Ryff's Scales of Psychological Well-being; spiritual well-being; psychometric properties; factorial validity, 12520
Constructivist Learning Environment Survey; classroom learning environments; preservice teachers; inservice teachers; validity; reliability, 30494
convergent validity; divergent validity; reliability; Coping Resources Inventory for Stress; college students; clinical populations; nonclinical populations, 6359
convergent validity; Reasons for Smoking Scale; self assessment tool; smokers motives; alcoholics; psychometrics, 30437
convergent validity; test-retest reliability; Youth Rating Scale; Behavioral and Emotional Rating Scale-Second Edition; strength-based assessment, 33490
coping mechanisms; sense of belonging; measures; test reliability; part-time college students, 26961
core competencies; health care workers; mental health care; inpatient mental health; behavioral health care; competency assessment, 6354
critical thinking instruments; psychometric characteristics; reliability estimates; contemporary test; measurement; academic proficiency, 21086
cross cultural; personality traits; self & other agreement; consensual validity, 18113
cross-cultural adaptation; Korean fibromyalgia impact questionnaire; test validity; women; test reliability, 24290
Dementia Deficits Scale; dementia; impaired deficit awareness; self-awareness; cognitive functioning; emotional functioning; functional deficits; patient assessment; test validity; reliability, 33583
dementia screening; scoring systems; clock drawing test; elderly subjects; aging; test reliability, 30468
depression screening instruments; late-life depression; depressive symptoms; old-old retirees, 18099
depression; traumatic brain injury; validity; reliability; factor structure; brief screening device; Center for Epidemiological Studies-Depression Scale, 33574

- development & factor analysis & reliability & discriminant & convergent validity of Attitudes Regarding Bisexuality Scale, heterosexual & bisexual & lesbian & male homosexual 15-61 yr olds, 9359
- developmental screening tests; developmental delay assessment; Fragile X syndrome; Batelle Developmental Inventory Screening Test; Early Language Milestone scale-2; Denver-II test, 15002
- Diagnostic and Statistical Manual; anxiety disorder symptoms; Screen for Child Anxiety Related Emotional Disorders-Revised; test reliability; test validity, 21172
- Diagnostic Interview for Genetic Studies; Korean version; test-retest reliability; diagnostic validity; concurrent validity; psychiatric disorders, 27315
- Diagnostic Screener for Compulsive Buying; cross cultural transferability; compulsive behavior; consumer behavior, 18192
- difference scores; cognitive assessment; reliable component analysis; reliability, 30384
- difference scores; neuropsychological assessment; interpretation reliability; reliable components analysis; factor analysis; test scores, 27253
- disability inventory; pediatric evaluation; intraclass correlation coefficients; Pediatric Evaluation of Disability Inventory; PEDI; self care; physical mobility, 177
- domestic violence reoffending; risk assessment; Domestic Violence Screening Instrument; reliability; validity, 33571
- driving behavior; Manchester Driver Behaviour Questionnaire; cross cultural differences; test reliability; driving errors or violations, 27275
- Dysfunctional Attitudes Scale; factor structure; test reliability; test validity; older adults; depression-related attitudes; self-report measures, 15044
- emotion regulation; Emotion Regulation Scale; factor structure; test validation; emotion dysregulation; test reliability, 33506
- emotional intelligence; social interaction; Mayer-Salovey-Caruso Emotional Intelligence Test; test validity; test reliability; psychometrics, 30412
- emotional intelligence; test reliability; psychometric properties; cross-validation; internal reliability, 12457
- end-stage dementia; suffering; Mini-Suffering State Examination; test validity; test reliability, 27305
- EORTC QLQ-C30 (version 3) and EORTC QLQ-BR23 Chinese version; breast cancer patients; active treatment; test-retest reliability; cognitive functioning; physical functioning, 201
- evidence-based practice; Clinical Swallowing Examination; aspiration; videofluoroscopic swallow examination; dysphagia; stroke; clinical practice, 32181
- exploratory factor analysis; factorial validity; Drive for Muscularity Scale; reliability; gender differences; men; women, 9401
- Eysenck Personality Questionnaire; Zuckerman-Kuhlman Personality Inventory Form; NEO-Personality Inventory; test replicability; test reliability; test validity, 18104
- factor structure; alcohol use disorders identification test; high-risk population; test reliability; test validity; psychometrics, 33477
- factor structure; functional assessment for multiple causality; behavioral intervention; mental retardation; internal consistency; behavior problems, 6306
- factorial invariance; internal consistency; decisional balance inventory-short form; smokers, 30427
- factorial validity; Stress-Related Growth Scale; psychometrics; test reliability; mature thinking; spiritual growth; emotional growth, 24221
- Feedback Environment Scale; managers; test development; validation; reliability; management training, 9498
- five-factor inventory; personality test; psychometric properties; test validity; test reliability, 24219
- Five-Factor Personality Inventory; cross-cultural generalizability; structural invariance; internal consistency; European countries; non-European countries, 3166
- Foster Parent Role Performance; role expectations; responsibilities; foster/adoptive family applicants; foster care workers; perceptions; factor structure; reliability, 7554
- French adaptation; confirmatory factor analyses; psychometric properties; Infant-Toddler Social and Emotional Assessment; factor structure, 18101
- Gambling Timeline Followback; gambling behavior; timeline followback method; young adults; gambling behavior; alcohol consumption; reliability; discriminant validity; test-retest reliability, 12476
- Gambling Urge Scale; GUS; gambling; factor analysis; validity; reliability; problem gamblers, 24269
- general worry; Three Item Worry Index; test development; validity, 30410
- goal orientation; multidimensional measure; predictive validity; factor structure; reliability; competence; learning; self-efficacy; performance, 27304
- group participation; group dynamics; group work; test reliability; test validity, 9424
- habituation; high risk infants; test-retest reliability; attention; cognitive development, 901
- hemiparesis; hemiplegia; myoelectric feedback; upper limb muscles; test-retest reliability; video feedback; tracking error, 35284
- HIV-infection; condom reliability; HIV-negative partners; HIV/AIDS; safer sexual behaviour, 9467
- Hospital Anxiety and Depression Scale; coronary care patients; myocardial infarction; test utility, 205
- Hospitality Scale; social capital; school; social isolation; social tolerance; community; collective efficacy; test reliability; test development, 217
- incomplete effort detection; MMPI-2 Fake Bad Scale; mild head injury, 12508
- intellectual performance; general intelligence factor; mental ability tests; test reliability, 9395
- interest measurement; Basic Interest Scales; major field choice; specific interest scales; Strong Interest Inventory; General Occupational Themes, 33603
- interindividual differences; Implicit Association Test; psychometric properties; method-specific variance; reliability, 6275
- internal consistency; Kuwait University Anxiety Scale; undergraduate students; cross cultural differences; Middle East countries, 24199
- internal consistency; reliability; consistency estimates; united arab emirates; construct validity; arabic version; Fennema-Sherman mathematics attitudes scales, 24303
- interrater reliability; test-retest reliability; Eating Disorder Examination; binge eating disorder, 9459
- interval estimation; scale reliability; multiple-component measuring instruments; linear constraint covariance; covariance structure modeling, 24332
- intimate partner violence; preceding events; Proximal Antecedents to Violent Episodes Scale; reliability; validity, 34940
- intrasubject reproducibility; presurgical language lateralization; brain mapping; language fMRI; test-retest reliability; within test reliability; epilepsy, 12505
- Italian version; foreign language translation; Fibrofagat Scale; test validation; fibromyalgia symptoms, 18137
- japanese version; social support; psychometric characteristics; conflict; reciprocity; Interpersonal Relationship Inventory, 6277
- job stress; family stress; Chinese working women; blood pressure; psychosomatic symptoms; psychometric properties; test validity, 30516
- journal editorial; Lee J. Cronbach; coefficient alpha, 24160
- Kuder career search; test reliability; test validity; occupational possibilities; career interest measurement, 30509
- learning environment; Cultural Learning Environment Questionnaire; teacher trainees; culturally sensitive factors; test validity; test reliability; psychometrics, 33591
- Leeds sleep evaluation questionnaire; self-report; getting to sleep; quality of sleep; awakening from sleep; alertness; behavior following wakefulness; cross-cultural validation; reliability; insomnia, 9469
- Levels of Self-Criticism Scale; internalized self criticism; comparative self criticism; self evaluation; neuroticism; personality; attachment; test reliability; item analysis, 9405
- life quality; schizophrenics; occupational issues; Quality of Life Measure for Persons With Schizophrenia; test validity; test reliability; psychometrics, 21144
- marijuana screening; Marijuana Screening Inventory; psychometrics; reliability; assessment benefits; clinical guidelines, 18074
- material values scale; materialism; consumer behavior; test reliability, 30519
- Meaningful Auditory Integration Scale; auditory behaviour; aurally habilitated children; convergent validity; scale reliability; different language versions, 33488
- measurement instrument; test evaluation; test development; Pediatric Quality of Life Inventory; parent & staff satisfaction measures; pediatric health care facilities; staff co-worker satisfaction, 14988
- Measuring Awareness of Financial Skills; test validity; test reliability; psychometrics; dementia, 15041
- menopause; Menopausal Sexual Interest Questionnaire; sexual interest; sexual desire; test reliability; construct validity; sexual function, 27281
- mental health problems; behavioral symptoms; emotional distress; psychosocial impairment; reliability; validity; Health Dynamics Inventory; self-report questionnaire; psychometric properties, 33565
- Migraine Disability Assessment; Japanese translation; migraine-related disability; test reliability; test validity, 12514
- Million Adolescent Clinical Inventory; juvenile offending; Mexican American youth; reliability; validity, 30436
- Minimum Data Set 2.0 Mood Disturbance Items; mood disturbance; Geriatric Depression Scale; diagnostic instrument; depression diagnosis; nursing home residents, 9465
- module reliability; alcohol consumption; family history of depression; psychiatric disorders; tobacco use; Alcohol Use Disorder and Associated Disabilities Interview Schedule, 6290
- monitoring; sleep-related threat; Sleep Associated Monitoring Index; test reliability; test validity; insomnia; sleep disturbance; self-focus, 18098
- Moral Disengagement Scale; test structure; test reliability; test correlates; moral self-sanctions; moral disengagement; parenting; child behavior, 33533
- mother-infant interaction; home environment; Global Ratings Scales of Mother-Infant Interaction; Infant-Toddler Home Observation for the Measurement of the Environment; postnatal depression, 27270
- Motor Performance Checklist; developmental co-ordination disorder; pediatric occupational therapy services; test validity; test reliability; psychometrics, 33486
- Multicultural Awareness, Knowledge, and Skills Survey-Counselor Edition; reliability; validity; multicultural competence; counselors; training, 3143
- Multidimensional Scale of Perceived Social Support; test reliability; test validity; psychometrics; Mexican American youth; social support, 21114
- multiple sclerosis; MS; walking ability; patient-based measure; test development; test evaluation; content analysis, 3141
- Need for Closure Scale; Chinese version; scale-scale correlations; scale-face correlations; construct validity; bidimensional structure, 24215
- NEO Five-Factor Inventory; scores; psychometric analysis; factor structure; internal reliability; test-retest reliability, 3169
- NEO Five-Factor Inventory; test reliability; factor structure; test validity; personality measures, 12466
- nocturnal panic; Fear of Loss of Vigilance Questionnaire; test development; validity; anxiety; panic disorder; meditative relaxation; imagined hypnosis; daytime panic; test-retest reliability, 9435
- Normative Appetitive Picture System; NAPS; reliability; specificity; validity; cue exposure; substance use; individual differences; college students; cue reactivity, 24279
- nursing; organizations; nurse executives; Sneloff-King Assessment of Departmental Power; psychometric evaluation, 2408
- objective structured clinical examinations; interrater reliability; examiner effects; objectivity; station reliability & validity; examiner experience; examiner involvement in station construction, 21202
- Obsessive-Compulsive Inventory Revised; psychometric properties; student sample; factor structure; measure; internal consistency; test retest reliability; test validity; scale scores; depression, 15045
- Oppositional Defiant Behavior Inventory; test reliability; test reliability; oppositional defiant disorder; attention deficit/hyperactivity disorder; internal consistency; test validity; diagnosis, 30444
- oral examinations; examination reliability; medical education; decision making skills; professional values; membership examination; oral component, 21198
- oral examinations; examination reliability; medical education; decision making skills; professional values; membership examination; oral component, 21201
- P-SCAN; structural reliability; construct validity; screening instrument; psychopathy, 15043
- paediatric occupational therapists; motor-free visual perception test; test validity; test reliability; visual perceptual dysfunction; occupational therapy, 6257
- palliative care; assessment instrument; Resident Assessment Instrument for Palliative Care; RAI-PC; care planning, 15097
- Parent Satisfaction with Foster Care Services Scale; client satisfaction; scale development; test reliability, 30369
- parent-child interaction measures; measure comparison; caregiver-child interactions, 21080
- Parental Control Scale; test reliability; test validity; parental control; behavioral control; cultural differences; intracultural factors, 62
- pathological gambling; high school students; DSM-IV-MR-J test items; test reliability, 12488
- Patient Distress Scale questionnaire; factor structure; internal consistency; emotional disturbances; awareness; test reliability; acute neurological patients, 186
- patient satisfaction questionnaire; test structure; reliability; oncological care; Netherlands; Patient Satisfaction Questionnaire; PSQ III, 3140
- patient satisfaction; physician; outpatients; Princess Margaret Hospital Patient Satisfaction with Doctor Questionnaire; test reliability, 20562
- pediatric asthma; test reliability; test validity; psychometrics; health-related quality of life, 24283
- Perceived Environmental Threat; job security; managers; test construction; test reliability; test validity, 6379

- personological measure; test development; test validation; work drive; job performance; test reliability; psychometrics, 24316
- Physical Education Teacher Attitudes Toward Fitness Tests Scale; scale validity; scale reliability; physical education teachers; scale development, 27381
- polydipsia screening; schizophrenia; Polydipsia Screening Tool; psychometric properties; nurses; psychiatric residents; interrater reliability; internal consistency, 27367
- positive affect; Positive Affect Schedule for Youth; validity; reliability; well-being; children; positive psychology, 9371
- postnatal depression; Edinburgh Postnatal Depression Scale; clinical significance classification; Edinburgh Postnatal Depression Scale; Reliable Change Index; test reliability; major depression, 15048
- practice effect; test-retest reliability; attentional tests; executive tests; neuropsychology; age differences, 33470
- pre-employment screening test; test validity; test reliability; Counterproductive Behavior Index; psychometrics, 24315
- predictive validity; geriatric medicine; hip fracture; elderly patients; delirium observation screening scale; nurses observation; construct reliability; delirium; early recognition, 6325
- prenatal attachment; test development; Maternal Fetal Attachment Scale; methodology; test validity; test reliability; measurement, 12441
- probation officers; Supervisory Working Alliance Inventory Support Practice; individual supervision sessions; social work perspective; clinical psychologists; organizational change, 12451
- problem behavior; function-based interventions; functional behavior assessment; reliability; behavior topography, 33558
- psychoanalysis; analytic process scales; psychodynamic therapies; coding manual; test validity; test reliability, 30469
- psychology internships; internship research training; predictive validity; scales; test reliability, 17523
- psychometric characteristics; Cybernetic Coping scale; test validity; test reliability; coping behavior; factor structure, 27292
- psychometric characteristics; measurement; psychometric properties; well being; life satisfaction; quality of life; clinical utility; healthy adults; psychiatric patients, 9423
- psychometric evaluation; Harvey Imposter Phenomenon Scale; psychometric properties; adolescents; internal consistency reliability; factor structure, 33507
- psychometric evaluation; Holtzman Inkblot Technique; test validity; test reliability, 30400
- psychometric investigation; religious faith questionnaire; convergent validity; Santa Clara Strength of Religious Faith Questionnaire, 33478
- psychometric properties; Childhood Anxiety Sensitivity Index; anxiety sensitivity; African American; elementary school children; test validity, 21145
- psychometric properties; circadian type inventory; test validity; test reliability, 24168
- psychometric properties; Coping Inventory for Stressful Situations; major depression; reliability; factorial validity; internal consistency; distress; personality correlates, 6274
- psychometric properties; Dysfunctional Attitude Scale; reliability; validity; clinical populations; nonclinical populations, 24235
- psychometric properties; Everyday Discrimination Scale; black adolescents; test reliability; internalization; externalization, 24188
- psychometric properties; Multidimensional Child and Adolescent Depression Scale; test validity; test reliability, 6281

borderline personality disorder; factor structure; construct validity; adolescents; borderline personality inventory; symptomatology; factor analysis, 15040

Brief Psychiatric Rating Scale; clinical psychopharmacology; psychiatric outcomes; factor structure; scale validity, 21162

Brief Smoking Consequences Questionnaire-Adult; smoking expectancy; smoking-nicotine dependence; validity; reliability; heavy smokers; light smokers; African American smokers; psychometric properties, 13400

California Older Adult Stroop Test; geriatric populations; Stroop test; test validity; test reliability, 18094

California Psychological Inventory; depressive symptom scale; construct validation; discriminant validity; psychometric properties, 33551

cancer children fatigue; parents; fatigue instruments; instrument development; content validation; psychometric properties; child cancer patients, 3226

career indecision; test validity; Decisional Process Inventory, 2896

case study method; reliability; validity; marketing research, 9205

Center for Epidemiologic Studies Depression Scale; low socioeconomic status; African Americans; test validity, 24266

Volume 91 SUBJECT INDEX

Test Validity—Serials

Child Abuse Potential Inventory; Parenting Stress Index; Parent Child Relationship Inventory; Bricklin Perceptual Scale; Daubert standard; parental capacity measures; validity; reliability, 30379

child behavior checklist; personality pathology; clinical judgment; test reliability; test validity; assessment, 9413

Childhood Neurologic Disability Scale; ICND; pediatric epilepsy; physical disability; neurologic disability; cognition; children, 3185

childhood sexual abuse; checklist validity; popular psychology literature; Barnum effect, 21134

Children's Category Test; criterion validity; test subsets; injury severity; post-injury psychometric intelligence; T-score validity; pediatric traumatic brain injury; psychometric intelligence, 9451

children's anxiety; psychometric properties; Spence Children's Anxiety Scale; anxiety disorder; parent child agreement; test validity; test reliability, 24263

Chinese Personality Assessment Inventory; convergent validity; personality features; personality scales; cultural context; MMPI-2, 12460

Chinese translation; Nowicki-Strickland locus of control scale; psychometric properties; scale reliability; scale validity, 30386

chronic pain; chronic pain coping inventory; reliability; validity; coping, 6261

clinical assessment; test validity; personality measures; Revised NEO Personality Inventory; NEO-PI-R; MMPI-2; Minnesota Multiphasic Personality Inventory-2; psychodiagnosis, 104

clinical competence; measuring techniques; objective structured clinical examinations; medical students; results reproducibility; assessment quality; content validity; reliability, 27385

clinical validation; Quality of Life Inventory; crime victims; posttraumatic stress disorder; cross-cultural validation; psychometrics, 33562

Clinician Administered PTSD Scale; rating scale model; diagnostic tool; construct validity; treatment response evaluation; posttraumatic stress disorder; veterans; case definition; symptoms, 9410

Clock Drawing Test; modified and integrated approach; dementia patients; test reliability; validity; differential scoring; scoring methods; psychogeriatric outpatients; Mini Mental State Examination, 24244

coaching confidence; Coaching Confidence Scale; instrument reliability; instrument validity, 21121

cognitive ability; aging; cognitive assessment; change in cognitive functioning; National Adult Reading Test; Raven's Standard Progressive Matrices Test; test reliability; test validity, 18150

Cognitive Adaptive Test; validity; pediatric health care; health care providers; Mental Developmental Index; Bayley Scales of Infant Development, 15005

cognitive assessment; neuropsychological assessment; Asians; test validity, 187

Cognitive Failures Questionnaire; dimensionality; construct validity; everyday task failures, 30378

cognitive impairment; Geriatric Depression Scale; Orientation-Memory-Concentration-test; major depression; test validity; test reliability; psychometrics; older ill inpatients; screening tests, 24242

cognitive styles analysis; cognitive styles; computerized measure; test reliability; test validity, 21122

college students; drinking games; alcohol consumption; self-esteem; personality; test reliability; test validity; psychometrics, 34583

college students; reading strategies; comprehension; reading school-related materials; studying; Metacognitive Reading Strategies Questionnaire; self-report instrument, 24312

Columbia SuicideScreen; psychometric properties; high school students; at risk populations; validity; suicidal ideation; suicide attempt; major depression; dysthymia; substance use; reliability, 9431

company performance; subjective measures; convergent validity; discriminant validity; construct validity, 18191

competency to stand trial; Dusky standard; Evaluation of Competency to Stand Trial-Revised; validity, 6319

Competitive State Anxiety Inventory; athletes; anxious state; excited states; validity, 21090

Comprehensive Psychotherapeutic Interventions Rating Scale; psychotherapists; psychotherapeutic orientations; construct validity, 30467

compulsive behavior; symmetry; obsessive-compulsive disorder; psychometrics; test validity; self-report measurement, 30462

computer technology; Computer Anxiety Scale; covariance modeling; German college students, 18091

computerized PAINReport; report usability; completion time; report acceptability; information completeness; pain assessment; general public; pain; cancer patients; cancer pain, 3155

concurrent validity; OMNI perceived exertion scale; resistance exercise; concurrent validity; OMNI-Resistance Exercise Scale; knee extension; biceps curls; gender, 21104

concurrent validity; convergent validity; contemplation ladder; University of Rhode Island Change Assessment; smoking cessation, 33585

concurrent validity; criterion validity; Immediate and Delayed Memory Tasks continuous performance test; impulsivity; impulsive behavior; disruptive behavior disorders; fighting, 3189

concurrent validity; Dynamic Indicators of Basic Early Literacy Skills; Comprehensive Test of Phonological Processing; diagnostic accuracy; phonological awareness; cut-scores; kindergartners, 9477

concurrent validity; physical educators attitudes; disabled students; Physical Educators Attitude Toward Individuals with Disabilities III survey, 33467

concurrent validity; Schwartz Outcome Scale; SOS-10; Substance Abuse Subtle Screening Inventory-3; substance use symptoms; scores; defensiveness; clients, 150

condom usage; self report measures; validity; test comprehension, 9458

conduct disorder; clinician diagnoses; Diagnostic Interview Schedule for Children; test validity, 30448

confirmatory factor analysis; measurement equivalence/invariance; manifest indicators, 12538

conflict related behavior; social desirability; Conflict Dynamics Profile; interpersonal conflict; psychometrics; test reliability; test validity, 30366

confrontation naming; Chinese patients; brain damage; Boston Naming Test; psychometric properties; internal consistency; discriminant validity, 9444

Congenital Heart Disease-TNO/AZL Adult Quality of Life; health-related quality of life; congenital heart disease; test development; test validity; young adults, 24295

conscientiousness; personality; psychometric properties; assessment; validity; conscientiousness scales; test development, 30414

consensus scoring; empirical option weighting; performance-based tests; Emotional Intelligence tests; scoring methods; reliability; discriminability; validity, 12537

construct comparability; PIB/SpEEs Stress Index; job applicants; cultural groups; public safety sector; security sector; psychometrics, 21206

construct equivalence; equating; confirmatory factor analysis; impact analysis, 258

construct validity; childhood anxiety disorders; functioning level; test reliability; Child Anxiety Impact Scale-Parent version, 21169

construct validity; college maladjustment; assessment; university psychological clinic; student clients; MMPI-2, 30393

construct validity; content validity; face validity; hospitalized cancer patients; test-retest reliability; consistency reliability; Pain Opioid Analgesics Beliefs Scale-Cancer; cancer pain, 3145

construct validity; criterion validity; goal orientation instruments; nomological network; college undergraduates, 5898

construct validity; early smoking experience questionnaire; adolescent smokers, 30421

construct validity; gender role; self-report measure; gender differences; relationships; Relationship Profile Test; gender role stereotype, 12458

construct validity; Head Injury Scale; collegiate athletes; concussion symptoms; self report, 6346

construct validity; identity status measures; Ego Identity Process Questionnaire; Extended Objective Measure of Ego Identity Status II; personality traits; psychometrics; test reliability, 33534

construct validity; interest scales; Strong Interest Inventory; Campbell Interest and Skill Survey; convergent validity, 33604

construct validity; Mathematical Patterns Test; task structure; acceptable fit; primary mathematics reform; primary school students, 224

construct validity; negative affectivity measures; job stressors, 18083

construct validity; Positive Psychology Protective Profile, 6311

construct validity; psychometrics; Fake Bad Scale; MMPI-2 profiles; psychiatric inpatients; chronic pain; personal injury evaluations; medical patients; false positive rates; psychological distress, 21136

construct validity; psychometrics; Fake Bad Scale; MMPI-2 profiles; psychiatric inpatients; chronic pain; personal injury evaluations; medical patients; false positive rates; psychological distress, 21146

construct validity; psychometrics; Fake Bad Scale; MMPI-2 profiles; psychiatric inpatients; chronic pain; personal injury evaluations; medical patients; false positive rates; psychological distress, 21127

construct validity; retrospective perception; parental relating scales; questionnaires; childrearing, 99

Test Validity—Serials

construct validity; Ryff's Scales of Psychological Well-being; spiritual well-being; psychometric properties; factorial validity, 12520

construct validity; Social Phobia and Anxiety Inventory for Children; Social Anxiety Scale for Adolescents; sensitivity; specificity; social anxiety, 24252

construct validity; triadic approach; assessment center; taxonomy; Feeling; Thinking; Power; job applicants, 30512

Constructivist Learning Environment Survey; classroom learning environments; preservice teachers; inservice teachers; validity; reliability, 30494

consumers' hedonic shopping; entertainment; retailing; shopping motivation; cluster analysis; adult consumers; shopper segments; rating scales; test validity, 232

content validity; oral health status scales; oral health related quality of life; quality of life, 24298

convergent validity; discriminant validity; cross-informant ratings; interparental conflict; adolescent competence; adolescent behavioral problems, 24191

convergent validity; divergent validity; reliability; Coping Resources Inventory for Stress; college students; clinical populations; nonclinical populations, 6359

convergent validity; low-income population; minority; health status, 12513

convergent validity; Reasons for Smoking Scale; self assessment tool; smokers motives; alcoholics; psychometrics, 30437

convergent validity; test-retest reliability; Youth Rating Scale; Behavioral and Emotional Rating Scale-Second Edition; strength-based assessment, 33490

CRAFFT; test validity; American Indians; Alaska Natives; drug & alcohol risk screening; psychometrics; adolescents, 142

criterion related validity; reliability; psychometric properties; Self Regulation Scale; attention control; dispositional self regulation; self efficacy; negative affect; coping; goal pursuit, 30413

criterion validity; sensitivity; group writing intervention; writing skill; curriculum based measures; Woodcock Johnson-Revised; writing samples subtest; elementary school students, 15099

criterion-related validity; discriminant validity; divergent validity; Kuwaiti adolescents; Kuwait University Anxiety Scale, 24225

criterion-related validity; Three-Factor Model; model validity; Psychopathy Checklist-Revised; personality; incarcerated offenders; interpersonal factor; affective factor; behavioral factor, 14977

cross cultural; personality traits; self & other agreement; consensual validity, 18113

cross-cultural adaptation; Korean fibromyalgia impact questionnaire; test validity; women; test reliability, 24290

cross-cultural adaptation; Spanish version of the Calgary Depression Scale for Schizophrenia; validation; schizophrenia, 25674

cross-cultural validation; Kaufman Assessment battery for Children; Korean children; foreign language adaptation; sequential processing; simultaneous processing; achievement, 6370

cultural background; primary school children; intellectual performance; immigrants; construct validity; cognitive ability, 15004

death anxiety scale; concurrent validity; divergent validity, 12454

deception; test validity; comparison question test; mock crime, 12446

Dementia Deficits Scale; dementia; impaired deficit awareness; self-awareness; cognitive functioning; emotional functioning; functional deficits; patient assessment; test validity; reliability, 33583

dementia screening; screening tool; tool sensitivity; tool specificity; positive predictive value; PPV; negative predictive value; NPV, 3213

depression identification; long-term care setting; nursing home residents; Geriatric Depression Scale Short Form; Minimum Data Set; aging; validity, 24245

depression proneness; treatment-seeking smokers; Depression Proneness Inventory; construct validity, 19698

depression; traumatic brain injury; validity; reliability; factor structure; brief screening device; Center for Epidemiological Studies-Depression Scale, 33574

depressive personality disorders; test reliability; discriminant validity; psychometrics; convergent validity; rating scales, 24251

depressive symptomatology; major depressive disorder; psychometric properties; bipolar disorder; test validity; internal consistency; depression inventories, 15054

development & factor analysis & reliability & discriminant & convergent validity of Attitudes Regarding Bisexuality Scale, heterosexual & bisexual & lesbian & male homosexual 15-61 yr olds, 9359

development of handedness; performance-based measure; WatHand Box Test; test development; test validity; age differences; children; adolescents; adults, 6262

- development; reliability; validity; factor structure; Mooring Self-Efficacy Scale; spinal cord injury; daily activities, 158
- development; validity; Discrete Emotions Emotional Labor Scale; business students; employees, 9492
- development; validity; discriminant function analysis; Strong Interest Inventory; occupations; scale development, 9491
- Diagnostic and Statistical Manual; anxiety disorder symptoms; Screen for Child Anxiety Related Emotional Disorders-Revised; test reliability; test validity, 21172
- Diagnostic Interview for Genetic Studies; Korean version; test-retest reliability; diagnostic validity; concurrent validity; psychiatric disorders, 27315
- diagnostic inventory for depression; self report scale; DSM-IV; major depressive disorder; test development; validity; psychosocial impairment; quality of life, 9440
- dietary restraint scales; acute dietary restriction; bulimic pathology; onset prediction; eating disturbance; scales validity; caloric intake; measure validity; inverse correlation, 12493
- differential prevalence group; impression management; self-deceptive; Minnesota Multiphasic Personality Inventory; underreporting response bias, 21109
- discriminant validity; Career Factors Inventory; career indecision; career counseling; career choice anxiety, 33600
- discriminant validity; convergent validity; personality disorder measurement; mentally ill male offenders, 24230
- dissociation; web version; Dissociative Experiences Scale; psychometrics; test validity, 21112
- dizziness; PRIME-MD Patient Health Questionnaire; anxiety; depression; prevalence; mood disorders; otorhinolaryngology outpatients, 161
- domestic violence reoffending; risk assessment; Domestic Violence Screening Instrument; reliability; validity, 33571
- Dysfunctional Attitudes Scale; factor structure; test reliability; test validity; older adults; depression-related attitudes; self-report measures, 15044
- early intervention program; intervention effectiveness; Bracken Basic Concept Scale-Revised; Bracken Concept Development Program; Head Start students; concept acquisition; receptive language skills, 15110
- Eating Disorder Diagnostic Scale; validity; reliability; interview-based diagnoses; risk factors; eating pathology; internal consistency; anorexia nervosa; eating disorders; bulimia nervosa, 12494
- Eating Disorder Examination Questionnaire; eating disorder screening; community; women; test validity, 21150
- Elementary Reading Attitude Survey; recreational reading; academic reading; gender; race; validity; factor variance; elementary students, 24309
- emotion regulation; Emotion Regulation Scale; factor structure; test validation; emotion dysregulation; test reliability, 33506
- emotional intelligence; social interaction; Mayer-Salovey-Caruso Emotional Intelligence Test; test validity; test reliability; psychometrics, 30412
- emotional intelligence; test reliability; psychometric properties; cross-validation; internal reliability, 12457
- emotional regulation; test-taking scale; test development; test validity, 33596
- emotional stability; core self-evaluations; self-efficacy; personality traits; job outcomes; Core Self-Evaluations Scale; scale development; scale validity; locus of control, 33514
- end-stage dementia; suffering; Mini-Suffering State Examination; test validity; test reliability, 27305
- EORTC QLQ-C30 (version 3) and EORTC QLQ-BR23 Chinese version; breast cancer patients; active treatment; test/retest reliability; cognitive functioning; physical functioning, 201
- Epworth Sleepiness Scale; Italian language version; validity, 9367
- etiology; comorbidity models; Neale and Kendler model-fitting approach; model validity, 25484
- executive dysfunction; activities of daily living; schizophrenia; neuropsychological tests; ecological validity, 28740
- executive function deficits; assessment; Parkinsons patients; Tower of London-Drexel; demented patients; depressed patients; test validity; patient differentiation; stimulus-bound score; utilization, 14972
- Expanded Skills Confidence Inventory; E-SCI; vocational interests; interests; educational aspirations; career & academic major preferences; self efficacy; test validity, 231
- expert judgment procedure; high stakes credentialing examinations; minimal performance level; MPL; cutoff scores; Canadian Standard Assessment in Optometry; validity study; reliability, 15109
- external validity; mock-crime procedure; polygraph tests; Guilty Knowledge Test, 3187
- Eysenck Personality Questionnaire; Zuckerman-Kuhlman Personality Inventory Form; NEO-Personality Inventory; test replicability; test reliability; test validity, 18104
- factor analyses; Fear of Negative Evaluation; Brief Fear of Negative Evaluation; convergent validity; statistical methods; validity analyses; factor structure; item response theory; FNE; BFNE, 24271
- factor analysis; catatonia; psychomotor syndrome; Catatonia Rating Scale; test validity, 3193
- factor structure; alcohol use disorders identification test; high-risk population; test reliability; test validity; psychometrics, 33477
- factor structure; concurrent validity; Drug Use Screening Inventory; adolescent sample; alcohol usage; substance abuse, 21156
- factor structure; General Health Questionnaire; factor analysis; longitudinal dataset; concurrent validity; New Zealand organizations, 15093
- factorial validity; invariance testing; Social Physique Anxiety Scale; gender differences, 33473
- factorial validity; Stress-Related Growth Scale; psychometrics; test reliability; mature thinking; spiritual growth; emotional growth, 24221
- Faith Development Scale; test validity; adult development; maturational & faith based experiences; time; college students, 97
- Feedback Environment Scale; managers; test development; validation; reliability; management training, 9498
- five-factor inventory; personality test; psychometric properties; test validity; test reliability, 24219
- forensic evaluation; psychological tests; admissibility of testimony; legal processes; validity, 149
- French version; Multidimensional Fatigue Inventory; medical patients; test validity; psychometrics, 15089
- French version; Wechsler Adult Intelligence Scale III; WAIS-III; standardization; factor structure; four-factor solution; construct validity; arithmetic subtest; Working Memory factor; verbal subtests, 24308
- functional assessment of cancer therapy; quality of life; biologic response modifier; renal cell carcinoma; test validity; scale development, 27259
- Gambling Timeline Followback; gambling behavior; timeline followback method; young adults; gambling behavior; alcohol consumption; reliability; discriminant validity; test-retest reliability, 12476
- Gambling Urge Scale; GUS; gambling; factor analysis; validity; reliability; problem gamblers, 24269
- General Behavior Inventory; diagnostic groups; youth self-report; discriminate validity; mood disorders, 21131
- General Health Questionnaire-12; measurement invariance; young adolescents; validity, 18085
- general mental ability validity; general mental ability measures; occupations, 3244
- general worry; Three Item Worry Index; test development; validity, 30410
- genetic basis; problem behavior; psychopathology; environmental influences; Devereux Child Behavior; test validity; psychometrics, 24196
- Geriatric Depression Scale; Even Briefer Assessment Scale for Depression; Single Question; Cornell Scale for Depression in Dementia; test validity; psychometrics; elderly patients; diagnosis, 24257
- global quality of life indicators; health assessments; health perceptions; construct validity; causal model, 33587
- Goal Instability Scale; cultural validation; vocational identity; career certainty; motivational correlates; Portuguese high school students, 9496
- Goal Orientation and Learning Strategies Inventory; test development; test validation; student motivation; cognitive strategies; metacognitive cognitive, 18178
- graduate record examinations; test validity; grade point average prediction; medical colleges; GRE general test; veterinary medical colleges; validity coefficients, 15108
- group participation; group dynamics; group work; test reliability; test validity, 9424
- handicapping hearing loss; elderly; hearing loss screening; unrecognized hearing loss; screening method comparison; method sensitivity; method specificity; predictive values, 3159
- Health and Work Questionnaire; instrument; psychometrics; workplace productivity; worker health; smokers, 30484
- health care utilization; veterans affairs; posttraumatic stress disorder; MMPI-2 validity; disability awards; compensation and pension evaluation, 27143
- Health of the Nation Outcome Scales; utility; community mental health care; clinical outcomes; psychosis; depression; anxiety disorders, 24270
- health-related quality of life; test validity; adolescents; health status assessment, 27368
- HEXACO personality inventory; psychometric properties; honesty-humility; emotionality; extraversion; agreeableness; conscientiousness; openness to experience, 33517
- HIV-infection; condom reliability; HIV-negative partners; HIV/AIDS; safer sexual behaviour, 9467
- Homai te Waiora ki Ahau; measurement; well-being; Maori; construct validity; test development, 33476
- hope; optimism; disposition; measurement; discriminant validity; models, 24203
- Hopkins Verbal Learning Test; Mini-Mental State Examination; test validity; mild dementia detection; Alzheimer's disease; vascular dementia; elderly adults; demographic factors; reading ability, 9447
- How I Feel; self report; emotional arousal; emotion regulation; test development; test validity, 118
- human values; health-related attitudes; political attitude; religious attitude; Austrian Value Questionnaire; test validity; patriotism; nationalism; authoritarianism; religiosity; coherence sense, 30420
- idiosyncratic cognitive schema; cognitive case formulations; intraindividual idiographic approach; clinical validation; cognition items; factor analysis; symptoms; distress, 33811
- Impact of Event Scale; Dutch version; psychometric value; assessment instrument; confirmatory factor analyses; traumatic experiences; construct validation; construct validity; stressors assessment, 12475
- incremental validity; criterion measures; methodological foundations; individual differences; diagnostic efficacy; clinical assessment; measurement, 6294
- incremental validity; frame-of-reference effect; personality scale scores; context specific personality items; noncontextual items; cognitive ability; job applicant testing; personnel selection, 9490
- incremental validity; measurement; assessment; psychopathology; adults, 6289
- incremental validity; psychological assessment; measurement; children; adolescents; information, 6300
- incremental validity; rorschach test; psychological assessment; ego impairment index; r. m. dawes; new ideas, 6236
- indigenous measures; personality assessment; Asians; test validity, 81
- individual differences; tolerance; thinking; logical contradictions; validity, 33501
- information processing deficits; multiple sclerosis; screening instruments; clinical utility; working memory; processing speed, 30473
- information strategies measurement; information satisfaction questionnaire; questionnaire development; cancer; oncology, 27326
- Infrequency-posttraumatic stress disorder scale; malingered posttraumatic stress disorder; Minnesota Multiphasic Personality Inventory; validation; adult victims of child sexual abuse, 21133
- Infrequency-posttraumatic stress disorder scale; malingered posttraumatic stress disorder; Minnesota Multiphasic Personality Inventory; validation; adult victims of child sexual abuse, 30441
- inpatient violence; acute psychiatric wards; Broset Violence Checklist; violence prediction; psychiatric inpatients; predictive value; validity, 30431
- insomnia; cancer patients; criterion validity; insomnia detection; cancer screening; ambulatory oncology clinics, 3150
- interactive behavior; attachment security assessment; parental ego-resilience; construct validation, 24195
- interest measurement; Basic Interest Scales; major field choice; specific interest scales; Strong Interest Inventory; General Occupational Themes, 33603
- internal consistency; reliability; consistency estimates; united arab emirates; construct validity; arabic version; Fennema-Sherman mathematics attitudes scales, 24303
- interpersonal events; concurrent validity; component structure; uplift measurement, 27297
- interrater reliability; predictive validity; risk assessment instruments; sexual violence; sex offenders, 24167
- intimacy experiences; gender differences; love & affection; personal validation; trust; self disclosure; intimacy measures, 3167
- intimate partner violence; preceding events; Proximal Antecedents to Violent Episodes Scale; reliability; validity, 34940
- introduction; incremental validity; utility; clinical assessment, 6297
- Italian version; foreign language translation; Fibrofatiigue Scale; test validation; fibromyalgia symptoms, 18137
- japanese version; social support; psychometric characteristics; conflict; reciprocity; Interpersonal Relationship Inventory, 6277
- job stress; family stress; Chinese working women; blood pressure; psychosomatic symptoms; psychometric properties; test validity, 30516
- Korean Rape Myth Acceptance Scale; test development; test validity; factor analysis; violence; implications for counseling psychology, 18093
- Kuder career search; test reliability; test validity; occupational possibilities; career interest measurement, 30509
- laboratory cognitive tasks; attention-deficit hyperactivity disorder, 24267

- learning environment; Cultural Learning Environment Questionnaire; teacher trainees; culturally sensitive factors; test validity; test reliability; psychometrics, 33591
- Leeds sleep evaluation questionnaire; self-report; getting to sleep; quality of sleep; awakening from sleep; alertness; behavior following wakefulness; cross-cultural validation; reliability; insomnia, 9469
- life quality; schizophrenics; occupational issues; Quality of Life Measure for Persons With Schizophrenia; test validity; test reliability; psychometrics, 21144
- Lloyd G. Humphreys; differential psychologist; methodology; construct validity development; systematic heterogeneity; scientist, 32881
- Loevinger's measure of personality; ego development; intelligence; maturity; ego level; discriminant validity; incremental validity, 21111
- maintenance therapy; cutoff scores; validity; Montgomery-Asberg Depression Rating Scale; Hamilton Depression Rating Scale; Bech-Rafaelson Melancholia Scale; major depression; citatalam; elderly, 9409
- major depressive disorder; screening questionnaires; psychiatric diagnoses; depression screening; test validity; clinical decision making; anxiety; well being, 12487
- male sexual abuse; social perceptions; personal perceptions; Sexual Abuse of Males Perceptions Scale; validity; psychometric properties, 33528
- malingered neurocognitive dysfunction; exaggerated pain reports; litigants; chronic pain; McGill Pain Questionnaire; Pain Disability Index; Modified Somatic Perception Questionnaire; test sensitivity, 6357
- malingering; depression; forensic evaluation; faking; test validity; Minnesota Multiphasic Personality Inventory, 6330
- maternal representations; pregnancy; early motherhood; test validity; L'entretien; Turkish translation; primiparous pregnant women; primiparous mothers; postpartum period; content-free dimensions, 9393
- Meaningful Auditory Integration Scale; auditory behaviour; aurally habilitated children; convergent validity; scale reliability; different language versions, 33488
- measurement structure; generalizability; Child Behavior Checklist; Turkey, 24190
- measurement; face validity; quantified validity; family therapy, 58
- Measuring Awareness of Financial Skills; test validity; test reliability; psychometrics; dementia, 15041
- memory self-efficacy; test construction; test reliability; test validity; psychometrics, 30380
- menopause; Menopausal Sexual Interest Questionnaire; sexual interest; sexual desire; test reliability; construct validity; sexual function, 27281
- mental ability; GMA; personnel selection ability; employee training success; job performance; GMA measures; European community; employee selection; cognitive ability tests; employee selection, 15118
- mental health problems; behavioral symptoms; emotional distress; psychosocial impairment; reliability; validity; Health Dynamics Inventory; self-report questionnaire; psychometric properties, 33565
- mental retardation; attention-deficit hyperactivity disorder; test reliability, 33557
- Meta-cognitions Questionnaire-Adolescent Version; test development; test validation; emotional correlates; meta-cognition; internal consistency; emotional well-being, 24187
- metacognitive functioning; psychotherapy; metacognition assessment scale; psychotherapy patients; scale construction; test validity, 18139
- Migraine Disability Assessment; Japanese translation; migraine-related disability; test reliability; test validity, 12514
- Miller Analogies Test; academic performance; career potential; creativity; job performance; prediction; test validity; intelligence; cognitive ability, 9397
- Miller Forensic Assessment of Symptoms Test; construct validity; criterion validity; malingered mental illness; criminal defendants; total score; scales; test scores, 27278
- Million Adolescent Clinical Inventory; juvenile offending; Mexican American youth; reliability; validity, 30436
- Millon Clinical Multiaxial Inventory III; subtyping; predictive validity; concurrent validity; opioid dependency; naltrone; relapse prevention; incentive vouchers; behavioral therapy, 30434
- Millon Clinical Multiaxial Inventory-III; personality disorders; personality scales; unsupported gender differences; norms; validity; unsupported research data; relevant pattern assessment, 9417
- Mini-Mental State Examination; test validation; Spanish version; factor analysis, 21165
- Minnesota Multiphasic Personality Inventory 2 Superlativity (S) scale; incremental validity; scale evaluation; psychiatric inpatient sample, 14968
- Minnesota Multiphasic Personality Inventory-2; MMPI-2; Vietnamese translation; psychological adjustment; refugees; cross cultural validity; test validity, 84
- Minnesota Multiphasic Personality Inventory-Adolescent; MMPI-A profile; adolescents; normal range profiles; psychiatric inpatients; validity, 147
- MMPI; workplace sexual harassment; psychological condition; forensic evaluation; emotional distress; validity; discrimination litigants; sex discrimination, 24259
- monitoring; sleep-related threat; Sleep Associated Monitoring Index; test reliability; test validity; insomnia; sleep disturbance; self-focus, 18098
- Montgomery-Asberg depression rating scale; inter-rater reliability; test validity; major depressive disorder; psychometrics; Japanese version, 21159
- Moral Disengagement Scale; test structure; test reliability; test correlates; moral self-sanctions; moral disengagement; parenting; child behavior, 33533
- mother-infant interaction; home environment; Global Ratings Scales of Mother-Infant Interaction; Infant-Toddler Home Observation for the Measurement of the Environment; postnatal depression, 27270
- Motor Performance Checklist; developmental co-ordination disorder; pediatric occupational therapy services; test validity; test reliability; psychometrics, 33486
- MSCEIT; ability-based measure; emotional intelligence; prediction; test validity; citizenship behavior; individual performance; group performance, 21113
- Multicultural Awareness, Knowledge, and Skills Survey-Counselor Edition; reliability; validity; multicultural competence; counselors; training, 3143
- Multidimensional Scale of Perceived Social Support; test reliability; test validity; psychometrics; Mexican American youth; social support, 21114
- multigroup ethnic identity; Asian American college students; psychological well-being; factor structure; test reliability; test validity; demographic characteristics, 15000
- multiple measures; tiered systems; performance measures; school accountability systems; organizational responsibility; instructional sensitivity; assessment; testing; validity, 213
- multiple-choice questions; Resource Allocation Paradigms of Pittsburgh; story comprehension; passage dependency; auditory story comprehension; software environment, 27269
- muscle appearance attitude measures; body image; muscularity; body fat; validity, 30395
- Need for Closure Scale; Chinese version; scale-scale correlations; scale-face correlations; construct validity; bidimensional structure, 24215
- negative mentoring experiences; construct development; nomological validation; mentor distancing behavior, 27396
- NEO Five-Factor Inventory; test reliability; factor structure; test validity; personality measures, 12466
- NEO Personality Inventory Revised; personality trait structure; Italian translation; psychometric properties; Procrustes rotation; cross cultural differences; test validity; factor structure, 6278
- neuropsychological assessment; pediatric neuropsychological tests of attention; ecological validity; adaptive functioning, 15079
- Non-Communicative Patients Pain Assessment Instrument; pain behaviors; dementia; nursing assistants; test validity, 33566
- nonverbal intelligence test; deaf children; factor analysis; test validity; psychometrics, 30454
- Normative Appetitive Picture System; NAPS; reliability; specificity; validity; cue exposure; substance use; individual differences; college students; cue reactivity, 24279
- number processing; mental calculation; developmental dyscalculia; mathematics disorder; arithmetical performance; test validity; test standardization; Greek schoolchildren, 33491
- nursing; organizations; nurse executives; Sieloff-King Assessment of Departmental Power; psychometric evaluation, 2408
- objective structured clinical examinations; interrater reliability; examiner effects; objectivity; station reliability & validity; examiner experience; examiner involvement in station construction, 21202
- Obsessive-Compulsive Inventory Revised; psychometric properties; student sample; factor structure; measure; internal consistency; test retest reliability; test validity; scale scores; depression, 15045
- offender risk assessment; predictive validity; recidivism prediction; Level of Service Inventory; LSI; special offender groups, 18086
- Oklahoma Premorbid Intelligence Estimate-3; WAIS-III FSIQ; dementia; traumatic brain injury; Huntington's disease; Korsakoff's disease; chronic alcohol use; temporal lobectomy; schizophrenia, 6324
- online Counseling Attitudes Scales; Face-to-Face Counseling Attitudes Scales; help-seeking attitudes; scale validity; scale development, 30501
- Oppositional Defiant Behavior Inventory; test reliability; test reliability; oppositional defiant disorder; attention deficit/hyperactivity disorder; internal consistency; test validity; diagnosis, 30444
- Oral Trail Making Test; limitations; Trail Making Test; older patients, 15082
- organizational socialization; organizational commitment; job satisfaction; test validity, 33605
- outcome expectancies; crime consequences; self-report; crime; male inmates; development; validity; factor analysis; factor structure; psychoeducational intervention; offender rehabilitation, 6331
- P-SCAN; structural reliability; construct validity; screening instrument; psychopathy, 15043
- paediatric occupational therapists; motor-free visual perception test; test validity; test reliability; visual perceptual dysfunction; occupational therapy, 6257
- parent reports; scale development; test validity; parent checklist; gross motor milestone attainment; sitting; crawling; walking; motor performance, 33489
- parent-child interaction measures; measure comparison; caregiver-child interactions, 21080

- Physical Education Teacher Attitudes Toward Fitness Tests Scale; scale validity; scale reliability; physical education teachers; scale development, 27381
- physical fitness; high school students; Physical Self-Description Questionnaire; construct validity; French translation; physical fitness, 18109
- positive affect; Positive Affect Schedule for Youth; validity; reliability; well-being; children; positive psychology, 9371
- positive beliefs; worrying behavior; Structured Interview on Beliefs About Worry; validity; negative emotions; psychometrics, 30405
- positive psychology; life satisfaction; satisfaction assessment research; children; adolescents; construct validity; demographic variables; cultural factors; group differences, 27418

- postoperative pain; Neonatal Facial Coding System; validity; facial actions; infants; item reduction, 6249
- Posttraumatic Cognitions Inventory; psychometric properties; factor structure; internal consistency; concurrent validity; discriminant validity; discriminative validity; traffic accident survivors, 33573
- Posttraumatic Stress Disorder Checklist; construct validity; cancer survivors; symptoms; bone marrow transplantation; stem cell transplantation, 33545
- pre-employment screening test; test validity; test reliability; Counterproductive Behavior Index; psychometrics, 24315
- preceptors ratings; clerkship performance; clinical evaluation form; clinical competence; test validity; medical students; medical internship, 27268
- predictive validity; concurrent validity; prospective validity; retrospective validity; self report; delinquency; blacks; Asians; Whites; gender differences, 18087
- predictive validity; geriatric medicine; hip fracture; elderly patients; delirium observation screening scale; nurses observation; construct reliability; delirium; early recognition, 6325
- predictive validity; job burnout; self-report; self-defined burnout; Maslach Burnout Inventory, 21205
- preferences; calculation; disease-specific disabilities; visual analogue scale; time tradeoff; willingness to pay; measurement; standard gamble; Anchor Point Choice; health attitudes; physical illness, 15094
- preliminary validation; French translation; anxiety sensitivity index; psychometric evaluation; college students, 15025
- prenatal attachment; test development; Maternal Fetal Attachment Scale; methodology; test validity; test reliability; measurement, 12441
- preschool screening test; test validation; learning disabled; developmentally delayed, 9484
- procedural justice; sales force; scale development; scale validation; managerial justice; distributive justice, 21204
- Project on Elite Athlete Commitment; PEAK; Sport Commitment Model; external validity; athlete attitudes; interview process, 284
- psychoanalysis; analytic process scales; psychodynamic therapies; coding manual; test validity; test reliability, 30469
- psychological assessment; Asia; test validity; cross cultural validity, 65
- psychological assessment; Asians; cross cultural validity, 56
- psychological assessment; focus groups; content validity; target population; instrument development; research findings, 33646
- psychological test; test validity; test items; test taker integrity; test result; test taker creditability; Confluence Score, 3137
- psychology internships; internship research training; predictive validity; scales; test reliability, 17523
- psychometric characteristics; community-based treatment; service delivery; treatment adherence; Wraparound Fidelity Index; test validity, 24291
- psychometric characteristics; Cybernetic Coping scale; test validity; test reliability; coping behavior; factor structure, 27292
- psychometric characteristics; measurement; psychometric properties; well being; life satisfaction; quality of life; clinical utility; healthy adults; psychiatric patients, 9423
- psychometric evaluation; Holtzman Inkblot Technique; test validity; test reliability, 30400
- psychometric investigation; religious faith questionnaire; convergent validity; Santa Clara Strength of Religious Faith Questionnaire, 33478
- psychometric properties; Childhood Anxiety Sensitivity Index; anxiety sensitivity; African American; elementary school children; test validity, 21145
- psychometric properties; circadian type inventory; test validity; test reliability, 24168
- psychometric properties; Disability Application Appraisal Inventory; DAAI; reliability; factorial validity; construct validity; veterans; Knowledge scale; Negative Expectations scale; Importance scale, 24273
- psychometric properties; Dysfunctional Attitude Scale; reliability; validity; clinical populations; nonclinical populations, 24235
- psychometric properties; Group Engagement Measure; male sex offenders; group treatment, 3146
- psychometric properties; Multidimensional Child and Adolescent Depression Scale; test validity; test reliability, 6281
- psychometric properties; Neuropsychiatric Inventory—Nursing Home version; test reliability; test validity; factor structure; elderly neuropsychiatric population, 24287
- psychometric properties; Sleep Locus of Control Scale; chronic insomnia; test reliability; test validity, 21178
- psychometric properties; verbal working memory span; memory measures; reliability; validity, 9368
- psychometric properties; Zarit Burden Interview; dementia prevalence; caregiver burden; depression, 21152
- psychometric qualities; delirium measurement; testing procedures; test reliability; test validity; rater quality, 6251
- psychometrics; Children's Aggression Scale—Teacher Version; aggressive disruptive behaviors; severity; frequency; test validity, 18127
- psychometrics; mental health; mild intellectual disability; Brief Symptom Inventory; construct validity, 33552
- psychomotor vigilance tasks; short tests; test duration; performance; sleep loss; wakefulness; sleepiness, 30382
- psychopathology; mental disorders; Chinese Health Questionnaire; psychometrics; mental health; screening; test reliability; test validity, 18169
- psychopathy; factor structure; test validity; Psychopathic Personality Inventory, 137
- psychosocial costs; racism; Whites; test validity; test construction, 15003
- pupil staging; electroencephalography; sleepiness measurement; Alertness Level Test; test validity; pupil size; narcolepsy; obstructive sleep apnea, 18092
- Purpose in Life test; test reliability; social drinkers; alcohol treatment; test validity, 155
- Quality of Life in Epilepsy Inventory 89; content validity; individualized measures; health-related needs; patients with epilepsy, 24178
- Quality of Life in Prison; disability detection; external validity; factor structure; psychometric properties; quality of life; inmates; psychiatric symptoms, 15056
- quality of life instrument for the Japanese elderly with dementia; test validity; subject-responder characteristics, 24284
- quality of life; lung cancer patients; test validation; test reliability, 27265
- quality of sexual life; sexual satisfaction; sexual partner; erectile dysfunction; Index of Sexual Life Questionnaire; validity, 24293
- questionnaire evaluation; student attitudes; medical students; doctor-patient relationship; outpatient consultations; Dundee Ready Education Environment Measure; learning environment, 21188
- questionnaire evaluation; student attitudes; medical students; doctor-patient relationship; outpatient consultations; Dundee Ready Education Environment Measure; learning environment, 21200
- racial arguments; persuasiveness; racism measure; Racial Argument Scale; reliability; validity, 110
- random error; pay measurement; reliability; contingent values; validity; willingness to pay, 9353
- recent road accidents; emotional impact; Impact of Event Scale; Italian version; test validation; posttraumatic stress, 162
- rehabilitation inpatients; psychometric properties; stroke rehabilitation; Rivermead Mobility Index; mobility; stroke patients; internal consistency; test scalability; validity, 6356
- relationship adjustment; relationship stability; young couples; test validity; Communication Skills Test-Revised; Communication Box; Demand/Withdraw Pattern Questionnaire; communication measures, 93
- reliability; convergent validity; discriminant validity; Defensive Functioning Scale; overall defensive functioning score; psychopathology, 6296
- reliability; time efficiency; short forms; Wechsler Adult Intelligence Scale-III; IQ scores; validity, 9394
- reliability; validity; assistive devices; Quebec User Evaluation of Satisfaction with assistive Technology; Dutch version, 14989
- reliability; validity; Clinician Administered PTSD Scale for Schizophrenia, 9416
- reliability; validity; Delis-Kaplan Executive Function System, 18151
- reliability; validity; Institutional Integration Scale; college students; psychometrics, 9474
- research validity; transcultural epidemiology; validity problems; measurement validity & reliability; content & diagnostic & construct & external & criterion related & internal validity, 9559
- respondent misreporting; drug use; self reports; social desirability theory; marijuana; cocaine; validity issues, 30375
- Revised Children's Manifest Anxiety Scale; RCMA; test reliability; test validity; French version, 116
- revised Learning Process Questionnaire, 24310
- Riso-Hudson Enneagram Type Indicator; test reliability; test validity; internal consistency, 18115
- Rosenberg Self-Esteem Scale; self-image; item wording; dimensionality; college students; test versions; validity, 91
- Routine Assessment of Patient Progress; outcome assessment; validity; antipsychotic medication; psychiatric inpatients, 12482
- Satisfaction With Life Scale; test validity; test reliability; cross-cultural validity; college students, 21123
- scale development; Perceived Interpersonal Closeness Scale; face validity; content validity; test-retest reliability; concurrent validity; discriminant validity, 103
- scale development; validation; Usability Questionnaire for Online Shops; factor structure; shop response time; shop size; services; product distinctiveness; trust; intention to buy; decision to buy, 6108
- scale reliability; scale validity; Christianity; Francis Scale of Attitude toward Christianity, 33472
- schizophrenia; intercultural validity; family caregiving; quality of life; health needs; test validity; cross cultural differences; Involvement Evaluation Questionnaire, 3204
- Scholastic Assessment Test; general cognitive ability; general intelligence; college students, 24305
- school attitude; brief measure; test development; secondary school students; test-retest reliability; internal consistency, 6366
- screening measure; borderline personality disorder; McLean Screening Instrument for Borderline Personality Disorder; validity; reliability, 9439
- seasonal affective disorder; primary care prevalence; Seasonal Health Questionnaire; general practice validity; predictive value; research interviews; design; clinical criteria, 14987
- Seasonal Pattern Assessment Questionnaire; psychological factor; non-seasonal depressed out-patients; test validity; test reliability; seasonal affective disorder, 24299
- Self Esteem Rating Scale; equivalence of validity & reliability, 33530
- self-report; community mental health services; persistent mental illness; continuity of care; test validity; test reliability, 30403
- self-report; Psychiatric Diagnostic Screening Questionnaire; major depressive disorder; antidepressant efficacy trials; Structured Clinical Interview for DSM-IV, 22521
- Sense of Coherence instrument; construct validity; older adolescents; Rasch model, 15027
- Sexual Experiences Questionnaire; psychometrics; sexual harassment, 33461
- Sexual Experiences Survey; sexual victimization; test validity; test reliability; psychometrics, 33481
- sexual offenses; test validity; Abel Assessment for sexual interest; child molestation; visual reaction time; adolescent offenders, 30432
- sexual risk taking; HIV; vulnerability prediction; Adolescent Risk-Taking Questionnaire; test reliability; test validity, 24177
- Short Index of Mystical Orientation; Roman Catholic priests, 33469
- smell identification test; deficit schizophrenia; non-deficit schizophrenia; University of Pennsylvania Smell Identification Test, 144
- social acceptance; victim; survivor; recovery factor measurement; posttraumatic stress disorder; test validation, 33554
- Social and Emotional Loneliness Scale for Adults; short form; reliability; validity, 9387
- Social and Personal Identities scale; self-categorization; test validity; test reliability; psychometrics, 24217
- social desirability response; Social Interest Index; test validity; conscious impression management; self-presentation; unconscious self-deception, 18090
- social desirability; criterion-related validity; biodata measures, 3132
- social outcome; test-retest reliability; item-total correlations; construct validity; Subjective Index of Physical and Social Outcome; SIPSQ; prestroke lifestyle; stroke survivors; hospital discharge, 6253
- social phobia; cognitive assessment measure; test validation; Appraisal of Social Concerns; item content; patient concerns; reliability; validity, 30466
- Social Provisions Scale; physical activity; test validity; test reliability; psychometrics, 30372
- Social Sexual Awareness Scale; test development; test validation; high risk sexual behavior; sexual consent; intellectual functioning; adaptive functioning; mental retardation, 24165
- social skills; reliability; validity; prosocial behavior; social behavior; peer relations; Spanish translation of Teenage Inventory of Social Skills, 72
- Sociocultural Attitudes Towards Appearance Questionnaire-3; test development; validity; test revision, 21099
- Sociocultural Internalization of Appearance Questionnaire; body dissatisfaction; eating disturbances; test validity; internalization; societal norms; sociocultural factors; risk factors; body image, 21118
- South Oaks Gambling Screen; gambling behavior; disease severity; test validity; test reliability; psychometrics; Rasch model, 21157
- Spanish-language assessment; behavioral health services; Therapeutic Collaboration Scale; culturally sensitive instruments; health service need; client satisfaction; psychometric properties, 30481

Volume 91 SUBJECT INDEX

Test Validity—Serials

Spanish-speaking adults; questionnaire validation; questionnaire translation; English version; Hispanic; Spanish Life Support Preference Questionnaire, 9457
speaking style; stress perception; actual stress; Speech Under Simulated and Actual Stress; SUSAS; simulated stress; speech waveform; simulated database; utterances; listeners; actual stress, 15711
spiritual meaning scale; construct validity; clinical utility; spiritual meaning; personality; mental health, 33523
spiritual well being model; test development; test validity; test reliability; Spiritual Well Being Questionnaire, 6269
Sport Grid-Revised; cognitive anxiety; somatic anxiety; felt arousal; concurrent validity; CSAI-2; sports performance, 17916
sports motivation; recreation; exhibitionism; competition; emotion; sports participation; construct validity, 30373
sports performance; cognitive anxiety; somatic anxiety; coping style; catastrophe model; Sport Grid inventory; measurement; concurrent validity; CSAI-2; felt arousal; performance anxiety, 17915
Standards for Educational and Psychological Testing; validity; measurement courses, 3232
Stereotypic Roles for Black Women Scale; validity; reliability; Black women; self esteem, 30377
Sternberg Triarchic Abilities Test; academic achievement prediction; general intelligence; test validity; examination grades; Wonderlic Personnel Test; undergraduate students, 6368
Sternberg-Wagner Thinking Style Inventory; NEO-PI-R; cross-cultural replication; five-factor personality model; personality traits, 30404
Strengths and Difficulties Questionnaire; screening; psychometric properties; Dutch; children, 12455
stroke patients; test-retest reliability; discriminant validity; COPM; Canadian Occupational Performance Measure; performance, 229
stroke; traumatic brain injury; cognitive impairment; driving performance; Drivers Screening Assessment; fitness; test validity, 30478
student engagement; interobserver reliability; observation instrument; educational research; student learning time; STROBE; health profession settings; validity, 15105
subcortical ischemic vascular disease; mild cognitive impairment; computed tomography; visual rating scale; validity; Alzheimer's disease; vascular dementia, 6342
subjective sense of well-being; multicultural urban population; structural analysis; multivariate analyses; Ontario Health Survey Well-Being Scale; validity, 27294
subjective well-being measurement; ecological validity; quality of life; momentary mood ratings; global judgments; personality ratings; situational variability; long term stability, 34666
sustained attention; schizophrenia; reaction time; sustained attention to response task; measure sensitivity, 33575
Swedish translation; test validation; Disgust Scale; disgust sensitivity; confirmatory factor analysis; psychometric properties, 30394
Swedish version; Body Shape Questionnaire; test reliability; test validity, 30407
Swedish version; Strengths and Difficulties Questionnaire; children; adolescents; mental health screening; psychopathology, 3195
Symptom Check List-8; dichotomized version; screening tool; mental disorders; test validity, 18124
symptom frequency; symptom severity; assessment of depressive symptoms; Hopkins Symptom Checklist; Center for Epidemiological Studies-Depression survey; older adults; test validity; question items, 9412
symptom validity testing; feigned amnesia; mock crimes; malingering, 27338
symptom validity tests; Computerized Assessment of Response Bias; Test of Memory Malingering; Word Memory Test; test assessment; failure rates; non-head injury; disability claimants, 27336
task specific occupational self-efficacy scale; social cognitive career theory; high school students; vocational choice; reliability; validity, 17781
team assessment; team effectiveness; across context evaluation; multinational organizations; cross cultural differences; test construction; test validity; multinational teams; international management, 3242
Team Selection Inventory; factor structure; social desirability; construct validity; test validity; test reliability; employee selection; person-team fit; team-working climate, 27395
Telephone Mini-Mental State Examination; convergent validity; psychometrics; Alzheimer's disease; telemedicine, 24264
television programming consumption; connectedness scale development; connectedness scale validation, 30520
temperament scales; Junior Temperament and Character Inventory; test validity; personality measures; personality traits; children; adolescents; Korean middle school children; reliability, 18964

temperament; externalizing behavior; behavior problems; Junior Temperament and Character Inventory; test validity; attention; aggressive behavior, 30399
Ten Questions Questionnaire; neurological impairment; test validity; test reliability; psychometrics; rural community, 27340
Tenacious Goal Pursuit Scale; Flexible Goal Adjustment Scale; validity; happiness; self-acceptance, 9403
test anxiety measurement; scale development; internal construct validation, 33599
test construction; avoidance; coping; major depression; test validity, 18136
test construction; incremental validity; measurement, 6237
test development; test validation; head start students; student perceptions; teacher support; Young Children's Appraisals of Teacher Support; kindergarten; first grade, 9483
test development; test validity; factor structure; Wake Forest Physician Trust Scale; patient trust; physicians; chiropractors; nurses; health insurers; managed health care; satisfaction, 15090
test development; test validity; test reliability; inventories; tutors; problem-based learning; teaching style assessment; assertive style; suggestive style; collaborative style; facilitative style, 15103
test development; validity; pictorial version; Aachen Life Quality Inventory; German adaptation; quality of life; strokes; aphasia, 204
test of creative thinking-drawing production; creative potential assessment; adolescent development; Chinese cultural adolescents; psychometrics; test reliability, 27287
Test of Memory Malingering; forensic psychiatric setting; validity; dissimulation of cognitive impairment; competency to stand trial, 3206
test performance; scaling assumptions; test reliability; test validity; role functioning scales; role physical; role emotional, 27371
test reliability; clinical sensitivity; World Health Organization Quality of Life scale; WHOQOL-100; schizophrenia; psychopathologic measures, 9425
test reliability; test validity; Fruit and Vegetable Screening Measure for Adolescents; fruit consumption; vegetable consumption; nutrition, 27280
test reliability; test validity; Malayalam translation; quality of life; cancer survivors; Functional Assessment of Cancer Therapy-General questionnaire, 27283
test reliability; test validity; nurses; clinical judgment; risk assessment; prediction; falls; elderly, 16063
test reliability; test validity; self-report measures; drug abuse; violence; prevention; Minnesota D.A.R.E. Plus Project; psychometrics; test development; program evaluation, 24173
test validation; Client Assessment of Strengths Interests and Goals; French translation; psychometrics; reliability; treatment outcomes; serious mental illness; functional assessment, 9421
test validation; cognitive impairment; dementia screening; elderly people; low educational level; Prueba Cognitiva de Leganes; reliability, 189
test validation; Fatherhood Scale; factor analysis; test reliability; psychometrics; boy-father relationship, 27266
test validation; Multigenerational Interconnectedness Scale; Arab adolescents; internal consistency, 12442
test validation; postnatal depression scale; women; test reliability, 24164
test validity; coordinated exertion; physical fitness; grip exertion, 33474
test validity; dementia; Visual Analog Mood Scales; mood state, 33584
test validity; mild traumatic brain injury; Meyers Short Battery; test reliability; psychometric properties; cognitive impairment; neuropsychological assessment, 33580
test validity; Personal Growth Initiative Scale; Mexican Americans; college students; test scores; cultural factors, 108
test validity; psychometrics; cancer; Korean EORTC QLQ-C30; quality-of-life, 24302
test validity; Self-Expansiveness Level Form; Indian students; cross cultural differences, 33505
test validity; test reliability; analog scale display; mood assessment; hand-held computer, 95
test validity; test reliability; DSM-III-R Checklist; community mental health; epidemiology; generalized anxiety; depression; developing countries; psychiatric assessment, 9433
test validity; test reliability; EQ-5D; health related quality of life; health state valuation, 27364
test validity; test reliability; psychometrics; Adolescent Clinical Sexual Behavior Inventory; high-risk adolescents, 30385
test validity; test reliability; psychometrics; personality disorders; Millon Clinical Multiaxial Inventory; Minnesota Multiphasic Personality Inventory, 24275

Test Validity—Serials

test validity; test reliability; Rating of Perceived Exertion scale; continuous incremental cycle ergometry, 33471
test validity; test reliability; School-Age Temperament Inventory; temperament; children; adolescents, 15049
time management skills; student learning; factorial structure; psychometric properties; predictive capacity; academic achievement, 24307
Timeline Follow-Back interview; self reported alcohol consumption; validity; time; response bias; cases vs community controls vs medical patients, 176
trade shows; marketing activity; scale reliability; factor structure; test validity; information gathering; relationship-building; image-building; motivation activities; exhibitors perceptions, 24083
translations; Alzheimer's Disease Assessment Scale; validation, 12510
traumatic brain injuries; The Awareness of Social Inference Test; social cues; emotion recognition; social behavior; conversational inference, 27339
traumatic brain injury; children's memory; memory functioning; test of memory; recall items; head trauma; Test of Memory and Learning, 9449
traumatic brain injury; support needs; Care and Needs Scale; test validity; test reliability; psychometrics, 30486
treatment effects; somatoform disorders; psychosomatic disorders; new scale; validity; reliability; Screening for Somatoform Symptoms-7, 3199
Turkish version; Auditory Consonant Trigram Test; working memory; test reliability; test validity; schizophrenia; normative data, 15059
Unconventional Political Action Scale; psychometric properties; Spain; construct validity; reliability, 9363
utility of Implicit Association Test; assessment of alcohol-related approach dispositions; individual differences; alcohol cue exposure; alcohol consumption; hazardous drinkers, 160
validation study; father-daughter relationship; Father-Daughter Relationship Inventory, 61
validity data; psychometric indices; child custody data, 18076
validity; Ages and Stages Questionnaires: Social Emotional; parent-completed screening test; early childhood; at risk populations; developmental disabilities; social emotional disability; gender; age, 9375
validity; cardiac monitor; heart rate variability; heart rate measurement; female pigs; 24-h Polar RR monitor; ECG; electrocardiogram, 12449
validity; outcome measure; field trial; Health of the Nation Outcome Scales for Children and Adolescents; psychiatric diagnoses, 12439
validity; rating scales; measurement; pain intensity; cerebral palsy; pain assessment; chronic pain, 21103
validity; reliability; sincerity test; dynamic trunk motions; effort sincerity; test-retest reliability; inter-rater reliability, 14995
validity; self report screening; women's health; elder abuse victimization; reliability; vulnerability; dependence; dejection; coercion, 21155
validity; Telephone Interview for Cognitive Status; post stroke patients; cognitive function; dementia, 12500
Veterans Affairs Low Vision Visual Functioning Questionnaire; questionnaire performance; visual difficulties; vision rehabilitation services; outcomes, 27285
Victoria Symptom Validity Test scores; profound memory impairment; nonlignants; neurological illness; dense anterograde amnesia; test sensitivity, 6327
Violence and Aggression in Health Care Questionnaire; home care workers; aggressive incidents; factor structure; negative psychological outcomes; internal consistency; convergent validity, 27308
visual attention; driving simulator; vehicle crashes; visual stimuli; driving skills; road safety; adult drivers; safe driving; driver safety, 14963
vocational interest; college students; gender differences; Hollands hexagon theory; Korean Strong Interest Inventory; test validity, 30515
Vulnerable Attachment Style Questionnaire; VASQ; adult attachment style; depression; test validity; test construction; insecurity; social support, 79
wechsler adult intelligence scale-third edition; classification rules; elderly patients; young adults; assessment, 6256
Wechsler Intelligence Scale for Children; WISC-III; cognitive strengths; cognitive weaknesses; test-retest; subtests; special education; students, 24197
Wide Range Achievement Test-3 Reading subtest; premorbid intelligence measures; traumatic brain injury, 30476
winter pattern seasonality; mood; Seasonal Pattern Assessment Questionnaire; test validity, 101
Wisconsin Card Sorting Test-64; WCST-64; traumatic brain injury; test validity, 15076
women; worries; pregnancy; gestational period; Cambridge Worry Scale; anxiety, 9361

Volume 91 SUBJECT INDEX

Test Validity—Serials

world health organization; WHODAS-II; disability; schizophrenia; positive and negative symptoms; depressive symptoms; cognitive functioning; quality of well-being; older patients, 25657

Young Adult Quality Of Life; test construction; test validity; physical health; psychological well-being; social relationships; role function; environmental context, 24292
youth tobacco access; assessment validity; standard compliance protocol; tobacco consumption; familiarity protocol, 10245

Test Validity—Books

What's wrong with the Rorschach?: Science confronts the controversial inkblot test, 15057

Test Validity—Chapters

Addressing validity concerns in clinical psychology research, 14966

The applicability of the Five-Factor model in a sub-Saharan country: The NEO-PI-R in Shona, 3181

Detecting malingering in civil forensic evaluations, 3221
Early detection of developmental language disorders, 3208
Personality and culture: The Portuguese case, 3177

Testes—Serials

emotional distress; quality of life; symptoms; testicular cancer patients; chemotherapy, 11206

Greek sculpture; testicle position; scrotal asymmetry, 34048

hypothalamus; testes; testosterone secretion; human chorionic gonadotropin; alcohol; leutinizing hormone; corticotropin-releasing factor; steroidogenic acute regulatory protein; rats; Leydig cells, 34178

sexual differentiation; testis determination; insulin receptors; tyrosine kinase family; mice; chromosomes, 6810

Testes Disorders [See Endocrine Sexual Disorders]

Testimony [Expert] [See Expert Testimony]

Testing [See Also Computer Assisted Testing, Content Analysis (Test), Difficulty Level (Test), Educational Measurement, Item Analysis (Test), Item Content (Test), Item Response Theory, Rating, Repeated Measures, Scaling (Testing), Scoring (Testing), Test Administration, Test Bias, Test Forms, Test Interpretation, Test Items, Test Reliability, Test Standardization, Test Validity]—Serials

accountability systems; educational systems; high-stakes testing; policy debates; educational profession; negative sentiments, 23755

bilingualism; age differences; inhibitory mechanisms; Stroop test, 21980

brief measures; brief intelligence testing; measurement instruments; short forms; quick tests, 21125

California Verbal Learning Test; confirmatory factor analysis; auditory attention; temporal lobe epilepsy; verbal learning; inaccurate recall, 9442

cellular immune response; zebra finches; phytohemagglutinin injection assay; immune assay failure, 3819

classical test theory; item response theory; item reliability; true test score; item total correlation; item true score; item response function; conditional independence; exchangeable measures, 6238

covariance structure; repeated measures data; test statistics, 18066

critical recollection tests; false recognition; pictures; words; distinctiveness heuristic; familiarity; criterion shift, 33855

day treatment programme; rheumatoid arthritis; client participation; rehabilitation process; outcome measure; Canadian Occupational Performance Measure; COPM, 15120

examiner positions; heterophoria; cover test; objective alternating cover test; test results, 21266

extended time; testing accommodation; students performance; disabilities, 17752

genes; mouse behavior; molecular pathways; cellular pathways; behavior testing, 21100

learning potential; action potential; learning process; motor learning; education; sports psychology; motor impairments; dynamic testing, 21320

moral reasoning processes; ethical decision-making; decision-making models; Janus-Headed Model; marketing; cost-based reasoning; benefit based reasoning, 2923

negative sentiments; critiques; high stakes student testing; education profession, 23775

negative sentiments; high stakes student testing; education profession; standardized testing, 23753

numerical response scales; measurement; regular exercisers; self-reported exercise frequency, 9454

olfactory identification; WAIS-R performance; deficit schizophrenia; nondeficit schizophrenia; University of Pennsylvania Smell Identification Test; schizophrenic patients, 24276

oral proficiency test; international teaching assistants; oral proficiency interview test; linguistic proficiency; teaching assistants; verbal behaviors, 14979

phallometric testing; sexual preference testing; deception avoidance; child molester, 31882

priming guesses; forced-recall test; implicit memory, 27540

psychologists; genetic testing; multidisciplinary approach; genetics; research team members; psychosocial issues; ethical issues; training; challenges, 12790

quality of life; hip fracture; health status measures; physical mobility; patients; functional status, 15085

reliability; validity; health-related quality of life; Multiple Sclerosis Quality of Life Inventory; multiple sclerosis; age differences, 9455

science literacy; translation procedure; Programme for International Student Assessment; PISA International Coordination Centre; reading literacy; mathematics literacy; instruction language, 21186

social phobia; cognitive behavioral therapy; sample characteristics; effect size; sample restriction; exclusion criteria, 26206

standardized tests; test consequence; test interpretation; test scores; college admissions tests; educational assessments, 21197

Stanford Time Perspective Inventory; psychometric properties; Italian version; factor analysis; internal consistency, 9370

stimulus equivalence; testing conditions; US geography relations; autism, 9042

teachers developing assessment for learning; testing as a policy tool; central reforms of instruction; impact on student achievement; mathematics testing; teaching to the test, 29975

teachers' task demands; students' test expectations; actual test content, 26918

test adaptation; test translation; educational tests; psychological tests; International Test Commission; ITC, 21087

test comparison; alcohol use test; Helsinki Alcohol Use Test questionnaire; Alcohol Use Disorders Identification Test; glutamyl transferase; carbohydrate-deficient transferrin; screening; workers, 24159

test development; testing; new instrument; concerns about dying; health care providers; psychometrics; dying; death, 30416

testing; assessment; counseling; Spanish-English bilingual Latinos, 18078

Toronto Alexithymia Scale; German version; confirmatory factor analyses; factor structure; models; test reliability, 6312

transfer appropriate monitoring; metamemory; judgments of learning; test conditions; processing similarity; cued recall vs recognition memory test, 437

verbal memory; older adults; repeat testing; age-related memory change; nondemented participants; age effects; sex effects; education effect; new learning; recall, 4178

Testing [See Also Computer Assisted Testing, Content Analysis (Test), Difficulty Level (Test), Educational Measurement, Item Analysis (Test), Item Content (Test), Item Response Theory, Rating, Repeated Measures, Scaling (Testing), Scoring (Testing), Test Administration, Test Bias, Test Forms, Test Interpretation, Test Items, Test Reliability, Test Standardization, Test Validity]—Chapters

Diagnostic efficiency of neuropsychological test scores for discriminating boys with and without attention deficit-hyperactivity disorder, 197

Testing [Job Applicants] [See Job Applicant Screening]

Testing Methods [See Also Adaptive Testing, Cloze Testing, Forced Choice (Testing Method), Multiple Choice (Testing Method), Q Sort Testing Technique, Scaling (Testing)]—Serials

computer; paper; assessment medium; children performance; mathematics; English children, 30034

confirmatory factor analysis; measurement equivalence/invariance; manifest indicators, 12538

fourth graders; reading performance; reading comprehension measures; word-level reading skills; oral language comprehension, 24311

intermanual differences; Rey Complex Figure Test copy task; nondominant hand performance; dominant hand impairment, 9443

mechanical allodynia; neuropathic pain; von Frey filaments; gait analysis; chronic constriction injury; withdrawal threshold; locomotor analysis; rat; paw, 14997

multiple measures; criterion-referenced tests; norm-referenced tests; external sources; school accountability; educational measurement, 226

nonpsychotic major depressive disorder; Sequenced Treatment Alternatives to Relieve Depression; nonpsychotic outpatients; feasibility trial; citalopram, 20410

Objective Structured Clinical Examination; OSCE; standards; surgical undergraduates; normative data; medical education; Angoff; Ebel; Hofstee methods, 18175

psychometric characteristics; classroom achievement tests; large-scale assessments; Direct Borderline standard-setting method; Nedelsky; Hofstee; Ebel; passing scores, 18177

standard score differences; computer-based test; relative standing; test preparation; educational measurement; medical students, 15102

true score examination; mixed-format examination; accuracy; achievement; Classical Test Score Theory; item response theory; Generalized Partial Credit Model; multiple choice; extended response, 15101

unilateral neglect; neglect-like symptoms; visuo-spatial neglect; clinical evaluation; stroke population; clinical signs; personal neglect; anosognosia; behavioural abnormalities, 14967

usability testing methods; assessment criteria; child characteristics; children, 14981

Testosterone—Serials

aggressive encounters; mice; testosterone, 21758

androgens; testosterone; hippocampus; cognitive performance; male rats; dihydrotestosterone; hydroxysteroid dehydrogenase; androstenediol, 30975

aromatase inhibition; testosterone; seizures; brain excitability; temporal lobe epilepsy; sexual dysfunction; letrozole, 22947

behavioral responses; hormonal responses; men; interactions; women; conversation; mating partners; salivary testosterone, 4377

cognitive processes; spatial ability; male testosterone; mental rotation; response time; college-age men; error rate, 18331

dominance; aggression; testosterone; male chimpanzees; reproductive contexts, 15410

dopamine; medial preoptic area; copulation; testosterone; dihydrotestosterone; estrogen; microdialysis; HPLC-EC; male rats, 6729

female canaries; egg testosterone concentration; exposure to male song; female reproduction; birdsong repertoire; reproductive investment, 15396

fetal testosterone; fetal estradiol; sexual dimorphism; digit length; amniotic fluid, 31114

genomic effects; nongenomic effects; intrahippocampal microinjection; androgens; testosterone; long-term memory; intracellular receptors; neuronal excitability; male adult rats, 30992

gonadal hormones; masculinize; defeminization; neural circuits; reproductive behaviors; puberty; male Syrian hamster; testosterone; estrogen; progesterone, 21771

hypothalamus; testes; testosterone secretion; human chorionic gonadotropin; alcohol; leutinizing hormone; corticotropin-releasing factor; steroidogenic acute regulatory protein; rats; Leydig cells, 34178

interferon- γ ; IFN- γ ; interferon production; rabbits; behavioral correlates; endocrine correlates; exogenous testosterone; peripheral blood mononuclear cells; season; social rank; plasma corticosterone, 21765

masculine sexual behavior; corticosterone; testosterone; acute stress; chronic stress; male rats, 3530

modulatory role; testosterone; alarm pheromone; male rats; evoked behavioral responses; behavioral changes; body temperature, 21861

neonatal testosterone treatment; pacing behavior; conditioned place preference; female rats; mating behavior, 3900

neural aromatization; spatial memory acquisition; songbird hippocampus; neuron size; cell density; estradiol; testosterone; dihydrotestosterone; male zebra finches, 21653

neuropsychology; androgens; testosterone; insulin-like growth factor; cognitive functions; healthy older men, 7164

nociceptive threshold; bradykinin hyperalgesia; female rats; male rats; subdiaphragmatic vagotomy; testosterone replacement; hormone replacement; sexual dimorphism; sexual maturation; gonadal hormone, 15523

opposing hormonal mechanisms; territorial aggression; testosterone manipulation; multiple winning experiences, 21915

plasma testosterone levels; Alzheimers disease; Parkinsons disease; cognitive function; aging, 29162

plasma testosterone; corticosterone levels; simulated territorial challenge; male great tits; hormones; animal behavior; egg-laying; incubation; nestling; animal breeding, 27681

prenatal exposure; testosterone; functional cerebral lateralization; sex hormones; intrauterine position; sex differences; lateral dominance, 27869

red-eyed vireos; paternal care; testosterone; prolactin; parental care; vireos; Vireo solitarius; Vireo olivaceus, 6747

relative digit lengths; ratio 2nd 4th digits; serum testosterone; Guinea baboons; prenatal exposure; gonadal hormones; sex differences, 21769

reproductive patterns; testosterone levels; pygmy lorises; gonadal activity; mating behavior; estrogen; social compatibility; estrus; mating season, 6701

salivary testosterone; biomarkers; gender differences; serum-saliva association; pubertal development; individual differences; biosocial research, 34153

Volume 91 SUBJECT INDEX

Testosterone—Serials

second to fourth digit ratio; androgen receptor gene; prenatal sex steroids; sex differences; sexual dimorphism; sensitivity to testosterone; triplets; androgen receptor alleles, 3566

serum testosterone levels; comorbid depression; major depressive episode; chronic schizophrenic patients; antipsychotic medications; inpatients, 11507

skin pigment; male selection; photoprotection; prenatal testosterone; prenatal oestrogen; skin colour; sunburn; skin diseases, 15177

spatial knowledge; spatial problems; mental rotation; spatial ability; environmental pointing accuracy; navigation; testosterone; cognitive maps, 17937

steroid-dependent auditory plasticity; reproductive cycling; auditory sensitivity; plainfin midshipman; testosterone; estradiol; acoustic communication, 30937

stress exposure; neuroendocrine activity; testosterone; salivary cortisol; cortisol activity; blood pressure, 9944

syngenic denervation; zebra finches; song; testosterone; Flutamide; plasticity; zebra finch; HVC; birds; animal vocalizations, 6751

territorial aggression; plasma testosterone; brain aromatase activity; free-living pied flycatchers; reproductive season, 21798

territoriality; testosterone levels; sparrows; aggressive behavior; breeding season; animal mating behavior, 18507

testosterone levels; natural written language; testosterone therapy; social connections; text analysis; male; female-to-male transgendered individual; social inhibition, 14051

testosterone metabolism; hippocampus; anti-anxiety effects; rats, 30974

testosterone propionate; facial motoneurons; temporal effects window; facial paralysis; facial nerve injury; hamster facial nerve; nerve regeneration; neurotherapeutic action, 27945

testosterone replacement therapy; testosterone levels; andropause; sexual disorders; aging males, 1952

testosterone-dependent antidepressant-like effect; animal model; noradrenergic; antidepressant drugs; forced swimming test, 34168

testosterone-replacement therapy risk; monitoring therapy; hypogonadism; diminished libido; vitality; erectile dysfunction; muscle mass reduction; bone density; depression; anemia, 14180

testosterone; antisocial behavior; social dominance; pubertal development; biosocial interaction; adolescent males, 19629

testosterone; cortisol; rowing ergometer competition; individual differences; gender differences; hormone behavior relationships, 34124

testosterone; depression; cognitive ability; older men; cognitive loss; sex hormones; behavior, 23388

testosterone; estradiol; cognitive function; verbal recall; information processing; elderly; hormone replacement therapy, 9940

testosterone; intravenous self-administration; intracerebroventricular self-administration; male rats; hamsters; adult rats; jugular cannula, 15824

testosterone; neuromuscular system development; animal courtship; animal copulation; dewlap; hemipenes; masculinization; green anole lizards, 27916

testosterone; punishment sensitivity; reward dependency; violent; antisocial behavior; psychopathy; women; motivational imbalance; decision making, 27950

urinary odors; superior cervical ganglionectomy; olfactory epithelium; sex steroids; habituation task; testosterone; gonadectomized mice, 609

visuospatial ability; testosterone administration; females, 24775

Tests [See Measurement]

Tests (Achievement) [See Achievement Measures]

Tests (Aptitude) [See Aptitude Measures]

Tests (Intelligence) [See Intelligence Measures]

Tests (Personality) [See Personality Measures]

Tests (Statistical) [See Statistical Tests]

Tetrazepam—Serials

tetrazepam; reserpine; toxic effects; methyl-phenylpyridinium; hydroxydopamine; nigro-striatal dopaminergic neurons; mice; vesicular sequestration, 7165

Tetrachoric Correlation—Serials

Monte Carlo simulations; tetrachoric correlation coefficient; bias; standard error; dichotomized scores; raw scores, 6436

Tetrahydrocannabinol—Serials

analgesic effect; tetrahydrocannabinol; morphine; tetrahydrocannabinol morphine combination; pain, 7238

anandamide; head twitch response; mice; tetrahydrocannabinol, 15743

cannabinoid antagonist; SR 141716A; rhesus monkeys; tetrahydrocannabinol; cocaine; ketamine; THC, 754

cannabinoid receptor agonist; neurodegenerative disorders; neuroprotection; intrastriatal injection; Huntington disease; malonate induced striatal lesions; tetrahydrocannabinol; rat models, 15765

cannabinoid receptors; tetrahydrocannabinol therapy; radiation dose; Tourette syndrome, 23343

cannabis extracts; nocturnal sleep; early morning performance; memory; sleepiness; tetrahydrocannabinol, 24836

CB1 cannabinoid receptors; endocytic mechanism, 7212

delta 9 tetrahydrocannabinol; oral morphine; morphine tolerance; naloxone; drug withdrawal; mice, 3883

discriminative stimulus effects; tetrahydrocannabinol; THC; O-1812; anandamide; rats, 31014

drug dosages; food consumption; neurotransmitter levels; weight loss; tetrahydrocannabinol; cognitive function; mice, 27851

intrinsic activity estimation; cannabinoid CB1 receptor ligands; CP 55,940; delta9-tetrahydrocannabinol; THC; rats; drug discrimination, 711

kinases; antinociception; delta 9-tetrahydrocannabinol; rats; mice; KT5,720; bisindolylmaleimide; KT5,823; low molecular weight heparin; beta-ARK inhibitor; LY294,002; PPI; dynorphins; cAMP; tolerance, 3928

marijuana abuse; neurotransmission; frontal cortex; visuospatial attention; attentional impairment; executive function; THC administration; serial reaction time; rats; divided attention, 18811

marijuana withdrawal; marijuana abstinence; tetrahydrocannabinol; diurnalproex; craving; symptoms, 11912

multiple sclerosis; neurological processes; traumatic brain injury; therapeutic potential; Cannabinoid ligands; spinal cord injury; cannabis smoking; sedation; tremor alleviation; pain; CNS disorders, 11237

opioid antagonists; naltrexone; reinforcing effects; delta-tetrahydrocannabinol; squirrel monkeys, 27904

psychotomimetic effects; cannabinoid compounds; psychosis; tetrahydrocannabinol; behavioral effects; cognitive effects; endocrine effects; cannabis use, 31442

tetrahydrocannabinol effects; behavioral effects; physiological effects; drug administration; cerebral metabolic effects, 10059

tetrahydrocannabinol; heroin taking; rats; cannabis, 27943

tetrahydrocannabinol; opioid receptor; brain regions, 21820

Text Structure—Serials

Aboriginal English teen talk; texts; like; pragmatic marker, 18874

age differences; text topology; hypertext perusal performance; navigation; hypertext browsing, 7312

appropriate connectives; text length; text position; expository text; causal bridging inferences; adults, 389

character description consistency; character description inconsistency; characteristic coherence; global coherence; reading time; memory; target action sentences; college students, 9697

character description consistency; character description inconsistency; characteristic coherence; global coherence; reading time; memory; target action sentences; college students, 9672

Coh-Metrix; text analysis; cohesion; language; readability; discourse processing; computational linguistics, 31067

communicational texts; genre theory; social psychology; economic conditions; rhetoric, 28400

computer text type; recall; working memory capacity; traditional text; hypertext; reading time, 3392

computerized task conditions; second language learning; foreign language development; adult learners; explicitness, 33136

contextual learning; theoretical knowledge; inserted question; scientific text; vocational students, 14649

criticism; psychological interpretation; Shakespeare; Locke; As You Like It, 31047

development of main idea comprehension; narratives; goal structure; elementary school students; high school students, 2797

discourse structure; global revision; university students' writing; episode analysis; computer-generated notation; computer medium; text production, 7321

document design; costs; metamorphical cost; real costs; internal communication; organizational culture, 20946

idioms; texts; multi-word units; figuratives; learning, 27993

Information Mapping; structured writing; text structure; experienced writer; original text; Dutch company; subject variables; reader performance; reader judgement, 18848

interactive dimensions; individual dimensions; spatial dimension; time dimension; characters; mental models construction; text memory; narrative, 30736

kernel methods; relation extraction; unstructured language; natural language sources; text representations; kernel computation; algorithms, 14876
